HOUSE JOURNAL No. 1

Wednesday, December 2, 1998

On the first Wednesday in December in the year of our Lord, one thousand nine hundred and ninety-eight, it being the day designated by the Constitution for assembling, the one hundred and fifty-sixth General Court of the State of New Hampshire convened at the Capitol in the City of Concord. The representatives-elect were called to order by Karen O. Wadsworth, Clerk of the House for the preceding session.

Prayer was offered by House Chaplain, Reverend Edward G. Horstmann.

O God of peace and compassion, make us hungry for Your wisdom and thirsty for Your justice. Help us to treasure the preciousness of new beginnings and to remain faithful to the stirrings of Your spirit. When we grow complacent or discouraged give us the energy of Your hope so that all of us may work in harmony for the well-being of our common home: the land and people of New Hampshire. Amen.

Rep.-elect Densmore led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps.-elect Carlson, Gene Marshall, Mikowski, Searles and Whittemore, the day illness.

Reps.-elect Haley and Lefebvre, the day, important business.

Rep.-elect Wiggins, the day, death in the family.

CALL OF THE ROLL

OATH OF OFFICE

The Governor, Jeanne Shaheen, having been informed that a quorum of the House was assembled, appeared, accompanied by the Honorable Councilors Raymond S. Burton, Peter J. Spaulding, Ruth L. Griffin, James A. Normand and Bernard Streeter, Jr. The members-elect, having presented their credentials, were duly qualified by the Governor as members of the House of Representatives by taking and subscribing the oath of office agreeable to the provisions of the Constitution of the State of New Hampshire.

The Governor and Executive Councilors retired.

ELECTION OF HOUSE SPEAKER

Reps. Burling, Scanlan, Sytek and Weyler moved that the rules of the 1998 House of Representatives, in conjunction with the proposed ground rules, shall be the rules of the elections by the House and the Joint Convention.

Adopted.

The Chair declared that nominations for Speaker were in order.

Rep. Buckley placed the name of Rep. Burling in nomination for Speaker. Rep. Copenhagen seconded the nomination.

Rep. Hager placed the name of Rep. Scanlan in nomination for Speaker. Rep. Franks seconded the nomination.

Rep. Jacobson placed the name of Rep. Sytek in nomination for Speaker. Reps. Patten and Whalley seconded the nomination.

Rep. McRae placed the name of Rep. Weyler in nomination for Speaker. Reps. Donald White and Christiansen seconded the nomination.

There being no further nominations, the Chair declared nominations closed.

After the nominations were closed, the Chair, at the request of the candidates, named Reps. Wallin and Vaillancourt as tellers for Rep. Burling; Reps. Keans and David Hall as tellers for Rep. Scanlan; Reps. Kurk and Clegg for Rep. Sytek and Reps. Alger and Milligan for Rep. Weyler to tally the vote.

RECESS

(Clerk in the Chair)

FIRST BALLOT

Of the 386 votes cast, 194 votes were needed for election. Rep. Burling received 153 votes, Rep. Scanlan received 18 votes, Rep. Sytek received 184 votes, Rep. Weyler received 30 votes. One ballot was cast for a non-candidate. No candidate was elected on the first ballot.

RECESS

(Clerk in the Chair)

No candidate having withdrawn, Rep. Burling spoke in favor of his nomination, Rep. Scanlan spoke in favor of his nomination, Reps. Chandler and Bradley spoke in favor of Rep. Sytek's nomination and Rep. Weyler spoke in favor of his nomination.

The Chair called for the second ballot.

After the balloting was closed, the Chair called for the appointed tellers to tally the votes.

RECESS

(Clerk in the Chair)

SECOND BALLOT

Of the 381 votes cast, 191 votes were needed for election. Rep. Burling received 149 votes, Rep. Scanlan received 23 votes, Rep. Sytek received 180 votes and Rep. Weyler received 29 votes. No candidate was elected on the second ballot.

MOTION TO SUSPEND RULES

Rep. Jacobson moved that the 15-minute recess rule be suspended and spoke in favor.
Rep. Dickinson spoke against.
The motion failed.

RECESS

(Clerk in the Chair)

No candidate having withdrawn, Rep. Scanlan spoke in favor of his nomination, Rep. Sytek spoke in favor of her nomination and Rep. Weyler spoke in favor of his nomination.
The Chair called for the third ballot.
After the balloting was closed, the Chair called for the appointed tellers to tally the votes.

RECESS

(Clerk in the Chair)

THIRD BALLOT

Of the 377 votes cast, 189 votes were needed for election, Rep. Burling received 148 votes, Rep. Scanlan received 26 votes, Rep. Sytek received 176 votes and Rep. Weyler received 27 votes. No candidate was elected on the third ballot.

RECESS

(Clerk in the Chair)

Rep. Weyler withdrew his name from nomination. Rep. Scanlan withdrew his name from nomination.
The Chair called for the fourth ballot.
After the balloting was closed, the Chair called for the appointed tellers for Reps. Burling and Sytek to tally the votes.

RECESS

(Clerk in the Chair)

FOURTH BALLOT

Of the 363 ballots cast, 178 votes were needed for election. Rep. Burling received 148 votes and Rep. Sytek received 200 votes. There were 6 ballots cast for non-candidates. The Chair declared Rep. Sytek duly elected Speaker of the House.
Rep. Burling moved that the vote for Rep. Sytek be made unanimous and spoke to his motion.
Adopted.
The Sergeant-at-Arms escorted Speaker Sytek, Mr. John Sytek and Mary Sytek to the rostrum.
The Speaker briefly addressed the House.

(Speaker Sytek in the Chair)

Without objection, the Speaker called for the Joint Convention prior to the election of House Officers.

RESOLUTION

Reps. Lozeau and Burling offered the following:

RESOLVED, that the House inform the Honorable Senate it has organized and is ready to meet with the Senate in Joint Convention for the purpose of electing a Secretary of State and a State Treasurer.
Adopted.

SENATE MESSAGES

The Senate has met and organized and has elected as its officers: Sen. Clesson J. Blaisdell, President; Gloria Randlett, Clerk; Tammy Wright, Assistant Clerk; Henry Wilson, Sergeant-at-Arms and Emile Martineau, Doorkeeper.

The Senate is ready to meet with the House of Representatives for the purpose of electing the Secretary of State and the State Treasurer.

JOINT CONVENTION

(Speaker Sytek presiding)

The Speaker called the joint convention to order.

The Chair declared nominations were in order for Secretary of State.

Sens. Blaisdell and D'Allesandro placed the name of William M. Gardner in nomination for Secretary of State. Rep. Flanagan seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for Mr. Gardner.

The Chair declared Mr. Gardner duly elected Secretary of State.

The Chair declared nominations were in order for State Treasurer.

Rep. Torr placed the name of Georgie A. Thomas in nomination for State Treasurer. Sen. Gordon seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for Ms. Thomas.

The Chair declared Ms. Thomas duly elected State Treasurer.

The Sergeant-at-Arms escorted Mr. Gardner and Ms. Thomas to the rostrum.

The Chair administered the oath of office to Mr. Gardner and Ms. Thomas.

Ms. Thomas and Mr. Gardner addressed the Joint Convention.

Sen. Larson and Rep. Chandler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

APPOINTMENTS

The Speaker made the following appointments.

Majority Leader, Rep. Gene G. Chandler.

Democratic Leader, Rep. Peter Hoe Burling.

ELECTION OF HOUSE OFFICERS

The Speaker declared nominations were in order for Clerk, Assistant Clerk and Sergeant-at-arms.

Rep. Welch placed in nomination the name of Karen O. Wadsworth for Clerk.

Rep. Linda Foster seconded the nomination.

There being no further nominations, the chair declared nominations closed and instructed the Clerk to cast one ballot for Karen O. Wadsworth and declared Karen O. Wadsworth elected Clerk.

Rep. Stone placed in nomination the name of Leo J. Callahan for Assistant Clerk.

Rep. Copenhaver seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for Leo J. Callahan and declared Leo J. Callahan elected Assistant Clerk.

Rep. Bradley placed in nomination the name of Rob Johnson for Sergeant-at-Arms.

Rep. Carol Moore seconded the nomination.

There being no further nominations, the Chair declared nominations closed and instructed the Clerk to cast one ballot for Rob Johnson and declared Rob Johnson elected Sergeant-at-Arms.

The Speaker administered the oath of office to Ms. Wadsworth, Mr. Callahan and Mr. Johnson.

Reps. Chandler and Burling offered the following:

HOUSE RESOLUTION NO. 1

RESOLVED, that the House adopt the rules of the 1998 legislative session and that house rules may be amended by a majority vote of the house on or before January 28, 1999.

Adopted.

Reps. Chandler and Burling offered an amendment to House Resolution No. 1.

Amendment (0001h)

Amend Rule 64 to read as follows:

64 – Legislative action in the first-year session shall be subject to the following deadlines:
December 15, 1998, Tuesday. Last day for all members to file LSR's, with complete information.
January 11, 1999, Monday. Last day for sign-off of all Claremont-related bills.
January 25, 1999, Monday. Last day for sign-off of all non-Claremont-related bills.
January 28, 1999, Thursday. Last day to amend house rules by majority vote.
Adopted.

Reps. Bradley and Burling offered the following:

HOUSE RESOLUTION NO. 2

RESOLVED, that the speaker appoint a committee of 3 to assign seats to members.

Adopted.

The Speaker appointed Reps. Lozeau, Chandler and Carol Moore.

Reps. Daniels and Burling offered the following:

HOUSE RESOLUTION NO. 3

RESOLVED, that the speaker appoint a committee of 3 to select a suitable person to serve as chaplain during the 1999 session of the legislature and to report such selection to the house for consideration.

Adopted.

The Speaker appointed Reps. Jacobson, Goulet and Naida Kaen.

Reps. Welch and Burling offered the following:

HOUSE RESOLUTION NO. 4

RESOLVED, that action taken at all sessions of the house of representatives be recorded on tapes through the public address system, and that the tapes be used by the clerk to confirm and correct the permanent journal. The permanent journal as prepared by the clerk and as may be corrected by the house shall be the official record of the house.

Adopted.

Reps. Lozeau and Burling offered the following:

HOUSE RESOLUTION NO. 5

RESOLVED, That the speaker be authorized to employ such personnel as she deems necessary; and that the compensation of such personnel be fixed by the speaker, with the approval of the house subcommittee of the committee on legislative facilities, in accordance with RSA 17-E:5.

Adopted.

Reps. Arndt and Burling offered the following:

HOUSE RESOLUTION NO. 6

RESOLVED, that the following policy be established for the distribution of house calendars and journals, bills, and resolutions to the general public, not to include members of the general court and state departments:

1. Every person is entitled, free of charge, to one copy of any publication at the legislative counter, or to have the publication mailed to that person upon individual request for one such copy.
2. Persons requesting copies of all publications for the entire session will be charged a fee sufficient to cover postage, envelopes, and handling. Such fees may be prorated when service is received for portions of the session only. All fees are payable in advance. The subscriber list may be submitted for legislative accounting and auditing purposes, but is not for publication or sale.
3. All fees charged for publications in accordance with this resolution shall be fixed with the approval of the speaker, paid into the state treasury, and credited to the legislative appropriation.

Adopted.

Reps. Arnold and Burling offered the following:

HOUSE RESOLUTION NO. 7

RESOLVED, that members will be paid their legislative salaries, as provided in the constitution, in the month of January 1999; and

That mileage of members of the house be paid every 2 weeks during the session.
Adopted.

Reps. Guay and Burling offered the following:

HOUSE RESOLUTION NO. 8

RESOLVED, that the speaker, after consultation with the minority leader, may cancel a scheduled meeting of the house in the event of severe weather or any other circumstance which would make it inadvisable, in the speaker's opinion, for members to come to Concord for the session, provided the speaker makes notification of such cancellation; and

That any member who travels to Concord, or who is already in Concord on legislative business, on any day that a meeting of the house is cancelled under the authority of this resolution, shall be entitled to legislative mileage for such attendance on legislative business.

Adopted.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Concurrent Resolution numbered 1 shall be by this resolution read a first and second time by the therein listed title.

Adopted.

INTRODUCTION OF SCR**First and second reading**

SCR 1, urging the supreme court to issue a prompt ruling on certain specific issues transferred to the court by the public utilities commission on February 20, 1998. (Below, Dist. 5; Frederick King, Dist. 1; Cohen, Dist 24; Johnson, Dist 3; Bradley, Carr 8; Chandler, Carr 1; Burling, Sull 1)

SUSPENSION OF RULES

Without objection, the Speaker suspended the rules to permit consideration at the present time of SCR 1.

CONSIDERATION OF SCR

SCR 1, urging the supreme court to issue a prompt ruling on certain specific issues transferred to the court by the public utilities commission on February 20, 1998.

Rep. Bradley spoke in favor.

Adopted.

Ordered to third reading.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, January 6, 1999 at 1:00 p.m.

Adopted.

LATE SESSION**Third reading and final passage**

HR 1, relative to adopting the rules of the 1998 session.

HR 2, relative to seat assignments.

HR 3, relative to selecting a House Chaplain.

HR 4, relative to recording House sessions and the permanent journal.

HR 5, relative to the Speaker employing personnel per RSA 17-E:5.

HR 6, relative to the distribution of House publications.

HR 7, relative to legislative salary and mileage payments.

HR 8, relative to canceling scheduled meetings of the House during severe weather and other circumstances.

SCR 1, urging the supreme court to issue a prompt ruling on certain specific issues transferred to the court by the public utilities commission on February 20, 1998.

RECESS MOTION

Rep. Chandler moved that the House stand in recess.

Adopted.

The House recessed at 8:30 p.m.

RECESS

(Speaker Sytek in the Chair)

The Speaker made the following appointments:

Deputy Speaker, Donnalee Lozeau.

Deputy Majority Leader, Warren C. Henderson.

Majority Whip, Michael D. Whalley.

RECESS

(Speaker Sytek in the Chair)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 2

Wednesday, January 6, 1999

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Daniel B. Randall from the Congregational Church in Lee, New Hampshire.

Holy One, who is untamed by any name we give You, as we gather at the beginning of this new year, lead these elected officials in the broad way of trust; enable them to act justly on behalf of the people of this great state, whom they serve. Deepen their commitment to collaboration, that together they may tear down the stone wall of partisanship. Empower them to be bold participants in the drama of those challenging issues before them, to exercise the authority of integrity and honesty, and by Your grace, may they find the treasures of joy, of friendship and of peace hidden in the fields of possibilities You have given them to plow. Amen.

Rep. Glines led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Dunham, Patricia Cote, Hansen, Flanagan, McGuirk, Rubin and Zerba, the day, illness.

Reps. Flint, Priestley and Carol Williams, the day, important business.

Rep. Nancy Johnson, the day, death in the family.

INTRODUCTION OF GUESTS

Purr and Edith Whalley, wife and mother of Rep. Whalley. Liane Faith and Joseph Heffernan, guests of Rep. Sapareto.

COMMUNICATIONS

December 8, 1998

William M. Gardner, Secretary of State:

Donna Sytek, Speaker of the House:

It is with heavy heart that I must announce that I will not be taking the position of State Representative for Carroll County District 2, the towns of Conway and Hales Location.

I have moved from my district and taken a new position that will not allow me to continue serving the New Hampshire General Court as a member.

As we discussed, I will be sending notification to my Selectmen in Conway so they can make the arrangements for a special election.

It has been a tremendous honor and privilege working with you, the members and staff.

Kipp A Cooper, Carr. 2

December 16, 1998

Karen Wadsworth, Clerk of the House

This is to advise you that the following representatives-elect were sworn into office by the Governor and Executive Council on this day:

Plurality for Streeter, Jr.	<u>11,977</u>

RESOLUTION

Rep. Burling and Sen. Johnson offered the following:

RESOLVED, that the vote for Governor and Council be referred to a committee consisting of two on the part of the Senate and three on the part of the House to compare and count the same and report thereon.

Adopted.

The Chair appointed Reps. LaMott, Copenhaver and Flanagan and Sens. Roberge and John King.

Sen. Larsen and Rep. Chandler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

RECESS**(Speaker Sytek in the Chair)****REMARKS**

Speaker Sytek addressed the House.

Rep. Daniels moved that the remarks made by the Speaker be printed in the Journal.

Adopted.

It is always good to start the new year by clearing away unfinished business. Those of you who were here on the evening of my election as Speaker might remember that I owe you an acceptance speech. Well, I do proudly accept the honor of being your presiding officer for this historic session of the Legislature. It is a privilege to work with you to do the business of the people of New Hampshire.

This session we will likely deliberate hundreds of bills, as we usually do. But this year, one issue overshadows all the rest. The number-one item on our agenda will be to respond to the Claremont II decision.

We must resolve today to build the consensus that will be necessary to meet the April 1 deadline. We had a successful Claremont forum in December, and another is planned for next week. We will use every tool at our disposal to see that each member is informed and involved in the process of responding to the court decision. I am committed to full consideration of everyone's ideas and a process to allow that to happen most expeditiously.

The chairman of the Finance Committee, Neal Kurk, has already named a special Claremont division of his newly enlarged committee. They will be starting hearings the week of January 18. We have informally agreed that the House will act on the key Claremont proposals by February 18 in order to give our colleagues in the Senate time to act. This is an ambitious schedule, I know, but these are no ordinary times.

The manner in which we work together will influence much of what we are able to accomplish. I'm asking each of you to resolve always to act in a manner that shows respect for this House. I assure you that as long as I am in the chair, I will insist that civility and courtesy characterize all our proceedings. Parliamentary procedure and legislative etiquette are the tools we use so we can disagree, regroup, and come together to govern again. Every member has a right to be heard without

distracting behavior or personal criticisms from colleagues. We have times ahead that may try our patience. Respect for one another and for the importance of our work should guide our behavior. Let's make New Hampshire proud of us.

While we wrestle with the education funding issue, we must be careful not to neglect our other duties. People count on us to act not only on the big issues that grab the headlines, but also on the lesser-known issues that are simply good government. Every one of our 18 committees will be working on matters that are important to someone. Whether it is HMO's, juvenile justice, judicial reform or sludge, every idea deserves our best effort. Every voice needs to be heard.

Today, we begin in earnest the job of shepherding New Hampshire into the 21st century. I urge you to pause every now and then from the deliberations of the day and take in the great history which surrounds us here in the House. Think of the great leaders who walked these aisles, who spoke with passion and conviction from the well, who wielded the gavel. They were the men and women who shaped our state in generations past. It is now our turn to take over the stewardship of our state. It is our turn to determine the legacy we will leave our children and grandchildren. The voters who sent us here have told us that we are worthy of the task. We must prove them right. Together, I know that we can.

Now, let's get down to the business of the people of New Hampshire.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 100, shall be by this resolution read a first and second time by the therein listed title.

Adopted.

INTRODUCTION OF HOUSE BILL

First and second reading

HB 100-FN-L, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education. (Chandler, Carr 1; Kurk, Hills 5; Burling, Sull 1; Torr, Straf 12; Knowles, Straf 11; A. Pelletier, Straf 12; Blaisdell, Dist 10; F. King, Dist 1; Johnson, Dist 3; Larsen, Dist 15; Hollingworth, Dist 23)

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the rules be so far suspended as to permit consideration at the present time of **HB 100-FN-L**, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education, without the required referral to committee, proper hearing and notice.

Adopted by the necessary two-thirds.

CONSIDERATION OF HB 100

HB 100-FN-L, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education.

Rep. Chandler moved Ought to Pass and spoke in favor.

Rep. Karen Hutchinson spoke against.

Reps. Kurk, Jacobson and Burling spoke in favor.

Adopted.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the rules be so far suspended as to permit third reading and final passage at the present time of **HB 100-FN-L**, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education.

Adopted by the necessary two-thirds.

MOTION ON HOUSE BILL 100

Rep. Chandler moved that **HB 100-FN-L**, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education, be read a third time and passed.

Adopted.

Third reading and final passage

HB 100-FN-L, adopting certain interim provisions as a result of the Claremont decision to enable municipalities to continue to fund education.

AMENDMENT TO HOUSE RULES

Rep. Lozeau moved that House Rules be amended as offered by the Rules Committee.

Amendment (0006h)

Amend Rule 30 by replacing it with the following:

30. The following standing policy committees shall be appointed at the commencement of any session and will consist of not more than 22 members, except the Committee on Finance will consist of not more than 29 members: Children and Family Law; Commerce; Criminal Justice and Public Safety; Education; Election Law; Environment and Agriculture; Executive Departments and Administration; Finance; Health, Human Services and Elderly Affairs; Judiciary; Labor, Industrial and Rehabilitative Services; Legislative Administration; Municipal and County Government; Public Works and Highways; Resources, Recreation and Development; Rules; Science, Technology and Energy; State-Federal Relations and Veterans Affairs; Transportation; and Wildlife and Marine Resources.

(a) It shall be the duty of the Committee on Children and Family Law to consider matters relating to children and youth, their rights, obligations, and protection, including all matters covered by RSA 169-B, 169-C, and 169-D, divorce, custody and child support; and such other matters as may be referred to it.

(b) It shall be the duty of the Committee on Commerce to consider all matters pertaining to commerce, banks and banking institutions; insurance companies and contracts or insurance of any character; the needs of the business community; all matters relating to consumer affairs and the economic conditions of commerce and industry; all matters relating to the economic development of the state, and such other matters as may be referred to it.

(c) It shall be the duty of the Committee on Criminal Justice and Public Safety to consider all matters relating to criminal justice, the Department of Corrections, sentencing, drug enforcement, bail, probation, parole, corrections facilities, DWI, domestic violence, firearms, fireworks, police and fire training, victims' assistance and such other matters as may be referred to it.

(d) It shall be the duty of the Committee on Education to consider subjects relating to the regulation of school districts and schools; the postsecondary college system; the University System of New Hampshire; matters concerning education; and such other matters as may be referred to it.

(e) It shall be the duty of the Committee on Election Law to consider all matters relating to the election laws of the state, including campaign finance, the Ballot Law Commission, and redistricting, and such other matters as may be referred to it.

(f) It shall be the duty of the Committee on Environment and Agriculture to consider all matters concerning agricultural and farm problems of the state, physical land use including current use, the various agricultural organizations, the protection of the state's environment from forms of pollution other than air or water pollution, waste management issues, and such other matters as may be referred to it.

(g) It shall be the duty of the Committee on Executive Departments and Administration to consider matters pertaining to the general administration of state laws and changes therein; matters of policy pertaining to the executive departments; matters relating to the New Hampshire Retirement System; professional licensing; and such other matters as may be referred to it.

(h) It shall be the duty of the Committee on Finance to examine and consider the state of the treasury; to consider the budget, subjects concerning the financial interest of the state, all measures carrying appropriations of state money, except claims against the state; all bills and resolutions relating to raising money by a state tax and the apportionment of same and all other methods for raising revenue for the state, and such other matters as may be referred to it. Prior to the report of the Finance Committee to the House, the Speaker may refer the budget of certain self-sustaining state agencies to appropriate committees for study and recommendation. The Committee on Finance shall report to the house in the form of a resolution its estimates of state revenues on a periodic basis.

(i) It shall be the duty of the Committee on Health, Human Services and Elderly Affairs to consider all matters concerning the health of the inhabitants of the state; vital statistics; medical and related professions; the administration of welfare activities by the state government; matters relating to the special needs of our elderly citizens and such other matters as may be referred to it.

(j) It shall be the duty of the Committee on Judiciary to consider all matters relating to the judicial system, right-to-know law, guardianships, life and death (such as abortion or assisted death), landlord/tenant rights, civil proceedings, tort law, forfeiture, immunity, and probate; and such other matters as may be referred to it.

(k) It shall be the duty of the Committee on Labor, Industrial and Rehabilitative Services to consider all matters relating to labor, wages, and workers' compensation including unemployment compensation and incentive programs, collective bargaining and binding arbitration; matters relating to job retraining and employee rehabilitative services and other matters relating to balancing the rights of employees to the needs of the industrial sector; and such other matters as may be referred to it.

(l) It shall be the duty of the Committee on Legislative Administration to consider all matters pertaining to the legislative process including mileage, elections, the journal, house resolutions and screening; enrolling bills; and such other matters relating to legislative administration as may be referred to the committee. Any matter referred by the chairman to any subcommittee may be reported by that subcommittee directly to the House unless otherwise ordered by the chairman.

(1) It shall be the duty of the Subcommittee on Elections to examine and report on the credentials of the members elected to serve in the House and to consider all petitions and other matters in relation to such elections or returns as shall be presented or come into question and may be referred to it.

(2) It shall be the duty of the Subcommittee on Mileage to determine the distance traveled by each member of the House and report to the House the names of the several members and the mileage allowed to each.

(3) It shall be the duty of the Subcommittee on Enrolled Bills to carefully examine each bill, enroll it, and report it, on behalf of the committee, to the body. If the examination of a bill shall disclose any clerical error or formal imperfection, it shall be reported back to the body with such amendments as are required to correct the same; and any measures so reported shall be subjected to amendment in those particulars and in no other respect.

(m) It shall be the duty of the Committee on Municipal and County Government to consider all matters pertaining to the salaries of town, city and county officers; changes in municipal and county government; the boundary lines of towns, cities and counties; the creation of new towns, cities and counties; local revenue, including fees, property taxes and exemptions; and such other matters as may be referred to it.

(n) It shall be the duty of the Committee on Public Works and Highways to consider all matters pertaining to public highways, buildings and capital construction; the capital budget; matters pertaining to the protection, improvement and preservation of the coastline; the care of state memorials and monuments; and such other matters as may be referred to it.

(o) It shall be the duty of the Committee on Resources, Recreation and Development to consider all matters relating to natural resources, water pollution and control; parks and recreational areas; recreational industries; matters concerning state controls on property development; and such other matters as may be referred to it.

(p) It shall be the duty of the Committee on Rules to consider all matters pertaining to House procedural rules and deadlines; and to recommend rules of proper debate.

(q) It shall be the duty of the Committee on Science, Technology and Energy to consider all matters pertaining to energy, telecommunications, air pollution, the jurisdiction of the Public Utilities Commission, the application of technological advances to the legislative process and the operation of state government, to coordinate the flow of information about technical and scientific matters to state and federal agencies and legislative committees, to monitor legislation referred to other committees in order to make suggestions for inclusion of technological improvements where warranted, and such other matters as may be referred to it.

(r) It shall be the duty of the Committee on State-Federal Relations and Veterans Affairs to consider all matters pertaining to the National Guard and other military or veterans' organizations within the state, emergency management, potential actions by the U.S. Congress which will have a major impact on the state and the New England region, and all proposed resolutions petitioning

the Congress on any matter; to maintain communication with the congressional delegation; to serve as a liaison between the New Hampshire House and the United States Congress and such other matters as may be referred to it.

(s) It shall be the duty of the Committee on Transportation to consider all matters pertaining to development, operation, regulation and control of all means of air, land and water transportation; and such other matters as may be referred to it.

(t) It shall be the duty of the Committee on Wildlife and Marine Resources to consider all matters concerning conservation, improvement and preservation of fish, game and non-game species and marine resources within the state; and such other matters as may be referred to it.

Amend Rule 35(d) and (e) by replacing them with the following:

(d) In the first-year session, there shall be no limitation on the subject matter of legislation introduced. As soon as possible after the end of the first-year session, the Clerk shall publish in the House Calendar those bills voted inexpedient to legislate, indefinitely postponed or re-referred in the first-year session, and those bills which created study committees with November 1 reporting deadlines. The listings shall be in numerical order by bill number/title, and in committee order by bill number/title.

(e) In the second year session no bill or resolution shall be introduced if it is substantially similar to any legislation which was indefinitely postponed or voted inexpedient to legislate by the House in the first-year session, unless it has been approved by a majority of the House Rules Committee or a two-thirds vote of those House members present and voting, whether as a bill, an amendment, a committee of conference report or in any other manner. A request shall not be accepted to draft any bill which is the same, or essentially the same, as any bill voted inexpedient to legislate, indefinitely postponed, re-referred, or made the subject of a statutory study committee in the first-year session unless approved for drafting and introduction by a majority vote of the House Rules Committee or a two-thirds vote of those House members present and voting.

Amend Rule 36(b) by replacing it with the following:

(b) All bills, resolutions, petitions, memorials and other papers addressed to the House, shall be endorsed with the name and the district of the legislator presenting them. All legislation shall be numbered serially according to type of legislation introduced. Each bill shall be marked on the first page "House Bill"; each joint resolution shall be marked "House Joint Resolution"; other concurrent resolutions shall be marked "House Concurrent Resolution"; and each house resolution shall be marked "House Resolution."

Amend Rule 36(d) by replacing it with the following:

(d) No LSR number shall be assigned and no House bill shall be drafted unless the LSR or bill has a House sponsor. No more than 5 House members shall be allowed to sponsor any bill or floor amendment. No more than 5 Senate members shall be allowed to co-sponsor legislation originating in the House. If more than five House members wish to be sponsors, the person who first requested the drafting of the bill, house resolution, concurrent resolution, joint resolution, or constitutional amendment-concurrent resolution shall determine the names of the 4 co-sponsors whose signatures are required for introduction. Other House members may be added as co-sponsors by notifying the Clerk prior to the date of the first public hearing on the proposal, and their names shall be recorded in the permanent journal of that session.

Amend Rule 37 by replacing it with the following:

37. Every request by a member of the House for drafting a bill, house resolution taking a policy position, concurrent resolution, constitutional amendment-concurrent resolution, or joint resolution other than the general budget or the capital budget bill, shall be accepted by the Office of Legislative Services for processing no later than the date specified by Rule 64. Each request shall be accompanied by sufficient information necessary for drafting. This deadline shall not apply to house resolutions which do not propose policy positions. Such resolutions may be accepted for drafting by the Office of Legislative Services at any time.

Amend Rule 38 by inserting after paragraph (c) the following:

(d) An LSR may be withdrawn at any time prior to its introduction with the consent of all of its sponsors. Any sponsor may request that his or her name be deleted as a sponsor of the bill prior to its introduction.

Amend Rule 40 by replacing it with the following:

40. All House Bills, House Joint Resolutions, House Concurrent Resolutions and House Resolutions proposing that the House take a policy position may be introduced at any time prior to any deadline established by the House for their introduction. Exceptions:

(a) Notwithstanding any other provisions of the Rules, a House Bill, House Joint Resolution, or House Concurrent Resolution may be introduced into the House at any time prior to the crossover date specified in Rule 64, if approved by either a majority of the Committee on Rules, or a two-thirds vote on the floor; and

(b) House Resolutions proposing that the House take a policy position may be introduced into the House at any time after the deadline for introduction of bills and resolutions if approved by either a majority of the Committee on Rules, or a two-thirds vote on the floor.

Amend Rule 43 by replacing it with the following:

43. A hearing shall be held on each bill referred to a committee. Notice of committee action shall be posted as follows:

(a) Public hearings shall be advertised in the House Calendar no less than 4 days prior to a hearing.

(b) Executive sessions shall be advertised in the House Calendar no less than 2 days prior to committee action or announced on the floor of the House by the Chairman of the appropriate committee.

(c) All other committee or subcommittee meetings at which decisions are made or information is received shall be advertised in the House Calendar or, if scheduled after the calendar deadline, shall be posted in the Clerk's Office and outside the committee room at least 24 hours prior to the meeting.

(d) When requested by the President of the Senate, the Speaker may authorize and direct the appropriate House committee or committees to sit with the appropriate Senate committee or committees at a public hearing of any Senate bill, and no further public hearing on such bill shall be required when such bill is received subsequently in the House from the Senate.

Amend Rule 44(b) by replacing it with the following:

(b) All committee reports on bills shall be printed in the House Calendar at least once prior to the date listed for floor action. If a bill is reported favorably with an amendment, the committee report shall describe the bill as amended. The amendment shall be printed in the House Calendar.

Amend Rule 44(d) by replacing it with the following:

(d) No committee shall report with a positive recommendation any bill or resolution which would, if enacted, be a violation of Part I, Article 28-a of the N.H. Constitution. The vice chairman or another member of each committee shall review all pending legislation and shall advise the chairman and the members of all legislation before the committee which should be reviewed in terms of this Rule.

Amend Rule 46(c) by replacing it with the following:

(c) All bills and resolutions addressing licensure and/or certification shall, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Executive Departments and Administration for a further report on the effect of the passage of such a bill or resolution. All those bills requiring agencies to adopt rules pursuant to RSA 541-A shall, if approved by the House when reported by the appropriate policy committee, be referred to the Committee on Executive Departments and Administration for a further report on the effect of the passage of such bill or resolution on rulemaking pursuant to RSA 541-A.

Amend Rule 46(e) by replacing it with the following:

(e) The chairmen of committees receiving a bill or referral as outlined in this rule with the approval of the Speaker may decline the referral of any bill from another committee or, notwithstanding the provisions of Rule 43 (a), waive the public hearing on any bill referred from another committee.

Reps. Lozeau and Robert Lawton spoke in favor.

Reps. Keans and John Pratt spoke to the amendment.

Adopted.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 51-99 and 201-233, House Concurrent Resolution num-

bered 1, and Constitutional Amendment Concurrent Resolutions numbered 1-6, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS, HCR and CACRs

First, second reading and referral

HB 51, providing for registration of equipment used in the production of maple products and allowing the commissioner of the department of agriculture markets and food to adopt rules relative to standards for such equipment. (Melcher, Hills 11; Owen, Merr 6; McRae, Hills 7: Environment and Agriculture)

HB 52, exempting certain currants and gooseberries resistant to the white pine blister rust organism from restrictions on planting in control areas. (Melcher, Hills 11; Owen, Merr 6; F. King, Dist 1: Environment and Agriculture)

HB 53, establishing a process for reviewing judges. (Hunter, Hills 7; Pepino, Hills 40: Judiciary)

HB 54, allowing simultaneous service of a demand for rent and a notice to quit. (Rowe, Hills 14: Judiciary)

- HB 87-FN**, relative to penalties for marijuana possession. (Robertson, Ches 18; Clemons, Hills 31; Lynott, Ches 11; Garrish, Hills 37: Criminal Justice and Public Safety)
- HB 88-FN**, relative to purchasing credit for prior service for certain employees in the New Hampshire retirement system. (Thulander, Hills 6: Executive Departments and Administration)
- HB 89-FN-A**, making an appropriation for a department of transportation study of the state house complex to evaluate space needs. (Calawa, Hills 17; M. Fuller Clark, Rock 36; Buckley, Hills 44: Public Works and Highways)
- HB 90**, removing the prohibition on adoption and foster parenting by homosexual persons. (Buckley, Hills 44; DeChane, Straf 6; M. Fuller Clark, Rock 36; Splaine, Rock 34, Keans, Straf 16; Trombly, Dist 7; Cohen, Dist 24; Wheeler, Dist 21: Children and Family Law)
- HB 91-FN-A-L**, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected. (Rubin, Rock 25: Finance)
- HB 92**, exempting permanently disabled veterans from the requirement of reestablishing their disability status for the division of motor vehicles every 4 years to prove eligibility for special license plates. (Franks, Hills 26: Transportation)
- HB 93**, permitting a dam to be constructed on Rand Pond in Goshen. (Tuthill, Sull 5; Phinizy, Sull 7: Resources, Recreation and Development)
- HB 94**, relative to enforcement of the child passenger restraint law. (Pilliod, Belk 3; Cloutier, Sull 8; Langone, Rock 13; L'Heureux, Hills 18; Pignatelli, Dist 13, Squires, Dist 12: Transportation)
- HB 95-L**, relative to the establishment of educational programs for academically gifted pupils. (Baroody, Hills 42: Education)
- HB 96**, establishing an age limit for appointment of retired justices to serve as temporary supreme court justices. (Mirski, Graf 12: Judiciary)
- HB 97**, establishing a right to farm act. (McRae, Hills 7: Environment and Agriculture)

HB 98-FN, relative to a master plan for Monadnock state park and its environs, Pisgah state park, and Pillsbury state reservation. (Royce, Ches 9; E. Smith, Ches 6; I. Pratt, Ches 5; Phinizy, Sull 7; Garrish, Hills 37; Disnard, Dist 8: Resources, Recreation and Development)

HB 99, relative to granting to the county convention the authority to fill vacancies in elected county offices and to remove county officers for official misconduct. (Mirski, Graf 12: Municipal and County Government)

HB 201, relative to minimum uninsured motorist liability insurance. (Arnold, Hills 20: Commerce)

HB 202, legalizing the possession and cultivation of marijuana for medicinal purposes. (Robertson, Ches 18; Clemons, Hills 31; Lynott, Ches 11; Lynch, Ches 19: Criminal Justice and Public Safety)

HB 203, making impaired boating laws consistent with driving while intoxicated laws. (Welch, Rock 18; Christie, Rock 22; Musler, Straf 6: Criminal Justice and Public Safety)

HB 204-FN, relative to driving after license revocation or suspension. (Letourneau, Rock 13; Packard, Rock 29; Gleason, Rock 13; Christie, Rock 22; L'Heureux, Hills 18; H. Harmon, Graf 8; Roberge, Dist 9; Johnson, Dist 3; Russman, Dist 19; Brown, Dist 17: Criminal Justice and Public Safety)

HB 205, relative to the requirement for posting of bond by an applicant for a writ of replevin. (Rowe, Hills 14: Commerce)

HB 206, relative to restrooms in restaurants. (Dickinson, Carr 2; Sapareto, Rock 13: Health, Human Services and Elderly Affairs)

HB 207-FN-A, directing the office of state planning to conduct a study of the effects of sprawl in the state and making an appropriation therefor. (Brundige, Hills 18; Melcher, Hills 11; Rowe, Hills 14; M. Fuller Clark, Rock 36; Russman, Dist 19; Pignatelli, Dist 13; Johnson, Dist 3: Municipal and County Government)

HB 208-FN, establishing a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to deter sprawl. (Melcher, Hills 11; Rowe, Hills 14; Brundige, Hills 18; M. Fuller Clark, Rock 36; Russman, Dist 19; Johnson, Dist 3: Municipal and County Government)

HB 209, relative to authorizing the consideration of traditional village patterns in local zoning ordinances. (Melcher, Hills 11; Brundige, Hills 18; M. Fuller Clark, Rock 36; Russman, Dist 19; Johnson, Dist 3: Municipal and County Government)

HB 210, reinstating the corporate charter of C. A. B. Real Estate, Inc. (Keans, Straf 16: Commerce)

HB 211-FN-A-L, relative to intergenerational homeshare programs and making an appropriation therefor. (Seldin, Merr 17; Jacobson, Merr 2; French, Merr 3; K. Wheeler, Dist 21: Health, Human Services and Elderly Affairs)

HB 212, relative to local ordinances or regulations affecting groundwater withdrawals. (Weyler, Rock 18; Welch, Rock 18; J. Flanders, Rock 18; Rubin, Rock 25: Resources, Recreation and Development)

HB 213, relative to voting by prisoners. (Gile, Merr 16; Seldin, Merr 17; Rosen, Belk 7; Mears, Coos 7; Emerton, Hills 7; Larsen, Dist 15: Election Law)

HB 214, changing the membership of and extending the reporting date for the committee to study women's health care. (M. Fuller Clark, Rock 36; Norelli, Rock 31; Francoeur, Rock 22; Case, Rock 2; K. Wheeler, Dist 21; Squires, Dist 12: Commerce)

HB 215, prohibiting name changes for certain felons. (R. McKinley, Straf 2; Spear, Straf 3; Letourneau, Rock 13; Thulander, Hills 6; N. Johnson, Straf 5; Johnson, Dist 3: Criminal Justice and Public Safety)

HB 216, relative to release conditions pending trial for defendants in domestic violence, stalking or protective order violation cases. (Knowles, Straf 11: Criminal Justice and Public Safety)

HB 217-L, relative to conditions on net income for an elderly exemption from property taxes. (J. Pratt, Ches 2: Municipal and County Government)

HB 218-L, reinstating the corporate charter of Approved Industries, Inc. (Holbrook, Belk 7: Commerce)

HB 219, banning certain uses of artificial light to take wildlife. (Merrill, Coos 1; P. Davis, Coos 1; F. King, Dist 1: Wildlife and Marine Resources)

HB 220-FN-L, repealing the excavation tax and excavation activity tax. (Merrill, Coos 1; P. Davis, Coos 1; McGuirk, Ches 1; F. King, Dist 1: Finance)

HB 221, allowing milk products known to contain the genetically produced bovine somatotropin growth hormone to be so labeled. (Keans, Straf 16; Owen, Merr 6; Richardson, Ches 12; Pilliod, Belk 3; Commerce)

HB 222-L, preempting local regulation of biosolids or sludge disposal by landfilling or landspreading. (Melcher, Hills 11; McRae, Hills 7; F. King, Dist 1: Environment and Agriculture)

HB 223, relative to waiver of filing fees and petitions for candidates for federal offices. (Clemons, Hills 31; Franks, Hills 26: Election Law)

HB 224-FN-A, changing the name of the division of fire safety to the division of fire and building safety; adding members to the state advisory board of fire control; establishing a joint committee on code enforcement; and appropriating funds for hiring mechanical inspectors in the division of fire and building safety. (Dyer, Hills 8; LaMott, Graf 5; Konys, Hills 33; Larsen, Dist 15: Criminal Justice and Public Safety)

HB 225, relative to the definitions of the terms "farm," "agriculture," and "farming." (K. Marshall, Merr 4; McRae, Hills 7; Melcher, Hills 11; P. Davis, Coos 1: Environment and Agriculture)

HB 226-L, establishing municipality bond payment schedules and percentages. (Fraser, Merr 21; Hoadley, Merr 24; Russell, Ches 15; Larsen, Dist 15: Municipal and County Government)

HB 227, establishing a committee to study the maintenance of voter checklists. (Arndt, Rock 27; Buckley, Hills 44: Election Law)

HB 228, clarifying permissible political expenditures. (Arndt, Rock 27; Buckley, Hills 44: Election Law)

HB 229, changing the registration fee requirement of the commercial feed law. (Melcher, Hills 11: Environment and Agriculture)

HB 230, clarifying the waste reduction goals for the state of New Hampshire. (B. Hall, Hills 20 Alger, Graf 9; Philbrick, Carr 4; Messier, Hills 46; Brennan, Straf 16; Callaghan, Straf 15: Environment and Agriculture)

HB 231, relative to approval of applications in the charter schools pilot program. (Belvin, Hills 14; Alger, Graf 9; Melcher, Hills 11; Durham, Hills 22: Education)

HB 232, permitting town trustees to invest capital reserve funds in mutual funds. (Alukonis, Hills 23; D. White, Hills 25; Clegg, Hills 23: Municipal and County Government)

HB 233, establishing a committee to study the price of prescription drugs. (Asplund, Merr 13; Pilliod, Belk 3; Whittemore, Merr 13: Health, Human Services and Elderly Affairs)

HCR 1, encouraging an increased distribution of federal money out of the military budget to the states sufficient to meet domestic needs. (Richardson, Ches 12; French, Merr 3; Jacobson, Merr 2; Pilliod, Belk 3; Keans, Straf 16; K. Wheeler, Dist 21: State-Federal Relations and Veterans Affairs)

CACR 1, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. (Pepino, Hills 40; Hunter, Hills 7; Lyman, Carr 5; Roberge, Dist 9: Judiciary)

CACR 2, relating to supreme court rules. Providing that supreme court rules shall be subject to review and approval by a special legislative committee. (Pepino, Hills 40; Lyman, Carr 5; Hunter, Hills 7; W. McCarthy, Hills 41; Roberge, Dist 9: Judiciary)

CACR 3, relating to requiring that the attorney general be elected by the legislature. Providing that the attorney general be chosen by joint ballot of the senators and representatives. (Mirski, Graf 12: Election Law)

CACR 4, relating to the election of the attorney general by the people. Providing that the attorney general shall be elected by the people every 2 years in the state general election. (Hunter, Hills 7; Pepino, Hills 40: Election Law)

CACR 5, relating to voting and elective rights of incarcerated felons. Providing that no felon, from the time of conviction until final discharge of sentence, shall vote in an election, become a candidate, or hold public office. (Stritch, Rock 5: Election Law)

CACR 6, relating to municipalities' home rule. Providing that municipalities shall have home rule authority to exercise any powers not specifically prohibited by the state or federal constitutions or any statute. (G. Brown, Straf 17; Rice, Belk 7; Peter Cote, Hills 32; Weyler, Rock 18; Soltani, Merr 10; Roberge, Dist 9; McCarley, Dist 6: Municipal and County Government)

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, January 7, 1999 at 11:00 a.m. Adopted.

LATE SESSION**UNANIMOUS CONSENT**

Reps. Mirski and Rice addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of receiving Senate messages and Enrolled Bill Reports only.

Adopted.

The House recessed at 2:35 p.m.

RECESS

(Speaker Sytek in the Chair)

SENATE MESSAGE**CONCURRENCE**

HB 100-FN-L, adopting certain interim provisions as a result of the Claremont decisions to enable municipalities to continue to fund education.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 100.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Speaker Sytek in the Chair)

Rep. LaMott moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 3

Thursday, January 7, 1999

The House assembled at 11:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Daniel B. Randall from the Congregational Church in Lee, New Hampshire.

God of our lives, we bring to You this day of celebration, and we welcome its smooth clean page upon which to write. We pray for insight, sensitivity, courage and grace, and for trust that You will instill in this body imagination and cooperation so they might work together for the good of the people. In this time of beginnings, give all our elected officials the gifts they need so they may become the gift others need. Amen.

Reps. Chandler and Burling led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Patricia Cote, Flanagan, Hansen, Rubin and Zerba, the day, illness.

Reps. Arndt, Arthur, Bergin, Bickford, Bradley, Brundige, Case, Christie, Vivian Clark, Cobb, Cossette, Czech, Dearborn, DiFruscia, Dokmo, Dolan, Donovan, Doucette, Dowling, Dudley, Dunham, Eaton, Feuerstein, Flint, Flora, Gibbons, Golden, Grant, Haley, Betty Hall, David Hall, Hoadley, Howard, Karen Hutchinson, Gary Johnson, Jones, Naida Kaen, Kelley, Kibbey, David Lawton, Robert Lawton, Lovejoy, Lyman, Kenneth MacDonald, MacGillivray, Manning, Gene Marshall, McColgan, McKinney, MacNeil, Meader, Benjamin Moore, Charles Morse, Moriarty, Perkins, Irene Pratt, Priestley, Neil Reardon, Reeves, Rice, Roberts, Rose, Sargent, Edwin Smith, Splaine, Spang, Stickney, Tate, Nancy Wall, Wallin, Ward, Whalley, Carol Williams, Woodward and Zolla, the day, important business.

Rep. Nancy Johnson, the day, death in the family.

Rep. L'Heureux, the day, illness in the family.

INTRODUCTION OF GUESTS

Former Speaker Harold Burns, guest of Rep. Tholl. Daniel Blanchard, son of Rep. Blanchard. Karen Bryant, sister of Rep. Downing. Barbara Brewster, wife of Rep. Brewster. Velda Ruffner, wife of Rep. Ruffner, Katherine Taylor, daughter of Rep. Taylor. Former Democratic Leaders Chris Spirou and Mary Chambers, former NH Rep. Donna Soucy, Jay Surdukowski and Peter Golabiewski, guests of Rep. Buckley.

RESOLUTION

Reps. Chandler and Burling offered the following:

RESOLVED, that the Honorable Senate be notified that the House of Representatives is ready to meet in Joint Convention for the purpose of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, and for the Inauguration of the Governor, the Honorable Jeanne Shaheen, and for the taking of the oath by the Executive Council. Adopted.

SENATE MESSAGE

The Honorable Senate is ready to meet in Joint Convention for the purpose of hearing the report of the Joint Committee appointed to compare and count the votes for Governor and Executive Council, for the Inauguration of the Governor, the Honorable Jeanne Shaheen, and for the taking of the oath by the Executive Council.

JOINT CONVENTION

(Speaker Sytek presiding)

The Sergeant-at-Arms introduced the Honorable Senate and Senate President, Clesson J. Blaisdell.

REPORT

Sens. Roberge and King and Reps. LaMott, Copenhaver and Flanagan offered the following report: The Joint Committee appointed to compare and count the votes for Governor and Executive Council reports that it has attended to its duties and the vote is correct.

INTRODUCTION AND SEATING OF SPECIAL GUESTS

The Sergeant-at-Arms introduced the following who were escorted to their seats by the Governor's Military Staff:

The family and friends of Governor Shaheen. Commissioners and Department heads. Deputy Secretary of State Robert P. Ambrose. State Treasurer Georgie A. Thomas. Hon. Richard A. Hampe, Judge of the Probate Court. Hon. Edwin W. Kelley, Chief Judge of the District Court and Mrs. Kelley. Hon. Joseph P. Nadeau, Chief Justice of the Superior Court, Mrs. Nadeau and daughters Brianna and Tina Nadeau. The Associate Justices of the Supreme Court. Hon. David Brock, Chief Justice of the Supreme Court. The Reverend Clergy. The House Leadership. Former Governor Hugh Gregg. Former Governor Walter Peterson and Mrs. Peterson. Former Governor John H. Sununu and Mrs. Sununu. Former Governor Stephen E. Merrill and Mrs. Merrill. Councilor-elect Thomas P. Colantuono, Mrs. Colantuono and parents Mr. and Mrs. Robert Colantuono. Executive Councilors Raymond S. Burton; Peter J. Spaulding and mother, Esther Spaulding; Ruth L. Griffin; Bernard A. Streeter, Jr. and guest Richard Wheeler; James A. Normand and Mrs. Normand. Belle Bowers, mother of Governor Shaheen. Molly, Stacy and Stephanie Shaheen and Craig Welch, the daughters and son-in-law of Governor Shaheen. Governor Shaheen and Mr. William H. Shaheen.

INVOCATION

The Invocation was offered by the Most Reverend John B. McCormack, Bishop of Manchester. God who made us, God who renews us, God who animates us, come be with us this day. With reverence for the plans You made for our world, with gratitude for the men and women who give of themselves in public service, we pray that You grace them with Your wisdom and understanding, Your courage and compassion.

A day of renewal and new beginnings, a time of hope for people who work and for people who need others' support, a moment of expectation for students who want to learn, a new dawn for the respect of all human life, we pray that You bless them and their work.

Bless our Governor, Jeanne Shaheen, the members of the General Court and the other elected officials who begin their endeavors by seeking Your blessing.

Invested with responsibilities to sustain and strengthen human rights and the common good, strengthen their spirits so that they may discharge their duties with personal honesty and integrity, with devoted fidelity to the principles of justice and our state's Constitution.

Together with You may they transcend in their work and diminish within our communities both the prejudices which unravel the fabric of our common humanity and the disinterest and distrust which hamper the progress of our common journey. Help them to develop legislation and administer responsibilities in ways that justice is reinforced, or even restored, unity is promoted, and respect is realized.

It is my honor and pleasure to invoke Your blessing on these elected officials. May what they begin today with Your blessing, be brought to completion by Your help. Amen.

POSTING OF COLORS

The New Hampshire National Guard posted the Colonial and Traditional Colors.

PLEDGE OF ALLEGIANCE

The Kindergarten Classes from the Garrison School in Dover led the Pledge of Allegiance.

NATIONAL ANTHEM

The National Anthem was sung by Rawn Spearman from Nashua.

PRAYER

A prayer for peace and thanksgiving was offered by Rabbi Arthur Starr from Temple Adath Yeshurun in Manchester.

Were the sun to rise but one day each year, we would note the occasion with ceremony and rejoicing but, since it rises every day, we take it for granted. So, too, do we often walk unseeing and unappreciative in the midst of countless blessings. We must learn to be mindful of the blessings that daily appear before us; the earth's bounty which sustains and nourishes our lives, our political systems which safeguard our freedoms, the beauties of nature which uplift our hearts, the lives and energies of those who dedicate themselves to serving our state and our nation. Numberless gifts and blessings have been laid in our cradles as our birthright. We ask for continued strength and blessing for Governor Shaheen, the members of the Executive, Legislative and Judicial branches of our state and national governments. May they each be blessed with wisdom and understanding, compassion and discernment, the love and affection of their families who have loaned them to us. May we never take them for granted, but, instead, labor with them as they labor for us. Filled with gratitude as we acknowledge our blessings, may we be moved to share them with those less fortunate than we, sharing the fruits of our common labors that our state and our nation may continue to be the blessing it has been now, for all its citizens. Amen.

OATHS OF OFFICE

The Chief Justice of the New Hampshire Superior Court, Justice Joseph P. Nadeau, administered the oath of office to Governor Jeanne Shaheen. Governor Shaheen administered the oath of office to the Honorable Executive Councilors-elect Raymond S. Burton, Peter J. Spaulding, Ruth L. Griffin, Thomas P. Colantuono and Bernard A. Streeter, Jr.

PRAYER

A Prayer for a successful administration was offered by Reverend Carla Bailey from the Church of Christ at Dartmouth College in Hanover.

Holy God, Creator of all and sustainer of the hearts of your children throughout history. From generation after generation You have called forth leaders for Your people. You have given to some compassionate hearts and facile minds, stamina, strength and integrity, passion for justice and commitment to public service. Upon these of Your children You have bestowed the deepest sense of responsibility for the needs of Your people and You have called them forth to lead. Today, we pray for one of these gifted spirits, Your daughter and servant our Governor, Jeanne Shaheen. We pray that You will bless her and her administration with joy and honor; that You will fill these days of her term as our Governor with courageous actions on behalf of the people of New Hampshire. We ask that You help her relentlessly pursue new solutions to old problems; that You might bring forth from her her most creative ideas, her very best work, the integrity of her cherished values. Please give her moments of clarity and understanding, an ability to see beyond her time to generations yet unborn who will reap the effects of the decisions she makes today. Keep her mindful of the truth that justice is never easy but always right; that what is right is only occasionally popular; that what is popular is seldom faithful; that to do what is faithful will demand everything of her. So, beloved God, sustain her when her job requires more than she thinks she has available to give. When she seeks to reconcile profound differences, when she is maligned, when her motives are questioned, when her spirit is low and despair threatens to cloud her vision, in those dark hours restore her sense of humor and balance. Remind her of those who love her deeply. Surround her with the warmth of Your kindness, the healing touch of Your mercy. O God, protect her life. You who watches over Your children in agony at our violent ways, protect the life of this, Your precious daughter, for we need her. Her people have chosen her to lead us, have entrusted to her care our civic well being, have bestowed upon her the power of this office with all its privilege, history and honor. Today, as she begins another term as our Governor, our hopes for her administration are deep. Hear our prayers, God of grace and glory, for the success of this administration with all its accompanying hopes and in anticipation of the challenging glorious days ahead. Hear our prayers for our Governor, Jeanne Shaheen, that she will be sustained by the trust of her people and the presence of Your spirit. Hear our prayers for the people she has been called to serve. O God of mercy and power, hear our prayers. Amen.

MUSICAL INTERLUDE

A musical interlude was sung by The Elm Street Beat, a chorus from the Elm Street Junior High School in Nashua.

POEM

Leslie Lee Francis read *The Tuft of Flowers*, a poem by her grandfather Robert Frost.

INAUGURAL ADDRESS

The Governor delivered her Inaugural Address:

Madam Speaker, Mr. President, Justice Nadeau, honorable members of the House and Senate and Executive Council, my fellow citizens.

I am thankful for the trust the people of New Hampshire have once again placed in me. And I am equally mindful that the oath I have just taken carries with it an obligation to cherish that sacred trust and to work every day to be worthy of it.

I'd like to commend you, Madam Speaker, for your many years of service to the people of New Hampshire. I want to congratulate you, Senator Blaisdell, on your new role as President of the Senate. After 28 years, I knew he would make it and it is well deserved. Of course, I want to thank my family who are with me today: my mother who is here from West Virginia and my three daughters. Molly, who is wide awake this year, just turned 13 so she is a teenager now; Stacy, my middle daughter, Stephanie and her new husband Craig; and, of course, I want to thank my husband, Billy. I thank you all for your love and support.

We gather today in this the nation's oldest state capitol that still serves as a legislative chamber, to mark New Hampshire's last inauguration of the 20th Century. It is an appropriate moment to look back and reflect on our history and traditions and to look ahead to build on those traditions as New Hampshire moves into the next century.

Throughout our history, we have been careful to preserve the traditions that make New Hampshire special, and we have been willing to change the things that need to be changed. That is the New Hampshire way.

In 1775, we were the first state to declare our independence from England, and four years later the first to hold a constitutional convention. In 1783, New Hampshire became the first state to require that its Constitution be put to a direct vote of the people.

We became the first state to allow voters a direct voice in choosing their presidential candidates in 1952. It was a bold step at the time to contend that those who wish to lead our great nation should come to a small state, meet its citizens, and answer their questions. But now, the New Hampshire presidential primary is itself a national tradition. It is a tradition that I intend to vigorously defend. Our history is full of people who individually embodied the New Hampshire way. John Dickson from Keene, who delivered the first speech against slavery in the United States Congress. The eloquent defender of the Union, Daniel Webster, whose portrait looks down on us today. Horace Greeley, who pointed the nation in a new direction, west. There was Amos Tuck, who decided that the extraordinary times before the Civil War required new political thinking and laid the foundations of the Republican Party. In our own time, there was Alan Shepard, the first American in space, who expanded our horizons into the universe and Christa McAuliffe, who dared to be the first schoolteacher in space, inspiring us with her courage and sacrifice. As we begin the last legislative session of the 20th century, let us remember all of them and the lessons they can still teach us as we are called upon to meet new challenges of the coming century.

Today, we live in a global economy where our businesses must compete in a world marketplace and where far-away companies deliver goods and services to us in New Hampshire. Increasingly, our economy is informational, not industrial. Good jobs depend on a highly trained and educated workforce. Today, we live in a society where most parents work, and few people live in the same community where they were raised and went to school. We must meet the challenges of these changing times and determine what kind of state we want New Hampshire to be. It is up to us to create the kind of future we want.

We want a state where people have good jobs, where families are safe and healthy, and our children can inherit the natural and cultural resources that make the quality of our lives so special. And yes, we want a state where all of our children get an excellent education, regardless of where they live. There is much we can and must do.

We must keep our economy strong so that our people can continue to have good jobs. My administration has undertaken a comprehensive economic development plan for New Hampshire. We have brought together the talents of the business community, state government, and the Whittemore School of Business and Economics at UNH. Their recommendations will guide us as we work to meet the challenges of a changing economy.

Competition in the electric industry is essential for every consumer in this changing economy. Last year, one utility moved forward with us, opening its territory to competition. Its customers now benefit from a rate cut of more than 17 percent. Public Service Company of New Hampshire still resists, clinging to a past when utilities could pass on all their costs to ratepayers. As we move toward competition, we will not repeat the mistakes of ten years ago. We will not enter into an agreement with PSNH that gives all the burdens to ratepayers and all the benefits to shareholders. The world has changed, and new technologies are becoming available. If PSNH refuses to adapt, it will be left behind.

We must ensure that parents can go to their jobs knowing their children are in good hands, and businesses must be able to depend on workers with young children. The Business Commission on Child Care, which I established last spring, will soon be making its recommendations on how business and child care providers can work together to ensure that every New Hampshire family has affordable, quality child care.

Parents should be able to go to sleep at night knowing their children can get health care when they need it. Beginning this week, families can sign up for our innovative Children's Health Insurance Program. Now, we must reach out to the families of the 20,000 New Hampshire children who do not have health insurance, and work to make sure each of those children is covered.

We must guarantee that patient care comes before corporate profits and pass the HMO Accountability Act. We must make companies accountable here in New Hampshire for the decisions they make thousands of miles away about our medical care.

We must also remember that we live in the most beautiful state in the nation. From the changing leaves of autumn to the snowy mountains of winter, our state's rich natural resources are central to who we are in New Hampshire. The state should lead the way in protecting and preserving that natural heritage.

We must not end this century without making Martin Luther King Day part of the heritage we leave to our children.

Most of all, our top priority must be educating our children. Quite simply, the excellence of the education we provide our children will determine New Hampshire's future, the strength of our economy, the quality of our lives and the vibrancy of our democracy. Nothing else is as important. Nothing else that we do now will have a greater impact on the future of this state. This is not theory. This is real; as real as the face of a child. Every parent knows that face, the face of his child, full of hope and a little uneasiness as he or she leaves for the first day of school, taking a step toward what every parent hopes will be a better life for the next generation. Every teacher knows that face, the face of a student, full of eager questions and sometimes full of doubts, whose success or failure rests, at least partly, on the time and resources that teacher can provide. We here in this hall know that face, as mothers and fathers, aunts and uncles, brother and sisters. We saw some of them at the start of this ceremony, children from the Garrison School kindergarten in Dover, one of the 15 New Hampshire school districts that has implemented kindergarten because of the actions we took in 1997. They represent the nearly 1,000 additional children who now have a better start in school, and a better future ahead of them. They are important reminders that what we do here has real consequences for real people. Today, they led us in the Pledge of Allegiance. In the next century, they will be leading New Hampshire.

Our task is to make the next century as bright and prosperous as possible by providing our children with an excellent education. That means making every New Hampshire school the best possible. As we work to meet this challenge, we must remember that providing an excellent education takes more than money. We must raise educational standards and expect more from teachers, students and parents.

Building on the recommendations of my Education Summit, the Best Schools Initiative will help people at the local level meet the needs of their particular schools. The cornerstone of this initiative will be the establishment later this year of a new leadership academy for teachers, administrators and school board members. While we work to improve professional development for teachers, we

must also hold them to a high standard of performance. Last year, I established a task force to look at the issue of teacher tenure. Its recommendations form the basis for legislation that will make it easier to remove teachers who don't perform. We should pass that legislation this year.

We have also been called upon in this, the last legislative session of the 20th century, to meet the challenge of the Claremont school funding case. One year ago, the state Supreme Court ruled that the method of funding schools that we have relied on for decades is unconstitutional and must be changed. Our challenge is to change the way we fund public education, without losing what is special about our schools and our state. Our tradition of local decision-making has served us well, and we must preserve that local control. Businesses do choose to locate here because taxes are low and government is small, and we must keep it that way. Our solution must serve our school children, our taxpayers and our economy.

We can all agree on certain principles. Every New Hampshire child should have the opportunity for an excellent education, regardless of where they live, and no community should have to struggle to educate its children because of burdensome property taxes. At a time when few people live and work in the same community where they went to school, it is in the interest of every person and every business to ensure that every community in New Hampshire has the resources necessary to provide an excellent education for our children.

For the last several months, I have been meeting with the legislative leadership of both parties, and with many of you individually, to explore a variety of options. We have already taken steps to help communities deal with the short-term uncertainties caused by the Claremont decision. Yesterday, the House and Senate came together across party lines and passed legislation ensuring that local school districts can move forward with their budgeting and planning for the next school year. Finding a long-term solution will not be easy. We have an enormous task before us, and precious little time to complete it. But I am confident we can succeed.

At an historic crossroads like this, a successful solution cannot be one imposed either on the legislature or on the people of this state. It will require finding consensus, not only among lawmakers but also among the people. We must lead, but we must also listen. History teaches us that the New Hampshire way is to trust the people. Each time we have moved forward, from the initial design of our constitution to the creation of our first-in-the-nation presidential primary, we have listened to the people and given them a voice in their future.

Here in the state where citizens gather every spring for one of our most cherished traditions, town meeting, we have always believed that the voice of the people should be heard. For any solution to succeed and endure, it must be supported by the people of New Hampshire. That is why I believe that we should take the unprecedented step of giving the people a direct vote on this issue. I believe they want us to solve the school funding issue within our existing tax structure, and I believe we can. The people want us to put partisan politics aside, to use our common sense and apply our collective creativity to find a solution. We can do it. We must do it. To do it right, we must do it together.

We do not always immediately agree. Sometimes, we test each other's patience. Often, each of us is called upon to compromise a little bit. But in the end, what progress we make is always made together. Working together is a New Hampshire story with a long tradition. It is the story of almost every town meeting. It is the lesson of the wonderful poem that we just heard by Robert Frost. It is the story of the finest moments in the history of this citizen legislature. This is one of those moments. Working together, that is what the people who elected us expect; that is what New Hampshire's children deserve.

Later this year, more than 100 New Hampshire performers and craftsmen will be showcasing our state's heritage on the National Mall in Washington as part of the Smithsonian Folklife Festival. From contra dancing to constructing stone walls, from the spirit of entrepreneurship to the traditions of our presidential primary, they will gather under the theme, "Celebrating New Hampshire's Stories."

In the next few months, as we struggle with the historic task before us, let us find inspiration from these New Hampshire stories. It's easy to find if we listen closely enough. It can be heard in the story of an old-time barn raising and in the story of any successful high-tech business. It's in the story of the local committee that works to improve the library or to preserve an endangered woodland or to form a volunteer fire department. When we work together, we can accomplish anything. That is the New Hampshire story.

It is now our turn to write our own chapter in that story. Let us make it a story that is remembered far into the next century. Let us make it a story worth celebrating. Let us write it together. Thank you.

BENEDICTION

Father Dean Panagos of the Annunciation Greek Orthodox Church in Dover offered the Benediction. Let us pray for our state leaders, for our Governor Jeanne Shaheen, the members of the Executive Council and our state legislators. Provide to those we have entrusted the authority of government the wisdom to govern in justice and peace, and that through the obedience to Your commandments, we may show forth Your glory among the people of our state. Guide our elected officials to make just and proper legislation protecting our infants, guiding our young and supporting our aged and remembering the poor and less fortunate. Bless this land with honorable industry, sound learning, pure manners in the pursuit of truth. Save and protect us from violence, discord and confusion, from pride and arrogance and from every evil way. Protect the cities, towns and countryside's of this great state bringing upon all peace and tranquillity. Speak of goodness in the hearts of our leaders, support and strengthen them, so that they may lead our life in piety, dignity, love, goodness, peace and justice. For You are the King of Peace and the Savior of our souls, and to You we give glory. Amen. Rep. Chandler and Sen. Larsen moved that the Joint Convention arise.
Adopted.

HB 319-FN, relative to mandatory automobile insurance. (Richardson, Ches 12; Bouchard, Merr 22: Commerce)

HB 320-FN, raising the maximum speed limit on all New Hampshire interstate highways from 65 to 70 miles per hour and on portions of the interstate specifically posted currently at 55 miles per hour to 60 miles per hour. (Vaillancourt, Hills 44; Robertson, Ches 18; McGuirk, Ches 1; L. Jean, Hills 17; Mirski, Graf 12: Transportation)

HB 321, requiring health carriers to pay for all recommended prescription drugs. (Taylor, Straf 11; Bruno, Hills 4; J. Wall, Straf 9; M. Fuller Clark, Rock 36; Wheeler, Dist 21: Commerce)

HB 322, relative to funds exchanged at real estate closings. (Copenhagen, Graf 10; Batula, Hills 18: Commerce)

HB 323, relative to restricting the decibel level of motor vehicle sound systems. (LaPorte, Hills 39; Buckley, Hills 44; P. Gagnon, Hills 48: Criminal Justice and Public Safety)

HB 324, repealing certain grounds for granting a divorce for cause. (Bickford, Straf 1: Children and Family Law)

HB 325, prohibiting "cramming" in telecommunications billing. (Norelli, Rock 31; Pantelakos, Rock 30; Bradley, Carr 8; Thomas, Belk 3; Below, Dist 5; Cohen, Dist 24; Larsen, Dist 15; F. King, Dist 1; J. King, Dist 18: Science, Technology and Energy)

HB 326-FN, requiring the department of health and human services to survey home health care agencies for compliance with federal regulations for medicare. (Buckley, Hills 44: Health, Human Services and Elderly Affairs)

HB 327-L, allowing municipal treasurers to enter into lease agreements for equipment. (Packard, Rock 29: Municipal and County Government)

HB 328-L, allowing municipalities to enter into agreements to purchase goods and services with credit cards. (Packard, Rock 29: Municipal and County Government)

HB 329, relative to privatization of nursing homes. (Rubin, Rock 25: Health, Human Services and Elderly Affairs)

HB 330, relative to changing the name of the lienholder or mortgage holder on title insurance when refinancing a home. (Bradley, Carr 8; Johnson, Dist 3: Commerce)

RECESS

(Rep. Whalley in the Chair)

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 331 through 343, and House Concurrent Resolution numbered 6, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HCR

First, second reading and referral

HB 331, relative to auto leasing. (Jacobson, Merr 2: Commerce)

HB 332, establishing a committee to study the relationship between Plymouth state college and the town of Plymouth. (Hinman, Graf 7; MacNeil, Graf 7; Alger, Graf 9; Wendelboe, Belk 2: Municipal and County Government)

HB 333, relative to contracts between participating providers and managed care entities. (Asplund, Merr 13; Pilliod, Belk 3; Whittemore, Merr 13: Commerce)

HB 334, restricting the land application of sludge, septage, and solid wastes. (B. Hall, Hills 20; Owen, Merr 6: Environment and Agriculture)

HB 335, prohibiting the land application of sludge in reclamation areas. (B. Hall, Hills 20; Owen, Merr 6: Environment and Agriculture)

HB 336, establishing the first Monday in February as a holiday to be known as Abraham Lincoln Civil Rights Day. (Rosen, Belk 7: Executive Departments and Administration)

HB 337, requiring that the order of candidate names on the ballot be determined by a random drawing. (Potter, Merr 24; Vaillancourt, Hills 44: Election Law)

HB 338, relative to absentee voting procedures. (Wallin, Merr 15; D. White, Hills 25: Election Law)

HB 339, requiring consumer reporting agencies to provide annually to the consumer a free copy, upon request, of a consumer report. (Dokmo, Hills 14; Bergin, Hills 16; Leishman, Hills 13: Commerce)

HB 340, establishing a committee to study mercury source reduction and recycling issues. (Musler, Straf 6: Environment and Agriculture)

HB 341, relative to the process for nonrenewal of teacher contracts. (O'Hearn, Hills 26; Larsen, Dist 15: Education)

HB 343, changing the Columbus Day holiday to Explorers Day. (V. Clark, Rock 17: Executive Departments and Administration)

HCR 6, calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. (Burling, Sull 1; Nordgren, Graf 10; O'Hearn, Hills 26; Chandler, Carr 1; Konys, Hills 33; Trombly, Dist 7: State-Federal Relations and Veterans Affairs)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 4

Thursday, January 28, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Daniel B. Randall from the Congregational Church in Lee, New Hampshire.

O Wondrous Source of Life, as these elected officials begin this session of possibilities grant them the integrity to be tutored by difficult questions, courage to venture beyond easy answers, wisdom to respect one another's differences and trust in one another's commitment to the common good. Gather them now from hundreds of different stories and backgrounds into one body of public service, that on this day they may find their work filled with hope, justice and the grace of Your holy presence in all they do. Amen.

Rep. Francis Davis led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Carlson, Patricia Cote, Crowell, Dunham, Fenton, Flanagan, Franks, Karen Hutchinson, Langer, Benjamin Moore, Nolan-Piteri, Mary Ouellette, Seldin and Splaine, the day, illness.

Reps. Asplund, DePecol, Emerton, Flint, Golden, Hager, Hamel, Heon, Landers, Lynott, MacNeil, McGuirk, O'Keefe, Pantelakos, Marsha Pelletier, Perkins, John Pratt, Priestley,

Rabideau, Riley, Scanlan, Tsiros and Weatherspoon, the day, important business.

Rep. Michael Downing, the day, death in the family.

Reps. Bickford, Bishop, Dawe and Raynowska, the day, illness in the family.

INTRODUCTION OF GUESTS

Students from the Dondero Elementary School in Portsmouth, guests of Reps. Norelli and Pitts. Harold Matava, Russell and Mildred Elwell, Janet Anderson, Marilyn Ross, Ruth Steward, George and Helen Fryer and Robert Fortnam, guests of the Pembroke and Allentown delegations.

COMMUNICATIONS

January 7, 1999

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham 20, Jackie K. Weatherspoon, d, Exeter (53 Court Street) 03833

William M. Gardner, Secretary of State

January 20, 1999

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough 20, Donald Carlson, r, New Ipswich (PO Box 41) 03071

William M. Gardner, Secretary of State

AMENDMENT TO HOUSE RULE 64

Reps. Chandler and Burling moved that House Rule 64 be amended as offered by the Rules Committee.

March 11, 1999, Thursday. Last day to amend house rules by majority vote.

Reps. Lozeau and Burling spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar as printed in the day's House Record be adopted. Consent Calendar adopted.

HB 75, changing the number required for a quorum on the commission for human rights. **OUGHT TO PASS**

Rep. Howard C. Dickinson for Executive Departments and Administration: When the number of members of the commission for human rights was increased from 5 to 7 members in 1992, the members needed to make a quorum remained at 3. This bill increases the number of members necessary for quorum from 3 to 4, except that three members may sit to hear complaints, RSA 354-A:21,II(b). Vote 17-0.

HB 54, allowing simultaneous service of a demand for rent and a notice to quit. **OUGHT TO PASS**
Rep. James W. Craig for Judiciary: This bill provides a technical change in the landlord/tenant statute without affecting the rights of either landlords or tenants as they currently exist in that statute. The current statute requires a landlord in an eviction process to serve a demand for rent prior to serving a notice to quit upon a tenant. Today, there is no legitimate reason for this requirement in the statute and HB 54 corrects this by allowing a landlord to serve the demand for rent prior to "or simultaneously with" the notice to quit. Vote 19-1.

HB 72, relative to the seasons for fishing on certain large lakes. **INEXPEDIENT TO LEGISLATE**
Rep. Richard S. Brothers for Wildlife and Marine Resources: This bill seeks to expand the fishing season on large lakes. While a well intentioned idea, the legislature has always allowed the Fish and Game Department to set the fishing seasons, with the information they receive from their biologists. This has been the most effective way to manage the fish population in these lakes. Vote 18-0.

REGULAR CALENDAR

HB 102-FN, establishing a dedicated education trust fund. **INEXPEDIENT TO LEGISLATE**
Rep. O. Alan Thulander for Finance: The intent of this bill is to establish a dedicated fund to receive all proceeds from state aid or appropriations for educational support. The aim is to prevent any transfer or diversion of these funds to other than educational purposes. This bill, while having merit, is premature in that the final structure of the solution has yet to be formulated. This approach may possibly be included in the recommendation brought forward for House consideration. Vote 24-0.
Adopted.

HB 103-L, repealing the annual school tax rate to be assessed for the support of the public schools. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This bill repeals the annual school tax rate of \$3.50 (RSA 198:1) assessed since 1919 by selectmen for the support of public schools. However, in 1939 a tobacco tax was enacted (RSA 78) which set aside RSA 198:1 disclosing that "no direct state tax shall be levied on the cities and towns" while the tobacco chapter remains in effect. In short, this bill is unnecessary as the provisions of RSA 198:1 no longer apply. Vote 23-1.

Rep. Mirski spoke against.

Rep. Vaughn spoke in favor.

Rep. Gilman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Tuthill, John

and the report was adopted.

Reps. Carson, Gleason, Martel and Simon did not vote and wished to be recorded in favor.

HB 104, relative to the first property tax bill of 1999. **INEXPEDIENT TO LEGISLATE**

Rep. Jeffrey C. MacGillivray for Finance: While it is often prudent to plan for contingencies, at this time we expect that the New Hampshire legislature will enact legislation to address the Claremont ruling on time. In the event that we do not, we would need different legislation with considerably more provisions than are contained in this bill. We thank the sponsor for her suggestions, but we would prefer to only work on such legislation if it became necessary. Vote 24-0.

Adopted.

HB 111-L, relative to the validity and enforceability of certain obligations and indebtedness of municipalities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Vivian R. Clark for Finance: This bill provides "belt and suspender" protections for municipalities facing short-term Claremont-related problems. The bill allows banks to risk making small, short-term loans to municipalities this year, and absolves municipal officials from official and personal liability for borrowing those sums even if those loans would normally be repaid from school revenues which are not currently assured. The amendment permits school boards and towns to call special school district and town meetings until December 31, 1999 without court approval, if necessary to address issues created by any resolution of the Claremont lawsuit. Vote 23-0.

Amendment (0013h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the validity and enforceability of certain obligations and indebtedness of municipalities and allowing school districts and towns to hold special meetings to address issues raised by resolution of the Claremont lawsuit.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Special School District and Town Meetings Authorized. A school board may call a special school district meeting under RSA 197:3, without court approval, and a town may call a special town meeting under RSA 31:5, without court approval, to address any issues raised by resolution of the Claremont lawsuit. This authority shall expire no later than December 31, 1999.

AMENDED ANALYSIS

This bill makes valid and enforceable certain obligations and indebtedness of municipalities. The bill also allows school districts and towns to hold special meetings to address issues raised by resolution of the Claremont lawsuit on or before December 31, 1999.

Rep. Torr spoke in favor.

Adopted.

Report adopted and ordered to third reading.

HB 234-FN-A, relative to state matching funds for Federal Emergency Management Agency disaster assistance grants, and making appropriations therefor. **OUGHT TO PASS**

Rep. Charles L. Vaughn for Finance: In 1995 and in the winter and spring of 1998, ice and rain storms created disaster areas throughout New Hampshire. FEMA inspectors approved eligible costs associated with these disasters based on cost sharing set at 75% federal and 25% state. The 25%

state share reimburses state agency expenses and the full 12.5% of local expenditures for which the state is responsible. This requires \$621,710 from state general funds and \$213,127 from highway funds. Vote 18-0.

Adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the rules be so far suspended as to permit consideration at the present time of **HB 344-L**, relative to voting in official ballot school districts, without the required referral to committee, proper hearing and notice.

Adopted by the necessary two-thirds.

CONSIDERATION OF HB 344

HB 344-L, relative to voting in official ballot school districts.

Rep. Weber moved Ought to Pass.

Rep. Henderson spoke in favor.

Adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the rules be so far suspended as to permit the last day for sign-off of all House bills to be Thursday, January 28, 1999 at 5:00 p.m.

Rep. Lozeau spoke in favor and yielded to questions.

Adopted by the necessary two-thirds.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, February 10, 1999 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 75, changing the number required for a quorum on the commission for human rights.

HB 54, allowing simultaneous service of a demand for rent and a notice to quit.

HB 111-L, relative to the validity and enforceability of certain obligations and indebtedness of municipalities and allowing school districts and towns to hold special meetings to address issues raised by resolution of the Claremont lawsuit.

HB 234-FN-A, relative to state matching funds for Federal Emergency Management Agency disaster assistance grants, and making appropriations therefor.

HB 344-L, relative to voting in official ballot school districts.

UNANIMOUS CONSENT

Reps. Burnham and Dolan addressed the House.

RECOGNITION

The House observed a moment of silence in the memory of teacher and astronaut Christa McAuliffe.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 11:00 a.m.

RECESS

(Rep. Whalley in the Chair)

RESOLUTION

Rep. Clegg offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 345 through 390, and House Joint Resolutions numbered 2 through 4, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HJR's**First, second reading and referral**

HB 345-FN, relative to harassment via the Internet. (Stone, Rock 7; Dolan, Rock 12; Knowles, Straf 11; Christie, Rock 22; J. King, Dist 18; Trombly, Dist 7: Criminal Justice and Public Safety)

- HB 390-L**, relative to lengthening the polling hours in towns. (MacGillivray, Hills 21: Election Law)
- HJR 2**, urging that federal air pollution programs not punish early adopters of air pollution control technology. (MacGillivray, Hills 21: Science, Technology and Energy)
- HJR 3**, urging ISO-New England to adopt policies furthering the state's interest in electric utility restructuring. (MacGillivray, Hills 21: Science, Technology and Energy)

HJR 4, urging the federal government to support telephone number conservation. (MacGillivray, Hills 21: State-Federal Relations and Veterans Affairs)

RECESS

(Rep. Buckley in the Chair)

SENATE MESSAGE

CONCURRENCE

HB 111-L, relative to the validity and enforceability of certain obligations and indebtedness of municipalities and allowing school districts and towns to hold special meetings to address issues raised by resolution of the Claremont lawsuit.

HB 234-FN-A, relative to state matching funds for Federal Emergency Management Agency disaster assistance grants, and making appropriations therefor.

HB 344-L, relative to voting in official ballot school districts.

RESOLUTION

Rep. Vaillancourt offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 391 through 399 and 401 through 411, House Joint Resolution numbered 5 and Constitutional Amendment Concurrent Resolutions numbered 11 through 13, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.
Adopted.

INTRODUCTION OF HOUSE BILLS, HJR and CACRs

First, second reading and referral

HB 391, establishing a village plan alternative in zoning and land use planning laws. (Mirski, Graf 12; M. Fuller Clark, Rock 36: Municipal and County Government)

HB 392, relative to exemptions from required child immunizations. (Richardson, Ches 12; Peterson, Hills 8; Norelli, Rock 31; Hunt, Ches 10; Bradley, Carr 8: Health, Human Services and Elderly Affairs)

HB 393-FN-A, establishing a sunset review process for state agencies and making an appropriation therefor. (Mirski, Graf 12; Scanlan, Graf 11: Legislative Administration)

HB 394-L, enabling towns, cities, and village districts to assess property taxes for certain services on charitable organizations. (Dickinson, Carr 2; Bickford, Straf 1; Mock, Carr 3; J. Phinizy, Sull 7: Municipal and County Government)

HB 395-FN-A, establishing a pilot program of matching grants and optional local tax exemptions to preserve historic agricultural structures in New Hampshire and making an appropriation therefor. (Thulander, Hills 6; M. Fuller Clark, Rock 36: Environment and Agriculture)

HB 396, establishing April 6 of each year as New Hampshire Tartan Day. (Avery, Ches 8; McGough, Hills 18; M. Fuller Clark, Rock 36; K. MacDonald, Carr 7; Johnson, Dist 3; Gordon, Dist 2; Wheeler, Dist 21; Larsen, Dist 15: Executive Departments and Administration)

HB 397, establishing a 4-year term for the commissioner of the department of corrections. (Burling, Sull 1: Executive Departments and Administration)

HB 398, relative to prayer in the public schools. (M. Nowe, Rock 4; G. Katsakiores, Rock 13, R. Nowe, Rock 3; Rose, Ches 13; LaPorte, Hills 39; Brown, Dist 17; Francoeur, Dist 14; Krueger, Dist 16: Education)

HB 399, allowing the secretary of state to have flexibility in moving the date of New Hampshire's presidential primary. (Splaine, Rock 34; Flanagan, Rock 14: Election Law)

HB 401, relative to the International Trade Corridor and Border Crossing Planning and Development Program. (Guay, Coos 6: Public Works and Highways)

HB 402, establishing a commission to study the use of a surcharge to promote the use of renewable energy sources. (Gilmore, Straf 11; Bradley, Carr 8; Norelli, Rock 31: Science, Technology and Energy)

HB 403, relative to speed limits on Turtle Town Pond in Concord. (T. Reardon, Merr 23; Larsen, Dist 15: Transportation)

HB 404, establishing a committee to study the implementation of a means-testing grant program within the university system of New Hampshire. (Hinman, Graf 7; Rollo, Straf 10; MacNeil, Graf 7; Scanlan, Graf 11: Education)

HJR 8, urging the Federal Energy Regulatory Commission to change the structure of the New England Individual Service Organization (ISO). (Gilmore, Straf 11; Below, Dist 5: Science, Technology and Energy)

RECESS

(Speaker Sytek in the Chair)

Rep. Whalley moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 5

Wednesday, February 10, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Lynn Johnson, Pastor of the West Rumney Community Church.

God of eternity, God of this moment, You have shaped and molded our history and You hold our future. Renew our awareness of Your presence and renew our commitment to the compassion, the love and the unity that are hallmarks of Your presence. Remind us anew of Your power and make us defenders of the powerless. Remind us once more of Your love, and make us willing to act as brothers and sisters of all whom You have created. Remind us, in all our moments, of Your presence, and may we be aware that our lives and our actions are within Your sacred sight. May Your spirit of love and care bind us to those who are ill, hurt and in mourning. May our care for them become part of Your loving embrace which holds them. Amen.

Rep. David Lawton led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Allison, Avery, Julie Brown, Patricia Cote, Courchesne, Crowell, Densmore, Golden, Langer, Benjamin Moore, Moriarty, Mosher, Nolan-Piteri, St. Hilaire and Turgeon, the day, illness.

Reps. Bartlett, Carlson, Carson, Copenhaver, Flint, Fraser, Griffin, Picconi, Priestley and Weatherspoon, the day, important business.

Reps. Hunt and Haley, the day, death in the family.

Rep. Dawe, the day, illness in the family.

INTRODUCTION OF GUESTS

Barbara Brewster, guest of Rep. Brewster. Former NH Rep. Richard Trelfa and Mrs. Trelfa, guests of Reps. Franks and Musler. Aaron Bickford, son of Rep. Bickford.

SPECIAL GUESTS

The New Hampshire Class I state girl's soccer championship team from Souhegan High School in Amherst, guests of the House.

HOUSE RESOLUTION NO. 10

affirming revenue estimates for fiscal year 1999.

Whereas, the House Finance Committee has considered what the unrestricted revenue estimates should be for fiscal year 1999 and has presented those estimates to the House of Representatives; now, therefore, be it

Resolved by the House of Representatives:

That the House wishes to go on record as affirming the following revenue estimates for fiscal year 1999.

Committee estimates are based on current rates.

Rep. Alukonis moved that the House adopt HR 10.

Rep. Alukonis spoke in favor and yielded to questions.

Adopted.

LAID ON THE TABLE

Rep. Alukonis moved that **HR 10**, affirming revenue estimates for fiscal year 1999, be laid on the table.

Adopted.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 101, establishing an educational commission to ensure the right of each child to an equal and adequate education, removed by Rep. DiFruscia.

HB 296-FN-L, consolidating the number of school administrative units to one in each county, removed by Rep. Rubin.

Consent Calendar adopted.

HB 81, establishing a committee to study the structure of the school administrative unit system in New Hampshire. **INEXPEDIENT TO LEGISLATE**

Rep. Marie Rabideau for Education: This bill would establish another SAU study committee. There have been 12 SAU studies completed since 1962, seven of which took place since 1990. The findings of these past studies are on file and available to those who wish to research the topic. The committee felt that there was insufficient evidence warranting a new study when others had taken place so recently. Vote 17-0.

HB 95-L, relative to the establishment of educational programs for academically gifted pupils **INEXPEDIENT TO LEGISLATE**

Rep. Charles Yeaton for Education: This legislation has the laudable intention of focusing efforts on gifted students. However, a program developed by the State Board of Education could make it difficult for districts, which now operate or are establishing programs for their own gifted students. Local school districts meet the unique needs of these students. Also, there is no commonly accepted definition of a gifted student. Vote 13-0.

HB 231, relative to approval of applications in the charter schools pilot program. **OUGHT TO PASS**

Rep. Susan B. Durham for Education: This is a technical change, to remove material which was inadvertently left in last year in a committee of conference. Language is removed from the original charter school legislation limiting charter schools to two per executive council district. This language clarifies the intent to remove barriers that make charter schools difficult to initiate. Vote 13-0.

HB 273-FN-L, relative to annual grants for school building aid. **RE-REFER TO COMMITTEE**

Rep. Robert E. McKinley for Education: This legislation addresses possible existing inequities related to school building aid. The committee feels it would be more appropriate to address this issue in depth, after the funding mechanisms related to the Claremont II requirements are finalized. Vote 18-0.

HB 295-FN-L, relative to alternative kindergarten programs in cooperative school districts. **OUGHT TO PASS WITH AMENDMENT**

Rep. Clair A. Snyder for Education: This bill clarifies the opportunity to cooperative school districts to offer kindergarten programs in public and non-public, non-sectarian schools or facilities. All other conditions are contained in the original kindergarten bill. The amendment corrects a grammatical error. Vote 18-0.

Amendment (0047h)

Amend RSA 198:15-l, II (c) as inserted by section 1 of the bill by replacing it with the following:

(c) To operate an alternative kindergarten program, in a cooperative school district, that contains a combination of programming from public and nonpublic, non-sectarian schools or facilities, subject to the approval of the cooperative school board under RSA 195.

Amend RSA 198:15-n, IV (a) as inserted by section 2 of the bill by replacing it with the following:

(a) A description of the alternative kindergarten program, *which may include a combination of programming from public and nonpublic, non-sectarian schools or facilities.*

AMENDED ANALYSIS

This bill clarifies that cooperative school districts may operate an alternative kindergarten program which may contain a combination of public and nonpublic, non-sectarian programs or facilities.

HB 60, relative to meetings of the ballot law commission OUGHT TO PASS

Rep. Mary Lou Nowe for Election Law: The committee unanimously supported the need for three (3) members to be physically present at all ballot law commission meetings. Under this bill communication by telephone or electronic means would not be allowed as it has been in the past. Vote 16-0.

HB 227, establishing a committee to study the maintenance of voter checklists. OUGHT TO PASS

Rep. Janet S. Arndt for Election Law: The committee unanimously supports the study of the maintenance and integrity of the voter checklists. Procedures related to the 10-year verification and periodic removal of voters from the checklist will also be examined. It was brought to the committee's attention that these procedures were not always followed. The study committee will recommend legislation to correct the problems areas. Vote 14-0.

HB 228, clarifying permissible political expenditures. OUGHT TO PASS

Rep. Raymond Buckley for Election Law: This bill clarifies when a person is a candidate for the purpose of the voluntary expenditure limit for major office. The bill specifies that any expenditure made after January 1st of the election year shall be counted against the limit. Vote 17-0.

HB 284-L, relative to recount procedures in school districts. OUGHT TO PASS WITH AMENDMENT

Rep. Lynn C. Horton for Election Law: This sets up recount procedures for school districts. Tie votes and recounts shall be handled in the same manner as they are in town elections. Vote 12-0.

Amendment (0028h)

Amend the bill by replacing all after the enacting clause with the following:

1 School District Elections; Post-Election Procedure; Tie Votes and Recounts; Questions. Amend the introductory paragraph of RSA 671:32 to read as follows:

Tie votes and recounts in school district elections shall be handled in the same manner as in town elections as provided in *RSA 40:4-c and 40:4-d and in RSA 669:30-669:36*, except as specified herein:

2 Effective Date. This act shall take effect upon its passage.

HB 96, establishing an age limit for appointment of retired justices to serve as temporary supreme court justices. INEXPEDIENT TO LEGISLATE

Rep. Rep. Tony F. Soltani for Judiciary: The bill seeks to reconcile the apparent inconsistency between the constitutional age limit on judges and the law which has been interpreted to permit the selection of a retired justice, over the age of 70, to preside over individual cases. The clerk of the supreme court submitted testimony which indicates that where the constitution is silent, the legislature may exercise its prerogative. In this light, it is inexpedient to make a valuable and free resource unavailable for service. Vote 14-0.

HB 62-L, relative to the definition of an abutter for planning and zoning notification purposes. INEXPEDIENT TO LEGISLATE

Rep. Linda T. Foster for Municipal and County Government: The committee believes that the current definition of abutter for notification purposes in local land use board proceedings is both adequate and appropriate. Moreover, if any municipality wishes to enact a more stringent definition, it may do so in its own regulations. Vote 13-0.

HB 71-FN-L, relative to authorizing agreements for the determination of each municipality's share of county costs. RE-REFER TO COMMITTEE

Rep. Richard C. Leone for Municipal and County Government: The committee agreed that the subject of determining each municipality's share of county taxes needed further study. For example, the question as to whether it would be feasible to offer enabling legislation to allow the county delegation to enter into articles of agreement similar to those used by consolidated school districts would need much dialogue and review. Vote 14-0.

HB 77, relative to the Melendy Pond Authority of Brookline, New Hampshire. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill seeks to "legalize" the Melendy Pond Authority in the town of Brookline. This authority was established, without the required state approval, by the town more than fifty years ago. It supervises what was originally the "town forest" and is now an area of summer camps. Private individuals own the camps, which are located on lots leased from the authority. The New Hampshire Supreme Court recently decided a case involving this area. Because of this opinion, the town and authority have recently asked the Committee to suspend further action on this bill. The Committee believes that this bill as presented is inadequate to deal with this situation, particularly considering the potential implications of the court opinion. Vote 16-0.

HB 207-FN-A, directing the office of state planning to conduct a study of the effects of sprawl in the state and making an appropriation therefor. OUGHT TO PASS

Rep. Robert W. Brundige for Municipal and County Government: This bill appropriates funds to conduct a study of the effects of sprawl in the state. This study will determine how to protect and preserve New Hampshire's historic and rural character in the face of development pressures. Vote 14-0.

HB 217-L, relative to conditions on net income for an elderly exemption from property taxes. INEXPEDIENT TO LEGISLATE

Rep. Thomas E. P. Rice for Municipal and County Government: This bill calls for giving an exemption to Medicare insurance recipients that is not available to persons covered under other forms of insurance. This has the effect of discriminating against those other insurance payers and is therefore not equitable. Vote 14-0.

HB 247, relative to voting by secret ballot at town meetings. INEXPEDIENT TO LEGISLATE

Rep. Betsey L. Patten for Municipal and County Government: The committee felt this legislation was unnecessary. RSA 40:4 1 states that the moderator shall "preside at the town meeting. . . and may prescribe rules of proceedings." This indicates that the moderator already has the ability to call for a secret ballot at his/her discretion, with the provision that those rules may be altered by the town meeting. Vote 13-0.

HB 285, providing that equalized value of property in small towns be calculated as a multi-year average. RE-REFER TO COMMITTEE

Rep. Anthony F. Simon for Municipal and County Government: This bill seeks to address the problem of spikes and dips in property valuation in towns with a population of less than 5,000 by requiring that valuations be equalized by calculating that value as an average of town valuation for the most recent three years. The sponsor has requested re-referral pending our solution of the Claremont II situation and the Department of Revenue Administration has expressed serious concern regarding several effects of the bill. The Committee believes that this proposal is worthy of further consideration however. Vote 15-1.

HB 332, establishing a committee to study the relationship between Plymouth state college and the town of Plymouth. INEXPEDIENT TO LEGISLATE

Rep. Paul A. McGuirk for Municipal and County Government: This bill is well intended. However, the issue of tax-exempt status of the university system properties is one the Municipal and County Government Committee has previously studied extensively. The Committee would urge host communities to open dialogue directly with appropriate officials to achieve some consensus. Vote 15-0.

HB 59-FN, relative to upgrading a portion of U.S. Route 3. INEXPEDIENT TO LEGISLATE

Rep. Bernard J. Raynowska for Public Works and Highways: The study has been done by the Department of Transportation. The 10 year plan already includes sections that would be included with this bill. The sponsor agreed to report this bill Inexpedient to Legislate. Vote 19-0.

HB 86-A, making a capital appropriation for renovation of the Sawyer House at the Daniel Webster Birthplace in the city of Franklin. RE-REFER TO COMMITTEE

Rep. Paul I. LaMott for Public Works and Highways: This bill will allow further effort on behalf of the committee to establish possible joint effort of private sector, Department of Resources and

Economic Development and local funding. There are other properties under the stewardship of DRED that currently have private sponsors. The committee is in hope of finding a way to make the Webster birthplace more prominent and receive the attention that it rightly deserves. The sponsors have agreed to facilitate an effort to coordinate this effort with other interested parties. Vote 18-0.

HB 257-FN-A, to construct a noise barrier along a portion of I-95 and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Bernard J. Raynowska for Public Works and Highways: The Department of Transportation has already started the work with the residents in the area addressed by this bill. The committee has been assured that all parties are very happy and the funding is coming from current DOT budgets. Vote 17-0.

HB 93, permitting a dam to be constructed on Rand Pond in Goshen. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: Both legislative authorization and a dam permit from Department of Environmental Services is required to construct a new dam or rebuild a dam on a great pond. This bill is merely the legislative or first step in the process. If the town wishes to proceed with construction, it will need to obtain all pertinent permits from DES for dam construction and wetland disturbance. All the testimony and the DES supported this bill. Vote 13-0.

HB 248, relative to the Monadnock advisory commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. H. Charles Royce for Resources, Recreation and Development: This bill as amended is a common sense approach to allow the Monadnock Advisory Commission to accept gifts, donations, or grants to be used exclusively to further the purposes of the commission formed under RSA 227-D. Since 1975, when the commission was formed by the legislature, it has had many offers of donations to be used exclusively on Mt. Monadnock and its environs. (Gap Mt. And Little Monadnock). This bill also sets the stage for the commission to apply for tax exempt status with the IRS for all gifts and donations to the commission. Vote 13-0.

Amendment (0019h)

Amend 227-D:5-a as inserted by section 1 of the bill by replacing it with the following:

227-D:5-a Acceptance of Gifts. The commission may accept any gifts, donations, or grants from any source whatsoever, provided said gifts, donations or grants so received shall be used exclusively to further the purposes of this chapter.

HB 249, relative to the membership of the rivers management advisory committee. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This bill adds a member to the Rivers Management Advisory Committee to be nominated by the New Hampshire Farm Bureau Federation. With the present level of development pressure and non-point pollution concerns, it seems reasonable to have voting representation for agriculture on the RMAC. Including an agricultural representative may also alleviate some of the apprehensions of those in the farm community regarding the impact on their livelihood of some of the policies and practices of the RMAC. Vote 13-0.

HB 57, relative to visiting traps. **INEXPEDIENT TO LEGISLATE**

Rep. Richard E. Fletcher for Wildlife and Marine Resources: After hearing all testimony with no opposition to the law as it now exists, the committee recommended that this bill be Inexpedient to Legislate. Vote 15-1.

HB 73, extending the reporting date of the commission to study the effects of and jurisdiction over alternative agricultural products. **OUGHT TO PASS**

Rep. William R. Phinney for Wildlife and Marine Resources: This was a bill that went to interim study from last session. After several meetings held over the summer months and the changing of the 800 series of rules by the Fish and Game Department, it was agreed by all parties involved to extend the reporting date for the two years (2000), to see if the new rules drafted by Fish and Game would solve the situation. Vote 16-0.

HB 219, banning certain uses of artificial light to take wildlife. **INEXPEDIENT TO LEGISLATE**
Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill as introduced appears to remedy one isolated incident. Its impact would limit important recreational opportunities to view wildlife, put legitimate shining at risk and would affect (as an unintended consequence) the summer loon survey in the Lakes Region. Vote 19-0.

HB 280-FN, establishing a point system for the annual moose permit lottery. **RE-REFER TO COMMITTEE**

Rep. Robert J. L'Heureux for Wildlife and Marine Resources: After extensive testimony from constituents, fish and game club and sportsmen, the committee felt the bill had merit and should be studied further. Vote 19-0.

REGULAR CALENDAR

CACR 8, relating to legislative review of any broad-based tax enacted after January 1, 1999. Providing that any broad-based tax enacted after January 1, 1999 shall be subject to legislative review every 2 years. **INEXPEDIENT TO LEGISLATE**

Rep. Susan W. Almy for Finance: This bill provided for a well-intended review of broad-based taxes. However, a biennial repeal of such taxes used as the primary source of education funding in the state would put a severe burden of uncertainty on our school districts, and force future legislators to devote time to reviewing the issue whether or not there is a felt need to do so. The committee believes the needed protection exists in the ability of any legislator to put in a bill each biennium to repeal any tax. Vote 18-0.

Adopted.

CACR 9, relating to certain statewide taxes dedicated to funding public education. Providing that all revenues raised by a state income tax, statewide property tax, sales tax, or gross receipts tax shall be dedicated to funding public education. **INEXPEDIENT TO LEGISLATE**

Rep. Susan W. Almy for Finance: The committee may well want to dedicate the funding source passed for the Claremont solution using a CACR. Two CACR's were received for this purpose, and CACR 10 has been held because it focuses more closely on a single revenue source. Vote 24-1.

Adopted.

HB 105, requiring legislative review and reauthorization of any state broad-based tax every 2 years. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: This bill required legislative review and possible reauthorization of any state-imposed broad-based tax adopted on or after January 1, 1999. Any tax not re-authorized would be automatically repealed two years following its effective date. This bill, while well intentioned, is unnecessary as stand-alone legislation. To the extent thought appropriate, these concepts could be included in any final Claremont educational bill. Vote 18-0.

Adopted.

HB 106-L, replacing temporarily the rate of the annual school tax with a rate to be set by the commissioner of the department of revenue administration and repealing the provision of the tobacco tax chapter that prohibits a direct state tax as long as the tobacco tax is in effect. **INEXPEDIENT TO LEGISLATE**

Rep. O. Alan Thulander for Finance: This bill would replace the current state school property tax rate of \$3.50 with a rate to be determined by the Commissioner of Revenue Administration. It also repeals RSA 78:20 which prohibits a direct state property tax as long as a tobacco tax is in effect. Since both of these issues must be addressed should a state-wide property tax be proposed as part of the Claremont solution, the bill was deemed unnecessary. Vote 24-0.

Rep. Alger spoke against.

Rep. Thulander spoke in favor.

Adopted.

HB 107-FN-A, establishing a tax review and adjustment study commission and making an appropriation therefor. **RE-REFER TO COMMITTEE**

Rep. William S. Belvin for Finance: The bill's purpose is to form a commission to study the impact of any school funding decisions made by April 1, 1999 on the balance of the existing state tax

structure. The study and recommendations include an interim report on December 1, 1999 and a final report on April 1, 2000. \$50,000 is appropriated to fund the commission's work. The study's focus is on who pays which tax and its impact on the economy, jobs, family and community. The bill has merit in that there will almost certainly be unintended consequences of our Claremont funding choices, as well as clarifications and adjustments. The bill may be a good vehicle to deal with such issues. However the bill's tight timing does not allow Claremont repercussions to be sufficiently developed or fully understood. Consequently the committee unanimously voted for re-refer. Vote 18-0.
Adopted.

HB 110-FN-L, authorizing each town and city to determine its methods of raising revenue to fulfill its obligation to fund public elementary and secondary education. **INEXPEDIENT TO LEGISLATE**

Rep. Steve Vaillancourt for Finance: While the committee appreciates the efforts of the sponsors to provide local communities with maximum control over their revenue sources, constitutional problems could arise. If, for example, each city and town chose to continue to use a local property tax to fund education, the Court's proportional requirement would not be met. Beyond the constitutional question, the committee fears that this method of raising revenue would leave us with a confusing mix of taxes in any given area. For example, Manchester could have an income tax, Bedford a sales tax, Londonderry an increased gasoline tax, and Derry a consumption tax, etc. Additionally, there's a real danger that this system would pit town against town. A shopping hub, for example, could conceivably raise necessary money by implementing a sales tax which would be assessed to not only its own citizens but also to those of surrounding towns which might have to use a property tax. The resulting double or triple taxation would be unfair Vote 18-0.

Rep. Mirski spoke against.

Reps. Vaillancourt and Burling spoke in favor.

Rep. Alger moved Re-commit to Committee.

Rep. Kurk spoke against.

Rep. Alger requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

and the motion failed.

Rep. Larrabee did not vote and wished to be recorded in favor.

MOTION TO LAY ON THE TABLE

Rep. Mirski moved that **HB 110-FN-L**, authorizing each town and city to determine its methods of raising revenue to fulfill its obligation to fund public elementary and secondary education be laid on the table.

The motion failed.

The question now being the adoption of the committee report.

Adopted.

MOTION TO SPECIAL ORDER

Rep. Bradley moved that **HB 114-FN-A-L**, establishing a local property tax education homestead allowance against school taxes on residential real estate, establishing a fund to reimburse municipalities for such exemptions, and making an appropriation therefor, be made a Special Order for Tuesday, February 16, 1999 in the Regular Calendar order.

Reps. Kurk and Nordgren spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 115-FN-L, relative to an interim plan authorizing an annual tax for the support of a minimally adequate education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: The bill sets up an interim school funding plan for a year by establishing an adequate education as completion of 4th grade, setting school tax assessment at 3.50 per \$1000. It would cost \$357,987,211, derived by multiplying 65,276 students by cost per pupil of \$5,482. The committee applauds the sponsor's effort at a temporary solution to funding an adequate education. Nonetheless, the committee wishes to meet the Supreme Court's requirement for all grades, K-12 and avoid continuing litigation. Vote 22-3.

Adopted.

HB 118-FN-A-L, dedicating revenues resulting from future increases in the meals and rooms tax for purposes of funding public education. **INEXPEDIENT TO LEGISLATE**

Rep. Franklin G. Torr for Finance: This bill would dedicate any increase in the meals and rooms tax to funding primary and secondary education. Legislation in 1993, SB 170, Chapter 352, has a provision to distribute revenue from the meals and rooms tax, sixty percent to the state and forty percent to cities and towns by a progression formula. The committee did not want to interfere with this distribution formula nor is there anticipation of a meals and rooms tax increase. Vote 25-0.

Adopted.

HB 119-FN-A, establishing a 3 percent sales tax. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: The committee appreciates the sponsor's efforts in bringing forward a proposal for a straightforward sales tax levied at a rate of 3% to fund public education. However, as it labors to reduce the total number of education funding bills currently under consideration, the committee has found that an alternative tax proposal (HB 116, a consumption tax) provides a preferred and more comprehensive vehicle for further consideration. Additionally, as a "stand alone" proposal, the plan would not solve our current crisis in that imposition of the tax would only generate \$295.6 million. Unless the bill's proposed tax rate is at least doubled (6%), or trebled (9%) (a prospect that the committee does not endorse), this proposal must only be considered in concert with other funding proposals. That task is more effectively achieved in HB 116. Vote 25-0.

Adopted.

HB 120-FN-A-L, relative to a statewide school tax on income for purposes of funding a constitutionally adequate education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE** Rep. Jeffrey C. MacGillivray for Finance: After lengthy discussion with the sponsor on both the original bill and a proposed amendment, the committee concluded that it would prefer to use HB 109 as a vehicle for any income taxation legislation. Therefore, this bill is no longer necessary. We thank the sponsor for his time and his suggestions, which we will consider in conjunction with other income tax proposals. Vote 22-1.

Rep. Phinizy spoke against.

Rep. Jacobson spoke against and yielded to questions.

Reps. MacGillivray and Alukonis spoke in favor.

Rep. Lyman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Dudley voted Nay and intended to vote Yea.

Rep. Larrabee did not vote and wished to be recorded in favor.

HB 121-FN-A-L, relating to the funding of education through the establishment of video lotteries at racetracks and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: Licensed video lottery machines and gaming are authorized by this bill for installation and use at the state's four existing pari-mutuel racetracks. No other locations are authorized. Local communities must adopt the bill's provisions to establish these video lottery sites. The financial provisions place education funding last after distributions to support the racing industry and affiliated organizations. The fiscal note shows the net education funds from 2,000 machines to be \$29.2 million. This figure might increase if the revenue per machine and number of authorized machines expand beyond the current estimate.

A majority of the committee believes that the potential social costs and consequences of expanded gambling were not adequately taken into account. The bill was opposed by the NH Attorney General and the Chiefs of Police among others who pointed out the potential for increased crime related to this form of gambling.

There are other financial concerns, too. Existing businesses, such as restaurants that already pay meals tax, might suffer as consumers' discretionary spending moves toward video lotteries and away from existing businesses. It is also clear that Massachusetts would be much more likely to establish similar video lotteries to keep their residents' money at home.

The creation of four sanctioned monopolies to the exclusion of any other potential licenses or applicants would injure competition and is unfair. Finally, any incremental gambling legislation should give primacy to generating education revenue as its first objective, not last Vote 19-6.

Adopted.

MOTION TO INDEFINITELY POSTPONE

Rep. Boyce moved that **HB 121-FN-A-L**, relating to the funding of education through the establishment of video lotteries at racetracks and making an appropriation therefor, be indefinitely postponed.

Clerk's note: At this point, Rep. Wallin moved to table the pending question, and that motion was adopted on a division vote. However, since the pending question was Rep. Boyce's motion to indefinitely postpone HB 121, the motion to table is not permitted under the rules of the House (House Rule 10). Without objection the motion to table and the resulting division vote were removed from the record of the day's proceedings.

Rep. Boyce withdrew his motion.

REGULAR CALENDAR (CONT'D.)

HB 122-FN-A-L, establishing a 3 percent personal income tax on income earned in New Hampshire to fund public education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**
Rep. Norman L. Major for Finance: This bill establishes a 3 percent tax on income earned in New Hampshire as another source of funding for education and also establishes a dedicated education trust fund to hold all sweepstakes proceeds, income tax revenues and all other appropriated funds for education. There are some good ideas in this bill, but the committee believes that if an income tax is to go forward, the proposal in HB 109 is a better approach. Vote 23-0.

Adopted.

HB 123-FN-A-L, establishing a statewide flat property tax as a source of funding for public education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Jeffrey C. MacGillivray for Finance: This bill to establish a statewide property tax contains many good and valuable ideas; the committee thanks its sponsor. The committee has chosen to keep HB 108, a bill with more provisions and with more sponsors, as a vehicle for a statewide property tax. Therefore, HB 123 can be reported inexpedient to legislate. Vote 25-0.

Adopted.

HB 124-FN-A-L, establishing a one percent personal income tax to fund public education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: This bill establishes a one percent personal income tax as a funding source for education, which would be added to Sweepstakes and other general fund revenues. These monies would be deposited in a newly created and dedicated education fund, for distribution to school districts. The interest and dividends tax is repealed. After deductions and adjustments, the revised fiscal note shows a net amount of \$52 million would be raised. The bill also establishes an education adequacy grant process based on \$5,000 per elementary and high school student which would appropriate \$1.076 billion in FY 2001. This amount would grow each year thereafter.

The bill does not yield a Claremont solution due to the large differences in revenue and appropriation, so the committee chose to use other bills to carry forward income tax proposals. However, the bill has raised a useful discussion of the potential cross border (NH and MA) treatment of income taxes, which may be applied to other legislation. Vote 22-3.

Reps. William McCarthy and Robertson spoke against.

Rep. Belvin spoke in favor and yielded to questions.

Rep. McCarthy requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. David Young did not vote and wished to be recorded in favor.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR (CONT'D.)

HB 269-L, relative to the disbursement of foundation aid. **INEXPEDIENT TO LEGISLATE**
Rep. Susan B. Durham for Education: This bill would require that foundation aid be paid directly to the treasurer of a city or town. The resolution to the Claremont II decision will change foundation aid as we know it. The distribution method for local school aid will be, therefore, addressed in the Claremont solution. This bill is not needed. Vote 16-2.
Adopted.

CACR 3, relating to requiring that the attorney general be elected by the legislature. Providing that the attorney general be chosen by joint ballot of the senators and representatives. **INEXPEDIENT TO LEGISLATE**

Rep. Lynn C. Horton for Election Law: The committee believes that the attorney general would spend too much of his time trying to get elected instead of doing his job Vote 17-0.
Adopted.

CACR 4, relating to the election of the attorney general by the people. Providing that the attorney general shall be elected by the people every 2 years in the state general election. **INEXPEDIENT TO LEGISLATE**

Rep. Lynn C. Horton for Election Law: The committee found that this same bill has been turned down by the House 7 times in the past few years. It makes the office too political. Vote 17-0.

Rep. Kennedy spoke against.

Rep. Arndt spoke in favor.

On a division vote, 276 members having voted in the affirmative and 35 in the negative, the report was adopted.

Rep. Withee did not vote and wished to be recorded in favor.

CACR 5, relating to: voting and elective rights of incarcerated felons. Providing that no felon, from the time of conviction until final discharge of sentence, shall vote in an election, become a candidate, or hold public office. **RE-REFER TO COMMITTEE**

Rep. Janet S. Arndt for Election Law: This CACR adds felon to the reasons for removing the right to vote in New Hampshire. The committee felt that more study was needed before making this change. Vote 17-0.

Adopted.

HB 74, relative to absentee voter lists. **INEXPEDIENT TO LEGISLATE**

Rep. Christine M. Konys for Election Law: The committee felt that further restricting the public's right to know of those voters who requested absentee ballots would not stand up in court and would be a bad policy to institute. Vote 12-6.

Adopted.

HB 76, relative to voter checkout and depositing ballots. **INEXPEDIENT TO LEGISLATE**

Rep. Natalie S. Flanagan for Election Law: The committee believes that the laws should be uniform all over the state and checkout procedures should continue to be used where there are paper ballots. Vote 14-3.

Adopted.

HB 240, prohibiting the reintroduction of wolf populations to the state of New Hampshire. **MAJORITY: OUGHT TO PASS MINORITY: INEXPEDIENT TO LEGISLATE**

Rep. Richard E. Fletcher for the Majority of Wildlife and Marine Resources: The proponents of this bill are opposed to the re-introduction of wolves to New Hampshire, not opposed to the wolf returning to New Hampshire naturally. Much discussion and debate has been held on this issue as recently as last fall's program at the AMC (Appalachian Mountain Club) Headquarters in Pinkham Notch. The owners of the public land in the North Country that would be the location of any re-introduction effort as well as the majority of North Country citizens are opposed to wolf re-introduction as evidenced by the more than 2,000 signatures gathered in support of this bill. The New Hampshire Fish and Game Department, the Fish and Game Commission, New Hampshire Farm Bureau, New Hampshire Timberland Owners, New Hampshire Wildlife Federation, and many sporting clubs all testified in support of HB 240. Naturally return, fine. Artificially re-introduced, no. Vote 12-7.

Rep. Dennis F. Abbott for the Minority of Wildlife and Marine Resources: This bill is truly unnecessary legislation. The fact that the Endangered Species Act requires the feasibility of re-introducing wolves to the northeast be explored is not cause to enact policy when no program or action is proposed. Passing this legislation only precludes our state agencies from participating in the debate. While agreeing that we may not have the necessary habitat nor the social conditions to support their presence, it is important that we maintain a dialogue with those interested parties and not be viewed as being closed minded. Additionally, testimony offered indicated that their presence would not interfere with current forestry practices while, in fact, timber harvesting creates habitat preferred by wolves and other animals. At the very least we should cast aside our fears and misconceptions and no longer be intimidated by an idea and allow the process of discussion to proceed when and if an action of some type is actually proposed.

Rep. Abbott spoke against and yielded to questions.

Rep. McKinney spoke in favor and yielded to questions.

Rep. Herman requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Ordered to third reading.

HJR 1, requesting that the federal government prohibit the U.S. Fish and Wildlife Service or other federal agency from introducing wolf populations to the northeastern United States, especially New Hampshire. **OUGHT TO PASS**

Rep. Allen K. MacNeil for Wildlife and Marine Resources: Since the majority of the committee followed the recommendations of the New Hampshire Fish and Game Department, Fish and Game Commission, New Hampshire Wildlife Federation, and others in recommending HB 240 Ought to Pass, it naturally follows to support a resolution letting the federal government know our stand on the wolf re-introduction issue. Vote 12-7.

Adopted and ordered to third reading.

HB 101, establishing an educational commission to ensure the right of each child to an equal and adequate education. **INEXPEDIENT TO LEGISLATE**

Rep. Elizabeth Hoadley for Education: To establish an educational commission at this time is not well timed. Members of this committee believe a sound definition of an "adequate" education is already in law. The House is currently working on issues of costing and funding. This legislation requires a report date of November 1, 1999. There is no reason to believe the court would look favorably on extending the April 1, 1999 deadline. Vote 17-0.

Rep. DiFruscia spoke against and yielded to questions.

Rep. Hoadley spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Belanger moved that **HB 101**, establishing an educational commission to ensure the right of each child to an equal and adequate education be laid on the table.

The motion failed.

The question now being the adoption of the report.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 296-FN-L, consolidating the number of school administrative units to one in each county. **INEXPEDIENT TO LEGISLATE**

Rep. Brien Ward for Education: This bill would eliminate local control of school administrative units (SAU's). The number of school administrative units (SAU's) would decrease from 79 to 10. The estimated fiscal note cost to implement this bill would be \$26.5 million in fiscal year 1999 from the state general fund expenditures. The trend for school districts is to keep control of their schools at a local level. Consolidating SAU's is contrary to needs and testimony we have heard over the years regarding SAU's. Vote 18-0.

MOTION TO SPECIAL ORDER

Rep. Rubin moved that ***HB 296-FN-L***, consolidating the number of school administrative units to one in each county, be made a Special Order for Tuesday, February 16, 1999 in the Regular Calendar order and spoke in favor.

Rep. O'Hearn spoke against and yielded to questions.

Rep. Rubin requested a roll call; sufficiently seconded.

The question being the motion to Special Order.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, February 11, 1999 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 231, relative to approval of applications in the charter schools pilot program.

HB 295-FN-L, relative to alternative kindergarten programs in cooperative school districts.

HB 60, relative to meetings of the ballot law commission.

HB 227, establishing a committee to study the maintenance of voter checklists.

HB 228, clarifying permissible political expenditures.

HB 284-L, relative to recount procedures in school districts.

HB 207-FN-A, directing the office of state planning to conduct a study of the effects of sprawl in the state and making an appropriation therefor.

HB 93, permitting a dam to be constructed on Rand Pond in Goshen.

HB 248, relative to the Monadnock advisory commission.

HB 249, relative to the membership of the rivers management advisory committee.

HB 73, extending the reporting date of the commission to study the effects of and jurisdiction over alternative agricultural products.

HB 240, prohibiting the reintroduction of wolf populations to the state of New Hampshire.
HJR 1, requesting that the federal government prohibit the U.S. Fish and Wildlife Service or other federal agency from introducing wolf populations to the northeastern United States, especially New Hampshire.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 2:50 p.m.

RECESS

(Rep. Herman in the Chair)

RESOLUTION

Rep. Guay offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 603 through 612 and House Joint Resolution numbered 9, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HJR

First, second reading and referral

HB 603, relative to the performance audit and oversight committee. (Lozeau, Hills 30; Kurk, Hills 5; Lynch, Ches 19; J. King, Dist 18; Russman, Dist 19: Legislative Administration)

HB 604, relative to filling a vacancy in the office of county commissioner. (M. Whalley, Merr 5: Municipal and County Government)

HB 605-FN, affirming sovereign immunity as it relates to the state's computers and computer software and programs and granting the state board of claims jurisdiction over claims against the state arising out of computer-related problems. (N. Kaen, Straf 7; Kurk, Hills 5; Dokmo, Hills 14; MacGillivray, Hills 21; Peterson, Hills 8; F. King, Dist 1; Johnson, Dist 3; Below, Dist 5: Judiciary)

HB 606-FN, relative to compensation for law enforcement officers who are injured in the line of duty. (Ham, Graf 4: Labor, Industrial and Rehabilitative Services)

HB 607, relative to the contents of the certificate of divorce. (Bickford, Straf 1: Children and Family Law)

HB 608-FN-A, establishing a New Hampshire emergency management response and recovery fund and making an appropriation therefor. (Alger, Graf 9; Weyler, Rock 18: Finance)

HB 609, relative to construction of a sewer force main through a state land conservation easement. (Flint, Sull 4; Allison, Sull 10; Donovan, Sull 11; Leone, Sull 2; Disnard, Dist 8: Public Works and Highways)

HB 610-FN-A-L, prohibiting the use of wheeled OHRVs on trails maintained by the bureau of trails during the winter. (Christiansen, Hills 23: Transportation)

HB 611, relative to performance standards for telephone companies providing noncompetitive services. (MacGillivray, Hills 21; Norelli, Rock 31: Science, Technology and Energy)

HB 612-FN, relative to compensation paid to jurors. (MacGillivray, Hills 21; D. White, Hills 25: Judiciary)

HJR 9, urging the United States Congress and federal Environmental Protection Agency to eliminate federal requirements for oxygenate additives for gasoline. (MacGillivray, Hills 21; D. White, Hills 25; N. Kaen, Straf 7: Science, Technology and Energy)

RECESS

(Speaker Sytek in the Chair)

Rep. Whalley moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 6

Thursday, February 11, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Eric Lindblade.

Sovereign God, in the quiet of this moment, help us to order our thoughts to meet the challenges of the day. Let us be mindful of the need to listen, in such a way that we hear what is being said. Let us be mindful of the need to listen, that we rightly divide the word of truth. Let us be mindful of the need to listen, that we come to a clear understanding of the issues at hand. For no spoken word has meaning unless it is listened to. As we listen, give to us a vision for the tomorrows of our state, since all that we legislate is for the future. Help us to be daring, to break new ground, to make no small plans, that far horizons be our quest and our goal. And as we listen to the Governor's budget message, let us think not just of today but of tomorrow. For it has been truly said that where there is no vision, the people perish. Amen.

Rep. Brundige led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Julie Brown, Patricia Cote, Courchesne, Crowell, Dawe, Densmore, Golden, Knowles, Langer, Mosher, Pepino, St. Hilaire and Spear, the day, illness.

Reps. Arndt, Babson, Bartlett, Burkush, Czech, Desmarais, Donovan, David Flanders, Flora, Franks, Fraser, Goley, Gorman, Griffin, James McDonald, Mirski, Musler, O'Keefe, Perkins, Priestley, Rose, Tate, Torressen and Weatherspoon, the day, important business.

Rep. DiFruscia, the day, illness in the family.

INTRODUCTION OF GUESTS

Leadership New Hampshire Class of 1999, guests of the House. Former NH Rep. Merle Schotanus, guest of Rep. Stone. The 4th grade class from the Canaan Elementary School, guests of Reps. Scanlan and Weber. Dr. Lionel Tracy, Robert Suprenaut, Lee Ann Moynihan, Joanne McHugh and Peggy Terevainian, guests of Reps. Hess, Landers and Marple.

RESOLUTION

Reps. Chandler and Burling offered the following:

RESOLVED, that the House inform the Honorable Senate it is ready to meet in Joint Convention for the purpose of hearing Governor Jeanne Shaheen deliver her budget message.

Adopted.

RECESS

SENATE MESSAGE

The Senate is ready to meet in Joint Convention for the purpose of hearing Governor Jeanne Shaheen deliver her budget message.

JOINT CONVENTION

(Speaker Sytek presiding)

Her Excellency, Governor Jeanne Shaheen, addressed the Joint Convention.

Madame Speaker, Mr. President, Honorable members of the House, Senate and my fellow citizens of New Hampshire:

This morning, I am proud to once again present to you a balanced budget. It is an honest and responsible budget.

As you are well aware, I present this budget under extraordinary circumstances. The Supreme Court's decision in the Claremont case has placed before us a challenge of historic proportions. Although we will resolve the Claremont case separately from this budget, the budget was crafted recognizing that we must solve the education funding problem.

This is a lean budget. It is balanced without any new taxes. I've made difficult but necessary reductions, cutting agency requests by more than \$140 million.

Wherever possible, we have leveraged our investments with federal funds and private contributions to provide relief to New Hampshire taxpayers.

Aside from required obligations, this budget has an annual real growth rate of only 1.2 percent. With the exception of necessary new staff in the Department of Corrections, there will be no additional executive branch employees at the end of this budget cycle.

The capital budget I am presenting to you is the lowest since 1989.

This budget invests only in those computer projects currently in progress, as well as in what is necessary to avoid Y2K problems. We received a tremendous number of technology requests from agencies. Capital budget requests alone exceeded \$64 million. Absent a comprehensive strategy to meet our technology needs, I am not willing to fund all of these requests. I'll be initiating a process to evaluate our technology needs and determine how to meet them in as cost-efficient a manner as possible.

The increases in this budget are driven by required obligations. While we have worked hard to keep costs down, the state has made long-standing commitments that must be honored.

We must fund debt service. We must fund the state share of municipal employee pensions. We must fund aid to cities and towns. We must fund the Berlin prison. We must fund retiree health care costs. The costs of retirees' health care have shot up dramatically, increasing \$10.3 million for the biennium. This rate of increase is untenable. I have directed the Commissioner of Administrative Services to find ways to reduce these excessive increases while continuing to provide quality health care for our retirees.

Because state employees are paid every two weeks, approximately every decade an additional pay period is charged against the budget. This calendar phenomenon will add more than \$7.5 million in appropriations to the general fund in FY 2000.

While I am required by our Constitution to pass on the Judicial Branch's budget request intact, it is my belief that the courts' requested level of funding can and should be reduced in each year of the biennium. It is incumbent on all branches of state government, including the judiciary, to prudently and wisely expend our financial resources.

This is an honest budget. It is not based on rosy scenarios. It recognizes that the growth in revenue we have experienced over the last three years is expected to slow down. It anticipates a modest surplus of \$3.4 million at the end of FY 2001.

Except for our Claremont II obligations, we would enjoy a \$62 million surplus at the end of the current fiscal year. Instead, there will be only a small amount to split between the Health Care Fund and the Rainy Day Fund.

We have an opportunity to further shore up the Rainy Day Fund. The terms of the recent tobacco settlement call for a one-time \$16 million "signing bonus" that New Hampshire will receive once a critical mass of states have ended litigation. One-time revenue sources such as this should not be spent on ongoing operating expenses. I propose that this one-time \$16 million payment go straight into the rainy day fund. That's the fiscally responsible thing to do.

This is a budget true to New Hampshire's traditions of fiscal responsibility and lean, cost-effective government. But that's not all. It is a budget true to our values. It invests the New Hampshire way: carefully and efficiently. It invests in what we believe in, in New Hampshire's strengths and in our future – and these are smart investments.

We believe in our children and we believe they deserve the best education and the brightest opportunities that we can provide. That's a smart investment.

We believe in our families and in our neighborhoods. We want them safe, healthy, and secure. That's a smart investment.

We believe in our economy and the businesses that sustain it – and us – with the jobs they create. That's a smart investment.

We believe in the great natural beauty that makes our state so special and defines our quality of life. That's a smart investment.

This balanced budget is about smart investments, wisely and prudently made, in our natural resources, in our economy, and in our people.

This budget makes wise investments in education.

It invests in improving our schools, ensuring quality by increasing accountability and raising standards. My Best Schools Initiative returns the focus to the quality of our schools. The Best Schools Leadership Institute that I announced earlier this week will provide leadership training not only for teachers and administrators, but also for parents and community leaders.

At a time when we will be assuming responsibility for hundreds of millions of dollars in school funding to ensure equity, it makes sense to commit a modest amount of funding to ensure excellence.

The Best Schools Initiative will strengthen local control of education while encouraging genuine accountability in our schools. And most important, it will improve student learning and achievement.

This budget fully funds building aid, catastrophic aid, kindergarten aid, and tuition and transportation aid for vocational students.

Our commitment to education must also extend to higher education. This budget includes significant funding for the university system: 5 percent annual increases that will help keep the doors of higher education open to New Hampshire families. Without this investment, a public college education will become increasingly unaffordable to middle class families in New Hampshire. We will lose the future business and community leaders we need to keep our state strong. Too many of our best students are now driven out of state by the rising costs of higher education. It is time we make the commitment to keep those students here in New Hampshire.

We've also increased support for our Community-Technical Colleges. For example, the capital budget provides support for upgrades to the libraries at the Nashua and Concord campuses so they will be eligible for college accreditation. We are all justifiably proud that New Hampshire has the highest percentage of high tech workers in the country. If we are to maintain that distinction, we must continue to invest in our University and our Community-Technical College systems.

And, because we should provide opportunity to every New Hampshire citizen, this budget also increases our support for adult basic education for the first time in 10 years. Adult education is critical to the success of our welfare-to-work initiative. During the past 18 months, we have reduced the welfare rolls in New Hampshire by more than 18 percent. Over 2,500 people have participated in employment and training services in the past year alone. This is a tremendous accomplishment that should be continued.

Our economy is strong in New Hampshire and we must invest wisely to keep it that way. This budget makes smart investments in economic development that will help us secure a prosperous future.

We continue to invest in the Small Business Development Centers, which provide technical assistance to the small businesses that are the backbone of our economy. We maintain the Challenge Grants to help employers provide job training, so critical in these times when the labor market is tight. And this budget invests in child care so that parents can go to work, knowing their children are properly cared for.

We again increase investment in tourism promotion and advertising. For every dollar spent on tourism, we earn more than \$8.00 in additional tax revenue and \$75.00 for our economy. This budget also invests in international trade, an area of significant opportunity for New Hampshire businesses. And this budget invests in the roads and bridges that are our economic lifeline.

We include the hard money match needed to obtain over \$81 million in additional federal transportation funding over the next two years. That will make a real difference in our quality of life, the strength of our economy, and the safety of our families.

With this additional support for transportation, we can reconstruct major portions of Route 3 in the North Country. Travelling through Nashua will be easier in the fall of 1999, when we complete construction of the Everett Turnpike and open the link to Hudson on the circumferential highway. And we will complete Route 101 by the fall of 2000, three years ahead of schedule.

This budget also continues to get the red out of our red-listed bridges. With our increased investment, we will remove 32 municipal bridges from the red list by the end of the biennium.

Our investments in roads and bridges help our businesses and our economy. They relieve pressure on local property taxpayers by helping cities and towns pay for the infrastructure so central to the life of their communities.

But that's only part of the investment this budget makes in our local communities. For the people in our cities and towns, this budget keeps an important promise.

We honor our commitment to local communities by providing significant resources to help relieve the burden of local property taxes. This budget sends \$525 million – over half a billion dollars — in total state funds to our cities and towns over the next two years.

We have fully funded revenue sharing, including the additional rooms and meals tax revenue for cities and towns required by state law – an increase of \$15 million over the biennium.

New Hampshire's natural beauty is invaluable to the quality of our lives and the strength of our economy. This budget allows us to protect our natural environment while we expand our economy.

We invest in a new source water protection program that will preserve the land surrounding aquifers and well heads. In addition, we fully fund drinking-water treatment grants, landfill closures and sewer projects, along with that new source water protection program – without spending one dollar more than we will spend in 1999. These investments enable local communities to preserve the environment, protect public health and relieve pressure on local property taxpayers.

This budget invests in public safety – in prison space for violent offenders, safety on our lakes and rivers, and cutting-edge crime-solving tools. The Berlin prison will open in February 2000 at a significant but necessary cost. The Southern Area Halfway House, authorized last year by the legislature, will be operational as well, providing a safer transition into society for state prison inmates. Three staffers for the state's new DNA crime lab will be funded with state dollars so that we can keep pace with new trends in criminal investigations. We also fund two new marine patrol positions to promote public safety on our lakes and rivers.

And we invest in the independence and freedom of some of our most vulnerable citizens.

We increase support for the meals on wheels program that enables seniors to remain in their homes and communities and not be forced prematurely into nursing homes.

The capital budget provides the funding to make our public buildings and parks as accessible to the physically challenged as they are to every other New Hampshire citizen. We must do this to comply with the federal Americans with Disabilities Act. But we should do this because it is the right thing to do.

In response to the findings and recommendations of a legislative study committee, I am putting half a million dollars in the capital budget to design an expansion of the Veterans' Home in Tilton.

Also in the capital budget, we recognize one of New Hampshire's most famous sons, astronaut Alan Shepard. We honor his memory, increase learning and promote tourism by investing in the design and development of the Alan B. Shepard wing at the Christa McAuliffe planetarium.

This summer, we will be promoting New Hampshire on the world stage, at the Smithsonian Folklife Festival in Washington, DC. This is a unique opportunity to showcase virtually every aspect of our state under the theme "Celebrating New Hampshire's Stories." We thought it was so important to showcase the Smithsonian Festival that we decided to put it in the budget, the budget address and in the budget highlights. We will do this the New Hampshire way, leveraging public money with voluntary contributions from businesses and individuals.

We make the difficult choices in this budget, investing in New Hampshire's future in a way that is fiscally responsible. In doing so, we continue on the course we began together two years ago.

The state has benefited from our efforts. Despite the current uncertainty due to the Claremont II decision, bond rating agencies have affirmed our favorable bond rating, recognizing our state's underlying fiscal stability and strength.

And we must build on that stability and strength for the next biennium and into the future.

Two years ago, the House acted responsibly and sent the budget I presented on to a Republican Senate virtually unchanged. This year, I expect there will be the temptation to put partisan advantage over public interest; pressure to make irresponsible cuts that the Democratic Senate will be forced to restore. We can ill afford such political gamesmanship, especially this year.

The choice before us is clear. Our love for this great state and our concern for the people we represent can bring us together or, partisan politics can draw us apart. We can demonstrate leadership or partisanship. The choice is ours.

One course leads to responsible, honest, balanced budgets. The other leads to finger pointing, gridlock, and worse.

We have worked together in the past to great result for our state and its citizens. We must do so again now.

We share a commitment to the people of New Hampshire. We share a concern for our state and a determination to secure a prosperous future. Let us also share a common vision for where and how we should invest in New Hampshire's people, in our economy, in our rich natural resources, and in our future.

I look forward to working with you in the coming months. Thank you.

Sen. Larsen and Rep. Chandler moved that the Joint Convention arise.

Adopted.

The Joint Convention adjourned.

RECESS

(Speaker Sytek in the Chair)

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Tuesday, February 16, 1999 at 1:00 p.m.

Adopted.

LATE SESSION

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 10:45 a.m.

RECESS

(Rep. Edwin Smith in the Chair)

RESOLUTION

Rep. David Hall offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 613 through 627, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 613-FN-L, consolidating the pari-mutuel commission and sweepstakes commission into a gaming commission. (Burling, Sull 1; B. Moore, Rock. 21: Executive Departments and Administration)

HB 614-FN-L, requiring the department of health and human services to pay for certain costs of providing special education services. (Mirski, Graf 12: Education)

HB 615-FN-A, establishing a brain and spinal cord injury trust fund and continually appropriating a special fund. (Boyce, Belk 5; Hollingworth, Dist 23: Health, Human Services and Elderly Affairs)

HB 616-FN-A, relative to providing tuition funds to students participating in private driver education courses from the driver training fund. (Gleason, Rock 13; Pilliod, Belk 3; G. Katsakiores, Rock 13; Milligan, Hills 18: Transportation)

HB 617-FN-A-L, relative to funding and monitoring seacoast harbor issues. (Leber, Merr 1; Vaughn, Rock 35; Calawa, Hills 17; Winston McCarty, Hills 38; Alukonis, Hills 23; .Gordon, Dist 2; F. King, Dist 1; D'Allesandro, Dist 20: Public Works and Highways)

HB 618-FN-A, establishing a voucher program for smoking cessation and continually appropriating a special fund. (Wendelboe, Belk 2: Health, Human Services and Elderly Affairs)

HB 619-FN, requiring the commissioner of health and human services to produce certain quarterly reports. (Wallner, Merr 24: Finance)

HB 620-FN, relative to election of vested deferred retirement status for inactive members of the retirement system. (Dyer, Hills 8; J. King, Dist 18: Executive Departments and Administration)

HB 621-FN-L, reducing the tolls on New Hampshire highways by 25 cents. (Arthur, Hills 18; Moriarty, Hills, 18: Public Works and Highways)

HB 622-FN, relative to a school district's duty to provide education. (Soltani, Merr 10; Larrabee, Merr 9: Children and Family Law)

HB 623-FN, increasing the mileage reimbursement rate for members of the legislature. (Guay, Coos 6; Dickinson, Carr 2: Legislative Administration)

HB 624-FN, establishing a health care quality commission. (K. Herman, Hills 13: Health, Human Services and Elderly Affairs)

HB 625-FN-A, relative to a mercury emissions reduction and control program. (Bradley, Carr 8; Gilmore, Straf 11; Norelli, Rock 31; MacGillivray, Hills 21; D. White, Hills 25; Russman, Dist 19; Cohen, Dist 24; Pignatelli, Dist 13; Below, Dist 5; Fraser, Dist 4: Science, Technology and Energy)

HB 626-FN, relative to revising the laws regulating accountancy. (M. Whalley, Merr 5; Buckley, Hills 44; Torr, Straf 12; Sapareto, Rock 13; Roberge, Dist 9; Krueger, Dist 16: Executive Departments and Administration)

HB 627-FN-A, relative to establishing a differential between special fuel and gasoline taxes. (MacGillivray, Hills 21; D. White, Hills 25: Public Works and Highways)

RECESS

(Rep. Dickinson in the Chair)

RESOLUTION

Rep. Christiansen offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 628 through 633, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 628, relative to the relocation of the principal residence of a child. (Wallin, Merr 15; Bickford, Straf 1: Children and Family Law)

HB 629, relative to establishing weekly "no hunting" days. (Riley, Ches 7; Konys, Hills 33; I. Pratt, Ches 5; Leber, Merr 1; Wheeler, Dist 21; Roberge, Dist 9: Wildlife and Marine Resources)

HB 630-FN-L, relative to the Skyhaven airport transfer plan. (Leber, Merr 1; Chandler, Carr 1; McCarty, Hills 38; Calawa, Hills 17; F. King, Dist 1; Gordon, Dist 2: Public Works and Highways)

HB 631-FN, authorizing the department of safety to issue photographic identification cards to persons required to have criminal background checks for employment or other lawful purposes. (Welch, Rock 18; Pepino, Hills 40; Mikowski, Rock 29: Criminal Justice and Public Safety)

HB 632-FN-A, directing a portion of fees for copies of motor vehicle records to be deposited in a nonlapsing account within the department of safety, division of fire standards and training. (Welch, Rock 18; Dyer, Hills 8; Hunter, Hills 7: Finance)

HB 633-FN-L, establishing parental choice scholarships. (Rabideau, Rock 16; D. Lawton, Belk 1; V. Clark, Rock 17; Hunt, Ches 10; Corbin, Rock 25; Roberge, Dist 9; Brown, Dist 17; Krueger, Dist 16: Education)

RECESS

(Rep. Hess in the Chair)

RESOLUTION

Rep. Durham offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 634 through 638, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 634-FN, eliminating the requirement that retirement system disability recipients notify the board of trustees of unreduced social security disability benefits. (Dyer, Hills 8; J. King, Dist 18: Executive Departments and Administration)

HB 635-FN-L, establishing January 4, 2000 as a legal holiday in the state to be known as "Year 2000 Day." (Pitts, Rock 35: Executive Departments and Administration)

HB 636-FN, relative to public safety employee collective bargaining negotiations under the public employee labor relations act. (Kelley, Rock 22: Labor, Industrial and Rehabilitative Services)

HB 637-FN, including persons who make medical decisions as practicing medicine. (Pilliod, Belk 3; Hess, Merr 11; Fuller Clark, Rock 36; McCarley, Dist 6; Wheeler, Dist 21: Commerce)

HB 638-FN, authorizing a limited license for certain travel agents. (Hunt, Ches 10: Commerce)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 7

Tuesday, February 16, 1999

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Eric Lindblade.

Dear Lord and Father of mankind forgive our feverish ways. Grant us a calmness of spirit and singleness of purpose to cut through the Gordian knots of the perplexities of creating law, and as we debate and ponder, let us keep these thoughts before us: it must be done, it can be done, it will be done. Amen.

Rep. Welch led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Fenton, Golden, L'Heureux, St. Hilaire and Vincent, the day, illness.

Reps. Bartlett, Blaisdell, Fraser, Harmon, Rebecca Hutchinson, Nolan-Piteri, Priestley, Royce and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Linda Derby, guest of Rep. Lynde. Helen Holbrook, wife of Rep. Holbrook. Former NH Rep. and Sen. Rob Trowbridge, guest of Rep. Avery. Sarah Herman, daughter of Rep. Richard Herman.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

HB 58, establishing a committee to study open adoption in New Hampshire. **OUGHT TO PASS**
Rep. Rep. Karen K. Hutchinson for Children and Family Law: This bill Establishes a committee to provide a definition of open adoption and study the benefits and ramifications of open adoption for the purpose of possibly making recommendations for future legislation. Vote 17-0.

HB 253, requiring ballots to be examined and counted prior to the opening of polls on election day. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael S. Rollo for Election Law: This bill would provide flexibility in allowing counting of ballots from Secretary of State prior to the opening of polls. It also requires due notice be given as to the time and place of the counting in order to protect the integrity of the process. Vote 17-0.

Amendment (0059h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing ballots to be examined and counted prior to the opening of polls on election day.

Amend the bill by replacing section 1 with the following:

1 Elections; Pre-Election Procedure: Election Day Morning Procedures; Counting Ballots; Prior to Opening of Polls. Amend RSA 658:31 to read as follows:

658:31 Counting Ballots. At *or prior to* the opening of the polls in each town or ward, the seal of the packages shall be publicly broken by the town or ward clerk; and the ballots shall be given to the ballot clerks and the ballots shall be examined and counted by the election officers *in the presence of the clerk, the moderator, and at least one other legal voter. If the ballots are counted prior to the opening of the polls, the clerk shall post, in an appropriate place and prior to election day, notice of the time and place of the counting.*

AMENDED ANALYSIS

This bill allows ballots to be examined and counted prior to the opening of polls on election day in the presence of the clerk, the moderator, and at least one other legal voter.

HB 244, relative to the corporate charter of the Laconia Airport Authority. OUGHT TO PASS WITH AMENDMENT

Rep. Anthony F. Simon for Municipal and County Government: This bill, as amended, continues the Laconia Airport Authority with changes to the membership that have been agreed to by the Authority and the City of Laconia. It also allows for an increase in Authority membership and adds an immunity and indemnification provision for the good faith actions of Authority members. Vote 12-0.

Amendment (0052h)

Amend the bill by replacing sections 2 and 3 with the following:

2 Membership of the Authority.

I. The mayor of the city of Laconia or designee, one member of the board of commissioners of Belknap county or designee, and one member of the board of selectmen of the town of Gilford or designee, ex-officio, together with 4 residents of Laconia and 2 residents of Gilford, appointed as hereinafter provided, shall constitute the Authority, and shall be vested with all the powers and charged with all the duties hereinafter granted to and imposed upon the Authority.

II. After public hearing, any of the appointed members of the Authority may be removed by a majority vote of the appointive agency upon written findings of cause, including but not limited to inefficiency, neglect of duty, or malfeasance. The member of the Authority appointed by Belknap county commissioners and the member of the Authority appointed by the Gilford board of selectmen may be removed only by a majority vote of their respective agencies. The mayor of the city of Laconia may be removed from the Authority only through the vacancy of his or her office as mayor.

3 Appointive Agency; Other Members. The mayor of the city of Laconia, the members of the city council of Laconia, the commissioners of Belknap county and the board of selectmen of the town of Gilford, hereinafter referred to as the appointive agency, shall, acting as a body over which the mayor of the city of Laconia shall preside, elect 6 other members of the Authority, who shall serve for a term of 4 years and until their successors are elected. But in no case shall they serve more than 2 consecutive terms.

Amend the bill by replacing section 7 with the following:

7 Officers; Action by Majority. The mayor of the city of Laconia shall be the chairperson of the Authority. The Authority shall elect annually from its membership a vice chairperson, clerk, and treasurer and prescribe their duties. The treasurer shall be the financial agent of the Authority and shall furnish such bond as the appointive agency shall determine. The concurrence of a majority of the membership of the Authority shall be necessary to constitute action by the Authority.

Amend the bill by inserting after section 16 the following and renumbering the original sections 17-19 to read as 18-20, respectively.

17 Civil Liability; Indemnification. No member of the Authority shall incur personal or individual liability for any actions taken in good faith as a member of the Authority. Further, the Authority shall indemnify and save any member harmless from any loss, claim or damages suffered as a result of any vote or action taken in good faith as a member of the Authority including personal financial loss and expenses, such as reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment arising from the good faith execution of his or her duties as a member of the Authority.

HB 262-L, relative to emergency expenditures and overexpenditures by school boards. OUGHT TO PASS

Rep. Thomas E.P. Rice for Municipal and County Government: This bill, supported by both the Department of Education and the Department of Revenue Administration, improves communications between these two entities through a notification process. Vote 12-0.

HB 364, relative to expenditure of funds received from the United States on account of national forest lands in this state. OUGHT TO PASS

Rep. Elizabeth S. Hager for Municipal and County Government: This bill is a necessary change in the law to increase efficiency in government. Currently, both the Department of Education and the State Treasurer must be involved in the transfer of this Forest Service federal money. The Committee believes that the Department of Education can handle the apportionment and payment effectively. Vote 12-0.

HB 98-FN, relative to a master plan for Monadnock state park and its environs, Pisgah state park, and Pillsbury state reservation. INEXPEDIENT TO LEGISLATE

Rep. H.Charles Royce for Resources, Recreation and Development: The sponsors of this bill have worked out an agreement with the Commissioner of the Department of Resources and Economic Development and the Director of Parks and Recreation to develop plans for these parks within the agency. The plans will involve the public and interested groups. The committee recommends that this bill be ITL. Vote 14-1.

HB 212, relative to local ordinances or regulations affecting groundwater withdrawals. RE-REFER TO COMMITTEE

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill addresses the question of local or state control of ground water withdrawals. Several related issues were raised during the committee process. In addition, new rules based on last session's legislation, have yet to go into effect. The committee feels more time is needed to address these issues. Vote 15-0.

HB 245-FN, relative to fees and appropriations to the division of safety services. OUGHT TO PASS WITH AMENDMENT

Rep. Michael W. Downing for Resources, Recreation and Development: This bill maintains the existing credit of one half (½) the unrefunded road tolls to the navigation safety fund as well as making certain existing boating related fees such as the boat tax fee, motor boat operator fee, mooring decal fee, and the boat permit fee available to the division of safety services. This fund shall only be used to promote the safety of navigation and the administration and enforcement of existing laws. Vote 14-0.

Amendment (0104h)

Amend the bill by replacing all after the enacting clause with the following:

1, State Treasurer and State Accounts; Application of Receipts; General Revenue Exceptions; Navigation Safety Fund. RSA 6:12, I(ppp) is repealed and reenacted to read as follows:

(ppp) Moneys deposited in the navigation safety fund established in RSA 270-E:6-a.

2 Taxation; Boat Fee; Collection by Department of Safety; Costs Appropriated to Navigation Safety Fund. Amend RSA 72-A:4, III to read as follows:

III. In addition to the fee set in RSA 72-A:3, \$1 shall be paid to cover the cost of collection. When the fee is collected by a clerk, tax collector, or authorized agent, he *or she* shall retain the \$1 as compensation. When the fee is collected by the department of safety, ~~[the department shall send the \$1 to the treasurer to be deposited in the general fund]~~ *the fee shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

3 Taxation; Boat Fee; Town Treasurer; Collection by Department of Safety; Boat Fees Appropriated to Navigation Safety Fund. Amend RSA 72-A:5, II to read as follows:

II. When the boat fee is collected by the department of safety, ~~[the department shall at least weekly send all boat fees so collected to the state treasurer to be deposited in the general fund]~~ *the fee shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

4 Supervision of Navigation; Administration and Enforcement; Auxiliary Marine Patrol; Powers. Amend RSA 270:12-c, I-III to read as follows:

I. The commissioner of safety may establish a force of individuals to assist the director of safety services and ~~[his]~~ *the* marine patrol officers to patrol the various bodies of water in the state. *Any person that patrols any water body on behalf of the department shall either be a certified marine patrol officer or an auxiliary officer appointed under the provisions of this section.*

II. An individual appointed by the commissioner as an auxiliary officer under this section shall be either a paid part-time employee of the department or a volunteer, *and may be*, but shall not ~~[necessarily]~~ *be* ~~[a full-time or part-time]~~ *required to be*, a certified police officer. An auxiliary officer shall be subject to such training requirements as the commissioner shall deem necessary.

III. ~~[An auxiliary officer appointed pursuant to this section shall be granted such police powers as the commissioner deems necessary, provided that such powers shall not include the powers of arrest, detention, or the issuance of citations for offenses.]~~ The report of an auxiliary officer to ~~[a marine patrol]~~ *any peace* officer ~~[or other authority]~~ shall be prima facie evidence relative to the violation or offense reported.

5 Supervision of Navigation; Mooring of Boats on Public Waters; Decal Issuance, Display, Replacement, Renewal, and Fee; Mooring Fee; Appropriation to Navigation Safety Fund. Amend RSA 270:62, V to read as follows:

V. An annual mooring fee of \$25 shall be charged for each decal issued pursuant to this subdivision *which shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

6 Supervision of Navigation; Mooring of Boats on Public Waters; Public Mooring Fields; Application Fee; Appropriation to Navigation Safety Fund. Amend RSA 270:67, I(c) to read as follows:

(c) Each public mooring field applicant shall be assessed a fee of \$25 *which shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

7 Supervision of Navigation; Mooring of Boats on Public Waters; Congregate Mooring Fields; Mooring Fee; Appropriation to Navigation Safety Fund. Amend RSA 270:67, II(c) to read as follows:

(c) Each congregate mooring field permitted by the director shall be assessed an annual mooring fee of \$25 for each mooring installed in the congregate mooring field *which shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

8 New Section; Supervision of Navigation; Vessel Registration and Numbering; Navigation Safety Fund. Amend RSA 270-E by inserting after section 6 the following new section:

270-E:6-a Navigation Safety Fund. There is established the navigation safety fund which shall be nonlapsing and continually appropriated to the department of safety, division of safety services. The state treasurer may invest moneys in the fund as provided by law and all interest received on such investment shall be credited to the fund. The fund shall only be used to promote the safety of navigation and the administration and enforcement of RSA 270, RSA 270-B, RSA 270-D, and RSA 270-E.

9 Navigation; Vessel Registration and Numbering; Disposition of Revenues; Appropriation to Navigation Safety Fund. Amend RSA 270-E:7, I to read as follows:

I. Except as provided in paragraph II, all fines collected under this chapter and the amount of fees generated by RSA 270-E:5, I and III shall be ~~[made available to the department of safety, division of safety services for the promotion of the safety of navigation and the administration and enforcement of this chapter. Such sums shall be nonlapsing and shall be continually appropriated to the department of safety, division of safety services]~~ *deposited in the navigation safety fund established under RSA 270-E:6-a.*

10 Navigation; Vessel Registration and Numbering; Licenses and Inspections; License Fees; Appropriation to Division of Safety Services. Amend RSA 270-E:23 to read as follows:

270-E:23 License Fees. There shall be paid to the commissioner for every general certificate of captain, master, pilot or engineer, \$4; and for every limited certificate of captain, master, pilot or engineer, \$2. A general certificate shall entitle the holder thereof to act in the capacity named on any vessel of the class described in the certificate; a limited certificate shall entitle ~~[him]~~ *the holder* to act in such capacity only on a particular vessel named in the certificate. Only one certificate shall be required to entitle the holder thereof to act in any or all of the above capacities on any motorized vessel permitted to carry a maximum of 25 persons. *The fees paid for certificates issued under this section shall be deposited in the navigation safety fund established under RSA 270-E:6-a.*

11 Repeal of Prospective Repeal. 1998, 324:4, relative to repealing the navigation safety fund general revenue exception, is repealed.

12 Effective Date.

I. Section 9 of this act shall take effect July 1, 1999 at 12:01 a.m.

II. Section 11 of this act shall take effect upon its passage.

III. The remainder of this act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill credits certain boating-related fees to the navigation safety fund and specifies the qualifications and authority of the auxiliary marine patrol.

HB 290, relative to exempting the town of Litchfield from the shoreland protection act. INEXPEDIENT TO LEGISLATE

Rep. MaryAnn Blanchard for Resources, Recreation and Development: Litchfield has a substantial portion of its land in agricultural use and concerns were expressed that provisions of the Shoreline Protection Act could impact the livelihood of farmers there. However, farmers are exempt from the SPA if they follow best management practices regarding fertilizers, manure, runoff and ero-

sion. Farmers receive advice and financial help at no cost from UNH Cooperative Extension and US Department of Agriculture to achieve compliance with best management practices. Therefore, this bill is not necessary. Vote 15-0.

HB 92, exempting permanently disabled veterans from the requirement of reestablishing their disability status for the division of motor vehicles every 4 years to prove eligibility for special license plates. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert H. Milligan for Transportation: The portion of the bill's amendment which pertains to the veterans administrations determination of eligibility should suffice in lieu of every four years recertification. Vote 18-0.

Amendment (0049h)

Amend the bill by replacing section 1 with the following:

1 Walking Disability Plates and Placards. Amend RSA 261:88, III to read as follows:

III. An applicant for such special plates shall furnish the director with satisfactory proof, as the director may require, that the applicant meets the requirements of paragraph II. Such proof must be submitted every 4 years *except in the case of a veteran who has been evaluated by the United States Department of Veterans Affairs to be permanently and totally disabled from such service-connected disability. Such proof shall only have to be made upon initial application.* Satisfactory proof of a walking disability, at a minimum, shall consist of the certification of a licensed physician that the applicant meets the definition, set forth in paragraph I, of persons with walking disabilities. Upon request and for a fee of \$1.50 per plate, the director shall exchange special plates for regular plates currently issued to an applicant who qualifies for special plates.

REGULAR CALENDAR

HB 108-FN-A-L, establishing a statewide education property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. Jeffrey C. MacGillivray for the Majority of Finance: This is a statewide property tax bill; it has neither a statewide sales or income tax. HB 108 raises \$864 million based on an adequacy number of \$4000 elementary, \$4500 high school, and increases the state kindergarten aid program from the existing \$750 per student to full inclusion in an adequate education. As a result, HB 108 has a statewide property tax rate of \$12.03. The sponsor has proposed an amendment which would incorporate additional state revenues; this would still only reduce the property tax rate to \$10.19. We thank the sponsors for their years of work and their ideas. The committee has decided to recommend HB 117 as amended instead, with its additional state revenues, no increase in the kindergarten program, and superior targeting of the last few hundred dollars of state aid. Therefore this bill is no longer necessary. Vote 22-5.

Rep. Steve Vallincourt for the Minority of Finance: The minority believes that this is the most comprehensive and fully developed property tax bill presented. It is the product of more than five years of evolution. Unlike some other property tax bills presented, it allows for kindergarten, has a well-targeted distribution system based on need, and provides the greatest amount of property tax relief. It accomplishes all this without a sales or income tax. Most importantly, it has what we believe to be a compromise figure on the cost for adequacy set at \$4,000-\$4,500 per student. This raises approximately \$864 million in education aid to various communities. With supplemental, non broad-based funding sources, the uniform rate in this bill could be brought under \$10 per \$1,000 of assessed property value. Those who say that this would be "devastating" to poor people in property rich towns should note that the bill contains an "ability to pay circuit breaker" to assure that no one would pay more than 10 per cent of his or her adjusted gross income on the first \$100,000 of her or her property value.

Rep. Sapareto moved Re-commit to Committee and spoke in favor.

Reps. Wallin, Sabella and John Pratt spoke against.

Reps. Kurk and Burling spoke in favor.

Rep. Chandler spoke in favor and yielded to questions.

Rep. Sabella requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

and the motion was adopted.

HB 109-FN-A-L, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Neal M. Kurk for the Majority of Finance: This bill proposes a 4% statewide income tax plus an \$8 per-thousand statewide property tax. Local school districts may spend more than the state adequate education grant by raising local property taxes.

Differences exist between the fiscal note and the sponsors with respect to the estimated revenue from the income tax. Moreover, substantial questions remain as to the constitutionality of key provisions in the bill, such as the full homestead credit and the different treatment of in-state and out-of-state residents, which appear to tax similar taxpayers or properties at different rates. While the committee was provided with information about the effect of the \$8 per thousand statewide property tax on cities and towns, no estimate was provided on how much of the \$600-700 million in income taxes would come from each city and town. Without this information, it is not possible to determine which cities and towns would be net gainers and net losers under the plan.

The committee believes imposing such a massive redistribution of wealth would have an adverse economic impact on our citizens. A tax scheme such as this would also likely put at risk the kind of entrepreneurial activity, and the good jobs that go with it, that have contributed to the state's healthy economy and low unemployment rate. Perhaps more important, an income tax would change the way in which we think of ourselves as different, indeed unique, and the pride we have in being one of the few states without a general sales or income tax. The committee believes a less wrenching change in our tax structure can successfully provide the funds needed for an adequate education. Vote 17-10.

Rep. Jane Wallner for the Minority of Finance: In the view of the minority of the Finance Committee, this bill embodies the fairest solution to the Claremont challenge. It places the primary obligation to pay for education on the shoulders of those with the greatest ability to pay. It com-

biner a low-rate statewide property tax with a full homestead exemption and a 4 per cent income tax. The income tax offers a \$10,000 per taxpayer and \$4,000 per dependent deduction. The Education Fund created in the bill, of course, includes the Sweepstakes revenue.

This bill as presently drafted will lower property taxes by 50 per cent on average for homeowners. Other property taxes will drop over 15 per cent on average. New Hampshire will capture \$80-\$120 million in revenue that is now flowing out of state. \$700 million will be raised over all by the income tax, \$200 million by the property tax and \$61 million from the Sweepstakes.

Reps. Marjorie Smith and Burling spoke against.

Rep. Burling requested a quorum count. The Speaker declared a quorum present.

Reps. Feuerstein and Hager spoke against and yielded to questions.

Reps. Kurk, Hess, Henderson and Peterson spoke in favor and yielded to questions.

Rep. Marple spoke in favor.

Rep. Hager requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report failed.

Rep. McGuirk moved Ought to Pass

LAIID ON THE TABLE

Rep. Hager moved that **HB 109-FN-A-L**, establishing a flat rate education income tax and a state-wide education property tax to fund public education and making an appropriation therefor, be laid on the table.

Rep. Perkins requested a roll call; not sufficiently seconded.

On a division vote, 298 members having voted in the affirmative and 80 in the negative, HB 109 was laid on the table.

REGULAR CALENDAR (CONT'D.)**HB 112-FN-A, increasing the cigarette tax. OUGHT TO PASS WITH AMENDMENT**

Rep. Steve Vaillancourt for Finance: The amendment provides for taxation of cigars and tobacco for the first time. While estimates are that this in itself will add only \$1.2-3 million to taxes raised, simple fairness dictates that we tax these products at a time we are raising the cigarette tax by 25 cents. No one can argue that the \$50 million this bill generates is badly needed. The Department of Revenue Administration informs us that although this increase will push our lower tax advantage to the limit, it will still exist enough (against Massachusetts and Maine, but not Vermont) so that sales in border areas should not decline significantly. On the health side, indications are that even if adults do not stop smoking in great numbers when prices increase, teens do. Some say that in itself is reason to pass this bill. Vote 24-3.

Amendment (0106h)

Amend the title of the bill by replacing it with the following:

AN ACT increasing the tobacco tax and imposing the tax on all types of tobacco products.

Amend the bill by inserting after section 1 the following and renumbering the original sections 2-3 to read as 3-4, respectively:

1 Definition Expanded; Tobacco Products. RSA 78:1, XIV is repealed and reenacted to read as follows:

XII. "Tobacco products" means cigarettes; cigars; cheroots; stogies; periques, granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobaccos; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco, prepared in such a manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking.

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect April 1, 1999.

AMENDED ANALYSIS

This bill increases the tobacco tax by 25 cents and imposes the tax to all types of tobacco products. adopted.

Rep. Dickinson moved Re-commit to Committee and spoke in favor.

Reps. Buckley and Alukonis spoke against.

Rep. Dickinson requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

and the report was adopted.

Ordered to third reading.

Rep. Loren Jean voted Yea and intended to vote Nay.

HB 113, affirming sovereign immunity as it relates to the Claremont ruling. OUGHT TO PASS WITH AMENDMENT

Rep. Franklin G. Torr for Finance: This bill proposed expanding sovereign immunity to insure the state is protected from receivership, attorney fees, and costs arising out of the duty to provide an adequate education. The committee amended the bill to reaffirm sovereign immunity. This is being done to make clear that the legislature looked at the sovereign immunity issue with respect specifically to the duty to provide an adequate education and wants it to remain as it is. Past experience indicates the judiciary, at times, moves away from legislative intent, thus the reason for committee action. Vote 17-10.

Amendment (0051h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Public Officers and Employees; Defense and Indemnification of State Officers and Employees; Claims Arising Out of the Duty to Provide an Adequate Education. Amend RSA 99-D by inserting after section 8 the following new section:

99-D:9 Claims Arising Out of the Duty to Provide an Adequate Education. Without otherwise limiting or defining the sovereign immunity of the state and its agencies, the state hereby reaffirms that the doctrine of sovereign immunity set forth in this chapter is the law of this state and applies to its fullest extent to all claims and civil actions arising under or out of the duty to provide an adequate education, or any statute, rule, or other provision of law defining, providing for, implementing, or funding that duty.

2 Applicability. The provisions of this act shall apply to all claims and civil actions existing on or arising after the effective date of this act.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill reaffirms that sovereign immunity applies to cases arising out of the duty to provide an adequate education.

On a division vote, 209 members having voted in the affirmative and 157 in the negative, the amendment was adopted.

Reps. Manning and John Pratt spoke against.

Rep. Wallin spoke against and yielded to questions.

Reps. Torr and Kurk spoke in favor and yielded to questions.

Rep. Christiansen spoke in favor.

Rep. Soltani requested a roll call; sufficiently seconded.

The question being the adoption of the report.

SPECIAL ORDER

HB 114-FN-A-L, establishing a local property tax education homestead allowance against school taxes on residential real estate, establishing a fund to reimburse municipalities for such exemptions, and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: This bill proposes a local property tax education homestead allowance that, over a six year period, would allow a 50% reduction to homeowners of the local effective school tax rate on the first \$100,000 of their home's appraised value. This allowance will be paid instead to the school district by the state from a fund established for that purpose. While not included in the bill, the sponsors indicated the proposed legislation would work in concert with two additional CACRs the force of which would place the questions of a graduated income tax and legislative control of education policy before NH's voters in November 2000.

While intrigued by the balance of interests encompassed by the proposal, the committee believes that a Claremont solution should be clearly constitutional and not be dependent on unequal local tax rates, or uncertain future CACRs for funding and policy. The concept of a homestead exemption for property tax relief has merit and may be incorporated as part of other Claremont bills. The committee appreciates the sponsors' efforts to provide a "way out" should other Claremont legislation fail. Vote 22-3.

Rep. Boyce moved Re-commit to Committee and spoke in favor.

Rep. Kurk spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 116-FN-A-L, establishing an alternative consumption tax as a source of funding for education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. O. Alan Thulander for Finance: This bill as originally drafted consists of a 1% alternative consumption tax and a uniform state-wide property tax at a rate to be determined biennially by the commissioner of revenue administration. Municipalities which can fund an adequate education below the uniform state rate pay in the difference to the state to be distributed to those communities which can not fund the adequate education level. The property tax is calculated using the equalized assessed valuation of the municipalities. The consumption component taxes such items as clothing, cars, building materials, medicine, construction, accounting and legal services, entertainment. It is a widely-based tax, and thereby very regressive. This tax would also have an adverse effect on cross-border sales. Since this levy applies to both goods and services, the "cascade effect" comes into play, requiring that raw materials are taxed, the semi-finished goods are taxed and the finished goods are taxed on the total value at each stage in the process. This tax has an unknown impact on the New Hampshire economy and new job creation is uncertain. A late amendment incorporating some features of the "SMART" plan (HB 117 as amended) was presented by the sponsor. However, with the time constraints and the considerable progress made with HB 117 as amended, the majority of the committee felt it to be the better and more comprehensive plan to bring forward for House consideration. Vote 24-3.

Rep. Peterson moved Re-commit to Committee and spoke in favor.

Rep. Kurk spoke in favor.

Rep. Christiansen requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

HB 117-FN-A-L, relative to local property taxation and state aid to support an adequate public education and making an appropriation therefor. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Neal M. Kurk for the Majority of Finance: HB 117, as amended, funds an adequate education for the state's public school pupils in a way consistent with New Hampshire's traditions and values of limited government and limited taxation. With the sponsor's concurrence, the Committee replaced the original language of the bill with a carefully crafted amendment. This amendment implements a low-rate uniform statewide education property tax that, when combined with the tobacco tax, a uniform utility state education tax, current state expenditures on local education, and a portion of the increase in state revenues, raises \$707 million without raising business tax rates or imposing either an income or sales tax. These sums are dedicated to local public education through a newly created state education trust fund.

The amount raised supports an adequate education for public school pupils in grades one through twelve at an average distribution of \$3,700 per pupil. The adequacy level is based on the recommendations of the Adequate Education Cost and Municipal Grant Distribution Commission in its December 1998 report. This level of funding will raise New Hampshire from last in the nation in state education contribution to the top 20 in the nation. The funds are distributed to each municipality based on the number and needs of its pupils, weighting those needs on such factors as grade level, participation in vocational education, special education, and participation in the free and

reduced school lunch program. The plan goes into effect on April 1, 1999, and thus avoids any disruption in public education programs in the state. Current kindergarten aid, building aid, and catastrophic aid programs are continued unchanged.

The uniform education property tax is set at \$8.50. There is a homestead exemption for all primary homeowners of 25% of the home's value or \$40,000, whichever is less. A four-year phase-in provision eases the burden of a sharp tax increase in those municipalities. This unique phase-in is substantially funded by the additional \$62 million intended for distribution in fall 1999 under the foundation aid formula pursuant to HB 1075 (1998). This amendment supersedes last year's interim plan, thus making those funds available.

The establishment of a hardship relief provision provides further protection for low- and moderate-income homeowners in high property value communities. In those communities homeowners with household income less than 75% of the state median (approx. \$40,000) and who see an increase greater than 20% in the school portion of their property tax are eligible to have a portion of their state education tax abated for each of the first five years. Municipalities with rapidly growing student populations are eligible for additional per pupil adequate education grants.

HB 117 as amended establishes a supplemental education grant of up to \$400 per pupil in addition to and outside of the adequate education grant of \$3,700. This supplemental education grant is available to districts whose equalized value per pupil is less than the state average. This is intended to target the most needy districts.

Local control is continued. School districts may spend on education as much as they choose above the adequacy amount. No limits are placed on how districts operate or spend their budget.

Various provisions deal with implementation of the uniform statewide education property tax. Assessment equalization standards and methods are established so that each municipality will pay its fair share of the tax. Municipal grants will be announced by October 1 of each year to allow school boards and school district meetings to plan their budgets appropriately. The department of education is appropriated \$169,500 for a position and to upgrade school district computers to enable the collection and submission of required data. The department of revenue administration over the next biennium is appropriated \$1 million to upgrade municipal computer systems, and \$2 million for department expenditures in administering and implementing this act.

A permanent, 10-member legislative oversight committee is established. Among other responsibilities, it is charged with (a) reviewing the provision of an adequate education; (b) looking at alternative approaches to calculating the cost of an adequate education, including the "market basket" approach; (c) considering the appropriateness of a fixed or variable statewide education property tax rate; and (d) examining the average daily membership in residence data.

The majority felt that the bill as amended is a constitutional, rational, and appropriate response to the Claremont funding ruling. The Committee has made education funding a priority and as such the funding sources are clearly identified. The state's responsibility as defined in the Claremont decision is to fund an adequate education. The committee firmly believes that \$707 million fulfills that responsibility. Vote 17-10.

Rep. Mary Jane Wallner for the Minority of Finance: Try as they did to improve this bill, with amendment piled on amendment, the majority still could not produce a satisfactory result. After all that's been done, this bill is fatally flawed by its "inadequate" adequacy figure. It won't do the job at \$3,700 per student.

No one should be confused by that number. It disregards "weighted students." The \$708 million pulled together in this bill really means that the adequacy number for an elementary school student is less than \$3100, and kindergarten students are left out of the formula entirely. While we can debate the "ultimate" value of the adequacy number, it must be clear that this figure is unrealistic and sadly lacking. It must also be clear that if this bill is brought to the Court, as it surely will be, it will fail review, be found deficient and be struck down.

This bill also funds itself by taking at least \$75 million from the general fund, without identifying where it will come from in the budget. Given the tightness of the Governor's budget, the use of any sums at this level will have to come from monies for cities and towns or human services. We should not leave ourselves short in the budget process by stealing such massive revenue before the budget process has even begun.

There is no easy fix for this bill because its adequacy number is arbitrarily low, and it generates insufficient new funds. The minority believes the House should reject this bill, and adopt a plan or plans with an appropriate adequacy number, a detailed description of revenue sources, and a source or sources of new revenue sufficient to the task at hand.

Rep. Chandler moved Re-commit to Committee and spoke in favor.

Reps. Rubin and Burling spoke in favor.

Adopted.

HB 125-FN-L, implementing the findings and recommendations of the adequate education costs and municipal grant distribution commission for fiscal years 2000 and 2001. **INEXPEDIENT TO LEGISLATE**

Rep. Franklin G. Torr for Finance: This bill incorporates the findings and recommendations of the Adequate Education Costs and Municipal Grant Distribution Commission relative to the cost of a constitutionally-adequate education to be borne by the state and the formula for calculating this cost. These recommendations and findings were the basis for legislation to achieve a constitutionally adequate education law. This issue will be studied further by a legislative oversight committee established in HB 117. Vote 27-0.

Adopted.

HB 94, relative to enforcement of the child passenger restraint law. **MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE**

Rep. John S. Langone for the Majority of Transportation: After a spirited and informative discussion in which both sides presented very cogent points of view, the committee voted 12-6 to pass this bill as presented. This bill provides police with the tools needed to effectively enforce seat belt wearing by youths up to age 18. Seat belt use is the most effective strategy for saving lives and reducing the severe injuries among young drivers and passengers. Vote 12-6.

Rep. Pierre W. Bruno for the Minority of Transportation: This bill increases the age of a primary offense from 12 to 18 years. Drivers between the ages of 16 to 18 years found operating a motor vehicle without wearing a seatbelt will be committing a primary offense. Because of current law regarding any moving violation offense, a teen found not wearing a seatbelt would have their license suspended for 20 days. We find that to be too strong a penalty for an offense that is committed against the person not wearing the seatbelt and which does not affect the safety of others. The seatbelt law for those from 12 to 18 years was enacted in 1997, along with the youth drivers law. We feel that the law thus far has had a positive effect, and that a longer sample period to verify that trend is needed. Therefore, we feel that existing legislation protects individuals from themselves with regard to this issue. We believe that safe driving education is a more appropriate course of action because it would provide the desired effect of reducing motor vehicle accidents and resultant injuries thereof.

Rep. Bruno spoke against and yielded to questions.

Rep. Pilliod spoke in favor and yielded to questions.

Reps. Cossette and Milligan spoke in favor.

Rep. Bruno requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Ordered to third reading.

Rep. Kurk voted Yea and intended to vote Nay.

RECONSIDERATION

Having voted with the prevailing side, Rep. Burling moved that the House reconsider its action whereby it ordered to third reading *HB 112-FN-A*, increasing the cigarette tax, and spoke against. Reconsideration failed.

UNANIMOUS CONSENT

Rep. Jacobson addressed the House.

Rep. Thomas moved that the remarks made by Rep. Jacobson be printed in the Journal.

Adopted.

Rep. Jacobson: Thank you, Madam Speaker. I'm sorry to delay your exodus. On this coming Friday it will be the 54th anniversary of the landing at Iwo Jima. As all of you that are veterans of this House know, I am annually compelled to remember my colleagues, my buddies who fought and died on Iwo that you and I may continue our freedom. I have been honored by a long life from that and the least I could do was to honor them at least once a year for what they did for me and you. Thank you.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 4, 1999 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 58, establishing a committee to study open adoption in New Hampshire.

HB 253, allowing ballots to be examined and counted prior to the opening of polls on election day.

HB 244, relative to the corporate charter of the Laconia Airport Authority.

HB 262-L, relative to emergency expenditures and overexpenditures by school boards.

HB 364, relative to expenditure of funds received from the United States on account of national forest lands in this state.

HB 245-FN, relative to fees and appropriations to the division of safety services.

HB 92, exempting permanently disabled veterans from the requirement of reestablishing their disability status for the division of motor vehicles every 4 years to prove eligibility for special license plates.

HB 112-FN-A, increasing the tobacco tax and imposing the tax on all types of tobacco products.
HB 113, affirming sovereign immunity as it relates to the *Claremont* ruling.
HB 94, relative to enforcement of the child passenger restraint law.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 4:55 p.m.

RECESS

(Rep. Whalley in the Chair)

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 639 through 649, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 639-FN, relative to motor vehicle registration fees for antique motor vehicles and motorcycles. (Letourneau, Rock 13; Packard, Rock 29: Transportation)

705-FN-L, privatizing the functions of the community-technical college system. (Rubin, Rock 25: Education)

HB 706, relative to the definition of "sexual contact" under the sexual assault laws. (Welch, Rock 18; Knowles, Straf 11: Criminal Justice and Public Safety)

HB 707-FN, relative to the family division of the courts. (Hager, Merr 18; Gilmore, Straf 11: Judiciary)

HB 708-FN-L, transferring the county attorneys' offices and the county sheriffs' offices to the department of justice and the unified court system, respectively. (Jacobson, Merr 2: Criminal Justice and Public Safety)

HB 709-FN-A-L, relative to the railroad tax. (Chandler, Carr 1; Foster, Hills 10; Alukonis, Hills 23; D'Allesandro, Dist 20; Gordon, Dist 2: Municipal and County Government)

HB 710-FN, relative to expanding the availability of lifetime licenses for hunting and fishing. (R. Nowe, Rock 3: Wildlife and Marine Resources)

HB 711-FN-A, establishing a special fund to subsidize child custody and support seminars. (Bickford, Straf 1; Jacobson, Merr 2; N. Reardon, Rock 15; A. Pelletier, Straf 12: Children and Family Law)

HB 712-FN-L, requiring notification to school districts of certain restraining orders and of the presence, or return to the school, of certain juvenile offenders. (Lundborn, Straf 18; A. Pelletier, Straf 12: Children and Family Law)

HB 713-FN, relative to penalties for multiple DWI offenses. (Almy, Graf 14; Sabella, Rock 13; Bradley, Carr 8; Richardson, Ches 12; Mirski, Graf 12: Criminal Justice and Public Safety)

HB 714-FN, changing the potential penalties for certain acts of solicitation and conspiracy to commit murder and attempted murder to life in prison. (Lozeau, Hills 30: Criminal Justice and Public Safety)

HB 715-FN-A-L, granting responsibility for court security and custody and control of prisoners while in a courthouse to the county sheriff and abolishing certain court security officer positions. (Hunter, Hills 7; Pepino, Hills 40; Welch, Rock 18; Buckley, Hills 44; Roberge, Dist 9; D'Allesandro, Dist 20: Criminal Justice and Public Safety)

HB 716-FN, requiring review of proposed administrative rules by house and senate policy committees. (Hunter, Hills 7; Pepino, Hills 40; Roberge, Dist 9: Executive Departments and Administration)

HB 717-FN-A, establishing a child care incentive program for training child care workers, and making an appropriation therefor. (Pilliod, Belk 3; Norelli, Rock 31; Wallner, Merr 24; Seldin, Merr 17; Durham, Hills 22; McCarley, Dist 6: Children and Family Law)

HB 718-FN-L, relative to statewide administration and funding of special education in the state of New Hampshire as a single school district. (Vachon, Straf 4: Education)

HB 719-FN, relative to procedures regarding children in need of services. (Lyman, Carr 5: Children and Family Law)

HB 720-FN, relative to the practice of midwifery. (Rabideau, Rock 16; D. Lawton, Belk 1; Dickinson, Carr 2; Copenhaver, Graf 10; Bradley, Carr 8; Wheeler, Dist 21; Cohen, Dist 24; Larsen, Dist 15: Executive Departments and Administration)

HB 721-FN, relative to procedures regarding delinquent children under RSA 169-B. (Lyman, Carr 5; Hansen, Hills 2: Children and Family Law)

HB 722-FN, revising the law relative to protection of persons from domestic violence. (Knowles, Straf 11; Hollingworth, Dist 23; Cohen, Dist 24: Criminal Justice and Public Safety)

HB 723-FN, relative to standby and emergency guardianship proxies. (M. Fuller Clark, Rock 36; C. Kane, Rock 32; O'Keefe, Rock 21; Keans, Straf 16; P. Dowling, Rock 13; Trombly, Dist 7; D'Allesandro, Dist 20: Children and Family Law)

HB 724-FN, relative to an industry average performance system for comprehensive air pollution regulation. (MacGillivray, Hills 21; D. White, Hills 25; N. Kaen, Straf 7: Science, Technology and Energy)

HB 725, relative to rulemaking under the administrative procedures act. (Dyer, Hills 8; Hollingworth, Dist 23: Executive Departments and Administration)

HB 726-FN, relative to the credentialing of personnel in early care and education programs. (Gile, Merr 16; Pilliod, Belk 3; Estabrook, Straf 8; Wallner, Merr 24; Seldin, Merr 17: Children and Family Law)

HB 727-FN, establishing an outdoor lighting code. (E. Gagnon, Hills 48; Chabot, Hills 48; Winston McCarty, Hills 38; M. Fuller Clark, Rock 36; Fields, Hills 18; Cohen, Dist 24; Russman, Dist 19; Larsen, Dist 15; Wheeler, Dist 21: Municipal and County Government)

HB 728-FN, relative to per diem reimbursement to legislators for expenses on days of legislative committee meetings. (G. Brown, Straf 17: Legislative Administration)

HB 729, adding social clubs recognized by the Internal Revenue Service to the definition of "charitable organization" for purposes of the laws governing raffles. (Chandler, Carr 1; MacNeil, Graf 7; Mock, Carr 3; Gordon, Dist 2; Johnson, Dist 3: Criminal Justice and Public Safety)

HB 730-FN, establishing a pilot program for the recording of committee proceedings of the general court. (Copenhaver, Graf 10; Nichols, Merr 2; O'Keefe, Rock 21; Gordon, Dist 2: Legislative Administration)

RECESS

(Rep. Pilliod in the Chair)

RESOLUTION

Rep. Dickinson offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 1, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 1-A, making appropriations for the expenses of certain departments of the state for the fiscal years ending June 30, 2000, and June 30, 2001. (Kurk, Hills 5: Finance)

RECESS

(Rep. Turner in the Chair)

RESOLUTION

Rep. Lynch offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 731, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 731-L, relative to allowing the granting of tax abatements or tax deferrals to owners of open space land. (Lynde, Hills 24: Municipal and County Government)

RECESS

(Speaker Sytek in the Chair)

Rep. Packard moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 8

Thursday, March 4, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Lynn Johnson, Pastor of the West Rumney Community Church.

Holy and Eternal God, author of all that enriches life, creator of new possibilities, we recognize, in these moments, that we are in Your presence and this recognition fills us with humility. Grant to us the quiet and simple wisdom that comes from listening to You and working in unity with others. In Your presence, we find ourselves filled with compassion as we remember the love and care You have lavished upon us. Make us loving stewards of the bounty of material, intellectual and community resources which are Your gifts to us. In Your presence, we find hope and we pray that You will grant us courageous expectation and renewed vigor. We ask Your blessing in all we do today. Keep us faithful in our caring, wise in our words and courageous in our hopes for the future. Amen.

Rep. Robert Lawton led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Drabinowicz, Fenton, Eugene Gagnon, Golden and Knowles, the day, illness. Reps. French, Torr and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Alyssa Lyn Virtue, Hal Posselt, Liz Hafidr, Robert Prescott, Deedee Maratea, Richard Vincent, Andy LaBrie, Posy Chandler, John Lenearts, Hillary Nelson and Clair Vanlier, daughter and guests of Rep. Virtue. The Deerfield Community School 4th grade class, guests of Reps. Stone and Rebecca Hutchinson. David and Pam Gattuso, guests of Rep. Stone. John Ford, father of Rep. Reeves. Ted Langdon, guest of Reps. Bergin, Belvin, Rowe and Dokmo. Joseph Sabella, husband of Rep. Sabella. Bill Williams and Leslie Honey, guests of Reps. Batchelder, McGuirk and John Pratt. Former NH Rep. Carol Burney, guest of Rep. DeChane. Barbara Brewster, wife of Rep. Brewster. Heather Makechnie, guest of Rep. Leber.

The House of Representatives offered the following:

HOUSE RESOLUTION NO. 11

Memorializing State Representative Paul E. St. Hilaire of Berlin

WHEREAS, it is with great sorrow that we have learned of the death of our legislative colleague, Paul E. St. Hilaire, a man who easily did share his cheerfulness and ready smile, and easily did win our affection and admiration, and

WHEREAS, having been in his third term representing District 7 of Coos County, Paul E. St. Hilaire, with high enthusiasm and dedication, did sit on the Standing Committees on Labor, Industrial & Rehabilitative Services, and on Resources, Recreation & Development, and for more than four years on the Statutory Committee on Oil Fund Disbursement, and

WHEREAS, having been born in Berlin, Paul E. St. Hilaire was a man blessed with an abundance of energy and civic pride and did serve the citizenry of his hometown in a myriad of ways including as Ward 2 Councilman, as Ward 2 Water Commissioner, as a member of the Coos County Republican Committee, and as a coach of Little League Baseball, and

WHEREAS, having graduated in 1971 from Notre Dame High School, Paul E. St. Hilaire did possess a high value for his North Country roots and never did hesitate to help those in need, as shown by his work assisting the Coos County Epilepsy Support Group, a division of the Granite State Epilepsy Society, and

WHEREAS, having come from a family that has a long, quite proud tradition of meat cutting, Paul E. St. Hilaire, did become, by following a treasured family recipe, a renowned maker of sausage, and those friends and acquaintances who had the good fortune of partaking say it consistently was the greatest of sausage, now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Paul E. St. Hilaire be saluted and granted the highest of accolades for his outstanding and dedicated service to his community and his state, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family, and that a copy of this Resolution be prepared for presentation to his family.
Unanimously adopted by a rising vote.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 342, repealing certain laws pertaining to adverse possession, removed by Rep. Bickford.
Consent Calendar adopted.

HB 79, relative to reports of shortages to the bank commissioner and to safe deposit box openings.
OUGHT TO PASS WITH AMENDMENT

Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will require banking institutions to file with the Bank Commissioner the same reports they currently file with their federal regulators. This bill specifically addressed the suspicious activity reports. It is important that the Banking Department be able to monitor these reports in a timely manner. Vote 17-1.

Amendment (0095h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to reports to the bank commissioner and to safe deposit box openings.

Amend the bill by replacing section 1 with the following:

1 Reports of Proscribed Activity. RSA 384:36 is repealed and reenacted to read as follows:

384:36 Reports of Proscribed Activity. Institutions subject to this chapter shall file with the bank commissioner copies of reports required by the provisions of section 208.20 of the Federal Reserve Board's Regulation H (12 CFR 208.20), Federal Deposit Insurance Corporation regulation Part 353 (12 CFR 353.1 et seq.), and National Credit Union Administration regulation Part 748.1(c) (12 CFR 748.1(c)) as may be amended from time to time. Reports required by this section shall be filed with the bank commissioner at the same time such reports are filed with the institution's federal regulators. A financial institution subject to his section, and any director, officer, employee or agent of such financial institution, that files a report pursuant to this section shall be protected from liability for any disclosure contained therein. All reports filed with the commissioner under this section shall be confidential and shall not be subject to subpoena or to the requirements of RSA 91-A, except that the commissioner shall provide copies of such reports upon request to the New Hampshire department of justice, criminal bureau.

Amend the bill by replacing section 3 with the following:

3 Effective Date.

I. Section 1 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires that certain reports filed with federal regulatory agencies be filed with the bank commissioner. The bill also removes a requirement for notarization before a justice of the peace of lists and statements involved in the opening of abandoned safe deposit boxes.

HB 80, making technical corrections in the banking laws. OUGHT TO PASS WITH AMENDMENT
Rep. Keith R. Herman for Commerce: Several years ago this Legislature passed the bank holding company act. This bill makes corrections to this existing law by removing the word "bank" from the statute so it applies to all holding companies; that is, banks, mutual savings, etc. There was no opposition to this bill. Vote 17-1.

Amendment (0007h)

Amend RSA 391:1-a as inserted by section 3 of the bill by replacing it with the following:

391:1-a Establishment and Use of Common Trust by Bank Holding Company Affiliates. Any such bank or trust company which is an affiliate of a bank holding company, as defined by the federal Bank Holding Company Act of 1956, as amended, or of a savings and loan **holding** company as defined by the federal Savings and Loan Holding Company Act, as amended, may es-

establish common trust funds for the purpose of furnishing investments to itself as fiduciary, to other affiliates of the same [bank] holding company qualified to act as fiduciary in this state as fiduciary, or to itself and others as co-fiduciaries, or to such other affiliates and others as co-fiduciaries. Subject to the limitations upon the investment of funds held in a fiduciary capacity in common trust funds contained in RSA 391:1, the bank or trust company affiliate of a [bank] holding company establishing such common trust funds and other affiliates of the same [bank] holding company qualified to act as fiduciary in this state may, as such fiduciary or co-fiduciary, invest funds which it lawfully holds for investment in interest in such common trust funds. The bank or trust company establishing, maintaining, or so utilizing any such common trust fund shall comply with and be subject to all of the provisions of this chapter as though such bank or trust company and the other banks or trust companies participating in such common trust fund or funds were one and the same corporate entity. Any person acting as a co-fiduciary with any such bank or trust company is hereby authorized to consent to the investment in interest in a common trust fund or funds created hereunder.

HB 83, prohibiting owners and operators of manufactured housing parks from charging residents 65 years of age and older fees for keeping dogs. **INEXPEDIENT TO LEGISLATE**

Rep. Jane S. Langley for Commerce: This bill attempts to waive dog pet fees for the elderly. The committee feels the bill is unnecessary as existing law RSA 674:31 enables what this bill attempts to achieve. The committee feels if a dog pet fee is waived it should be for all residents of mobile homes and this is a different issue. Vote 18-0.

HB 201, relative to minimum uninsured motorist liability insurance. **INEXPEDIENT TO LEGISLATE**
Rep. Stephen G. Avery for Commerce: The committee felt that while we do not have mandatory automobile insurance in New Hampshire, it is important to protect insured motorists from both uninsured and underinsured motorists. This is the fabric that allows the current system to work. Vote 19-0.

HB 210, reinstating the corporate charter of C. A. B. Real Estate, Inc. **OUGHT TO PASS**
Rep. Tim S. McGough for Commerce: The process in current law to reinstate a corporate charter required specific legislation to do so. This legislation along with HB 218 accomplishes a reinstatement for the two organizations mentioned in the titles. Additional legislation pending this session has been filed to address the requirement for specific legislation in the future. Vote 19-0.

HB 214, changing the membership of and extending the reporting date for the committee to study women's health care. **OUGHT TO PASS**

Rep. Martha Fuller Clark for Commerce: The committee unanimously agreed with the testimony put forth at the public hearing in support of continuing the work of the women's health care study committee until November 2000 and for enlarging the membership to insure adequate representation so that the work of the committee can move forward in a timely and comprehensive manner. The states of Maine, Vermont and Connecticut are already involved in comparable studies. It is clear that New Hampshire needs to have a better understanding of how it can improve health care services and access for women and girls in this state. Vote 19-0.

HB 218-L, reinstating the corporate charter of Approved Industries, Inc. **OUGHT TO PASS**
Rep. Stephen G. Avery for Commerce: This is a housekeeping bill that reinstates the corporate charter of Approved Industries, Inc. The reinstatement is retroactive to October 31, 1983, which was when it was forfeited because of non-filing. The corporation has paid all fees and a reinstatement fee. Vote 19-0.

HB 373, making technical corrections to the securities laws. **OUGHT TO PASS**
Rep. Keith R. Herman for Commerce: This bill removes department rules and places into statute reporting requirements for brokers and dealers. This will allow greater compliance and oversight for licensees. This bill also extends reporting deadlines by one business day should the deadline date fall on a weekend. This courtesy is extended by other agencies including the IRS and should be extended to licensees covered by this RSA. There was no opposition to this bill. Vote 18-0.

HB 429, prohibiting mortgage foreclosures or demands of mortgages during an economic emergency declared by the governor. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: The concern of the sponsor is Y2K related. The bill would prevent mortgage holders from foreclosing on homes should the Governor declare a banking emergency if the banking network fails as a result of Y2K computer problems. While there may be some rational concerns over Y2K issues, the committee is extremely concerned that this bill would only affect mortgages held by state-chartered banks and would offer no protection to the vast majority of out of state and private mortgages. In addition, the Governor's current emergency powers do provide ample protection to bank customers in the event of problems. Vote 17-0.

HB 203, making impaired boating laws consistent with driving while intoxicated laws. **OUGHT TO PASS**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill makes two changes to the boating laws. First, in 1996, the legislature said all items under RSA 265:82 (driving while intoxicated) would apply to boating, but it did not include the penalty for refusal to take a breath test. Under RSA 270:58, a refusal for a boater means no loss of license, just up to a \$500 fine for the underlying B.W.I. The change in this bill makes it consistent with the driving laws. Thus, ALS applies and restoration fees apply the same as in driving laws. Second, in section 3(a) of the law "or operating" has been added. By doing this, we are requiring an owner or operator to file an accident report when injuries or death occur. Vote 18-0.

HB 215, prohibiting name changes for certain felons. **OUGHT TO PASS WITH AMENDMENT**
Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill, as amended by the committee, prohibits a person from changing his/her name if serving a prison sentence, or on probation or parole, or required to register as a sex offender under RSA 651-B. Only the court may override this and only under compelling circumstances. When amending the original bill, the committee also took into consideration the content of a similar pending senate bill, combining the intents. Vote 18-0.

Amendment (0146h)

Amend the title of the bill by replacing it with the following:

AN ACT placing restrictions on name changes for certain felons.

Amend the bill by replacing all after the enacting clause with the following:

1 Change of Name. Amend RSA 547:3-i to read as follows:

547:3-i Change of Name.

I. The probate court may grant the petition of any person to change the name of that person or the name of another person, with the exception of a person serving a prison sentence or on probation or parole, or required to register as a sexual offender or an offender against children pursuant to RSA 651-B. The court shall not require the petitioner to obtain consents to the name change. Except as provided in paragraph II, the court may proceed with or without notice, in accordance with RSA 550:4.

II. The court may override the exception under paragraph I only if the petitioner makes a compelling showing that a name change is necessary.

III. Before the probate court may grant a change of name pursuant to this section, the person petitioning for a name change shall serve a copy of the petition on the department of corrections if the person is incarcerated, or on probation or parole, or on the department of safety if the person is required to register as a sexual offender or an offender against children and is no longer subject to supervision by the department of corrections.

2 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill places certain restrictions on the rights of certain felons to legally change their names.

HB 236-FN-L, relative to felonious disarming of a law enforcement officer. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill made a new crime of taking a firearm from a law enforcement officer. In its original form it gave enhanced penalties of 10-15 years and 5-10 years for violations of sections II(a) and (b) of the bill. The committee elimi-

nated the enhanced penalties and just made it a class A felony (7 ½-15 years) for II(a) and a class B felony (3 ½-7 years) for II(b). We believed that by choosing to become a police officer you were aware that you were on the front line of crime fighting and did in fact face increased dangers. Another reason for doing what we did was that section III of the bill makes any other sentence received under this section consecutive with any other term of imprisonment imposed with respect to the same original episode. We changed section IV(b) – the definition of a law enforcement officer to that in RSA 630:1,II, the capitol murder statute. This definition includes sheriff, deputy sheriff, state police officer, constable or police officer or any city or town, an official or employee of any prison, jail or corrections institution, a probation-parole officer, or a conservation officer. Lastly, we added an affirmative defense section to cover the taking of a weapon to help defend an injured officer or taken to be secured due to injury. Vote 18-0.

Amendment (0174h)

Amend RSA 642:3-a as inserted by section 1 of the bill by replacing it with the following:

642:3-a Taking a Firearm From a Law Enforcement Officer.

I. Whoever knowingly takes a firearm:

(a) From the person of a law enforcement officer, while such officer is engaged in the performance of official duties; and

(b) Against that officer's will; or attempts to do so, shall be punished as provided in paragraph II.

II. The punishment for an offense under this section is:

(a) In the case of an offense other than an attempt, or an offense that is an attempt during which the firearm is discharged (other than intentionally by the officer), a class A felony; and

(b) In the case of any other offense that is an attempt, a class B felony.

III. It shall be an affirmative defense to prosecution under this section if an individual acts to disarm an officer engaging in felonious conduct or conduct so reckless as to endanger the lives of others. However, a conviction resulting from that conduct need not be obtained to present this defense.

IV. A term of imprisonment imposed under this section shall not run concurrently with any other term of imprisonment imposed with respect to the same criminal episode.

V. In this section:

(a) "Firearm" has the meaning given that term in section 921 of Title 18 of the United States Code.

(b) "Law enforcement officer" means law enforcement officer as defined in RSA 630:1, II.

AMENDED ANALYSIS

This bill makes the taking of a firearm from a law enforcement officer or an attempted taking of a firearm from a law enforcement officer where the firearm is discharged a class A felony.

HB 266, increasing the length of license revocation for first-time DWI offenders. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The subcommittee met twice to discuss this legislation. Members of that committee contacted three judges and two defense attorneys. All five of these professionals agree that the current statute is adequate. The current statute allows license revocation for up to two years at the discretion of the judge. The subcommittees seriously considered recommending ITL, but finally voted re-refer for study in order to further research this bill. The whole committee at executive session moved ITL since the two-year suspension is in place now. Vote 18-0.

HB 272-FN, relative to the use of laser pointing devices. **OUGHT TO PASS WITH AMENDMENT**
Rep. Robert M. Fesh for Criminal Justice and Public Safety: This bill, as presented to the committee, would have created a new section of law that would make the "illuminating" of a motor vehicle or a window with a laser pointer a Class B misdemeanor. It would elevate the penalty to a Class A misdemeanor if a laser device were to be used to illuminate a police officer. The committee was presented with material from manufacturers of laser pointing devices that contained warnings of possible serious injuries to the eyes of an individual who might be the target of such a device. An amendment was presented to the committee that replaces the entire bill and makes it a viola-

tion to "illuminate" an occupied vehicle, window or a person and would confiscate the device upon conviction. These devices are not toys and should be used with care, however, since the most common instances of misuse involve children, it is felt that a fine and confiscation might alert parents that their supervision is needed when there is a lack of responsibility shown by their children. The committee agreed to amend the bill. Vote 18-0.

Amendment (0099h)

Amend RSA 631:3-a as inserted by section 1 of the bill by replacing it with the following:

631:3-a Reckless Conduct Involving Laser Pointing Devices.

I. Any person who knowingly uses a laser pointing device to illuminate an occupied motor vehicle, window, or person shall be guilty of a violation and the laser pointing device shall be forfeited after conviction.

II. It shall be an affirmative defense under this section that the laser pointing device was used in an organized meeting or training class by the instructor or speaker.

HB 282-FN-A, relative to bomb dogs and making an appropriation therefor. RE-REFER TO COMMITTEE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill would appropriate funding for two specially trained bomb dogs. The committee heard that Sen. Gregg has announced that New Hampshire will be receiving federal grants for two dogs. The committee felt that passing this bill might jeopardize this grant and voted to re-refer the bill to await further information. Vote 18-0.

HB 302, relative to paint ball guns. OUGHT TO PASS WITH AMENDMENT

Rep. Robert M. Fesh for Criminal Justice and Public Safety: This bill, as presented to the committee, would have created a new section of law regulating sales of "paint ball" guns to anyone under the age of 18. Paint ball guns are devices that propel small cartridges filled with paint to mark the target by means of compressed air supplied at an approved range under most circumstances. Because the nature of the proposed statute was similar to the current RSA 644:14 relative to Air Rifles, it was voted by the committee to include paint ball guns with air rifles which allows the use of such devices at home only under parental supervision for those under 18 or at an approved range under responsible adult supervision. Anyone who supplies such devices to a person under 18 without written consent of a parent or guardian is guilty of a violation. Vote 18-0.

Amendment (0064h)

Amend the bill by replacing section 1 with the following:

1 Selling of Paint Ball Guns to Persons Under 18 Years of Age. Amend RSA 644:14 to read as follows:

644:14 Selling Air Rifles *or Paint Ball Guns* to Young Persons. If any person shall sell, barter, rent, lend, or give an air rifle *or paint ball gun* to a person under the age of 18, without the written consent of the parent or guardian, as the case may be, ~~he~~ *such person* shall be guilty of a violation. Air rifles *and paint ball guns* may be used in New Hampshire only in the home of the person under 18 under parental supervision or on an approved range under responsible adult supervision. Air rifles *or paint ball guns* may be possessed by a person under 18 only in his *or her* own home under parental supervision or on the way to or from an approved range that is under the supervision of a responsible adult such as an instructor in gun safety or marksmanship.

HB 312, restricting the carrying of firearms in courthouses. RE-REFER TO COMMITTEE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill was to define the "areas used by the court" as it appears in RSA 159:19. It currently is a Class B felony to carry a firearm into an area used by the court. The problem seems to be that there is no consistency in our courthouses as to just what areas are used by the court. Many of our courthouses contain offices of the register of deeds, county attorney and/or country sheriff. An effort by the court to place additional warnings, per RSA 159:19, on various court documents is underway to attempt to minimize those individuals who may appear at a courthouse carrying a firearm. The committee wishes to place the bill into study to allow some time for the court's efforts to bear fruit. Vote 18-0.

HB 323, relative to restricting the decibel level of motor vehicle sound systems. **INEXPEDIENT TO LEGISLATE**

Rep. Walter J. Mikowski for Criminal Justice and Public Safety: This bill attempts to restrict the decibel level of noise coming from within motor vehicles. The committee agreed that many communities already impose noise ordinances to cover varying situations. Also, it could be difficult to enforce the restriction of 80 decibels without special equipment in all law enforcement vehicles. The committee agreed to leave this a local issue. Vote 16-1.

HB 423, relative to advertisements for sweepstakes and gambling. **INEXPEDIENT TO LEGISLATE**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: The sponsor felt that the sweepstakes authority should publish more prominently on all their advertisements the fact that the odds of winning are very much against the purchaser. The committee examined all the current advertising and the odds are published completely on each type of ticket and well within the law. We agree that the advertising is very marketing oriented and in some cases extremely seductive but the odds are shown for all to review. Vote 18-0.

HB 424, relative to fire protection and warning devices. **INEXPEDIENT TO LEGISLATE**

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill would mandate that all multi-unit dwellings shall have fire suppression systems consisting of automatic or manually operated fire alarm system, non-battery operated smoke detection system, and automatic water sprinkler system in certain areas that meet the approval of the state fire marshal and sets forth a penalty for violation or non-compliance. This action must be complied with by the year 2010. The sponsor of the bill should be commended for his interest in improving the level of fire protection and safety in multi-unit dwellings. However the state fire codes, life safety code, and building codes adopted in accordance with RSA 541-A are more than adequate to insure proper protection for the buildings and occupants. The proposed penalty is less than that required by present law. The deadline of the year 2010 could possibly cause property owners to insist they be allowed to wait until 2010 until they make the necessary improvement resulting in a 10 year period during which no fire safety improvements are made to buildings. Vote: 18-0.

HB 437, establishing a study committee on state reimbursement of municipalities for emergency responses along interstate highways. **INEXPEDIENT TO LEGISLATE**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: The purpose of this bill was to establish a committee to study reimbursement of municipalities for emergency responses of their fire, rescue and police equipment on sections of interstate highways that pass through or abut their municipalities. Currently, RSA 151-B:1 addresses the Reimbursement for Public Agency Response Services under circumstances where negligence was responsible for the accident. On all other occasions the committee felt that it was the abutting town's responsibility to provide emergency response in the same manner that they do for accidents on their own thoroughfares and roads. In addition, to provide reimbursement for incidents handled on the interstate highway system would open up requests for the same treatment for responses on the entire state highway system. Vote 18-0.

HB 447, repealing the laws prohibiting certain promotional games. **OUGHT TO PASS**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: The law that is being repealed was passed during 1973 to curb a somewhat punitive practice of the major oil companies that forced service stations to participate in promotional games and drawings. Now the situation is reversed and the service stations want to be able to participate if they so desire. No one appeared at the public hearing to testify against the bill and in December 1997, Massachusetts repealed a similar law. Vote 18-0.

HB 478, prohibiting smoking in all areas of prisons. **RE-REFER TO COMMITTEE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill would have prohibited smoking by staff and inmates in all state prison facilities by January 1, 2000. At the public hearing, Corrections Commissioner H. Risley explained that this process had already begun. The target date for smoke free prisons is April 1, 1999, for the women's facility and January 1, 2000 for the Concord men's facility. The new Berlin prison will be smoke free. The State Employee's Association supports the ban. The committee decided to re-refer the bill to watch progress on the administrative handling of this situation before passing legislation, which may not be necessary. Vote 18-0.

HB 349-FN-L, relative to revising annual grant amounts made for school building aid. RE-REFER TO COMMITTEE

Rep. Robert E. McKinley for Education: The method of funding school building aid is a subject that the Education Committee feels should be studied in depth. This bill, along with HB 273 which covers the same subject, will be studied together. Vote 15-2.

HB 358, relative to the term of office for members of the state board of education. OUGHT TO PASS
Rep. Susan B. Durham for Education: This bill will reduce the term of office for members of the State Board of Education from five years to four years with a maximum of three consecutive terms instead of the current two terms. The intent of these changes is to make it easier to recruit outstanding people to serve on that board. A term of four years seemed to be reasonable. Vote 17-0.

HB 213, relative to voting by prisoners OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. Clegg, Jr. for Election Law: This bill defines, in accordance with the recent court decision, where an incarcerated person may register to vote. The domicile of incarcerated persons shall be that from which they came immediately prior to incarceration. This bill also allows for voting by absentee ballot for incarcerated persons. Vote 15-0.

Amendment (0120h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Elections; Voters and Checklists; Eligibility; Voters Confined in Penal Institutions. Amend RSA 654 by inserting after section 2 the following new section:

654:2-a Voters Confined in Penal Institutions. The domicile for voting purposes of a person confined in a penal institution shall not include the municipality where the person is confined unless the person was domiciled in that municipality prior to confinement. A person confined in a penal institution who is a citizen of the United States, at least 18 years of age, and not prohibited from voting by Article 11 of Part First of the Constitution of New Hampshire shall have the right to vote absentee in any state election in the town or city in New Hampshire in which such person had his or her domicile immediately prior to such confinement, even though such person no longer maintains a domicile in said town or city and even though his or her intent to return thereto is uncertain, provided:

I. The person complies with all other applicable requirements and qualifications of the state of New Hampshire.

II. The person is not registered to vote in any other state or election district of a state or in any territory or possession of the United States.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that the domicile for voting purposes of a person confined in a penal institution is the domicile preceding confinement and not the municipality of incarceration.

HB 286, establishing a committee to study the issue of an HIV infected person's failure to warn his or her sexual partners that he or she is infected with HIV. INEXPEDIENT TO LEGISLATE
Rep. McKim W. Mitchell for Judiciary: After several subcommittee meetings on HB 286, including one with County Attorney Michael Johnson, it became apparent that prosecutors have tools already in place to deal with an HIV infected person's failure to warn his or her sexual partner of the risk involved. The committee believes we should be looking more into the area of health and education services rather than the criminal or civil aspects which are already in place. HIV shouldn't be the only disease addressed. What should be addressed is: contagious diseases, reporting, public information programs and education. Vote 16-0.

HB 306, relative to discoverability of environmental audit reports. OUGHT TO PASS WITH AMENDMENT

Rep. Robert H. Rowe for Judiciary: This bill was passed so that the wording of RSA 147-E complies with the requirement of the Federal Environmental Protection Agency. Without this amendment DES would lose up to \$7 million in annual funding. NHDES recommended this amendment. The committee felt pressured and uncomfortable having a federal agency holding a club over our head all in the name of federal money. However, during these times, it felt that it was a wise decision to make the necessary changes. Vote 13-0.

Amendment (0115h)

Amend the bill by replacing section 2 with the following:

2 Environmental Audits; Exceptions. RSA 147-E:4, IV is repealed and reenacted to read as follows:

IV. In a civil or administrative proceeding, if the court having jurisdiction under RSA 147-E:6, after an in camera review, determines that the environmental audit was undertaken for a fraudulent purpose, including without limitation the use of the privilege to avoid disclosure to regulators of violations known to exist or reasonably believed to exist by the regulated entity, or commenced by a regulated entity after learning of or receiving an official notice of impending government inspection or investigation.

Amend the bill by inserting after section 3 the following and renumbering the original sections 4-6 to read as 5-7:

4 In Camera Proceedings. Amend RSA 147-E:6, I to read as follows:

I. In the event of a dispute in any civil ~~[or criminal]~~ proceeding over whether an environmental audit report is privileged under RSA 147-E:3, is subject to an exception set forth in RSA 147-E:4, IV, or is nonprivileged under RSA 147-E:5, any party to the proceeding may file with the court having jurisdiction over the matter a motion requesting an in camera hearing to determine whether such environmental audit report or portions thereof are privileged or subject to disclosure. Any such motion shall state the grounds on which the party filing the motion is claiming the privilege or is entitled to disclosure. Upon the filing of such motion, an in camera review shall be conducted as set forth in paragraph III of this section.

Amend the bill by replacing section 7 with the following:

7 Effective Date. This act shall take effect upon its passage.

HB 255, authorizing the appointment or election of the combined office of town clerk-tax collector. INEXPEDIENT TO LEGISLATE

Rep. Robert W. Brundige for Municipal and County Government: The present system of electing the town clerk retains the direct accountability between the town clerk and the voters and it maintains the independence of the town clerk. This system was incorporated into the New Hampshire Constitution and is working well. The Committee agrees "if it ain't broke, don't fix it." Subsequent to the original Committee vote of ITL, the sponsor submitted an amendment to the bill. After discussion of the amendment, the Committee voted 15-0 not to reconsider the original motion. Vote 15-0.

HB 268-L, relative to the rescission of the official ballot form of meeting. OUGHT TO PASS WITH AMENDMENT

Rep. Norma A. Sabella for Municipal and County Government: This bill, as amended, clarifies the adopting question and rescission question of RSA 40:13 (known as SB2). Vote 15-0.

Amendment (0127h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the adoption and rescission of the official ballot form of meeting.

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-2 to read as 2-3, respectively:

1 Official Ballot Meeting; Adoption of Official Ballot Form of Meeting. Amend RSA 40:14, V to read as follows:

V. The wording of the question shall be: "Shall we adopt the provisions of RSA 40:13 (*known as SB 2*) to allow official ballot voting on all issues before the (local political subdivision)?"

AMENDED ANALYSIS

This bill clarifies the wording of the question which proposes the rescission of the official ballot form of meeting.

This bill also clarifies that the official ballot form of meeting is that which is commonly known as SB 2.

HB 377, relative to staying adoption of zoning ordinances under certain circumstances. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Municipal and County Government: The design phase of the planning process is informal, non-binding, and not mandatory. RSA 676:12 V grandfathers projects when they are accepted by the board. This meeting has been noticed and the abutters have been notified. This is a more appropriate time to grandfather a project. Vote 13-0.

HB 378, relative to discharge or suspension of county employees. **INEXPEDIENT TO LEGISLATE**
Rep. Elizabeth S. Hager for Municipal and County Government: The Committee could find no reason why this suggested change was needed. The counties indicated the current language has not presented any problems. Vote 14-0.

HB 384-L, relative to permitting the election of city officers to be held on biennial election day. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas E. P. Rice for Municipal and County Government: This same proposition was turned down last year for another city. The city of Franklin already has sufficient options. There is great concern about having two or more overcrowded ballots slowing down the voting process to an unacceptable degree, as well as conflicting filing deadlines, absentee balloting, and mixing partisan and non-partisan ballots. Vote 14-0.

HB 460, relative to adoption and final approval of master plans for municipalities. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have required legislative body approval of a master plan. The Committee feels that there is no need to affect the master plan process in this way. Vote 13-0.

HB 461-L, relative to inclusion of conservation, preservation, and local water resources management provisions in local master plans. **INEXPEDIENT TO LEGISLATE**

Rep. Thomas E. P. Rice for Municipal and County Government: This bill constitutes an unfunded mandate and is therefore not constitutional. Vote 14-0.

HB 350-FN, relative to an additional lane on Route 102 in Chester and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Charles W. Morse for Public Works and Highways: The committee recognizes the hardship this bill places on the local school district. However, this bill would set a precedent for future funding. The committee agrees with Department of Transportation testimony that this bill be Inexpedient to Legislate. The committee and the sponsor will continue to pursue with the DOT avenues to find a solution to this problem. A question was raised regarding a 28-a issue, and the committee felt that since this is a new facility all current regulations need to be met. 28-a would apply if this work was required at the existing facility. Vote 16-0.

HB 365, establishing a committee to study the current practice of posting roads and its effect on the economy. **OUGHT TO PASS**

Rep. John R. Cloutier for Public Works and Highways: The committee majority believes such a study committee is needed after hearing persuasive testimony from the sponsor and a number of concerned citizens. The intent of such a committee would be to inquire how the posting of roads by the state and municipalities could be better and more equitably done so as to possibly lessen any adverse impacts to affected businesses, especially those that rely on trucks. But, the committee should also study if trucks are paying their fair share of any damage to roads in the spring. The Department of Transportation indicated it is in favor of such a study committee. Vote 15-0.

HB 401, relative to the International Trade Corridor and Border Crossing Planning and Development Program. **INEXPEDIENT TO LEGISLATE**

Rep. Bernard J. Raynowska for Public Works and Highways: This bill was filed prior to the filing of an application for funds under the National Corridor Planning and Development Program. Since that time an application has been completed and forwarded to Washington. Due to the filing, this bill requires something to be done that has already been accomplished. The sponsor is in complete agreement. Vote 15-0.

HB 406-FN-L, relative to certain private rail lines. **INEXPEDIENT TO LEGISLATE**

Rep. Winston H. McCarty for Public Works and Highways: The committee admires the initiative of the town to be encouraging commercial and industrial development. The committee did believe it would be setting the wrong precedent to spend state monies for railroad crossing signal lights on a newly proposed town road to private land for speculative development. Vote 16-0.

HB 416-FN-L, transferring control of all rest areas on state ways to the city or town in which each rest area is situated. **INEXPEDIENT TO LEGISLATE**

Rep. John R. Cloutier for Public Works and Highways: The overwhelming committee majority believes this bill is not needed. There was no testimony from any municipalities that wanted to take over the 15 rest stops now owned and operated by the state. Furthermore, under the bill, if any of the municipalities refused to take over such stops, they would be offered to private owners. But, there was no testimony in favor from any potential private owners. Finally, the Transportation Commissioner stated that he believes such stops are now well operated, and that passage of the bill might force the state to reimburse the federal government for any money originally spent in building such stops. Vote 15-0.

HCR 4, urging the U.S. Secretary of Transportation to include U.S. Route 2 as a border corridor highway. **OUGHT TO PASS**

Rep. Edwin O. Smith for Public Works and Highways: This resolution urges the U.S. Secretary of Transportation to include U.S. Route 2 in a funding portion of the TEA 21 federal highway program. Money for this would come from those funds appropriated for border infrastructure improvement, and not affect other funds coming to the state as a result of TEA 21 funding. The state has nothing to lose, and would receive additional funding if included in the federal program. Vote 15-0.

REGULAR CALENDAR**HB 204-FN**, relative to driving after license revocation or suspension. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill establishes penalties for collisions resulting in injuries or property damage when the collision was caused or contributed to by a driver whose license is under revocation or suspension. Section 1 of this bill makes no changes other than to go to gender neutral language. Section 2 is the new part and the committee amendment is substantially the same as the original bill but we took out the property damage in excess of \$1000. It now says that if you drive while under revocation or suspension and are in an accident that causes death or injury to any person you shall be guilty of a class B felony. We also added a provision saying if you are suspended pursuant to RSA 263:14 (the 20 day administrative suspension) you shall be guilty of only a misdemeanor. We did this because if you are over 20 years old, you would just pay a fine for these minor-moving violations but if you are under 20, you pay a fine and get suspended. We felt that this was the fairest way to do this. Vote 17-1.

Amendment (0155h)

Amend RSA 263:64, V-a as inserted by section 2 of the bill by replacing it with the following:

2 New Paragraph; Driving After License Revocation or Suspension. Amend RSA 263:64 by inserting after paragraph V the following new paragraph:

V-a.(a) Except as provided in subparagraph (b), any person who drives a motor vehicle in this state during the period of suspension or revocation of his or her license or driving privilege and is involved in a collision resulting in death or injury to any person shall be guilty of a class B felony, where such person's unlawful operation of the motor vehicle caused or materially contributed to the collision. Evidence that the driver violated any of the rules of the road in causing or materially contributing to the collision is prima facie evidence of unlawful operation of a motor vehicle.

(b) A person violating this section whose license or driving privilege has been suspended pursuant to the provisions of RSA 263:14 only shall be guilty of a misdemeanor.

AMENDED ANALYSIS

This bill establishes penalties for collisions resulting in injuries when the collision was caused or contributed to by a driver whose license is under revocation or suspension.

Adopted.

Report adopted and ordered to third reading.

HB 108-FN-A-L, establishing a statewide education property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.**

Rep. Jeffrey C. MacGillivray for the Majority of Finance: After this statewide property tax bill was recommitted, the sponsor proposed an amendment which incorporated most of the additional revenues used in HB 117 as amended. This reduced the property tax rate to \$9.99 and significantly decreased the impact on "donor towns", and made HB 108 more like HB 117. We again thank the sponsors for their years of work and their ideas, and for their incorporation of the same additional revenues as in HB 117. However, HB 108 still has a larger adequacy number than HB 117, no homestead exemption, no donor town transition grants, and expands the state kindergarten aid program. These differences explain HB 108's higher statewide property tax rate. The committee has decided to recommend HB 117 as amended instead, with its homestead exemption, its donor town transition grants, continuation of the existing kindergarten program, and targeting of the last few hundred dollars of state aid to property-poor communities. Vote 25-1.

Rep. Steve Vaillancourt for the Minority of Finance: The amendment reduces the statewide property tax rate from \$12 to \$9.99 per thousand. This is accomplished by using, as is done in the SMART plan, \$125 million in cigarette tax money. The amendment goes a long way in reducing the "pain" on so-called donor towns. The amount to be transferred from donor to receiver towns has been reduced from \$133 million to \$63 million, as opposed to the \$52 million (prior to any constitutionally questionable give-back grants) in the SMART plan. The advantage to this bill is in the adequacy amount. Unlike the SMART plan which still contains an unrealistic level of \$708 million, this bill sets adequacy at a rate of \$864 million, \$4000 for elementary students and \$4500 for high school students. That's a compromise from the \$966 million we hear on the Senate side. This bill also targets funding to the communities which need help the most. A special weighting of .4 is allowed for students on free or reduced lunches. SMART proponents realized the wisdom of this approach but limited the weighting to .1. Also, unlike SMART, this bill will pass constitutional muster and not cause us to be back here "fixing" things in a few months. Fair and constitutional, this bill solves the Claremont dilemma with an adequate number and without the disruptive influence of an income or sales tax. And it will provide significant property tax relief to three out of four homeowners in the state.

Rep. Sapareto spoke against and yielded to questions.

Rep. Mirski and Alger spoke against.

Rep. Alukonis spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Rubin moved that **HB 108-FN-A-L**, establishing a statewide education property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor, be laid on the table.

The motion failed.

The question now being the adoption of the majority report.

Rep. Sapareto requested a roll call; sufficiently seconded.

Without objection, Rep. Sapareto withdrew his request for a roll call.

Rep. Mirski objected and requested a roll call; sufficiently seconded.

HB 114-FN-A-L, establishing a local property tax education homestead allowance against school taxes on residential real estate, establishing a fund to reimburse municipalities for such exemptions, and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. William S. Belvin for Finance: As originally crafted the bill's core concept was to provide a homeowner with a local property tax education homestead allowance of 50% of the first \$100,000 of the home's value. The bill was recommitted to consider new amendments to this proposal.

The amendment offered by the bill's sponsors had both a policy and technical component. The policy change was to accelerate the availability of the full homestead allowance to the tax year 2000 from the previous tax year 2008. The technical provisions addressed the mechanics of the Education Homestead Allowance Fund's operations.

After considering the proposed amendment the majority of Finance believes that the significant original concerns remain. The amended bill leaves in place varying local property tax rates which raises constitutional concerns; does not address education adequacy in any form, and relies on unspecified revenue sources to fund the homestead allowance. Vote 25-1.

Rep. Langley spoke against and yielded to questions.

Reps. Howard and Boyce spoke against.

Rep. Kurk spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Wendelboe moved that **HB 114-FN-A-L**, establishing a local property tax education homestead allowance against school taxes on residential real estate, establishing a fund to reimburse municipalities for such exemptions, and making an appropriation therefor, be laid on the table.

Rep. McGough requested a roll call; sufficiently seconded.

and the report was adopted.

HB 116-FN-A-L, establishing an alternative consumption tax as a source of funding for education and making an appropriation therefor. RE-REFER TO COMMITTEE

Rep. William S. Belvin for Finance: This bill is based on an Alternative Consumption Tax (ACT) that would apply a 1% tax on New Hampshire goods and services as a revenue base to address Claremont. It then adds a statewide property tax of \$5.07 per \$1,000 of assessed valuation as well as other funds from tobacco and utility tax to raise \$829 million for education funding. The bill was recommitted to allow the sponsors time for additional amendments.

The offered amendment made material changes to the legislation. The statewide property tax rate has been reduced to \$4.74. The ACT funding estimate is now \$327 million net of expenses. The tobacco tax increases proposed in HB 112 is included but the Tobacco State Settlement moneys from the industry are removed from the dedicated education fund. Also removed from the ACT tax are all medical services and HMOs. The distribution formula now includes a poverty weighting based on school lunch program data, and an additional feature is included to encourage education expenditures above the adequacy level through additional state aid to property poor towns. Lastly a collection fee of 3% of the taxes actually collected is included to assist the state's businesses in their collecting and remitting the tax to DRA.

The committee recognizes the sponsor's significant and sincere efforts to assemble a comprehensive proposal to solve the education funding issue. Should there be a need for additional revenue sources, the services base for the ACT tax represents an important option. However, the revenue estimates in this amended version of the bill need additional verification. In order to allow the bill's unique features to remain under consideration, and to improve the revenue estimates' accuracy, the Finance Committee recommends the bill be re-referred to committee. A motion to table the bill will be made to keep this creative option before us. In the meantime, the LBA has been asked to work on the revenue estimates in detail Vote 17-9.

Rep. Kurk spoke in favor.

LAID ON THE TABLE

Rep. Peterson moved that **HB 116-FN-A-L**, establishing an alternative consumption tax as a source of funding for education and making an appropriation therefor, be laid on the table.

Rep. Scanlan requested a roll call; sufficiently seconded.

and the motion was adopted.

VACATE

Rep. Packard moved that the House vacate the reference of **HB 610-FN-A-L**, prohibiting the use of wheeled OHRVs on trails maintained by the bureau of trails during the winter, to the Committee on Transportation.

Adopted and referred to Resources, Recreation and Development.

RECESS

(Rep. Jacobson in the Chair)

HB 117-FN-A-L, relative to local property taxation and state aid to support an adequate public education and making an appropriation therefor. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE

Rep. Neal M. Kurk for the Majority of Finance: HB 117, the SMART plan, as amended by the Committee, fully addresses education funding issues within the existing framework of our current tax system. It does so without an income tax or a sales tax and without expanded gambling. The SMART plan preserves the New Hampshire advantage.

The SMART plan sets the cost of an adequate education at an average of \$3700 per pupil, with a provision for supplementary grants of up to \$400 per pupil to property-poor communities. State building aid, kindergarten aid, and catastrophic special education aid are continued in their present form. The SMART plan funds its \$707 million cost with an \$8.75 per thousand statewide property tax. In effect, this tax replaces part of the school portion of the local property tax. The plan provides for a 25% homestead exemption for a taxpayer's primary residence (capped at \$40,000) and a phased-in, five-year hardship exemption for individuals in donor communities whose school property taxes increase by more than 20% in a year. Additional revenue comes from an \$8.75 statewide tax on utility property; the tobacco tax, including the recently passed increase; the nuclear property tax; Sweepstakes revenues; and the school portion of revenue sharing. As a result, some 180 communities will see their property taxes decrease.

The amendment includes a new property tax transition grant to donor communities. The purpose of the grant is to mitigate the effect of the statewide property tax on low-income property owners. The Committee believes that it is better policy to help property-poor communities without harming property-rich communities. These grants are not like the unconstitutional ABC abatements, because the grants are not abatements of taxes but, like revenue sharing, are appropriations from the general fund. Further, the proposal allows for the community to best decide how the funds can and should be utilized. If the funds are used to reduce property taxes, almost all communities will see their property tax burden decrease.

The plan funds grants of \$46 million to offset the \$52 million of statewide property tax paid in by the donor communities. Municipalities will decide how to use these funds. This new grant program makes the phase-in program unnecessary, and it has been removed from the SMART plan.

The Committee understands the concerns expressed by the municipalities about the administrative impact of the implementation of a statewide property tax. Therefore a formal subcommittee has been established that is committed to working with the NH Municipal Association and others to address and resolve those concerns. Vote 16-10.

Rep. Mary Jane Wallner for the Minority of Finance: After all that's been done, this bill is still fatally flawed by its "inadequate" adequacy figure. It won't do the job at \$3,700 per student.

No one should be confused by that number. It disregards "weighted students." The \$708 million pulled together in this bill really means that the adequacy number for an elementary school student is less than \$3,100, and kindergarten students are left out of the formula entirely. While we can debate the "ultimate" value of the adequacy number, it must be clear that this figure is unrealistic and sadly lacking. It must also be clear that if this bill is brought to the Court, as it surely will be, it will fail review, be found deficient and be struck down.

This bill also funds itself by taking at least \$75 million from the general fund, without identifying where it will come from in the budget. Given the tightness of the Governor's budget, the use of any sums at this level will have to come from monies for cities and towns or human services. We should not leave ourselves short in the budget process by stealing such massive revenue before the budget process has even begun.

There is no easy fix for this bill because its adequacy number is arbitrarily low, and it generates insufficient new funds. The minority believes the House should reject this bill, and adopt a plan or plans with an appropriate adequacy number, a detailed description of revenue sources, and a source or sources of new revenue sufficient to the task at hand.

The Property Tax Transition Grant which is added in this amended version contains a formula for returning funds to donor communities purportedly to alleviate the harm to low income people. But the formula contained in this bill does not accomplish its intended goal.

The latest amendment, developed last week with the intent of easing the pain of donor communities, could in fact end up hurting donor communities even more. Their payment level is increased from \$48 to \$52 million and should the grant language be struck down as unconstitutional, the entire \$52 million would be due in the first year, because the four year phase-in has been eliminated. Thus, donor towns would owe \$52 million rather than \$12 million. That's far from an easing of the pain. Local municipalities have been urging the Finance Committee to include provisions in this bill which would address the issues facing communities in collecting a state property tax. Even though we had the extra time, the committee did not address the needs of the municipalities.

Rep. Burling requested a quorum court. The Chair declared a quorum present.

CLERK'S NOTE

The Committee amendment (0224h) was not considered.

Rep. Kurk offered a floor amendment (0262h).

Floor Amendment (0262h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a uniform education property tax to provide funding for an adequate public education and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Intent.

1.(a) The New Hampshire supreme court has ruled that the state has a duty to fund a constitutionally adequate education for public elementary and secondary pupils. The state has long relied upon a system of localized property taxation to fund education, a system to which many have become accustomed and about which economic forces have acquired settled expectations. The court, however, has said that such system violates the constitutional requirement that all taxes levied in the state be proportional and reasonable. A fiscal policy based upon property taxation, according to the court's interpretation, must be "equal in valuation and uniform in rate throughout the state." Acknowledging that reorganization of the revenue raising structure for public elementary and secondary education is now compelled, the general court chooses hereby to do so in a manner that is the least disruptive of settled economic expectation and social fabric of the community.

(b) By this act the general court establishes a fair taxation policy intended to preserve local control of public schools and retain the incentive for parental and local community participation in

the education of the children of New Hampshire. Such involvement is essential to the maintenance of the quality of the state's educational institutions which have heretofore produced high scores on comparative measures of educational outcome. The general court recognizes that disparity exists among cities and towns relative to their ability to raise basic expenses of an adequate public education. Assistance, where required, must be supplied. Recognition is also accorded to the principle of home ownership. Homeowners provide a substantial commitment to the communities in which they live, which is essential to the quality of life in New Hampshire.

(c) The following are intended to carry out this legislative purpose:

(1) Impose a uniform state tax at the lowest possible rate consistent with providing funding for educational adequacy throughout the state.

(2) Subsidize with state grants funded from other sources municipalities whose property base is insufficient to support an adequate education.

(3) Preserve and foster home ownership by providing a measure of tax relief to all resident homeowners, with proportionately greater benefit to those of low or moderate means.

II.(a)(1) A statewide property tax levied at a uniform rate upon equalized property values is generally an equitable method for funding an adequate education. However, reorganizing the existing system will inevitably upset to some degree the delicate balance of social and economic forces at work in the state. A uniform state tax rate will increase property taxes in cities and towns with relatively higher property values. The immediate effect of such increase will be felt disproportionately by homeowners with limited means. The tax may also have a dramatic effect upon certain classes of property such as utility property. Utility property is highly susceptible to interjurisdiction assessment variation and exacerbates the disparity among municipalities. An additional potential problem is the specter of competitive underassessment among cities and towns as the effects of the statewide tax begin to be felt.

(2) In cities and towns with relatively higher property values, sharp increases in property taxes may cause business failure where fixed costs increase faster than the ability to recoup them. Commercial rental property owners may find themselves locked in by lease provisions that prevent them from recouping tax increases from tenants, resulting in reduced reinvestment in the property, and potential foreclosure or bankruptcy. Also substantial increases in property tax obligations may cause or permit lenders to foreclose on mortgage notes based on the decreased ability of the borrower to meet the income level required by the lender because of the higher total mortgage payment obligations. Tax capitalization which decreases property values may also cause foreclosures on otherwise performing loans because the regulated lending institution must call the loan to comply with rules and regulations.

(b) The following are intended to mitigate these consequences so far as is practicable:

(1) Provide a phase-in of tax increases over 4 years for those municipalities that will collect more money in property taxes at the statewide rate than is required to fund an adequate education for the municipality.

(2) Provide additional relief to low and moderate income homeowners in high property value cities and towns to level the immediate effect of property tax increases occurring upon implementation of the statewide tax and allow time for the effect of tax capitalization to reallocate property values.

(3) Stabilize valuation of utility property by removing it from the local base for purposes of educational adequacy funding and taxing such property at the state level for distribution through an educational fund.

(4) Forestall the possibility of interjurisdictional assessment variations by increasing the level of state oversight in the equalization process.

2 New Subparagraph; Education Trust Fund. Amend RSA 6:12, I by inserting after subparagraph (vvv) the following new subparagraph:

(www) Money received under RSA 78, RSA 83-D, RSA 83-F, RSA 198:49 and from the sweepstakes fund, which shall be credited to the education trust fund under RSA 198:39.

3 Gender Reference Change. Amend the introductory paragraph of RSA 21-J:3 to read as follows: In addition to the powers, duties, and functions otherwise vested by law, including RSA 21-G, in the commissioner of the department of revenue administration, [he] *the commissioner* shall:

4 Duties of Commissioner. Amend RSA 21-J:3, V to read as follows:

V. Exercise general supervision over the administration of the assessment and taxation laws of the state, *the appraisal for ad valorem taxation purposes of property within the state*, and over all assessing officers in the performance of their duties, except the board of tax and land appeals, to the end that all assessments of property be made in compliance with the laws of the state.

5 Duties of Commissioner. Amend RSA 21-J:3, XIII to read as follows:

XIII. Equalize annually the valuation of the property in the several towns, cities, and unincorporated places in the state by adding to or deducting from the aggregate valuation of the property in towns, cities, and unincorporated places such sums as will bring such valuations to the true and market value of the property, including the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7; 72:15, I, V, VII, VIII, IX, X, and XI; 72:16; 72:17; 73:26; 73:27; and 73:11 through 16 inclusive, which were relieved from taxation by the laws of 1970, 5:3; 5:8; 57:12; and 57:15, the equalized valuation of which is to be determined by the amount of revenue returned in such year in accordance with RSA 31-A, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes *or payments in lieu of taxes* as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. *In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.*

6 Duties of the Commissioner. Amend RSA 21-J:3, XV to read as follows:

XV. Establish and approve tax rates as required by law *including the uniform education tax rate*.

7 New Paragraph; Duties of Commissioner. Amend RSA 21-J:3 by inserting after paragraph XXIV the following new paragraph:

XXV. Petition the board of tax and land appeals to issue an order for reassessment of property pursuant to the board's powers under RSA 71-B:16 - 19 whenever, in the commissioner's belief, the valuation of property for equalization purposes in a particular city, town, or unincorporated place is disproportional to the valuation for equalization purposes in other cities, towns, or unincorporated places in the state.

8 Division of Property Appraisal; Department of Revenue Administration. RSA 21-J:9 is repealed and reenacted to read as follows:

21-J:9 Division of Property Appraisal. There is established within the department the division of property appraisal, under the supervision of a classified director of property appraisal who shall be responsible for the following functions, in accordance with applicable laws:

I. Assisting and supervising municipalities and appraisers in appraisals and valuations as provided in RSA 21-J:10 and RSA 21-J:11.

II. Appraising state-owned forest and recreation land under RSA 227-H and RSA 216-A.

III. Annually determining the total equalized valuation of properties in the cities and towns and unincorporated places according to the requirements of RSA 21-J:9-a.

IV. Preparing a standard appraisal manual which may be used by assessing officials, and holding meetings throughout the state with such officials to instruct them in appraising property.

9 New Section; Equalization Procedure. Amend RSA 21-J by inserting after section 9 the following new section:

21-J:9-a Equalization Procedure. The following procedures shall apply in determining the equalization of property within the cities, towns, and unincorporated places as required by RSA 21-J:3, XIII:

I. The commissioner shall annually conduct a sales-assessment ratio study which shall include arm's length sales or transfers of property that occurred 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made.

II. In determining the arm's length sales or transfers that are included in the sales-assessment ratio study, the commissioner may use a randomly selected sample of such sales and transfers the size of which shall be determined by the total taxable parcels in the city, town, or unincorporated place.

III. If less than 2 percent of the total taxable parcels in a city, town, or unincorporated place has been transferred by an arm's length sale or transfer during the 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made or the commissioner determines the sales are unrepresentative of the property within the municipality, the commissioner may choose one or more of the following options:

(a) Include appraisals of any of the taxable property of such city, town, or unincorporated place in the sales-assessment ratio study. Such appraisals shall be based on full and true market value pursuant to RSA 75:1 and shall be performed by department appraisers. The property to be appraised shall be selected by the commissioner.

(b) Consider recent equalization ratio activity in adjoining cities, towns, or unincorporated places.

(c) Include arm's length sales or transfers in the city, town, or unincorporated place, within 2-1/2 years preceding April 1 of the year preceding the tax year for which such equalization is made.

IV. The commissioner shall use the inventory of property transfers authorized by RSA 74:18 in determining the equalized value of property and may consider such other evidence as may be available to the commissioner on or before the time the final equalized value is determined.

10 Appraisals of Property for Ad Valorem Tax Purposes. RSA 21-J:11 is repealed and reenacted to read as follows:

21-J:11 Appraisals of Property For Ad Valorem Tax Purposes.

I. Every person, firm, or corporation intending to engage in the business of making appraisals on behalf of a municipality for tax assessment purposes in this state shall notify the commissioner of that intent in writing. No person, firm, or corporation engaged in the business of making appraisals of taxable property for municipalities and taxing districts shall enter into any contract or agreement with any town, city, or other governmental division without first submitting the proposed contract or agreement to the commissioner for examination and approval and submitting to the commissioner evidence of financial responsibility and professional capability of personnel to be employed under the contract.

II. The commissioner, at no expense to the municipality, shall monitor appraisals of property and supervise appraisers as follows:

- (a) Assure that appraisals comply with all applicable statutes and rules;
- (b) Assure that appraisers are complying with the terms of any appraisal contract;
- (c) Review the accuracy of appraisals by inspection, evaluation, and testing, in whole or in part, of data collected by the appraisers; and
- (d) Report to the governing body on the progress and quality of the municipality's appraisal process.

III. The commissioner shall adopt rules under RSA 541-A relative to the provisions required of all contracts for appraisal services and the methodology for inspection, evaluation, and testing of data for the purposes of appraisal monitoring.

11 Reports Required. Amend the introductory paragraph of RSA 21-J:34 to read as follows:

The governing body of each city, town, unincorporated town, unorganized place, school district, and village district, and the clerk of each county convention shall submit to the commissioner of revenue administration the following reports necessary to compute and establish the *uniform education property tax rate and the* tax rate for each city, town, unincorporated town, unorganized place, school district, village district, and county. The commissioner shall adopt rules under RSA 541-A establishing the form and content of these reports:

12 New Paragraph; Reports Required. Amend RSA 21-J:34 by inserting after paragraph XIV the following new paragraph:

XV. A report filed by the assessing officials of each city, town, and unincorporated place shall certify sales-assessment information necessary for the department to conduct the annual sales-assessment ratio study required by RSA 21-J:9-a. This report shall be filed within 45 days after receipt from the department.

13 New Paragraph; Setting of Tax Rates by Commissioner. Amend RSA 21-J:35 by inserting after paragraph I the following new paragraph:

I-a. The commissioner shall calculate the uniform education property tax rate as follows:

(a) Multiply the adjusted per pupil adequate education cost as defined in RSA 198:38, I by the weighted average daily membership in residence as defined in RSA 198:38, VI as reported to the department on December 31 pursuant to RSA 198:46.

(b) Subtract from the product in subparagraph (a) the total amount appropriated to the department of education from the education trust fund by the legislature;

(c) Add to the sum in subparagraph (b) the total amount of accepted homestead exemptions under RSA 198:50 from the previous year and hardship relief under RSA 198:51 from the year preceding the previous year;

(d) Divide the sum in subparagraph (c) by the total equalized assessed value as determined by the commissioner relative to the most recent annual report of the department. In this paragraph "equalized assessed value" means the sum of the total valuation of each class of property in a municipality reported pursuant to RSA 21-J:34 adjusted by excluding the value of utility property

subject to tax under RSA 83-F, nuclear station property subject to tax under RSA 83-D, and the value of property exempted pursuant to RSA 72:37-b, 72:62, 72:66, and 72:70 and equalized by the commissioner according to the equalization method specified in RSA 21-J:9-a.

14 New Subdivision; Property Tax Transition Grant. Amend RSA 31-A by inserting after section 6 the following new subdivision:

Property Tax Transition Grant

31-A:7 Intent. The general court recognizes the obligations of municipal governments to provide necessary and desirable services to their citizens, including new or expanded programs, and hereby finds that to the extent that changes in state tax policy could have the effect of unduly limiting municipal governments in carrying out their obligations, it is appropriate to provide encouragement and support to those political subdivisions in the form of grants. The general court further recognizes that the hardships attendant to increased taxes that are placed on low income residents and those providing shelter and services to those citizens result in increased burdens on municipal governments in a number of ways including but not limited to difficulty or impossibility of funding new or expanded programs, fewer housing starts and rental property construction for people of modest means and less disposable income being available to the elderly and poor, thereby creating a greater need for municipal assistance. Therefore, the general court finds it to be in the interest of the public weal to establish a property tax transition grant program to ameliorate, in part, such adverse consequences.

31-A:8 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Municipality" means a city, town or unincorporated place.

III. "Municipal per capita income" means per capita income as reported by the department of revenue administration for each New Hampshire municipality.

IV. "State per capita income" means per capita income as reported by the department of revenue administration for the state of New Hampshire.

31-A:9 Determination of Transition Grant.

I. The commissioner on or before October 1 shall determine the amount of property tax transition grant for each municipality for the following fiscal year as follows:

(a) Divide the municipal per capita income for a municipality by state per capita income.

(b) Subtract 0.6 from the product in subparagraph (a);

(c) If the result of the subtraction in subparagraph (b) results in an amount less than 0 substitute 0;

(d) Divide the result of the calculation in subparagraph (c) by 4 and subtract the result from 1.0;

(e)(i) If the municipality's weighted average daily membership in residence as defined in RSA 198:38, VI is greater than 9, multiply the result in subparagraph (d) by the amount of the municipality's excess education property tax payment determined pursuant to RSA 198:49.I; or

(ii) If the municipality's weighted average daily membership in residence as defined in RSA 198:38, VI is less than 10, multiply the average of the result in subparagraph (d) for all municipalities whose weighted average daily membership in residence as defined in RSA 198:38, VI is greater than 9 by the amount of the municipality's excess education property tax payment determined pursuant to RSA 198:49, I.

II. The amount in subparagraph I(e) shall not exceed the amount of excess education property tax determined pursuant to RSA 198:49 for the municipality for the corresponding tax year.

31-A:10 Distribution. Upon certification to the state treasurer by the commissioner, distribution of the property tax transition grants determined in RSA 31-A:9 shall be made by the state treasurer from sums appropriated therefor from the general fund. For the fiscal year ending June 30, 2000, such distribution shall be made on June 15, 2000. For fiscal years ending after June 30, 2000, such distribution shall be made at the time or times other payments are returnable to the municipalities pursuant to this chapter.

31-A:11 Biennial Review. The legislature shall biennially review the circumstances of municipalities relative to the intent of this subdivision to determine the need for providing assistance to such municipalities and shall adjust the amounts provided herein as it deems prudent.

15 Board of Tax and Land Appeals; Authority. Amend RSA 71-B:5, II to read as follows:

II. To hear and determine [any] appeals *by towns* relating to the ~~[equalization of valuation performed]~~ *equalized valuation of property determined* by the commissioner of revenue admin-

istration pursuant to RSA 21-J:3, XIII *including equalized assessed valuations determined by the commissioner for the purposes of the education property tax*. Any town aggrieved by ~~an~~ its equalized valuation as determined by the commissioner of revenue administration must appeal to the board in writing within 30 days of ~~[the town's notification]~~ *notice of [the] its final* equalized valuation by the commissioner. *The board shall hear and make a final ruling on such appeal within 45 days of its receipt by the board. The board's decision on such appeal shall be final and not appealable.*

16 New Paragraph; Order for Reassessment. Amend RSA 71-B:16, IV to read as follows:

IV. When a complaint is filed with the board alleging that all of the taxable real estate or taxable property in a taxing district should be reassessed or newly assessed for any reason, provided that such complaint must be signed by at least 50 property taxpayers or 1/3 of the property taxpayers in the taxing district, whichever is less[-]; or

V. *When the commissioner of revenue administration files a petition with it pursuant to RSA 21-J:3, XXV.*

17 New Section; Inventory of Property Transfers. Amend RSA 74 by inserting after section 17 the following new section:

74:18 Inventory of Property Transfers.

1. In order to properly equalize the value of property under RSA 21-J:3, XIII, an inventory of property transfers shall be filed with the department of revenue administration and with the municipality where the property is located for each transfer of real estate or interest in real estate. Each form may include the following information:

(a) The buyer and seller's names and post transaction addresses and the name and address of a contact person if the buyer or seller is a trust or corporation.

(b) A description of the exact location of the property by town, street, and the assessor's map, lot, and block number.

(c) The acreage included in the sale.

(d) An accurate description of the property included in the sale, the neighborhood where the property is located, and the type and style of the property sold.

(e) The buyer's ownership interest in the property.

(f) The sale price, date of transfer, and the amount mortgaged.

(g) The description of the type of transfer that has taken place.

(h) The amount of personal property included in the sale price.

(i) Whether the property was previously occupied and whether the property will serve as the buyer's primary residence.

(j) The financing arrangements made to purchase the property to be answered at the option of the buyer.

(k) Whether any concessions were made in the sale.

(l) Whether the property was in current use.

(m) Whether land use taxes were considered in the sale.

(n) The buyer's dated signature certifying that the information indicated on the form is true.

II. The inventory of property transfers required by this section shall be filed with the department of revenue administration and with the municipality where the property is located by the purchaser, grantee, assignee, or transferee, no later than 30 days from the recording of the deed at the register of deeds or transfer of real estate, whichever is later. Persons required to file the inventory of property transfers who willfully fail to file or willfully make false statements on the forms shall be guilty of a violation.

III. No deed, recording a transfer of real estate or any interest in real estate, executed before October 1, 1995, shall be required to comply with this section.

IV. Failure to comply with this section shall not be construed to cloud title.

V. Any information provided to the department or the municipality pursuant to this section shall be exempt from the right-to-know law, RSA 91-A.

18 Education Property Tax. RSA 76:3 is repealed and reenacted to read as follows:

76:3 Education Property Tax. An annual education property tax at the uniform rate calculated by the commissioner of revenue administration pursuant to the authority granted in RSA 21-J:35, I-a is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except

such property subject to tax under RSA 82, RSA 83-D and RSA 83-F. Such uniform rate shall be calculated by the commissioner on or before October 1 for the tax year commencing April 1 of the succeeding year.

19 What Taxes Assessed. Amend RSA 76:5 to read as follows:

76:5 What Taxes Assessed. The selectmen shall seasonably assess all state and county taxes for which they have the warrants of the [state] *commissioner of revenue administration* and county treasurers respectively; all taxes duly voted in their towns; and all school[~~schoolhouse,~~] and village district taxes authorized by law or by vote of any school or village district duly certified to them; and all sums required to be assessed by RSA 33.

20 Commissioner's Warrant. RSA 76:8 is repealed and reenacted to read as follows:

76:8 Commissioner's Warrant.

I. The commissioner of revenue administration shall annually calculate the proportion of education property tax to be raised by each municipality by multiplying the uniform education property tax rate by the total equalized assessed value of all property in the municipality as determined under RSA 21-J:3, XIII and used to calculate the uniform rate under RSA 21-J:35, I-a.

II. The commissioner shall issue a warrant under the commissioner's hand and official seal for the amount computed in paragraph I to the selectmen or assessors of each municipality on or before September 1 directing them to assess such sum and pay to the municipality for the use of the school district or districts or to the department of revenue administration for deposit in the education trust fund such sums and at such times as may be prescribed for other taxes assessed by such selectmen or assessors of the municipality.

21 Commissioner's Report. RSA 76:9 is repealed and reenacted to read as follows:

76:9 Commissioner's Report. The commissioner of revenue administration shall report to the governor, the speaker of the house of representatives, the president of the senate, and the commissioner of education each year on or before January 15, a statement of the education property tax warrants to be issued for the tax year commencing April 1 of that year.

22 Information Required. Amend RSA 76:11-a, I to read as follows:

I. The tax bill which is sent to every person taxed, as provided in RSA 76:11, shall show the rate for municipal, [school] *local education, state education*, and county taxes separately, the assessed valuation of all lands and buildings for which said person is being taxed, and the right to apply in writing to the selectmen or assessors for an abatement of the tax assessed as provided under RSA 76:16. The department of revenue administration shall compute for each town and city the rates which are to appear on the tax bills and shall furnish the required information to the appropriate town or city.

23 New Section; Tobacco Tax. Amend RSA 78 by inserting after section 31 the following new section:

78:32 Distribution of Funds. Eight percent of the amount collected pursuant to RSA 78:7 shall be deposited in the general fund and the remainder shall be paid over to the state treasurer for deposit in the education trust fund established by RSA 198:39.

24 Administration; Tax on Nuclear Station Property. Amend RSA 83-D:12, I to read as follows:

I. The commissioner of revenue administration shall collect the taxes, interest, additions to tax and penalties imposed under this chapter. The commissioner shall determine the expense of administration of this chapter and shall certify and pay over to the state treasurer *for deposit in the education trust fund established by RSA 198:39* the amount of remaining balance of the funds collected under this chapter after the expenses of administration have been deducted.

25 New Chapter; Utility Property Tax. Amend RSA by inserting after chapter 83-E the following new chapter:

CHAPTER 83-F

UTILITY PROPERTY TAX

83-F:1 Definitions. In this chapter:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Department" means the department of revenue administration.

III. "Taxable period" means the period beginning April 1, and ending March 31 of the following year.

IV. "Utility property owner" means any person, partnership, limited liability company, association, corporation or other entity, their trustees or receivers appointed by any court, owning utility property.

V. "Utility property" means all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8; provided that no electric power fixtures which would otherwise be taxed under this chapter shall be taxed under this chapter if they are employed solely as an emergency source of electric power. "Utility property" shall not include:

(a) Water and air pollution control facilities exempt from local property taxation under RSA 72:12-a;

(b) Nuclear station property subject to tax under RSA 83-D; and

(c) Any other property which is not subject to local property taxation.

83-F:2 Tax Imposed. For taxable periods beginning April 1, 1999, a tax is imposed upon the value of utility property at the rate for the education property tax set by the commissioner under RSA 76:3 for the same period, to be assessed annually as of April 1, and every year thereafter, and paid in accordance with this chapter.

83-F:3 Determination of Value. On or before December 1 of the tax year, the commissioner shall determine the value of utility property for the purposes of this chapter by appraising such property at its full and true value. Notice of such determination shall be given to the taxpayer within 15 days of the commissioner's determination.

83-F:4 Persons Liable. The tax imposed by this chapter shall be assessed upon each person with an ownership interest in utility property, in the proportion that such person's ownership interest bears to the entirety of the ownership in the property.

83-F:5 Returns and Declarations.

I. On or before January 15 each year, each utility property owner shall file with the commissioner of revenue administration, on a form prescribed by the commissioner, a return based on the valuation for April 1 of the prior year. The return shall be accompanied by the payment of such amount as has not been prepaid in accordance with paragraph III of this section. If the return shows an additional amount to be due, such additional amount is due and payable at the time the return is filed. If such return shows an overpayment of the tax due, a credit against a subsequent payment or payments due, to the extent of the overpayment, shall be allowed.

II. On or before April 15 of each year, each utility property owner liable to pay the tax imposed by this chapter shall file with the department, on a form prescribed by the commissioner, a statement setting forth the amount of such person's ownership interest as of April 1. The statement shall include such additional information as the commissioner shall require and shall be signed by an authorized representative, subject to the pains and penalties of perjury.

III. For taxable periods ending before April 1, 2000, each utility property owner liable to pay the tax shall, in addition, file a declaration on or before July 1, 1999 of the estimated tax to be assessed as of April 1 in the current taxable period, based on the equalized value of utility property used in the department's equalization report for April 1, 1998 accompanied by payment of 1/3 of the estimated tax due. Additional payments of 1/3 of the estimated tax shall be made on September 15, 1999 and December 15, 1999.

IV. For taxable periods ending after March 31, 2000, at the time the statement required by paragraph II is filed, each person liable for the tax shall, in addition, file a declaration of the estimated tax to be assessed as of April 1 in the current taxable period, based on the tax assessed for the preceding taxable year, accompanied by payment of 1/4 of the estimated tax due. Additional payments of 1/4 of the estimated tax shall be made on June 15, September 15 and December 15.

V. As of June 1 of each year the principal owner of utility property shall file a list of the changes made to the utility property since the prior April 1. This statement shall include such additional information as the commissioner shall require and shall be signed by an authorized representative, subject to the pains and penalties of perjury.

VI. Taxes and estimated taxes not paid when due shall be subject to appropriate penalties and interest under RSA 21-J.

83-F:6 Records.

I. Every person liable for tax under RSA 83-F:4 shall:

(a) Keep such records as may be necessary to determine the amount of such person's liability under this chapter.

(b) Preserve such records for the period of at least 3 years or until any litigation or prosecution under this chapter is finally determined.

(c) Make such records available for inspection by the commissioner or authorized agents, upon demand, at reasonable times during regular business hours.

II. Whoever violates any of the provisions of this section shall be subject to the penalties imposed under RSA 21-J:39.

83-F:7 Administration.

I. The commissioner shall collect the taxes, interest, additions to tax and penalties imposed under this chapter. The commissioner shall determine the expense of administration of this chapter and shall certify and pay over to the state treasurer for deposit in the education trust fund established by RSA 198:39 the amount of remaining balance of the funds collected under this chapter after the expenses of administration have been deducted.

II. The commissioner is authorized to contract for the services of utility appraisers as needed for the proper administration of this chapter. Such contract expenses shall be deemed an expense of administration.

III. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

(a) The administration of the tax imposed under RSA 83-F:2;

(b) The valuation of utility property required under RSA 83-F:3; and

(c) The recovery of any tax, interest on tax, or penalties imposed by RSA 83-F.

IV. The commissioner may institute actions in the name of the state to recover any tax, interest on tax, additions to tax or the penalties imposed by this chapter.

V. In the collection of the tax imposed by this chapter, the commissioner may use all of the powers granted to tax collectors under RSA 80 for the collection of taxes. The commissioner shall also have all of the duties imposed upon the tax collectors by RSA 80 that are applicable to the commissioner. The provisions of RSA 80:26 shall apply to the sale of land for the payment of taxes due under this chapter, and the state treasurer is authorized to purchase the land for the state. If the state purchases the land, the state treasurer shall certify the purchase to the governor, and the governor shall draw a warrant for the purchase price out of any money in the treasury not otherwise appropriated.

83-F:8 Appeals. Utility property taxpayers aggrieved by the determination by the commissioner of the value of utility property pursuant to RSA 83-F: 3 may appeal such valuation within 30 days of notification of such determination to the board of tax and land appeals or the superior court of the county in which the taxpayer resides or has a place of business. Appeals other than appeals of valuation shall be made according to the procedure and subject to the time limits provided for other taxes administered by the department under RSA 21-J.

83-F:9 Exemption from Local Taxation. Persons and property subject to taxation under this chapter shall not be subject to tax under RSA 76:3; provided, however, that nothing in this chapter shall be construed to exempt such persons or property from local school, municipal, district or county taxation under RSA 76.

26 Extent. Amend RSA 85:1 to read as follows:

85:1 Who May Issue. The state treasurer *or the commissioner of revenue administration*, and each county and town treasurer, may issue extents under their hands and seals respectively, in cases authorized by law, and such extents shall be deemed to be executions against the person and property.

27 New Subdivisions; Education Trust Fund; Excess Tax Payment, Homestead Exemption and Hardship Relief. Amend RSA 198 by inserting after section 37 the following new subdivisions: Education Trust Fund

198:38 Definitions. In this subdivision:

I. "Adjusted per pupil adequate education cost" means the amount determined by the legislature as provided by RSA 198:41 adjusted by multiplying such sum by the total average daily membership in residence for the state and dividing the product of such multiplication by total weighted average daily membership in residence for the state.

II. "Adequate education grant" means the total amount of the annual grant calculated according to RSA 198:42 by the department and made to a municipality by the state from the education trust fund.

III. "Average daily membership in residence" means "average daily membership in residence" as defined in RSA 189:1-d, IV. For purposes of this section, kindergarten pupils shall not be counted.

IV. "Elementary pupil" means a pupil in grades 1 through 8.

V. "Municipality" means a city, town or unincorporated place.

VI. "Weighted average daily membership in residence" means average daily membership in residence adjusted for weighted pupils.

VII. "Weighted pupil" means a resident pupil who has been assigned to one of the following classifications, based on the type of education the pupil received. The weights assigned to a high school pupil and to a high school pupil enrolled in a state approved vocational program reflect the differences in educational costs between these classifications when compared to the average current operating expenditure to educate a resident elementary pupil. The weights assigned to an educationally disabled child reflect the differences in education costs among the classifications of educationally disabled children when compared to the average current operating expenditure to educate a resident pupil in grades one through 12 who is not educationally disabled and not a high school pupil enrolled in a state approved vocational program. The following classifications of pupils shall carry the following weights:

(a) An elementary pupil, not educationally disabled as defined in RSA 186-C:2, I, 1.0;

(b) A high school pupil, not educationally disabled as defined in RSA 186-C:2, I and not enrolled in a state approved vocational program, 1.21;

(c) A high school pupil enrolled in a state approved vocational program, 2.01;

(d) An educationally disabled child as defined in RSA 186-C:2, I, in one of the following types of programs:

(1) In-district, placed within a self-contained special education classroom, 2.57;

(2) In-district, without placement in a self-contained special education classroom, 2.12;

(3) An out-of-district day placement, 7.08;

(4) A residential placement, 8.72;

(5) A pre-school day placement, 3.37;

(e) The weight of each pupil participating in the free and reduced school lunch program shall be the amount shown in subparagraphs (a)-(d), multiplied by 1.1.

198:39 Education Trust Fund Created. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute adequate education grants to municipalities pursuant to RSA 198:43. The state treasurer shall deposit into this fund immediately upon receipt:

I. The full amount of excess education property tax payments from the department of revenue administration pursuant to RSA 198:49.

II. All moneys due the fund in accordance with RSA 284:21-j.

III. Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 83-F:7, I.

IV. Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 78:32.

V. Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 83-D:12, I.

VI. The school portion of any revenue sharing funds distributed pursuant to RSA 31-A from funds collected under RSA 77-A.

VII. Any other moneys appropriated from the general fund.

198:40 Investment of Fund. The fund shall be nonlapsing. The treasurer shall invest that part of the fund which is not needed for immediate distribution in short-term interest-bearing investments. The income from these investments shall be returned to the fund.

198:41 Determination of Per Pupil Adequate Education Cost.

I. For the biennium beginning July 1, 1999, the cost shall be \$3,700.

II. For the biennium beginning July 1, 2001, and every biennium thereafter, the cost per pupil shall be established by the general court.

198:42 Determination of Adequate Education Grant.

I. The department of education shall determine the amount of the adequate education grant for each municipality as follows:

(a) Multiply the adjusted per pupil adequate education cost by the weighted average daily membership in residence for the municipality as reported on December 31 pursuant to RSA 198:46;

(b) Subtract the amount of the education property tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year; and

(c) Add the sum of the total amount of homestead exemptions taken pursuant to RSA 198:50 for the municipality for the current tax year plus the total amount of additional hardship abatements granted by the selectmen pursuant to RSA 198:51 for the previous tax year.

II. The department shall determine the grant in paragraph I for each municipality by October 1 of each year for the state's fiscal year following.

198:43 Distribution Schedule of Adequate Education Grant. The adequate education grant determined in RSA 198:42 shall be distributed to each municipality from the education trust fund in 4 equal payments on July 1, September 1, January 1, and April 1 of each school year. The department shall certify the amount of each grant to the state treasurer and direct the payment thereof to the municipality. Each municipality receiving a payment shall, within 10 days of receipt, pay the money over to the municipality's school district or districts.

198:43-a Additional Pupil Adequate Education Grant.

I. A municipality whose average daily membership in residence for a school year, as determined after the completion of that school year, exceeds the average daily membership in residence used to compute the adequate education grant for that year by more than 8 percent, shall receive an additional pupil adequate education grant. The department of education shall determine the amount of the grant for each municipality which qualifies as follows:

(a) Multiply the adjusted per pupil adequate education cost by:

(b) The amount by which the average daily membership in residence for the current school year, as determined at the completion of the school year, exceeds 1.08 times the average daily membership in residence used to compute the adequate education grant for that year.

II. The school district or districts to which the municipality belongs shall supply the necessary information to the department to calculate the amount of the additional adequate education grant by September 30 after the completion of the school year. After verification of the information, the department shall certify the amount of the grant to the state treasurer and direct the payment thereof to the municipality. Each municipality receiving a payment shall, within 10 days of receipt, pay the money over to the municipality's school district or districts.

198:43-b Supplemental Education Grant.

I. In this section:

(a) "Adjusted per pupil supplemental education amount" means \$400, multiplied by the total average daily membership in residence for the state and divided by the total weighted average daily membership in residence for the state.

(b) "Municipal assessed property per student" means the total equalized assessed value as determined in RSA 21-J:35, I-a(d) of all property in the municipality as determined under RSA 21-J:3, XIII, divided by the weighted average daily membership in residence for the municipality as determined in RSA 198:46.

(c) "State assessed property per student" means the total equalized assessed value as determined in RSA 21-J:35, I-a(d) of all property in all municipalities in the state and all properties subject to taxation under RSA 83-F, divided by the total weighted average daily membership in residence for the state.

II. In addition to the adequate education grant and additional pupil adequate education grant, school districts in which, at the time the adequate education grant is calculated, municipal assessed property per student is less than state assessed property per student shall be entitled to a supplemental education grant. The department of education shall determine the amount of the supplemental education grant for each qualifying municipality as follows:

(a) Multiply the adjusted per pupil supplemental education amount times the weighted average daily membership in residence for the municipality;

(b) Multiply this product by one minus the result of dividing the municipal assessed property per student by the state assessed property per student.

III. The department of education shall determine the grant in paragraph II for each municipality by January 15 of each year for the state's fiscal year following. The supplemental education grant shall be distributed to each municipality at the same time and by the same procedures as the adequate education grant as described in RSA 198:43.

198:44 Additional Education Expenditures. Nothing in this subdivision shall prevent school districts from adopting budgets which authorize expenditures in excess of those supported with funds from the education trust fund.

198:45 Maintenance of Local Control. Distributions under RSA 198:43 depend only on average daily membership in residence and the per pupil adequacy cost amounts as determined in this subdivision and are independent of how the municipalities decide to spend the distributions or other funds they may raise for education. Municipalities may designate one or more school districts to directly receive their grants by filing a revocable notice of such designation with the state treasurer. Notwithstanding any other provision of law, nothing in this subdivision is intended in any way to limit or control how school districts operate or spend their budgets.

198:46 Duties of the Department of Education and the Board of Education.

I. The department of education shall on or before September 30, of each year, collect from the school districts final data concerning all aspects of student attendance for the school year ending June 30, of that year, necessary to establish the average daily membership, average daily membership in residence, and weighted average daily membership in residence, including the municipality of residence for each pupil for that year. The department of education shall report by December 31 to the speaker of the house of representatives, the senate president to be used for purposes of determination by the legislature of the appropriation to the education trust fund. A copy of such report shall, at the same time, be given to the department of revenue administration.

II. The board of education shall adopt rules necessary to the proper administration of this subdivision.

198:47 Submission of Data by School Districts. Every school district shall submit all attendance information required by the department of education under this subdivision on or before September 30 of each year. A \$1,000 per day penalty shall be imposed on any school district that fails to submit attendance data in the time required by law unless waived for good cause by the commissioner of education. School districts penalized under this section shall not charge such penalty to the municipality or municipalities.

198:47-a Legislative Oversight Committee.

I. An oversight committee shall be established consisting of:

- (a) The chairperson of the house education committee, or a designee.
- (b) The chairperson of the senate education committee, or a designee.
- (c) Three members of the house of representatives, appointed by the speaker of the house.
- (d) Three members of the senate, appointed by the senate president.
- (e) The chairperson of the house finance committee, or a designee.
- (f) The chairperson of the senate finance committee, or a designee.

II. The chair of the oversight committee shall rotate biennially between the chairperson of the house finance committee and the chairperson of the senate finance committee. The first chairperson shall be the chairperson of the house finance committee. A member shall only serve while a member of the general court. The members shall not be compensated but shall receive mileage at the legislative rate when carrying out their duties.

III. The oversight committee shall examine the goals, purposes, organization, operation, and financing of the state's program to provide a constitutionally adequate education, and it shall evaluate and make recommendations for the continued provisions and improvement of the program. Among the initial issues the committee shall consider and examine are:

- (a) The so-called "market basket" approach to determining the cost of an adequate education;
- (b) The appropriateness of a fixed or variable statewide property tax rate; and
- (c) Methods for accelerating the collection and reporting of average daily membership in residence data, and improving the accuracy of such data as it originates from the initial reporting source.

IV. The oversight committee shall review the development and implementation of the program to ensure that they are in accordance with legislative policy.

V. The oversight committee shall submit a report to the general court by November 1, of each odd-numbered year. Copies of the report shall be submitted to the governor, the senate finance and education committees, the house finance and education committees, the department of education, the department of revenue administration and to any other individual or organization as the committee deems advisable.

Excess Tax Payment, Homestead Exemption and Hardship Relief

198:48 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Equalized assessed value" means "equalized assessed value" as defined in RSA 21-J:35, I-a(d).

III. "Homestead" means the dwelling owned by a claimant or in the case of a multi-unit dwelling, the portion of the dwelling which is used as the claimant's principal place of residence and the claimant's domicile for purposes of RSA 654:1. "Homestead" shall not include land and buildings taxed under RSA 79-A or land and buildings or the portion of land and buildings rented or used for commercial or industrial purposes. In this paragraph the term "owned" includes a vendee in possession under a land contract and one or more joint tenants or tenants in common.

IV. "Homestead value" means the net local assessed value of the homestead increased or decreased by dividing such value by the equalization ratio for the municipality for the previous year determined in accordance with RSA 21-J:9-a except that homestead value in municipalities which have completed a revaluation of property within the previous year shall be computed at full value.

V. "Household income" means the sum of the adjusted gross income for federal income tax purposes of the claimant and any member of the claimant's household who resides in the homestead for which claim is made.

198:49 Excess Education Property Tax Payment.

I. Except as provided in paragraph IV, municipalities whose education property tax or education property tax plus adequate education grant exceeds the amount necessary to fund an adequate education determined by RSA 198:42, I(a) shall collect and remit such excess amount less the amount of any homestead exemptions under RSA 198:50 and hardship relief abatements granted by the selectmen under RSA 198:51 to the department of revenue administration on or before June 30, of the year following the close of the tax year in which the excess occurs.

II. The amount of such excess to be remitted shall not include any income derived from the investment of funds by the town treasurer under RSA 41:29. Any funds remaining after full payment of the excess tax required in paragraph I shall become available for the unrestricted use by the municipality.

III. The commissioner shall collect from the selectmen the excess tax and pay over to the state treasurer the amount of funds collected under this subdivision for deposit in the education trust fund established by RSA 198:39.

IV. The commissioner shall calculate the excess amount owed by each municipality pursuant to paragraph I for the tax year 1999. Notwithstanding any other provision of this section, municipalities shall only collect and remit to the department of revenue administration not more than the following percentage of the tax year 1999 excess amount, less the amount of any property tax transition grant distribution to the municipality pursuant to RSA 31-A:10, during the tax years 1999-2001:

(a) In tax year 1999, 25 percent.

(b) In tax year 2000, 50 percent.

(c) In tax year 2001, 75 percent.

198:50 Homestead Exemption.

I. A homestead exemption from education property tax imposed under RSA 76:3 in an amount not to exceed the lesser of 25 percent of the homestead value or \$40,000, adjusted by the consumer price index for New England published by the United States Department of Labor for each succeeding year, rounded to the nearest \$1,000, is hereby granted to any claimant qualifying under this section.

II. A qualifying claimant is a person who:

(a) Owns a homestead or interest in a homestead subject to the education property tax, and

(b) Files a claim for exemption certifying homestead ownership with the selectmen on or before July 1 of the tax year for which claim is made. Claims filed after July 1 shall not be considered timely for the current tax year, but shall be considered filed for the following tax year.

III. If a homestead is owned by 2 or more persons as joint tenants or tenants in common, and one or more of such joint owners do not principally reside at such homestead, the homestead exemption applies to the proportionate share of the homestead value that reflects the ownership percentage of the claimant. If more than one person files claims for exemption relative to a single tax parcel, the aggregate amount of the exemptions claimed shall not exceed the amount of exemption allowable for such parcel if only one person had filed a claim.

IV. If a homestead for which exemption is claimed is part of single tax parcel upon which is located other dwelling units or other significant nonresidential uses, the homestead exemption shall be claimed only on that portion of the homestead value of the tax parcel attributable to the homestead dwelling.

V. Claims shall be accepted as filed unless the selectmen have good reason to believe that any part of the claim is inaccurate or erroneous. Accepted homestead exemption claims shall continue from year to year without necessity for refileing unless there is a change in ownership or use of the property.

VI. On or before August 1 the selectmen shall report accepted claims to the department of revenue administration and the department of education.

198:51 Education Property Tax Hardship Relief.

I. As provided herein eligible claimants shall be granted hardship relief, in addition to the homestead exemption provided in RSA 198:50, for 4 tax years following the enactment of RSA 76:3.

II. An eligible hardship relief claimant is a person who

(a) Qualifies for the homestead exemption in RSA 198:50;

(b) Realizes in the first year after the effective date of the education property tax a net increase in property taxes as a result of the imposition of RSA 76:3, exclusive of the local portion of school, municipal and county taxes, and after application of the homestead exemption, which exceeds 20 percent of the school portion of such claimant's local property taxes for the tax year ended March 31, 1999; and

(c) Realizes total household income of less than 75 percent of median total household income of all New Hampshire residents in the year in which the claim for relief is made.

III. The selectmen shall abate a portion of the net increase in an eligible hardship relief claimant's property taxes, exclusive of the local portion of school, municipal and county taxes, and after application of the homestead exemption, which portion is to be calculated as follows:

(a) Deduct the local school, municipal and county tax portion and the amount of the homestead exemption from the claimant's total current tax bill;

(b) Subtract the amount of the claimant's school property taxes for the tax year ended March 31, 1999 from the sum computed in subparagraph (a) to determine the net increase;

(c) Multiply the net increase computed in subparagraph (b) by one of the following percentages to determine the amount of the abatement:

(1) In the first year after the effective date of RSA 76:3, 50 percent of the net increase;

(2) In the second year after the effective date of RSA 76:3, 25 percent of the net increase;

(3) In the third year after the effective date of RSA 76:3, 10 percent of the net increase; and

(4) In the fourth year after the effective date of RSA 76:3, 10 percent of the net increase.

IV. Claims for hardship relief shall be filed with the selectmen on or before March 1 following the date of notice of tax under RSA 76:1-a.

V. If the selectmen have reason to suspect the accuracy of a claim for hardship relief, they may request that the claimant provide copies of any of the following, as needed to verify income. Any documents submitted shall be considered confidential, handled so as to protect the privacy of the claimant, and returned uncopied to the claimant after a decision is made on the claim. The documents are:

(a) Federal income tax form; and

(b) State interest and dividends tax form.

RSA 359-C shall not apply to the documents requested for verification under this paragraph.

VI. The commissioner shall each year publish a taxpayer information release denoting the median household income for New Hampshire residents based upon the most recent figure published by the United States Bureau of the Census for the category "median household income by state."

198:52 Rulemaking; Forms.

I. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the administration of this subdivision.

II. The commissioner shall approve and provide forms relative to the following:

- (a) Reporting and remitting excess education property tax by municipalities;
- (b) Claims for homestead exemption; and
- (c) Claims for hardship relief.

III. Claim forms shall include the following:

- (a) Instructions on completing and filing the form;
- (b) Sections for information concerning the claimant, the claimant's household, the property for which exemption or relief is sought and such other information as is reasonably necessary to determining the accuracy of the claim;
- (c) Instructions on appeal procedure and time limits relative to such appeals;
- (d) A place for the claimant's signature with a certification by the claimant that the claim is made in good faith and that the facts contained in the claim are true.

198:53 Penalties. The preparation or filing of homestead exemption or hardship relief claims that are false shall be subject to the provisions of RSA 21-J:39, relative to criminal penalties.

198:54 Appeals.

I. Whenever the selectmen or assessors refuse to grant a claimant either a homestead exemption or an education property tax hardship relief request, the claimant may appeal in writing, on or before September 1 following the date of notice of tax under RSA 72:1-d, to the board of tax and land appeals or the superior court.

II. When a taxpayer appeals the denial of a claim to the superior court or board of tax and land appeals, the court or board may reverse or affirm, wholly or partly, or may modify the decision brought up for review when there is an error of law or when the court or board finds the selectmen's action to be arbitrary or unreasonable.

28 Reference Change. Amend RSA 193:1, I(c) to read as follows:

(c) The relevant school district superintendent has excused a child from attendance because the child is physically or mentally unable to attend school, or has been temporarily excused upon the request of the parent for purposes agreed upon by the school authorities and the parent. Such excused absences shall not be permitted if they cause a serious adverse effect upon the student's educational progress. Students excused for such temporary absences may be claimed as full-time pupils for purposes of calculating state aid under RSA 186-C:18 and ~~[RSA 198:27-37]~~ *adequate education grants under RSA 198:42*.

29 Reimbursement Anticipation Notes; Version Effective Until July 1, 1999. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18, *and a municipality may incur debt in anticipation of reimbursement under RSA 198:43*. The governing body, after receiving authorization for borrowing from the legislative body, may elect to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification, prior to September 1, to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue.

30 Reimbursement Anticipation Notes; July 1, 1999 Version. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18 *and a municipality may incur debt in anticipation of reimbursement under RSA 198:43*. The governing body, after notice and public hearing, may elect to borrow such funds and to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue. Any borrowing under this section shall be exempt from the provisions of RSA 33, relative to debt limits.

31 Sweepstakes. RSA 284:21-j is repealed and reenacted to read as follows:

284:21-j Establishment. The state treasurer shall credit all moneys received from the sweepstakes commission, and interest received on such moneys, to a special fund from which the treasurer shall pay all expenses of the commission incident to the administration of this subdivision and RSA 287-E. Any balance left in such fund after such expenses are paid shall be deposited in the education trust fund established under RSA 198:39.

32 Transition. As of July 1, 1999, all funds, from any source derived, which would be distributed as foundation aid shall be deposited in the education trust fund under RSA 198:39.

33 Removing Reference to Foundation Aid. Amend RSA 198:21, V to read as follows:

V. No pupil counted by any school district for the purpose of calculating the amount of a grant to be paid pursuant to this section shall for the same school year by the same district be ~~[included in average daily membership for the purposes of foundation aid or]~~ counted for the purposes of grants pursuant to RSA 198:22.

34 Removing Reference to Foundation Aid. Amend RSA 198:22, V to read as follows:

V. No pupil counted by any school for the purpose of calculating the amount of a grant to be paid pursuant to this section shall for the same school year by the same district be ~~[included in average daily membership for the purposes of foundation aid or]~~ counted for the purpose of grants pursuant to RSA 198:21.

35 Payment in Lieu of Taxes. Amend RSA 227-H:17 to read as follows:

227-H:17 Payment in Lieu of Taxes. The commissioner of revenue administration shall adopt rules, pursuant to RSA 541-A, relative to forms for application to the commissioner of revenue administration for payment for lost taxes. ~~[In any year in which no state tax is levied:]~~ Any town in which national forest lands and land held by the state for operation and development as state forestland, as defined by the department for the purposes of this section, are situated, whether acquired by gift, devise, purchase, or in any other manner, may apply, by its selectmen, to the commissioner of revenue administration on forms provided by the commissioner, annually before September 1, for the payment of an amount not exceeding the taxes for all purposes which such town might have received from taxes on such lands in such year had such lands been taxable. In the event that the amount appropriated in any biennium shall be insufficient for the purposes under this section, then the towns entitled to benefits under this section shall be reimbursed proportionately, unless otherwise subsequently ordered by the legislature.

36 Special Transition Rules. The following special transition rules shall apply to the implementation of this act in the first fiscal year following enactment:

I. The commissioners of revenue administration and education shall use weighted average daily membership in residence as defined in RSA 198:38, VI established on or before June 30, 1997 in all calculations required by RSA 21-J: 35, I-a and RSA 198:42, I.

II. "Equalized assessed value" as defined in RSA 21-J:35, I-a(d) shall be based upon the amounts reported in the 1997 equalization survey published by the department of revenue administration.

III. For purposes of calculating the uniform education property tax rate as required by RSA 21-J:35, I-a the commissioner of revenue administration shall use the following amounts:

(a) The total amount to be subtracted pursuant to RSA 21-J:35, I-a(b) shall be \$220,406,192; and

(b) The total amount to be added pursuant to RSA 21-J:35, I-a(c) shall be \$43,274,656.

IV. For the school year 1999/2000, the adequate education grant determined in RSA 198:42 shall be distributed to each municipality from the education trust fund in 4 payments as follows:

(a) On July 1, 1999, and September 1, 1999, $\frac{1}{4}$ the total adequate education grant without including any homestead exemption amounts;

(b) On January 1, 2000 and April 1, 2000, $\frac{1}{4}$ the total adequate education grant including $\frac{1}{2}$ of the total accepted homestead exemption amounts. The department shall certify the amount of each grant to the state treasurer and direct the payment thereof to the municipality.

V. For the tax year 1999, claims for a homestead exemption shall be filed with the selectmen on or before September 1, 1999.

VI. For the tax year 1999, selectmen shall report accepted claims for the homestead exemption to the department of revenue administration and the department of education by December 1, 1999.

VII. Notwithstanding any other provision of law, the commissioner of revenue administration shall calculate the uniform education property tax rate for the April 1, 1999 tax year and issue the warrants required by RSA 76:8 on or before 30 days after the effective date of this act.

VIII. Notwithstanding any other provision of law, the commissioner of education shall determine the amount of the adequate education grant for each municipality pursuant to RSA 198:42 for the 1999/2000 school year on or before 30 days after the effective date of this act.

IX. Notwithstanding any other provision of law, the commissioner of revenue administration shall calculate the property tax transition grant for each municipality for the fiscal year ending June 30, 2000 on or before 30 days after the effective date of this act.

37 Position Established; Appropriations.

I. To carry out the financial and educational reporting requirements of this act, there is hereby established within the department of education a full-time temporary position of systems development specialist IV, labor grade 25, for the 15 month period ending June 30, 2000.

II. The sum of \$69,500 is hereby appropriated to the department of education to fund the position created in paragraph I, including salary, benefits, rent, supplies, and travel. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

III. The sum of \$1,000,000 for the biennium ending June 30, 2001, is hereby appropriated to the department of revenue administration to fund the upgrade of municipal computer systems, to provide additional municipal personnel, to provide in-service training of municipal officials and taxpayer education programs, and to fund other administrative costs necessary to carry out the financial purposes of this act in accordance with part 1, article 28-a of the New Hampshire constitution. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

IV. The sum of \$2,000,000 for the biennium ending June 30, 2001, is hereby appropriated to the department of revenue administration to fund the costs necessary to implement this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

V. The sum of \$100,000 for the biennium ending June 30, 2001 is hereby appropriated to the department of education to fund the costs necessary to upgrade school districts' computer systems to carry out the reporting responsibilities of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

VI. The sum of \$220,406,192 is hereby appropriated from the education trust fund created under RSA 198:39 to the department of education for each year of the biennium ending June 30, 2001 for the purpose of funding the requirements of RSA 198:43.

VII. The sum of \$44,564,832 is hereby appropriated to the state treasurer for each year of the biennium ending June 30, 2001 for the purpose of funding the requirement of RSA 31-A:10. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

38 Special Provision for Foundation Aid. Notwithstanding the repeal pursuant to section 41 of this act of RSA 198:27-37, relative to foundation aid and alternative foundation aid, the payment of foundation aid which would have been made in April 1999 pursuant to RSA 198:31 before such section was repealed, shall be calculated by the department of education and distributed to the recipients as if such repeal had not occurred.

39 Utility Property Valuation Study Committee Established.

I. There is established a committee to study utility property valuation issues.

II. The members of the committee shall be as follows:

(a) Five members of the house of representatives, appointed by the speaker of the house of representatives, at least one of whom shall be a member of the finance committee, at least one of whom shall be a member of the municipal and county government committee, and at least one of whom shall be a member of the science, technology and energy committee. The speaker of the house of representatives may appoint three other members, if deemed necessary, as alternates.

(b) Five members of the senate, appointed by the president of the senate.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

IV. The committee's duties shall include but not be limited to:

(a) Determining the most appropriate means of evaluating utility property for taxation purposes, and determining to what extent the "unit method" should be used for this purpose.

(b) Determining the extent to which utility property is evaluated consistently from one municipality to another.

(c) Determining the most appropriate means of evaluating nuclear station property.

(d) Determining the most appropriate means of taxing telecommunications services and evaluating property used for providing these services.

V. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be held within 90 days of the effective date of this section. Five members of the committee shall constitute a quorum.

VI. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

40 Severability. If any provision of this act or the application thereof to any person or circumstance is deemed invalid, the invalidity does not affect the other provisions or applications of the act which can be given effect without the invalid provisions or applications and to this end the provisions of this act are severable.

41 Repeal. The following are repealed:

I. RSA 78:20, relative to the applicability of the tobacco tax.

II. RSA 78-B:10-a, relative to the real estate transfer questionnaire.

III. RSA 21-J:3, XXIII, relative to the commissioner of revenue administration's duty to determine local per capita income for purposes of foundation aid.

IV. RSA 21-J:13, XI, relative to the form and content of the real estate transfer questionnaire.

V. RSA 194-B:11, VIII, relative to foundation aid in relation to charter and open enrollment schools.

VI. RSA 198:1-3, relative to required annual district property taxes.

VII. RSA 198:21, V, relative to the applicability of foundation aid and child benefit service grant recipients in the calculation of average daily membership.

VIII. RSA 198:22, V, relative to the applicability of foundation aid and dual enrollment grant recipients in the calculation of average daily membership.

IX. RSA 198:27-37, relative to foundation aid and alternative foundation aid.

X. 1998, 389:15, 16, and 17 relative to educational funding commitments and funding for local education betterment.

42 Effective Date.

I. Sections 23, 31 and 41, X of this act shall take effect July 1, 1999.

II. The remainder of this act shall take effect April 1, 1999.

AMENDED ANALYSIS

This bill creates a state education property tax at a uniform rate to provide support to communities for an adequate education. It allows homeowners a homestead exemption for their primary residence and provides additional hardship relief to low income homeowners whose school property taxes are substantially increased as result of this tax.

The bill establishes a dedicated trust fund, to be funded by revenues from a state utility property tax, the tobacco tax and other sources, for the purpose of making distributions to municipalities with insufficient property base to raise adequate education funds on their own and to compensate municipalities for the homestead exemption and hardship relief.

The bill also repeals foundation aid, phases in the excess education property tax payments to be made by municipalities, and creates a property tax transition grant program in revenue sharing.

Rep. Kurk spoke in favor.

Rep. Chandler requested a roll call; sufficiently seconded.

and the Kurk floor amendment (0262h) was adopted.
Rep. Mirski offered a floor amendment (0273h), spoke in favor and withdrew his amendment.
Rep. Corbin offered a floor amendment (0284h).

Floor Amendment (0284h)

Amend the title of the bill by replacing it with the following:

AN ACT declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Findings and Intent: Affirmation by the Legislature of the Constitutionality of the Current Tax Structure.

I. The members of the executive and legislative branches of the state of New Hampshire, having made and subscribed an oath to God and to the state and its constitution, or alternatively, by affirming under the pains and penalties of perjury, their allegiance to the state of New Hampshire and its constitution pursuant to part II, article 84 of said constitution, hereby find that the decision of the New Hampshire supreme court nullifying the use of the current property tax structure as the means for funding public education is an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

II. In furtherance of this position, the legislature finds that under part I, article 28 of the New Hampshire constitution, the legislature possesses the sole authority to create laws, and that under part I, article 29 of said constitution, the legislature possesses the sole authority to suspend laws. Moreover, the legislature finds additional constitutional support for its position as follows:

- (a) Part I, article 1, relative to the origin and object of government.
- (b) Part I, article 2 relative to individual property rights.
- (c) Part I, article 6 relative to local control of education, both religious and secular.
- (d) Part I, article 12, relative to the consent of the governed on taxation.
- (e) Part I, article 28, relative to the consent of the people, or their representatives in the legislature, prior to the establishment or imposition of a tax.
- (f) Part I, article 28-a, relative to the prohibition on unfunded mandates.
- (g) Part I, article 31 and part II, article 2, relative to the authority of the legislature to make laws.
- (h) Part II, article 83, relative to the New Hampshire supreme court's inconsistent and unsupported interpretation of "cherish" to mean "to require payment for" within the context of this article.

III. The legislature hereby finds and declares that the current tax structure shall be legally binding until such time as the legislature may vote to change it. The legislature further finds that any attempt by the supreme court, or any other lower court, to interrupt or discontinue funding to the cities and towns, and their school districts, shall be met with the filing of articles of impeachment.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill sets forth a legislative declaration, supported by constitutional findings, that the New Hampshire supreme court's Claremont II decision nullifying the current tax structure is an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

Rep. Corbin spoke in favor.

Rep. Mirski requested a roll call; sufficiently seconded.

The question being the adoption of the Corbin floor amendment (0284h).

and the Corbin floor amendment (0284h) failed.

Reps. Emerton, Gile and Martel voted Yea and intended to vote Nay.

Rep. Dickinson voted Nay and intended to vote Yea.

Rep. DiFruscia offered a floor amendment 0298h).

Floor Amendment (0298h)

Amend the bill by inserting after section 40 the following and renumbering the original sections 41 and 42 to read as 42 and 43, respectively:

41 Education Future Funding Commission.

I. There is established an education future funding commission whose purpose is to investigate ways and means of establishing the feasibility of legalized gambling whether by slot machine, casino gambling, or any other method. The intent and purpose of the commission is to find a method of future financing for funding education without raising any additional taxes. The commission shall

report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before January 30, 2000.

II. The commission shall be composed of the following members, the legislative members of which shall receive mileage at the legislative rate when attending to the commission's duties: members of the committee shall constitute a quorum.

- (a) Three members of the house of representatives, appointed by the speaker of the house.
- (b) Three members of the senate, appointed by the president of the senate.
- (c) The attorney general, or designee.
- (d) The state treasurer, or designee.
- (e) A member of the clergy who has an educational background appointed by the governor.

Amend paragraph 1 of section 43 by replacing it with the following:

I. Sections 23, 31 and 42, X of this act shall take effect July 1, 1999.

Rep. DiFruscia spoke in favor and yielded to questions.

Reps. Sabella and Henderson spoke against.

Rep. DiFruscia requested a roll call; sufficiently seconded.

The question being the adoption of the DiFruscia floor amendment (0298h).

and the DiFruscia floor amendment (0298h) failed.

MOTION TO LIMIT DEBATE

Rep. Avery moved that debate on *HB 117-FN-A-L*, establishing a uniform education property tax to provide funding for an adequate public education and making an appropriation therefor, be limited to 30 minutes on each side, excluding questions.

On a division vote, 128 members having voted in the affirmative and 259 in the negative, the motion failed.

The question now being the adoption of the majority report.

Reps. Langley, Carol Moore, Manning, Vaillancourt and Wallin spoke against.

Rep. Vaughn spoke against and yielded to questions.

Reps. Mosher, Ruffner, Kurk, Whalley, Bradley and Sytek spoke in favor.

Rep. Lozeau requested a roll call; sufficiently seconded.

and the motion was adopted.

PROTEST

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Boyce requested that his protest be entered on the Journal.

I believe that the Supreme Court violated and misinterpreted the New Hampshire Constitution in their Claremont decisions. I further believe that the Governor and the Attorney General violated their oaths of office by not appealing or otherwise challenging these wrongful decisions.

I also believe that in the previous session, the Governor spent months "poisoning the well" of public opinion against any Constitutional amendment to reverse the Supreme Court's decisions thereby preventing passage of any amendment. The Governor is now proposing what I believe to be an unconstitutional referendum.

Because I believe that if no legislation is advanced from the people's House to answer the Supreme Court's deadline the Court may further violate the Constitution and/or the Governor may violate the Constitution, I find that I must vote to pass at least one bill that would satisfy the Supreme Court's ruling. Since I believe that there is no section of HB 117 that constitutes a violation of the Constitution and because I believe that, with the exception of HB 114 which the House is unwilling to pass and the Court would doubtless reject because it is not a statewide tax scheme, the other alternatives available to us this day are all either unconstitutional, threaten our State's economy or both, I find I must vote for HB 117.

My objection to voting for HB 117 is that in so doing we are working to write into law part of the Supreme Court's wrongful ruling, specifically their assertion that the current system of supporting school with locally imposed and controlled property taxes is in fact a statewide property tax. By sending this bill to the Senate we in essence let the court "off the hook." That we are doing so in order to acquiesce to the Court's deadline is also objectionable. However, I cannot "do nothing" and allow the Court and/or the Governor to further violate the Constitution or destroy our economy. Therefore, this day I have voted to pass and send to the Senate HB 117 and then to lay it on the table.

(Speaker Sytek in the Chair)

REMOVED FROM THE TABLE

Rep. Hager moved that **HB 109-FN-A-L**, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor, be removed from the table. (Pending question: Ought to Pass)

Rep. Whalley requested a roll call; sufficiently seconded.

and the motion was adopted.

CONSIDERATION OF HOUSE BILL 109

HB 109-FN-A-L, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor.

The question being Ought to Pass.

Rep. Jacobson spoke in favor and yielded to questions.

Rep. Wendelboe spoke against and yielded to questions.

Rep. McGuirk requested a quorum count. The Speaker declared a quorum present.

Reps. McGuirk, Pilliod and Brewster spoke in favor.

Reps. Guay and Vivian Clark spoke against.

Rep. Clegg spoke against and yielded to questions.

Rep. Hager spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Dolan moved that **HB 109-FN-A-L**, establishing a flat rate education income tax and a state-wide education property tax to fund public education and making an appropriation therefor, be laid on the table.

Rep. Franks requested a roll call; sufficiently seconded.

CONSIDERATION OF HB 109 (CONT'D)

The question now being Ought to Pass.

Rep. Henderson spoke against and yielded to questions.

Rep. Corbin offered a floor amendment.

Floor Amendment (0286h)

Amend the title of the bill by replacing it with the following:

AN ACT declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Findings and Intent; Affirmation by the Legislature of the Constitutionality of the Current Tax Structure.

I. The members of the executive and legislative branches of the state of New Hampshire, having made and subscribed an oath to God and to the state and its constitution, or alternatively, by affirming under the pains and penalties of perjury, their allegiance to the state of New Hampshire and its constitution pursuant to part II, article 84 of said constitution, hereby find that the decision of the New Hampshire supreme court nullifying the use of the current property tax structure as the means for funding public education is an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

II. In furtherance of this position, the legislature finds that under part I, article 28 of the New Hampshire constitution, the legislature possesses the sole authority to create laws, and that under part I, article 29 of said constitution, the legislature possesses the sole authority to suspend laws. Moreover, the legislature finds additional constitutional support for its position as follows:

(a) Part I, article 1, relative to the origin and object of government.

(b) Part I, article 2 relative to individual property rights.

(c) Part I, article 6 relative to local control of education, both religious and secular.

(d) Part I, article 12, relative to the consent of the governed on taxation.

(e) Part I, article 28, relative to the consent of the people, or their representatives in the legislature, prior to the establishment or imposition of a tax.

(f) Part I, article 28-a, relative to the prohibition on unfunded mandates.

(g) Part I, article 31 and part II, article 2, relative to the authority of the legislature to make laws.

(h) Part II, article 83, relative to the New Hampshire supreme court's inconsistent and unsupported interpretation of "cherish" to mean "to require payment for" within the context of this article.

III. The legislature hereby finds and declares that the current tax structure shall be legally binding until such time as the legislature may vote to change it. The legislature further finds that any attempt by the supreme court, or any other lower court, to interrupt or discontinue funding to the cities and towns, and their school districts, shall be met with the filing of articles of impeachment.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill sets forth a legislative declaration, supported by constitutional findings, that the New Hampshire supreme court's Claremont II decision nullifying the current tax structure is an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

Reps. Corbin and Herman spoke in favor.

Rep. McGough requested a roll call; sufficiently seconded.

The question being the adoption of the Corbin floor amendment.

and Ought to Pass was adopted.
Ordered to third reading.

PROTEST

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Weber requested that his protest, and that of the undersigned members, be entered on the Journal.

At a time when the world is ardently turning from the bondage of socialism, it is fascinating we in this state would seek to embrace economic slavery. I am reminded of what Franklin said about the U.S. Constitution during the second convention, "It will do for a time. in the end we will have despotism because the people will demand it." Those who want a centralized tax structure are socialist in their philosophies of government. I call on them to be intellectually honest. If those who have voted yes, want to improve the government education system, perhaps they can cite examples of how the trend towards centralized control and command have augmented the quality of education. The truth is our form of governing the tax supported school system requires responsibility at the local level for the prudent management of quality education at a reasonable level of funding. Placing the funding in the hands of nameless ill responsible persons at the state level will not prove productive if the objective is to improve education.

REGULAR CALENDAR (CONT'D)

HB 308, relative to the venue of actions against municipalities. **INEXPEDIENT TO LEGISLATE** Rep. McKim W. Mitchell for Judiciary: This bill was introduced at the request of the Municipal Association to require persons filing claims against local municipal agencies to file the claim in the district courts in which the agency is located. The committee felt that for too long we have been eroding individual rights in the name of governmental convenience. Therefore this bill was found inexpedient to legislate. Vote 15-2.

Adopted.

MOTION TO SPECIAL ORDER

Rep. Mock moved that **HB 342**, repealing certain laws pertaining to adverse possession, be made a Special Order for Thursday, March 18, 1999 in the Regular Calendar order.

Adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Hager moved that the House reconsider its action whereby it ordered to third reading **HB 109-FN-A-L**, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor, and spoke against.

Rep. Soltani requested a roll call; sufficiently seconded.

The question being on the motion to reconsider.

and reconsideration failed.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 18, 1999 at 10:00 a.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 79, relative to reports to the bank commissioner and to safe deposit box openings.

HB 80, making technical corrections in the banking laws.

HB 210, reinstating the corporate charter of C. A. B. Real Estate, Inc.

HB 214, changing the membership of and extending the reporting date for the committee to study women's health care.

HB 218-L, reinstating the corporate charter of Approved Industries, Inc.

HB 373, making technical corrections to the securities laws.

HB 203, making impaired boating laws consistent with driving while intoxicated laws.

HB 215, placing restrictions on name changes for certain felons.

HB 236-FN-L, relative to felonious disarming of a law enforcement officer.

HB 272-FN, relative to the use of laser pointing devices.

HB 302, relative to paint ball guns.

HB 447, repealing the laws prohibiting certain promotional games.

HB 358, relative to the term of office for members of the state board of education.

HB 213, relative to voting by prisoners.

HB 306, relative to discoverability of environmental audit reports.

HB 268-L, relative to the adoption and rescission of the official ballot form of meeting.

HB 365, establishing a committee to study the current practice of posting roads and its effect on the economy.

HCR 4, urging the U.S. Secretary of Transportation to include U.S. Route 2 as a border corridor highway.

HB 204-FN, relative to driving after license revocation or suspension.

HB 109-FN-A-L, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:40 p.m.

RECESS

(Rep. Bradley in the Chair)

RESOLUTION

Rep. Leighton Pratt offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 732, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 732, relative to nonpayment of member dues and fees and access to financial records of condominium associations. (Lozeau, Hills. 30: Commerce)

SENATE MESSAGE

CONCURRENCE

HB 284-L, relative to recount procedures in school districts.

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 284.

Rep. Ronald Nowe, Sen. Disnard for
the Committee

RECESS

(Speaker Sytek in the Chair)

COMMITTEE ASSIGNMENT

Rep. Fields on Resources, Recreation and Development.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Herman offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 733, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 733, relative to a state master plan for the deployment of personal wireless service facilities. (Belvin, Hills 14; Bradley, Carr 8; N. Kaen, Straf 7: Science, Technology and Energy)

RECESS

(Rep. Fuller Clark in the Chair)

RESOLUTION

Rep. Mears offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 734, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 734-FN-L, relative to establishing a voluntary school contribution program in support of local school districts. (Burling, Sull 1; Chandler, Carr 1; Nordgren, Graf 10; Whalley, Merr 5; Wendelboe, Belk 2; Konys, Hills 33; Clegg, Hills 23: Municipal and County Government)

RECESS

(Speaker Sytek in the Chair)

RECONSIDERATION

Having voted with the prevailing side, Rep. LaPorte moved that the House reconsider its action whereby it passed, **HB 94**, relative to enforcement of the child passenger restraint law.

Rep. Packard spoke in favor.

Rep. Pilliod spoke against.

Rep. Letourneau spoke in favor and yielded to questions.

On a division vote, 190 members having voted in the affirmative and 147 in the negative, the motion to reconsider prevailed.

Rep. Packard moved Re-commit to Committee.

Adopted.

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 9

Thursday, March 18, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk, Pastor of the Concord Covenant Church.

Holy God, if given the choice, help us to choose to make all that we do, whether it involves the passing of a monumental bill, or the small courtesies we offer another in debate; reflect our larger intention to fulfill our religious calling so that the world might be saved. Amen.

Rep. Hall led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Fenton, Eugene Gagnon, Golden, Goulet, Cecelia Kane, McRae, Searles, Shultis and Williams, the day, illness.

Reps. Cobb, Dalianis, Ginsburg, Ham, Hoadley, Lavoie, Lynch, O'Keefe, MacNeil, Ruffner, Solow and Weatherspoon, the day, important business.

Rep. Asplund, the day, death in the family.

GUEST ON THE ROSTRUM

New Jersey State Senator Richard J. Codey, Senate Minority Leader.

INTRODUCTION OF GUESTS

Former NH Reps. Olive Morrill and Doris MacIntyre, guests of Rep. Flora. Tom Veinote, guest of the Pembroke delegation. Dr. William Sirotty, guest of Rep. Konys. Mrs. Richard Brewster, wife of Rep. Brewster. Ellen and Lillian Kennedy, guests of Rep. Fraser. Lia Rappaport and Cheryl Miller guests of Rep. Gile. Kelley Bingham, Kelsey Burke, Erik Caswell, Abby and Mary Carr, Kathy Cooper, Angela and Ben Gong, Allissa Howard, Veronica Jackson, Brianna Rogers, Hanna Sloat and Alan Nasberg, guests of the Durham, Lee and Madbury delegations.

COMMUNICATION

March 16, 1999

Karen Wadsworth, Clerk of the House

Please be advised that the following representatives-elect were sworn into office by the Governor and Executive Council on this day:

Carroll 2, Judith Sullivan, r, North Conway (29 Blueberry Lane) 03860

Hillsborough 23, Stanley N. Searles, Sr., r, Hudson (129 Dracut Road) 03103

William M. Gardner, Secretary of State

COMMITTEE ASSIGNMENT

Rep. P. Judith Sullivan on Science, Technology and Energy.

SENATE MESSAGE

CONCURRENCE

HB 54, allowing simultaneous service of a demand for rent and a notice to quit.

VACATE

Rep. O'Hearn moved that the House vacate the reference of **HB 683-FN**, requiring teachers and school administrators to report incidents of disruptive behavior by students, to the Committee on Education.

Adopted and referred to Criminal Justice and Public Safety.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 260-FN-A, establishing a marital commission pilot program in Sullivan county and making an appropriation therefor, removed by Rep. Jacobson.

HB 206, relative to restrooms in restaurants, removed by Rep. Emerton.

CACR 1, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute, removed by Rep. Marple.

HB 278, relative to scheduling of district court sessions, removed by Rep. Soltani.

HB 655-FN-A, making an appropriation from the highway fund to pay the interest and principal on bonds issued for the Cheshire Bridge, removed by Rep. Young.

HB 629, relative to establishing weekly "no hunting" days, removed by Rep. Riley.

Consent Calendar adopted.

RECONSIDERATION

Having voted on the prevailing side, Rep. Chandler moved that the House reconsider its action whereby it adopted the day's Consent Calendar.

Reconsideration prevailed.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 501-FN-A, relative to the repair of a certain covered railroad bridge in Contoocook village in the town of Hopkinton, and making an appropriation therefor, removed by Rep. Kennedy.

Consent Calendar adopted.

HB 324, repealing certain grounds for granting a divorce for cause. **OUGHT TO PASS**

Rep. Julie M. Brown for Children and Family Law: This bill repeals certain grounds for divorce. The four grounds are already covered in RSA 458:7 IX. Vote 13-3.

HB 405-FN, relative to the definition of "placement cost" with regard to services for children, youth, and families provided by the department of health and human services. **RE-REFER TO COMMITTEE**

Rep. Karen K. Hutchinson for Children and Family Law: The committee believes that the additional time provided in the re-refer process would allow the committee to investigate the mechanism and adequacy of funding with regards to the existing programs before acting on this bill. Vote 19-0.

HB 420, relative to orders for spousal support in domestic relations cases. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Stuart Gile for Children and Family Law: This bill amends current domestic relations law by clarifying that if either spouse is living apart from the other without justifiable cause or deserts the other, the court may issue orders for relief to either spouse, and allows for an attachment of either spouse's property to enforce a court order for spousal support. Vote 17-0.

Amendment (0268h)

Amend RSA 458:31 as inserted by section 1 of the bill by replacing it with the following:

458:31 Orders for Support of Spouse. [~~Whenever a husband fails, without justifiable cause, to provide suitable support for his wife, or deserts her, or if the wife for justifiable cause is actually living apart from her husband, or if the husband is deserted by the wife, or is actually living apart from his wife for justifiable cause,] *If either spouse is living apart from the other without justifiable cause or willingly absents himself or herself from the other*, the superior court, upon his or her petition, or if insane by his or her guardian or next friend, may issue orders which may at the discretion of the court be ex parte and which may grant such relief as provided for in RSA 458:16. The domicile requirements of RSA 458:4, 5, and 6 shall not apply to this section; and the court may grant relief hereunder to a nonresident plaintiff if the defendant is a resident of this state.~~

AMENDED ANALYSIS

This bill amends current domestic relations law by clarifying that if either spouse is living apart from the other without justifiable cause or deserts the other, the court may issue orders for relief to either spouse, and allows for an attachment of either spouse's property to enforce a court order for spousal support.

HB 622-FN, relative to a school district's duty to provide education. INEXPEDIENT TO LEGISLATE
Rep. Laura C. Pantelakos for Children and Family Law: The committee felt this bill might prevent a number of children from completing their education. The Education Committee studied this issue extensively last session and arrived at a similar conclusion. Vote 16-0.

HB 357, establishing a committee to study and investigate issues related to investigations, trials, convictions, and sentencing of sex offenders. OUGHT TO PASS
Rep. William J. McCarthy for Criminal Justice and Public Safety: This bill is the result of earlier concerns expressed in the House and is the product of a committee set up to investigate what is perceived by many to be unfair and unequal treatment of sex offenders and their alleged victims. The subcommittee isolated seven areas: videotaping, access of records, requirement of admission of guilt, sentencing, lack of corroboration and parole protocols as vital areas for further more comprehensive study. Vote 20-0.

HB 513, relative to approved permissible fireworks. OUGHT TO PASS
Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill authorizes the sale of certain permissible fireworks for public use in those towns that do not prohibit such backyard activity. These items have been tested and approved by House and Senate. This is another year that this committee has failed to submit this list to the administrative rules committee in a timely fashion. This list will make available these additional items in time for our summer season. New Hampshire has noticed a decline in fireworks injuries as a result of the intensive inspection of these fireworks. By allowing "safe and sane" fireworks to be available to our citizens, the illegal dangerous items that injure and maim (black market items) have largely disappeared from our state resulting in no serious injuries during the last season. Vote 19-0.

HB 250, relative to authorized regional enrollment area schools OUGHT TO PASS WITH AMENDMENT

Rep. David E. Larrabee for Education: This bill corrects a problem not addressed in last year's legislation and changes the time period from 120 days to 180 days for an AREA school to submit a report to withdraw to the State Board of Education. The amendment changes the period to a minimum of 10 years during which an AREA plan shall remain valid. The legislation also addresses the obligations of bonds issued in the school district. Vote 18-0.

Amendment (0356h)

Amend RSA 195-A:3, XI as inserted by section 1 of the bill by replacing it with the following:

XI. An area plan adopted by the voters of the sending and receiving district shall be valid for a [period] *minimum* of 10 years [from the date of its adoption, amendment, or the withdrawal of a district] *unless otherwise provided by mutual agreement of the school districts*. The area plan may be renegotiated at the request of a sending or receiving district or extended for additional 10-year periods upon a mutual vote of each sending and receiving school district legislative body 2 years prior to the expiration of the area plan.

HB 304, relative to the confidentiality of criminal history records checks. RE-REFER TO COMMITTEE

Rep. Phil Weber for Education: The members agree that discussion of a range of offenses is needed to do a criminal history check in the schools. The committee will, in addition, be working with the Dept. of Safety and the Criminal Justice Committee to pass a bill, which will fulfill the objectives of the intent, which is to insure the safety of the pupils in our schools. Vote 18-0.

HB 78, relative to candidates for office who are also moderators or town clerks. OUGHT TO PASS WITH AMENDMENT

Rep. Natalie S. Flanagan for Election Law: The Committee felt that there should be an even playing field. Having the moderator running for another elected position and working at the polls would give him or her an unfair advantage. Vote 12-0.

Amendment (0230h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the counting of votes when the moderator is disqualified.

Amend the bill by replacing section 1 with the following:

1 Election Procedure; Counting of Votes; Duties of Moderator; Disqualification. Amend RSA 659:60 to read as follows:

659:60 Duties of Moderator. The moderator, *or the moderator pro tempore if the moderator is disqualified under RSA 658:24*, shall oversee the counting of votes by other election officers, including the selectmen and the town clerk, and may discharge any other duties relating to the counting of votes.

AMENDED ANALYSIS

This bill provides that the moderator pro tempore shall perform the duties of the moderator relative to counting of votes if the moderator is disqualified because his or her name appears on a ballot for an elective position other than a position of an election official

HB 292, relative to ballot procedures for constitutional amendments. **OUGHT TO PASS WITH AMENDMENT**

Rep. Janet S. Arndt for Election Law: The Committee unanimously agreed that all constitutional questions, including the text of the article of the constitution as it is proposed to be amended and the printed explanation to the questions, must be approved by the policy committees in the House and Senate, which passed them. Vote 12-0.

Amendment (0171h)

Amend RSA 663:3-a as inserted by section 2 of the bill by replacing it with the following:

663:3-a Voter's Guides. If the general court proposes the constitutional amendment, the joint committee on legislative facilities may authorize the printing of a voter's guide. Distribution of the voter's guide shall not take place until its text has been reviewed and approved by the house and senate policy committees which considered the proposed constitutional amendment.

AMENDED ANALYSIS

This bill requires that the text of the proposed constitutional amendment be included in the question to the voters of whether to approve the proposed constitutional amendment. This bill also authorizes the joint committee on legislative facilities to print a voter's guide if the general court proposes a constitutional amendment.

HB 52, exempting certain currants and gooseberries resistant to the white pine blister rust organism from restrictions on planting in control areas. **RE-REFER TO COMMITTEE**

Rep. Kenneth R. Marshall for Environment and Agriculture: The Committee would like to have time to work with the Division of Forests and Lands to see if it is possible to solve the sponsors' problem without passing legislation. Vote 19-0.

HB 288, relative to the committee to study land management, protection of farmland, rural character, environmental quality and sprawl. **OUGHT TO PASS**

Rep. John G. Tuthill for Environment and Agriculture: This bill increases the membership of the Land Use Management and Farmland Preservation Study Committee, authorizes the Committee to monitor progress of state action to avoid "sprawl," and extends the reporting date to November 1, 2000. Vote 17-1.

HB 291, establishing a study committee for seed sterilization technology or "terminator" technology. **OUGHT TO PASS**

Rep. Derek Owen for Environment and Agriculture: As the title of the act suggests, sterilization of "terminator" technology for seeds may seriously alter or affect our food production system. Biodiversity has gone on for centuries and biotechnology tampers with the propagation of life itself. Under the auspices of increased food production for the third world, this requires gathering more information to forgo any unfair advantages being taken by privileged individuals/corporations. One recent example is certain Canadian farmers being sued for violating contracts in handling their seed. Another area is the need for information regarding transfer of genes within species. Vote 18-1.

HB 310, repealing the authority of the department of agriculture, markets, and food to conduct meat inspections and poultry products inspections. RE-REFER TO COMMITTEE
 Rep. George T. Musler for Environment and Agriculture: In the view of the Committee, this bill was deemed insufficient to do the job intended. Further examination is needed and therefore the bill is re-referred to committee. Vote 18-0.

HB 85, relative to statements of financial interests for certain board and commission members. INEXPEDIENT TO LEGISLATE

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill addressed the yearly submittal of "financial disclosure statements" to the secretary of state's office. It calls for the removal of all members of executive branch boards, councils and commissions should they not turn in their financial statements yearly. The committee applauds the over 700 community spirited citizens serving on these committees and felt removal was too extreme for a procedure deficiency. Vote 13-3.

HB 275-FN, providing that the deputy adjutant general shall serve as the director of emergency management and funds for emergency management shall be appropriated to the adjutant general. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: This bill will place the deputy adjutant general in charge of the emergency management functions and transfer their funds to the adjutant general. The committee felt that the present office of emergency management is functioning very well as a coordinator of planning, mitigating and coordinating emergency situations. The office of emergency management is a coordinator while the adjutant general's office would be a provider of assistance in time of a declared emergency. The committee feels that functions of coordination and providing assistance should remain separate. The office of emergency management and the adjutant general's office are both under the direct control of the governor but the committee received no input from the office of the governor as to the advantage of this change. The office of emergency management, by its organizational structure, is better suited to interact when emergencies are declared by the governor and by the president. Vote 16-0.

HB 352-FN, relative to including persons practicing as sports trainers in the regulation of athletic trainers. INEXPEDIENT TO LEGISLATE

Rep. Dana L. Landers for Executive Departments and Administration: The committee felt that because athletic trainers are such a different class altogether from sports trainers, that by allowing sports trainers to be categorized within the same licensure as athletic trainers could lead to serious consequences because of the vast differences in educational and experience requirements. Vote 16-0.

HB 307, establishing a committee to study the shared risk when patients decide to remain in a facility over the recommendations of the department of health and human services. OUGHT TO PASS WITH AMENDMENT

Rep. Alphonse Haettenschwiller for Health, Human Services and Elderly Affairs: This bill establishes a committee to study a newly emerging issue of negotiated risk agreements between providers and elderly residents who may need a higher level of support than can be routinely provided. The committee made several editorial changes, including using the preferred term "negotiated risk agreements". Vote 14-0.

Amendment (0183h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the negotiated risk agreements when patients desire to remain in a facility over the recommendations of the department of health and human services.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the negotiated risk agreements when patients desire to remain in a facility over the recommendations of the department of health and human services.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall study the negotiated risk agreements of the patient and the facility when a patient desires to remain in a facility rather than be transferred to a facility as recommended or required by the department of health and human services.

AMENDED ANALYSIS

This bill establishes a committee to study the negotiated risk agreements when patients desire to remain in a facility over the recommendations of the department of health and human services.

HB 415-FN, establishing a registry for brain and spinal cord injuries. **INEXPEDIENT TO LEGISLATE**

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: The committee acknowledges that compelling testimony was presented by several constituencies supporting more and more appropriate services for this particular population. The total needs are unknown, but are no doubt substantial. Some of the needs are already being met by existing programs, but a registry alone would not seem to be an adequate answer at this time. Vote 14-0.

HB 452, relative to patients' rights. **INEXPEDIENT TO LEGISLATE**

Rep. Alphonse Haettenschwiler for Health, Human Services and Elderly Affairs: The subcommittee studying HB 452, as well as the full committee, felt that the issue of shared risk was too complex to be solved by this amendment to RSA 151:21,V. The prime sponsor agreed this whole issue should be further studied, as proposed in HB 307. Vote 14-0.

CACR 2, relating to supreme court rules. Providing that supreme court rules shall be subject to review and approval by a special legislative committee. **RE-REFER TO COMMITTEE**

Rep. Dennis J. Withee for Judiciary: Because this bill creates a shift in the balance of power between the legislative and judicial branches, the committee concluded that it deserves careful and thorough consideration. It is the committee's intent to study both CACR 1 and CACR 2 in the re-referral as both bills cover related subject matter. Specifically, CACR 2 requires that rules be reviewed and approved by a special legislative committee. Vote 14-1.

HB 53, establishing a process for reviewing judges. **RE-REFER TO COMMITTEE**

Rep. Robert H. Rowe for Judiciary: The committee has several bills before it that relate to major matters of judicial reform. Because of complexity of the bills and subject matter, including constitutional issues, the committee felt that referral justified a comprehensive study recommendation. Vote 14-1.

HB 259-FN, granting a right to trial by jury in any controversy between a person or persons and a state board, commission, or agency when the amount in controversy is at least \$5,000. **INEXPEDIENT TO LEGISLATE**

Rep. Tony F. Soltani for Judiciary: The committee is of the strong opinion that administrative hearings and proceedings must provide a fair forum. The bill highlights an area which needs careful and detailed attention. However, there may be too many unintended adverse consequences. The actual and perceived fairness of the administrative proceedings should be reviewed on an agency-by-agency basis. The proper potential remedy may include upgraded rules or perhaps a right to a jury trial. Vote 13-1.

HB 270, relative to persons not competent to stand trial. **OUGHT TO PASS WITH AMENDMENT**

Rep. Tony F. Soltani for Judiciary: This bill allows up to sixty days (60) for the department of corrections to examine and make a determination as to whether a defendant is competent to stand trial. If the department determines the person to be incompetent, the Division of Mental Health Services will have thirty (30) days to ascertain whether the person meets the criteria for an involuntary admission to the New Hampshire Hospital. Previously, the Department of Corrections had ninety (90) days, but the Division of Mental Health was not allocated any time, under the law, to conduct its examination. This bill is intended to remedy that dilemma. Vote 16-0.

Amendment (0107h)

Amend the bill by replacing all after the enacting clause with the following:

1 Persons not Competent to Stand Trial. Amend RSA 135:17-a, I to read as follows:

I. After a determination by the superior or district court that a person is not competent to stand trial, the court may, following a hearing and a determination that such person is dangerous to self or others, order the person to remain in custody for a reasonable period, not to exceed [90] 60 days, to be evaluated for appropriateness for involuntary admission into the state mental health services

system, including the secure psychiatric unit, and to commence civil proceedings, if appropriate. The court may order such person to submit to examinations by a psychiatrist, designated by the state, for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state mental health services system, including the secure psychiatric unit.

2 Persons Not Competent to Remain in Custody. Amend RSA 135:17-a, II(c) to read as follows:

(c) Probable cause exists that the person meets the criteria for commitment under RSA 171-B:2; the court may order the person to remain in custody for a reasonable period, not to exceed [90] 60 days, to be evaluated for the appropriateness for involuntary admission into the state developmental services delivery system or the secure psychiatric unit, and to commence civil proceedings, if appropriate. The court may order such person to submit to examinations by a physician, psychiatrist or psychologist, designated by the state, who shall have experience and training in mental retardation, for the purpose of evaluating appropriateness and completing the certificate for involuntary admission into the state developmental services delivery system or the secure psychiatric unit.

3 New Paragraph; Person to Remain in Custody. Amend RSA 135:17-a by inserting after paragraph II the following new paragraph:

III. Upon the filing of the petition in probate court, the person shall remain in custody until the issuance of the order of the court pursuant to RSA 135-C:45 or RSA 171-B:12; provided, that the court shall act upon the petition within 30 days of its filing.

4 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill declares that persons found not competent to stand trial can be held in custody for the completion of a civil commitment process, if appropriate.

The bill also reduces the number of days a person may be held in custody for evaluation for possible involuntary commitment.

HB 515, extending the indemnification of persons providing clinical services to the department of health and human services. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary: The committee believes this system of indemnification of medical personnel at the NH State Hospital is very advantageous to the state. Since the closing of the old state facility, New Hampshire leads the nation in treatment of the mentally ill. This is in part due to the contract with the Dartmouth Medical School and its provision of state-of-the-art care. The state is able to save approximately \$800,000/year in its contract with the medical center because while on state duty personnel are indemnified just like other state employees. Vote 13-0.

HB 612-FN, relative to compensation paid to jurors. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary: This bill would raise jurors' compensation from \$10 a half day to \$20. Prior to 1991 (and the budget crunch), it was \$15. The juror pool has been expanded with recent changes in the law. More and more self-employed, parents needing day care, and individuals working in small companies are being called to serve. This small increase is still a token for their monetary loss. Vote 13-2.

Referred to Finance.

HB 226-L, establishing municipality bond payment schedules and percentages. **RE-REFER TO COMMITTEE**

Rep. Anthony F. Simon for Municipal and County Government: This bill concerns tax increment financing (TIF) districts and would allow more flexibility in establishing bond repayment schedules. TIFs have been very effective in some New Hampshire communities and the concept embodied in this bill could increase their effectiveness. However, Claremont II creates serious questions about TIFs and this bill should not be acted upon until the education funding question is resolved. Vote 15-0.

HB 261-L, relative to the official ballot option. **OUGHT TO PASS WITH AMENDMENT**

Rep. Betsey L. Patten for Municipal and County Government: This bill contains technical corrections affecting municipalities using the official ballot (SB 2) for voting on all matters before the Town. The amendment clarifies that "one-time expenditures" are not to be included in the default budget. The bill will make the SB-2 voting process work more efficiently. Vote 16-0.

Amendment (0265h)

Amend the bill by replacing all after the enacting clause with the following:

1 Town Meeting; Use of the First Session. Amend RSA 40:13, IV to read as follows:

IV. The first session of the meeting ~~[shall consist of explanation, discussion, and debate of each warrant article, and shall be]~~, governed by the provisions of RSA 40:4, 40:4-a, 40:4-b, 40:4-f, and 40:6-40:10~~;~~ ~~[provided, however, that RSA 40:10, II shall not apply, and a vote to restrict reconsideration pursuant to RSA 40:10, I shall be deemed to prohibit any further action on the restricted article until the second session]~~, **shall consist of explanation, discussion, and debate of each warrant article. A vote to restrict reconsideration shall be deemed to prohibit any further action on the restricted article until the second session, and RSA 40:10, II shall not apply.** Warrant articles may be amended at the first session, subject to the following limitations:

(a) ~~[Questions, the]~~ **Warrant articles whose** wording ~~[of which]~~ is prescribed by law~~;~~ shall not be amended.

(b) Warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended.

2 Town Meeting; Second Session of Annual Meeting. Amend RSA 40:13, VI to read as follows:

VI. All warrant articles shall be placed on the official ballot for a final vote, **including warrant articles as amended by the first session.** All special warrant articles shall be accompanied on the ballot by recommendations as required by RSA 32:5, V, concerning any appropriation or appropriation as amended.

3 Definition; Operating Budget. Amend RSA 40:13, IX-XI to read as follows:

IX. "Operating budget" as used in this subdivision means "budget," as defined in RSA 32:3, III, exclusive of "special warrant articles," as defined in RSA 32:3, VI, **and exclusive of other appropriations voted separately.**

X. If no operating budget article is adopted, the local political subdivision either shall be deemed to have approved the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, **or reduced by one-time expenditures contained in the operating budget,** or the governing body may hold a special meeting pursuant to paragraph XVI to take up the issue of a revised operating budget only; provided that RSA 31:5 and RSA 197:3 shall not apply to such a special meeting. If no operating budget article is adopted the estimated revenues shall nevertheless be deemed to have been approved. **For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body of the local political subdivision.**

XI. The amount of the previous year's operating budget, as adjusted pursuant to paragraph X, shall be disclosed to the voters at the first session. This amount shall not be amended by the legislative body. However, this amount may be adjusted by the governing body, acting on relevant new information at any time before the ballots are printed. The wording of the second session ballot question concerning the operating budget shall be as follows:

"Shall the (local political subdivision) raise and appropriate as an operating budget, not including appropriations by special warrant articles **and other appropriations voted separately,** the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$.....? Should this article be defeated, the operating budget shall be \$....., which is the same as last year, with certain adjustments required by previous action of the (local political subdivision) or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only."

4 New Subdivision; Procedural Defects in Official Ballot Voting. Amend RSA 40 by inserting after section 40:15 the following new subdivision:

Procedural Defects in Official Ballot Voting

40:16 Legalization of Meetings. When irregularities or procedural defects in the actions of a local political subdivision are discovered in a local political subdivision using the official ballot, the local political subdivision may, on the authority of the governing body, call a special meeting for the exclusive purpose of curing such defect according to RSA 31:5-b with a single session for deliberating and voting to cure such defect.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies procedures of first and second town meetings.

This bill requires that if no operating budget article is adopted at the second session of an annual town meeting, the previous year's appropriations deemed to have been approved from the previous year shall be reduced or increased by debt service, contracts, and other previously incurred or mandated obligations, or reduced by one-time expenditures.

This bill also adds procedures to rectify irregularities or procedural defects in official ballot voting.

This bill was requested by the department of revenue administration.

HB 347, relative to municipal economic development and revitalization district tax increments. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth S. Hager for Municipal and County Government: The Committee will be considering any necessary changes to tax increment financing in its study of HB 226. It will be able to consider this bill's contents at the same time. Vote 15-0.

HB 354, broadening the range of acceptable media for storage of public records. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth S. Hager for Municipal and County Government: Testimony from the New Hampshire Division of Records Management and Archives persuaded the Committee that this bill was not needed. The town officials who believed they needed a change in the law are also satisfied and advised the Committee that they now recognize that this legislation is unnecessary. Vote 14-0.

HB 490, enabling cities to permit the mayor to vote at city council meetings. OUGHT TO PASS WITH AMENDMENT

Rep. Elizabeth S. Hager for Municipal and County Government: This is a technical amendment to the RSAs which govern cities enabling them to have freedom of choice in their own charters. Vote 15-0.

Amendment (0290h)

Amend RSA 49-C:12, II as inserted by section I of the bill by replacing it with the following:

II. Notwithstanding paragraph I, a city may, pursuant to the procedures for adoption of charter amendments and submission to the voters under RSA 49-B:5 and 49-B:6, vote to allow the mayor to vote and be counted for purposes of a quorum at meetings of the city council, despite such mayor having been directly elected.

HB 531, allowing a governing body to grant a veteran's exemption in certain circumstances. INEXPEDIENT TO LEGISLATE

Rep. Thomas E.P. Rice for Municipal and County Government: The Committee felt that the unintended consequences of this bill would probably overshadow any benefit and that the communities already have the power to grant a credit for just and compassionate cause. Vote 15-0.

HB 283-A, making a capital appropriation to the department of administrative services for the funding, siting, and design of the new Henniker-Hillsborough district courthouse. INEXPEDIENT TO LEGISLATE

Rep. William E. Leber for Public Works and Highways: This bill makes a capital appropriation of \$153,000 to fund siting and design of a new Henniker-Hillsborough district courthouse to be located in Henniker. It was apparent from the testimony that the court facilities being used in both towns are less than desirable. However, this district courthouse is number 10 on the Court Facilities Needs Priority List so there is plenty of time for this design and siting effort in future years. Testimony indicated there is no consensus by the towns served by the two courts as to the best location for the new joint district court. The committee suggests the towns enter informal discussions to agree on location or sites. Vote 14-1.

HB 305-A, making a capital appropriation to the department of administrative services for the construction of the new Jaffrey-Peterborough district courthouse. RE-REFER TO COMMITTEE

Rep. Edwin O. Smith for Public Works and Highways: The committee feels very strongly that this facility needs to be constructed. The land has been donated and has restrictions on the timeliness of its use. The committee did not want to report this as Inexpedient to Legislate, and felt that as the

number two court on the list of those recommended by the Court Accreditation Committee, we should leave this issue open. It is possible that circumstances can change, so we wanted this bill back to be considered in the current biennium, and not have to be delayed into the next biennium. Vote 16-0.

HB 355, relative to the dredging of harbors and channels. **OUGHT TO PASS**

Rep. William E. Leber Public Works and Highways: This bill clarifies that the port authority may perform dredging of channels and harbors. Under dredge management in tidal waters, the port authority has responsibility to initiate and implement dredging projects. This bill will include dredging performed by the authority to permit use of in-house resources. Vote 11-3.

HB 363-FN, increasing the bonding limit of the school building authority. **OUGHT TO PASS**

Rep. Charles W. Morse for Public Works and Highways: This bill increases the bonding limit of the school building authority from \$75,000,000 to \$95,000,000. After hearing testimony from the State Treasurer on reductions in bonding limits in other departments, the committee voted to pass. Vote 14-0.

Referred to Finance.

HB 479-A, making a capital appropriation for siting and design of a new Merrimack district courthouse. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Leber for Public Works and Highways: The committee heard testimony on several bills requesting capital appropriations for siting and design, and/or construction for district courthouses. The local officials made strong cases for support of improved conditions, particularly relative to handicap access and security for the safety of public and court officials. Obviously, the committee cannot approve all requests. In fact, the limits on capital appropriation may prevent any new district courthouse construction. The Merrimack district is number 16 on the court facilities needs priority list. In the interim, the Administrative Office of Courts (AOC) should consider some minor modifications to improve access and security with its operating funds or escrow funds. Vote 16-0.

HB 548-A, making a capital appropriation for the construction of the Plaistow district courthouse. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Leber for Public Works and Highways: The committee report for HB 548-A, also applies to this bill, with the exception that the Plaistow district is number 14 on the court facilities needs list. The committee heard testimony on several bills requesting capital appropriations for siting and design, and/or construction for district courthouses. The local officials made strong cases for support of improved conditions, particularly relative to handicap access and security for the safety of public and court officials. Obviously, the committee cannot approve all requests. In fact, the limits on capital appropriation may prevent any new district courthouse construction. In the interim, the Administrative Office of Courts (AOC) should consider some minor modifications to improve access and security with its operating funds or escrow funds. In addition, based on the comments relative to previous court requests for Henniker-Hillsborough and Merrimack, the consensus of the committee is that a greater effort should be made by the court accreditation committee to develop a more creditable priority list. Vote 16-0.

HB 431, establishing a committee to study methods and processes necessary to retain the traditional uses of White Mountain National Forest land. **OUGHT TO PASS WITH AMENDMENT**

Rep. David M. Lawton for Resources, Recreation and Development: This bill establishes a study committee which will report on the ways in which traditional uses of White Mountain National Forest land may be maintained and promoted. The sponsor's concerns centered on the possible federal designation change from National Forest to National Park and the Resources Committee believes that these concerns will be addressed as one of the duties of the study committee. Vote 13-1.

Amendment (0366h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study methods and processes necessary to retain the traditional uses of White Mountain National Forest land, the impact of any change in designation, and relative to promoting the continual multiple use management of such land.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the advantages of and methods and processes necessary for the retention and enhancement of traditional uses of White Mountain National Forest land.

2 Membership and Mileage.

1. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house from among the membership of the resources, recreation and development, the municipal and county government, the wildlife and marine resources committee, and the commerce committees. At least 2 of the 4 members shall represent communities that include land within the White Mountain National Forest.

(b) Four members of the senate, appointed by the president of the senate from among the membership of the environment, the internal affairs, the wildlife and recreation, and the energy and economic development committees. At least 2 of the 4 members shall represent communities that include land within the White Mountain National Forest.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall explore any and all methods necessary to retain multiple use management of White Mountain National Forest land, and the impact of any considered change in designation of the White Mountain National Forest.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Five members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before December 31, 2000.

6 New Section; Promotion of Continual Multiple Use Management of White Mountain National Forest Land. Amend RSA 12-A by inserting after section 2-h the following new section:

12-A:2-i Multiple Use Management of White Mountain National Forest Land. The commissioner of the department of resources and economic development, or designee, shall have the authority and responsibility to consult and work with the United States Department of Agriculture Forest Service in order to promote and maintain continued multiple use management of White Mountain National Forest land.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the advantages of and methods and processes necessary for the retention of traditional uses of White Mountain National Forest land. The committee will also explore the impact of any considered change in designation of the White Mountain National forest.

This bill also requires the commissioner of the department of resources and economic development to consult and work with the United States Department of Agriculture Forest Service to promote continual multiple use management of White Mountain National Forest land.

HB 543, relative to fill and dredge permits for breakwaters. RE-REFER TO COMMITTEE
Rep. H. Charles Royce for Resources, Recreation and Development: This bill restricts breakwaters to lakes less than 10,000 acres. The Committee felt the permitting regulations being developed by DES need further review by the committee. Vote 15-0.

HB 594, prohibiting the introduction of zebra mussels and other exotic aquatic animals in New Hampshire. INEXPEDIENT TO LEGISLATE
Rep. H. Charles Royce for Resources, Recreation and Development: This bill attempted to put DES plans in place to help prevent exotic species from infecting our lakes. At the 11th hour it was discovered that Fish and Game have regulations in place and this bill is not needed. DES and Fish and Game are now coordinating their exotic weeds and exotic species programs. Vote 15-0.

HB 697-FN-L, relative to the collection and use of boat fees. **INEXPEDIENT TO LEGISLATE**
Rep. Janet W. Fortnam for Resources, Recreation and Development: This bill requires that boat fees be sent to the treasurer of the town or city where the owner resides for the general use of the town or city. This would entail mailing fees between towns and does not include large sums of money; and the sponsor agreed that this bill be Inexpedient to Legislate. Vote 16-0.

HR 9, encouraging the use of funds from timber sales of White Mountain National Forest timber to be exclusively for maintenance, upgrading, and funding of the White Mountain National Forest and its facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This resolution directs Congressional attention to the economic relationship between the federal government and New Hampshire communities in the WMNF. It encourages full funding for the Land and Management Plan for the national forest; and full funding for payments in lieu of taxes to New Hampshire communities having land in WMNF. Further, it asks USDA, National Forest Service to report annually on their contributions to local towns and the impacts on area businesses. Vote 14-0.

Amendment (0345h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION urging the federal government to make full funding of the Land and Resource Management Plan its highest priority regarding its ownership and management of the White Mountain National Forest.

Amend the resolution by replacing all after the title with the following:

Whereas, the White Mountain National Forest consists of 720,000 acres in 35 different communities and 14 unincorporated places in New Hampshire; and

Whereas, the presence of national forest land provides both economic benefits and burdens to these communities; and

Whereas, adequate funding by Congress of the Land and Resource Management Plan ensures that the full economic, social and conservation benefits of proper management are received by these communities; and

Whereas, full payment in lieu of taxes by the federal government ensures that these communities receive revenues comparable to revenues these lands would generate in property taxes were they in private ownership; and

Whereas, full funding of the forest plan and full payment in lieu of taxes constitute a fiscal relationship between the federal government and the White Mountain National Forest communities that is essential to maintaining public trust and support for continued management of these lands by the federal government; now, therefore, be it

Resolved by the House of Representatives:

That an annual report be issued by the United States Department of Agriculture Forest Service for public view and distribution, containing National Forest contributions to local towns in lieu of property taxes, statistics on revenues from timber sales, information regarding road construction, and approximate numbers of those who use the White Mountain National Forest for recreation and the economic impact on area business; and

That the federal government should make full funding of the Land and Resource Management Plan its highest priority in relation to its ownership and management of the White Mountain National Forest; and

That the federal government fully fund its statutory obligation to make payment in lieu of taxes to New Hampshire communities which contain land within the White Mountain National Forest;

That copies of this resolution be forwarded by the house clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This house resolution urges the federal government to make full funding of the Land and Resource Management Plan its highest priority regarding its ownership and management of the White Mountain National Forest and to fully fund its obligation to make payment in lieu of taxes to New

Hampshire communities containing land within the White Mountain National Forest. This house resolution also urges the federal government to issue an annual report, for public view and distribution, containing information and figures regarding the use of the White Mountain National Forest for timber and recreation.

HCR 6, calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. **OUGHT TO PASS**

Rep. Margaret E. Lynott for State-Federal Relations and Veterans Affairs: This resolution requests the President and Congress to fully fund special education programs in the state's elementary and secondary schools, which the congress has mandated. Vote 15-0.

HB 418, relative to accounts and reporting dates of certain funds in the fish and game department. **OUGHT TO PASS**

Rep. Dennis F. Abbott for Wildlife and Marine Resources: This bill changes reporting dates and removes separate accounting procedures for various revenue accounts within the Fish and Game Department. Vote 16-0.

HB 480, relative to the taking of sand eels. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. L'Heureux for Wildlife and Marine Resources: The method and limit of take is determined by the Fish and Game Department based on scientific data. This bill would grant authority to the legislature to regulate issues that rightly belong to the Fish and Game Department and therefore, the committee voted unanimously to vote this bill Inexpedient To Legislate. Vote 16-0.

HB 520, relative to an open season for chukar partridge. **OUGHT TO PASS**

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill addresses a concern of the Fish and Game Department regarding the taking of these imported birds which escape when released for training dogs and other purposes. Having an open season on Chukar partridge would allow the taking of a bird which may not survive our severe winters but may already be adapting to our unique New Hampshire habitat. Vote 16-0.

HB 710-FN, relative to expanding the availability of lifetime licenses for hunting and fishing. **OUGHT TO PASS**

Rep. Richard E. Fletcher for Wildlife and Marine Resources: This bill allows lifetime licenses for hunting and fishing, or combined hunting and fishing, and allows persons under 16 years of age to purchase same. This bill also removes a requirement for continuous residency. The committee recommended by a Roll Call vote 15-0 Ought to Pass. This bill will help license sales because it separates licenses for fishing and hunting. This bill has no fiscal impact on state, county, and local government. Vote 15-0.

REGULAR CALENDAR

HB 67, relative to termination of parental rights upon a finding of either child abuse or the commission of certain criminal offenses. **OUGHT TO PASS WITH AMENDMENT**

Rep. L. Randy Lyman for Children and Family Law: This bill decreases the time allowed for a parent, subsequent to a finding of child abuse, to correct the situation leading to that finding, and provides for termination of parental rights where a parent has been convicted of certain violent criminal offenses against a child. It establishes specific requirements to be followed by the court prior to ordering termination of parental rights in certain cases where the parent or guardian of the child is incarcerated. The passage of this bill brings the state of New Hampshire into compliance with the federal Adoption and Safe Families Act. Vote 15-0.

Amendment (0327h)

Amend the bill by replacing all after the enacting clause with the following:

1 Termination of the Parent-Child Relationship. Amend RSA 170-C:5, III to read as follows:

III. The parents, subsequent to a finding of child neglect or abuse under RSA 169-C, have failed to correct the conditions leading to such a finding within [†8] 12 months of the finding despite reasonable efforts under the direction of the district court to rectify the conditions.

2 New Section; Termination of Parental Rights; Termination Petition Required; Reasonable Efforts to Reunify the Family Required. Amend RSA 170-C by inserting after section 4 the following new section:

170-C:4-a Petition for Termination of Parental Rights Required; Reasonable Efforts to Reunify.

I. The state, through an authorized agency, or if required by a court of competition jurisdiction, shall initiate a petition for termination of parental rights or, if such a petition has been filed by another party, the state shall seek to be joined as a party to such petition, where any one or more of the following circumstances exist:

(a) Where a child has been in foster care, under the responsibility of the state, for 12 of the most recent 22 months.

(b) Where a court of competent jurisdiction has determined that a child has been abandoned as defined by RSA 170-C:5, I; or

(c) Where a court of competent jurisdiction has made any one or more of the following determinations:

(1) That the parent committed murder of another child of the parent pursuant to RSA 630:1-a or RSA 630:1-b.

(2) That the parent committed manslaughter of another child of the parent pursuant to RSA 630:2.

(3) That the parent committed attempt, pursuant to RSA 629:1, solicitation, pursuant to RSA 629:2, or conspiracy, pursuant to RSA 629:3, to commit any of the offenses specified in subparagraphs I (c) (1) or I (c) (2).

(4) That the parent committed a felony assault under RSA 631:1, 631:2, 632-A:2, or 632-A:3 that resulted in serious bodily injury to the child or to another child of the parent.

II. Concurrent with the initiation or joinder in a petition for termination of parental rights as defined in paragraph I of this section, the state shall seek to identify, recruit, and approve a qualified family for adoption in accordance with the provisions of RSA 170-B, and in accordance with the principle that the health and safety of the child shall be the paramount concern, unless one or more of the following circumstances exist:

(a) The child is being cared for by a relative or a relative is available and capable of caring for the child. If a relative is available and capable of caring for the child, the state may seek temporary placement of the child with such relative.

(b) A state agency has documented in the case file a compelling reason for determining that filing a petition for termination of parental rights would not be in the best interests of the child; or

(c) The state has not provided to the family of the child, consistent with RSA 170-C:5, III, such services and reasonable efforts as the state deems necessary for the safe return of the child to the child's home. In determining whether the state has made reasonable efforts to prevent placement and reunify the family, the court shall consider whether services to the family have been accessible, available, and appropriate. In evaluating the accessibility, availability, and appropriateness of services, the court shall consider the following:

(1) The dangers to the child and the family problems precipitating those dangers.

(2) Whether the agency has selected services specifically relevant to the family's problems and needs.

(3) Whether the state agency has diligently arranged those services.

(4) Whether appropriate services have been available to the family on a timely basis; and

(5) The results of the interventions involving the child, the family, and the state.

III. The state shall submit a sworn statement prior to any judicial hearing in which the court is to determine whether there have been reasonable efforts to prevent placement, reunify the family, or make and finalize a new permanent home for the child. Such statement shall be submitted to the court and to the parties at least 5 days prior to the hearing, and shall describe such reasonable efforts made by the state or the rationale for not making such efforts.

3 New Paragraph; Termination of Parental Rights; Incarceration of Parent or Guardian. Amend RSA 170-C:5 by inserting after paragraph VI the following new paragraph:

VII.(a) If the parent or guardian is, as a result of incarceration for a felony offense, unable to discharge his or her responsibilities to and for the child, the court shall review the conviction of the parent or guardian to determine whether the felony offense is of such a nature, and the period of incarceration imposed of such duration, that the child would be deprived of proper parental care

and protection and left in an unstable or impermanent environment for a longer period of time than would be prudent. The health and safety of the child shall be the paramount concern. Incarceration in and of itself shall not be grounds for termination of parental rights.

(b) The court shall consider the following factors in determining whether termination of parental rights under this paragraph is appropriate:

(1) If the child is being cared for by a relative, or if a relative is available and capable of caring for the child.

(2) If a state agency has documented in the case file a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests; and

(3) If the state has provided to the family of the child, consistent with RSA 170-C:5, III, such services and reasonable efforts as the state deems necessary for the safe return of the child to the child's home.

4 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill decreases the time allowed for a parent, subsequent to a finding of child abuse, to correct the situation leading to that finding, requires that the state initiate a petition for termination of parental rights under certain circumstances and establishes specific requirements to be followed by the court prior to ordering termination of parental rights in cases where the parent or guardian of the child is incarcerated.

Adopted.

Report adopted and ordered to third reading.

HB 90, removing the prohibition on adoption and foster parenting by homosexual persons. **OUGHT TO PASS**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill removes the discriminatory provision forbidding adoption and foster parenting by homosexuals. It will provide additional homes for foster child placement. The public hearing had over 50 citizens favoring this bill and only one (1) speaker opposed. A number of clergy and adoptive parents testified in favor of this bill. Vote 15-3. Rep. Torressen spoke against.

Reps. Arnold, Kennedy and Dowling spoke in favor.

Rep. Fuller Clark spoke in favor and yielded to questions.

Rep. Weber requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Rep. McGough requested that the question be divided. The Speaker ruled that the question was divisible.

The question now being the adoption of Sections 2, 3 and 4 (relating to adoption) of the bill.

and Sections 1 and 5 were adopted.
Report adopted and ordered to third reading.

HB 276-FN-L, requiring that a school administrative unit budget be approved by vote at the annual school district meeting. **INEXPEDIENT TO LEGISLATE**

Rep. William A. Riley for Education: This bill would require that an SAU budget must be approved by annual school district meeting. The committee felt that the vote by the school board on the SAU budget should be sufficient. This has been studied recently with no solution available due to SAU make up. The action that the bill could be used as a vehicle for a wide ranging examination of the question was received with a lack of enthusiasm since this has been done many times in the last decade to no agreement. Vote 13-4.

Adopted.

HB 223, relative to waiver of filing fees and petitions for candidates for federal offices. **OUGHT TO PASS**

Rep. David A. Young for Election Law: After a spirited debate the Committee voted 13-3 to pass the bill. The legislation removes the additional filing fee for federal office as related to the voluntary spending limits. This fee is currently not being collected by the Secretary of State office as advised by the NH Attorney General. Vote 13-3.

Adopted and ordered to third reading.

HB 376, relative to the times for sessions for corrections of voter checklists. **INEXPEDIENT TO LEGISLATE**

Rep. Jane A. Clemons for Election Law: The majority of the committee felt that changing the time for these evening sessions for corrections of voter checklist and alterations to party registration from 2 hours to 1 hour is a disservice to the public for whom these sessions serve as opposed to the convenience of the elected supervisors of the checklist Vote 10-7.

Adopted.

HB 63-FN-A, relative to the Weekly Market Bulletin's budget and making an appropriation therefor. **OUGHT TO PASS**

Rep. Kenneth R. Marshall for Environment and Agriculture: This legislation was requested by the Department of Agriculture Markets and Food. It establishes a non-lapsing fund for all the subscription money to the Weekly Market Bulletin, which shall be continually appropriated to the Commissioner to pay the costs of publication of the Weekly Market Bulletin. Vote 17-0.

Adopted and referred to Finance.

HB 229, changing the registration fee requirement of the commercial feed law. **OUGHT TO PASS**

Rep. Peter R. Leishman for Environment and Agriculture: This bill was requested by the Department of Agriculture, Markets and Food to simply correct a glitch in language, which was causing some confusion in certain quarters. Vote 17-0.

Adopted and ordered to third reading.

HB 238-FN-A, allowing the production and sale of American ginseng in the state of New Hampshire and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth R. Marshall for Environment and Agriculture: This bill requested by the Department of Agriculture Markets and Food simply allows for the legal growing of ginseng for interstate and international sales. It is already allowed for in-state sales. Vote 16-0.

Amendment (0259h)

Amend RSA 433-B:1, V as inserted by section 1 of the bill by replacing it with the following:

V. "Grower" means a person who cultivates ginseng for export, either interstate or international.

Adopted.

Report adopted and ordered to third reading.

HB 239-FN-A, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. James Phinizey for Environment and Agriculture: This bill permits development and production of industrial hemp, so that New Hampshire agriculture may access a burgeoning market and correspondingly take a leadership role in this start-up market. Consistent with the desire to sustain agriculture and promote its continued success and growth by expanding into new markets, the committee considers industrial hemp a viable, alternative crop. It is a hardy, adaptable easy keeper, which does not require herbicides or pesticides, nor is it labor intensive. The Department of Agriculture is in complete support of this enterprise consistent with encouraging expansion into new and diverse fields of endeavor.

While industrial hemp is not new in this country, it was used, prior to synthetics, mostly to manufacture rope and line for maritime use. "Modern" industrial hemp produces such products as fuel, paper, paint, oils and lotions, as well as fabrics for furniture, shoes, and clothing. It is firmly established as a viable cash crop and commodity in approximately twenty-eight countries from Europe to Australia. At present, eight states, cognizant of its market potential, are addressing legislation permitting hemp production, and Hawaii has passed industrial hemp legislation through its House. Last year Canada permitted full-scale cultivation of industrial hemp.

After considerable review and several revisions and mindful of public safety and law enforcement's concerns expressed in both committee and sub-committee hearings, the "Canadian" guidelines for initial applications, crop management and registration procedures were adopted and included in the final amended version of HB 239-FN-A. These rather extensive guidelines draw upon ten years of experience in enforcement and oversight in Europe and serve as the basis for the management and control provisions in HB 239-FN-A. Stringent requirements must be observed and include such aspects as record keeping, controlled acquisition of seed exclusively through the Department of Agriculture, and crop management (growth limitations, acreage, number of parcels and parcel locations). Most importantly, costs necessary to monitor levels of tetrahydrocannabinol ("THC") are to be borne by the grower, and an applicant must past strict preconditions, not the least of which the applicant or registrant may not make misrepresentations, be dilatory in management of records or have been convicted of " . . . Any drug offense as provided in RSA 318-B: 26 . . . " Vote 14-6.

Amendment (0270h)

Amend the bill by replacing section I with the following:

I New Chapter; Industrial Hemp. Amend RSA by inserting after chapter 433-A the following new chapter:

CHAPTER 433-B INDUSTRIAL HEMP

433-B:1 Purpose. The purpose of this chapter is to permit the development in New Hampshire of an industrial hemp industry, and to assure that production of industrial hemp is in compliance with state laws.

433-B:2 Definitions. In this chapter:

I. "Commissioner" means the commissioner of agriculture, markets, and food.

II. "Hemp products" means all products made from industrial hemp, including, but not limited to, cloth, cordage, fiber, food, fuel, paint, paper, particle board, plastics, seed, seed meal and seed oil for consumption, and certified seed for cultivation if such seeds originate from industrial hemp varieties.

III. "Industrial hemp" means all parts and varieties of the plant *Cannabis sativa*, whether growing or not, that contain a tetrahydrocannabinol concentration of one percent or less by weight and are cultivated or possessed by a licensed grower in compliance with this chapter.

IV. "Records" means all commercial documents related to the production of industrial hemp, including accounts, correspondence, declarations, purchase orders, registers, seed invoices and tetrahydrocannabinol (THC) concentration analysis reports, including all documentation required under this chapter and by any other state law regarding the growing and cultivation of industrial hemp.

V. "Tetrahydrocannabinol" means a *Cannabis sativa* L. by-product, found in the resin secreted by the plant, that imparts psychoactive properties to marijuana.

433-B:3 Industrial Hemp an Agricultural Product. Industrial hemp is an agricultural product which may only be grown, produced, possessed and commercially traded in New Hampshire pursuant to the provisions of this chapter.

433-B:4 Licensing; Application.

I. Any person or business entity wishing to grow industrial hemp shall be licensed as an industrial hemp grower by the commissioner. A license from the commissioner shall authorize industrial hemp growing only at a site or sites as specified by the license.

II. A license from the commissioner shall be valid for 24 months and may be renewed, but shall not be transferable. An application for a license shall be filed with the commissioner by January 1, and a license granted by the commissioner shall be issued by February 1 of the same calendar year.

III. To qualify for a license from the commissioner, an applicant shall demonstrate to the satisfaction of the commissioner, in a manner prescribed by the commissioner, that the applicant intends to and is capable of growing industrial hemp, and has adopted methods to ensure its safe production, which at a minimum shall include:

(a) Furnishing the commissioner with a guaranteed irrevocable letter of credit or a surety bond executed by a surety company authorized to transact business in this state, in the sum of not less than \$2,000, obtained for the sole benefit of any person suffering loss or damage from violations of this chapter, or of the state of New Hampshire to cover the cost of destroying any industrial hemp crop not in compliance with this chapter.

(b) Ensuring the integrity of the industrial hemp crop while it is in the field, which shall include filing with the commissioner the location and acreage of all parcels sown and other field reference information as may be required by the commissioner.

(c) Ensuring that all parts of the industrial hemp plant not entering the stream of commerce as hemp products, such as flowers and leaves, are destroyed or recycled at the place of production.

(d) Agreeing to the provisions of RSA 433-A:6, II and III, regarding inspections by the commissioner.

(e) Maintaining records that reflect compliance with the provisions of this chapter and with all other state laws regulating the planting and cultivation of hemp.

(f) Every industrial hemp grower shall maintain all production records for at least 3 years at the production site.

433-B:5 Seed; Importation.

I. The commissioner shall be the sole source and supplier of seed for use in industrial hemp production in the state. The commissioner shall by rule adopt measures to define, distinguish and identify hemp as a plant variety consistent with the provisions of this chapter, secure all hemp seed under the control of the commissioner, and ensure that all hemp seed supplied to and used by growers is only the seed of the industrial hemp plant as defined in RSA 433-B:2, III.

II. An industrial hemp grower shall only use hemp seed obtained exclusively from the commissioner.

433-B:6 Administration; Inspection; Rules.

I. The commissioner shall administer and enforce the provisions of this chapter.

II. The commissioner is authorized to investigate compliance with this chapter, and shall have access, subject to the provisions of paragraph III, to all land, buildings, or places where industrial hemp is grown, kept, stored, or handled, and to all records relating to hemp production. The commissioner may take samples of up to 1/10 of one percent of the industrial hemp crop of an industrial hemp grower, to test the crop tetrahydrocannabinol content to ensure compliance with this chapter and to provide a basis for sanctions or suspension of an industrial hemp grower out of compliance. The commissioner may make copies of any records.

III. The commissioner shall have access to the properties and records specified in paragraph II during regular business hours upon the consent of the industrial hemp grower, or when the commissioner has substantial justification to believe that any industrial hemp grower who is licensed under this chapter is otherwise in violation of this chapter or rules adopted under it.

IV. The commissioner shall adopt rules, pursuant to RSA 541-A, to implement this chapter.

433-B:7 Revocation and Suspension of License; Enforcement.

I. The commissioner shall deny, suspend, revoke, or refuse to renew an industrial hemp grower's license in the following cases:

(a) If false or misleading information, statements, misrepresentation, or false or falsified documents have been submitted on or with an application or renewal for a license.

(b) If the industrial hemp grower fails to take any action required by the commissioner under the provisions of this chapter.

(c) If the commissioner has been informed and has verified that the license holder, or in the case of a corporation, cooperative or partnership, any of its officers, directors or partners, has a criminal record that includes within the previous 10 years:

(1) Any designated drug offense as provided in RSA 318-B:26; or

(2) If he or she ordinarily resides in a country other than the United States, an offense that if committed in the United States would constitute a designated drug offense.

(d) In the case of a corporation, cooperative or partnership, if any person who is less than 18 years of age is named as an officer, director or partner.

(e) If the holder of a license that was required to be submitted with the application no longer holds the license.

II. The commissioner may revoke a license where it is necessary to protect the security, safety or health of the public, if the commissioner has reasonable grounds to believe that the license holder has violated or failed to comply with any provision of this chapter or any rule adopted under it, or any condition of the license.

III. Revocation or suspension of a license may be in addition to any criminal penalties or fines imposed on an industrial hemp grower under other state law.

433-B:8 Fee; Cost of Seed; Special Fund.

I. A fee shall be charged by the commissioner for each license granted to an industrial hemp grower under this chapter. The fee amount charged for the first growing season shall be \$10 per acre of land under cultivation, plus a sufficient amount for testing samples, if required by the commissioner. After the first growing season, the commissioner shall recommend a fee amount to the general court for its approval, to be used beginning with the growing season following the first growing season. All fee revenue shall be deposited in the special program fund established in paragraph III.

II. The commissioner shall by rule establish hemp seed prices to be charged growers under provisions of RSA 433-B:3. All proceeds of seed sales shall be deposited in the industrial hemp special program fund established in paragraph III.

III. An industrial hemp special program fund is established in the office of the state treasurer. All moneys in the fund shall be nonlapsing and continually appropriated to the commissioner and used to defray the cost of implementing this chapter.

433-B:9 Research; University of New Hampshire.

I. The university of New Hampshire office of sponsored research is authorized to undertake research of industrial hemp production in the state, after receiving a license to grow hemp both from the commissioner and from the USDEA to the extent required by law. The commissioner may waive fee requirements for the university. The commissioner shall oversee the university research, which shall be mutually agreed upon by the commissioner and the university, and which shall include:

(a) Industrial hemp test plots, to assess optimum New Hampshire soils and other growing conditions.

(b) Analysis of minimum THC levels obtainable in industrial hemp production.

(c) Analysis of market economic conditions affecting the development of an industrial hemp industry in the state of New Hampshire.

II. The commissioner and the university shall cooperatively seek funds from both public and private sources to implement this section. Such funds shall be deposited into the industrial hemp special program fund.

III. By December 1, 1999, and annually thereafter, the university shall report on the status of research authorized by this section, including progress in securing funding for it, to the house environment and agriculture committee and the senate environment committee.

433-B:10 Report. The commissioner shall by January 15 of each year report to the house environment and agriculture committee and the senate environment committee on implementation of this chapter and on the commercialization of industrial hemp in this state and elsewhere in the world, and recommend any changes to this chapter deemed appropriate.

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill permits the production of industrial hemp in New Hampshire. A person or business entity wishing to grow and produce industrial hemp must be licensed by the commissioner of agriculture, markets, and food. The commissioner of agriculture, markets, and food will be the sole source and supplier of seed for use in industrial hemp production.

The commissioner of agriculture, markets, and food shall charge a fee for each license granted to industrial hemp growers. The revenue from these fees is to be used to defray the costs of licensing and regulating industrial hemp growers, for testing samples, and to fund a research program on industrial hemp production to be conducted by the university of New Hampshire office of sponsored research.

This bill grants the commissioner of agriculture, markets, and food rulemaking authority with respect to licensing and inspection of industrial hemp growers, and identification and distinguishing of hemp as a plant variety.

This bill establishes conditions under which the commissioner may or shall deny, suspend, revoke, or refuse to renew an industrial hemp grower's license.

Adopted.

Rep. Melcher spoke against and yielded to questions.

Rep. Flora spoke against.

Rep. Harmon spoke in favor and yielded to questions.

Rep. Flora requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the motion to re-commit was adopted.

RECESS**(Speaker Sytek in the Chair)****RESOLUTION**

Reps. Chandler and Burling offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 735 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 735-FN-A, establishing a contributory judicial retirement plan. (Dyer, Hills 8; Kurk, Hills 5; Roberge, Dist 9: Executive Departments and Administration)

REGULAR CALENDAR (CONT'D.)

HB 256, repealing the preemption of local regulation of pesticides. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Harold P. Melcher for the Majority of Environment and Agriculture: The committee believes that an issue as complex as pesticide regulation with the necessity of detailed scientific information and discipline can be far better addressed by experienced, informed state agency professionals than by over two hundred amateurs, often over-stressed, local town boards. Vote 14-3.

Rep. Betty B. Hall for the Minority of Environment and Agriculture: This bill would return to local communities the right to have some say in the regulation of pesticide. Local communities should have a voice when toxic chemicals are sprayed on or near their land; they should have some say when it comes to protecting their water, land, or health.

Rep. Martin moved Re-commit to Committee and spoke in favor.

Rep. Leishman spoke against and yielded to questions.

Rep. Leishman requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

and the majority report was adopted.

HB 396, establishing April 6 of each year as New Hampshire Tartan Day. **INEXPEDIENT TO LEGISLATE**

Rep. Sylvia A. Holley for Executive Departments and Administration: The State of New Hampshire is indeed enriched by its ethnic diversity. Our citizens celebrate these many traditions and cultures on a great number of "special days" sponsored by various ethnic organizations and groups. To legislatively single out any one specific culture would only cause misunderstanding. It is far better for the governor to have the honor and pleasure of issuing proclamations for special days, and the recipients to enjoy this special moment of recognition. Vote 11-3.

Rep. Eaton spoke against.

Rep. Holley spoke in favor and yielded to questions.

On a division vote, 265 members having voted in the affirmative and 86 in the negative, the report was adopted.

SPECIAL ORDER

HB 342, repealing certain laws pertaining to adverse possession. **INEXPEDIENT TO LEGISLATE**
Rep. James W. Craig for Judiciary: This bill was filed merely as a way of stressing its sponsor's primary bill (HB 465) regarding this matter. The sponsor's position in submitting this bill was to make the point that government is not affected by adverse possession but private citizens are. The sponsor asked that the committee find the bill ITL. Vote 16-0.

Rep. Craig yielded to questions.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 465, prohibiting the application of the doctrine of adverse possession or prescription when boundary lines can be proven by a preponderance of the evidence. **INEXPEDIENT TO LEGISLATE**
Rep. James W. Craig for Judiciary: This bill seeks to do harm with the common law doctrines of adverse possession and prescription. These are longstanding legal doctrines which allow ownership of the property of another if that ownership is adverse, continuous and uninterrupted for a period of twenty years. This is basically a statute of limitations doctrine and since an owner has twenty years to remove the adverse possession, the committee did not see the need to change the law. Finally, some of the committee felt that this bill was introduced to address a specific incident. Vote 14-3.

Reps. Bickford, Varrell and Bruno spoke against.

Rep. Craig spoke in favor and yielded to questions.

Rep. Soltani requested a Quorum Count. The Speaker declared a quorum present.

Rep. Soltani spoke against and yielded to questions.

Rep. Hess spoke in favor and yielded to questions.

Rep. Bickford requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Bartlett did not voted and wished to be recorded in favor.

HJR 5, requiring the attorney general to bring suit or to join with other states bringing suit against the United States Government for violating the United States Constitution and the New Hampshire constitution by enacting a military firearms ban. **INEXPEDIENT TO LEGISLATE**

Rep. Martha S. Solow for Judiciary: The bill would require the Attorney General to bring suit against the US Government for enacting a military firearms ban. The committee believes the Attorney General has the power and authority to take this action without a resolution from the NH House. Testimony did not reveal a compelling reason to take this action. The bill does not address the cost of bringing suit. The committee finds that the federal assault weapons ban does not interfere with the right of the people of New Hampshire to keep and bear arms for purposes other than assault, nor does it affect persons who presently possess such weapons. The sponsor could not define what an assault weapon was and neither could the committee definitely conclude what firearms were intended to be addressed in the HJR. Vote 14-1.

Rep. Mirski spoke against.

Rep. Mock spoke in favor.

Adopted.

HB 89-FN-A, making an appropriation for a department of transportation study of the state house complex to evaluate space needs. **OUGHT TO PASS**

Rep. Leon Calawa, Jr. for Public Works and Highways: This bill is a study of the five buildings that make up the state house complex. They are the State House, State House Annex, Legislative Office Building, bank building and the Sate Library. The intent of the bill is to try to assess the needs of both the building and the space needs of state government, hopefully for over the next ten, twenty years or beyond. Interest has been shown by the State Library and the departments of Cultural Resources to move to the State Hospital grounds. The study should be done before a move is considered. We should look into the needs of the state complex in the coming future. Some of the questions we need to address are life safety, security, parking and air quality. Vote 15-0.

Adopted and referred to Finance.

HB 621-FN-L, reducing the tolls on New Hampshire highways by 25 cents. **INEXPEDIENT TO LEGISLATE**

Rep. William E. Leber for Public Works and Highways: The committee received very passionate testimony from the citizens of Merrimack area for some relief from the tolls in Merrimack, which they consider oppressive and unfair to some to enter certain points. However, the statutory authority for setting tolls currently rests with the Governor and Council, and this bill does not address that issue. In addition, the loss of revenue is estimated at over 16 million dollars. The reduction would seriously jeopardize our bonds, which are revenue bonds, and reported to be 450 million outstanding. Should the state default, the bondholders could take over the turnpike system and such is estimated to occur within three years. Vote 16-1.

Rep. Arthur spoke against and yielded to questions.

Rep. Moriarty spoke against.

Rep. Edwin Smith spoke in favor.

Adopted.

HB 274-FN, relative to the office of the consumer advocate. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Roy D. Maxfield for Science, Technology and Energy This legislation is intended to improve the accountability in the Office of the Consumer Advocate. It establishes a four (4) year term for the advocate and provides for a Residential Ratepayers Oversight Committee to advise the advocate. The Governor and Council will select the consumer advocate candidate from a list of three nominees submitted by the newly established Residential Ratepayers Advisory Board. The majority of the committee feels that this selection process for future appointees will be bipartisan and in keeping with New Hampshire tradition. Vote 17-1.

Rep. Donald B. White for the Minority of Science, Technology and Energy: The sponsor is not comfortable with the Governor and Council as the body that will pass judgment regarding the appointment to the Office of Consumer Advocate based on recommendations made by the Residential Ratepayers Advisory Board. It is felt this will eventually politicize the Office of Consumer Advocate and thus affect the necessary complete independence of the appointee.

Amendment (0280h)

Amend the bill by replacing all after the enacting clause with the following:

1 Compensation of State Officers; Salaries Established; Consumer Advocate. Amend RSA 94:1-a, I by inserting in group N the following:

Consumer advocate; public utilities commission.

2 Public Utilities Commission; Support Personnel to Commission; Office of the Consumer Advocate. Amend RSA 363:28, I to read as follows:

I. The office of the consumer advocate shall be an independent agency administratively attached to the public utilities commission pursuant to RSA 21-G:10. The office shall consist of the following:

(a) A consumer advocate, appointed by the ~~[attorney general]~~ **governor and council, from a list of 3 nominees submitted by the residential ratepayers advisory board or re-appointed by the governor and council upon recommendation of the residential ratepayers advisory board** who shall be ~~a full-time classified employee and~~ a qualified attorney admitted to practice in this state. **The consumer advocate shall serve a 4-year term and until a successor is appointed and qualified.**

(b) An assistant consumer advocate appointed by the ~~[attorney general]~~ **consumer advocate**, who shall be a full-time classified employee ~~[and a qualified attorney admitted to practice in this state].~~

(c) A secretary **appointed by the consumer advocate.**

(d) ~~[Two]~~ **Three** additional staff people~~[- who may be a rate analyst and an economist]~~ **appointed by the consumer advocate. When filling these positions, the consumer advocate should consider appointing rate analysts or economists.**

3 New Section; Public Utilities Commission; Support Personnel to Commission; Residential Ratepayers Advisory Board. Amend RSA 363 by inserting after section 28 the following new section:

363:28-a Residential Ratepayers Advisory Board.

I. There is established the residential ratepayers advisory board. The advisory board shall consist of the following public members:

(a) Three members appointed by the speaker of the house. One shall represent the interests of residential ratepayers; one shall represent the interests of the elderly; and one shall be a member of the public.

(b) Three members appointed by the senate president. One shall represent the interests of residential ratepayers; one shall represent the interests of the disabled; and one shall represent environmental concerns.

(c) Three members appointed by the governor and council. One shall represent the interests of persons of low income; one shall represent the interests of small business owners; and one shall represent the interests of residents of low-income housing.

II. Members shall serve 3-year terms. In the event of death or resignation of any member of the advisory board, the person or entity that made the original appointment shall appoint a successor, and the successor appointed to the vacancy shall serve for the remainder of the unexpired term. The members of the board shall receive no compensation but shall be entitled to reimbursement for mileage at the same rate provided for state employees.

III. The board shall elect annually a chairperson from among its membership.

IV. The board shall receive administrative support from the office of the consumer advocate.

V.(a) The board shall meet at least quarterly and at the call of the chairperson or 3 board members. The consumer advocate shall be present for all board meetings to inform the board of the actions of the office of the consumer advocate and to respond to the board's inquiries.

(b) The board shall advise the consumer advocate on matters concerning residential ratepayers.

(c) Prior to the expiration of the consumer advocate's term, the board shall recommend to the governor and council whether to reappoint the consumer advocate. If the board does not recommend reappointment or the governor and council do not accept the board's recommendation to reappoint, the board shall then nominate 3 persons to the governor and council to fill the position.

4 Initial Terms of Members of the Residential Ratepayers Advisory Board. The initial terms of members of the residential ratepayers advisory board established by this act shall be as follows: the members appointed by the speaker of the house shall serve for one year; the members appointed by the senate president shall serve for 2 years; and the members appointed by the governor and council shall serve for 3 years.

5 Applicability; Term of Consumer Advocate. The appointment of the consumer advocate holding the position on the effective date of this act shall expire on December 31, 2002. The consumer advocate on the effective date of this act shall become the unclassified consumer advocate at the salary step in group N which is not less than the consumer advocate's classified salary.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the residential ratepayers advisory board to advise the office of the consumer advocate. This bill changes the appointing authority for the consumer advocate from the attorney general to the governor and council. This bill also adds a staff position in the office of the consumer advocate and provides that the consumer advocate shall serve a 4-year term.

Adopted.

Majority report adopted and referred to Finance.

RECONSIDERATION

Having voted with the prevailing side, Rep. Whittier moved that the House reconsider its action whereby it voted **HB 108-FN-A-L**, establishing a statewide education property tax to provide equal per student funding for state-mandated education and funding for kindergarten and making an appropriation therefor, Inexpedient to Legislate.

Reps. Whittier, Robertson, Sapareto and Sabella spoke in favor.

Reps. Vaillancourt and Corbin spoke against.

On a division vote, 55 members having voted in the affirmative and 291 in the negative, reconsideration failed.

REGULAR CALENDAR (CONT'D.)

HB 260-FN-A, establishing a marital commission pilot program in Sullivan county and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Irene A. Pratt for Children and Family Law: The committee was concerned with the establishment of a new marital commission pilot program at a time when the Family Court Pilot Program is in implementation stages. It appeared to represent a duplication of effort. The Family Court Pilot Model evaluations have documented financial and human cost benefits. Vote 15-0.

Rep. Jacobson spoke against and yielded to questions.

Rep. Irene Pratt spoke in favor.

Adopted.

HB 206, relative to restrooms in restaurants **OUGHT TO PASS WITH AMENDMENT**

Rep. Marion L. Copenhaver for Health, Human Services and Elderly Affairs: The intent of this bill, as amended by the committee, is to give the Commissioner of Health and Human Services the authority to waive requirements for toilet facilities in establishments where food is served. This would be for good cause shown, provided the business is unable to comply because of zoning requirements or historic site restrictions or the applicant can show the law would cause substantial hardship. The Health and Human Services committee supports this sensible, public health policy. Vote 14-0.

Amendment (0236h)

Amend the bill by replacing all after the enacting clause with the following:

1 Public Safety and Welfare; Places of Public Accommodation; Toilet Facilities Where Food is Served; Waivers. Amend RSA 155:40 to read as follows:

155:40 Toilet Facilities To Be Provided for Restaurants, etc.

I. All places where the business of serving food to the public is conducted shall be equipped with toilet and lavatory facilities convenient of access for the use of patrons. Separate toilet rooms for each sex shall be provided for patrons of any restaurant designed to seat 25 or more patrons at one time or for patrons of any food establishment where alcoholic beverages are served. The commissioner of the department of health and human services shall have the authority to waive the requirements of this section, for good cause shown, provided the business is unable to comply with this section because of zoning requirements or historic site restrictions, and the applicant can show that the requirements of this section would cause substantial hardship.

II. The provisions [hereof] *of this section* shall not apply to mobile lunch carts or be construed to require roadside stands or so-called drive-ins, serving food to the public, to provide toilet facilities for patrons where seating facilities within the building are not available.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the commissioner of the department of health and human services to waive the toilet facilities requirements for restaurants under certain circumstances.

Rep. Emerton spoke in favor.

Adopted.

Rep. Copenhagen offered a floor amendment.

Floor Amendment (0446h)

Amend the bill by replacing all after the enacting clause with the following:

1 Public Safety and Welfare; Places of Public Accommodation; Toilet Facilities Where Food is Served; Waivers. Amend RSA 155:40 to read as follows:

155:40 Toilet Facilities To Be Provided for Restaurants, etc.

I. All places where the business of serving food to the public is conducted shall be equipped with toilet and lavatory facilities convenient of access for the use of patrons. Separate toilet rooms for each sex shall be provided for patrons of any restaurant designed to seat 25 or more patrons at one time or for patrons of any food establishment where alcoholic beverages are served. *The commissioner of the department of health and human services shall have the authority to waive the requirements of this section for such businesses having 5 or fewer seats, for good cause shown, provided the business is unable to comply with this section because of zoning requirements or historic site restrictions, and the applicant can show that the requirements of this section would cause substantial hardship.*

II. The provisions [hereof] *of this section* shall not apply to mobile lunch carts or be construed to require roadside stands or so-called drive-ins, serving food to the public, to provide toilet facilities for patrons where seating facilities within the building are not available.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes the commissioner of the department of health and human services to waive the toilet facilities requirements for restaurants having 5 or fewer seats under certain circumstances.

Rep. Karen Hutchinson spoke against and yielded to questions.

Reps. Copenhagen and Haettenschwiller spoke in favor and yielded to questions.

Adopted.

Report adopted and ordered to third reading.

CACR 1, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary: The committee is concerned because this bill has the effect of blurring the separation of powers. Just as the legislature sets and adopts its own rules, the court proposes and adopts its rules for the conduct of business within the court system. There are many people who are angry with particular rulings passed by the court. That feeling is often confused with rules. Chief Justice Brock has testified to the committee that he has a panel working on areas in which the court has had complaints. The intention is for more "sunshine" in the process. Vote 13-2.

Rep. Marple spoke against.

Rep. Wiggin spoke in favor.

Adopted.

HB 278, relative to scheduling of district court sessions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert H. Rowe for Judiciary: This bill was the product of an interim study during the last session of the legislature. The purpose of the bill is to expand court days and hours so as to be more convenient to the public. Many citizens must lose a day's pay to attend a court session. The bill has been established to meet this need at no additional expense to the court system by allowing the

administrator of the district courts to establish flexible court hours including night court, if warranted. The bill also mandates that the administrative judge of the district courts report annually on the progress of implementing this law. Vote 14-1.

Amendment (0157h)

Amend RSA 502-A:2 as inserted by section 1 of the bill by replacing it with the following:

502-A:2 Sessions in Towns Within District.

*I. The purpose of the establishment of this system of district courts is to provide the minimum number of courts which will adequately serve the convenience of the public, both transient and permanent residents of this state. To accomplish this purpose, districts must serve certain towns within their district having regard for the parties, the seasonal influx of population in certain areas, and such other considerations as the expeditious and effective administration of justice may require. In addition to the regular sessions which are required to be held in various districts under the provisions of this chapter, **or in replacement of a portion of regular sessions**, the justice or special justice of each district ~~[may]~~ **shall** hold special sessions in such localities within their respective district and at such times as may best serve the convenience of the communities within their district, provided, however, that no such special session shall be held in any building which does not meet the minimum standards prescribed by the New Hampshire court accreditation commission pursuant to RSA 490:5-c.*

II. The administrative judge of the district courts shall have the authority to and shall, on an annual basis, establish the number of court sessions and the hours and days of operation required for each district court. The administrative judge shall consider the convenience of each court's users, caseload, resources, and security. Each court shall submit a plan for flexible scheduling to the administrative judge that meets the needs of the community served by that court which may include evening, early morning, and/or weekend sessions and other alternative sessions. In evaluating the community need for alternative sessions, the administrative judge and local courts shall evaluate separately civil suits, small claims, order of notice, motor vehicle matters, and criminal cases to determine the needs of the community. The administrative judge shall file an annual report on the progress of implementing flexible schedules in the district courts with the chairpersons of the house and senate judiciary committees on or before November 1 of 2000, 2001, 2002, and 2003.

III. Any plan developed and instituted under paragraphs I and II shall not necessitate additional local expenditures by any political subdivision in accordance with part I, article 28-a of the New Hampshire constitution.

AMENDED ANALYSIS

This bill requires the administrative judge of the district courts to establish, on an annual basis, the number of sessions and the days and hours of operation required for each district court. Each court is required to have a schedule, which may include evening, early morning, or weekend sessions, which meets the needs of the community served by that court. The administrative judge of the district courts is required to file an annual report on the progress of implementing flexible schedules in the district courts with the chairpersons of the house and senate judiciary committees for a 4-year period.

Adopted.

Rep. Soltani moved Re-commit to Committee and spoke in favor.

Rep. Rowe spoke against and yielded to questions.

Rep. Mirski spoke in favor and yielded to questions

Rep. Bergin spoke against.

The motion to Re-commit failed.

Report adopted and referred to Finance.

Rep. Burling declared a conflict of interest and did not participate.

HB 501-FN-A, relative to the repair of a certain covered railroad bridge in Contoocook village in the town of Hopkinton, and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Candace White Bouchard for Public Works and Highways: The committee recognizes this is a rare and historic project, but felt it is a local community project. There are many worthwhile projects such as these throughout the state, and the committee felt this would be setting a precedent. Vote 12-4.

Rep. Kennedy spoke against.

Rep. Edwin Smith spoke in favor.

Rep. Edwin Smith moved Re-commit to Committee.

Adopted.

HB 655-FN-A, making an appropriation from the highway fund to pay the interest and principal on bonds issued for the Cheshire Bridge. **INEXPEDIENT TO LEGISLATE**

Rep. Robert A. Daigle for Public Works and Highways: The committee is well aware of the issues that arise out of this issue, however, we feel that HB 279 is a vehicle to address this matter. Vote 13-3.

Adopted.

HB 629, relative to establishing weekly "no hunting" days. **INEXPEDIENT TO LEGISLATE**

Rep. Richard P. Brewster for Wildlife and Marine Resources: The committee appreciates the concerns of the land owners. However, the loss of revenue to the hospitality industry, especially the concern for possible loss of out of state long weekend hunters makes this bill prohibitive. The closing one day a week plus the fact it is not always on the same day is open to confusion. This also takes 48 days out of the hunting season. Vote 15-0.

Rep. Riley spoke against and yielded to questions.

Rep. Abbott spoke in favor and yielded to questions.

Rep. Riley moved Re-commit to Committee and spoke in favor.

Rep. L'Heureux spoke against.

On a division vote, 27 members have voted in the affirmative and 286 in the negative, the motion failed.

Report adopted.

RESOLUTION

Rep. Lozeau offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, March 25, 1999 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 324, repealing certain grounds for granting a divorce for cause.

HB 420, relative to orders for spousal support in domestic relations cases.

HB 357, establishing a committee to study and investigate issues related to investigations, trials, convictions, and sentencing of sex offenders.

HB 513, relative to approved permissible fireworks.

HB 250, relative to authorized regional enrollment area schools.

HB 78, relative to the counting of votes when the moderator is disqualified.

HB 292, relative to ballot procedures for constitutional amendments.

HB 288, relative to the committee to study land management, protection of farmland, rural character, environmental quality and sprawl.

HB 291, establishing a study committee for seed sterilization technology or "terminator" technology.

HB 307, establishing a committee to study the negotiated risk agreements when patients desire to remain in a facility over the recommendations of the department of health and human services.

HB 270, relative to persons not competent to stand trial.

HB 515, extending the indemnification of persons providing clinical services to the department of health and human services.

HB 261-L, relative to the official ballot option.

HB 490, enabling cities to permit the mayor to vote at city council meetings.

HB 355, relative to the dredging of harbors and channels.

HB 431, establishing a committee to study methods and processes necessary to retain the traditional uses of White Mountain National Forest land, the impact of any change in designation, and relative to promoting the continual multiple use management of such land.

HR 9, urging the federal government to make full funding of the Land and Resource Management Plan its highest priority regarding its ownership and management of the White Mountain National Forest.

HCR 6, calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act.

HB 418, relative to accounts and reporting dates of certain funds in the fish and game department.

HB 520, relative to an open season for chukar partridge.

HB 710-FN, relative to expanding the availability of lifetime licenses for hunting and fishing.

HB 67, relative to termination of parental rights upon a finding of either child abuse or the commission of certain criminal offenses.

HB 90, removing the prohibition on adoption and foster parenting by homosexual persons.

HB 223, relative to waiver of filing fees and petitions for candidates for federal offices.

HB 229, changing the registration fee requirement of the commercial feed law.

HB 238-FN-A, allowing the production and sale of American ginseng in the state of New Hampshire and making an appropriation therefor.

HB 206, relative to restrooms in restaurants.

UNANIMOUS CONSENT

Rep. Sabella addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 5:10 p.m.

RECESS

(Rep. Chandler in the Chair)

The Committee on Enrolled Bills has examined and found correctly enrolled House bill numbered 54.

Rep. Ronald Nowe. Sen. D'Allesandro for the Committee

RECESS

(Rep. Whalley in the Chair)

RESOLUTION

Rep. John Flanders offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 736 and House Concurrent Resolution numbered 12, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILL and HCR

First, second reading and referral

HB 736, ratifying the 1999 Allentown annual town meeting. (Daneault, Merr 12; Lavoie, Merr 12; F. Davis, Merr 12; Fortnam, Merr 12: Municipal and County Government)

HCR 12, urging the United States Congress to enact legislation which prohibits the federal government from recouping state tobacco settlement funds. (M. Smith, Straf 8; Kurk, Hills 5; Emerton, Hills 7; Burling, Sull 1; Chandler, Carr 1: Finance)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 10

Thursday, March 25, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the podium for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church.

God of order over the big and little things of our lives, help us to discriminate between that which we should rush and that which takes time. Give us the courage to recognize when part of the confusion we face is brought on by our own inability to prioritize that which is important over that which is trivial. Help us place the significant and insignificant in their rightful places so we may live today with a sense of freedom we have never experienced before. Oh, and Lord, this holds true for the work we embark on here today. Amen.

Rep. Gile led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. David Cote, Courchesne, DePecol, Drabinowicz, Durham, Fenton, Eugene Gagnon, Golden, McRae, Searles and Carol Williams, the day, illness.

Reps. Bishop, Peter Cote, Doucette, Eaton, David Flanders, Paul Gagnon, Goley, Claudette Jean, Mendenhall, Musler, Nordgren, O'Keefe, Marsha Pelletier, Nolan-Piteri, Edwin Smith, Tsiros, Weatherspoon and Zerba, the day, important business.

Reps. Fields, McColgan and Whittier, the day, death in the family.

Rep. MacNeil, the day, illness in the family.

INTRODUCTION OF GUESTS

Barbara Brewster, wife of Rep. Brewster. Aimee Lynn and Amanda Merrill, granddaughters of Rep. Merrill. Lynda Horsley, guest of Rep. Hunt. Ric Franks, husband of Rep. Franks. Polly Curran, wife of Rep. Curran. Robert Hull, brother of Rep. Richardson.

SPECIAL GUESTS

The boys soccer team from Belmont High School and the Nashua High School girls basketball team, guests of the House.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the Rules be so far suspended as to permit consideration at the present time, without the required notice, of **HB 734-FN-L**, relative to establishing a voluntary school contribution program in support of local school districts.

Adopted by the necessary two-thirds.

CONSIDERATION OF HB 734

HB 734, relative to establishing a voluntary school contribution program in support of local school districts. **OUGHT TO PASS WITH AMENDMENT**

Rep. David W. Hess for Municipal and County Government: This bill, as amended, reflects the collective, collaborative effort of the House leadership and the House Democratic leadership to address two of the most serious uncertainties which our schools and teachers will face if the April 1 Claremont II deadline approaches and passes without adoption of a final legislative response. Section 1 of the bill authorizes state guarantees for "TANs" – (tax anticipation notes) which a number of our municipalities may have to issue in order to cover the costs of public education for the remainder of this school year. This bill enables all municipalities to obtain such a state guarantee if they can demonstrate a compelling need for that guarantee to both the Legislative Fiscal Committee and the Governor and Council. Section 2 of the bill extends the statutory deadline by which school districts must provide their teachers with non-renewal notices as a result of the uncertainty

arising out of Claremont II from April 15, 1999 to May 15, 1999. This section, however, applies only to those school districts which do not have a specific, non-renewal notice date in their collective bargaining agreements with teachers. It also applies only to calendar year 1999. With the agreement of the prime sponsor, that portion of the original bill authorizing municipalities to accept and spend voluntary contributions for public education in lieu of school taxes has been retained by this Committee for further study and refinement. The Committee expects to report it out in amended form later in the session. Vote 18-0.

Amendment (0543h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to state guarantees of tax anticipation notes issued by municipalities; and relative to teacher non-renewals for the 1999-2000 school year.

Amend the bill by replacing all after the enacting clause with the following:

1 State Guarantee.

I. Any municipality faced with a compelling need to borrow in anticipation of taxes may petition the fiscal committee for a state guarantee of the principal and interest thereon of such tax anticipation notes. The state guarantee shall then be limited to the amount approved by the legislative fiscal committee and by the governor and council. Notwithstanding the provisions of RSA 33:7 and in view of the general public benefits expected to be derived from the uninterrupted operation of local government, the fiscal committee and the governor and council may award a state guarantee of the principal and interest thereon of tax anticipation notes. The full faith and credit of the state shall be pledged for any such guarantees of principal and interest. The governor, with the advice and consent of the council, is authorized to draw a warrant for such a sum out of any money in the treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed note by an endorsement signed by the state treasurer.

II. In connection with the award of a state guarantee, the fiscal committee and the governor and council may impose such terms and conditions as they may deem appropriate concerning the notes and reimbursement to the state. Such terms and conditions shall be contained in an agreement between the state and the municipality, to be executed on behalf of the state by the governor and the state treasurer and on behalf of the municipality by its duly authorized treasurer or finance director.

2 Notice Provisions; Temporary Suspension. For the 1999-2000 school year, the provisions of RSA 189:14-a are hereby suspended only as such provisions may be applied to school districts with no specific non-renewal notice date in the existing teacher's contract. This suspension is limited to those decisions to non-renew teachers resulting from uncertainty as to the level of state funding for education. The suspension set forth in this section shall terminate on May 15, 1999.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

The bill also allows municipalities to petition the legislative fiscal committee and the governor and council, based upon a compelling need, for state guarantees on tax anticipation notes.

The bill also specifies that the provisions of RSA 189:14-a relative to notice of teacher non-renewals resulting from uncertainty as to the level of state funding for education shall be temporarily suspended.

Adopted.

Rep. Hess spoke in favor and yielded to questions.

Rep. Burling spoke in favor.

Report adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the Rules be so far suspended as to permit third reading and final passage at the present time of *HB 734-FN-L*, relative to state guarantees of tax anticipation notes issued by municipalities; and relative to teacher non-renewals for the 1999-2000 school year.

Adopted by the necessary two-thirds.

MOTION ON HB 734

Rep. Chandler moved that **HB 734-FN-L**, relative to state guarantees of tax anticipation notes issued by municipalities; and relative to teacher non-renewals for the 1999-2000 school year, be read a third time and passed.

Adopted.

Third reading and final passage

HB 734-FN-L, relative to state guarantees of tax anticipation notes issued by municipalities; and relative to teacher non-renewals for the 1999-2000 school year.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 436-L, relative to uncompensated public service by prisoners, removed by Rep. Heon.

HB 708-FN-L, transferring the county attorneys' offices and the county sheriffs' offices to the department of justice and the unified court system, respectively, removed by Rep. Jacobson.

Consent Calendar adopted.

HB 441, relative to a mother's right to breast-feed. **OUGHT TO PASS WITH AMENDMENT**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: After exhaustive discussion of breast feeding of children, this committee amended the complex bill to a simple statement that breastfeeding does not constitute indecent exposure and that restricting the right of a mother to breastfeed her child is discriminatory. Vote 13-0.

Amendment (0415h)

Amend the bill by replacing section 2 with the following:

2 New Section; Breast-feeding. Amend RSA 132 by inserting after section 10-c the following new section:

132:10-d Breast-feeding. Breast-feeding a child does not constitute an act of indecent exposure and to restrict or limit the right of a mother to breast-feed her child is discriminatory.

AMENDED ANALYSIS

This bill sets forth the right of a mother to breast-feed her child in public.

HB 567, encouraging alternative dispute resolution in certain domestic relations and CHINS proceedings. **INEXPEDIENT TO LEGISLATE**

Rep. Patricia A. Dowling for Children and Family Law: The committee believes this bill to be unnecessary because judges are now encouraging alternative methods of dispute resolution. The committee has in its possession other bill(s) which encompass this subject. Vote 12-0.

HB 571, relative to joint legal and physical custody of children. **RE-REFER TO COMMITTEE**

Rep. Edward P. Moran for Children and Family Law: The committee decided that since the bill deals with the spectrum of parental responsibilities, given the issues involved, it would be prudent to have an extended time frame to work on the bill. Vote 13-0.

HB 607, relative to the contents of the certificate of divorce. **INEXPEDIENT TO LEGISLATE**

Rep. Laura C. Pantelakos for Children and Family Law: The committee felt it would be very hard to determine the exact number of hours a child spends with each parent. Also it would be very costly for the courts to keep these statistics. Vote 12-0.

HB 628, relative to the relocation of the principal residence of a child. **RE-REFER TO COMMITTEE**

Rep. David A. Bickford for Children and Family Law: The committee chose to study this bill along with HB 571. The bills deal with joint custody and relocating children. Vote 13-0.

HB 56, establishing a procedure for reinstating corporate charters that have been expired for more than 3 years. **OUGHT TO PASS**

Rep. Tara G. Reardon for Commerce: This bill establishes a procedure by which the Office of the Secretary of State can reinstate corporate charters that have expired. In the absence of this procedure, only the Legislature can accomplish the reinstatement. Vote 17-0.

HB 82, establishing a committee to study financial arrangements among hospitals, physicians, and insurance companies. **OUGHT TO PASS**

Rep. Martha Fuller Clark for Commerce: The support for this study committee was unanimous both in the public hearing and on the committee. In this area of constantly changing health care services and policy, it is essential to clarify the Legislature's understanding of the interrelationship, financial and otherwise, among hospitals, physicians and insurance companies. Public testimony urged the study committee to look specifically at four separate areas of concern: 1) study hospital endowments and reserves from 1992 to the present; 2) uncompensated care; 3) profit and loss by reimbursement from medicaid, indemnity and self-pay; and 4) the feasibility of disclosure of service charges for self-pay. Vote 16-0.

HB 205, relative to the requirement for posting of bond by an applicant for a writ of replevin. **OUGHT TO PASS WITH AMENDMENT**

Rep. Tara G. Reardon for Commerce: This bill updates the current law regarding a writ of replevin and security therefor. The prior requirement for posting a bond, which is difficult and expensive to obtain, is being replaced by other forms of security acceptable to the court. Vote 18-0.

Amendment (0283h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Sureties in Replevin Cases. Amend RSA 536-A:7 to read as follows:

536-A:7 **[Bond] Security.**

I. A writ of replevin shall not issue at any stage of the proceedings until the applicant has filed with the court a written undertaking executed by the applicant and secured by a proper assignment or conveyance of one or more sufficient [sureties] securities, approved by the court, in an amount of double the value of the property, as determined by the court, to prosecute [his] the applicant's action to completion and, alternatively, for the return of the property to the defendant, if return thereof be ordered, and for the payment to the defendant of any sum as may from any cause arising out of the action be recovered against the applicant.

II. For purposes of this section, securities may include, but shall not be limited to, bonds, letters of credit, security interests, or cash in a form and amount acceptable to the court.

2 Sureties in Replevin Cases; Retention of Property Upon Filing Security. Amend RSA 536-A:14 to read as follows:

536-A:14 Retention of Property Upon Filing **[Bond] Security.**

I. At any time prior to the hearing of the order to show cause, or before the delivery of the property to the plaintiff, the defendant may require the return thereof upon filing with the court a written undertaking executed by the defendant and secured by a proper assignment or conveyance of one or more sufficient [sureties] securities, approved by the court, to the effect that [they are] the defendant shall be bound in double the value of the property, as stated in the verified complaint of the applicant, or as determined by the court, for the delivery thereof to the applicant and for the payment to [him]the applicant of such sum as may for any cause be recovered against the defendant. At the time of filing such undertaking, the defendant shall serve upon the applicant or [his] the applicant's attorney a notice of filing of such undertaking, to which a copy of such undertaking shall be attached, and shall cause proof of service thereof to be filed with the court. If such undertaking be filed prior to hearing of the order to show cause, proceedings thereunder shall terminate, unless exception is taken to the [sureties] adequacy or sufficiency of the securities. If, at the time of filing of such undertaking, the property shall be in the custody of the levying officer, such property shall be redelivered to the defendant [five] 5 days after service of notice of filing such undertaking unless objected to by the applicant or [his] the applicant's attorney.

II. For purposes of this section, securities may include, but shall not be limited to, bonds, letters of credit, security interests, or cash in a form and amount acceptable to the court.

HB 330, relative to changing the name of the lienholder or mortgage holder on title insurance when refinancing a home. **INEXPEDIENT TO LEGISLATE**

Rep. Sheila T. Francoeur for Commerce: The intent of this bill was to restrict fees for title insurance when refinancing a home. However, as title insurance does not look to the future, but rather to the past, the committee felt that this bill would offer no protection to the lender. The secondary market is an important feature in today's financing market and secondary markets require new title insurance. Vote 16-0.

HB 339, requiring consumer reporting agencies to provide annually to the consumer a free copy, upon request, of a consumer report. **INEXPEDIENT TO LEGISLATE**
Rep. Toni M. Crosby for Commerce: Credit bureaus currently provide free credit reports to consumers who are on welfare, are victims of fraud, who are unemployed and who have been denied credit within the past sixty days. The committee feels that \$8.00 is a reasonable amount for credit bureaus to charge consumers for their credit reports under normal circumstances. Vote 15-0.

HB 351, relative to liability for property taxes on manufactured housing when the manufactured housing is moved. **INEXPEDIENT TO LEGISLATE**
Rep. Dennis P. Vachon for Commerce: The committee is reluctant to place reporting requirements on the owners of manufactured housing parks with respect to manufactured housing units they do not own and for which the park owner should not incur any liability for real estate taxes. Vote 15-0.

HB 372, amending the bond issuing powers of the business finance authority. **INEXPEDIENT TO LEGISLATE**
Rep. James C. Curran for Commerce: This bill involves the financial relationship and interaction among the Business Finance Authority (BFA), the New Hampshire Higher Educational and Health Facilities Authority (NHHEHFA) and the New Hampshire Higher Education Loan Corporation (NHHELCO). The BFA sought authorization to issue bonds for student loan programs, an authority now reserved to NHHEHFA. NHHELCO, which uses the proceeds of NHHEHFA bond sales to make student loans, expressed its neutrality as to the merits of the change, while NHHEHFA was opposed. The underlying issue of importance to the BFA was the loss of bond issuance fees it experiences when it allocates tax-exempt bond volume cap to NHHEHFA for student loan programs. After discussion and at the committee's urging, the three parties agreed on a formula whereby BFA will increase cap volume allocation for student loan bonds from \$25 million to \$45 million in return for a small fee. In view of this new arrangement, the bill is now unnecessary. Vote 12-0.

HB 422, relative to advertising by rent-to-own businesses. **OUGHT TO PASS WITH AMENDMENT**
Rep. Dennis P. Vachon for Commerce: The amendment addresses the sponsor's concerns that certain rent-to-own advertising was avoiding the disclosure requirements of RSA 358-P through a dubious interpretation of the language by clarifying that the statute applies to each advertising, which refers to initial and final payments as well as possible payments, and with respect to any item not just a specific item. Vote 12-2.

Amendment (0359h)

Amend the bill by replacing section 1 with the following:

1 Trade and Commerce; Rent-to-Own Agreement Act; Advertising; Dollar Amount of Periodic Payment Deleted. Amend RSA 358-P:5 to read as follows:

358-P:5 Advertising.

I. If an advertisement for a rent-to-own agreement refers to or states the dollar amount of [~~a periodic payment for a specific~~] *an initial, periodic, or final payment for any* item and refers to or states the right to acquire ownership of the item, then for such item the advertisement shall also clearly and conspicuously state the following:

- (a) That the transaction advertised is a rent-to-own agreement.
- (b) The total number and total amount of periodic payments necessary to acquire ownership.
- (c) That the consumer acquires no ownership rights unless the total amount necessary to acquire ownership is paid.

II. Any owner or personnel of any medium in which an advertisement appears or through which it is disseminated shall not be liable under this section.

III. The provisions of paragraph I of this section shall not apply to an advertisement which does not refer to or state the amount of any payment, or which is published in the yellow pages of a telephone directory or in any similar directory of business.

IV. Every item displayed or offered under a rent-to-own agreement shall bear a tag or card that clearly and conspicuously indicates in Arabic numerals each of the following:

- (a) The cash price of the item.
- (b) The amount of the periodic payment.
- (c) The total number and total dollar amount of periodic payments necessary to acquire ownership.

AMENDED ANALYSIS

This bill expands the restrictions on advertising by rent-to-own businesses to include advertisements that refer to a dollar amount of an initial, periodic, or final payment.

HB 517, relative to insurance coverage for alcoholism treatment. **INEXPEDIENT TO LEGISLATE**
Rep. Keith R. Herman for Commerce: The sponsor testified at the public hearing that the issues contained in this bill are better addressed in another piece of legislation. In addition, treating alcoholism as a separate disease from all other diseases goes against the intent of the sponsor. The sponsor requested this bill be withdrawn. Vote 13-0.

HB 638-FN, authorizing a limited license for certain travel agents. **OUGHT TO PASS**
Rep. Stephen G. Avery for Commerce: This bill authorizes the insurance commissioner to issue a limited license to ticket selling travel agents and other representatives of common carriers to sell travel insurance policies to their customers. These are short-term nonrenewable policies that include accident, baggage insurance and cancellation coverage. Current law requires the travel agents to take the same test that all insurance agents must take. Vote 13-0.

CACR 24, relating to county attorneys. Providing that county attorney positions be abolished. **INEXPEDIENT TO LEGISLATE**

Rep. Timothy N. Robertson for Criminal Justice and Public Safety: The only testimony in favor of the bill was from the sponsor. Basically, this bill would be a start to abolishing county government beginning with the county attorney. Each county has a unique personality and point of view and the committee seemed to be in favor of maintaining this. There is no body of information that would indicate what effects wholesale or even partial dismantling of county government might have. Vote 12-0.

HB 713-FN, relative to penalties for multiple DWI offenses. **RE-REFER TO COMMITTEE**
Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill revises the penalties for repeat DWI offenders to include interlock systems on car ignitions and home detention for motor vehicle offenses involving alcohol. The committee and sponsor agreed that this bill needed additional work. Vote 15-0.

HB 729, adding social clubs recognized by the Internal Revenue Service to the definition of "charitable organization" for purposes of the laws governing raffles. **OUGHT TO PASS**
Rep. Robert M. Fesh for Criminal Justice and Public Safety: This bill adds social clubs as recognized by the Internal Revenue Service to the definition of "Charitable organization" for purposes of the laws governing raffles. It will allow fish and game clubs to conduct raffles that have been in existence for at least 2 years and are organized under the laws of this state. Vote 13-0.

HB 311-FN-A, relative to grants made under the New Hampshire incentive program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**
Rep. Warren Henderson for Education: As amended, this bill makes part-time students who are state residents eligible to receive certain education grants. Part-time students, including those holding down jobs and those raising families, are often among those most needing assistance. Including them among those eligible to receive education grants seems to be a matter of simple equity. The bill also increases state funds available to the grant program by \$750,000 in fiscal year 2000 and again in fiscal year 2001. The amendment allows the Post Secondary Commission to determine who shall receive the grant without specifying what level of the post-secondary institution the applicant is attending. Vote 15-0.

Amendment (0326h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; New Hampshire Incentive Grant Program; Eligibility of Part-Time Students.
Amend RSA 188-D:13 by inserting after paragraph VII the following new paragraph:

VIII. Part-time students who are residents of this state and who have satisfied the application requirements established by the postsecondary education commission shall be eligible to receive grants in accordance with the provisions of this section.

AMENDED ANALYSIS

This bill permits part-time students to be eligible for grants made under the New Hampshire incentive grant program and increases the appropriation to the program for the fiscal years ending June 30, 2000 and June 30, 2001.

Referred to Finance.

HB 404, establishing a committee to study the implementation of a means-testing grant program within the university system of New Hampshire. INEXPEDIENT TO LEGISLATE

Rep. Clair A. Snyder for Education: This bill would establish a committee to study the implementation of a means-testing grant program within the university system of New Hampshire. Since many students rely on loans, they graduate with large debt. This happens even when USNH awards approximately \$25 million in financial aid. Only if state aid were increased would money be available to lessen the student's debt at graduation. The committee objected to the study because the duty to analyze the financial and economic impact to means test a grant formula should be addressed to the Legislative University Oversight Committee. Vote 12-0.

HB 428, relative to school administrative units. OUGHT TO PASS WITH AMENDMENT

Rep. John Alger for Education: This bill was necessary to clarify the requirement for a public hearing on plans for organization of an SAU. The committee amended the bill to require notice of any public hearing at least 14 days ahead of the meeting. Vote 16-0.

Amendment (0278h)

Amend RSA 194-C:2, VI as inserted by section 1 of the bill by replacing it with the following:

VI. In accordance with RSA 194-C:2, III(e) and V(b), the planning committee shall submit a copy of the proposed plan to the several school districts within the existing school administrative unit and shall hold [a] *at least one* public hearing [~~at least 60 days~~] *no less than 14 days* prior to submission to the state board. Within 60 days, the state board of education shall review the proposed plan for administrative structure to determine whether or not the proposed plan contains the services described in RSA 194-C:4. Each plan shall also include an educational and fiscal analysis of the impact on all remaining districts and the disposition of school administrative unit assets. If, in the opinion of the state board, all services have been properly addressed, the state board shall recommend for or against its adoption. If, in the opinion of the state board, all services have not been properly addressed, the deficiencies shall be noted and the plan shall be promptly returned for revision. When the plan is resubmitted, the state board of education shall promptly return the plan and make a recommendation for or against its adoption. This recommendation shall be reported to the legislative body of the district. The state board shall not have veto power over any plan once it is resubmitted to the state board by the planning committee.

AMENDED ANALYSIS

This bill replaces the requirement that a public hearing on the plan to form a school administrative unit be held at least 60 days prior to the planning committee's submission of the plan to the state board of education with a requirement that the planning committee hold a hearing no less than 14 days prior to submission of the plan. The bill also makes a technical correction to the law relating to voting by members of the joint board of school administrative units by correcting a cross-reference to a repealed provision of law.

This bill is a request of the department of education.

HB 488, relative to the definition of certain disabilities in the provision of special education services. OUGHT TO PASS WITH AMENDMENT

Rep. Susan B. Durham for Education: As amended, this bill expands, to age nine, the age for the category "developmentally delayed" and therefore, the word "pre-school" needed to be eliminated. Some children catch up on the developmental delays and would not need continued special education. This legislation is compliant with IDEA. Vote 15-0.

Amendment (0370h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of a developmentally delayed child in the provision of special education services.

Amend the bill by replacing section 1 with the following:

1 Special Education; Definition of "Developmentally Delayed Child." Amend RSA 186-C:2, I-a to read as follows:

I-a. "Developmentally delayed child" means a [~~preschool~~] child between 3 and [5] 9 years of age, who, because of impairments in development, needs special education or special education and educationally related services, may be identified as being developmentally delayed provided that such a child must first be determined to have an educationally disabling condition as defined in RSA 186-C:2, I.

AMENDED ANALYSIS

This bill expands the definition of a developmentally delayed child to include children aged 3 through 9 years.
Referred to Finance.

HB 590-L, relative to the use by a school district of proceeds from an educational trust fund. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth K. Hoadley for Education: The committee believes it would be difficult (and nearly impossible) to legislate the distribution of funds from all the various educational trust funds throughout this state. Local districts, which may benefit from trust funds, need to work proactively with fund trustees to minimize any problems connected with the distribution of those funds. Vote 15-0.

HB 211-FN-A-L, relative to intergenerational homeshare programs and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Lawrence A. Emerton for Health, Human Services and Elderly Affairs: This proposed program, which was passed by the House in 1998, has received federal approval from HCFA and will be considered for future statewide implementation by the Health and Human Services Department. The sponsor and prime mover, hopes to start a pilot program in her city, independent of a Department sponsored initiative. The committee feels that this is a program that should soon be a part of New Hampshire's long term care initiative. Vote 17-0.

HB 264, relative to persons who die in nursing homes. INEXPEDIENT TO LEGISLATE

Rep. Martin Feuerstein for Health, Human Services and Elderly Affairs: It is the sense of the committee that nursing home operators have guidelines to deal with deceased persons. It also felt that it is inappropriate for us to legislate procedure in the event of death of a resident in a nursing home. Vote 17-0.

HB 456, establishing a committee to study issues relating to the deaf community in New Hampshire. OUGHT TO PASS WITH AMENDMENT

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: This bill establishes a committee to study a wide range of issues relating to the deaf community in New Hampshire including interpreter standards, methods for better statewide coordination of programs and services for deaf persons, and the quality of education for deaf children in the state. After hearing from an impressive cross-section of the deaf community, the committee believes the study is both important and timely. Vote 17-0.

Amendment (0394h)

Amend subparagraph I (b) as inserted by section 2 of the bill to read as follows:

(b) Five members of the senate, of whom 2 shall be from the public institutions, health and human services committee, 2 shall be from the education committee, and one shall be from another senate standing committee, appointed by the president of the senate.

Amend the bill by replacing section 3 with the following:

3 Duties. The committee shall review existing state law relating to the rights of deaf citizens in the state with the intent of proposing new legislation or amendments to existing laws, for introduction in the 2000 legislative session, which will assist or improve the abilities of New Hampshire deaf citizens to lead a more meaningful and productive life. The committee's duties shall include:

I. Studying the advantages and disadvantages of recognizing American sign language as the primary language of the New Hampshire deaf community.

II. The adoption of the deaf children's bill of rights into law in New Hampshire.

III. Exploring the quality of education for New Hampshire's deaf children and options for improvement, including, but not limited to, magnet schools or residential school for deaf students.

IV. The establishment of a licensure program including licensing standards and qualifications for sign language interpreters.

V. State funding to improve the availability and efficiency of interpreter referral services statewide.

VI. Studying possible revisions to RSA 521-A, relative to interpreters for the deaf.

VII. The development of guidelines for sign language interpreters working in educational settings.

VIII. Any other issues deemed relevant by the committee.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

HB 486-FN-A, relative to the physician effectiveness program. OUGHT TO PASS WITH AMENDMENT

Rep. James P. Pilliod for Health, Human Services and Elderly Affairs: This bill, as amended, was discussed by the committee and realizing the value of this self-funded program which monitors physicians who are at risk for substance abuse and addiction, voted to approve the legislation as amended. Vote 19-0.

Amendment (0213h)

Amend RSA 329:13-b as inserted by section I of the bill by replacing it with the following:

329:13-b Physician Effectiveness Program.

I. Any physician peer review committee may report relevant facts to the board relating to the acts of any physician in this state if it has knowledge relating to the physician which, in the opinion of the physician peer review committee, might provide grounds for disciplinary action as specified in RSA 329:17.

II. Any committee of a professional society comprised primarily of physicians, its staff, or any district or local intervenor participating in a program established to aid physicians impaired or potentially impaired by mental or physical illness including substance abuse may report in writing to the board the name of a physician whose ability to practice medicine safely is impaired or could reasonably be expected to become impaired if the condition is allowed to progress together with the pertinent information relating to the physician's impairment. The board may report to any committee of such professional society or the society's designated staff information which it may receive with regard to any physician who may be impaired by a mental or physical illness including substance abuse.

III. Notwithstanding the provisions of RSA 91-A, the records and proceedings of the board, compiled in conjunction with a physician effectiveness peer review committee, shall be confidential and are not to be considered open records unless the affected physician so requests; provided, however, the board may disclose this confidential information only:

(a) In a disciplinary hearing before the board or in a subsequent trial or appeal of a board action or order;

(b) To the physician licensing or disciplinary authorities of other jurisdictions; or

(c) Pursuant to an order of a court of competent jurisdiction.

IV.(a) No employee or member of the board, peer review committee member, medical organization committee member, medical organization district or local intervenor furnishing in good faith information, data, reports, or records for the purpose of aiding the impaired physician shall by reason of furnishing such information be liable for damages to any person.

(b) No employee or member of the board or such committee, staff, or intervenor program shall be liable for damages to any person for any action taken or recommendations made by such board, committee, or staff unless the person is found to have acted recklessly or wantonly.

V.(a) The board may contract with other organizations to operate the physician effectiveness program for physicians who are impaired or potentially impaired because of mental or physical illness including substance abuse. This program shall be available to all physicians licensed in this state, all physicians seeking licensure in this state, and all resident physicians in training, and shall include, but shall not be limited to, education, intervention, ongoing care or treatment, and post-treatment monitoring.

(b) The board shall allocate \$10 from each physician annual license renewal fee it collects to provide funding for the physician effectiveness program as set forth in subparagraph V(a).

VI. Upon a determination by the board that a report submitted by a peer review committee or professional society committee is without merit, the report shall be expunged from the physician's individual record in the board's office. A physician or authorized representative shall be entitled on request to examine the physician's peer review or the organization committee report submitted to the board and to place into the record a statement of reasonable length of the physician's view with respect to any information existing in the report.

Referred to Finance.

HB 564-FN-L, repealing the authority of the chief justice of the supreme court to assign superior court judges to hear cases in the district court, and reducing the judicial branch budget for jury trials in the district courts. **INEXPEDIENT TO LEGISLATE**

Rep. Peter F. Bergin for Judiciary: This bill would prohibit the chief justice of the supreme court from temporarily assigning a supreme court justice to assist the superior court and the superior court to assist the district court whenever a backlog in the lower court required such action. Over the years the arrangement has worked well and at no cost to the state. It would also diminish funding for district court jury trials which a number of people testified against. Vote 15-0.

HB 65, relative to dates of meetings for local political subdivisions which have adopted the official ballot. **INEXPEDIENT TO LEGISLATE**

Rep. Robert W. Brundige for Municipal and County Government: This bill was submitted to allow charter towns which have enacted SB-2, particularly the Town of Hooksett, to adopt a May town meeting date. On March 9th the Town of Hooksett amended its charter so as to make this bill moot. Vote 16-0.

HB 208-FN, establishing a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to deter sprawl. **OUGHT TO PASS**

Rep. Linda T. Foster for Municipal and County Government: This bill establishes a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to deter sprawl. It ensures that the provisions of the Governor's Executive Order relative to sprawl become permanent and ongoing. The Committee unanimously believes that this policy will aid in improving New Hampshire's quality of life, not only for present but also for future generations. Vote 14-0.

HB 232, permitting town trustees to invest capital reserve funds in mutual funds. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have allowed towns to invest capital reserves in mutual funds. The Committee feels that the risk inherent in such funds is too great for public funds. Additionally, a state regulatory process would have to be established to rate mutual funds for safety and soundness, and there appears to be no state agency currently with the expertise to do so. Vote 16-0.

HB 327-L, allowing municipal treasurers to enter into lease agreements for equipment. **OUGHT TO PASS WITH AMENDMENT**

Rep. Anthony F. Simon for Municipal and County Government: This bill clarifies some existing confusion by specifically allowing municipalities to enter into lease agreements for the use and ownership of equipment. Lease agreements that contain "non-appropriation" clauses will not be regarded as long term debt and may be approved by majority vote. Vote 15-0.

Amendment (0405h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing municipal governing bodies to enter into lease agreements for equipment.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Lease Agreements for Equipment. Amend RSA 33 by inserting after section 7-d the following new section:

33:7-e Lease Agreements of Equipment. The governing body may enter into leases of equipment as required by the municipality. Appropriations to fund lease agreements with nonappropriation clauses may be approved by a simple majority vote of the legislative body. Lease agreements with nonappropriation clauses shall not be treated as debt under RSA 33:4-a. For the purposes of this section, "lease" shall include lease-purchase, sale and lease back, installment sale, or other similar agreement to acquire use or ownership of such equipment as is from time to time required by the municipality.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows a municipality's governing body to enter into lease agreements for equipment as required by the municipality. Appropriations to fund lease agreements with nonappropriation clauses may be approved by a simple majority vote of the legislative body.

HB 328-L, allowing municipalities to enter into agreements to purchase goods and services with credit cards. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill is not necessary because our municipalities already have the authority to, and do, use credit cards. The Department of Revenue Administration does not regard the use of credit cards as creating long-term debt. Vote 15-0.

HB 394-L, enabling towns, cities, and village districts to assess property taxes for certain services on charitable organizations. INEXPEDIENT TO LEGISLATE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have permitted municipalities to withdraw the charitable exemption from selected charitable organizations. It was introduced as a result of an ongoing dispute regarding the payment of fire protection costs in the Town of Conway. The Committee is convinced that there are serious constitutional problems with this bill. Additionally, there are serious public policy questions involved in allowing the discretionary, selective removal of the charitable exemption from otherwise qualified organizations. Finally, this appears to be a local problem, which does not require legislative action. Vote 15-0.

HB 425, relative to the placement of public utility wires. INEXPEDIENT TO LEGISLATE

Rep. Thomas E. P. Rice for Municipal and County Government: This bill would force the rate payers in an entire service area of electric, phone, cable, etc. to pay for putting wires underground due to the action of a single community. It would also result in much billing confusion because these service areas do not coincide. Vote 15-0.

HB 641-L, clarifying the value of public utility property for property tax purposes. RE-REFER TO COMMITTEE

Rep. Elizabeth S. Hager for Municipal and County Government: The Committee, the sponsor, and all interested parties unanimously agree that this bill should be re-referred, particularly with the uncertainty over the legislative response to Claremont II. Vote 15-0.

HB 663-L, authorizing the granting of abatements to persons whose children are enrolled in schools other than the local public schools. INEXPEDIENT TO LEGISLATE

Reps. Priscilla P. Lockwood and David W. Hess for Municipal and County Government: This bill would authorize towns to grant real estate tax abatements of up to one thousand dollars where the taxpayer enrolls a child in "approved schools" other than the local public schools. The Committee felt that the support of public education by taxes is a separate and distinct issue from personal choice, and that the responsibility of paying for public education should be shared by all. The Committee also was warned about the difficulty and expense that would be encountered by towns in administering such a proposal, and noted that such legislation would discriminate against residents, such as renters, who do not directly pay property taxes. Vote 15-0.

HB 664, establishing a study committee on rights of ownership to cemetery plots. OUGHT TO PASS

Rep. Marilyn A. Fraser for Municipal and County Government: This is a simple, straightforward bill which establishes a committee to study ways to update, clarify, and otherwise improve the laws of the State regarding rights of ownership to cemetery plots. The committee concluded that there are serious issues in this area that need to be resolved. Vote 15-0.

HB 709-FN-A-L, relative to the railroad tax. OUGHT TO PASS

Rep. Betsey L. Patten for Municipal and County Government: This bill clarifies the tax treatment of railroad companies that operate on state-owned railroad corridors and provides a share of the revenues from these operations to the twenty-eight towns and cities on the four railroad corridors. The remaining revenue is paid to the special railroad fund (RSA 228:68-69) which provides for the maintenance and repair of the railroad lines. Vote 15-0.

Referred to Finance.

HB 444, relative to establishing a study committee to review reestablishing passenger rail service on the Eastern Line between Newburyport, Massachusetts and Kittery, Maine. **OUGHT TO PASS WITH AMENDMENT**

Rep. George N. Katsakiores for Transportation: The amendment to this bill moves the reporting date to November 1, 2000. This bill essentially complements other efforts ongoing across the country and in the state of New Hampshire as to the intermodal transportation systems authorized by the T-21 authorization bill passed by Congress in 1998. Vote 20-0.

Amendment (0375h)

Amend the bill by replacing section 5 with the following:

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

HJR 6, encouraging the revitalization of the northern rail line from Concord to Lebanon. **OUGHT TO PASS**

Rep. George N. Katsakiores for Transportation: This resolution addresses the national railroad revitalization of passenger and freight rail services movement. The resolution primarily alerts all interested parties in the desire to begin the process that eventually will result in the revitalization of the northern rail line from Concord to Lebanon. The rapid growth of New Hampshire's economy and population alone, with the expansion of the state's recreation activities, merits our attention to the infrastructure needs. Vote 20-0.

HB 298-FN, relative to the authority of the executive director of fish and game to prevent damage to commercial agricultural crops through wildlife reduction or management. **INEXPEDIENT TO LEGISLATE**

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill regarding the prevention of game damage was related to a more comprehensive bill, HB 704-FN-A. The committee decided to incorporate this bill in HB 704-FN-A and rendered HB 298-FN Inexpedient to Legislate. Vote 12-0.

REGULAR CALENDAR

HB 221, allowing milk products known to contain the genetically produced bovine somatotropin growth hormone to be so labeled. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER TO COMMITTEE.**

Rep. Tim S. McGough for the Majority of Commerce: This bill, as introduced, would permit producers and distributors of milk and milk products to label them with regard to content or use of bovine somatotropin growth hormone. The committee finds that this issue has been considered and examined at length and defeated in 1995, 1996 and 1997 House Sessions. Under new FDA guidelines, producers of milk products can now conspicuously label their products are rBST free. Therefore, this legislation is unnecessary. If additional new information becomes available, the committee will certainly examine it with respect to any new legislation. Vote 10-8.

Rep. Linda L. Garrish for the Minority of Commerce: Despite the FDA's approval of voluntary labeling of milk products from cows, known not to have been treated with genetically engineered bovine somatotropin growth hormone, known as rBST, labeling as such is inconsistent. Many consumers, particularly parents of infants and young children who are dependent upon the essential nutrients provided by milk products, continue to seek clearer, consistent and more accessible labeling. rBST, currently non-detectable in milk but known to increase IGF-1 levels, which however, by an ability to affect cell growth, may be linked to cancer. Use of rBST continues to be banned in Canada, Australia, New Zealand and Europe Union countries. Scientists also continue to study the potential health risks to both cows and humans. Their research is often conflicting within and outside of the industry. Therefore, we believe further in-depth study and review of current research and past Commerce Committee testimony is necessary.

Rep. Garrish spoke against.

Reps. Curran and Keans spoke against and yielded to questions.

Reps. Scanlan and Hunt spoke in favor and yielded to questions.

Rep. Vivian Clark spoke in favor.

Rep. Garrish requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

HB 319-FN, relative to mandatory automobile insurance. **INEXPEDIENT TO LEGISLATE**
Rep. Sheila T. Francoeur for Commerce: While the committee feels it would be beneficial for all New Hampshire motorists to be insured, it is a fundamental fallacy that by mandating coverage the percentage of uninsured motorists would decrease and the cost of insurance would go down. Comparisons with other states consistently show New Hampshire with one of the lowest percentages of uninsured drivers. Comparisons also show that the cost of insurance in New Hampshire continues to be lower than in neighboring states. The committee believes that to impose mandatory insurance would be a financial hardship on those least able to afford it and would not produce any positive tangible results. Vote 15-1.
Adopted.

HB 497-FN-A, relative to family literacy planning grants and making an appropriation therefor. **ought to PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: This bill makes an appropriation to match federal funds available to plan and implement a statewide family literacy initiative under the Even Start Family Literacy Program. The committee believes this is a highly effective program, which lays the foundation for school readiness. The amendment changed this bill from a study bill to a bill to implement a program that is working with positive results. Vote 16-0.

Amendment (0373h)

Amend the bill by replacing section 1 with the following:

1 Purpose; Family Literacy Planning Program Grants; Eligibility for Federal Funds. The purpose of the family literacy planning program is to enable states to study, plan, and implement statewide family literacy initiatives under the Even Start Family Literacy Program. Family literacy includes the components of interactive literacy activities between parent and child, parent training with the goal of enabling the parent to be the child's primary teacher and a full partner in the child's education, parent literacy training, and early childhood education. By making an appropriation of

\$50,000, New Hampshire is eligible for an additional \$100,000 in federal money to plan and implement a comprehensive statewide family literacy initiative which would be conducted through a consortium of state, local, and other institutions, organizations, and agencies.

AMENDED ANALYSIS

This bill makes an appropriation to the department of education enabling New Hampshire to access additional federal moneys for the purpose of planning and implementing statewide family literacy initiatives.

Adopted.

Report adopted and referred to Finance.

HCR 3, urging the federal government to fund 100 percent of the total cost of special education programs and services nationwide **INEXPEDIENT TO LEGISLATE**

Rep. Charles B. Yeaton for Education: There is another resolution, HCR 6, which urges the federal government to fulfill its promise to fund special education costs at 40% of the average per pupil cost. That resolution is an appropriate request. If special education costs were funded at 100% by the federal government, it would take away any incentives to keep such costs down to a reasonable level and create federal government control over New Hampshire education. Vote 12-4.

On a division vote, 222 members having voted in the affirmative and 118 in the negative, the report was adopted.

HB 64, relative to changes of registration for undeclared voters. **OUGHT TO PASS**

Rep. Michael S. Rollo for Election Law: This bill creates an even field for all voters. At this time, undeclared voters may register with a party, vote and then switch back to their undeclared status. However, registered Democrats and Republicans must wait to switch party affiliation. It was the opinion of the majority of the committee that this was unfair to citizens who wish to vote in their party's primaries and choose their parties candidates. Vote 12-6.

Reps. Brewster and Gilmore spoke against and yielded to questions.

Reps. Rollo and Konys spoke in favor and yielded to questions.

Rep. Jacobson spoke against.

Rep. Clegg spoke in favor.

Rep. Kaen requested a roll call; sufficiently seconded.

The question being the adoption of the report.

RECESS

(Speaker Sytek in the Chair)

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bill numbered 737, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 737, declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution. (Pepino, Hills 40; Welch, Rock 18; Dickinson, Carr 2; J. Flanders, Rock 18; Corbin, Rock 25; Torressen, Carr 10: Finance)

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 12, 14, 16, 17, 19, 21, 26, 35 through 37, 40 through 43, 45, 60, 65, 74, 89, 91, 92, 99, 101, 107, 113, 115, 117 through 119, 140, 155, 161 and 180, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees. Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 12-FN-A, relative to the World War II memorial campaign and making an appropriation therefor. (State-Federal Relations and Veterans Affairs)

SB 14, establishing a committee to study the impact of federal welfare reform on the cities and towns of New Hampshire. (Health, Human Services and Elderly Affairs)

SB 16, relative to revocation of wills by divorce. (Judiciary)

SB 17, relative to funeral arrangements. (Health, Human Services and Elderly Affairs)

SB 19, extending the reporting date of the state substance abuse treatment delivery system committee. (Health, Human Services and Elderly Affairs)

SB 21, relative to domestic animals. (Executive Departments and Administration)

SB 26, establishing a committee to study trustee process. (Judiciary)

SB 35, establishing a study committee to investigate motor vehicle inspection requirements. (Transportation)

SB 36-FN-A, relative to salary increases for care providers for persons with developmental and acquired disabilities and making an appropriation therefor. (Finance)

SB 37-FN, relative to fees for testing of domestic animals for disease. (Finance)

SB 40, relative to the health care fund. (Finance)

SB 41, correcting a reference in provisions relating to hunting and fishing licenses for members of the armed services. (Wildlife and Marine Resources)

SB 42-L, establishing a committee to study safety improvements at the U.S. Route 1 traffic circle in the city of Portsmouth. (Public Works and Highways)

SB 43, creating a commission to research making Hilton Park in the city of Dover property of that city. (Public Works and Highways)

SB 45-FN-A, allowing a waiver of interest for the time period of an extension of the date of payment of the legacies and successions tax. (Finance)

- SB 60**, establishing a committee to study the licensure of radiographers and radiologic technicians. (Executive Departments and Administration)
- SB 65**, establishing a study committee to review field activities conducted by the department of health and human services relative to children, youth and families. (Children and Family Law)
- SB 74**, relative to the rule-making authority of the real estate commission concerning practices relating to certain dwellings. (Executive Departments and Administration)
- SB 89-L**, relative to library trustees. (Municipal and County Government)
- SB 91**, designating segments of the Cold River as protected under the rivers management and protection program. (Resources, Recreation and Development)
- SB 92-FN**, relative to education grants funded by the companion animal neutering fund. (Environment and Agriculture)
- SB 99**, allowing the same interest rates and charges on small loans under \$1,500 as is allowed on small loans over \$1,500. (Commerce)
- SB 101**, relative to landlord-tenant obligations. (Judiciary)
- SB 107**, relative to fees for examination of domestic societies and foreign societies. (Commerce)
- SB 113**, establishing a division of travel and tourism development within the department of resources and economic development. (Executive Departments and Administration)
- SB 115**, relative to participation by certain judges in the state employee group health and dental insurance programs. (Executive Departments and Administration)
- SB 117**, relative to the duties of the board of trustees of the community-technical college system. (Education)
- SB 118**, relative to requirements for retail installment contracts for motor vehicle sales. (Commerce)
- SB 119**, relative to the withdrawal of a pupil from school. (Education)
- SB 140**, relative to ear and body piercing. (Health, Human Services and Elderly Affairs)
- SB 155**, relative to the naming of certain bridges in the city of Concord. (Public Works and Highways)
- SB 161-L**, relative to amending the contributory pension system for employees of the city of Manchester. (Municipal and County Government)
- SB 180**, establishing a committee to study the improvement of employment opportunities offered by the state of New Hampshire for persons with disabilities. (Labor, Industrial and Rehabilitative Services)

SENATE MESSAGE

CONCURRENCE

- HB 93**, permitting a dam to be constructed on Rand Pond in Goshen.
- HB 248**, relative to the Monadnock advisory commission.

REGULAR CALENDAR (CONT'D.)

HB 271, relative to recounts. INEXPEDIENT TO LEGISLATE

Rep. Raymond Buckley for Election Law: This bill would require the Secretary of State to name recount teams of opposite parties. The committee feels the intent of HB271 has great merit but after discussions with the Secretary of State feels the bill is now unnecessary. The Secretary of State has given assurances to the committee that a greater effort will be made to provide increased training and understanding of the role of the team members in a recount. Vote 13-2.
Adopted.

HB 381, prohibiting any candidate from receiving the nomination of more than one party. OUGHT TO PASS

Rep. Robert J. Letourneau for Election Law: The provisions of this bill allow the candidate to accept the nomination of only one party. It provides a level playing field for all candidates during primary elections. Vote 14-3.
Reps. Dickinson and Hall spoke against and yielded to questions.
Reps. Alger and Scanlan spoke against.
Reps. Buckley and Lozeau spoke in favor and yielded to questions.
Rep. Lozeau requested a roll call; sufficiently seconded.
The question being the adoption of the report.

Ordered to third reading.

HB 445, relative to straight ticket voting procedures. **OUGHT TO PASS**

Rep. Lynn C. Horton for Election Law: Since there has been confusion about straight ticket voting, the committee has decided that it be made clear to all voters that if they check the straight ticket box, they cannot go any further. If they do not check the straight ticket box, they may vote for each candidate on the ballot. Vote 13-4.

Rep. Vaillancourt spoke against.

Reps. Horton and Young spoke in favor and yielded to questions.

Rep. Chandler requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report failed.

Rep. Burling moved Re-commit to Committee and spoke in favor.

On a division vote, 221 members having voted in the affirmative and 121 in the negative, the motion was adopted.

HB 277-FN, relative to health benefits and compensation to pari-mutuel commission-appointed veterinarians. **INEXPEDIENT TO LEGISLATE**

Rep. Sylvia A. Holley for Executive Departments and Administration: This bill seeks state employee benefits for two full time contract veterinarians who work at the Hinsdale and Seabrook racetracks, respectively. However, these individuals are paid by the track associations – not the state, and the pari-mutuel commission director testified that the governor and council set and approved the veterinarian salaries at a higher level than normal to compensate for the lack of benefits. Therefore, the committee felt that these individuals do not qualify for state employee benefits. Vote 11-3. Adopted.

HB 299, establishing a bill of rights for pregnant women. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Francine Wendelboe for the Majority of Health, Human Services and Elderly Affairs: The sponsor's intent is very laudable, pregnant women should have available to them the information discussed in HB 299. However, the committee clearly felt that the issue can more appropriately be addressed through non-legislative measures. The Foundation for Healthy Communities, in light of the concerns in this legislation, is conducting a statewide collaborative initiative to use feedback to improve care for mothers and newborns. Vote 18-1.

Rep. Janeen Dalrymple for the Minority of Health, Human Services and Elderly Affairs: The intent of this bill will ensure consistent dissemination of information related to childbirth practices, choices, statistics and definitions associated with the uniqueness of pregnancy and childbirth.

Rep. Emerton moved Re-Commit to Committee and spoke in favor.

Adopted.

HB 549-L, relative to the minimum vote required for bond issues by municipalities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda T. Foster for Municipal and County Government: The majority of the Committee believes that a three-fifths or sixty per cent requirement to pass a bond issue is a good compromise between the current requirement of two-thirds and a simple majority of fifty per cent. Sixty per cent is still a super majority, underlining the principle that more than a simple majority should be required for long term debt. This percentage also recognizes practical experience and common sense. The majority believes that this change reflects and protects the idea of majority rule in both Senate Bill 2 and non-Senate Bill 2 districts. The amendment changes the effective date to January 1, 2000, which ensures that no community would be able to consider or reconsider this year's bond issue under the new requirement Vote 9-6.

Amendment (0430h)

Amend the bill by replacing section 10 with the following:

10 Effective Date. This act shall take effect January 1, 2000.

On a division vote, 255 members having voted in the affirmative and 65 in the negative, the amendment was adopted.

Rep. Putnam did not vote and wished to be recorded in favor.

Reps. Brundige, Jacobson and Rice spoke against.

Rep. Foster requested a quorum count. The Speaker declared a quorum was present.

Reps. Foster and Hess spoke in favor and yielded to questions.

Rep. Brundige requested a roll call; sufficiently seconded.

The question being the adoption of the report.

REGULAR CALENDAR (CONT'D.)

HB 574-FN-A, establishing a fisheries habitat stamp required for persons obtaining a fishing license and continually appropriating the funds for fisheries habitats. **OUGHT TO PASS WITH AMENDMENT**
Rep. Michael J. Blaisdell for Wildlife and Marine Resources: This bill establishes a fisheries habitat stamp required for persons obtaining a fishing license and continually appropriates the funds for fisheries habitats. The committee heard from the public, sportsmen's groups and the NH Fish and Game Department all in strong support of providing a method to improve fisheries habitats in New Hampshire. The committee decided to recommend Ought to Pass with Amendment. Vote 10-2.

Amendment (0173h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a fisheries habitat fee required for persons obtaining a fishing license and continually appropriating the funds for fisheries habitats.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Fisheries Habitat Fee; Fisheries Habitat Account Established. Amend RSA 214 by inserting after section 1-f the following new section:

214:1-g Fisheries Habitat Fee; Account Established.

I. A one dollar fisheries habitat fee shall be required to be paid by all persons 16 years of age or older, in addition to each applicable fishing or combination license required by Title XVIII, in order to take fish in the fresh waters of this state. This paragraph shall not apply to any person who takes fish under a complimentary license, excluding any administrative fee, issued pursuant to RSA 214:3, RSA 214:7-a, RSA 214:13, RSA 214:13-b, or RSA 214:13-c, or a lifetime license issued pursuant to RSA 214:19-c that was purchased in a prior calendar year.

II. The state treasurer shall establish a separate nonlapsing account within the fish and game fund, to be known as the fisheries habitat account, to which shall be credited all fees collected under RSA 214:1-g. I. The state treasurer may accept public and private grants and donations for deposit into the account.

III. The state treasurer shall invest the moneys in the fisheries habitat account as provided by law. Interest received on investments shall be credited to the account.

IV. The fisheries habitat account is continually appropriated and may only be used for the following purposes within the state of New Hampshire:

(a) The development, management, preservation, conservation, restoration, and maintenance of fisheries habitats in the water of the state, with at least 50 percent of the annual revenue dedicated to pay costs of labor and materials for direct aquatic management activities;

(b) Obtaining access to fisheries habitat areas;

(c) The acquisition of easements upon private property for the purposes of subparagraphs (a) and (b);

(d) The acquisition of private land to protect critical fisheries habitat, provided that the governing body of any municipality, unincorporated town, or unorganized place in which the property is located approves;

(e) Providing information to the public on the location of fisheries managed by the fish and game department.

V. When revenue is used to either obtain an easement under subparagraph IV(c) or purchase land under subparagraph IV(d), no condition shall be accepted which restricts fishing from or hunting and trapping on the associated land. This requirement shall not apply to lands used for access purposes or if the executive director finds that it is in the interest of the fishing, hunting, and trapping community to allow such a restriction. The executive director shall allow fishing from and hunting and trapping on such lands, as is permissible, but may prohibit for any length of time the fishing, hunting or trapping on the whole or part of such lands when it is necessary for the protection or propagation of a fish species or for public safety reasons.

VI. The executive director, with the approval of the commission, shall expend the funds in the fisheries habitat account. Prior to the expenditure of any funds, the fish and game department shall analyze the proposed project and provide the executive director and the commission with recommendations as to the project's usefulness and feasibility.

VII. The executive director shall submit to the fiscal committee and the chairpersons of the house wildlife and marine resources committee and the senate wildlife and recreation committee a detailed fiscal year report by October 1 of each year, beginning with fiscal year 2000, with sufficient information to be fully understood by the general court and the public, summarizing the receipts and disbursements from the fisheries habitat account and the public benefits derived from the disbursements from it. Every fifth year, beginning in 2005, the annual report shall provide an in-depth financial accounting and summary of work accomplished in the previous 5 years, outlining all projects that are completed, in process, and planned. All annual reports shall be made available to the public after submission to the general court.

2 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires persons obtaining fishing licenses to pay a fisheries habitat fee. The revenue from the fee shall be used for the acquisition, development, maintenance, and promotion of fisheries habitats.

Adopted.

Report adopted and referred to Finance.

HB 436-L, relative to uncompensated public service by prisoners. **INEXPEDIENT TO LEGISLATE** Rep. Robert M. Fesh for Criminal Justice and Public Safety: This bill would have prohibited prisoners from engaging in uncompensated public service work in the place of regular employees. It was felt that no jobs are being displaced and these are jobs that no one really wants. The county's contract with the towns states that these prisoners will displace no jobs. They are trying to give something back to the towns and taxpayers at no cost to them. Volunteers do the same kinds of jobs all the time and we would not want to do away with all volunteers. Vote 12-0.

Rep. Heon spoke against.

Rep. Knowles spoke in favor and yielded to questions.

Adopted.

HB 708-FN-L, transferring the county attorneys' offices and the county sheriffs' offices to the department of justice and the unified court system, respectively. **INEXPEDIENT TO LEGISLATE** Rep. Frank M. Schanda for Criminal Justice and Public Safety: This bill transfers budgeting obligations and authority for the county attorney's offices to the department of justice and for the county sheriff's offices to the unified court system. The committee felt that this bill would create more problems than it would solve; for both the counties and the state. It is a departure from our traditional and constitutional history. Vote 13-0.

Rep. Jacobson spoke against.

Rep. Welch spoke in favor.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 2, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 2-FN-A, relative to state fees, funds, revenues, and expenditures. (Kurk, Hills 5: Finance)

PROPOSED AMENDMENT TO HOUSE RULES

HR 1, adopting the rules of the 1998 legislative session and providing that house rules may be amended by a majority of the house on or before March 11, 1999.

Rep. Wallin offered a floor amendment.

Floor Amendment (0014h)

Amend House Rule 45 by deleting paragraph (c).

Rep. Wallin spoke in favor.

Rep. Burling spoke against and yielded to questions.

Rep. Dickinson spoke in favor.

Rep. Wallin withdrew her floor amendment.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, April 1, 1999 at 10:00 a.m.

Adopted. (**Clerk's note:** third reading motion reconsidered below)

PERSONAL PRIVILEGE

Rep. Wendelboe addressed the House.

UNANIMOUS CONSENT

Reps. John Pratt and Mirski addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports, receiving Senate messages and forming committees of conference only.

Rep. Hager spoke against and requested that the question be divided and that forming committees of conference be voted on separately.

The Speaker ruled the question was divisible.

Rep. Lozeau spoke in favor of the recess motion as offered by Rep. Chandler.

Reps. McGuirk, Burling and Sabella spoke against.

Rep. Chandler withdrew the recess motion.

RECONSIDERATION

Having voted with the prevailing side, Rep. Chandler moved that the House reconsider its action whereby it adopted the third reading motion.

Rep. Burling spoke in favor.

Reconsideration prevailed.

Rep. Chandler withdrew the third reading motion which adjourned the House to Thursday, April 1, 1999 at 10:00 a.m.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair. Adopted.

LATE SESSION

Third reading and final passage

HB 441, relative to a mother's right to breast-feed.

HB 56, establishing a procedure for reinstating corporate charters that have been expired for more than 3 years.

HB 82, establishing a committee to study financial arrangements among hospitals, physicians, and insurance companies.

HB 205, relative to the requirement for posting of bond by an applicant for a writ of replevin.

HB 422, relative to advertising by rent-to-own businesses.

HB 638-FN, authorizing a limited license for certain travel agents.

HB 729, adding social clubs recognized by the Internal Revenue Service to the definition of "charitable organization" for purposes of the laws governing raffles.

HB 428, relative to school administrative units.

HB 456, establishing a committee to study issues relating to the deaf community in New Hampshire.

HB 208-FN, establishing a coordinated and comprehensive effort by state agencies for economic growth, resource protection, and planning policy to deter sprawl.

HB 327-L, allowing municipal governing bodies to enter into lease agreements for equipment.

HB 664, establishing a study committee on rights of ownership to cemetery plots.

HB 444, relative to establishing a study committee to review reestablishing passenger rail service on the Eastern Line between Newburyport, Massachusetts and Kittery, Maine.

HJR 6, encouraging the revitalization of the northern rail line from Concord to Lebanon.

HB 64, relative to changes of registration for undeclared voters.

HB 381, prohibiting any candidate from receiving the nomination of more than one party.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 4:50 p.m.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Henderson offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 64, 109, 111, 112, 124, 125, 130, 150, 164 and 222, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 64, relative to powers of appointment. (Judiciary)

SB 109, deleting the witnessing requirement for notices of lease. (Judiciary)

SB 111, relative to requirements for acknowledgments and jurats by justices of the peace. (Judiciary)

SB 112, relative to the guardianship of minors. (Children and Family Law)

SB 124, establishing a committee to study the integration of technology at the state and municipal level. (Science, Technology and Energy)

SB 125, placing restrictions on name changes for certain felons. (Criminal Justice and Public Safety)

SB 130, establishing a committee to study issues regarding procedures and standards for selection and supervision of court-appointed guardians ad litem. (Children and Family Law)

SB 150, making certain reference changes to the department of youth development services. (Children and Family Law)

SB 164, relative to persons exempted from the registration of ophthalmic dispensers. (Executive Departments and Administration)

SB 222-FN-A-L, relative to guarantee of loans to local development organizations. (Commerce)

RECESS**(Speaker Sytek in the Chair)**

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 11

Tuesday, March 30, 1999

The House assembled at 1:30 p.m. and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church.

Lord of the well-worn path as well as the one less traveled by, we begin our deliberations today fully cognizant of the implications of the decision we are about to make. Oh God, do not let us mistakenly take the road that offers us the quickest solution and easiest answer to the issues we face. Do not let the voices of political posturing, the opinions of television pundits, the pens of newspaper editorial writers, or persuasion of political lobbyists dissuade us from taking the road less traveled. Amen.

Rep. Mitchell led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Eugene Gagnon, Golden, Hunter, Martin and Irene Pratt, the day, illness.
Reps. Czech, Ginsburg, Mosher, Nolan-Piteri, Tara Reardon and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Barbara Brewster, wife of Rep. Brewster. David Katz, guest of Rep. Phinizy. Cynthia and Hanna Neale, guests of Rep. Karen Hutchinson. Former NH Rep. Betty Bardsley and Bill Bardsley, guests of Reps. Leber and Brewster. Ann and Caitlin Bergin, wife and daughter of Rep. Bergin. Alton and Doris Mosher and Margo Harrison, guests of Rep. Stickney.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 93 and 248.

Rep. Ronald Nowe, Sen. D’Allesandro for the Committee

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 109-FN-A-L, establishing a flat rate education income tax and a statewide education property tax to fund public education and making an appropriation therefor. (Amendment printed SJ 9, 3/25/99)
Rep. Kurk moved that the House nonconcur.
Reps. Desmarais and Knowles spoke in favor.
Rep. Wallin spoke against and yielded to questions.
Rep. Jacobson spoke against.
Rep. Kurk spoke in favor.
Rep. Kurk requested a roll call; sufficiently seconded.
The question being the motion to nonconcur.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 550-L, relative to the date town reports must be made available in towns which have adopted the official ballot referenda form of meeting, removed by Rep. Hess.

HCR 8, urging nonimplementation of the articles of the Kyoto Protocol on global climate change, removed by Rep. Tuthill.

HB 430, requiring anyone operating windshield wipers to also have on headlights, removed by Rep. Avery.

Consent Calendar adopted.

HB 356, relative to the issuance of summons and notice in CHINS petitions. **OUGHT TO PASS**
Rep. Mary Stuart Gile for Children and Family Law: This bill provides that notification of pending court petitions relating to children in need of services (CHINS) be sent to the non-custodial parent via certified mail, return receipt requested, to his or her last known address. Vote 14-0.

HB 540, relative to court diversion programs. **INEXPEDIENT TO LEGISLATE**
Rep. Anne C. Grassie for Children and Family Law: The issues contained in this bill will be addressed in HB 721 which is currently being discussed in a sub-committee of Children and Family Law. Vote 16-0.

HB 555, relative to representation of a child during child interviews. **RE-REFER TO COMMITTEE**
Rep. Ruth Ginsburg for Children and Family Law: The committee decided that since so many questions were raised as we discussed the bill, more time was needed to clarify the issues. Vote 16-0.

HB 674, relative to the solemnization of marriages. **INEXPEDIENT TO LEGISLATE**
Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill would forbid marriages to be performed by any religious authority who did not hold a commission from the state. The committee believes that religiously performed marriages should be recognized by the state as is done at present. Vote 12-1.

HB 723-FN, relative to standby and emergency guardianship proxies. **OUGHT TO PASS**
Rep. Mary Stuart Gile for Children and Family Law: This bill authorizes parents to establish short-term guardianship for their minor children either on a temporary or emergency basis and defines the protocol for designation of standby guardianship proxies. The committee felt this bill would reduce the turmoil and potential trauma to children in times of family crises, especially when parents die unexpectedly or are incapacitated due to illness or accident. Vote 13-0.
Referred to Finance.

HB 254-L, relative to restricting the fire marshal's authority in certain municipalities. RE-REFER TO COMMITTEE

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill would restrict the powers of the state fire marshal's office in those communities of 3000 or more. It was determined that this would create several problem areas. In order to address all of the problems this bill would create it was decided to re-refer this bill to committee. Vote 17-0.

HB 345-FN, relative to harassment via the Internet. OUGHT TO PASS WITH AMENDMENT

Rep. Kathleen M. Flora for Criminal Justice and Public Safety: With the passage of HB 345-FN, the committee adds harassment via a computer to RSA 644:4:II. The bill updates the statute to include current technological advances and includes electronic transmissions communicated via a "computer". This definition of a "computer" means a programmable electronic device capable of accepting and processing data. Seventeen other states have already enacted laws covering Internet harassment. Vote 17-1.

Amendment (0482h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to harassment via the computer.

Amend the bill by replacing section I with the following:

I Harassment. Amend RSA 644:4, II to read as follows:

II. As used in paragraph I, "communicates" means to impart a message by any method of transmission, including but not limited to telephoning or personally delivering or sending or having delivered any information or material by written or printed note or letter, package, mail, courier service or electronic transmission, *including electronic transmissions generated or communicated via a computer. For purposes of this section, "computer" means a programmable, electronic device capable of accepting and processing data.*

AMENDED ANALYSIS

This bill makes harassment via a computer a class A misdemeanor.

HB 367, relative to requesting certifying scientists to appear at DWI hearings. OUGHT TO PASS

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: Under existing law (RSA265) a person charged with operating under the influence of alcohol may request that the person who conducted the blood alcohol test appear in court. HB 367 will change the responsibility for the appearance in court from the alcohol analyst who performed the test to the certifying scientist. The certifying scientist is the state's forensic toxicologist, who under existing law provides testimony in cases where a defendant is charged with being under the influence of controlled drugs. The results of passage of this bill will allow the alcohol analyst to stay in the lab doing tests instead of traveling to court 2 – 3 times a week. The travel time and the court time equal about 5 hours for each appearance. The implementation of this bill will save the state money, speed up the testing turnaround time, and be consistent with what we do for drug tests. Vote 12-0.

HB 427, relative to the laws requiring a prescription to possess hypodermic needles and modifying the drug paraphernalia laws applying to syringes. RE-REFER TO COMMITTEE

Rep. Maxwell D. Sargent for Criminal Justice and Public Safety: This bill would repeal the law requiring a prescription for purchasing hypodermic needles as well as requiring information on drug addiction treatment. The committee brought forth several questions for which there were no quick, concise answers. There was interest in data from other states without prescription laws including needle disposal, the willingness of pharmacists to participate, addict participation, addicts crossing state lines to purchase, etc. Therefore, it was determined these questions and concerns could be more thoroughly addressed in a concentrated study effort through the summer. Vote 15-1.

HB 509, relative to requirements in order to obtain a private detective license. INEXPEDIENT TO LEGISLATE

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill would modify the requirements for a private detective license by adding to those currently contained in RSA 106-F:6 a provision to utilize a written examination in lieu of any of the "experience criteria" currently part of

the law. After hearing testimony and review of how the licensing procedures are operating, it was determined (1) there is currently an alternate way to qualify for a license involving apprenticeship and (2) the existing system has not created any type of a problem requiring fixing. Vote 17-1.

HB 481-FN, relative to penalties for unlicensed practice of regulated occupations and professions. **INEXPEDIENT TO LEGISLATE**

Rep. Alida I. Millham for Executive Departments and Administration: This bill would provide there be no penalty for unauthorized, unlicensed, unregistered practice of an occupation or profession if a person provided the appropriate board or commission with his/her name and occupation or profession. This bill would, essentially, eliminate licensure, registration or other authorization. The committee decided this bill is not in the interest of protecting the public safety and would serve to undermine the protections offered by licensure, registration or certification. Public policy should be pro-active. Vote 17-0.

HB 671, adding a member to the council on resources and development. **OUGHT TO PASS**

Rep. Michael O'Neil for Executive Departments and Administration: The committee agreed that the addition of the commissioner of cultural resources to the council will strengthen the council of resources and development by providing a direct connection between several of its key responsibilities and the state agency charged with protecting the state's historic and cultural resources. Vote 15-0.

HB 237-FN, relative to the percentage of gross sales from each state aggregated in the tri-state lotto compact pool. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: While this proposal was submitted at the request of the Sweepstakes Commission, the Commission now indicates that the bill is no longer necessary as a result of the failure of Vermont to adopt parallel legislation. Without the unanimous agreement of all three states in the tri-state lottery compact (Maine, New Hampshire and Vermont) the desired result would not take effect and the bill is of no use. Vote 24-0.

HB 489-FN-A, exempting certain transfers to or from a revocable trust from the real estate transfer tax. **INEXPEDIENT TO LEGISLATE**

Rep. Avis B. Nichols for Finance: This bill would exempt from the real estate transfer tax any transfers of real estate into or from a revocable trust. The law as it now stands taxes these transfers at the minimum charge of \$40 when for estate planning purposes. The committee felt this is not excessive and should stand. Vote 22-2.

HB 619-FN, requiring the commissioner of health and human services to produce certain quarterly reports. **OUGHT TO PASS WITH AMENDMENT**

Rep. Mary Jane Wallner for Finance: As amended, the bill calls for the Department of Health and Human Services to produce these reports annually. The annual report will provide the legislature with information about accounts payable in the large health and human services grant lines. This is a tool for the legislature to use in monitoring the state budget. Vote 21-1.

Amendment (0455hh)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the commissioner of health and human services to produce certain annual reports.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court declares that to give the general court, the public, and the department of health and human services a more accurate picture of the financial condition of the department, an annual report of certain payables is necessary. This will increase the accuracy and effectiveness of budgeting, policy-making, program evaluation, and financial control for the department of health and human services.

2 New Paragraph; Certain Reports on Payables Required. Amend RSA 126-A:5 by inserting after paragraph II the following new paragraph:

II-a. Sixty days after the end of each fiscal year, the commissioner shall produce an annual report which shall consist of an aggregate schedule of payables for class 90 grant lines, which are greater than \$1,000,000, for such fiscal year. Payables shall start with the date the bill for goods or services is received by the department without regard to whether the bill is subsequently adjusted

or paid. All payables with a receipt date within the report period shall be included. The report shall be submitted to the legislative budget assistant, the house and senate finance committees, the house speaker, senate president, and the governor.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the commissioner of health and human services to produce certain annual reports.

HB 681-FN, requiring that all moneys received by the state treasurer which are not constitutionally dedicated be deposited in the general fund. **INEXPEDIENT TO LEGISLATE**

Rep. Robert G. Holbrook for Finance: The subject of dedicated funds has always been a controversial subject, but to drastically sweep all dedicated funds from the many efforts of the state, such as parks and recreation, watercraft safety, oil pollution control, underground leaking storage tanks recovery costs, police standards and training programs, emergency communications, and hazardous waste reclamation, to mention a few, is not a common sense approach to this continuing practice of departments of the state. Vote 23-1.

HB 233, establishing a committee to study the price of prescription drugs. **INEXPEDIENT TO LEGISLATE**

Rep. Robert Chabot for Health, Human Services and Elderly Affairs: This bill is well intentioned and sorely needed. The Department of Health and Human Services & Elderly Affairs is in the process of contracting with a vendor to provide a discount drug program for New Hampshire's seniors. The department will continue to address the cost issue for pharmaceuticals. The committee did not want to disrupt this ongoing initiative by Health and Human Services. Vote 14-0.

HB 326-FN, requiring the department of health and human services to survey home health care agencies for compliance with federal regulations for medicare. **RE-REFER TO COMMITTEE**

Rep. Francine Wendelboe for Health, Human Services and Elderly Affairs: New federal regulations require inspections of home health agencies for compliance with federal regulations for Medicare. It was discovered that two home health agencies who do not provide Medicare services were impacted by this. A representative of the Department of Health and Human Services told the subcommittee that this could be worked out in rules, and that no action would be taken for non-compliance until addressed in rules. The re-refer motion will enable that process to be followed through. Vote 16-0.

HB 329, relative to privatization of nursing homes. **INEXPEDIENT TO LEGISLATE**

Rep. Walter D. Ruffner for Health, Human Services and Elderly Affairs: This bill theoretically would study the privatization of county nursing homes. Counties have jurisdiction over their homes at present and testimony was presented that counties have the power to privatize now. It was deemed by the committee to be impractical and economically unfeasible. Vote 16-0.

HB 353, relative to access to toilet facilities in public places. **INEXPEDIENT TO LEGISLATE**

Rep. Andre Martel for Health, Human Services and Elderly Affairs: This legislation is intended to allow public access to toilet facilities in public accommodations. Although well intended, by placing this requirement in law, certain properties will have many security problems i.e. liquor stores, jewelry stores, etc. It was felt that public access should be left to individual site personnel. Vote 18-0.

HB 530, establishing a committee to review the policies and procedures of the joint health council. **OUGHT TO PASS**

Rep. Paul Perkins for Health, Human Services and Elderly Affairs: This bill establishes a study committee to address the problems and procedures as they relate to the Joint Health Council. After receiving public input, the committee feels strongly with a 17-0 vote of OTP that the original intent of the council needs to be studied. The major problem is that the current council and the procedure by which requests for changes to the drug formulary are made, are lengthy and cumbersome and may be restricting the access of services to their patients. Vote 17-0.

HB 502-FN, subjecting all rules promulgated and administrative actions taken by lower courts to review and approval by the legislature. **INEXPEDIENT TO LEGISLATE**

Rep. Peter F. Bergin for Judiciary: At the recommendation of the sponsor, this bill was withdrawn and recommended to be ITL. The sponsor felt that his concerns have been met by previously filed legislation and testimony received by the members of the Judiciary committee. Vote 17-0.

CACR 7, relating to the size of the legislature and the salary for legislators. Providing that the size of the house of representatives be reduced and the article related to the compensation of the legislature be removed from the constitution. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Legislative Administration: The committee felt that to diminish the size of the New Hampshire House of Representatives would make the House less representative of our citizens. The size of our House allows members to focus on an area and develop an expertise thereby assuring that all legislation receives significant consideration and review. The committee did not wish to change the nature of our citizen legislature. The committee also considered the question of amending the constitution to delete any reference to the compensation of the legislature. This would allow our compensation to be increased without a vote of our citizens. The committee felt that the legislature is already considering many other issues this session which will require significant funding and increasing our yearly compensation did not reach that level of importance. Vote 12-1.

HB 467, establishing a committee to study the ability of the legislature to obtain accurate testimony. **INEXPEDIENT TO LEGISLATE**

Rep. Donnalee Lozeau for Legislative Administration: This bill would establish a committee composed of 9 House members and 2 Senators to review the ability of the General Court to obtain accurate testimony. This proposed committee would review instances of alleged "unlawful invasions" of the constitutional rights of individuals testifying before the legislature by state and federal prosecutors.

The committee did not hear evidence of any actual violations. The scope of the proposed study committee was also not clearly defined. For these reasons, the committee voted to recommend that this bill be found Inexpedient to Legislate. Vote 14-0.

HB 603, relative to the performance audit and oversight committee. **OUGHT TO PASS**

Rep. Warren C. Henderson for Legislative Administration: This bill would streamline the process under which the legislature reviews the functions and performance of state agencies. The Performance Audit and Oversight Committee was established to allow review of state agency functions and to insure that those agencies operate in an efficient manner. Audits recommended by this committee have revealed outdated practices, lack of financial safeguards, and on occasion, activities not authorized by law. These audits have also revealed efficient practices and innovative ideas which should be shared with other agencies. While current law authorizes the Performance Audit and Oversight Committee to make recommendations for agency audits, the Fiscal Committee must approve the recommendation and actually receives the audit. To enable the Performance Audit and Oversight Committee to more efficiently fulfill its duties, this bill would add the chairman of the Fiscal Committee to the audit committee and authorize the audit committee to request and receive audits without requiring the separate approval of the fiscal committee. Vote 14-0.

HB 99, relative to granting to the county convention the authority to fill vacancies in elected county offices and to remove county officers for official misconduct. **INEXPEDIENT TO LEGISLATE**

Rep. Anthony F. Simon for Municipal and County Government: This bill would have authorized the county convention to fill vacancies in county offices. The Committee believes that giving the convention this authority would unduly politicize the process of filling vacancies. The Committee further believes that the approach taken by HB 604 is the best way to address this issue. Vote 14-0.

HB 209, relative to authorizing the consideration of traditional village patterns in local zoning ordinances. **RE-REFER TO COMMITTEE**

Rep. Anthony F. Simon for Municipal and County Government: This bill and HB 391 both deal with maintaining traditional, municipal growth patterns. It is the Committee's intent to study the concepts embodied in this bill with those in HB 391, which we also recommend be re-referred to the committee. Vote 14-0.

HB 523, relative to the terms of office of county officers. **INEXPEDIENT TO LEGISLATE**

Rep. Linda T. Foster for Municipal and County Government: The committee appreciates the sponsor's willingness to offer an amendment, which addressed problems concerning the recount and appeals process precipitated by this proposed change. Unfortunately, other important concerns, such as inadequate transition time and multiple recounts and subsequent appeals, still exist. The

New Hampshire Association of Counties Executive Board voted unanimously to oppose this bill. A representative from this Association who is also a county officer testified that most transitions are smooth. The Committee unanimously believes that the existing date has generally worked well and should be retained. Vote 14-0.

HB 569, relative to the tax credit for service-connected total disability. RE-REFER TO COMMITTEE

Rep. Elizabeth S. Hager for Municipal and County Government: The committee learned during the public hearing and in subsequent subcommittee work that the definitional change in this bill is more complex than it appears. The committee is committed to working to assure fair treatment of our veterans in studying this bill. Vote 14-0.

HB 583, extending the reporting date for the committee studying the issue of updating New Hampshire laws related to fences. OUGHT TO PASS WITH AMENDMENT

Rep. Norma A. Sabella for Municipal and County Government: This extends the reporting date for the Committee studying the issue of updating New Hampshire laws related to fences from November 1, 1999 to November 1, 2000. Vote 14-0.

Amendment (0440h)

Amend the bill by replacing section 1 with the following:

1 Reporting Date Extended. Amend 1998, 62:6 to read as follows:

62:6 Report. The committee shall report its findings and any recommendations for legislation to the speaker of the house, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, ~~[1998]~~ 2000.

HB 587, relative to form of records of property with registers of deeds. INEXPEDIENT TO LEGISLATE

Rep. Betsey L. Patten for Municipal and County Government: This bill would require that the local tax map and lot number be placed on all deeds or instruments prior to allowing the Register of Deeds to record such documents. Besides restricting the Register, the Committee knows that the tax map lot, and block numbers change constantly and are not intended to be legal identifications to be used for assessing purposes. Vote 14-0.

HB 595-L, enabling municipalities to grant the elderly property tax exemption to an additional person in a household. RE-REFER TO COMMITTEE

Rep. Anthony F. Simon for Municipal and County Government: This bill would have allowed municipalities to adopt an additional elderly exemption for members of the same household. The Committee believes that the bill requires further study as it may be directly affected by a statewide property tax. Vote 14-0.

HB 604, relative to filling a vacancy in the office of county commissioner. OUGHT TO PASS

Rep. David W. Hess for Municipal and County Government: As introduced, this bill would amend current law by providing that any person appointed to fill a vacancy in the office of county commissioner serve only until the next biennial election, rather than for the full, unexpired term of that vacancy, which is current law. The Committee considered and rejected two amendments to this bill which would have vested the power to fill such a vacancy in the remaining, two county commissioners. The Committee was very concerned about the process (or lack thereof) which the Superior Court has followed recently in filling several county commissioner vacancies and urges the Court to adopt formal, open procedures for carrying out this statutory duty in the future. However, the Committee concluded that the present statutory framework is preferable to the alternatives, at least for now. Vote 15-0.

HB 661-L, relative to the scope of abatement appeals. OUGHT TO PASS

Rep. Betsey L. Patten for Municipal and County Government: This legislation ensures that the Board of Tax and Land Appeals and the Superior Court have authority during the tax abatement process to increase the assessed value placed on a parcel of land, if the parcel had been undervalued or had "escaped taxation." Vote 14-1.

HB 731-L, relative to allowing the granting of tax abatements or tax deferrals to owners of open space land. **INEXPEDIENT TO LEGISLATE**
 Rep. Marilyn A. Fraser for Municipal and County Government: The committee concluded that this bill is not necessary due to the fact that its objectives can already be accomplished through RSA chapters 79-B and 79-C, as well as through long-recognized real estate conveyance methods, already available Vote 12-0.

HB 413-FN-A, relative to the renovation of regional vocational education centers, and making an appropriation therefor. **RE-REFER TO COMMITTEE**
 Rep. William P. Brennan for Public Works and Highways: The committee felt this bill should be re-referred back to the committee so that the funding could be properly straightened out. Obviously, on such an important matter the Public Works & Highways committee wants to be clairvoyant. Vote 16-0.

HB 383, relative to the authority of the department of environmental services to assign air pollution allowances and credits. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Terie T. Norelli for Science, Technology and Energy: This bill, as amended, allows the Department of Environmental Services to allocate emission reduction credits after submission to the Air Pollution Advisory Committee for review and recommendation. The bill also defines "shutdown emissions credit." Vote 17-0.

Amendment (0533h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions; Shutdown Emissions Credits. Amend RSA 125-J:1, XXIII to read as follows:

XXIII. "[**Public**] **Shutdown** emissions credit" means emissions reduction credits acquired by the state ~~[either through certifying emissions reductions on state devices, area sources, mobile sources, and sources, transfer,]~~ **through** shutdown of devices and sources~~[, or from emissions reductions achieved by implementation of applicable state law more stringent than the federal minimum requirements under the Clean Air Act].~~

2 New Section; Emissions Reduction Credits Trading Program; Allocation of Emissions Reduction Mechanisms. Amend RSA 125-J by inserting after section 4-a the following new section:

125-J:4-b Allocation of Emissions Reduction Mechanisms. The department may also establish and administer a process for the allocation of NOx budget allowances, emissions reduction credits, discrete emission reductions, and other emissions reduction mechanisms which it is assigned by the federal government or interstate agreements or which it acquires in any other manner, except for shutdown of devices and sources. The department may allocate emissions reduction mechanisms without receiving payment in return.

3 Emissions Reduction Trading Program; Use of Emissions Reduction Credits. Amend RSA 125-J:5, VII, VIII and IX to read as follows:

VII. Emissions reduction credits which have been certified to, or emissions reductions which are eligible for certification to, a device or source which shuts down its production operations shall be [**public**] **shutdown** emissions credits and shall revert to the state for use consistent with this chapter, except where such ERCs are to be used at other devices and sources within the state by the person or persons who owned, operated or controlled the device or source that was shutdown.

VIII. [**Public**] **Shutdown** emissions credits obtained by the state pursuant to this chapter shall be used or held for use by the governor and council for meeting any requirement of the state implementation plan, any attainment demonstration under the Clean Air Act, or for transfer to new or existing devices and sources in the state which require offsets under the Clean Air Act. In determining the use or transfer of [**public**] **shutdown** credits, the governor and council shall consider the following criteria:

(a) Whether the **shutdown** credits will result in job retention, which shall be the highest priority.

(b) Whether the **shutdown** credits will be used for economic development in New Hampshire.

(c) Whether a prospective company offers the best prospects for long-term growth and job creation.

(d) Current New Hampshire businesses shall be given priority over businesses relocating to New Hampshire.

(e) The market value of the *shutdown* credits.

(f) No less than 75 percent of [~~public~~] *shutdown* emissions credits generated in serious nonattainment areas shall be applied to requirements applicable in serious nonattainment areas.

IX. Funds from the sale of [~~public~~] *shutdown* emissions credits be placed in a special account within the air resources permit fund to be used by governor and council for the acquisition and generation of ERCs for future economic development.

4 Emissions Reduction Trading Program; Rulemaking Authority; Submission. Amend the introductory paragraph of RSA 125-J:12, I to read as follows:

I. Notwithstanding RSA 541-A, the commissioner shall adopt special temporary rules not subject to RSA 541-A as expeditiously as possible after July 1, 1996, except that the department shall hold a public hearing on the proposed special temporary rules and shall provide the public with notice of the hearing and an opportunity to testify and comment in writing, in accordance with the terms of the notice. The commissioner shall submit proposed rules pursuant to RSA 541-A [~~no later than June 30, 1997~~] *as expeditiously as possible after the issuance of Environmental Protection Agency guidance*. Such temporary and permanent rules shall include, but not be limited to, the following:

5 Emissions Reduction Trading Program; Rulemaking Authority; Submission. Amend RSA 125-J:12, II to read as follows:

II. Any proposed special temporary rules to be adopted under paragraph I shall be submitted for review and recommendation to the air pollution advisory committee and the air resources council at least 30 days prior to adoption. Any proposed rules to be adopted pursuant to RSA 541-A shall be submitted to the air pollution advisory committee for review and recommendation at least 30 days prior to filing a notice of proposed rule with the director of legislative services under RSA 541-A:6. *Any proposed allocations of any emissions reduction mechanisms pursuant to RSA 125-J:4-b shall be submitted to the air pollution advisory committee for review and recommendation at least 30 days prior to the allocation.*

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows the department of environmental services to establish and administer a process for the allocation of NOx budget allowances, emissions reduction credits, and other emissions reduction mechanisms.

This bill also makes a definitional change.

HB 402, establishing a commission to study the use of a surcharge to promote the use of renewable energy sources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jacqueline A. Pitts for Science, Technology and Energy: This bill establishes a legislative committee to study ways to promote the use of renewable energy sources. The committee is charged with making suggestions and proposing possible legislation by November 1, 1999. Vote 16-0.

Amendment (0319h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study methods to promote the use of renewable energy sources.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study methods to promote the use of renewable energy sources.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Five members of the science, technology and energy committee of the house of representatives, appointed by the speaker of the house of representatives.

(b) Five members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study methods to promote the use of renewable energy sources. The committee shall seek input from representatives of the renewable energy industry and interested state agencies. As part of its study, the committee shall examine:

- I. The system benefits charge established pursuant to RSA 374-F:4 and similar charges levied by other states that promote renewable energy sources.
 - II. Programs and initiatives instituted by other states to promote renewable energy.
 - III. Implementation issues specific to deregulated markets.
 - IV. Recommendations regarding the amount of the system benefits charge in light of program goals, market activity, and consumer concerns.
- 4 Chairperson; Quorum. The first meeting of the committee shall be called by the first-named house member. The members shall elect a chairperson. The first meeting of the committee shall be held within 45 days of the effective date of this section. Six members of the committee shall constitute a quorum.
- 5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.
- 6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study methods to promote the use of renewable energy sources.

HB 258, establishing Gold Star Mother's Day honoring mothers who lost sons or daughters while on duty in the armed forces. **OUGHT TO PASS**

Rep. George R. Rubin for State-Federal Relations and Veterans Affairs: The Committee strongly supported Gold Star Mother's Day as an annual Sunday observance on a certain Sunday. Vote 12-0.

HCR 1, encouraging an increased distribution of federal money out of the military budget to the states sufficient to meet domestic needs. **INEXPEDIENT TO LEGISLATE**

Rep. George R. Rubin for State-Federal Relations and Veterans Affairs: There was no evidence expressed that the military budget was in any fashion necessarily available or in any fashion to be reduced to fund domestic programs further. Vote 12-0.

HB 403, relative to speed limits on Turtle Town Pond in Concord. **OUGHT TO PASS**

Rep. Alfred C. Lerandeau for Transportation: This bill adopts the speed limit on frozen surfaces of Turtle Town Pond in Concord, which was previously repealed effective June 30, 1998, at 55 miles per hour. Due to the small size of the pond, and the overwhelming testimony of the local residents as to how effective the speed limit had worked previously, it became our consensus to recommend continuing the speed limit. Vote 20-0.

HB 409, establishing a committee to study transportation of bulk unpackaged food products for livestock and human consumption. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill's intent is to establish a committee to study the transportation of bulk unpackaged food products for livestock and human consumption, and has good intentions by the sponsor who introduced the bill for a constituent who had an incident. However, testimony given by the department of agriculture assured the committee that safeguards are in place by state and federal statutes and standards. This is an area where the department can promulgate rules to adapt to any unhealthy trends. The committee did not feel it was necessary to form a study committee to further study this issue. Vote 20-0.

HB 453, requiring certain vehicles that transport children to school or school-related activities to meet the minimum safety standards for school buses. **INEXPEDIENT TO LEGISLATE**

Rep. George A. LaPorte for Transportation: Since the federal government will supercede this bill in 2003, by outlawing vans that transport school children, the committee felt this bill was not needed. Vote 19-1.

HB 589 FN-L, mandating a cap on municipal registration fees for recreational vehicles. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: This bill would set a cap on probably the most expensive motorized vehicles on the road. The committee felt that if someone is spending \$100,000 plus for a motor home, they have the means to pay the local town tax. Vote 20-0.

HB 702-FN, relative to pro-rating the registration fees for recreational campers. **INEXPEDIENT TO LEGISLATE**

Rep. John W. Flanders, Sr. for Transportation: This bill would allow for recreational campers to be registered on a prorated basis by how many months a year they were used. This would do two things: create a bookkeeping nightmare for town clerks; and, open the door to all seasonal vehicles demanding the same consideration – (motorcycles, snowmobiles, boats, motor homes). This could conceivably cost city and towns revenue. Vote 20-0.

HB 552, relative to the issuance of crossbow permits to persons with a permanent physical disability. **OUGHT TO PASS WITH AMENDMENT**

Rep. Rose Marie Rogers for Wildlife and Marine Resources: This bill enables persons with certain permanent disabilities that preclude the use of a conventional longbow, or compound bow safely, to hunt with a crossbow. Vote 17-1.

Amendment (0512h)

Amend RSA 207:10-c, I as inserted by section 1 of the bill by replacing it with the following:

I. Notwithstanding the provisions of RSA 207:10, a crossbow permit may be issued to a person ~~[so physically impaired by the permanent loss of the shoulder, arm, elbow, forearm, wrist or hand or the permanent loss of functions of same, such that]~~ *who has a permanent physical disability and as a result of that disability* the person cannot operate a conventional longbow or compound bow safely. Such permit shall allow that person to take ~~[one]~~ deer during bow and arrow hunting season, ~~[one]~~ bear during the specified season, wild turkey, and carp from Mascoma lake pursuant to RSA 211:2, provided that the necessary licenses under RSA 208, RSA 209, and RSA 214 have been acquired each year. The permit applicant may be required to appear before the executive director, the director's designee or designated medical consultant or consultants to substantiate the presence of the disability and demonstrate the ability to safely use a crossbow. The applicant shall be responsible for submitting medical documentation as required by the executive director. The executive director may require a second medical opinion from a medical consultant or physician designated by the executive director to verify the disability. Any costs associated with obtaining the medical documentation, re-evaluation of the information or a second medical opinion, upon recommendation of the medical consultant or consultants, are the responsibility of the applicant. The executive director shall determine the eligibility of the applicant, and the executive director's decision shall be final.

AMENDED ANALYSIS

This bill clarifies the issuance of crossbow permits to persons with a permanent physical disability.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, April 1, 1999 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 356, relative to the issuance of summons and notice in CHINS petitions.

HB 345-FN, relative to harassment via the computer.

HB 367, relative to requesting certifying scientists to appear at DWI hearings.

HB 671, adding a member to the council on resources and development.

HB 619-FN, requiring the commissioner of health and human services to produce certain annual reports.

HB 530, establishing a committee to review the policies and procedures of the joint health council.

HB 603, relative to the performance audit and oversight committee.

HB 583, extending the reporting date for the committee studying the issue of updating New Hampshire laws related to fences.

HB 604, relative to filling a vacancy in the office of county commissioner.

HB 661-L, relative to the scope of abatement appeals.

HB 383, relative to the authority of the department of environmental services to assign air pollution allowances and credits.

HB 402, establishing a committee to study methods to promote the use of renewable energy sources.

HB 258, establishing Gold Star Mother's Day honoring mothers who lost sons or daughters while on duty in the armed forces.

HB 403, relative to speed limits on Turtle Town Pond in Concord.

HB 552, relative to the issuance of crossbow permits to persons with a permanent physical disability.

UNANIMOUS CONSENT

Reps. Scanlan, Dickinson, Chandler, Mirski, Burnham and Hess addressed the House.

Rep. Kennedy moved that the remarks made by Rep. Scanlan be printed in the Journal.

Adopted.

Rep. Scanlan: Thank you, Madam Speaker and members of the House. During these busy times, and we are in a busy time now, it is very easy to take for granted and possibly under-appreciate a group of people that really make this place tick and that is the staff that you see working around here on a daily basis. From their friendly greetings in the morning to the hard work that committee researchers do during the day, the efficient staff of the clerk's office, during my time here I've only experienced professionalism and extreme courtesy to the members of the House. I hope that I speak for a lot more than just myself when I say I want to thank each and every one of those people for the hard work that they do around here and keep up the good job.

Last Friday, the Facilities Committee met and as a result of that meeting there are two faces that are no longer here, both from the security office, Betty and Claffee who many of you know. My feelings about them are personal because I have known them for a long time and I think that they did an outstanding job around here. The reasons for the committee's action last Friday is in the minutes, which are now sealed. I don't know what they say. I personally find it awfully hard to believe that those two would have acted in a way that resulted in the treatment that they received last Friday. I hope I speak for more than just myself when I say to Betty and Claffee, "Thank you for the hard work that you did around here. I enjoyed seeing you on a daily basis and exchanging pleasantries. I hope that whatever you do from now on is great for you." Thank you.

Rep. Buckley moved that the remarks by Rep. Hess be printed in the Journal.

Adopted.

Rep. Hess: Thank you very much, Madam Speaker. Rep. Chandler and I share something in common today and that is number one, a pledge never to ask for unanimous consent and number two, breaking the pledge today. But, I rise to address you and myself included, because I am deeply disturbed about a trend which I see developing, if not accelerating, in this House. I'm not talking about specific votes. I'm not talking about specific issues or bills. I'm talking about a loss of civility. I'm talking about a fundamental disrespect for the processes and procedures and traditions of this House and I'm talking about an increasing lack of basic personal respect for each other. I'm going to cite some examples and some of you may think of particular members in the House that they fit. That is not my intent and I dare say the behavior that I find disconcerting is behavior that all of us, myself included, have engaged in over the last three months. Let me give you some examples of things that I have not seen happen before in this House, in this Chamber, over the last 15 years when I have been here on and off. I have seen members on more than one occasion walk across the well or walk down the aisle while one of us has been at this lectern or at that lectern. I have seen members, after being ruled out-of-order, continue to speak from the well. I have seen members ask for informal displays of condemnation or support by methods that are clearly unwarranted and out-of-order. I have seen, on increasing occasions, whole bodies of this House express either their displeasure or their support for particular issues as they have been stated from this location. There is nothing so important to this House as its processes and its procedures. Because if we do not follow them we cannot decide any issue, not one, whether it be the most important that you think or the least important. Because without process, without procedure, this House col-

lapses. It collapses into chaos, democracy falters and fails and civil society begins to crumple into anarchy. So, I implore you and I implore myself, honor the traditions and the processes and the procedures which have developed over the years and centuries because they developed for a purpose. They work. Show fundamental respect to your fellow members and keep in mind that your ally today is going to be your opponent tomorrow. Abide by the rulings of the officers that we have elected unless they are properly challenged and overruled. It will be a much more pleasant place to be and we will be able to get our business accomplished in a much more desirable and appropriate manner. Thank you very much.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.
Adopted.

The House recessed at 2:45 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 12

Thursday, April 1, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church. In our silence, God, on this April Fool's day as well as this Maundy Thursday that precedes this high and holy occasion in the life of the church, we can't help but think about those who serve in places around the world on our behalf, including at least three of our servicemen who now are apprehended by the Serbian government. Allow us the opportunity at this time, God, to pray for them in this moment of silence. Furthermore, God, help us in our efforts not to take ourselves so seriously that we miss the point that it was Your divine folly that ultimately led to the events that we will be celebrating to one degree or another throughout this weekend. In the name of Jesus Christ, I pray. Amen.

Rep. Pepino led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Dearborn, Drabinowicz, Eugene Gagnon, Golden, Hunter, LaPorte, McIntyre, O'Keefe, Irene Pratt, Robb-Theroux and Searles, the day, illness.

Reps. Czech, Dolan, Ginsburg, Hess, Richard Herman, Howard, Mosher, Nolan-Piteri, Stritch and Weatherspoon, the day, important business.

Reps. Cooney, Wallner and Wiggins, the day, illness in the family.

INTRODUCTION OF GUESTS

Helen Holbrook, wife of Rep. Holbrook. Barbara Brewster, wife of Rep. Brewster. The Young Farmers and Associates Women's Committee from the NH Farm Bureau, guests of the Environment and Agriculture Committee. Richard Gerrish, guest of Rep. John Flanders. Sarah Freeman, daughter of Rep. Clegg.

SENATE MESSAGE

CONCURRENCE

HB 73, extending the reporting date of the commission to study the effects of and jurisdiction over alternative agricultural products.

REGULAR CALENDAR

HB 576-FN-A, establishing additional staff positions for child impact seminars, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Karen K. Hutchinson for Children and Family Law: This bill expands the successful child impact seminars into additional counties so that it will be available in all of the counties throughout New Hampshire. Child impact seminars teach parents the effects of divorce on children. Vote 14-1.

Amendment (0514h)

Amend the bill by replacing sections 2-3 with the following:

2 Child Impact Seminars; Positions Created. There are hereby created 3 full-time court assistant III positions and one part-time court assistant III position within the child impact program for the purpose of managing the child impact seminars pursuant to RSA 458-D.

3 Appropriation. The sum of \$111,794 for the fiscal year ending June 30, 2000, and the sum of \$111,794 for the fiscal year ending June 30, 2001, are hereby appropriated to the judicial branch for the purpose of establishing additional positions to manage the child impact seminars. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill authorizes and appropriates funds for the establishment of additional positions within the child impact program for the purpose of managing the child impact seminars.

Adopted.

Report adopted and referred to Finance.

HB 712-FN-L, requiring notification to school districts of certain restraining orders and of the presence, or return to the school, of certain juvenile offenders. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Children and Family Law: This bill, as submitted, mandates the notification to the current school system by the clerk of court of all criminal convictions, restraining orders, confinements and releases from any detention facility. Once the school system receives the information it becomes part of the student's permanent record and would be forwarded with the student transcript whenever requested either by another school, college or even the military. It is the consensus of the committee that this bill is too complex, far-reaching, and would be difficult to execute. The juvenile system of justice does not recognize "criminal convictions". There are no provisions for "juvenile restraining orders" and the state and federal statutory requirements of confidentiality would be impossible to maintain. There are other provisions available to address the issues the sponsors are working to resolve. Vote 9-4.
Adopted.

HB 84-FN, requiring a one year mandatory prison sentence for a third driving while intoxicated conviction. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: RE-REFER TO COMMITTEE.**

Rep. Everett A. Weare for the Majority of Criminal Justice and Public Safety: As amended, this bill mandates a minimum 6 months confinement for a third time conviction for DWI. It authorizes the use of electronic monitoring, special alternative incarceration programs offered by the county departments of correction, intensive community supervision, as a condition of probation for any suspended sentence. The individual must successfully complete an approved 28-day residential treatment program before the driver's license may be restored. Vote 10-7.

Rep. Timothy N. Robertson for the Minority of Criminal Justice and Public Safety: A minority of the committee felt that mandatory sentencing of DWI offenders unwisely intrudes on judicial discretion. They reasoned that this matter should be referred for study to examine more effective means of addressing a serious societal problem such as treatment options, electronic monitoring and other creative approaches.

Amendment (0364h)

Amend the bill by replacing section 1 with the following:

1 Multiple DWI Offender Intervention Detention Center Program; Subsequent Convictions. RSA 265:82-b, II(b)(2) is repealed and reenacted to read as follows:

(2) If the person has completed the state-operated 7-day multiple DWI offender intervention detention center program as required under subparagraph (a)(3) upon conviction for a prior offense, the person shall be sentenced to imprisonment for a period of not less than one year, no more than 6 months of which may be suspended. Any suspended sentence may include, as a condition of probation, confinement to a person's place of residence, intensive community supervision, electronic monitoring and special alternative incarceration programs offered by the county department of corrections pursuant to RSA 651:2, V. Any offender placed in a home confinement, intensive supervision, electronic monitoring, or special alternative incarceration program who violates the conditions or restrictions of probation shall be subject to immediate arrest by a probation officer or any other authorized law enforcement officer and brought before the court for an expeditious hearing pending further disposition. The person shall also successfully complete at the person's own expense, unless recommended treatment is provided by the correctional facility at no cost, a residential treatment program of at least 28 days duration or an intensive course of substance abuse treatment, which may commence during imprisonment if available, based upon a formal evaluation by a licensed alcohol or other drug counselor and approved by the department of health and human services before the driver's license may be restored.

Adopted.

Rep. Robertson spoke against.

Rep. Weare spoke in favor and yielded to questions.

Rep. Harmon requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Referred to Finance.

Rep. Wendelboe did not vote and wished to be recorded in favor.

HB 51, providing for registration of equipment used in the production of maple products and allowing the commissioner of the department of agriculture, markets and food to adopt rules relative to standards for such equipment. **RE-REFER TO COMMITTEE**

Rep. Kenneth R. Marshall for Environment and Agriculture: The Committee felt that issues raised by this proposal need additional time to resolve. Vote 14-2.

Adopted.

Rep. Scanlan declared a conflict of interest and did not participate.

HB 340, establishing a committee to study mercury source reduction and recycling issues. **OUGHT TO PASS WITH AMENDMENT**

Rep. Susan L. R. Franks for Environment and Agriculture: This act, as amended, establishes a committee to study mercury source reduction in New Hampshire, and methods of reducing the amount of toxicity of mercury-containing products in the waste stream. Vote 16-0.

Amendment (0354h)

Amend the bill by replacing section 4 with the following:

4 Duties. The committee's duties shall include, but not be limited to:

I. Investigating methods to reduce the amount or toxicity of mercury-containing products or wastes in the waste stream, such as:

(a) Establishing collection and recycling programs for mercury, mercury-added products and mercury-containing wastes;

(b) Establishing labeling and manufacturer take-back programs for mercury-added products;

(c) Imposing a fee on the sale of mercury-added products in the state, with an evaluation of options for the use of the revenues from the fee in reducing mercury releases;

(d) Methods of reducing volume and toxicity of mercury-added products and equipment in municipal waste combustors and medical waste incinerators;

(e) Prohibiting the non-essential use of mercury in consumer and commercial products;

(f) Encouraging the use of mercury-free alternative products and the proper management of mercury-containing wastes;

(g) Requiring all generators of mercury-containing medical waste to introduce mercury source reduction and source separation programs;

(h) Establishing collection and recycling programs for waste dental amalgam containing mercury.

II. Investigating other potential sources of mercury and recommending appropriate methods to reduce or eliminate contamination from those sources.

Adopted.

Report adopted and ordered to third reading.

HB 558-FN, relative to solid waste management. OUGHT TO PASS WITH AMENDMENT

Rep. Susan L.R. Franks for Environment and Agriculture: This act, as amended, further clarifies laws relative to solid waste management requirements and makes technical changes to certain provisions of the toxics reduction laws. Vote 14-1.

Amendment (0412h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Public Health; Solid Waste Management; Responsibilities; Recording of Orders. Amend RSA 149-M:6 by inserting after paragraph XIII the following new paragraph:

XIII-a. Record orders issued by the department pursuant to this chapter in the registry of deeds for the county in which the subject facility is situated. A recorded order shall run with the land; provided that an appropriate description of the land involved including the accurate name of the owner thereof shall be included in the order. No fee shall be charged for recording an order; however, a fee may be charged by the registry of deeds for recording the discharge of an order.

AMENDED ANALYSIS

This bill:

I. Gives the department of environmental services the responsibility and authority to record solid waste management orders in the registry of deeds.

II. Allows the department of environmental services additional time to issue a final decision on solid waste permit applications when there is a public benefit hearing.

III. Establishes certain requirements for manufacturers seeking "no feasible alternative" exemptions from the toxics in packaging laws.

IV. Establishes a new exemption from the toxics in packaging laws for certain glass or ceramic packaging.

V. Extends certain exemptions from the toxics in packaging laws.

VI. Clarifies and makes technical changes to certain provisions of the toxics reduction law.

This bill is a request of the department of environmental services.

Adopted.

Report adopted and ordered to third reading.

HB 484, relative to the registration of alternative providers of naturopathic care. INEXPEDIENT TO LEGISLATE

Rep. Maurice E. Goulet for Executive Departments and Administration: Naturopathic doctors have been licensed in New Hampshire since 1995 and since then they have become recognized as participants in the health care system. This bill, if passed, would have provided lesser-trained persons to provide essentially, some of the same services. The sub-committee that reviewed HB 484 felt that this could lead to confusion in the health care market place, and would not be good public policy. Unlicensed persons dealing in natural health areas may still provide services as herbalists, naturalists, aroma therapists, etc., they just can not identify themselves as naturopaths. Vote 10-7. Adopted.

HB 91-FN-A-L, repealing the provision allowing operators to retain 3 percent of meals and rooms taxes collected. INEXPEDIENT TO LEGISLATE

Rep. Norman L. Major for Finance: The intent of this bill was to repeal a provision allowing operators to retain 3 percent of meals and rooms taxes collected. The Department of Revenue Administration indicates that this bill will increase state revenues by \$3.75 million in FY 2000 and each year thereafter. The sponsor feels it is unfair to reward business for collecting taxes since our system does not reward our citizens for preparing and collecting funds to pay their state taxes. Much of the testimony indicated the 3 percent does not adequately compensate operators for keeping the prescribed records and the proper account and remitting of taxes by them. There are costly penalties if the collected taxes are not timely remitted monthly. Vote 21-3.

Adopted.

HB 235-FN-A, increasing the exemption amount under the interest and dividends tax. **INEXPEDIENT TO LEGISLATE**

Rep. David J. Alukonis for Finance: The proposal would more than double the current exemption levels under the interest and dividends tax, causing a reduction of revenues to the general fund in excess of \$10 million. The proposed exemption for single filers would increase from \$2,400 to \$5,200 while the exemption for joint filers would increase from \$4,800 to \$10,400. Supporters of the bill suggest that the increased exemptions will return the tax to a position of revenue neutrality versus the tax as it was enforced prior to the changes made by the legislature in 1995. This would not be the case however. Subsequent to the changes made in 1995, the Department of Revenue Administration undertook a detailed study of all tax filers and found that the changes were revenue neutral. Increases in tax collections subsequent to the 1995 changes were a result of increases in the stock market, increased investment, a stronger economy, and increased compliance with the tax law as more people were made aware of the obligation to file and pay a tax on interest and dividend income. The committee believes that such a change in policy, and the resultant impact to the general fund is one which should not be entertained at this time. Vote 23-1.

Rep. Jacobson spoke against and yielded to questions.

Rep. Alukonis spoke in favor and yielded to questions.

Rep. Dean Ouellette requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report failed.

Rep. Dickinson did not vote and wished to be recorded against.

Rep. Kurk moved Re-commit to Committee.

Rep. Jacobson spoke in favor.

On a division vote, 232 members having voted in the affirmative and 113 in the negative, the motion was adopted.

HB 475-FN-A, appropriating a portion of tobacco settlement moneys to fund the activities of the emergency shelter and homeless coordination commission. **INEXPEDIENT TO LEGISLATE**
 Rep. Marjorie K. Smith for Finance: This is one of a number of bills moving through the legislature which identify various worthy purposes to which portions of the tobacco settlement moneys

could be dedicated. The Finance Committee, while acknowledging the concerns of the sponsors, concludes that the prospective funding stream expected from the tobacco settlement will be in great demand from myriad competing causes and that an effort should be made to have in place an underlying policy framework before any decisions are made as to specific allocations. It is unlikely that any tobacco settlement funds will be received by the state before the end of SFY 2000. Vote 24-0.

Adopted.

HB 492-FN-A-L, reducing the state bond guarantee limit for wastewater projects. **OUGHT TO PASS** Rep. Jeffrey C. MacGillivray for Finance: This bill reduces the state bond guarantee limit for wastewater projects from \$250 million to \$200 million. The Department of Environmental Services has requested this bill because the amount of outstanding guaranteed debt has decreased to about \$124 million. Enactment of this bill could have a small positive impact on the state's financial rating. Vote 24-0.

Adopted and ordered to third reading.

HB 494-FN-A, making an appropriation to the department of cultural resources for the purpose of funding participation of the state in the Smithsonian Festival of American Folklife. **OUGHT TO PASS WITH AMENDMENT**

Rep. Margaret A. Lynch for Finance: This bill makes a one-time appropriation of \$150,000 to the Department of Cultural Resources for payment to the non-profit organization Celebrate New Hampshire Culture, Inc. for the purpose of funding the state's participation in the Smithsonian Festival of American Folklife. This bill accomplishes an attempt begun in the last session to match to a small degree the anticipated \$2 million of private donations raised in support of New Hampshire's participation in the Smithsonian Festival in Washington, D.C.

The amendment decreases the original amount in the bill from \$200,000 to \$150,000 as the first \$50,000 of this anticipated commitment was obligated in the last session. Vote 24-0.

Amendment (0544h)

Amend the bill by replacing section 1 with the following:

1 Appropriation; Department of Cultural Resources; Celebrate New Hampshire Culture, Inc. The sum of \$150,000 is hereby appropriated to the department of cultural resources for the fiscal year ending June 30, 2000, for payment to the nonprofit organization Celebrate New Hampshire Culture, Inc. for the purpose of funding the state of New Hampshire's participation in the Smithsonian Festival of American Folklife to be held on the National Mall in Washington, D.C. in 1999. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

Adopted.

Rep. Avery spoke in favor.

Report adopted and ordered to third reading.

Rep. Glines declared a conflict of interest and did not participate.

HB 495-FN-A, relative to reauthorizing the motor oil discharge cleanup fund and increasing the fuel oil discharge cleanup fund fee. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert G. Holbrook for Finance: This bill extends the date for the motor oil discharge cleanup fund to January 1, 2003. The fee for importation of fuel oil is increased from \$.005 to \$.01 per gallon. This fuel oil recovery program has approved claims awaiting funds hence the need for an increase in revenue to the Fuel Oil Discharge Clean-up Fund. The amendment adds fuel oil tank recovery costs up to \$1,000 upon proof of financial need. Vote 24-0.

Amendment (0549h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to reauthorizing the motor oil discharge cleanup fund and increasing the fuel oil discharge cleanup fund fee, allowing coverage for discharge prevention, and allowing reimbursement for replacing substandard tanks.

Amend the bill by inserting after section 4 the following and renumbering the original section 5 to read as 9:

5 Funding for Release Prevention Authorized. Amend RSA 146-E:1 to read as follows:

146-E:1 Purpose. The general court finds that discharges of fuel oil represent a potential serious health and safety problem to the citizens of New Hampshire and a threat to the quality of the groundwaters and surface waters of the state. In addition, the cost of cleanup of fuel oil discharges is a significant economic burden for which economic assistance is otherwise not available. The purpose of this chapter is to establish a fund to be used in addressing the costs incurred in the *prevention and* cleanup of fuel oil discharges.

6 Funding for Release Prevention Authorized. Amend RSA 146-E:3, I to read as follows:

I. There is established a fuel oil discharge cleanup fund, which shall be administered by the oil fund disbursement board established under RSA 146-D:4. This fund shall be used to reimburse costs incurred in the *prevention and* cleanup of fuel oil discharges in the waters and soils of the state, including administrative, technical and legal support required by the oil fund disbursement board in administering the fund, and in paying third party damages.

7 On-Premise-Use Facilities; Reimbursement for Replacement Authorized. Amend RSA 146-E:6, II to read as follows:

II. Owners of facilities or land eligible under this chapter may apply for reimbursement of court-ordered damages to third parties for bodily injury or property damage, and for the costs of on-site and off-site cleanup of fuel oil discharges in amounts not to exceed a total of \$500,000, incurred on or after October 1, 1992. *Owners of on-premise-use facilities or land eligible under this chapter who have demonstrated financial need, may apply for reimbursement of costs to meet the requirements of RSA 146-E:4, I and II in amounts not to exceed a total of \$1,000, incurred on or after July 1, 1999.*

8 Funding for Release Prevention Limited. Amend RSA 146-E:6, VI to read as follows:

VI. Costs of new ~~[tanks and associated piping]~~ *bulk storage facilities or new on-premise-use facilities subject to regulation under RSA 146-C*, or repairs to *such* existing ~~[tanks and associated piping]~~ *facilities*, shall not be considered eligible costs under this chapter.

AMENDED ANALYSIS

This bill:

I. Extends the date of the repeal of the motor oil discharge cleanup fund and the transfer of money in the fund to the oil pollution control fund.

II. Increases the fuel oil discharge cleanup fee and requires the transfer of \$1,000,000 from the oil pollution control fund to the fuel oil discharge cleanup fund.

III. Allows coverage for on-premise-use facilities release prevention.

IV. Limited reimbursement to tank owners for the costs of replacing or upgrading sub-standard tanks.

Adopted.

Report adopted and ordered to third reading.

HB 572-FN-A, relative to the apportionment provisions of the business profits tax. OUGHT TO PASS Rep. Kenneth L. Weyler for Finance: For multi-state businesses that have a commercial presence in New Hampshire there is a formula that apportions the business profits tax to the New Hampshire activity. Said formula uses property, compensation, and sales, but under a temporary law the sales piece is multiplied by 2. After July 1, 1999, the multiplier will revert to 1.5 unless this bill is passed maintaining the double weighting.

Testimony emphasized the importance of the sales factor over the other two components and was in support of the bill. The committee had heard testimony on another bill which used only the single factor of sales in computing apportionment. That option may occur if the other bill passes.

The number of businesses affected by this bill is about 6,800. The net effect of reverting to a 1.5 multiplier would be a loss of \$2 million to the business profits tax. Vote 24-0.

Adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Mock moved that **CACR 22**, relating to 7-year terms for state judges, providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed, be made a Special Order for the next session day in the regular calendar order and spoke in favor.

Adopted.

REGULAR CALENDAR (CONT'D.)**HB 623-FN**, increasing the mileage reimbursement rate for members of the legislature. **INEXPEDIENT TO LEGISLATE**

Rep. Michael D. Whalley for Legislative Administration: This bill would raise the mileage rate received by legislators to 42 cents per mile for the first 60 miles and to 26 cents for every mile above that. Current rates are 38 cents for the first 45 miles and 19 cents for every mile in excess thereof. This bill would also make these changes retroactive to January 1, 1999. The fiscal note did not establish the actual annual cost of these increases. We are currently in the first year of offering two options to members for mileage reimbursement. As we work to resolve issues which have occurred during this transition, we should not revise the program and its payment schedule in mid-stream, particularly when the cost of the additional payments is unknown. The many other significant issues which will require assistance from our state treasury this year was another factor which led the majority of the committee to recommend that this bill be found Inexpedient to Legislate. Vote 12-2.

Adopted.

HB 279-FN-A, relative to refinancing the cost and rehabilitation of the Cheshire Bridge. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Giovanni M. Verani for the Majority of Public Works and Highways: The majority of the committee, although sympathetic to the sponsors' requests, found that the removal of the tolls on the Cheshire bridge would bring about far reaching fiscal impacts to the 10 Year Highway Plan, as well as other funding issues. This issue has been before the House on several prior occasions, and keeping in mind that the toll was first established to help keep the bridge open without weight restrictions, the committee had the same feeling as in the past. This toll bridge is not popular in the area, however, there is light at the end of the tunnel because, as soon as the bonds are paid off, the toll will end. The original time line saw the toll removed in 2012, but the current projection predicts 2005, because revenues are better than expected. Vote 10-7.

Rep. John R. Cloutier for the Minority of Public Works and Highways: The minority feels it is time to abolish tolls on what remains the last toll bridge in the State of New Hampshire. Abolishing the tolls would not only help the average citizen in southwestern New Hampshire, but also spur more economic development by attracting business to expand or relocate to the area. More economic development would result in more property tax revenue for communities like Charlestown, as well as more business tax revenue for the state.

Reps. Phinizy and Cloutier spoke against.

Reps. Young and Flint spoke against and yielded to questions.

Reps. Edwin Smith, Morse and Chandler spoke in favor and yielded to questions.

Rep. Edwin Smith requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

RECESS

(Speaker Sytek in the Chair)

REGULAR CALENDAR (CONT'D.)

HB 417-FN-A, relative to the rehabilitation of the Walker building at New Hampshire hospital and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leon Calawa, Jr. for Public Works and Highways: This bill is a cost savings plan. With the recent leasing of two buildings (one to the Department of Revenue Administration and the other to the Liquor Commission) at an average of \$13.50 per square foot, the operating cost of Johnson Hall is just \$6.14 per square foot. It is less than half the cost of the two new leases, and we are reusing very well built brick buildings located on the New Hampshire Hospital Grounds. The Brown Building was rehabilitated for \$63.00 per square foot. When we compare this cost to the cost of the new Court Office Building at \$103.00 per square foot, these startling figures show a savings of 40% by just using the assets we already own. The Walker Building was appraised for \$6 million four years ago. The time is now to fix the roofs, plywood the windows and seal the building from water damage. The Committee believes we should take this important step forward as it is in the best fiscal interest for the state and it looks at this project as a revenue saving measure, not a spending issue. Vote 17-0.

Amendment (0193h)

Amend the bill by replacing section 2 with the following:

2 Appropriation; Department of Transportation; Rehabilitation of New Hampshire Hospital's Walker Building. The sum of \$340,000 is appropriated to the department of transportation for the fiscal year ending June 30, 1999 for the purposes of section 1 of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

Adopted.

Report adopted and referred to Finance.

HB 482, relative to a study of tolls on the turnpike system. **INEXPEDIENT TO LEGISLATE**

Rep. Charles W. Morse for Public Works and Highways: This bill would study the impact of eliminating tolls on the turnpike system and replacing the revenue with an increase in the gas tax. There was testimony from the committee and from the Department of Transportation that many recent studies have been completed, and that the gas tax would have to be raised by 15-18 cents to replace toll revenue. The committee felt that further studies are not needed, and an increase of this amount would have an adverse affect on the state's fuel sales. Vote 16-1.

Adopted.

HB 617-FN-A-L, relative to funding and monitoring seacoast harbor issues. **OUGHT TO PASS**

Rep. Winston H. McCarty for Public Works and Highways: This bill, having had a thorough and extensive study by a prestigious committee of Senate and House members, provides the funding for harbor dredging and pier maintenance from boat fees, registrations, and a share of the unrefunded road tolls. These needs occur with some irregularity as the result of storms and water flow, and need attention without waiting for the legislature to provide the funding. The projects will be the responsibility of the New Hampshire Port Authority with prior approval of Capital Budget Overview Committee. This bill also transfers the commercial fish piers in Portsmouth, Rye Harbor and Hampton Harbor from the Department of Resources and Economic Development to New Hampshire State Port Authority. Both departments approved this transfer. This places all the responsibility of the harbors and piers in one department. Further pro-

visions are also made to study the feasibility of mutual use of Coast Guard facilities and a study of waterfront erosion. Both the study and House committees were unanimous in this decision. Vote 16-0.

Adopted and referred to Finance.

HB 426, relative to clean indoor air in state buildings. **OUGHT TO PASS WITH AMENDMENT** Rep. Terie T. Norelli for Science, Technology and Energy: This housekeeping bill was a request of the Department of Health and Human Services for the purpose of clarifying the definitions of "office space," "building renovation" and "building addition" relative to spaces in state buildings required to meet clean air standards. Vote 15-1.

Amendment (0417h)

Amend RSA 10-B:1, II as inserted by section 2 of the bill by replacing it with the following:

II. "Office space" means an area within a building occupied for 4 or more hours each work-day by one or more state employees whose primary functions include supervision, administration, clerical support, retail sales, or instruction. "Office space" shall not include laboratories, vehicle repair facilities, machine shops, or medical treatment areas, and shall not include any other areas where the department of health and human services determines that the air quality contaminants created by the activity in the area are appropriately regulated by other state or federal authorities.

Amend RSA 10-B:1, IV as inserted by section 2 of the bill by replacing it with the following:

IV. "Building renovation" means either the interior components of a building have been removed and replaced with new components, or the existing interior components have been reconstructed, where the total cost of alterations amounts to 50 percent or more of the replacement value of the building.

Adopted.

Report adopted and ordered to third reading.

HB 70, relative to increasing the fines for violating the child passenger restraint law. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: The intent of this bill is to double the fines on first and second offense, and create a third or subsequent offense for failing to wear a passenger restraint. This bill was difficult for the committee since the passage of HB 94 made the violation of mandatory seat belt usage a primary offense. Testimony during executive session revealed that drivers who lost their licenses due to the under 20 law, paid an extraordinary amount of money to reinstate their privileges. The majority of the committee felt that adding this new fine schedule to the list would be a draconian measure. Vote 16-4.

Rep. Letourneau spoke in favor.

Adopted.

HB 320-FN, raising the maximum speed limit on all New Hampshire interstate highways from 65 to 70 miles per hour and on portions of the interstate specifically posted currently at 55 miles per hour to 60 miles per hour. **INEXPEDIENT TO LEGISLATE**

Rep. George N. Katsakiores for Transportation: Testimony from the Commissioner of the Department of Transportation, the Director of Highway Safety and the AAA representative indicated that to best live up to the required highway speeds based on public safety, the current interstate speed limits are proper and in the best interest of our constituencies. Studies addressing speed limits are based on consideration for safe and reasonable speeds under favorable road traffic and weather conditions. The rationale for government regulation of speed is based on the fact that unreasonable speed may cause damage and injury. Speed laws also provide a basis for punishing the unreasonable behavior of an individual driver. The majority of the committee opposed this bill. Sufficient documented evidence was presented substantiating the majority's position. Vote 12-7.

Reps. Vaillancourt and Sabella spoke against and yielded to questions.

Reps. Akins and Lozeau spoke in favor and yielded to questions.

Rep. George Katsakiores spoke in favor.

Rep. Letourneau requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. James McDonald declared a conflict of interest and did not participate.

HB 656, relative to the use of personal watercraft on Beaver Lake in the town of Derry. **INEXPEDIENT TO LEGISLATE**

Rep. Pierre W. Bruno for Transportation: This bill seeks to prohibit the use of personal watercraft (e.g., jet skis) on Beaver Lake in the town of Derry. Beaver Lake is a state lake, and as a state lake, public access is maintained. The committee has compassion for any Beaver Lake resident who would like to ban the use of particular watercraft. Nonetheless, the majority of the committee agreed that imposing such a discriminatory ban on a single type of watercraft would not be appropriate for statute. The department of safety has a hearing process to remedy requests for specific prohibitions, such as those sought by this bill on state lakes. Vote 14-5.

Adopted.

HB 676-FN-A, increasing fees for motor vehicle inspection stickers and establishing motor vehicle inspector positions and making an appropriation therefor. **OUGHT TO PASS**

Rep. Sherman A. Packard for Transportation: This bill was introduced to accomplish two goals. During the last year, the department of environmental services has worked closely with the department of safety in crafting a response to federal requirements under the Clean Air Act for a comprehensive vehicle emissions testing program in three New Hampshire counties. In place of an onerous enhanced inspection/maintenance (I/M) program, New Hampshire successfully negotiated with the U.S. Environmental Protection Agency (EPA) an environmentally superior and more cost-effective package of air pollution reduction strategies, including implementation of the Enhanced Safety Inspection and Diesel Opacity Testing programs. Federal statute typically requires enforcement of enhanced I/M programs to be based on registration denial, a mechanism that DES and DOS regard as unworkable in New Hampshire, and have strongly opposed. As part of New Hampshire's alternative approach, DOS instead committed to establishing additional enforcement capacity for its motor vehicle inspection programs, including the new Enhanced Safety Inspection and Diesel Opacity Testing components. This bill will provide DOS with resources to fulfill this commitment.

This bill will also help ensure that the regular safety inspections are being done properly creating safer highways. To offset the expense, the fee for inspection stickers will be increased by 25 cents. The NH Auto Dealers Association, NH Motor Transport Association, DES and DOS endorsed this bill. Vote 20-0.

Adopted and referred to Finance.

HB 704-FN-A, establishing a wildlife damage control program to prevent and redress damage to certain commercial agricultural property, and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. Robert J. L'Heureux for Wildlife and Marine Resources: This bill has been around for three or more sessions. Each time the Fish and Game Department and the Wildlife and Resource Committee worked very hard for a solution to no avail. After 12 hours of hearings, several hours of subcommittee work as well as four hours of Executive Committee discussion, all parties involved agreed to most of the items in question, i.e. the amount of money. For a fencing program; the split of 75% paid by Fish and Game; 25% paid by growers; and immediate possession of two depredation permits. The only item that was not agreeable to all parties was the repeal of RSA 207:22 and 207:23 (damage by game birds). Vote 13-5.

Amendment (0424h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a wildlife damage control program and making an appropriation therefor. Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Findings and Purpose. The general court finds that wild animals are a valuable ecological, recreational, and economic resource enjoyed by New Hampshire citizens and by visitors to the state, however, the general court notes that damage to agricultural and horticultural products by game and other wild animals often creates conflicts and economic losses. The general court further finds that as a consequence of continued growth in New Hampshire's human population and development patterns that result in frequent contacts between people and wildlife, as well as increases in some wildlife populations, demands to address conflicts may be expected to increase in the future. Therefore, a wildlife damage control program is hereby formally established to minimize the effects of wild animals on agriculture, human health and safety, property, and natural resources by providing educational and technical advice and recommendations to all citizens while conserving the wildlife resources of the state.

2 Subdivision Heading Changed. The subdivision heading preceding RSA 207:22 is repealed and reenacted to read as follows:

Wildlife Damage Control

3 Limitations for Persons Posting Property. RSA 207:22-a is repealed and reenacted to read as follows:

207:22-a Limitations for Persons Posting Property. Any person whose land is posted pursuant to RSA 635:4 to prohibit hunting shall forfeit the right to participate in the wildlife damage control program established pursuant to RSA 207:22-c, or to receive payment pursuant to RSA 207:23-a, except that this limitation shall not apply in the following circumstances:

I. To a person who posts only the person's land lying within 100 yards of a dwelling or other farm or outbuildings contiguous to the person's dwelling and used regularly by the person, or the person's family or tenant.

II. To any person whose land is posted for the protection of crops only during the closed season for the type of game birds or animals for which the person seeks assistance from the wildlife damage control program.

III. To any person who posts such person's land "Hunting by Permission Only", provided that the names and addresses of the hunters who have received permission to hunt that land in that year shall be furnished when requested by the executive director, and that in the judgment of the executive director, the history of hunter access and hunter density represents a good-faith effort by the landowner to allow hunting.

4 New Sections; Wildlife Damage Control Program; Advisory Board Established. Amend RSA 207 by inserting after section 22-a the following new sections:

207:22-b Wildlife Damage Control Advisory Board.

I. There is established a wildlife damage control advisory board which shall consist of the following members:

(a) The executive director of the fish and game department, or designee, who shall act as chairperson.

(b) The commissioner, department of agriculture, markets, and food, or designee.

(c) The director for New Hampshire of the United States Department of Agriculture, Animal and Plant Health Inspection Services, Wildlife Services, or designee.

(d) A fish and game commissioner appointed each fiscal year by the chairperson of the commission.

(e) The executive director of the New Hampshire Farm Bureau Federation.

II. The board shall have responsibility for the duties designated to the board under RSA 207:22-c, II.

III. The chairperson of the board shall submit an annual report by October 1 of each year, beginning in 1999, to the governor, the senate president, the speaker of the house, and the chairpersons of each of the senate and house standing committees having jurisdiction over wildlife and agriculture matters, relative to all receipts and disbursements of the wildlife damage control program established in RSA 207:22-c.

207:22-c Wildlife Damage Control Program; Administration. There is established a wildlife damage control program which shall be administered by the executive director in cooperation with the United States Department of Agriculture and the New Hampshire department of agriculture, markets, and food. The program shall emphasize a comprehensive approach that integrates wildlife management and wildlife control methods and strategies and shall respond to conflicts between wildlife and human populations by stressing the importance of prevention of damage by initiating one or more of the following courses of action:

I. A general wildlife damage mitigation program:

(a) The general wildlife damage mitigation program shall address conflicts between wildlife and human populations by disseminating educational and technical information, and providing assistance. The program may make available various repellents, institute the loan of direct control device and materials including electric fences and frightening devices, and make referrals to nuisance wildlife operators.

(b) Actions under this paragraph shall be of a temporary nature and may include any other nuisance control methods available, as determined by the executive director, or designee.

II. A cooperative fencing program:

(a) Commercial growers may participate in a cost-share-fencing program on a 75 percent state to 25 percent commercial grower cost share basis. Under this program, the executive director may provide payment from funds designated for this program in the fish and game fund to an eligible commercial grower for the purchase of fencing materials and their installation, provided the commercial grower's participation and eligibility has been approved by the wildlife damage control advisory board.

(b) Commercial growers desiring to participate in the 75/25 cost share program shall submit written applications to the executive director in such manner as prescribed by the executive director on or before May 1 of each year.

(c) Maintenance costs of installed fences shall be the responsibility of the applicant.

(d) The wildlife damage control advisory board shall determine on an annual basis no later than June 30 of each year the recipients of the fencing moneys for the ensuing year. The board will make its determinations based on urgency of need for damage relief and any other factors necessary to ensure a fair and equitable allocation of funds. The decisions of the board shall be final.

(e) The failure of a commercial grower to properly install and maintain fencing purchased under this paragraph shall make the commercial grower ineligible to participate in this program until such time as approved by a majority of the wildlife damage control advisory board.

(f) The executive director shall adopt rules pursuant to RSA 541-A to implement and execute the cooperative fencing program, which may include but not be limited to eligibility criteria, fencing specifications, funding levels, and inspection procedures.

(g) The provisions and penalties of RSA 641 concerning false statements shall apply to all reporting and documentation required pursuant to this paragraph.

(h) For purposes of this paragraph, a "commercial grower" means any person who grows an agricultural or horticultural crop from which the person has derived, or reasonably expects to derive an annual gross income from the sale of crops normally produced of at least \$2500.

III. A depredation permit program:

(a) The executive director shall adopt rules, pursuant to RSA 541-A, regulating the issuance of depredation permits to kill animals causing damage to commercial crops. Such rules shall address the method and manner of taking animals, the disposition of animals taken under such permits, as well as the qualifications necessary to participate in the program. Such qualifications shall include, but not be limited to, the provision of information concerning the history of damage, the record of preventative methods used in the past, and the public hunting access history.

(b) The depredation permit program shall include the issuance of 2 pre-damage deer kill permits to commercial growers as defined in RSA 207:22-c, II(h) upon request to the director. Issuance of pre-damage deer kill permits will facilitate protection of qualifying crops at the onset of deer visitation to said crops. Any deer taken under this provision shall be subject to investigation by the local conservation officer to determine whether or not the potential existed at the time of taking for damage to have occurred. Any additional depredation permits shall be issued following the procedures in this paragraph.

5 Application of Section Limited; Appeal to Superior Court. Amend RSA 207:24 to read as follows: 207:24 Appeal from Executive Director. If the person sustaining the damage *pursuant to RSA 207:23-a* is dissatisfied with the finding of the executive director, either as to the cause of the damage or the amount thereof, ~~he~~ *the person* may appeal therefrom within 30 days ~~[of the receipt by him of notice thereof, by filing a statement to that effect with the executive director, and his damages shall thereupon be determined as to the cause and the amount by an impartial board of 3 men designated by the governor]~~ *to the superior court in the county where the damage was sustained.*

6 Depredation Permit Required. Amend RSA 207:26 to read as follows:

207:26 Killing by Land Owner of Bird or Animal Inflicting Damage. A person may pursue, wound or kill, on land owned or occupied by ~~him~~ *such person*, any ~~wild~~ *unprotected* bird or wild animal which ~~he~~ *the person* finds in the act of doing actual and substantial damage to poultry, *crops, domestic animals*, or ~~his~~ *the person's* property, and ~~he~~ may authorize a *family member [of his family or a person employed by him], employee, or other person requested* to do so under the provision of ~~[written authority or direction from]~~ *a depredation permit issued by the executive director pursuant to RSA 207:22-c, III.*

7 Discretion of Executive Director. Amend RSA 207:29 to read as follows:

207:29 Disposition of Game, etc., Killed. Any game or fur-bearing animal killed or wounded as provided in this subdivision shall, in the discretion of the executive director, be returned to the person who killed the same ~~or~~, be given to some charitable institution, *or otherwise disposed of.*

8 Reference Amended. Amend RSA 541-B:9, II to read as follows:

II. The board shall have original and exclusive jurisdiction to investigate, conduct hearings and make decisions, and render or deny awards on all claims under this chapter not exceeding \$5,000 against any agency, except those claims arising under workers' compensation, unemployment compensation, eminent domain proceedings, RSA 110-B:73, RSA ~~[207:22-25]~~ *207:23-a*, RSA 228:29, and RSA 491:8.

9 Appropriation; Funding.

I. There is hereby appropriated the sum of \$100,000 for the fiscal year ending June 30, 2000 and \$100,000 for the fiscal year ending June 30, 2001 from the fish and game fund to the fish and game department for the purpose of funding the wildlife damage control program, established in RSA 207:22-c.

II. There is hereby further appropriated the sums of \$100,000 for the fiscal year ending June 30, 2002, \$75,000 for the fiscal year ending June 30, 2003, and \$50,000 for each fiscal year ending June 30, 2004 to 2010. Such sums shall be appropriated from the fish and game fund to the fish and game department for the purpose of funding the wildlife damage control program established in RSA 207:22-c.

III. The executive director may accept and expend federal funds and funds from any other source that may be designated for wildlife damage control programs.

IV. The sums appropriated by this section shall not be used for any other purpose and shall be non-lapsing.

10 Repeal. The following are repealed:

- I. RSA 207:22, relative to damage by game birds.
- II. RSA 207:23, relative to damage by game.
- III. RSA 207:23-b, relative to preventative measures to alleviate damage.

11 Prospective Repeal. The following are repealed:

- I. RSA 207:22-a, relative to limitations for person posting property.
- II. RSA 207:22-b, relative to the wildlife damage control advisory board.
- III. RSA 207:22-c, relative to the wildlife damage control program.

12 Effective Date.

- I. Section 11 of this act shall take effect December 31, 2010.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a wildlife damage control program and the wildlife damage control advisory board. This bill also repeals certain provisions relating to damage by game birds and game, and prospectively repeals the wildlife damage control program on December 31, 2010.

Adopted.

Reps. Melcher and Akins spoke against and yielded to questions.

Rep. Blaisdell spoke in favor.

Rep. Mock spoke in favor and yielded to questions.

Rep. Ronald Nowe requested a roll call; sufficiently seconded.

The question being the adoption of the report.

LAIID ON THE TABLE

Rep. Patten moved that **HB 550-L**, relative to the date town reports must be made available in towns which have adopted the official ballot referenda form of town meeting, be laid on the table.
Adopted.

REGULAR CALENDAR (CONT'D.)

HCR 8, urging nonimplementation of the articles of the Kyoto Protocol on global climate change. **OUGHT TO PASS**

Rep. Richard Marple for State-Federal Relations and Veterans Affairs: It was the consensus of the majority of members that we should not "put the cart before the horse". In that, neither the President nor the Senate have ratified the matter under discussion, we should not be viewed as attempting to preempt the Federal government. Vote 11-1.

Rep. Tufts moved Re-commit to Committee and spoke in favor.

Adopted.

HB 430, requiring anyone operating windshield wipers to also have on headlights. **INEXPEDIENT TO LEGISLATE**

Rep. Robert J. Letourneau for Transportation: This bill would require anyone who is operating windshield wipers to also turn on their headlights. The committee recognizes the good intentions of the sponsors, and accepts that this should be common sense in foul weather. However, the committee is troubled by how this may be enforced. Could this unnecessarily endanger our law enforcement officers in foul weather? The committee also received compelling testimony from auto dealers during the executive session, revealing auto manufacturers are including lights-on all-times features in new automobiles, making it difficult to purchase a new vehicle without this feature. The committee agrees that this bill is not essential at this time. Vote 20-0.

Rep. Avery spoke against and yielded to questions.

Rep. Letourneau spoke in favor and yielded to questions.

Rep. Keith Herman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the motion was adopted.

Referred to Finance.

Rep. Doucette voted Nay and intended to vote Yea.

PROTEST*

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Marple requested that his protest be entered on the Journal

This protest is made relative to action taken at 3:46 p.m. on HB 279-FN-A from the Public Works and Highways Committee, relative to the Cheshire Bridge. The protest is based upon Article 1, Section 10 of the United States Constitution which states, "No state shall ... pass any bill or attainder, ex post facto law, or law impairing the obligation of contracts".

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the Rules be so far suspended as to permit consideration at the present time without the required notice of **HB 737**, declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution.

Adopted by the necessary two thirds.

CONSIDERATION OF HB 737

HB 737, declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution. **INEXPEDIENT TO LEGISLATE**

Rep. Jeffrey C. MacGillivray for Finance: This bill as proposed set forth a legislative declaration, supported by constitutional findings, that the New Hampshire supreme court's Claremont II decision is an unconstitutional violation of separation of powers.

The committee looked at several amendments to modify the wording of this declaration, and heard testimony on one amendment which would have attached the "Homestead Exemption" plan to the bill. The majority of the committee believes that the subject matter of this bill is not appropriate for legislation, that the "Homestead Exemption" does not appropriately address the supreme court's ruling, and that the House should concentrate on addressing the state's immediate problem of how education is to be funded.

Some members of the majority indicated that they believed that the court had made an error, or may have made an error, and that were the subject matter of this bill reintroduced as a House resolution they might vote differently. Other members indicated that they agreed with the court's decision. Vote 21-4.

Reps. Pepino, Welch, Dickinson, Nancy Wall, Robert Lawton and Corbin spoke against.

Rep. DiFruscia spoke in favor and yielded to questions.

Rep. Pepino requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 734-FN-L, relative to state guarantees of tax anticipation notes issued by municipalities and relative to teacher non-renewals for the 1999-2000 school year. (Amendment printed SJ 11, 4/1/99)

Rep. Patten moved that the House concur.

Rep. Chandler spoke in favor.

Rep. Burling spoke in favor and yielded to questions.

Adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 38, 75, 78, 110 and 139 and Senate Joint Resolution numbered 1, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 38, relative to the optional term for election of a cooperative school district moderator. (Election Law)

SB 75, relative to out-of-state boats. (Transportation)

SB 78, relative to contract requirements between a paid solicitor and a charitable trust. (Commerce)

SB 110, allowing for discharges of mortgages by affidavit of a New Hampshire attorney. (Commerce)

SB 139, relative to self-proved wills and making reference changes. (Judiciary)

SJR 1, supporting the reduction of the sulfur content of gasoline. (State-Federal Relations)

UNANIMOUS CONSENT

Reps. Wallin, Soltani, Lozeau and Burling addressed the House.

RECESS

(Speaker Sytek in the Chair)

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 112-FN-A, increasing the tobacco tax and imposing the tax on all types of tobacco. (Amendment printed SJ 11, 4/1/99)

Rep. Kurk moved that the House nonconcur.

Rep. Vaillancourt spoke against.

Reps. Hager, Boyce, Copenhagen and Chandler spoke in favor.

Rep. Chandler requested a roll call; sufficiently seconded.

The question being the motion to nonconcur.

and the motion was adopted.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair. Adopted.

LATE SESSION**Third reading and final passage**

HB 340, establishing a committee to study mercury source reduction and recycling issues.

HB 558-FN, relative to solid waste management.

HB 492-FN-A-L, reducing the state bond guarantee limit for wastewater projects.

HB 494-FN-A, making an appropriation to the department of cultural resources for the purpose of funding participation of the state in the Smithsonian Festival of American Folklife.

HB 495-FN-A, relative to reauthorizing the motor oil discharge cleanup fund and increasing the fuel oil discharge cleanup fund fee, allowing coverage for discharge prevention, and allowing reimbursement for replacing substandard tanks.

HB 572-FN-A, relative to the apportionment provisions of the business profits tax.

HB 426, relative to clean indoor air in state buildings.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only. Adopted.

The House recessed at 7:30 p.m.

RECESS

(Rep. Henderson in the Chair)

RESOLUTION

Rep. Lozeau offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 738 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 738-FN, transferring funds from the judicial branch to the department of administrative services for the purpose of reimbursing counties for providing prisoner custody in courthouses. (Welch, Rock 18; Major, Rock 16: Finance)

RECESS

(Rep. Konys in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 73 and 734.

Rep. Lozeau for the Committee

RECESS

(Rep. Henderson in the Chair)

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 200 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee. Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 200-FN-L, relative to restructuring the juvenile justice system in New Hampshire. (Lozeau, Hills 30; Knowles, Straf 11; Tholl, Coos 5; Mock, Carr 3; Hollingworth, Dist 23; Squires, Dist 12: Children and Family Law)

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 18, 22, 25, 27, 28, 53, 56, 77, 116, 121, 138, 146, 152 and 204, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees. Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 18, relative to the rulemaking authority of the state board of education regarding certain educational personnel. (Education)

SB 22, relative to the pilot program relative to the administration of medication in residential care facilities. (Health, Human Services and Elderly Affairs)

SB 25, expanding the waiver of administration under the law regarding decedents' estates. (Judiciary)

SB 224, relative to stenographic records and availability of transcripts of adjudicative hearings before licensing boards. (Executive Departments and Administration)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 13

Wednesday, April 14, 1999

The House assembled at 1:00 p.m. and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church.

Lord of heaven and earth, as we together embark on our duties of this day, give us clarity of thought, gracious spirits, and generous wit so that when this day is over, we may reflect upon its events with the joyful recognition that we have made others stronger because of their encounters with us today. Amen.

Rep. MacGillivray led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Julie Brown, Patricia Cote, Courchesne, Eugene Gagnon, Paul Gagnon, Golden, Hunter, Lyman and Searles, the day, illness.

Reps. Asplund, Bishop, Chabot, Domingo, Grassie, Griffin, Lionel Johnson, Pantelakos, Robb-Theroux, Rogers, Scanlan and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Michael Zaymore, guest of Rep. Marjorie Smith. Barbara Brewster, wife of Rep. Brewster. Michael Willers, guest of Rep. Pilliod. Nancy Chandler, Leslie Sheehan and Former NH Rep. Terry Pfaff, wife, sister-in-law and guest of Rep. Chandler. Donald Lambert, uncle of Rep. Sapareto.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 227 and 253.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

SENATE MESSAGE**REQUESTS CONCURRENCE WITH AMENDMENT**

HB 249, relative to the membership of the rivers management advisory committee. (Amendment printed SJ 11, 4/1/99)

Rep. Royce moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS**CONSENT CALENDAR – PART I**

Rep. Chandler moved that the Consent Calendar Part I with the relevant amendments as printed in the day's House Record be adopted.

HB 522, relative to the public's access to sex offender registry information. removed by Rep. Brothers.

HB 63-FN-A, relative to the Weekly Market Bulletin's budget and making an appropriation therefor, removed by Rep. Wendelboe.

Consent Calendar Part I adopted.

HB 565, relative to the disclosure of certain information by the department of health and human services and relative to the disclosure of the identity of a person filing a report of child abuse or neglect. **INEXPEDIENT TO LEGISLATE**

Rep. Constance A. Jones for Children and Family Law: The committee felt this bill would undermine the integrity and intent of RSA 169-C:30 by not accepting anonymous reports of child abuse and neglect. This bill would also repeal RSA 170-G:8a I(d) Confidentiality. Vote 12-1.

HB 309, relative to motor vehicle insurance. **RE-REFER TO COMMITTEE**

Rep. Stephen G. Avery for Commerce: The Assistant Insurance Commissioner said that there are consumer protection issues that need addressing. They are waiting to see how several other states handle the problems in current legislation and will be better able to make recommendations this fall. Vote 15-1.

HB 321, requiring health carriers to pay for all recommended prescription drugs. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: The sponsor introduced another bill (HB 408) to address concerns regarding pharmaceutical costs and availability. The committee will recommend changes through 408 and the sponsor has agreed to the ITL motion on this bill. The Commerce Committee recognizes consumers' concerns on this issue and will pass legislation to make New Hampshire's health care laws more consumer friendly. Vote 16-0.

HB 435, relative to the mail order and catalog business. **OUGHT TO PASS WITH AMENDMENT**
Rep. Stephen G. Avery for Commerce: This bill, as amended, requires mail order and catalog businesses to include a telephone number for customer inquiries and complaints. The committee felt that this was an important consumer protection for New Hampshire citizens. Vote 17-0.

Amendment (0516h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to disclosure by sellers of consumer goods and services.

Amend the bill by replacing sections 1 and 2 with the following:

1 Trade and Commerce; Consumer Protection; Acts Unlawful; Failure to Disclose; Telephone Number Added. Amend RSA 358-A:2, X-a to read as follows:

X-a. Failing to disclose the legal name, [or] street address, *and telephone number* of the business under RSA 361-B:2-a;

2 Retail Installment Sales; Retail Selling; Definition; Home Solicitation Sale; Gender Neutral. Amend RSA 361-B:1 to read as follows:

361-B:1 Definition. "Home solicitation sale" means a sale of goods or services, priced at \$25 or more, in which a seller, [his] *a seller's* representative, or a person acting for [him] *a seller* engages in a solicitation and sale at any place other than a permanent place of business of the seller. A cash or credit sale so consummated shall be deemed to be a home solicitation sale.

AMENDED ANALYSIS

This bill requires certain sellers of consumer goods or services to disclose a telephone number for customer inquiries and complaints.

HB 442, relative to charitable gift annuities. **OUGHT TO PASS WITH AMENDMENT**
Rep. Sheila T. Francoeur for Commerce: This bill, as amended, will provide greater substantive safeguards for charitable gift annuities without having to shoulder unnecessary regulatory burden and expense; these include pay out ratios, retention of contributions, and investment of funds. Additionally, organizations that issue charitable gift annuities will now report to the Director of Charitable Trusts in the Office of the Attorney General. Vote 17-0.

Amendment (0626h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Charitable Gift Annuities Exemption. Amend RSA by inserting after chapter 403-D the following new chapter:

CHAPTER 403-E

CHARITABLE GIFT ANNUITIES EXEMPTION

403-E:1 Definitions. In this chapter:

I. "American Council on Gift Annuities" means the organization which on the effective date of this chapter has its principal place of business in Indianapolis, Indiana, and which advises charitable organizations and promulgates recommended standards regarding the provision of charitable gift annuities.

II. "Charitable gift annuity" means a transfer of cash or other property by a donor to a charitable organization in return for an annuity payable over one or 2 lives, under which the actuarial value of the annuity is less than the value of the cash or other property transferred and the difference in value constitutes a charitable deduction for federal tax purposes.

III. "Charitable organization" means an entity described by:

- (a) Section 501(c)(3), Internal Revenue Code of 1986 (26 U.S.C. section 501(c)(3)); or
- (b) Section 170(c), Internal Revenue Code of 1986 (26 U.S.C. section 170(c)).

IV. "Director" means the director of charitable trusts, serving pursuant to RSA 7:20.

V. "Qualified charitable gift annuity" means a charitable gift annuity described by section 501(m)(5), Internal Revenue Code of 1986 (26 U.S.C. section 501(m)(5)), and section 514(c)(5), Internal Revenue Code of 1986 (26 U.S.C. 514(c)(5)), that is issued by a charitable organization that on the date of the annuity agreement:

(a) Has a minimum of \$300,000 in unrestricted cash, cash equivalents, or publicly traded securities, exclusive of the assets funding the annuity agreement;

(b) Has been in continuous operation for at least 3 years or is a successor or affiliate of a charitable organization that has been in continuous operation for at least 3 years;

(c) Issues charitable gift annuities with payout ratios no greater than recommended by the American Council on Gift Annuities at the time of issuance;

(d) Retains 100 percent of the contribution made in exchange for each charitable gift annuity, increased by earnings on the contribution and decreased by annuity payments and expenses properly allocated to the annuity, until the annuity is terminated; and

(e) Invests contributions made in exchange for charitable gift annuities solely in conformance with RSA 564-A:3-b, general standards of prudent investment.

403-E:2 Qualified Charitable Gift Annuity is Not Insurance.

I. The issuance of a qualified charitable gift annuity does not constitute engaging in the business of insurance in this state.

II. A charitable gift annuity issued before the effective date of this chapter shall be deemed to be a qualified charitable gift annuity for purposes of this chapter, and the issuance of that charitable gift annuity shall not constitute engaging in the business of insurance in this state, if the charitable organization issuing such annuity has given notice to the director pursuant to RSA 403-E:3, II(a).

403-E:3 Disclosures; Notification; Recertification.

I.(a) When entering into an agreement for a qualified charitable gift annuity, the charitable organization shall disclose to the donor in writing in the annuity agreement that a qualified charitable gift annuity is not insurance under the laws of this state and is not subject to regulation by the insurance department or protected by an insurance guaranty association. The following information shall also be similarly disclosed:

(1) The value of the property being transferred.

(2) The amount of the annuity to be paid.

(3) The manner in which, and the intervals at which, the payment is to be made.

(4) The date that payments are to begin.

(b) The disclosures required by this paragraph shall appear on the first page of the annuity agreement in a print size no smaller than that employed in the annuity agreement generally.

II.(a) A charitable organization that issues qualified charitable gift annuities shall notify the director in writing by the later of 90 days after the effective date of this chapter or the date on which it enters into the organization's first qualified charitable gift annuity agreement. The notice shall:

(1) Be signed by an officer or director of the organization;

(2) Identify the organization; and

(3) Certify that:

(A) The organization is a charitable organization; and

(B) The annuities issued by the organization shall be limited to qualified charitable gift annuities, as defined in RSA 403-E:1, V.

(b) Subsequently, each charitable organization that issues qualified charitable annuities shall, as part of its report submitted to the director pursuant to RSA 7:28, II and III, annually recertify that the annuities issued by the organization shall be limited to qualified charitable gift annuities, as defined in RSA 403-E:1, V.

(c) The organization shall not be required to submit additional information except to determine appropriate penalties that may be applicable under RSA 403-E:4.

403-E:4 Failure to Comply. The failure of a charitable organization to comply with the notice imposed under RSA 403-E:3 of this chapter shall not prevent a charitable gift annuity that otherwise meets the requirements of this chapter from constituting a qualified charitable gift annuity. The director shall enforce performance of RSA 403-E:3 by sending a letter by certified mail, return receipt requested, demanding that the charitable organization comply with the requirements

of RSA 403-E:3. The director may fine the charitable organization in an amount not to exceed \$1,000 per qualified charitable gift annuity agreement issued until such time as the charitable organization complies with RSA 403-E:3.

403-E:5 Not Unfair or Deceptive Trade Practice. The issuance of a qualified charitable gift annuity shall not constitute a violation of RSA 417.

2 Effective Date. This act shall take effect upon its passage.

HB 563, relative to names of limited liability partnerships and companies. OUGHT TO PASS WITH AMENDMENT

Rep. Keith R. Herman for Commerce: The bill makes technical corrections to our corporation laws for limited liability partnerships and corporations, which this House passed two years ago. The amendment requires all businesses, regardless of form of organization, to comply with the provisions of RSA 293, which is the registration of trade names statute so that New Hampshire can help ensure that no two businesses have similar or deceptively similar names. Vote 17-0.

Amendment (0637h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to names of limited liability partnerships and companies and cooperative associations.

Amend the bill by replacing all after the enacting clause with the following:

1 Voluntary Corporations and Associations; Names. Amend RSA 292:3 to read as follows:

292:3 Name. Any corporate name may be assumed which is not the same as or deceptively similar to an existing corporation name, reserved or registered name, New Hampshire investment trust, *limited liability partnership name, limited liability company name*, partnership or trade name, provided that a similar name may be assumed if written consent is obtained from the holder of the existing name.

2 New Hampshire Business Association Act; Corporate Name. Amend RSA 293-A:4.01(b) to read as follows:

(b) Except as authorized by subsections (c) and (d), a corporate name shall not be the same as, or deceptively similar to:

(1) the corporate name of a corporation incorporated or authorized to transact business in this state;

(2) a corporate name reserved or registered under RSA 293-A:4.02 or 293-A:4.03;

(3) the fictitious name of another foreign corporation authorized to transact business in this state;

(4) the corporate name of a not-for-profit corporation incorporated or authorized to transact business in this state;

(5) a trade name registered with the secretary of state under RSA 349;

(6) a domestic or foreign limited partnership name filed pursuant to RSA 304-B;

(7) a domestic or foreign limited liability partnership registered pursuant to RSA 304-A;

(8) the name of a domestic or foreign limited liability company registered pursuant to RSA 304-C;

~~[(7)]~~ (9) the name of a foreign partnership registered pursuant to RSA 305-A;

~~[(8)]~~ (10) the name of a New Hampshire investment trust filed under RSA 293-B;

~~[(9)]~~ (11) the name of an agency or instrumentality of the United States or this state or a subdivision thereof; and

~~[(10)]~~ (12) the name of any political party recognized under RSA 652:11, unless written consent is obtained from the authorized representative of the respective political organization.

3 Treatment of New Hampshire Investment Trusts; Use of Names Regulated. Amend RSA 293-B:16, I to read as follows:

I. The name of each New Hampshire investment trust as set forth in its certificate of trust shall not be the same or deceptively similar to the name of any corporation, trade name, *limited liability company, limited liability partnership*, limited partnership or New Hampshire investment trust reserved, registered or organized under the laws of this state or qualified to do business or conduct investment activity or registered as a foreign corporation or foreign limited partnership in this state; provided, however, that a New Hampshire investment trust may register under any name which is

similar to the name of any corporation, trade name, *limited liability company*, *limited liability partnership*, limited partnership or New Hampshire investment trust reserved, registered or organized under the laws of this state or qualified to do business or conduct investment activity or registered as a foreign corporation or foreign limited partnership in this state with the consent of the other corporation, trade name, *limited liability company*, *limited liability partnership*, limited partnership or New Hampshire investment trust, which written consent shall be filed with the secretary of state.

4 New Section; Cooperative Marketing and Rural Electrification Associations; Use of Names Regulated. Amend RSA 301 by inserting after section 43 the following new section:

301:43-a Use of Name Regulated. The secretary of state shall decline to register any cooperative name under this chapter that is the same as or deceptively similar to any of those entities listed under RSA 293-A:4.01(b), without the written consent of such entities.

5 Uniform Limited Partnership Act; Name. Amend RSA 304-B:2, II(a) to read as follows:

II.(a) The name of each limited partnership as set forth in its certificate of limited partnership shall not be the same as or deceptively similar to the name of any:

(1) Corporation organized under RSA 292, 293-A, 301, or 301-A; or foreign corporation registered under RSA 292, 293-A, 301, or 301-A;

(2) Foreign partnership registered under RSA 305-A;

(3) Limited liability company or foreign limited liability company registered under RSA 304-C;

(4) Limited partnership or foreign limited partnership registered under RSA 304-B;

(5) *Limited liability partnership or foreign limited liability partnership registered under RSA 304-A;*

~~[(5)]~~ (6) New Hampshire investment trust registered under RSA 293-B;

~~[(6)]~~ (7) Trade name registered under RSA 349;

~~[(7)]~~ (8) Name reserved under RSA 293-A, 293-B, 304-B, or 304-C; or

~~[(8)]~~ (9) Agency or instrumentality of the United States or of this state or a subdivision thereof or of any political party recognized under RSA 652:11, unless written consent is obtained from the authorized representative of such party.

6 Limited Liability Companies; Use of Name Regulated. Amend RSA 304-C:3, III to read as follows:

III. Shall not be the same as or deceptively similar to the name of any corporation, limited partnership, proprietorship, New Hampshire investment trust, voluntary association, trade name, business trust, *limited liability partnership* or limited liability company reserved, registered, formed or organized under the laws of New Hampshire or qualified to do business or registered as a foreign corporation, foreign limited partnership, foreign partnership, *foreign limited liability partnership* or foreign limited liability company in New Hampshire or the name of an agency or instrumentality of the United States or this state or a subdivision thereof or of any political party recognized under RSA 652:11, unless written consent is obtained from the authorized representative of such party; provided, however, that a limited liability company may not register under any name that is the same as or deceptively similar to the name of any domestic or foreign corporation, limited partnership, proprietorship, New Hampshire investment trust, voluntary association, trade name, business trust, *limited liability partnership* or limited liability company reserved, registered, formed or organized under the laws of New Hampshire without the written consent of the other corporation, limited partnership, proprietorship, New Hampshire investment trust, voluntary association, trade name, business trust, *limited liability partnership* or limited liability company, which written consent shall be filed with the secretary of state; and

7 Registration of Foreign Partnerships; Name. Amend RSA 305-A:1, IV to read as follows:

IV. A foreign partnership may assume any name which is not in use by any domestic partnership or any other foreign partnership admitted to do business in this state, and which is not so similar thereto or to that of any corporation, *domestic or foreign limited liability company*, *domestic or foreign limited liability partnership*, New Hampshire investment trust, or association carrying on business in this state as to be liable to be mistaken for it; provided that such name or similar name may be adopted with the consent in writing of such existing corporation, *limited liability company*, *domestic or foreign limited liability partnership*, New Hampshire investment trust, partnership or association filed with the application for certificate of authority pursuant to RSA 305-A:2.

8 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires that certain business entities receive written consent from limited liability companies and limited liability partnerships before using names that are the same or deceptively similar. This bill also requires that cooperative marketing and rural electrification associations receive written consent from business entities before using names that are the same or deceptively similar.

HB 202, legalizing the possession and cultivation of marijuana for medicinal purposes. RE-REFER TO COMMITTEE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill legalized the possession and cultivation of marijuana for certain medicinal purposes. The sub committee heard extensive testimony from Dr. Lester Grinspoon of Harvard Medical School concerning the very beneficial use of this drug for certain medical purposes including the treatment of cancer, anorexia, AIDS, chronic pain, glaucoma, arthritis and other ailments. The problem we had with the bill was the cultivation of marijuana and how to control it. Dr. Grinspoon was hopeful that the limited research now going on would soon develop a way to extract the beneficial cannabinoids from the plant and a delivery system for their use (inhaler, pill, or I.M. or I.V. delivery) may then be developed. We felt Re-Refer was the proper way to go in the hope that a delivery system would soon be available Vote 15-0.

HB 359, establishing a committee to study the rights of a private citizen to pursue a criminal investigation if he or she believes it is not being pursued vigorously. RE-REFER TO COMMITTEE
Rep. Kenneth J. MacDonald for Criminal Justice and Public Safety: The Criminal Justice and Public Safety Committee held HB 1499 in the last session and chose to study the circumstances of the Dow homicides and possible grand jury actions that may or may not take place. During that process of study, a statute from the State of Colorado surfaced that allows a private citizen to pursue a grand jury indictment under certain circumstances. HB 359 calls for a study committee to investigate whether or not such a statute would serve the public's interest in New Hampshire. The committee feels that with all the work that has been done on the issue involved, rather than creating a statutory study, the Criminal Justice Committee should complete the work it started two years ago and re-refer this bill to the committee for study. Vote 17-1.

HB 537, relative to background checks for firearms purchases. OUGHT TO PASS WITH AMENDMENT

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill originally authorized the department of safety to become the POC (point of contact) for the federal government for the purposes of the national instant criminal background check and further stated that only the department of safety could access the NICS system for the purpose of such checks. The latter provision would have precluded the local police chiefs from using the NICS system before granting a concealed weapons permit as prescribed under the Brady Act, 18. U.S.C. 921 et.seq. The amendment replaces the entire bill. Section 1 states that the department of safety may become the point of contact for the federal government for the purposes of the Brady Act and provides that if such background checks are made, those who have successfully passed the check will have the record of the event destroyed within one day of the transaction. Only the transaction approval number will be sent to the dealer making the sale. Second, section 2 says that funding for such activities shall be from either existing funds or federal grants. This is a federal mandate and should be paid for with federal money. Vote 16-1.

Amendment (0527h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Sale of Firearms; Criminal Background Checks. Amend RSA by inserting after chapter 159-C the following new chapter:

CHAPTER 159-D

CRIMINAL BACKGROUND CHECKS

159-D:1 Sale of Firearms; Criminal History Record and Protective Order Check. The department of safety may become the point of contact for the federal government for the purposes of the national instant criminal background check (NICS).

159-D:2 Confidentiality.

I. If the department of safety conducts criminal background checks under RSA 159-D:1 any records containing information pertaining to a potential buyer or transferee who is not found to be prohibited from receipt or transfer of a firearm by reason of state or federal law which are created by the department of safety to conduct the criminal background check shall be confidential and may not be disclosed by the department or any officers or employees to any person or to another agency. The department shall destroy any such records after it communicates the corresponding approval number to the licensee and, in any event, such records shall be destroyed within one day after the day of the receipt of the licensee's request.

II. The department shall retain records containing any information pertaining to a potential buyer or transferee who is prohibited from receipt or transfer of a firearm for 3 years.

III. Notwithstanding the provisions of this section, the department may maintain only a log of dates of requests for criminal background checks and unique approval numbers corresponding to such dates for an indefinite period.

IV. Nothing in this section shall be construed to allow the department to maintain records containing the names of licensees who receive unique approval numbers or to maintain records of firearm transactions, including the names or other identification of licensees and potential buyers or transferees, including persons not otherwise prohibited by law from the receipt or possession of firearms.

2 Funding. If the department of safety conducts criminal background checks as authorized in RSA 159-D, as inserted by section 1 of this act, the source of funding for such checks shall be federal grants or funds within the department's existing budget.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

The bill authorizes the department of safety to perform criminal history, protective order, and national instant criminal background checks for firearms purchases in accordance with the Brady Act. If the department performs such checks, the source of funding for such checks shall be federal grants or funds within the department's existing budget.

The bill also requires that information provided to the department by prospective firearms purchasers be kept confidential by the department.
Referred to Finance.

HB 687-FN, establishing the criminal offense of identity fraud. OUGHT TO PASS WITH AMENDMENT

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: "It's one of the fastest growing crimes in the nation." And it's so simple: A thief obtains your social security number or arms himself with a blank, pre-approved credit application. Or he can pose as a loan officer and request credit reports with account numbers. Once he gets the information, the identity theft can open new accounts or establish lines of credit in your name. But forget the credit application and account number, your social security number unlocks a gold mine – education, medical, financial and credit records. Unfortunately, victims (thousands a year) don't even know they have been robbed until they get outrageous charges on their credit card statements or a bad credit report. HB 687 establishes the crime of identity fraud. It defines what personal identifying information is, who a victim is, and who "poses" to get the information. The penalties used are from our theft statute. We inserted a provision for restitution and defined venue so that a complaint may be properly made. As shown by our vote, we believe this is a necessary and important piece of legislation. Vote 15-0.

Amendment (0526h)

Amend the bill by replacing section 1 with the following:

1 New Subdivision; Identity Fraud. Amend RSA 638 by inserting after section 24 the following new subdivision:

Identity Fraud

638:25 Definitions. In this subdivision:

I. "Personal identifying information" means any name, number, or information that may be used, alone or in conjunction with any other information, to assume the identity of an individual, including any name, address, telephone number, driver's license number, social security number,

employer or place of employment, employee identification number, mother's maiden name, demand deposit account number, savings account number, credit card number, debit card number, personal identification number, account number, or computer password identification.

II. "Pose" means to falsely represent oneself, directly or indirectly, as another person or persons.

III. "Victim" means any person whose identifying information has been unlawfully obtained or recorded or any person or entity that provided money, credit, goods, services, or anything of value and has suffered financial loss as a direct result of the commission or attempted commission of a violation of this subdivision.

638:26 Identity Fraud.

I. A person is guilty of identity fraud when, with the purpose to defraud in order to obtain money, credit, goods, services, anything of value, any identification card or other evidence of such person's identity, the person:

(a) Poses as another person without the express authorization of such person.

(b) Obtains or records personal identifying information about another person without the express authorization of such person, with the intent to pose as such person; or

(c) Obtains or records personal identifying information about a person without the express authorization of such person in order to assist another to pose as such person.

II.(a) Identity fraud is:

(1) A class A felony if the value of the property or services obtained exceeds \$1,000.

(2) A class B felony in all other cases.

(b) The value may be determined according to the provisions of RSA 637:2, V.

III. A person found guilty of violating any provisions of this section shall, in addition to the penalty under paragraph II, be ordered to make restitution for economic loss sustained by a victim as a result of such violation.

638:27 Venue. If any act performed in furtherance of the offenses prohibited by RSA 638:26 occurs in this state or if any victim of the offenses prohibited by RSA 638:26 resides in this state, the offense shall be deemed to have occurred in this state.

AMENDED ANALYSIS

This bill establishes the criminal offense of identity fraud.

HB 714-FN, changing the potential penalties for certain acts of solicitation and conspiracy to commit murder and attempted murder to life in prison. **OUGHT TO PASS WITH AMENDMENT** Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill changes the potential penalties for attempt to commit murder, solicitation of murder, and conspiracy to commit murder by providing the court with the discretion to sentence persons convicted to longer terms of incarceration. These are murders that are planned but not completed for various reasons even though the offender formed the bad intent to commit the underlying murder and had every intent to finish the crime. The committee feels that the judge should have the discretion to sentence such an offender to longer periods than are currently in law. The bill increases the potential sentences for attempt to commit murder from 30 years to up to life, increases the potential sentence for solicitation of murder and conspiracy to commit murder from up to 15 years to up to 30 years. Vote 17-1.

Amendment (0404h)

Amend the bill by inserting after section 3 the following and renumbering the original section 4 to read as section 5:

4 Repeal. RSA 651:2, II-c, relative to sentences and limitations, is repealed.

AMENDED ANALYSIS

This bill changes the potential punishment for acts of solicitation to commit murder and conspiracy to commit murder to not more than 30 years imprisonment.

The bill also increases the potential punishment for attempted murder to life imprisonment, and repeals the former sentencing provision of RSA 651:2, II-c.

HB 398, relative to prayer in the public schools. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Durham for Education: In the best interest and objective to the bill, the sponsors have asked for it to be inexpedient to legislate. The committee, in response to the sponsors' request and with concern about the constitutionality of the bill, agreed to that request. Vote 12-3.

HB 466, establishing a commission to study education options in school districts not maintaining a high school. RE-REFER TO COMMITTEE

Rep. John Alger for Education: This bill asks that a commission be established to study options for the 28 school districts that do not now have high school facilities in their districts. The committee decided to re-refer the bill in order to request the State Board of Education and the Department of Education to review the issue, address the concerns of the 28 school districts and report recommendations to the committee. Vote 15-2.

HB 582, eliminating the funding of athletic scholarships by institutions within the university system of New Hampshire. INEXPEDIENT TO LEGISLATE

Rep. Warren Henderson for Education: The committee heard extensive testimony that the ultimate impact of eliminating athletic scholarships in the university system may be to jeopardize many college sports in New Hampshire. Only about 10% of all scholarships are given to athletes, and many of those are only partial scholarships. By selectively awarding athletic scholarships, our colleges can field more competitive sports teams. More competitive teams attract more fans, which generates more revenue, which minimizes the financial burden of athletics on the university system. Taking away those scholarships will have the opposite effect. As sports teams become more of a burden the temptation will be to eliminate the teams. Athletic scholarships benefit all athletes on our sports teams by giving them the best chance to compete and win and to continue to be a source of pride throughout New Hampshire. Vote 17-0.

HB 677-FN-L, establishing a teacher compensation advisory board for the purpose of developing a statewide teacher compensation system. INEXPEDIENT TO LEGISLATE

Rep. David E. Larrabee for Education: The sponsor of the bill desired to see established, a teacher compensation advisory board to advise the State Board of Education on the adoption of a statewide teacher compensation system based on merit and performance criteria. Because salary is the most negotiable piece of a local contract, the result would eliminate local control on salary schedules and compensation. Establishing rules for teacher compensation would result in a state mandate. Vote 19-0.

HB 61, relative to political contributions by members of the ballot law commission. OUGHT TO PASS

Rep. Raymond Buckley for Election Law: This bill was introduced at the request of the members of the Ballot Law Commission. The Commissioners feel that there is a need to prohibit contributions to candidates by BLC members in order to eliminate the potential appearance of a conflict of interest in their rulings. The committee supports the Commissioners request. Vote 15-0.

HB 338, relative to absentee voting procedures. INEXPEDIENT TO LEGISLATE

Rep. Christine M. Konys for Election Law: This bill would have repealed the provisions permitting a moderator to reject an absentee ballot because of an improperly executed affidavit. The committee voted ITL with the agreement of the sponsor. There is a similar bill, which takes a more comprehensive view of the absentee balloting procedure, which has been introduced in the Senate. The sponsor and the committee felt that this bill is therefore unnecessary. Vote 16-0.

HB 335, prohibiting the land application of sludge in reclamation areas. RE-REFER TO COMMITTEE

Rep. Betty B. Hall for Environment and Agriculture: Alternative methods of reclaiming spent gravel pits are being studied as well as the effect of papermill sludge on aquifers. This is a controversial issue. The Senate has bills dealing with the problem. Both bodies need to coordinate our efforts. We need to continue our search for a solution. Vote 15-0.

HB 556-FN, relative to transporting hazardous waste. OUGHT TO PASS

Rep. Kenneth R. Marshall for Environment and Agriculture: This bill was a request of the Department of Environmental Services and simply modifies the hazardous waste transporter registration requirements, confers additional enforcement authority to the Department of Environmental Services relative to hazardous waste transportation, and makes technical changes to the hazardous waste management laws. Vote 15-0.

HB 88-FN, relative to purchasing credit for prior service for certain employees in the New Hampshire retirement system. **OUGHT TO PASS**

Rep. Robert C. Batchelder for Executive Departments and Administration: Existing law provides that when a municipality opts to have its employees become members of the New Hampshire Retirement System, an employee may be credited by the NHRS for years of prior service with that municipality provided that the employee within one year "buys into" the retirement system by making a lump sum payment equal to the accrued liability contributions for those prior years. Recognizing that an employee with many years of prior employment may have difficulty accumulating a large lump sum within the one-year limit, HB 88 will extend the time limit to five years. This change will benefit such employees, at no cost to the retirement system. Vote 18-0. Referred to Finance.

HB 397, establishing a 4-year term for the commissioner of the department of corrections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Frank V. Sapareto for Executive Departments and Administration: This bill clarifies the four-year term for the commissioner for the department of corrections. It specifies the term for a period of four years upon which the governor and council are required to either re-appoint or make a new appointment. It also clarifies the current commissioner's term as starting his four – year appointment from the date of hire last year and commencing four years from that date. This four-year period is consistent with other commissioner appointments. Vote 17-0.

Amendment (0423h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a 4-year term for the commissioner of the department of corrections, and clarifying the process of appointing personnel under the commissioner.

Amend the bill by replacing all after the enacting clause with the following:

1 Term of Appointment. Amend RSA 21-H:6, I and II to read as follows:

I. The commissioner of the department shall be appointed by the governor, with the consent of the council, ~~[and shall serve at the pleasure of the governor]~~ *for a term of 4 years from the date of the appointment and until a successor is appointed and qualified.*

II. The commissioner shall nominate for appointment by the governor, with the consent of the council, each division director, the ~~[warden]~~ *wardens* of all the New Hampshire state ~~[prison for men, the superintendent of the lakes region facility, and the superintendent of the New Hampshire state prison for women]~~ *prisons*. All division directors~~;~~ *and the* ~~[warden]~~ *wardens* of the New Hampshire state ~~[prison for men, the superintendent of the lakes region facility, and the superintendent of the New Hampshire state prison for women]~~ *prisons* shall serve at the pleasure of the commissioner.

2 Application.

I. The provisions of RSA 21-H:6, I, as amended by section 1 of this act, shall apply to any appointments made after the effective date of this act.

II. The term of the commissioner in office on the effective date of this act shall be deemed to have started on January 8, 1998, the date of initial appointment.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a four-year term for the commissioner of the department of corrections and clarifies the process of appointing personnel under the commissioner.

HB 448, relative to the board of dental examiners and the regulation of dentists and dental hygienists. **OUGHT TO PASS WITH AMENDMENT**

Rep. Nancy C. Stickney for Executive Departments and Administration: This bill clarifies the adjudicatory process that deals with professional misconduct, board investigations, and hearings following up on legislation passed in 1997 relative to the rules of the Board of Dental Examiners. The amendment requires rules to be adopted under 541-A and retains the current scope of practice of the dental hygienists. Vote 17-0.

Amendment (0540h)

Amend RSA 317-A:8, I as inserted by section 8 of the bill by replacing it with the following:

I. Applications for licensure shall be made to the board in writing and shall be accompanied by a fee established *in rules adopted under RSA 541-A* by the board and by satisfactory proof that the applicant is a graduate of a school, *or has completed an educational specialty program of at least 2 years*, that is recognized by the American Dental Association Commission of Accreditation of Dental and Dental Auxiliary Educational Programs. The applicant shall be of good professional character and 18 years of age or older.

Amend RSA 317-A:21, II as inserted by section 23 of the bill by replacing it with the following:

II. Applications for licensure as a dental hygienist shall be made to the board in writing and shall be accompanied by a fee established by the board and by satisfactory proof that the applicant is a graduate of a school of *dentistry or a school of* dental hygiene with a minimum of a 2-year program in an institution of higher education, the program of which is accredited by a national accrediting agency recognized by the United States Department of Education and the American Dental Association Commission of Dental Accreditation.

Amend the bill by deleting section 24 and renumbering the original sections 25-31 to read as 24-30, respectively.

HB 474-FN, relative to the annual audit of New Hampshire retirement system funds. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: The bill would have required the office of the legislative budget assistant (LBA) to hire an outside, nationally recognized accounting firm to do the annual audit in one of the next five years. Prior to the filing of this bill, the LBA had started on his own initiative, to prepare for an outside audit firm. The LBA has met with 5 qualified firms and is now in the process of preparing the specifications for bidding on the contract for the next three years, therefore, this bill is no longer needed. Vote 17-0.

HB 476, establishing a committee to study the feasibility of allowing state and local government part-time employees to participate in their employer's group insurance coverage. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Executive Departments and Administration: This subject has been before the legislature in the past. This bill would establish a study committee; however, the full committee felt that this subject should be one of negotiations. Vote 18-0.

HB 598-FN, relative to the licensure of x-ray technicians. RE-REFER TO COMMITTEE

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill would have established a process for licensing x-ray technicians. Public testimony revealed some problems in the way the bill was written. By the time this bill was reviewed by a subcommittee, ED&A received a copy of SB 90 which establishes a study committee to review issues prior to licensure of x-ray technicians. The subcommittee felt that this situation should be studied and felt that the appropriate action is to re-refer this bill. Vote 16-0.

HB 601, allowing the assistant commissioner of corrections to act on behalf of the commissioner in the commissioner's absence, establishing a term of appointment for the commissioner of corrections, and correcting out-of-date references and phraseology pertaining to the department of corrections. OUGHT TO PASS WITH AMENDMENT

Rep. Frank V. Sapareto for Executive Departments and Administration: This bill would allow the assistant commissioner of corrections to assume the duties of the commissioner in the event that the commissioner is unable to perform such duties. It further corrects outdated references in phraseology pertaining to the department of corrections. When the commissioner is unable to perform duties, such may be delegated to the assistant commissioner but not further down the chain of command. Vote 18-0.

Amendment (0523h)

Amend the title of the bill by replacing it with the following:

AN ACT allowing the assistant commissioner of corrections to assume the duties of the commissioner in the event that the commissioner is unable to perform such duties, and correcting out-of-date references and phraseology pertaining to the department of corrections.

Amend the bill by replacing all after the enacting clause with the following:

1 Powers and Duties of the Commissioner of Corrections. Amend RSA 21-H:8, II (d) to read as follows:

(d) Delegate authority to subordinates as ~~[he]~~ *the commissioner* deems necessary and appropriate, except that rulemaking authority shall not be delegated. The commissioner shall provide by delegation for the assistant commissioner or a division director to exercise authority in ~~[his]~~ *the commissioner's* absence. All such delegations shall be made in writing, shall be disseminated to all division directors, shall clearly delineate the authority delegated and the limitations thereto, and shall be kept on file in the commissioner's office. *The assistant commissioner shall assume the duties of the commissioner in the event that the commissioner is unable for any reason to perform such duties.*

2 New Subparagraph; Clarification of Term. Amend RSA 651:6, I by inserting after subparagraph (n) the following new subparagraph:

(o) As used in this section, a "law enforcement officer" is a sheriff or deputy sheriff of any county, a state police officer, a constable or police officer of any city or town, an official or employee of any prison, jail or corrections institution, a probation-parole officer or a conservation officer.

3 New Subparagraph; Addition to Committee Membership. Amend RSA 4:9-c, I by inserting after subparagraph (k) the following new subparagraph:

(l) The commissioner of corrections or designee.

4 Department of Corrections Annual Plan. Amend RSA 21-H:8, X to read as follows:

X. The commissioner shall develop, publish, and periodically revise an annual comprehensive plan for the state's correctional system which shall indicate, among other things, the department's goals, objectives, resources, current conditions, and needs. ~~[The commissioner shall cooperate with the commissioner of the department of youth development services in preparing the juvenile section of the plan required by RSA 621:12, II. The commissioner shall adopt the juvenile section submitted by the commissioner of youth development services without revision.]~~ The report shall contain information on any substantial modification of existing facilities, the progress on construction of new facilities, and whether such construction or modification is being undertaken by public or private entities. The commissioner shall annually submit such comprehensive plan to the governor and council, speaker of the house, president of the senate, and governing bodies of municipalities where state corrections facilities are located.

5 Reference Change and Addition to Personnel Group. Amend RSA 94:1-a by:

I. Deleting in group M:

Superintendent, New Hampshire state prison for women.

Superintendent, lakes region facility, department of corrections.

II. Inserting in group M:

Warden, New Hampshire state prison for women.

Warden, lakes region facility, department of corrections.

III. Inserting in group O:

Warden, Berlin prison facility, department of corrections.

6 Terminology Correction. Amend RSA 622:33-a, II to read as follows:

II. The New Hampshire state prison for women shall be under the superintendence of a ~~[superintendent]~~ *warden*. The ~~[superintendent]~~ *warden* shall serve at the pleasure of the commissioner of corrections and shall be an unclassified employee qualified by education and experience.

7 Reference Change. Amend RSA 622:2-a to read as follows:

622:2-a The ~~[warden]~~ *wardens* of the New Hampshire state ~~[prison for men]~~ *prisons* shall serve at the pleasure of the commissioner and shall be ~~[an]~~ unclassified ~~[employee]~~ *employees* qualified by education and experience.

8 Correction to Jurisdiction. Amend RSA 541-B:9, V to read as follows:

V. Notwithstanding paragraph II, the department of corrections shall have exclusive jurisdiction to investigate, conduct hearings and make decisions, and render or deny awards on claims against the ~~[state prison]~~ *department of corrections* when the amount involved is less than \$500.

9 Repeal. RSA 622:1, relative to the general penitentiary, is repealed.

10 Repeal. RSA 622:2-b, relative to the superintendent of the lakes region facility, is repealed.

11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the assistant commissioner to assume the duties of the commissioner in the event that the commissioner is unable for any reason to perform such duties and corrects certain out-of-date references pertaining to the department of corrections.
Referred to Finance.

HB 686-FN, defining the state heritage collections committee's responsibilities and the process for acquiring or disposing of items and collections. **OUGHT TO PASS WITH AMENDMENT**
Rep. Michael O'Neil for Executive Departments and Administration: This bill sets out the procedure for the heritage collections committee approval for the disposal of all state owned objects of historical, cultural or artistic value through publicly advertised sales or auction. Vote 14-0.

Amendment (0644h)

Amend the bill by replacing section 1 with the following:

1 Sale of Items or Collections. Amend RSA 227-C:22, VI to read as follows:

VI. The committee shall approve or disapprove plans to dispose of any state-owned object of historical, cultural or artistic value. *Such items shall be sold through publicly advertised sale or auction.*

HB 278, relative to scheduling of district court sessions. **OUGHT TO PASS WITH AMENDMENT**
Rep. Steve Vaillancourt for Finance: The amendment eliminates the need for a fiscal note, and the Finance Committee concurs with the policy committee (Judiciary) and previous vote of the House. The amendment stipulates that district court judges shall hold special sessions (such as night sessions) "as may best serve the convenience of the communities within their district." By striking the phrase noting specific locations and times we allow the scheduling judges enough discretion so that no additional costs should be incurred. Vote 25-0.

Amendment (0663h)

Amend RSA 502-A:2, I as inserted by section 1 of the bill by replacing it with the following:

I. The purpose of the establishment of this system of district courts is to provide the minimum number of courts which will adequately serve the convenience of the public, both transient and permanent residents of this state. To accomplish this purpose, districts must serve certain towns within their district having regard for the parties, the seasonal influx of population in certain areas, and such other considerations as the expeditious and effective administration of justice may require. In addition to the regular sessions which are required to be held in various districts under the provisions of this chapter, *or in replacement of a portion of regular sessions*, the justice or special justice of each district ~~may~~ *shall* hold special sessions ~~in such localities within their respective district and at such times~~ as may best serve the convenience of the communities within their district, provided, however, that no such special session shall be held in any building which does not meet the minimum standards prescribed by the New Hampshire court accreditation commission pursuant to RSA 490:5-c.

HB 632-FN-A, directing a portion of fees for copies of motor vehicle records to be deposited in a nonlapsing account within the department of safety, division of fire standards and training. **INEXPEDIENT TO LEGISLATE**

Rep. Jeffrey C. MacGillivray for Finance: The bill increased the fee insurance companies pay for copies of motor vehicle records from \$7 to \$8, and used the \$1 increase to establish a dedicated fund for firefighter training courses and purchase of related training equipment. The division director then requested that the fee not be increased, but that instead part of the existing fee be transferred from the general fund to establish this dedicated fund.

The Finance Committee is generally reluctant to establish additional dedicated funds, and prefers to allocate funds among all budget items during the budget process. The request for additional training funds will continue to be discussed during the budget process. Vote 24-1.

HB 361, requiring the suspension of attorneys who do not abide by a client's decision whether to accept an offer of settlement. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary: There were many reasons the committee voted inexpedient to legislate. The most important reason is that the case that precipitated this bill is currently before the supreme court. There are currently no other professions, including real estate, medical, engi-

neering, where the legislature spells out a penalty. As a rule in equity cases, a contract is signed with the client. Settlements that a client has not seen can be set aside by the court. Court rules of professional conduct require an attorney to abide by the client's decisions. The client can report the attorney to the professional conduct committee and also sue for malpractice. In sum, there are multiple remedies in place currently. Vote 17-0.

HB 382, making the law against discrimination by employers applicable to charitable and educational organizations. INEXPEDIENT TO LEGISLATE

Rep. Martha S. Solow for Judiciary: This bill would remove exemptions for charitable and educational associations or corporations from the law against discrimination by employers. As written, the terms are not clearly defined. In addition, the committee questioned the advisability of removing all exemptions except those for small businesses. The committee will consider these issues under HB 551, which proposes to remove all exemptions. Vote 16-1.

HB 544, relative to limitations on landowner liability. INEXPEDIENT TO LEGISLATE

Rep. Loren J. Jean for Judiciary: Upon its surface the provisions of the bill seemed to further limit landowner liability. However, it was considered by the committee that the proposal needed further work, and as presently written, it would erode the present statutes which effectively protect the landowner, and adequately address liability. At the request of the sponsor, upon learning of these diminishing provisions, the committee agreed to leave well enough alone. Vote 17-0.

HB 568, establishing a review panel to review judicial officers. RE-REFER TO COMMITTEE

Rep. James W. Craig for Judiciary: This bill establishes a review panel, consisting of legislators and members appointed by governor and council, to review judicial officers at least once every seven years following his or her appointment. There are many views on the issue of judicial review and many bills concerning the subject. The committee voted 16-2 to re-refer this bill for further study along with the many other bills on the issue of judicial reform. The committee feels that this approach will result in a more coherent picture of what, if anything, should be done. Vote 16-1.

HB 575, limiting railroad liability for passenger and tourist rail service. RE-REFER TO COMMITTEE

Rep. John M. Pratt for Judiciary: While totally sympathetic with the desire of the bill's supporters to further the cause of railroad revitalization in New Hampshire, the committee concluded that the costs to the state were not clear and the financial limits of a railroad's liability which the bill would establish were insufficient. Given the importance of the issue the committee voted overwhelmingly to re-refer the bill. Vote 18-1.

HB 393-FN-A, establishing a sunset review process for state agencies and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Merton S. Dyer for Legislative Administration: The purpose of this bill was to reestablish the sunset review process of all agency programs. The legislature had a sunset program from November of 1978 to May of 1987 when the legislature sunset the sunset committee. After the sunset program ended, the legislature established the performance audit group in the legislative budget office to review agency programs. This program is working well and does not require as much agency time as the sunset process did.

Under House rules, a standing committee may consider all matters pertaining to their subject areas. That could include a review of agency programs and the committee could issue a report if they felt a particular action should be taken. This bill would appropriate one dollar for this year, but the fiscal note indicated a cost of \$337,000 in the first year to meet the goals outlined in the bill. Given the cost of the sunset program and the fact that the performance audit program was working well, the committee felt that this bill should be inexpedient to legislate. Vote 14-0.

HB 391, establishing a village plan alternative in zoning and land use planning laws. RE-REFER TO COMMITTEE

Rep. Betsey L. Patten for Municipal and County Government: The committee reviewed this proposal for traditional village planning along with HB 209, which also deals with traditional village patterns. The bills look at village planning from two different aspects. The sponsor of this bill worked with the Office of State Planning and the New Hampshire Municipal Association to discuss a variety of changes. The committee recommends re-referring this bill to discuss the possibility of creating a model ordinance that communities may choose to adopt locally. Vote 15-0.

HB 433, relative to moorings on public waters. INEXPEDIENT TO LEGISLATE

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill proposes a process where the state mooring program may be extended from the existing coverage of the six largest lakes to other lakes. The Committee wishes to address this issue, but wishes to use SB 46 as a vehicle since it is a similar bill. The sponsors of both bills have agreed to this approach. Vote 17-0.

HB 539-FN, relative to public access to Squam Lake. RE-REFER TO COMMITTEE

Rep. David M. Lawton for Resources, Recreation and Development: This bill would encourage legislative support to provide full public access to Squam Lake. HB 539-FN was Re-Referred so that the committee would have time to oversee the Fish and Game Department's and the Squam Lake Communities' response to provide public access. The committee would expect to consider taking action on its own in the future to assure free public access to New Hampshire's second largest lake if the issue is not properly resolved. Vote 17-0.

HB 610-FN-A-L, prohibiting the use of wheeled OHRVs on trails maintained by the bureau of trails during the winter. INEXPEDIENT TO LEGISLATE

Rep. H. Charles Royce for Resources, Recreation and Development: This bill would keep all OHRV's off state maintained trails when they are snow covered. There was overwhelming opposition to this bill by both snowmobile and Off Highway Recreational Vehicles (OHRV's) groups throughout the majority of the state. The Committee felt that the Trails Bureau in the Division of Parks and Recreation is working with all users of their trails for the best recreational experience for all. Vote 17-0.

HB 642-FN, relative to the availability of trails under the jurisdiction of the department of resources and economic development. INEXPEDIENT TO LEGISLATE

Rep. Michael D. Whalley for Resources, Recreation and Development: Members of the Committee agreed with the sponsor that the bill as written did not satisfy the sponsors intent of defining different types of recreational trail use. As drafted, the bill was written in a way which was specific to the use off highway recreational vehicles which was too narrow a view from the sponsor's point of view. There was no testimony in support of the bill. The sponsor of the bill chose not to amend the bill to accomplish his original goal. Vote 17-0.

HB 659, relative to the use of ski craft on the waters of the state. INEXPEDIENT TO LEGISLATE

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: The major portion of this bill relates to jet ski regulations and mandatory jet ski operator education. The Committee chose to support unanimously HB 449-FN which is a more comprehensive, mandatory, phased-in, boater safety education certification program. Operators of all motorized vessels in excess of 15 hp will be covered by HB 449-FN. Vote 17-0.

HB 387, relative to local telephone calling areas, access charges, and competitive telephone services. RE-REFER TO COMMITTEE

Rep. Jeb E. Bradley for Science, Technology and Energy: The committee determined that re-referral was the best option due to the broad public policy implications of this bill. The bill sought to expand local telephone calling areas. While such a policy could be very useful, base rates could increase and there could be diminished opportunities for in-state long distance calling. The bill also sought information from phone companies that are regulated and also provide competitive services about potential separation or divestiture of the company into different subsidiaries. Lastly, the bill sought to reduce the access charge by a local phone company to originate or terminate an inter or intrastate long distance call. These access charges have been substantially reduced in the last several years but long distance companies claim the charges exceed the cost of providing the service. The committee discussed proceeding with this latter portion of the bill and asked that Bell Atlantic and long distance competitors such as AT&T and MCI agree on common language. There was no agreement unfortunately. The Public Utilities Commission (PUC) has lowered these access charges when the earnings of a regulated phone company are such that the charge can be lowered without a corresponding increase in local dial tone service. The PUC may well continue this practice without a legislative directive. Also requiring further study will be the impact of any of these initiatives on the thirteen small independent phone companies that service 6% of the state. Any policy changes must reflect the special circumstances of these small companies and their customers. Vote 20-0.

HB 592, creating a study committee regarding requirements for and usage of methyl t-butyl ether. OUGHT TO PASS WITH AMENDMENT

Rep. Terie T. Norelli for Science, Technology and Energy: Methyl t-butyl ether (MTBE) is a fuel additive in conventional gasoline to improve engine performance and replace lead. It is also found in higher concentrations in reformulated gas, which is required by federal law to reduce harmful auto emissions. Gasoline may make its way into the ground due to leaking underground tanks, small spills at filling stations, or from leaky vehicles. Unfortunately, because of its water solubility, MTBE moves more quickly in groundwater than do other gasoline components and has become a threat to some water supplies in the state. This bill, as amended, established a committee to study the comparative risks of MTBE and other gasoline components, to study the relative benefits, costs and technical feasibility of MTBE and potential substitutes on both air and water pollution, and to study actions that could be taken to reduce the impact of MTBE on surface and groundwater. The committee is also considering a companion bill, HB 694, that begins the process of curbing MTBE. Vote 17-0.

Amendment (0661h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that:

I. It is concerned that the gasoline component methyl t-butyl ether (MTBE), which is currently added to gasoline to meet requirements of the Clean Air Act, may have water pollution impacts exceeding its air pollution reduction benefits.

II. This is a nationwide issue and studies have been conducted and are being conducted to evaluate the relative benefits, relative impacts, and relative costs of different gasoline components and of the federal requirement that oxygenates such as MTBE be added to gasoline.

III. The comparative risks of MTBE and other gasoline components should be carefully studied, and the results of all available studies carefully evaluated, prior to taking any action such as proscribing any one gasoline component without good information about the likely consequences of its likely replacements.

2 Committee Established. There is established a committee to study and review issues related to the use of methyl t-butyl ether (MTBE) and other gasoline components and the comparative risks of their use upon air pollution and water pollution.

3 Membership and Compensation.

1. The members of the committee shall be as follows:

(a) Five members of the house of representatives, at least 2 of whom shall be from the science, technology and energy committee and at least one of whom shall be from the resources, recreation and development committee appointed by the speaker of the house. The speaker of the house may appoint up to 3 other house members, if deemed necessary, as alternates.

(b) At least 3 but not more than 5 members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall be responsible for the following:

I. Monitoring and assisting efforts to eliminate the federal requirement that oxygenates such as MTBE be added to gasoline.

II. Studying the relative benefits, relative impacts, relative costs, legality and technical feasibility of MTBE and its potential gasoline oxygenate substitutes on levels of air pollution and water pollution.

III. Studying the usage, relative benefits, relative impacts, relative costs, legality and technical feasibility of MTBE and its potential gasoline component substitutes on levels of air pollution and water pollution in the event that the federal oxygenate requirements were decreased or eliminated.

IV. Studying various actions that could be taken to reduce the impact of MTBE on surface water and ground water, including reducing emissions from marine engines prior to the effective date of future federal standards.

5 Chairperson. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

7 Effective Date. This act shall take effect upon its passage.

HB 368, relative to motor vehicle learner's permit requirements. **INEXPEDIENT TO LEGISLATE**
Rep. Robert J. Letourneau for Transportation: This bill would require teen drivers to have 90 days of practice time with an adult prior to being eligible for a youth driver's license. The committee saw merit in this concept and commends the sponsor for his effort. The committee took this idea and included it in HB 491. Vote 16-0.

HB 432, requiring persons under 18 who complete a driver's education course to also do practice driving with a parent or guardian. **INEXPEDIENT TO LEGISLATE**
Rep. Robert J. Letourneau for Transportation: This bill would require persons under 18 who complete a driver's education course to also practice with a parent or guardian. The committee recognized the merit of this concept and commends the sponsors for their effort. The committee had several bills with similar language and included this idea in HB 491. Vote 16-0.

HB 491, requiring the department of safety to conduct all qualifying examinations of individuals seeking driver's licenses. **OUGHT TO PASS WITH AMENDMENT**
Rep. Robert J. Letourneau for Transportation: This bill is a follow-up bill that continues the effort to improve teen driver education. The committee combined four bills into one rather than passing four separate pieces of legislation concerning the same subject matter. The first part of this bill requires the Department of Safety to be responsible to administer the qualifying examinations for individuals seeking driver's licenses. The amendment requires the administrators of driving schools to conduct 10 hours of practice driving time with pupils. It also provides that persons under the age of 18 must complete 60 hours of additional supervised driving time with a parent, guardian or person over 25 years of age in order to obtain a license. This amendment also provides an exemption for motorcycle endorsements provided that the applicant successfully completes the New Hampshire motorcycle safety program. This bill has the support of the DOS, DOE, AAA and NH driver instructors. The committee strongly supports this bill. Vote 16-0.

Amendment (0564h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to qualifying examinations for individuals seeking driver's licenses, and driver education course requirements.

Amend the bill by inserting after section 3 the following and renumbering the original sections 4 and 5 to read as 5 and 6, respectively:

4 Behind the Wheel Training Requirements Increased. Amend RSA 263:19 to read as follows:
263:19 Driver Education.

I. A driver's license may be issued subject to the provisions of this chapter to a person under the age of 18 years who has attained his sixteenth birthday, if such person shall present a certificate of successful completion of a driver education course given by a public or nonpublic secondary school and approved by the department of education in cooperation with the department of safety or given by a motor vehicle driver's school licensed under the provisions of this chapter. An approved driver education course, whether conducted by a secondary school or by a school licensed under this chapter, shall consist of both classroom instruction and behind the wheel driver training *of not less than 10 hours*, in accordance with rules adopted pursuant to RSA 541-A, published jointly by the commissioner of education and the commissioner of safety, such standards to be not less than those presently required.

II. *To qualify for a driver's license under this section, a person under the age of 18 shall also certify the completion of 60 hours of additional supervised driving time under the supervision of a licensed parent or guardian, or, if there is no licensed parent or guardian, under the supervision of a licensed adult over the age of 25. The commissioner shall adopt rules relative to the method of certification.*

III. *Any person who wishes to obtain a motorcycle endorsement shall not be required to complete the 60 hours of practice driving time specified in paragraph I, but shall successfully*

complete a program authorized pursuant to RSA 263:34-b and shall be exempt from RSA 263:14, II(c) while operating a motorcycle.

Amend the bill by replacing section 6 with the following:

6 Effective Date.

I. Sections 1, 2, 3 and 5 of this act shall take effect January 1, 2000.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires all qualifying examinations for individuals seeking to obtain driver's licenses be conducted by department of safety personnel. The bill also requires administrators of approved driver education courses to conduct 10 hours of practice driving time with pupils, and provides that persons under the age of 18 must complete 60 hours of additional supervised driving time with a parent or guardian in order to obtain a license. Motorcycle license applicants are exempted from the additional 60 hours of driving time.

HB 496-FN-L, relative to increasing the minimum number of hours required for novice drivers enrolled in driver's education programs. INEXPEDIENT TO LEGISLATE

Rep. Robert J. Letourneau for Transportation: This bill increases the minimum number of hours required for novice drivers enrolled in driver education programs. The committee recognized the merit of this bill and commends its sponsors for their efforts. The committee included the concept of this bill in HB 491. Vote 16-0.

HB 554, relative to driver education reciprocity. OUGHT TO PASS WITH AMENDMENT

Rep. George A. LaPorte for Transportation: This bill would require students taking driver education out of state to meet the minimum standards of New Hampshire. Only individuals 16 and 17 years of age would be affected. Those who wish to wait until the age 18 or older would not be required to take a driver education course to obtain a driver's license. Vote 17-0.

Amendment (0551h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Hampshire Driver Education Requirements. Amend RSA 263:20 to read as follows:

263:20 Driver Education; Reciprocity. The provisions of RSA 263:19 shall not prevent the issuance of a driver's license to any individual who can produce satisfactory evidence of completion of an equivalent course of driver education, approved by the issuing state, provided that the commissioners of safety and education acting jointly shall determine that such course is equivalent to New Hampshire's driver education course *and provided that such course meets or exceeds the state's minimum standards.*

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires that new residents attempting to obtain a drivers license in the state shall have completed driver education or training which meets the state's minimum standards.

HB 559-FN-A, authorizing vanity plates or decals for OHRV registrations. OUGHT TO PASS WITH AMENDMENT

Rep. Alfred C. Lerandeau for Transportation: This bill, as amended, allows the executive director of the fish and game commission, for a fee, to issue vanity plates or decals for residents only to be used on off highway recreational vehicles. A portion of the monies raised would further the OHRV training programs, and would not cause any fiscal impact to the state. Vote 17-0.

Amendment (0561h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Individual Vanity Plates or Decals. Amend RSA 215-A by inserting after section 23 the following new section:

215-A:23-a Individual Vanity Plates or Decals. The executive director is hereby authorized to design and to issue vanity plates or decals for residents only to be used on off highway recreational vehicles in lieu of other number plates or decals. Such plates or decals shall be of such design and shall bear such letters or letters and numbers as the executive director shall prescribe, but there shall

be no duplication of identification. The executive director, or designee, may deny or revoke any plate or decal deemed inappropriate. Such vanity plates or decals shall be issued only upon application therefor and upon payment of a special fee of \$20. The special fee shall be in addition to the regular OHRV registration fee under RSA 215-A:23 and any fee otherwise required by law for the particular vehicle. All special fees collected under this section shall be nonlapsing and continually appropriated to the fish and game department for the purposes described in RSA 215-A:23, VIII(b), the administrative costs of this section, and the actual costs to produce the plates or decals. The executive director shall, if necessary, adopt rules pursuant to RSA 541-A relative to the application for, design of, issuance, denial, or revocation of vanity plates or decals.

2 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill authorizes the executive director of the fish and game commission to issue, for a fee, vanity plates or decals to be used on OHRVs for residents. Fees paid for the vanity plates or decals are continually appropriated to the fish and game department for OHRV training programs and administrative and production costs of plates or decals.
Referred to Finance.

HB 651, revising the speed limit law. OUGHT TO PASS WITH AMENDMENT

Rep. Robert J. Letourneau for Transportation: This bill revises the speed limit law by allowing the commissioner of the department of transportation to reduce the speed limit in the event of vehicle or weather emergencies. This bill would allow the commissioner to erect signs that may carry either a fixed speed limit or a changeable message so designed as to permit display of different speed limits at various times of the day or night. Vote 17-0.

Amendment (0361h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Speed Limit Statute Revised. Amend RSA 265:60, II by inserting after subparagraph (e) the following new subparagraph:

(f) On a portion of a highway where officers or employees of the agency having jurisdiction of the same, or any contractor of the agency or their employees, are at work on the roadway or so close thereto as to be endangered by passing traffic, at a speed of 10 miles per hour below the usual posted limit, but in no case greater than 45 miles per hour. The speed shall be displayed on signs as required by RSA 265:6-a.

2 Establishment of State Speed Zones. Amend RSA 265:62, I to read as follows:

I. Whenever the commissioner of transportation shall determine, upon the basis of an engineering and traffic investigation, *or in the event of vehicle or weather emergencies*, that any prima facie speed limit hereinbefore set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of the state highway system, outside the compact part of cities or towns, said commissioner may determine and declare a reasonable and safe prima facie speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. *Such signs may carry either a fixed speed limit legend or a changeable message so designed as to permit display of different speed limits at various times of the day or night.* Such a prima facie speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs. The said commissioner shall keep and maintain a full and complete record of all speed zones established by him and all alterations, amendments or removal thereof.

3 Establishment of Speed Zones. Amend RSA 236:7 to read as follows:

236:7 Establishment of Speed Zones. Whenever the commissioner of transportation shall determine upon the basis of an engineering and traffic investigation, *or in the event of vehicle or weather emergencies*, that any prima facie speed limit set forth in RSA 265:60 is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place, or upon any part of a class I, class II or class III highway, outside the compact part of cities or towns, said commissioner may determine and declare a reasonable and safe prima facie speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of said highway. *Such signs may carry either a fixed speed limit legend or a changeable message so designed as to permit display of different speed limits at various times of the day or*

night. Such a prima facie speed limit may be declared to be effective at all times or at such times as are indicated upon said signs. The commissioner shall keep and maintain a full and complete record of all speed zones established by him and all alterations, amendments or removal thereof.

4 Effective Date. This act shall take effect 60 days after its passage.

COMMITTEE REPORTS

CONSENT CALENDAR – PART II

Rep. Chandler moved that the Consent Calendar Part II with the relevant amendments as printed in the day's House Record be adopted.

HB 682-FN-A, establishing a statewide program for the removal of graffiti from public property, removed by Rep. Belvin.

Consent Calendar adopted.

HB 654-FN-L, relative to the disposition or sentencing of persons under 18 years of age who commit certain crimes. **INEXPEDIENT TO LEGISLATE**

Rep. L. Randy Lyman for Children and Family Law: This bill sets forth a procedure whereby juveniles, who have committed certain felony crimes and have been certified as adults, serve part of their sentence at YDC and then possibly get paroled once they reach the age of majority, regardless of the sentence given by the adult court. The bill also encompassed both the juvenile justice and county budget, and the state corrections budget. It is the committee's hope that the sponsor might consider dividing the subject matter into 2 future pieces of legislation. Vote 15-1.

HB 652-FN, relative to victims' assistance, penalty assessments on criminal offenses, and establishing a victims fund which is continually appropriated for district court victim-witness programs. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill re-emphasizes the importance of helping victims of violent crime. The Victims' Assistance Fund, since its establishment in 1988, has ensured that victims do not suffer financial losses out of pocket such as funeral costs, counseling, and medical expenses resulting from the crime. The fund was originally created from 2% of penalty assessments on all fines and penalties so that tax dollars were not used. 15% of penalty assessments is used to fund police standards and training. For 10 years, 3% of penalty assessments was also used to fund a temporary Court Modernization Fund that lapsed in June 1998, five years after its original statutory lapse date. HB 652 takes that 3% and re-directs it into the Victims' Assistance Fund in response to a recent assessment which identified the need for providing victim services within our district courts and more adequately funding the expansion of the victim compensation program. This bill also creates a 5% surcharge on goods purchased at state prison commissaries to be used exclusively to fund victim/witness programs in the district courts (to include victims of juvenile crime) and makes victim restitution a priority. With the enactment of this legislation, New Hampshire will finally have fully funded victims' compensation program. Vote 13-0.

Amendment (0277h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to victims' assistance, penalty assessments on criminal offenses, and establishing a surcharge on items sold at state prison commissaries which is continually appropriated to the victims' assistance fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Victims Assistance Fund. Amend RSA 6:12, I(aa) to read as follows:

(aa) The assessments collected under RSA 188-F:31 and 651:63, V *and the surcharges on state commissary purchases under RSA 622:7-b* designated for the victims' assistance fund which shall be credited to the victims' assistance fund until that fund exceeds \$750,000, at which time moneys in excess of \$750,000 shall be credited to the general fund.

2 Grants for Victim Assistance Programs. Amend RSA 21-M:8-i, I to read as follows:

1. Subject to the availability of money in the victims' assistance fund, the attorney general shall make grants totaling not more than ~~55~~ 25 percent of the victims' assistance fund, for the establishment and maintenance of victim assistance programs. ~~[The attorney general may, in awarding funds under this section, give preference to those counties not already served by a victim assistance program.]~~

3 Penalty Assessment and Amount of Penalty Assessment Designated for Victims' Assistance Fund Increased. Amend RSA 188-F:31, I to read as follows:

I. Every court shall levy a penalty assessment of \$2 or [47] 20 percent, whichever is greater, on each fine or penalty imposed by the court for a criminal offense, including any fine or penalty for a violation of RSA title XXI or any municipal ordinance, except for a violation of a municipal ordinance relating to motor vehicles unlawfully left or parked. Such penalty assessment shall be divided into the following components, to be designated as follows: 15 percent for the police standards and training council training fund and [2] 5 percent for the victims' assistance fund.

4 Reference to Court Modernization Fund Deleted. Amend RSA 262:44, I to read as follows:

I. Such defendant shall receive, in addition to his summons, a uniform fine schedule entitled "Notice of Fine, Division of Motor Vehicles" which shall contain the normal fines for violations of the provisions of title XXI on vehicles for which a plea may be entered by mail. The defendant shall be given a notice of fine indicating the amount of the fine plus penalty assessment at the time the summons is issued; except if, for cause, the summoning authority wishes the defendant to appear personally. Defendants summoned to appear personally shall do so on the arraignment date specified in the summons, unless otherwise ordered by the court. Defendants who are issued a summons and notice of fine and who wish to plead guilty or nolo contendere shall enter their plea on the summons and return it with payment of the fine plus penalty assessment to the director of motor vehicles within 30 days of the date of the summons. The director of motor vehicles shall remit the penalty assessments collected to the police standards and training council for deposit in the police standards and training council training fund and to the state treasurer ~~[for deposit in]~~ *to be credited and continually appropriated to* the victims' assistance fund ~~[and the court modernization fund]~~ in the percentages and manner prescribed in RSA 188-F:31. Fines shall be paid over to the commissioner of administrative services, or to such department or agency of the state as the law provides, within 14 days of their receipt.

5 New Section; Victims' Fund. Amend RSA 622 by inserting after section 7-a the following new section:

622:7-b Victims' Fund. Every commissary in a state prison operated for the sale of commodities shall collect a surcharge of 5 percent of the sales price of every item sold. All funds collected pursuant to this section shall be deposited in and continually appropriated to the victims' assistance fund.

6 Restitution First Priority. Amend RSA 651:63, VI to read as follows:

VI. Restitution, administrative fines and fees, and other fees collected, except for supervision fees pursuant to RSA 504-A:13, shall be allocated ~~[on a pro-rata basis]~~ *by the commissioner of corrections or his or her designee* when payments are insufficient to cover the full amount due for each of these balances. *Restitution to victims shall have priority over all other collections.*

7 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill increases the amount of the penalty assessment on a criminal offense from \$2 or 17 percent of the fine charged for the offense to \$2 or 20 percent of the fine charged for the offense. The bill increases the amount of the penalty assessment designated for the victims' assistance fund from 2 percent to 5 percent.

The bill establishes a surcharge on items sold at state prison commissaries. Surcharges collected are continually appropriated to the victims' assistance fund.

The bill grants victims first priority for payments of restitution over other collectors of payments from restitution, fines and fees collected by the commissioner of corrections. Referred to Finance.

HB 246, relative to personnel transfers at the department of safety. RE-REFER TO COMMITTEE Rep. Howard C. Dickinson for Executive Departments and Administration: The bill deals with the transfer of personnel within the department of safety. This was a request of the department and would repeal that portion of the present statute that involves the fire standards and training program. Due to a short notice, the members of the fire standards and training commission were not able to attend the initial hearing or a rescheduled hearing. The prime sponsor was also unable to attend because of a medical condition. The committee requests that the bill be re-referred so that all parties may participate in the process at a later date. Vote 15-0.

HB 313-FN, relative to the regulation of the practice of optometry. **OUGHT TO PASS WITH AMENDMENT**

Rep. Carolyn A. Virtue for Executive Departments and Administration: This bill strengthens and clarifies procedures for licensure and re-licensure of optometrists. It also provides the Board of Optometry with the ability to assess an administrative fine for violations to statutes or rules promulgated by the board. The amendment clarifies issues on licensure renewals. Renewal applications are mailed out before May 1 of each year, and are due on or before June 30. Licenses of an optometrist will expire on July 1 if the licensee has not submitted the required re-application information and fee. A reinstatement request will be required for continued licensure. The bill also establishes valid differences in continuing education requirements for those optometrists who do not use pharmaceutical agents in their practice. Those who use these agents are required to complete 150 hours of continuing education every three years. This should insure well-trained professionals treating our New Hampshire citizens. Vote 16-0.

Amendment (0594h)

Amend the bill by replacing section 10 with the following:

10 License Renewal. RSA 327:13 is repealed and reenacted to read as follows:

327:13 Renewal of Licenses.

I. All licenses issued under this chapter shall automatically expire on July 1 of each year, unless an application for renewal of the license is received by the board on or before that date.

II. Before May 1 of each year, the board shall mail to every optometrist licensed in the state an application for renewal addressed to the post office address provided by the applicant pursuant to RSA 327:21, V.

III. Any licensee whose license has expired shall be barred from the practice of optometry in New Hampshire until such time as a reinstatement application is granted by the board.

Amend RSA 327:31, VIII as inserted by section 18 of the bill by replacing it with the following:

~~VIII. [How an applicant shall be examined for professional and technical proficiency when the applicant has been:~~

~~(a) Licensed in another state, but has not taken a written examination, or~~

~~(b) Holding nonactive status for a period of 3 years or more.~~

~~IX:] Additions or alterations to the defined pharmaceutical agents for diagnostic purposes as set forth in RSA [327:1, I.] 327:1, III; and~~

HB 343, changing the Columbus Day holiday to Explorers Day. **INEXPEDIENT TO LEGISLATE** Rep. Benjamin E. Moore for Executive Departments and Administration: The date, October 12, was added to the statute on legal holidays in 1913. At that time, 1913, the date October 12, historically, had always been associated with Christopher Columbus and the discovery of America. The recognition of a holiday October 12 while unnamed was intended to recognize Columbus and his achievement. The naming of Columbus Day and changing the day of the holiday to the second Monday in October 1971 did not change the original intent of the legislation. For this reason, the committee felt that change in name is unwarranted. Vote 18-0.

HB 516, exempting the New Hampshire retirement system from rulemaking for procedures concerning the retirement fund investment objectives and guidelines. **INEXPEDIENT TO LEGISLATE** Rep. Frank V. Sapareto for Executive Departments and Administration: This bill exempts the New Hampshire Retirement System Board of Trustees from the Administrative Procedures Act concerning the retirement fund objectives and guidelines. This bill was requested by the New Hampshire Retirement System, however, controversy arose as to the methods of accomplishing the fund's objectives. The committee felt that this could best be corrected by rule changes without any blanket exemptions. Vote 15-0.

HB 620-FN, relative to election of vested deferred retirement status for inactive members of the retirement system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Albert W. Hamel for Executive Departments and Administration: This bill changes the process for receiving a vested deferred retirement. A member vested with 10 or more years as a member of the New Hampshire Retirement System who ceases to make contributions to the retirement system will be automatically transferred to vested deferred status in the New Hampshire Retirement System. A member may take an annuity payment at age 60 for group I or age 45 for group II or may request withdrawal of their funds at any time. Vote 16-0.

Amendment (0330h)

Amend the bill by replacing all after the enacting clause with the following:

I Vested Deferred Retirement Benefits; Inactive Members. Amend RSA 100-A:10 to read as follows:

100-A:10 Vested Deferred Retirement Benefit

I. Group I Members.

(a) A group I member who has completed 10 years of creditable service and who, for reasons other than retirement or death, ceases to be an employee or teacher ~~[may elect, in lieu of the refund of his accumulated contributions under RSA 100-A:11, on a form prescribed by the board of trustees for such purpose, to receive a vested deferred retirement allowance]~~ *shall be deemed in vested status and upon meeting the eligibility requirements of subparagraph (b) may collect a vested deferred retirement allowance. In lieu of a vested deferred retirement allowance, the member may make application on a form prescribed by the board of trustees and receive a return of the member's accumulated contributions under RSA 100-A:11.*

(b) At any time after attainment of age 50, a group I member who ~~[has made such election may apply for]~~ *meets the requirement of subparagraph (a) may make application on a form prescribed by the board of trustees* and receive a vested deferred retirement allowance which shall consist of a member annuity which shall be the actuarial equivalent of the member's accumulated contributions on the date of retirement and a state annuity which, together with the member annuity, shall be equal to either the service retirement allowance payable under RSA 100-A:5, I(a) and I(b) or the reduced early service retirement allowance payable under RSA 100-A:5, I(c), based on the member's age when the vested deferred retirement allowance begins and on the member's average final compensation and creditable service at the time service is terminated.

II. Group II Members.

(a) A group II member who has completed 10 years of creditable service and who, for reasons other than retirement or death, ceases to be a permanent policeman or permanent fireman ~~[may elect, in lieu of the refund of his accumulated contributions under RSA 100-A:11, on a form prescribed by the board of trustees for such purpose, to receive a vested deferred retirement allowance]~~ *shall be deemed in vested status and upon meeting the eligibility requirements of subparagraph (b) may collect a vested deferred retirement allowance. In lieu of a vested deferred retirement allowance, the member may make application on a form prescribed by the board of trustees and receive a return of the member's accumulated contributions under RSA 100-A:11.*

(b) Upon ~~[his]~~ *the member's* attainment of age 45, provided ~~[he]~~ *the member* would then have completed 20 years of creditable service, otherwise the subsequent date on which such 20 years would have been completed, a group II member who ~~[has made such election shall commence to]~~ *meets the requirement of subparagraph (a) may make application on a form prescribed by the board of trustees* and receive a vested deferred retirement allowance which shall consist of: (1) A member annuity which shall be the actuarial equivalent of ~~[his]~~ accumulated contributions on the date ~~[his]~~ *the member's* retirement allowance commences; and (2) A state annuity which, together with ~~[his]~~ *the member* annuity, shall be equal to a service retirement allowance based on the member's average final compensation and creditable service at the time ~~[his]~~ *the member's* service is terminated.

2 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill provides that members of the retirement system who cease to be active members shall be deemed to be in vested deferred retirement status.

This bill is a request of the New Hampshire retirement system.

HB 597-FN-A, making an appropriation to install certain safety equipment in residential care facilities. INEXPEDIENT TO LEGISLATE

Rep. Daniel Burnham for Health, Human Services and Elderly Affairs: Sponsors for this bill, which would make an appropriation to install certain safety equipment in residential care facilities, have told the committee that this legislation is no longer necessary, as state, federal and the private sector have agreed to provide funding. Vote 17-0.

HB 624-FN, establishing a health care quality commission. **OUGHT TO PASS WITH AMENDMENT** Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill originally called for the state to gather data and publish report cards on physicians. Testimony showed there is a desire for quality reports on a number of phases of health care. Some data is already being gathered by various means. Therefore, it was felt that a study committee needs to be formed to determine what information would be helpful to the public, how, when and how often it should be gathered and in what form it should be disseminated. The sponsor agrees with this committee. Vote 14-0.

Amendment (0662h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee relative to health care quality.

Amend the bill by replacing all after the enacting clause with the following:

I Statement of Purpose. The general court finds that as the state's system of health care delivery has become increasingly complex, there exists a need to provide consumers with information about the quality of health care being delivered.

2 Committee Established. There is established a committee to study and make recommendations regarding the collection, review and dissemination to consumers of information related to health care quality.

3 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, one of whom shall be from the house health, human services and elderly affairs committee, appointed by the speaker of the house.

(b) Three members of the senate, one of whom shall be from the senate public institutions, health and human services committee, appointed by the president of the senate.

II. The committee shall solicit information from a licensed physician, a representative for the managed care industry, a representative from a New Hampshire acute care hospital, a representative of consumers, and a representative of employers providing employee health benefits.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall study the feasibility of establishing a state information resource for consumers related to the quality of health care and shall make findings and recommendations. In performing its duties, the committee shall review the experience of other states and may seek information from any other relevant source. The committee shall determine:

I. What information is available from existing sources, including, but not limited to licensing and accreditation processes for health carriers, managed care companies, physicians, and hospitals.

II. The extent to which such available information is relevant to consumers' need for information on health care quality.

III. How frequently such information is updated.

IV. How such information may be made meaningful and available to consumers.

V. The cost to the state of providing such information, with attention given to the cost effectiveness of this information resource.

VI. The legal and practical need for the protection of certain confidential information from disclosure.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 30, 1999.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to make recommendations regarding the collection, review, and dissemination to consumers of information related to health care quality.

HB 570, restricting a presiding judge's authority to interrupt jury deliberations. **OUGHT TO PASS**
Rep. Tony F. Soltani for Judiciary: Under our constitutional system, the jury is the ultimate trier of fact. Its province should be respected and never invaded. It is not a common occurrence for a judge to interrupt jury deliberations, in order to speed matters. However, this bill will overtly and expressly discourage such interruptions. There is no prohibition, however, for a judge to instruct the jury with the consent of both litigants, or to answer questions forwarded by the jury. Vote 14-2.

HB 667, relative to the quorum required for sessions of the supreme court. **OUGHT TO PASS WITH AMENDMENT**

Rep. Loren J. Jean for Judiciary: RSA 490:7 as it presently reads enables a single justice of the supreme court to "hear and determine the case with all the power of the court". That provision should not be allowed to stand. The committee felt the statute brushes aside the traditional tribunal concept of appeal. The bill as now amended assures that at least 3 justices sit on, participate in, and decide a case. Vote 12-0.

Amendment (0353h)

Amend RSA 490:7 as inserted by section 1 of the bill by replacing it with the following:

490:7 Quorum. Sessions of the court [~~may~~] *shall be held by at least 3 and preferably 5 supreme court justices. A lesser number, or the clerk, if no justice attends, may adjourn the sessions from day to day until 3 justices attend. If one or more of the justices present is disqualified to sit in any case, one or more temporary justices may be assigned in accordance with RSA 490:3 [or the remaining justices or justice shall hear and determine the case with all the power of the court]; provided that at least 3 justices, either full-time or temporarily appointed, must sit, participate, and decide.*

AMENDED ANALYSIS

This bill requires that at least 3 supreme court justices sit, participate, and decide in each case before the supreme court. The bill states that it is preferable that 5 supreme court justices sit in each case.

HB 69, relative to overtime pay for hourly employees. **OUGHT TO PASS WITH AMENDMENT**
Rep. Jane P. Kelley for Labor, Industrial and Rehabilitative Services: This bill, as amended, makes a uniform definition of independent contractor consistent throughout labor law where inconsistencies existed in the past. It also enables the NH Labor Department to enforce Federal Fair Labor Standards regarding overtime pay. Vote 19-0.

Amendment (0267h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of employee under certain labor laws and relative to overtime pay for hourly employees.

Amend the bill by replacing all after the enacting clause with the following:

I Procuring Employment, Conditions of Employment; Definition of Employee. RSA 275:4, II is repealed and reenacted to read as follows:

II. In this subdivision, "employee" means and includes every person who may be permitted, required or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VII(b) or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) *The person has control and discretion over the means and manner of performance of the work in achieving the result of the work.*

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this criterion does not prohibit the employer from reaching agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person holds himself or herself out to be in business for himself or herself.

(e) The person is not required to work exclusively for the employer.

2 Payment of Wages; Definition of Employee. RSA 275:42, II is repealed and reenacted to read as follows:

II. "Employee" means and includes every person who may be permitted, required or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VII(b) or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work in achieving the result of the work.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this criterion does not prohibit the employer from reaching agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person holds himself or herself out to be in business for himself or herself.

(e) The person is not required to work exclusively for the employer.

3 Whistleblower Protection Act; Definition of Employee. RSA 275-E:1, I is repealed and reenacted to read as follows:

I. "Employee" means and includes every person who may be permitted, required or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VII(b) or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work in achieving the result of the work.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this criterion does not prohibit the employer from reaching agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person holds himself or herself out to be in business for himself or herself.

(e) The person is not required to work exclusively for the employer.

4 Minimum Wage Law; Definition of Employee. RSA 279:1, X is repealed and reenacted to read as follows:

X. "Employee" means and includes every person who may be permitted, required or directed by any employer, in consideration of direct or indirect gain or profit, to engage in any employment, but shall not include any person exempted from the definition of employee as stated in RSA 281-A:2, VII(b) or any person who meets all of the following criteria:

(a) The person possesses or has applied for a federal employer identification number or social security number, or in the alternative, has agreed in writing to carry out the responsibilities imposed on employers under this chapter.

(b) The person has control and discretion over the means and manner of performance of the work in achieving the result of the work.

(c) The person has control over the time when the work is performed, and the time of performance is not dictated by the employer. However, this criterion does not prohibit the employer from reaching agreement with the person as to completion schedule, range of work hours, and maximum number of work hours to be provided by the person, and in the case of entertainment, the time such entertainment is to be presented.

(d) The person holds himself or herself out to be in business for himself or herself.

(e) The person is not required to work exclusively for the employer.

5 New Subparagraphs; Minimum Wage Law; Exceptions to Overtime Rate. RSA 279:21, VIII(b) is repealed and reenacted to read as follows:

(b) Notwithstanding the annual sales test provisions under the federal Fair Labor Standards Act of 1938, as amended (29 U.S.C. section 201, et seq.), any employee exempt from, or any employee of an employer exempt from the overtime provisions of the Fair Labor Standards Act.

(c) Salaried employees as defined by RSA 275:42, VI allowing for payment in accordance with RSA 275:43-b.

(d) Governmental and public sector employees who are entitled to accrue and use compensatory time off in accordance with RSA 275:43, V.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill changes the definition of employee related to certain labor laws. This bill also changes provisions in the minimum wage law relative to the exclusions to the time-and-one-half for overtime requirement.

HB 485-FN, relative to the calculation of unemployment compensation benefits. OUGHT TO PASS WITH AMENDMENT

Rep. Russell D. Bridle for Labor, Industrial and Rehabilitative Services: This bill makes changes in the procedures for calculation of unemployment compensation benefits as requested by the Unemployment Compensation Advisory Council. It curtails the practice of employers from hiring employees for four (4) weeks, then laying them off for a week before rehiring them, to avoid paying unemployment insurance. The adoption of these changes allows New Hampshire legislation to conform to the US Department of Labor legislation. The Committee recommends that this bill "Ought to Pass with Amendment". Vote 18-0.

Amendment (0134h)

Amend the bill by replacing all after the enacting clause with the following:

1 Most Recent Employer. Amend RSA 282-A:12 to read as follows:

282-A:12 Most Recent Employer. "Most recent employer" means the last employer with whom an individual's work record exceeded 4 consecutive weeks of employment *or exceeded 9 weeks of employment in the immediately preceding 13 week period* while such individual received no benefits under RSA 282-A.

2 State-Federal Extended Benefit Program; New Paragraph; Definitions. Amend RSA 282-A:30, I by inserting after paragraph (k) the following new subparagraph:

(l) "High unemployment period" means any period in which an extended benefit period is in effect if RSA 282-A:30; I(d)(3) is applied by substituting 8 percent for 6.5 percent.

3 State-Federal Extended Benefit Program. Amend RSA 282-A:30, V to read as follows:

V. The total extended benefit amount payable to any eligible individual with respect to ~~[his] the individual's~~ applicable benefit year, calculated on the benefit schedule applicable to ~~[him] the individual~~ at the close of said year, shall be ~~[50 percent of the total amount of regular benefits]~~ *13 times the individual's maximum weekly benefit amount* which ~~[were]~~ was payable to ~~[him] the individual~~ under this chapter during the applicable benefit year *or 20 times the individual's maximum weekly benefit amount if such occurs during a high unemployment period.*

4 State-Federal Extended Benefit Program. Amend RSA 282-A:30, IX to read as follows:

IX. In no event shall benefits payable under the laws of this state to any individual exceed with respect to any benefit year an amount equal to ~~[39]~~ *46* times ~~[his] the individual's~~ maximum weekly benefit amount.

5 Fact Finding; Employer Cooperation. Amend RSA 282-A:45, I(a) to read as follows:

(a) Send to the *last* employing unit or ~~[employer or both for whom the claimant last performed services]~~ *any employer who was or may be charged with benefits and any employing unit or employer whenever a claimant's reason for leaving their employ may be material to the claim* a notice of the filing of a claim advising ~~[that he may appear in person in a given office of the department at a specific time and date to furnish full and complete factual information with respect to the discontinuance of said services; and]~~ *the employer or employing unit of the material information provided by the claimant and advising the employer or employing unit whether the de-*

partment will initiate contact with the employer or employing unit to obtain full and complete information or whether the employer or employing unit is required to contact the department to dispute the information provided by the claimant; and

6 Fact Finding; Employer Cooperation. Amend RSA 282-A:45, I(c) to read as follows:

(c) Send to the same employing ~~[unit] units~~ or ~~[employer or both] employers~~ as in subparagraph (a) ~~[a] an information verification~~ and waiver form as provided in RSA 282-A:50.

7 Fact Finding; Employer Cooperation. Amend RSA 282-A:45, II and III to read as follows:

II. The notice, request and waiver form provided for in paragraph I may be in one or more forms and shall be as provided for in the rules adopted by the commissioner, including such time limitations as ~~[he] the commissioner~~ deems appropriate.

III. Failure on the part of the employing ~~[unit] units~~ or ~~[employer or both] employers~~ to respond in at least one of the ~~[3]~~ methods provided in paragraph I shall, at the expiration of the period set for response, be deemed an irrevocable waiver of ~~[his] its~~ right to be heard before the determination is made. Benefits charged to ~~[his] its~~ account as a result of the determination shall remain so charged even though the claimant is, by reason of some later decision, held not to be entitled to such benefits.

8 Redetermination. Amend RSA 282-A:46 to read as follows:

282-A:46 Redetermination. A certifying officer may, within 30 days of any determination, for good cause reconsider ~~[his] the~~ determination or any part thereof, *provided there was no appeal taken from the determination*, and may, *notwithstanding the filing of an appeal*, within one year reconsider that part of the determination that established the claimant's annual earnings, maximum benefit amount, or maximum weekly benefit amount~~[, provided there was no appeal taken from the determination]~~. Such redetermination shall be made, and an appeal therefrom may be had, in the same manner as the original determination.

9 Repeal. RSA 282-A:45, I(b) relative to employer cooperation, is repealed.

10 Effective Date.

I. Sections 2, 3 and 4 of this act shall take effect April 1, 2001 at 12:01 a.m.

II. The remainder of this act shall take effect upon its passage.

Referred to Finance.

HB 462, relative to public/private partnership projects in the department of transportation. INEXPEDIENT TO LEGISLATE

Rep. Marlene M. DeChane for Public Works and Highways: This bill has good intentions, however, 1) it has no legislative oversight, and 2) it would jeopardize future projects. The private, public partnership would allow projects not at the top of the 10-year plan to begin with private funds encumbering future state/federal money. However, a private partner reneging on its responsibility at worst would leave the state holding the bond. At best, the state would pay back the contractor using future funds, and the possibility of a toll road. In essence, robbing Peter to pay Paul. The Department of Transportation testified that there was no known use for this except maybe in regards to the railroads. They also stated that there has been no instance where this would have been used or needed. Vote 17-2.

HB 541, establishing a committee to study the upgrade of Routes 11 and 140. OUGHT TO PASS
Rep. William E. Leber for Public Works and Highways: This bill establishes a committee to study the feasibility of upgrading Route 11 and Route 140 from Claremont to Rochester. The proposed study committee will have members representing the four counties, and will request input from the Commissioner of Transportation, the regional planning commissions and the local communities. There was no testimony in opposition to this bill. Vote 15-1.

HB 573, clarifying the status of class VI highways. OUGHT TO PASS

Rep. Gabriel J. Daneault for Public Works and Highways: The bill will clarify existing law in regards to gates and bars on Class VI highways, and those who testified, including the department of transportation, were in favor. The Municipal Association requested the bill. The law needed clarification due to a recent New Hampshire Supreme Court ruling (*Stevens v. Town of Goshen*). Vote 16-0.

HB 591-FN, permitting certain village districts to become eligible for state highway aid apportionment. INEXPEDIENT TO LEGISLATE

Rep. Elizabeth C. Shultis for Public Works and Highways: This bill permits certain village districts to become eligible for state block grant highway aid. The committee feels that though there

are some considerations, road maintenance issues are best solved between the town and village in which the roads are located. Passage of this bill would set a precedent that could create problems with the state block aid program. This town and village district is not able to agree on acceptance of these local roads. This issue should be solved locally and not by the legislature. Vote 16-0.

HB 593-FN-L, relative to the classification of class VI roads which have been maintained by a town. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert A. Daigle for Public Works and Highways: Class VI highways are those town roads closed "subject to gates and bars," which means the towns do not maintain these roads except in emergency situations, i.e., fire protection. Towns are prohibited from maintaining these roads. This bill would require that roads in towns who regularly maintain and repair Class VI highways for 5 successive years or more than on a seasonal basis shall be deemed Class V highways. Class V highways are regularly maintained town roads. Vote 12-4.

Amendment (0536h)

Amend the bill by replacing all after the enacting clause with the following:

1 Time Period Added. Amend RSA 229:5, VI to read as follows:

VI. Class V highways shall consist of all other traveled highways which the town has the duty to maintain regularly and shall be known as town roads. *Any public highway which at one time lapsed to Class VI status due to 5-years' nonmaintenance, as set forth in RSA 229:5, VII, but which subsequently has been regularly maintained and repaired by the town on more than a seasonal basis and in suitable condition for year-round travel thereon for at least 5 successive years without being declared an emergency lane pursuant to RSA 231:59-a, shall be deemed a Class V highway.*

2 Effective Date. This act shall take effect April 1, 2000.

AMENDED ANALYSIS

This bill includes certain class VI road maintained by a town for a 5-year period in the classification of class V roads.

HB 672-FN-A-L, relative to creating a master plan for Hampton Beach and Hampton State park to deal with growth, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. William E. Leber for Public Works and Highways: This bill requires the Commissioner of Resources and Economic Development to complete a master plan of the seacoast parks. The plan shall include the State Park, Seashell complex, North Beach and establishment of a year-round facility at the beach. The amendment deletes section 2, which was the appropriation. The sponsors and the department indicate there may be other sources of funding, and the bill will encourage a cooperative effort with the town and business communities. Vote 16-0.

Amendment (0757h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to creating a master plan for Hampton Beach and Hampton State park to deal with growth.

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

AMENDED ANALYSIS

This bill requires the department of resources and economic development to complete a master plan of the seacoast parks and Hampton Beach area.

HB 678, relative to leasing of properties owned by the department of environmental services. **INEXPEDIENT TO LEGISLATE**

Rep. Candace White Bouchard for Public Works and Highways: The committee recognizes the good intentions of the sponsor to speed up the process for the Department of Environmental Services to lease property. However, the committee felt that the current process of checks and balances: approval of the Council on Resources and Development, reviewed and approved by the Long Range Capital Planning and Utilization Committee prior to submission to the Governor Council for approval, protects both the state and its citizens. Vote 17-0.

HB 362, relative to dam safety program violations. **OUGHT TO PASS WITH AMENDMENT**
Rep. David M. Lawton for Resources, Recreation and Development: This bill, as introduced, would give administrative fine authority to the Commissioner of the Department of Environmental Services (DES) to impose penalties for rule violations as well as project permits or approval violations relative to dams, mills, and flowage. The Committee believes that the scope of fine authority was too broad and therefore the authority to fine for project permit or approval violations is removed by the amendment. Vote 12-0.

Amendment (0408h)

Amend the bill by replacing section I with the following:

I Water Management and Protection; Dams, Mills, and Flowage; Administration, Procedure, and Appeals; Penalties, Administrative Fine; Authority Added. Amend RSA 482:89, II to read as follows:

II. The commissioner, after notice and hearing pursuant to RSA 541-A, may impose upon any person who violates any provision of this chapter, *or any rule adopted under this chapter* an administrative fine not to exceed \$2,000 for each offense in addition to other remedies and penalties provided under this chapter. Rehearings and appeals under this paragraph shall be in accordance with RSA 541. The commissioner shall adopt rules, under RSA 541-A, relative to:

(a) A schedule of administrative fines which may be imposed under this paragraph for violation of this chapter, *or rules adopted under this chapter*.

(b) Procedures for notice and hearing prior to the imposition of an administrative fine.

AMENDED ANALYSIS

This bill extends the commissioner of environmental services' administrative fine authority relative to dams, mills, and flowage to include violations of rules.

HB 439, relative to exemptions from the safe drinking water act. **INEXPEDIENT TO LEGISLATE**
Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: The sponsors of this bill acknowledged that it was filed in response to a constituent who operates a daycare and objected to the high cost of testing mandated by the Safe Drinking Water Act. The Committee was sympathetic to this individual; however, exempting these systems and allowing them to use bottled water is not allowed by the United States Environmental Protection Agency. If passed, it would jeopardize New Hampshire's status as a "primacy" state in the implementation of the Safe Drinking Water Act and its accompanying funding of \$7,950,000. The Committee and the Department of Environmental Services agreed to aggressively pursue negotiations with the New England Regional Environmental Protection Agency to achieve some flexibility with regards to testing schedules and costs. Vote 9-2.

HB 580-FN-A-L, creating a new tourism district and making an appropriation therefor. **RE-REFER TO COMMITTEE**

Rep. Timothy D. O'Connell for Resources, Recreation and Development: This bill would enable a bi-state effort between New Hampshire and Vermont to market the Connecticut River as a travel and visitor destination. The bill would appropriate \$25,000 from the general fund to be matched in kind by Vermont. At this time there are a number of local and regional organizations involved in this initiative, but none have assumed a dominant leadership role. The committee feels that some additional time is needed to allow co-ordination and implementation of management strategies to occur, with the various organizations involved. The Committee feels that by Re-Referring this bill it will give the time needed for all parties involved to develop the needed leadership. Vote 11-0.

HB 527, relative to the duties of the public utilities commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Science, Technology and Energy: HB 527 prohibits the consumer affairs director and the chief economist of the Public Utilities Commission (PUC) from accepting a job with a utility for two years after being employed by the PUC. The PUC requested this portion of the bill. As introduced, the bill contained a provision that allowed the PUC to impose administrative fines upon utilities unprepared for Y2K computer issues. The committee determined this section was not necessary as the PUC has ample statutory provisions that would allow for penalties to be imposed upon utilities that act imprudently with regard to this issue. The amendment also gives the PUC greater authority over utility parent company mergers and acquisitions. A statutory change in 1997 designed to streamline the approval process for mergers or acquisitions did not allow enough

flexibility for the PUC to determine if there might be adverse effects on rates, terms, service or operation of the public utility in New Hampshire. The amendment allows the PUC to determine any adverse effect of a proposed merger or acquisition and gives the parent company of a utility an opportunity to address the PUC concerns. Should the PUC continue to have a concern after an amended utility filing, the PUC may judge the merger or acquisition on the basis of other underlying statutes. The committee believes streamlining is maintained while giving the PUC authority it needs to determine adverse effects of proposed parent company mergers or acquisitions. The committee is aware that energy and telecommunication utilities nationwide are merging and consolidating and that this suggested change in statute is an appropriate response to that trend. Lastly, the amendment makes minor changes to the Dig Safe Law, which were agreed to by utilities, contractors, and the PUC. Vote 19-0.

Amendment (0773h)

Amend the bill by replacing all after section 1 with the following:

2 Public Utilities Commission; Appointment, Qualification, etc.; Prohibition on Future Employment. Amend RSA 363:12-b to read as follows:

363:12-b Prohibition on Future Employment. No commissioner, executive director, finance director, general counsel, ~~[ombudsman]~~ *consumer affairs director, chief economist*, or chief engineer of the commission shall accept any employment with any utility under the control of the commission until 2 years after ~~[he]~~ *such person* shall become separated from the commission.

3 Public Utilities Commission; Support Personnel to Commission; Staff, Separation of Functions; Functional Lines Replaced. Amend RSA 363:27, II to read as follows:

II. The staff of the commission shall be ~~[divided along functional lines, as shall be determined from time to time by]~~ *organized as the commission determines best achieves its statutory responsibilities.*

4 Public Utilities; Issuance of Stock and Other Securities, General Provisions; Foreign Business; Discretion of Commission. RSA 369:8, II is repealed and reenacted to read as follows:

II.(a) To the extent that the approval of the commission is required by any other statute for any corporate restructuring, financing, change in long-term or short-term indebtedness, or issuance of stock involving parent companies of a public utility regulated by the commission, the approval of the commission shall not be required if the public utility files with the commission a detailed representation in writing no less than 60 days prior to the anticipated completion of the transaction that the transaction will not adversely affect rates, terms, service, or operation of the public utility within the state.

(b)(1) To the extent that the approval of the commission is required by any other statute for any corporate merger or acquisition involving parent companies of a public utility whose rates, terms, and conditions of service are regulated by the commission, the approval of the commission shall not be required if the public utility files with the commission a detailed written representation no less than 60 days prior to the anticipated completion of the transaction that the transaction will not have an adverse effect on rates, terms, service, or operation of the public utility within the state.

(2) If the commission does not issue an order within 60 days of the completed filing, the transaction shall be considered approved as filed.

(3) If the commission within 30 days, and after an opportunity for a public hearing, issues a preliminary written determination that such a merger or acquisition will have an adverse effect on rates, terms, service, or operation of the public utility in the state, the commission shall allow the utility at least 30 days to amend its filing in order to address the commission's preliminary determination.

(4) The commission may extend making its preliminary determination of adverse effect on rates, terms, service, or operation of the public utility in the state for 30 days.

(5) Should the commission find within 30 days after receiving the amended filing, the proposed merger or acquisition has an adverse effect, the commission shall review the transaction under the statute which would have otherwise applied but for this section, and, after an opportunity for a public hearing, issue a ruling based upon the other applicable statute or statutes within 60 days of its determination of adverse effect.

5 Public Utilities; General Regulations; Underground Utility Damage Prevention System; Definitions; Excavate, Excavating, or Excavation; Exception Added. Amend RSA 374:48, III to read as follows:

III. "Excavate", "excavating", or "excavation" means any operation conducted in a public way, right-of-way, easement, public street, or other public place, in which earth, rock, or other material in the ground is moved, removed, or otherwise displaced by means of any tools, equipment, or explosive, and includes but is not limited to drilling, grading, boring, milling, trenching, tunneling, scraping, tree and root removal, cable or pipe plowing, fence or sign post installation, pile driving, wrecking, razing, rending or moving any structure or mass material, but does not include the tilling of soil for agricultural purposes *or replacement of department-of-transportation-installed delineator posts in the same location.*

6 Public Utilities; General Regulations; Underground Utility Damage Prevention System; Notification by Excavator; Premarking. RSA 374:51, IV is repealed and reenacted to read as follows:

IV. Prior to complying with the notification requirements of paragraph II, an excavator must premark the area as provided in this paragraph, which means identifying the perimeter of the proposed site of the excavation by marking the perimeter in an appropriate manner in the color white paint, stakes, or other suitable white markings on non-paved surfaces. No such premarking shall be acceptable if the marks interfere with traffic or pedestrian control, or are misleading to the general public. Premarking shall not be required on any continuous excavation that is over 100 feet in length, or any pole replacement that is within 5 feet of an existing location. If an excavation is over 100 feet in length or a pole replacement is within 5 feet of an existing location, the excavator shall communicate the perimeter of the excavation by means of a description of the area or construction plans, or have an on-site meeting with affected operators or other suitable means acceptable to the parties.

7 Public Utilities; General Regulations; Underground Utility Damage Prevention System; Civil Penalty. RSA 374:55 is repealed and reenacted to read as follows:

374:55 Civil Penalty.

I. Proof that an excavation has been made without compliance with the notice requirement of RSA 374:51 and that damage to an underground facility has occurred shall be prima facie evidence in any court or administrative proceeding that the damage was caused by the negligence of the excavator.

II. Any excavator who does not give notice of or identify the proposed excavation area as required by RSA 374:51 or rules of the commission regarding tolerance zones and marking procedures shall be subject to the penalties in paragraph VIII, in addition to any liability for the actual damages.

III. Any operator which does not mark the location of its underground facilities as required by RSA 374:53 or rules of the commission regarding tolerance zones and marking procedures shall be subject to the penalties in paragraph VIII.

IV. If underground facilities are damaged because an operator does not mark its underground facilities as required by RSA 374:53, the operator shall be subject to the penalties in paragraph VIII, liable for damages sustained to its facilities and, in addition, shall be liable for any damages incurred by the excavator as a result of the operator's failure to mark such facilities.

V. If marked underground facilities are damaged, the excavator shall be subject to the penalties in paragraph VIII and liable for the cost of repairs for the damage.

VI. Any excavator who damages an underground facility and fails to notify the operator, or backfills the excavation without receiving permission, as required by RSA 374:54, shall be subject to the penalties in paragraph VIII.

VII. The commission or any commission employee, involved in the "Dig Safe" program and designated by the commission, may enforce violations of this subdivision. Any excavator or operator that violates this subdivision shall be subject to the penalties in paragraph VIII. In addition, the commission may assess the excavator for expenditures made to collect the civil penalty. Any excavator or operator which suffers damage resulting from violation of this subdivision may petition the commission to initiate an enforcement action.

VIII. Any excavator or operator that does not comply with RSA 374:51-54 shall be required either to complete a "Dig Safe" training program, or to pay a civil penalty of up to \$500. The civil penalty may be up to \$5,000 if the excavator or operator previously violated RSA 374:51-54 within the prior 12 months or if the violation results in bodily injury or property damages exceeding \$50,000, excluding utility costs.

8 Applicability. This act shall not apply to any transaction entered into prior to July 1, 1999.

9 Repeal. RSA 369:5, relative to certificate of issue of securities, is repealed.

10 Effective Date.

- I. Sections 5-7 of this act shall take effect January 1, 2000.
- II. The remainder of this act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill:

- I. Modifies requirements and penalties under the "Dig Safe" law.
- II. Clarifies the applicability of certain utility laws.

REGULAR CALENDAR – PART I

HB 588-FN-L, relative to county expenditures for children at the youth development center. INEXPEDIENT TO LEGISLATE

Rep. Karen K. Hutchinson for Children and Family Law: The committee believes that the funding method utilized for YDC will be reviewed and discussed in another bill coming before the committee reforming the juvenile justice system in New Hampshire. Vote 8-5.

Rep. Bickford moved Re-commit to Committee and spoke in favor.

Rep. Wallin spoke in favor.

Rep. Dowling spoke against.

Rep. Dowling requested a roll call; sufficiently seconded.

The question being the motion to Re-commit to Committee.

and the motion failed.

Report adopted.

Rep. Lionel Johnson did not vote and wished to be recorded against.

HB 711-FN-A, establishing a special fund to subsidize child custody and support seminars. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Karen K. Hutchinson for the Majority of Children and Family Law: Child impact seminars are currently being held in several counties with couples seeking divorce who have children. The cost is \$75.00 per person paid by the recipients. A sliding scale fee is available for those who need it. The committee heard of no hardships occurring and therefore found no cause to raise marriage license fees to create a dedicated fund to subsidize these seminars. Vote 14-1.

Rep. David A. Bickford for the Minority of Children and Family Law: The intent of this bill is to help parents pay for child impact classes mandated by the state. The classes are designed to teach

parents not to involve their children in custody and child support issues. Any one seeking or required to use the court for this reason must pay \$75 for the class or be in violation of law. Presently \$38 is raised for domestic violence programs. This bill would raise marriage license fees to \$70. Majority report adopted.

HB 721-FN, relative to procedures regarding delinquent children under RSA 169-B. **OUGHT TO PASS** Rep. David C. Allison for Children and Family Law: The bill deals with delinquent children and their families; in particular, with mutually-agreed-upon court orders that require families to attend mediation sessions, parenting programs that are ordered by the court. Failure on the part of a responsible family member to follow an agreed upon court order may be treated as criminal contempt punishable up to a \$1,000 fine and 90 days imprisonment. Vote 12-0. Adopted and ordered to third reading.

HB 87-FN, relative to penalties for marijuana possession. **INEXPEDIENT TO LEGISLATE** Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill was introduced to decriminalize the possession of less than one (1) ounce of marijuana for which the penalty would become a violation. While the sub committee heard some rather strong reasons to support the medical use of marijuana, there was no hue and cry for this piece of legislation from the public. Material supplied to us by the Institute of Medicine states in their study that "marijuana is not a completely benign substance. It is a powerful drug with a variety of effects." Last fall the U.S. Congress on a 310-93 vote said that marijuana was a dangerous and addictive drug and should not be legalized, even for medicinal purposes. On an eleven to four vote, the committee agreed that marijuana was a powerful drug and should not at this time be decriminalized. Vote 11-4. Rep. Robertson spoke against and yielded to questions. Rep. Christie spoke in favor and yielded to questions. Rep. Cossette requested a roll call; sufficiently seconded. The question being the adoption of the report.

and the bill was indefinitely postponed.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

REGULAR CALENDAR - PART I (CONT'D.)

HB 715-FN-A-L, granting responsibility for court security and custody and control of prisoners while in a courthouse to the county sheriff and abolishing certain court security officer positions. **OUGHT TO PASS**

Rep. Herbert R. Hansen for Criminal Justice and Public Safety: This bill is a response to the supreme court decision of November 4, 1998 wherein the court struck down certain provisions of Chapter 297 enacted June 26, 1998 which gave to the state's sheriffs control of prisoners while they are in a court facility, made the sheriffs responsible for court security in all the states courts except for the supreme court and the role of bailiffs/security officers in the state's district courts replacing the court security officers that currently are the employees of the judicial branch. The court handed down the opinion that the separation of powers act was violated by the elimination of its court security officers who answer directly to the judicial branch. The court claims that authority to control courtroom functions was somehow eroded by replacing district court security officers with sheriff's court security officers such as has been the practice in the state's superior courts for over 200 years. HB 715 addresses this issue by putting into the statute that the sheriff's bailiffs are to be subject to the specific directives of the presiding justice while performing court duties. The court's finding declaring parts of Chapter 297 unconstitutional did not address the funds that were earmarked for court prisoner custody issues that are now mandated by the state. Another bill will be introduced to transfer these funds from the court budget to the department of administrative services budget to reimburse the sheriffs for the prisoner custody duty. The committee believes

that security of the public is and has always been an executive branch function and that only executive branch personnel should have the power of arrest with proper training by the police standards and training academy. Vote 15-3.

Adopted and referred to Finance.

Reps. Christie and Perkins declared conflicts of interest and did not participate.

HB 243, requiring legislative fiscal committee approval of university system tuition increases. **INEXPEDIENT TO LEGISLATE**

Rep. Clair A. Snyder for Education: The main sources of operating funds are tuition and funds from the state. For the Legislative Fiscal Committee to decide on the tuition necessary to operate the programs at the university system is a prime example of micro-managing. Also, the state provides only 27% of the funds for the university system, so the only other major source left to them is tuition. The university has taken a major step towards seeking endowments and alumni donations. We recognize the need to be aware of the rising costs of the University System of New Hampshire, but it is unrealistic to set controls on both ends of the financial structure and expect the university system to continue. Vote 16-3.

Adopted.

HB 454, relative to tuition waivers for veterans at state institutions of higher learning. **OUGHT TO PASS WITH AMENDMENT**

Rep. Warren Henderson for Education: Advocates of the original bill wished to provide access to higher education without cost to military veterans who served in the U.S. armed forces during various periods of combat activity. While the committee was sympathetic to the goal of the sponsors, profound questions regarding costs and eligibility were raised during the hearing. These factual and fiscal questions must be answered before the bill is considered to become law. The amendment adopted by the committee directs the university system board of trustees to conduct the study needed to get the facts on how many veterans would be covered by this bill and the costs of their participation and what effect the pending revisions of veterans' benefits by the federal government would have on funds for higher education for veterans. Those findings, along with recommendations, would be reported back to the Governor and legislative leaders by January 1, 2000 for our consideration next session. Vote 16-3.

Amendment (0367h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring the university system of New Hampshire board of trustees to initiate a study of the status of veterans' access to higher education within the university system.

Amend the bill by replacing all after the enacting clause with the following:

1 Status of Veterans' Benefits Within the University System of New Hampshire; Veterans' Eligibility for Free or Reduced Cost Tuition. The board of trustees of the university system of New Hampshire shall initiate a study of the eligibility of veterans to receive free or reduced cost tuition at institutions within the university system. This study shall include, but is not limited to:

I. The status of veterans' access to higher education within the university system and any financial or curricular impact such access may have.

II. The number of veterans enrolled in courses at institutions within the university system who pay no tuition or who receive reduced cost tuition; and

III. Recommendations for legislation, as necessary, to provide access for veterans to higher education without imposing unreasonable burdens on the university system.

2 Report. The board of trustees shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, and the governor, on or before January 1, 2000.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires the university system of New Hampshire board of trustees to initiate a study of the status of veterans' access to higher education within the university system.

Adopted.

Report adopted and ordered to third reading.

HB 614-FN-L, requiring the department of health and human services to pay for certain costs of providing special education services. **INEXPEDIENT TO LEGISLATE**

Rep. Robert E. McKinley for Education: The intent of the bill is to separate special education costs such that the Health & Human Services Dept. be responsible for costs identified as health related, instead of continuing to burden the educational system. A new interagency agreement between HHS and DOE was signed in early March and addresses costs and needs of the education community alongside with the responsibility to address costs and responsibilities of HHS. The DOE and Health & Human Services are presently working toward resolving this problem within existing federal regulations Vote 16-2.

Adopted.

HB 675-FN, extending the applicability of postsecondary educational assistance for New Hampshire national guard members and requiring an annual reporting from state-supported postsecondary institutions. **OUGHT TO PASS**

Rep. Elizabeth K. Hoadley for Education: This bill extends the reporting date for educational benefits to New Hampshire National Guard members. State-supported post-secondary institutions are required to report annually on all enrollees. To be eligible to take classes on a space available basis, guard members must be enrolled in degree programs and exhaust all other scholarship aid before the schools' assistance shall begin. Vote 18-0.

Adopted and ordered to third reading.

HB 701-FN-L, granting the parents of school children an education voucher for a child to attend a school other than the assigned public school. **INEXPEDIENT TO LEGISLATE**

Rep. Russell Cox for Education: This bill would create a statewide voucher system encompassing all public and private schools valued at 10% of the per pupil cost. It is unconstitutional due to inclusion of sectarian schools, does not specify who qualifies for vouchers and does not provide adequate funding to accomplish its purpose. There is another bill addressing the school choice issues being reviewed by a subcommittee. Vote 15-4.

Rep. Bruno spoke against.

Rep. Cox spoke in favor.

Rep. Weber requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

HB 705-FN-L, privatizing the functions of the community-technical college system. **INEXPEDIENT TO LEGISLATE**

Rep. Brien L. Ward for Education: The community technical college system is the most cost effective, post-secondary education provider in New Hampshire. The committee believes that the community technical college system delivers educational opportunities throughout the entire state, including areas of the state which are not densely populated and where private providers would not be able to provide cost effective programs. The system also provides a valuable economic development tool in delivering market-oriented programs in training and re-training workers. Vote 18-1.

Adopted.

CACR 25, relating to the election of governor, executive councilors, and senators. Providing that the governor, executive councilors, and senators shall be elected every 4 years. **INEXPEDIENT TO LEGISLATE**

Rep. Jane A. Clemons for Election Law: The sponsor requested this bill be Inexpedient to Legislate. The committee has passed a CACR increasing the governor's term to 4 years. The committee felt this step would be enough before the voters at this time Vote 14-0.

Adopted.

HB 366, allowing the secretary of state to accept faxed filings for a primary on the last day of the filing period. **OUGHT TO PASS WITH AMENDMENT**

Rep. Francis W. Davis for Election Law: The committee strongly recommended repealing the requirement that a candidate must file in person before the secretary of state on the last day of the primary filing period. Currently, this is the only day candidates required to file with the secretary of state must appear in person. The candidate is still responsible for correctly completing the application form and arranging for its timely delivery to the secretary of state. Vote 13-2.

Amendment (0597h)

Amend the title of the bill by replacing it with the following:

AN ACT repealing the requirement that persons filing for a primary on the last day of the filing period do so in person.

Amend the bill by replacing section 1 with the following:

1 Repeal. RSA 655:16, relative to personal filing, is repealed.

AMENDED ANALYSIS

This bill repeals the requirement that persons filing for a primary on the last day of the filing period do so in person before the secretary of state.

Adopted.

Report adopted and ordered to third reading.

HB 222-L, preempting local regulation of biosolids or sludge disposal by landfilling or landspreading. **INEXPEDIENT TO LEGISLATE**

Rep. Peter R. Leishman for Environment and Agriculture: There was overwhelming testimony to continue to allow local communities authority to regulate biosolids or sludge within their borders. The New Hampshire Municipal Association along with the Department of Environmental Services were both opposed to this legislation. The Committee agrees. Municipalities should have the ability to enact sludge ordinances and continue to share resources within the community and state to ensure attention to local concerns and impacts. Vote 14-1.

Adopted.

HB 334, restricting the land application of sludge, septage, and solid wastes. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Peter R. Leishman for the Majority of Environment and Agriculture: This bill would restrict the land application of sludge, septage and solid wastes within a two hundred and fifty-foot set-

back from any surface waters of the state. Presently, a one hundred and twenty-five-foot setback is required unless the sludge is incorporated within forty-eight hours in which case the buffer distance is seventy-five feet. The Environmental Protection Agency requires a thirty-three foot setback from surface waters. Also, the legislature acted in 1998 to establish a two hundred and fifty-foot buffer for designated rivers and immediate incorporation of sludge for sites within these corridors. Factors such as the vegetation and management of activities within the buffer have a far greater protective influence than distance. Vote 12-4.

Rep. Betty B. Hall for the Minority of Environment and Agriculture: Cleaning up our rivers and protecting our aquifers has been a major focus of our Resources and Environment and Agriculture committees for the last 30 years. By enacting legislation and providing tax dollars, we have created an infrastructure of sewage treatment plants. These municipal plants remove the toxins and pollutants from our sewer systems, concentrate them in the residual sludge, and discharge the clean effluent into our rivers. Disposal of the remaining toxic brew of sludge will require our attention for the next thirty years. Ocean dumping has been prohibited, incineration puts the toxins into the air and the ash, and landfill space is limited. Land spreading is the newest option. Since sludge contains heavy metals, toxic organics and dioxins, we are researching the long-term and short-term effects. Precautionary principles dictate that we do not land spread it closer than 250 feet from our rivers and surface waters. Resources and Environment and Agriculture committees fought for this number in our Rivers Management Programs, knowing the need to create buffer strips and setbacks. We should require this number by statute so that DES rules cannot retreat under industry pressure.

Rep. Hall spoke against and yielded to questions.

Rep. Leishman spoke in favor and yielded to questions.

On a division vote, 203 members having voted in the affirmative and 146 in the negative, the majority report was adopted.

HB 370-L, prohibiting wastewater treatment plants from excluding towns that regulate sludge disposal within their borders from using such facilities and requiring disclosure by sellers of sludge applications to land. **INEXPEDIENT TO LEGISLATE**

Rep. David L. Babson, Jr. for Environment and Agriculture: The Committee felt that it was the prerogative of each town operating a wastewater treatment facility (WWTF) to decide who their customers will be. It was also a concern that towns that send septage to a WWTF and who do not allow the land application of biosolids are, in effect, raising the cost of disposal for remaining towns using the facility. There was also a concern that the operators of WWTF facilities might decide to not allow any outside town to off-load in their plant causing a major problem for those communities without dumping facilities. Vote 13-2.

Adopted.

HB 472, relative to establishing metal limits on land-applied sludge. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS**

Rep. Peter R. Leishman for the Majority of Environment and Agriculture: This bill would require that metal concentrations of land applied sludge be at least as stringent as other New England states. Based on recent changes in legislation and regulations developed by the Department of Environmental Services, out-of-state sludge must meet the more stringent metals limits of either New Hampshire rules or the requirements of the state of origin. Based on these facts, the majority of this Committee felt that this legislation was unnecessary. Vote 10-5.

Rep. Derek Owen for the Minority of Environment and Agriculture: Currently the minority does not believe that New Hampshire metal and dioxin limits in land applied sludge are protective of human health, livestock, or the environment. Molybdenum levels are three times higher than what Massachusetts allows on dairy pastures. Dioxin levels are higher than what Wisconsin allows on dairy pastures.

Rep. Owen spoke against and yielded to questions.

Rep. Leishman spoke in favor and yielded to questions.

Rep. Whittier requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

McIntyre, Sara	Phinizy, James	Tuthill, John	Wiggins, Celestine

and the majority report was adopted.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

HB 504, establishing a sludge advisory board and relative to sludge quality standards. **INEXPEDIENT TO LEGISLATE**

Rep. Peter R. Leishman for Environment and Agriculture: This legislation was proposed to facilitate negotiation between sludge users, the legislature and the Department of Environmental Service in the development and implementation of rules governing land application of sludge. The Committee believes that present legislative involvement with the Department of Environmental Services, the public, and sludge users is sufficient and a legislative advisory board may only duplicate this process that has worked well. Vote 15-0.

Adopted.

HB 557-FN, relative to hazardous waste permitting and container identification. **OUGHT TO PASS**

Rep. John S. Cobb for Environment and Agriculture: This act is relative to hazardous waste permitting and container identification. Specifically, there are wastes such as fluorescent tubes, certain types of thermostats, thermometers, switches and relays, batteries and antifreeze which are referred to as "universal wastes" due to their ubiquitous presence. These wastes, while voluminous, are of low risk and, as such, need not, if properly managed, be subject to the same rigorous standards that apply to "high risk" hazardous wastes. The intent of this legislation is to remove greater quantities of these wastes from our general waste stream, thereby lowering the level of hazardous constituents in it such as mercury. Vote 13-2.

Adopted and ordered to third reading.

HB 679-FN, requiring that certain solid waste permit applicants include an environmental impact statement as part of the permit application. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Harold P. Melcher for the Majority of Environment and Agriculture: The committee felt that the bill risked a 28a problem and needed more consideration to solve the problems it addressed. Vote 12-3.

Rep. John G. Tuthill for the Minority of Environment and Agriculture: Substantial and rapid changes in the waste industry, including but not limited to consolidation of ownership in the private sector requires re-evaluation of waste management policy and regulation in the state. The intent of this legislation is to address an aspect of these changes and to promote adequate protection of public health. Majority report adopted.

HB 459, removing the requirement for continuing education for renewal of a professional engineer's license. INEXPEDIENT TO LEGISLATE

Rep. Alida I. Millham for Executive Departments and Administration: A requirement for continuing education for engineers was established two years ago by the board of engineers. This bill was submitted to eliminate the education requirement for re-licensure. The committee majority determined that eliminating continuing education was not in the interest of the public or the profession of engineering, as well as setting poor precedent for continuing education in other professions. Vote 16-1.

Adopted.

HB 634-FN, eliminating the requirement that retirement system disability recipients notify the board of trustees of unreduced social security disability benefits. OUGHT TO PASS

Rep. Ray F. Langer for Executive Departments and Administration: In 1988, there was action to enter words that a member or retired member of the retirement system who is a disability recipient must report to the retirement system if they received unreduced social security disability benefits that affected the monthly disability annuity payment from the system. This bill removes the requirement that the unreduced social security disability benefits must be reported because we have been advised by the trustees of the retirement board that the actuaries no longer use this item in their actuarial calculations of disability benefits. Vote 13-2.

Adopted.

Rep. Perkins declared a conflict of interest and did not participate.

HB 635-FN-L, establishing January 4, 2000 as a legal holiday in the state to be known as "Year 2000 Day." INEXPEDIENT TO LEGISLATE

Rep. Michael O'Neil for Executive Departments and Administration: This bill would declare Monday, January 3, 2000, a state holiday. The committee felt the financial impact on state, county and local government would be costly and create a hardship to the business and financial communities on the first business day in the new millennium. It was agreed that should a holiday be desirable, it would be more appropriate to institute this holiday at the national level. Vote 14-3.

Rep. Pitts spoke to the bill.

Rep. O'Neil spoke in favor.

Adopted.

HB 299, establishing a bill of rights for pregnant women. INEXPEDIENT TO LEGISLATE

Rep. Barbara C. French for Health, Human Services and Elderly Affairs: This bill was re-committed to the Health & Human Services and Elderly Affairs committee on March 19, 1999. The committee did again, have a considered discussion and arrived at the same decision. The sponsor's intent is very laudable, pregnant women should have available to them the information discussed in HB 299. However, the committee clearly felt that the issue can more appropriately be addressed through non-legislative measures. The Foundation for Healthy Communities, in light of the concerns in this legislation, is conducting a statewide collaborative initiative to use feedback to improve care for mothers and newborns. The NH Hospital Association is also participating in this effort. Vote 13-4.

Adopted.

MOTION TO SPECIAL ORDER

Rep. Mock moved that **CACR 22**, relating to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed, be made a Special Order for the next session day after April 15, 1999 in the regular calendar order, and spoke in favor.

Adopted.

REGULAR CALENDAR - PART I (CONT'D.)

HB 449-FN, requiring boating safety education. **OUGHT TO PASS WITH AMENDMENT**
 Rep. William E. Roberts for Resources, Recreation and Development: This bill, as amended, will require a certificate of boating education to operate any watercraft in excess of 15 hp. Initially the requirement will only apply to boaters age 16 and younger, but each year the age will increase until 2010 when all boat operators will be required to hold a certificate. The bill was supported by a broad spectrum of interests including marine dealers, lakes associations and conservation groups. The 18-0 vote shows the serious concerns that the Resources Committee has over improving boating safety via education of operators of all types of motorized vessels. Vote 18-0.

Amendment (0579h)

Amend RSA 270-D:10 as inserted by section 1 of the bill by replacing it with the following:

270-D:10 Certificate Required. No person born on or after the dates provided in this section shall operate a motorized vessel with any type of power motor in excess of 15 horsepower on the public waters of this state without first obtaining a certificate of boating safety education in accordance with this subdivision:

Date of Birth	Certificate Required
January 1, 1984	January 1, 2000
January 1, 1983	January 1, 2001
January 1, 1982	January 1, 2002
January 1, 1981	January 1, 2003
January 1, 1980	January 1, 2004
January 1, 1979	January 1, 2005
January 1, 1978	January 1, 2006
January 1, 1977	January 1, 2007
January 1, 1976	January 1, 2008
January 1, 1975	January 1, 2009
All	January 1, 2010

Amend RSA 270-D:11, I(a) as inserted by section 1 of the bill by replacing it with the following:

(a) Possess the certificate when operating a motorized vessel with any type of power motor in excess of 15 horsepower on the public waters of the state.

Adopted.

Rep. Riley offered a floor amendment.

Floor Amendment (0778h)

Amend section 1 of the bill by inserting after RSA 270-D:17 the following:

270-D:18 Boat Rentals.

I. Any person who offers any boat for rent, hire, or lease shall:

(a) Not rent, hire, or lease a boat to any person under 18 years of age.

(b) Not rent, hire, or lease a boat to any person who does not possess a certificate of boating safety education pursuant to RSA 270-D:10.

(c) Supply to the operator or operators in print, prior to rental, hire, or lease:

(1) The operational characteristics of the type of vessel being rented.

(2) The boating rules pertaining to the area of rental including, but not limited to, no-entry zones, no-wake zones, channel routes and water hazards, and tidal flow.

(3) The common courtesies of operating a vessel on the water and the effect on wildlife, the environment, and other water users.

(4) The age restrictions on operation of boats.

(d) Provide personal flotation devices for each person who will be on board, as specified in rules adopted pursuant to RSA 270:11.

II. Any person who violates the provisions of this section shall be guilty of a violation for the first offense, and guilty of a misdemeanor and fined not less than \$300 for any subsequent offense.

III. Upon receipt of evidence of a third or subsequent offense, the director of the division of motor vehicles may, after opportunity for a hearing, suspend the vessel registration of all boats registered to the person offering the boats for rental, lease, or hire.

Rep. Riley spoke in favor and yielded to questions.

Rep. Royce spoke against and yielded to questions.

The floor amendment failed.

Rep. Whalley spoke in favor of the report and yielded to questions.

Rep. Royce requested a roll call; sufficiently seconded.

The question being the adoption of the report.

---------------------	----------------

and the report was adopted.

Referred to Executive Departments and Administration.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

HB 546-FN-A, providing partial funding to support research monitoring groundwater at reclamation sites that have had sludge applied. **OUGHT TO PASS WITH AMENDMENT**

Rep. Amy E. Robb-Theroux for Resources, Recreation and Development: The bill supports the UNH/McDowell Research Group with an appropriation of \$20,000 from available funds appropriated by the biosolids samples fund. The project specifically assesses the impact of nitrate movement through the soil by monitoring the percolate-water and groundwater at three different sites in New Hampshire which utilize biosolids and short paper fiber (paper mill residuals). The Committee could support this bill with the support of the Department of Environmental Services and felt it was important to the state to continue research on this issue of biosolids/sludge recycling. Vote 16-0.

Amendment (0452h)

Amend the bill by replacing section 1 with the following:

1 Findings. The general court finds it imperative to know the impacts to groundwater of the application of sludge or biosolids and short paper fiber to reclamation sites. Without reclamation, the state is faced with stripping irreplaceable topsoil or ignoring environmentally degraded areas, or both.

Amend the bill by replacing section 3 with the following:

3 State Support of Research; Source of Funds. The commissioner of the department of environmental services shall provide funds from the sampling and analysis of sludge or biosolids samples fund totaling \$20,000, for the fiscal year ending June 30, 1999, to the university of New Hampshire office of sponsored research for the purposes of section 2 of this act.

Amend the bill by inserting after section 3 the following and renumbering the original sections 4 and 5 to read as 6 and 7, respectively:

4 Transfer of Appropriation. The sum of \$20,000, from available funds appropriated for state aid grants by 1997, 350:1, PAU 03-04-02-01-04, for fiscal year 1999, shall be transferred to the sampling and analysis of sludge or biosolids samples fund established by RSA 485-A:4, XVI-c, provided all eligible municipalities have received such state aid grants.

5 Application of Receipts; Sampling and Analysis of Sludge or Biosolids Samples Fund; Reference Corrected. Amend RSA 6:12, I(ttt) to read as follows:

(ttt) Money received under RSA [~~485-A:4, XVI-b~~] **485-A:4, XVI-c**, which shall be deposited in the sampling and analysis of sludge or biosolids samples fund.

Amend the bill by replacing section 6 with the following:

6 Annual Reports. The university of New Hampshire office of sponsored research shall submit annual reports on the research for the years ending June 30, 2000 and 2001 to the speaker of the house, the president of the senate, the governor, the chair of the house committee on environment and agriculture, the chair of the house resources, recreation and development committee, and the commissioner of environmental services.

Adopted.

Report adopted and referred to Finance.

HB 561-FN, reducing lab analysis fees of chemical analyses of water. OUGHT TO PASS

Rep. Judith T. Spang for Resources, Recreation and Development: Due to upgrades in lab technology and changing demand for certain tests at the Department of Environmental Services (DES) lab, fees need to be adjusted. Most will be decreased. The Committee supports these changes to make water testing more affordable. Vote 16-0.

Adopted and referred to Finance.

HB 685-FN-A, relative to the New Hampshire land and community heritage commission, and making an appropriation therefor. OUGHT TO PASS WITH AMENDMENT

Rep. David M. Lawton for Resources, Recreation and Development: HB 685-FN-A recognizes the important efforts begun last session with the New Hampshire Land and Community Heritage Commission. It also makes an appropriation to allow the commission to continue its work in developing a public-private program to protect New Hampshire's most important natural, cultural and historic resources. Vote 17-0.

Amendment (0651h)

Amend the bill by replacing paragraph IV as inserted by section 1 with the following:

IV. Therefore, the general court accepts with gratitude the interim findings of the New Hampshire land and community heritage commission, and directs the commission to complete its work on or before November 30, 1999, according to the duties set forth herein, so that the general court may have the necessary information and recommendations upon which to base its consideration of a new program or programs to protect and preserve New Hampshire's natural, cultural and historic resources for this and future generations.

Amend the bill by replacing section 3 with the following:

3 Appropriation; Department of Cultural Resources; New Hampshire Land and Community Heritage Commission. The sum of \$15,000 is hereby appropriated to the department of cultural resources for the fiscal year ending June 30, 2000, for the purpose of supplementing funds raised privately in anticipation of this appropriation for the purposes of continued staffing, operational support, and public outreach and communication for the New Hampshire land and community heritage commission during the 1999 legislative session. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

Adopted.

Report adopted and referred to Finance.

HB 318, relative to recovery of costs in rate proceedings and relative to the appointment of public utilities commissioners. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Jeb E. Bradley for the Majority of Science, Technology and Energy: This bill passed the Senate last year in a much broader form but was sent to Interim Study by the House. After much work and many compromises made the committee recommends passage. The bill allows a retail customer intervenor at a Public Utilities Commission (PUC) proceeding an opportunity to recover interven-

tion costs of up to \$10,000 if the intervenor substantially contributes to the Commission's decision. The retail customer intervenor must demonstrate financial hardship in order to recover this cost. The Commission is given total discretion whether to allow recovery of such intervention costs and they must be approved by Governor and Council. The intervention costs would be recovered by a utility in rates. Intervention at the PUC is a time consuming and expensive process, which generally means that utility customers are at a disadvantage. This legislation would tend to level that playing field. This bill also requires a public hearing before the Executive Council of any nominee for one of the three seats on the Public Utilities Commission. Vote 18-1.

Rep. Donald B. White for the Minority of Science, Technology and Energy: No person or organization should be prevented from appealing to the Public Utilities Commission. However, the Office of Consumer Advocate is the spokesman for consumers and the bill makes no provision for applicants to work with the Consumer Advocate to advance their case. If they cannot agree with the Office of Consumer Advocate's procedures or decision, then they should be allowed to act independently.

Amendment (0511h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to recovery of costs in utility proceedings and relative to the appointment of public utilities commissioners.

Amend the bill by replacing section 2 with the following:

2 New Section; Complaints to and Proceedings Before the Public Utilities Commission; Reparations, Fees, and Costs; Proceeding Costs. Amend RSA 365 by inserting after section 38 the following new section:

365:38-a Proceeding Costs. The commission may allow recovery of costs associated with utility proceedings before the commission, provided that recovery of costs for utilities and other parties shall be just and reasonable and in the public interest. For purposes of this section, other parties shall be defined as retail customers that are subject to the rates of the utility and who demonstrate financial hardship; other parties shall not include New Hampshire municipalities. Recovery by other parties shall be deemed to be in the public interest when, in any commission proceeding, the other party substantially contributes to the adoption by the commission, in whole or in part, of a position advocated by the other party in that proceeding, or in a judicial review of that proceeding. An other party shall not recover more than \$10,000 from any utility for any single proceeding. The commission may allow recovery of less than \$10,000 depending upon the scope of the proceeding. The utility shall pay the other party an award of costs if such award is granted by the commission in accordance with the procedures and requirements of the commission and the award is subsequently approved by the governor and council. The utility shall not be liable for any award of costs except in accordance with the procedures and requirements of the commission. If the commission proceeding involves more than one utility, the liability of each utility for the award shall be determined by dividing the amount of the award among the utilities in a manner approved by the commission. If an award of costs is granted in a proceeding involving a change in a utility's rates, the entire amount of the award shall be recovered by the utility in that proceeding. If an award of costs is granted in a proceeding other than one involving a change in a utility's rates, the entire amount of the award shall be immediately recovered by the utility through measures approved on a timely basis by the commission.

Adopted.

Majority report adopted and ordered to third reading.

HB 386, establishing a committee to study allowing Internet service providers to restrict unsolicited electronic mail. RE-REFER TO COMMITTEE

Rep. Jacqueline A. Pitts for Science, Technology and Energy: This bill deals with some of the major issues concerning the Internet especially electronic mail. The committee realizes that the Federal Communications Committee and other entities are exploring the subject and we would like the opportunity to hear their concerns and possible solutions as well as being able to probe this matter more carefully. Therefore, the committee's recommendation is to re-refer. Vote 11-9.

Adopted.

HB 388, relative to telephone number conservation. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: This bill recognizes that unless significant national and state policy changes are made, New Hampshire will shortly run out of available

telephone exchange numbers. This bill gives maximum authority to the Public Utilities Commission (PUC) to conserve the existing supply of phone numbers. The bill also outlines how the PUC should plan for implementing a new area code in the event it becomes necessary.

The number shortage has been caused by the growth in new lines, wireless numbers, and dedicated numbers for pagers, data, and Internet lines. The shortage has also been caused by antiquated Federal Communications Commission (FCC) policy, which requires that available phone numbers be assigned in blocks of 10,000 numbers even when the providers only use a handful of numbers of the assigned block. Every three-digit number, for instance 271 in the state system, has 10,000 possible last four numbers. We are running out of combinations for the first three digits (e.g. 271) in area code 603. Due to these factors the private entity (Lockheed Martin) that nationally administers area code exhaust and assignment has determined that the 603 area code is in jeopardy of being exhausted toward the end of the year 2000.

Right now there are actually less than 1.5 million phone numbers in use out of a possible pool of about 7.5 million possible numbers in area code 603. It seems illogical; to say the least, that with 6 million numbers potentially available, New Hampshire is running out of phone numbers. Much of the problem that New Hampshire faces is due to bureaucratic problems at the FCC, which up until now, has refused to allow the assignment of blocks of 1,000 numbers instead of blocks of 10,000 and other conservation methods. If the FCC continues to delay even making these common sense decisions, states will have no choice but to implement new area codes. The PUC has been a staunch advocate at the FCC for common sense solutions to this problem and has suggested that New Hampshire be a pilot program state for number conservation initiatives but has run into the wall in Washington. Our federal delegation is also well aware of this problem, but as of yet, there has been no movement by the FCC.

Competition in the telephone industry will suffer as will the ability of suppliers to offer new innovative services if there is not an adequate supply of phone numbers in New Hampshire. Currently there is a lottery in order to obtain new three-digit exchanges. The lottery of three per month is not enough to meet the demand of a growing telecommunications industry in New Hampshire. Economic growth in New Hampshire is linked to advanced telecommunication services being offered. Therefore, the bill also outlines standards which should guide the commission in determining how to implement a new area code if the FCC does not allow number conservation measures in time. The two ways of implementing new area codes are via a geographic split or use of an overlay of new numbers. A geographic split would divide New Hampshire into two geographic area codes. An overlay would have any new phone numbers go into a new area code regardless of location. There are advantages and disadvantages to either an overlay or geographic split. An overlay would require ten-digit dialing, which is not well received. A geographic split would force half the state to change the area code of their existing phone numbers, which is costly, confusing, and controversial. This bill does not specify which method the Commission should choose, but the bill does outline policy principles the Commission should adhere to if and when such a choice must be made. These principles include minimizing customer disruption and confusion, minimizing cost to both customers and the cost of implementation by phone companies, insuring competitive neutrality and public safety, and utilization of the best available technology and planning.

The bill does not require implementation of a new area code as the committee believes conservation of existing 603 phone numbers is the best policy. The committee has and will continue to advocate for number conservation policy in Washington. Vote 19-0.

Amendment (0468h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to telephone number conservation and area code implementation.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court finds that:

I. The public utilities commission has set policies that have fostered a vibrant and competitive marketplace for telecommunications services and products. This marketplace is essential for the economic well being of the state as many New Hampshire businesses, residents, and visitors require advanced telecommunication services and products at competitive prices.

II. The recent determination by the North American Numbering Plan Administrator that New Hampshire's 603 area code is in jeopardy of new telephone number exhaustion is a serious threat

to the ability of incumbent and other telecommunication providers to provide needed products and services. Of particular concern presently is the fact that providers can only obtain new blocks of numbers through a very limited lottery.

III. It is in the public interest for the public utilities commission to aggressively conserve telephone numbers according to the principles set forth in RSA 374:59, as inserted by this act, in order to prolong the useful life of area code 603 and any subsequent area code. The public utilities commission is to be commended for proposing a voluntary agreement with providers to reserve unused telephone numbers in blocks of 1,000 for eventual distribution rather than the customary blocks of 10,000. The public utilities commission is encouraged to continue to press telecommunications providers as well as the Federal Communications Commission for technical and regulatory solutions to telephone number exhaustion including, but not limited to, mandatory thousands number block pooling and local number portability.

IV. Along with implementing aggressive conservation measures, it is also in the public interest for the public utilities commission to plan for implementation of a new area code subject to the principles set forth in this act in order that, in the event it becomes necessary to implement a new area code, suppliers may have access to needed numbers in adequate time to avoid disruptions to New Hampshire businesses and customers.

V. The general court recognizes that implementation of a new area code can be accomplished via means of a geographic split or through a statewide overlay of new numbers assigned in a new area code. The choice between a geographic split and an overlay is often controversial. The principles set forth in this act are intended to guide the public utilities commission's decision-making process. The public utilities commission is encouraged to open a docket and hold public hearings at several locations around the state to solicit input for this decision.

2 New Subdivision; Telephone Number Conservation and Area Code Implementation Policy Principles. Amend RSA 374 by inserting after section 58 the following new subdivision:
Telephone Number Conservation and Area Code Implementation Policy Principles

374:59 Telephone Number Conservation and Area Code Implementation Policy Principles.

I. Definitions. In this section:

(a) "Commission" means the public utilities commission.

(b) "Geographic split" means the division of an area code into typically 2 areas each served by its own area code.

(c) "Overlay" means the addition of a new area code serving the same geographic area as the existing area code.

II. The commission should promote and adopt telephone number conservation measures to the maximum extent allowed by federal law for area code 603 and any subsequently assigned New Hampshire area codes.

III. The commission should adopt measures, to the maximum extent allowable by federal law and availability of technology, to provide that all customers of all suppliers have equitable access to all currently available unassigned telephone numbers and equitable access to numbers that have not been assigned to a customer which are available for porting to a second supplier. Blocks of telephone numbers that are currently assigned but may be retrievable if thousands number block pooling becomes available should be assigned on an equitable basis to all suppliers.

IV. The commission should adopt measures, to the maximum extent allowable by federal law and availability of technology, to provide for local number portability by all suppliers of local exchange service.

V. To the extent that any one competitor is responsible for managing a pool of numbers which is to be assigned to customers of that competitor and other competitors, the commission should adopt policies to require that the assignment and management of the numbers be kept segregated from the marketing portion of that competitor.

VI. When determining whether to implement a new area code via geographic split or overlay the commission should consider, but not be limited to, the following criteria when determining the public interest:

(a) Which method best minimizes customer disruption from having to change numbers;

(b) Which method is the least costly for business and residents;

(c) Which method best minimizes customer confusion;

(d) Which method is the least costly for providers to implement;

- (e) Which method most effectively conserves the total pool of telephone numbers once a new area code is created;
- (f) Which method minimizes geographic controversy;
- (g) Which method is most equitable to every resident and business in New Hampshire;
- (h) Which method minimizes repeating the disruption of area code changes in the future;
- (i) Which method best ensures public safety;
- (j) Which method is more competitively neutral; and
- (k) Which method utilizes best available technology and comprehensive telecommunications planning.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes policy principles to guide the public utilities commission in telephone number conservation and area code implementation.

Adopted.

Report adopted and ordered to third reading.

HB 407, relative to unsolicited telephone sales by competitive telephone and electricity providers. RE-REFER TO COMMITTEE

Rep. Roy D. Maxfield for Science, Technology and Energy: Federal regulations prohibit restrictions on most telephone solicitation. There are unresolved issues with this legislation as it relates to pending electric deregulation however. The sponsor and the majority of the committee support re-refer of this bill to allow further study of this application. Vote 14-6.

Adopted.

HB 611, relative to performance standards for telephone companies providing noncompetitive services. RE-REFER TO COMMITTEE

Rep. John H. Thomas for Science, Technology and Energy: Even though the Public Utilities Commission (PUC) has authority and the ability to enforce its authority through fines, the majority of the committee felt there are issues that exist between the PUC and providers as to how information is collected and collated. Vote 16-4.

Adopted.

HB 566, relative to the supervision of the driver education program. OUGHT TO PASS

Rep. George A. LaPorte for Transportation: This bill would make the department of safety the final decision maker concerning direct or indirect all life and safety issues. The quality standard shall rest with the DOS, aided and facilitated by the department of education. This legislation shall affect all secondary and private motor vehicle driving school courses. Vote 15-2.

Adopted and ordered to third reading.

HB 639-FN, relative to motor vehicle registration fees for antique motor vehicles and motorcycles. OUGHT TO PASS WITH AMENDMENT

Rep. Robert J. Letourneau for Transportation: This bill restricts reduced registration fees to antique motor vehicles and motorcycles for 1945 and earlier (\$6.00 cars and \$2.40 motorcycles), and caps the registration fee for vehicles 1946 and up at \$31.20 (\$2.60 per month) on vehicles over 3000 lbs. Vehicles under 3000 lbs. would be \$19.20 (\$1.60 per month). This bill does not change the eligibility of vehicles over 25 years old to be in the antique class, only the fees associated with the cost of the plates issued to them. Further, this bill in no way affects the status of an antique vehicle or the rights associated with this class of vehicles. The committee felt that other seasonal vehicles such as recreational vehicles, motorcycles, snow removal and construction equipment, etc., pay their share of the road use although seasonal. Additionally, these newer antiques are driven daily during the summer months; the DOS continues to receive complaints relative to this abuse, and this was not the intent of the original law which states these plates are for *"any vehicle over 25 yrs. old which is maintained for use in exhibitions, club activity, and parades."* Vote 17-0.

Amendment (0383h)

Amend the bill by replacing all after the enacting clause with the following:

1 Antique Motorcycle Registration Fees. Amend RSA 261:141, III(f) to read as follows:

(f) For antique motorcycles *manufactured in 1945 or earlier* — \$2.40. *Antique motorcycles manufactured in 1946 or later shall be charged a registration fee of \$12.*

2 Antique Motor Vehicle Registration Fees. Amend RSA 261:141, III(r) to read as follows:

(r) For antique motor vehicles other than antique motorcycles *manufactured in 1945 or earlier* — \$6. *Antique motor vehicles other than antique motorcycles manufactured in 1946 or later shall be charged a maximum of \$31.20 (\$2.60 per month) for vehicles weighing over 3000 lbs, and a maximum of \$19.20 (\$1.60 per month) for vehicles weighing less than 3000 lbs.*

3 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill restricts reduced registration fees for antique motor vehicles and motorcycles to motor vehicles and motorcycles manufactured in 1945 or earlier.

Adopted.

Rep. Letourneau spoke in favor and yielded to questions.

Report adopted and referred to Finance.

HB 522, relative to the public's access to sex offender registry information. RE-REFER TO COMMITTEE

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill greatly expands the crimes that would be required to be reported to the sex offender registry and also requires that the public be able to request information about any or all of those people listed in the entire state. Furthermore, information on who this information was given to must also be recorded. Passage of this bill is a huge policy change and the department of safety indicated there should be a fiscal note because of the tremendous burden the bill puts on their resources. In fact, they question whether they could comply without additional employees. The committee voted to re-refer to enable the committee to examine those questions thoroughly. Vote 12-0.

Rep. Brothers spoke against and yielded to questions.

Rep. Christie spoke in favor.

Rep. Brothers requested a roll call; sufficiently seconded.

The question being the adoption of the report.

and the report was adopted.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

HB 63-FN-A, relative to the Weekly Market Bulletin's budget and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Vivian R. Clark for Finance: Subscriptions to the Weekly Market Bulletin currently provide income to the General Court that exceeds the expenses of the Bulletin. The committee felt that if some future plan to alter or enlarge the Bulletin should require additional expenditure, it should be obtained through the normal budget process rather than through the creation of yet another dedicated fund. Vote 23-2.

MOTION TO SPECIAL ORDER

Rep. Wendelboe moved that **HB 63-FN-A**, relative to the Weekly Market Bulletin's budget and making an appropriation therefor, be made a Special Order for the end of the Calendar on April 15, 1999, spoke in favor and yielded to questions.

Rep. Kurk spoke in favor.

Rep. Wendelboe withdrew her motion.

The question now being the adoption of the report.

Adopted.

REGULAR CALENDAR – PART I (CONT'D.)

HB 682-FN-A, establishing a statewide program for the removal of graffiti from public property. **INEXPEDIENT TO LEGISLATE**

Rep. John R. Cloutier for Public Works and Highways: This bill would establish a statewide program for the removal of graffiti from public property. While the committee appreciates the efforts of the sponsor to eliminate graffiti, it believes the problem is not as severe as in more urban states, and is usually and swiftly removed. Also, in some areas of the state, passage of the bill might result in the elimination of some popular landmarks, since what constitutes graffiti vs. art is in the eyes of the beholder. Finally, the Department of Transportation Director of Operations said passage might force his department in some cases to divert some money and employee hours away from more important tasks. Vote 16-0.

Rep. Belvin spoke against.

Rep. Cloutier spoke in favor.

Adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Mock moved that the House reconsider its action whereby it adopted the Consent Calendar, Part II, and spoke in favor.

Reconsideration prevailed.

COMMITTEE REPORTS**CONSENT CALENDAR – Part II**

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 605-FN, affirming sovereign immunity as it relates to the state's computers and computer software and programs and granting the state board of claims jurisdiction over claims against the state arising out of computer-related problems, removed by Rep. Mock.

Consent Calendar adopted.

HB 605-FN, affirming sovereign immunity as it relates to the state's computers and computer software and programs and granting the state board of claims jurisdiction over claims against the state arising out of computer-related problems. **INEXPEDIENT TO LEGISLATE**

Rep. Sandra B. Keans for Judiciary: This bill immunizes the state in perpetuity for any and all computer problems whether they relate to the Y2K problem or not. The state departments have taken corrective action to prevent problems, the latest report stating that state government was in good shape to prevent any major problems relating to Y2K. Individuals and businesses will not be exempt from liability and the committee believed the state should not be either since the trend has been away from granting more state immunity. There are judicial procedures in place to allow for remedies when persons are harmed by the state in other areas. The committee believes the Y2K problem has been over exaggerated and where the Public Utilities Commission and the Attorney General's Office took "no position" on the bill, it reinforced the committee's resolve. Vote 13-1. Rep. Mock moved Re-commit to Committee and spoke in favor.

Adopted.

RECONSIDERATION

Having voted with the prevailing side, Rep. Bickford moved that the House reconsider its action whereby it voted **HB 737**, declaring the New Hampshire supreme court's Claremont II decision to be an unconstitutional violation of the separation of powers mandate under part I, article 37 of the New Hampshire constitution, Inexpedient to Legislate.

Reps. Nancy Wall, and Dickinson spoke in favor.

Rep. Weber spoke in favor and yielded to questions.

Reps. Belvin and MacGillivray spoke against.

Rep. Dickinson requested a roll call; sufficiently seconded.

The question being the motion to reconsider.

and reconsideration failed.

Rep. Lionel Johnson did not vote and wished to be recorded in favor.

WITHOUT OBJECTION

The Speaker ordered that Part II of the Regular Calendar be taken up on Thursday, April 15, 1999.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read

a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, April 15, 1999 at 10:00 a.m.
Adopted.

LATE SESSION

Third reading and final passage

HB 435, relative to disclosure by sellers of consumer goods and services.

HB 442, relative to charitable gift annuities.

HB 563, relative to names of limited liability partnerships and companies and cooperative associations.

HB 687-FN, establishing the criminal offense of identity fraud.

HB 714-FN, changing the potential penalties for certain acts of solicitation and conspiracy to commit murder and attempted murder to life in prison.

HB 61, relative to political contributions by members of the ballot law commission.

HB 556-FN, relative to transporting hazardous waste.

HB 397, establishing a 4-year term for the commissioner of the department of corrections, and clarifying the process of appointing personnel under the commissioner.

HB 448, relative to the board of dental examiners and the regulation of dentists and dental hygienists.

HB 686-FN, defining the state heritage collections committee's responsibilities and the process for acquiring or disposing of items and collections.

HB 278, relative to scheduling of district court sessions.

HB 592, creating a study committee regarding requirements for and usage of methyl t-butyl ether.

HB 491, relative to qualifying examinations for individuals seeking driver's licenses, and driver education course requirements.

HB 554, relative to driver education reciprocity.

HB 651, revising the speed limit law.

HB 313-FN, relative to the regulation of the practice of optometry.

HB 620-FN, relative to election of vested deferred retirement status for inactive members of the retirement system.

HB 624, establishing a committee relative to health care quality.

HB 570, restricting a presiding judge's authority to interrupt jury deliberations.

HB 667, relative to the quorum required for sessions of the supreme court.

HB 69, relative to the definition of employee under certain labor laws and relative to overtime pay for hourly employees.

HB 541, establishing a committee to study the upgrade of Routes 11 and 140.

HB 573, clarifying the status of class VI highways.

HB 593-FN-L, relative to the classification of class VI roads which have been maintained by a town.

HB 672-FN-L, relative to creating a master plan for Hampton Beach and Hampton State park to deal with growth.

HB 362, relative to dam safety program violations.

HB 527, relative to the duties of the public utilities commission.

HB 721-FN, relative to procedures regarding delinquent children under RSA 169-B.

HB 454, requiring the university system of New Hampshire board of trustees to initiate a study of the status of veterans' access to higher education within the university system.

HB 675-FN, extending the applicability of postsecondary educational assistance for New Hampshire national guard members and requiring an annual reporting from state-supported postsecondary institutions.

HB 366, repealing the requirement that persons filing for a primary on the last day of the filing period do so in person.

HB 557-FN, relative to hazardous waste permitting and container identification.

HB 634-FN, eliminating the requirement that retirement system disability recipients notify the board of trustees of unreduced social security disability benefits.

HB 318, relative to recovery costs in utility proceedings and relative to the appointment of public utilities commissioners.

HB 388, relative to telephone number conservation and area code implementation.

HB 566, relative to the supervision of the driver education program.

RECESS MOTION

Reps. Chandler and Burling moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 4:55 p.m.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 14

Thursday, April 15, 1999

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Lynn Johnson, Pastor of the West Rumney Community Church.

God of all that is and will be, we bless You and thank You for not standing far off, but for standing with and among us. We thank You for all the ways You have allowed us to know Your voice and to sense Your presence. Help us to hear Your voice, even when it is whispered in the quiet lisp of the helpless and unconsidered. Help us to see Your presence even when it comes to us in the face of our adversary. Grant us the knowledge of Your touch of peace even in the bustling jostle of the crowd. Help us, Your children, to rejoice in our kinship with one another, to mediate our family disputes with creativity and to be a living presence of compassion to all people. Amen.

Rep. Richard Herman led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Patricia Cote, Courchesne, Eugene Gagnon, Paul Gagnon, Golden, Guest, Hansen, Hunter, Lyman, McRae, Searles and Soltani, the day, illness.

Reps. Bishop, Chabot, Peter Cote, Doucette, David Flanders, Hoadley, Kenneth MacDonald, MacNeil, McGuirk, Marsha Pelletier, Philbrick, Rabideau, Robb-Theroux, Rodd and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Jeff Clark, son of Rep. Vivian Clark. Barbara Brewster, wife of Rep. Brewster. Tom Veinotte, guest of the Pembroke Delegation Christine Gemmel and Katlyn Dasey, guests of Rep. Bouchard. Helen Holbrook, wife of Rep. Holbrook. David Konys, husband of Rep. Konys. Karen Carbonneau, Muriel and Campbell Webster and Commissioner Van McLeod, guests of Rep. Avery.

SPECIAL GUESTS

Rep. Avery introduced Pipe Major Gordon Webster, Piper Lezlie Patterson Webster and Highland dancers Maggie Meffen, Megan Marsh, Kate Minogue and Hanna Carbonneau who performed for the House in honor of New Hampshire Tartan Day.

Rep. Rosen moved that the remarks made by Rep. Avery be printed in the Journal.
Adopted.

REMARKS

Rep. Avery: Thank you, Madam Speaker. Today, my fellow Representatives, as we have done for the past few years, we are celebrating New Hampshire Tartan Day. It is the day we recognize those achievements that Scots and Scottish Americans made on behalf of the State of New Hampshire and the United States. The day, as I have mentioned before, that marks the anniversary of the Declaration of Arbroath, the document that was signed on April 6 in the year 1320 (A.D.) declaring Scottish Independence, and a document many credit as being a model for our own Declaration of Independence. It is especially ironic that, in Scotland, they will hold their first elections for a Scottish Parliament in over 250 years less than one month from now.

As another Scottish American Representative remarked recently on the floor of this House, every day is a special day for Scots, but none, I judge, is quite as special as this important anniversary. Madam Speaker, the most important phrase of that historical document is especially important today. "It is in truth, not for glory nor riches nor honors that we are fighting, but for freedom. For that alone which no honest man gives up but with life itself." Today we take special note of the people of Kosovo and the men and women of the American and other NATO forces of all nationalities who are today fighting for these same principles. They have our prayers and best wishes.

Rep. Loren Jean addressed the House.

Rep. Lozeau moved that the remarks made by Rep. Loren Jean be printed in the Journal.
Adopted.

Rep. Loren Jean: Thank you, Madam Speaker. One of the more difficult things I have done in the House was to sit in that chair next to that black ribbon and that bouquet of flowers. When I first met Paul St. Hilaire, he was one of those people that you run into occasionally and when you walk away you say, "What a nice person." He was one of those. He was my seat mate in committee and he was my seat mate in the House. Rep. Flora and I were bookends to him and we had a chance to share in his wit and dry humor. Paul was an asset to his committee. He was an asset to this House. Paul had that parochialism that is common among all those north of the notches, in that the North Country was his home. He was an asset to his city and he was a loving husband and father to his family which is present with us today, his wife, Gail, his son John and his daughter Sheena. I would like to read a small tribute written by his brother.

Born and raised and lived in New Hampshire, visited many other places, had opportunities to leave but only once did he consider it seriously; yet he stayed. Berlin was his home.

When one reflects on Paul St. Hilaire's life, if you knew him, in retrospect you wish you had thanked him often. Since his passing, many have remarked that he will be missed greatly. Everyone here knows of what Paul did in his public life and we are all proud and thankful for having known him and for what he has accomplished. His personality drew people to him; he was kind and loving. Many of his accomplishments were significant, but more important was the way he worked for his constituents – those who voted for him and those who didn't. He told one of his brothers that once elected, he worked for every Berliner, every citizen of the Coos County and the state. The brother also remembers him saying that as a politician he could never be satisfied until he had done everything he could for the people. He was always ready to listen attentively and to speak honestly to anyone.

As some have left Berlin for better pastures, Paul St. Hilaire wanted to work the land of his ancestors. He hoped that his enthusiasm and dedication would be the right mix to fertilize the city and state to make it a better place to live. He believed in New Hampshire and especially in Berlin. Paul St. Hilaire is the type of person Berlin and the state need more of.

To his family, I would say that this House wholeheartedly concurs.

Pipe Major Webster piped "Flowers of the Forest" and "Amazing Grace" in memory of Rep. St. Hilaire.

REGULAR CALENDAR – PART II

HB 719-FN, relative to procedures regarding children in need of services. OUGHT TO PASS WITH AMENDMENT

Rep. L. Randy Lyman for Children and Family Law: This bill sets forth some guidelines to help in the processing of CHINS (Children In Need of Services) petitions and the accessing of services. Definitions for the terms of diversion and intervention are established. The process of personal service has been simplified. This bill originated as the direct result of an 18-month study done by the court task force. The task force was made up of a combination of professional and lay people from all walks of life. It is the consensus of the committee that this is a positive step forward in dealing with our youth. The fiscal note carried no determinable dollar amounts. Vote 14-0.

Amendment (0641h)

Amend the bill by replacing section 5 with the following:

5 Issuance of Summons and Notice. Amend RSA 169-D:6, I to read as follows:

I. After a legally sufficient petition has been filed, the court shall, *unless the case is referred to diversion or a consent order is entered and approved, schedule an initial appearance, and issue a summons including a copy of the petition*, to be served personally [or] *upon the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child on the specified date and time*. If personal service is not possible, *service shall occur* at the usual place of abode of the person having custody or control of the child or with whom the child may be, requiring that person to appear with the child at a specified place and time which time shall not be less than 24 hours [not more than 7 days] after service. If the person so notified is not the parent or guardian of the child, then a parent or guardian shall be notified, provided they and their residence are known, or if there is neither parent nor guardian, or their residence is not known, then some relative, if there be one and his residence is known.

Adopted.

Report adopted and referred to Finance.

CACR 12, relating to a 4-year term for the office of governor. Providing that beginning in the year 2002, the governor shall be elected every 4 years. **OUGHT TO PASS**

Rep. Michael S. Rollo for Election Law: The majority of the Committee supported the passage of this constitutional amendment. This amendment gives an opportunity for the people of our state to determine the term of office for governor.

Testimony was given at the public hearing that there are only two states left in the Union that elect their governors biennially, Vermont and New Hampshire. Many states changed their governors term to four years to ensure that the governor has the time to give full attention to important business and not to always be in campaign mode. The majority would ask that you give the people of our state the same opportunity to change their constitution, as have 48 other states, if they wish. Vote 12-4.

Reps. Pepino and Mirski spoke against and yielded to questions.

Rep. Burling spoke in favor and yielded to questions.

Rep. Kennedy spoke against.

Rep. Arndt spoke in favor.

The Speaker called for a roll call.

and the report failed, lacking the constitutionally required three-fifths.

LAID ON THE TABLE

Rep. Burling moved that **CACR 12**, relating to a 4-year term for the office of governor. Providing that beginning in the year 2002, the governor shall be elected every 4 years, be laid on the table. On a division vote, 187 members having voted in the affirmative and 164 in the negative, CACR 12 was laid on the table.

REGULAR CALENDAR – PART II (CONT'D.)

CACR 14, relating to increasing the executive council membership and the number of executive council districts. Providing that the executive council shall be increased from 5 to 10 members, and the number of executive council districts shall be increased from 5 to 10. **INEXPEDIENT TO LEGISLATE**

Rep. William J. Desrosiers for Election Law: The proponents of this CACR feel that doubling the size of the Executive Council will benefit areas of this state that they feel are underrepresented by

the council. The majority of the Committee feels that constituents have access to their councilor through traditional means as well as advanced technology i.e. e-mail. Consequently, we feel the current structure serves the state well and there is no need for a change. Vote 9-7.

Rep. George Brown spoke against.

Rep. Avery spoke against and yielded to questions.

Reps. Desrosiers and Arndt spoke in favor and yielded to questions.

Adopted.

HB 374, relative to the order of names on presidential primary election ballots. **OUGHT TO PASS**. Rep. Lynn C. Horton for Election Law: This bill provides that on the morning of the first day of the filing period for the presidential primary election, the secretary of state shall hold a public drawing to randomly pick one letter of the alphabet for that election year. The secretary shall then list the candidates according to alphabetical order beginning with the letter picked. Vote 14-2. Adopted and ordered to third reading.

HB 230, clarifying the waste reduction goals for the state of New Hampshire. **MAJORITY: OUGHT TO PASS. MINORITY: RE-REFER TO COMMITTEE.**

Rep. Betty B. Hall for the Majority of Environment and Agriculture: This bill is the product of two years of study by the committee. It updates current statutory goals, sets data collecting requirements, and reporting to the legislature on progress on solid waste goals. Vote 8-6.

Rep. Harold P. Melcher for the Minority of Environment and Agriculture: This bill, although its purpose is worthy, is merely "feel good" legislation. It is impossible to calculate the percentage of waste recycled. It is possible to design it to be practical. Re-refer is a more sensible motion. Majority report adopted and ordered to third reading.

MOTION TO SPECIAL ORDER

Rep. Leishman moved that **HB 239-FN-A**, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund, be made a Special Order for the next session day in the regular calendar order.

Adopted.

REGULAR CALENDAR – PART II (CONT'D.)

HB 294-FN-L, relative to state aid to municipalities for closure of certain municipal incinerators. **OUGHT TO PASS**

Rep. Betty B. Hall for Environment and Agriculture: This bill is the product of two years on closing of small municipal incinerators. The majority recommends including these incinerators in the landfill closure program which grants twenty percent of the closure cost to the municipalities which chose to close their landfill or, in this case, incinerator. The Municipal Association supports this bill. Vote 11-3.

Adopted and referred to Finance.

HB 395-FN-A, establishing a pilot program of matching grants and optional local tax exemptions to preserve historic agricultural structures in New Hampshire and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter R. Leishman for Environment and Agriculture: This bill establishes a two-year pilot program of matching grants to preserve historic barns and other agricultural structures along with an advisory committee to work with the division of historical resources to select eligible applicants. A sum of \$100,000 would be made available through this grant assistance program for agricultural buildings and structures listed in the National Register of Historic Places or eligible for such listing. Vote 15-0.

Amendment (0713h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a pilot program of matching grants to preserve historic agricultural structures in New Hampshire and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. Historic barns and agricultural structures symbolize the distinctive New Hampshire values of heritage, hard work, productivity and stewardship. They are witnesses to the role of ag-

riculture in our state's image and its economy, and they serve as scenic landmarks for residents and visitors alike. They are among our most highly valued heritage resources, but many can no longer generate sufficient income to prevent their loss by decay or demolition. In order to assist the owners who are making an effort to preserve these irreplaceable assets, it is hereby declared to be public policy and in the public interest of this state to establish a pilot program of matching grants for preserving historic agricultural structures in New Hampshire.

2 Pilot Program Established. A 2-year pilot program of matching grants to preserve historic barns and agricultural structures in New Hampshire is hereby established. This pilot program shall terminate on June 30, 2001, unless authorized to continue by the legislature.

3 Advisory Committee.

I. For the purpose of soliciting applications, recommending grant awards, and considering any other matter necessary to the administration of this act, an advisory committee to the division of historical resources shall be established, consisting of:

- (a) The commissioner of cultural resources, or designee.
- (b) The commissioner of agriculture, markets, and food, or designee.
- (c) The commissioner of resources and economic development, or designee.
- (d) The chairperson of the state conservation committee, or designee.
- (e) The director of the division of historical resources, or designee, who shall act as the committee chair.
- (f) The executive director of the New Hampshire Farm Service Agency, or designee.
- (g) The director of the New Hampshire Farm Bureau Federation, or designee.
- (h) The director of the university of New Hampshire Cooperative Extension, or designee.
- (i) The master of the New Hampshire state grange, or designee.
- (j) A member of the state historical resources council.
- (k) A staff member of the division of historical resources selected by the director.
- (l) Two individuals actively engaged in agriculture, selected by the committee.

II. On or before June 30, 2001, the committee shall make a report to the speaker of the house of representatives, the senate president, and the governor, with a recommendation whether or not the program ought to be established by law on a permanent basis. The committee report shall make any other recommendations regarding the program as may be appropriate.

4 Appropriation. A sum of \$50,000 for the fiscal year ending June 30, 2000, and the sum of \$50,000 for the fiscal year ending June 30, 2001, is hereby appropriated to the division of historic resources, department of cultural resources, to be awarded competitively to eligible applicants. Funds which are not expended in the first year of the biennium shall not lapse, but shall be carried over to the second year. The funds shall be used solely for grant awards and shall be matched with an equal or greater value of cash, labor, or materials provided by the applicant from private, local, state, or federal sources. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

5 Eligibility. In order to qualify for grant assistance, agricultural buildings and structures shall be listed in the National Register of Historic Places, or shall be formally determined to be eligible for the National Register of Historic Places, or shall be listed or formally determined to be eligible for listing in the state register of historic places, in accordance with established procedures of the division of historical resources, prior to receiving any grant funds. Priority will be given to projects that:

- (a) Preserve historic building features.
- (b) Preserve important examples of historic agricultural building types.
- (c) Promote productive long-term use of the property.
- (d) Preserve important local landmarks.
- (e) Are located on designated scenic and cultural byways.
- (f) Would accept a preservation restriction, as defined in RSA 477:45.

6 Recapture. If a recipient or subsequent owner takes any action within 10 years of the grant award with respect to the assisted building or structure, such as dismantlement, removal, or substantial alteration, which causes it to no longer be eligible for listing on the National Register of Historic Places, within one year from the date of loss of eligibility, the preservation grant shall be repaid in full to the state of New Hampshire.

7 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill establishes a pilot program of matching grants to preserve historic agricultural structures. Adopted.

Report adopted and referred to Finance.

HB 510-FN, relative to monitoring aerial spraying of herbicides. MAJORITY: RE-REFER TO COMMITTEE. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Betty B. Hall for the Majority of Environment and Agriculture: The Senate is considering a similar bill and the majority of the Committee would like to retain the bill. Vote 8-7.

Rep. Harold P. Melcher for the Minority of Environment and Agriculture: Since a nearly identical bill will be coming over from the Senate, the minority felt that this bill is unnecessary.

Rep. Scanlan moved Re-commit to Committee and spoke in favor.

Rep. Musler spoke in favor.

Adopted.

HB 66-FN, relative to disability retirement benefits for retirement system members permanently incapacitated for duty. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. Murphy for Executive Departments and Administration: This bill, as amended, amends RSA 100-A:6, I(c) and II(c) to clarify the procedure for processing the application of a member of either Group I or Group II for accidental disability retirement allowance. It mandates that the employer, employee's insurance carrier or the commissioner of labor must find the incapacitating accident, or other medical cause, compensable. Further, the bill mandates that the member concerned, if he enters into a "lump-sum" settlement of a claim that was denied or found "not compensable" by any of these three agencies, must prove before the retirement board of trustees, by a preponderance of the evidence, that the injury was work related and of the type described by the law before he qualifies for disability benefits. This bill is the result of concern of the board of trustees over the continuing increase in disability retirements many of which are "lump-sum" settlement transfers to the retirement system. Vote 16-1.

Amendment (0488h)

Amend RSA 100-A:6, I(c)(2)(C) as inserted by section 1 of the bill by replacing it with the following:

(C) The incapacitating accident, trauma, degeneration, or occupational disease has been found to be compensable by the employer, the employee's insurance carrier, or the commissioner of labor pursuant to RSA 281-A:43.

Amend RSA 100-A:6, I(c)(3) and (4) as inserted by section 1 of the bill by replacing it with the following:

(3) The member applying pursuant to subparagraph (c)(1) shall have the burden of proving causation before the board of trustees if the member enters into a lump sum settlement of an injury claim that was at any time denied by the employer or the employer's insurance carrier and not found compensable by final decision of the labor commissioner or the compensation appeals board after hearing pursuant to RSA 281-A:43. In the case of any lump sum settlement, the board of trustees shall require the member seeking disability retirement benefits to prove by a preponderance of the evidence the existence of a work-related injury of the type described in subparagraph (c)(1) (A)-(C), and also that the work-related injury naturally and proximately resulted in the member's total and permanent incapacity from duty. If the board of trustees is unable to grant disability retirement benefits after review of medical and factual information submitted by the member and by a physician designated by the board, then the member shall be entitled to a hearing before the board in order to determine whether the member qualifies for disability retirement benefits.

Amend RSA 100-A:6, II(c)(2)(C) as inserted by section 2 of the bill by replacing it with the following:

(C) The incapacitating accident, trauma, degeneration, or occupational disease has been found to be compensable by the employer, the employee's insurance carrier, or the commissioner of labor pursuant to RSA 281-A:43.

Amend RSA 100-A:6, II(c)(3) and (4) as inserted by section 2 of the bill by replacing it with the following:

(3) The member applying pursuant to subparagraph (c)(1) shall have the burden of proving causation before the board of trustees if the member enters into a lump sum settlement of an injury claim that was at any time denied by the employer or the employer's insurance carrier and not found compensable by final decision of the labor commissioner or the compensation appeals board after hearing pursuant to RSA 281-A:43. In the case of any lump sum settlement, the board of trustees shall require the member seeking disability retirement benefits to prove by a preponderance of the evidence the existence of a work-related injury of the type described in subparagraph (c)(1) (A)-(C), and also that the work-related injury naturally and proximately resulted in the member's total and permanent incapacity from duty. If the board of trustees is unable to grant disability retirement benefits after review of medical and factual information submitted by the member and by a physician designated by the board, then the member shall be entitled to a hearing before the board in order to determine whether the member qualifies for disability retirement benefits.

Adopted.

Report adopted and referred to Finance.

HB 392, relative to exemptions from required child immunizations. **INEXPEDIENT TO LEGISLATE**
Rep. Barbara C. French for Health, Human Services and Elderly Affairs: This bill is the result of a request by some people to be able to be exempted from some immunizations and/or vaccinations. The present system has been in place for many years and has served us well, by eliminating some diseases such as small pox and controlling others such as measles. All of the diseases controlled by vaccination and/or immunization can have serious complications and the committee feels that we have a public health responsibility to protect the common good. There is also a limited potential for adverse reactions (complications) from these vaccinations and/or immunizations. At the present time, there is an option for a medical or religious exemption. There are 17 states that have a philosophical exemption. Statistically, the resulting data from these 17 states have not been available to us as yet. There are studies being conducted to try to find this out, but they are not completed at the present time. The committee feels that we must support the present system. If in the future, the national studies being conducted indicate we should take other action, we can do so in the future. Vote 16-1.

Adopted.

HB 618-FN-A, establishing a voucher program for smoking cessation and continually appropriating a special fund. **OUGHT TO PASS**

Rep. Francine Wendelboe for Health, Human Services and Elderly Affairs: This bill allows for a voucher program for smoking cessation, including behavior modification courses, the nicotine patch, inhalers, physician visits when required and so on. The initial target group would be high school programs, college campuses and welfare clients. Part of the funding would go to a tobacco prevention program for 5th and 6th graders. The state of New Hampshire currently funds \$0.00 for tobacco prevention. The Department of Health & Human Services testified against the bill because they are in hope the Senate will pass a \$10 million plan. However, the committee feels the \$2 million in this bill is a good start by using a small part of the multi-million dollar tobacco settlement money towards helping smokers "kick the habit". Vote 15-1.

Adopted and referred to Finance.

HB 519-L, relative to the liability of governmental units for personal injury or property damage arising out of police pursuit of individuals or vehicles operated by such individuals. **OUGHT TO PASS WITH AMENDMENT**

Rep. Loren J. Jean for Judiciary: A number of years ago legislation was enacted to assure that citizens have trained and responsible personnel entering our police units (Police Standards & Training). However, if some law enforcement units do not have policies reflective of this legislative intent, it can put the public at risk and subject the towns and police personnel to a higher degree of liability. It will keep the police within the parameters to which they have been trained. This bill's major thrust indicates a legislative concern for public safety. Vote 14-2.

Amendment (0718h)

Amend the title of the bill by replacing it with the following:

AN ACT requiring law enforcement agencies to adopt written policies regarding emergency responses and vehicular pursuits.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Policies Regarding Police Pursuit and Emergency Vehicle Operation. Amend RSA 265 by inserting after section 8 the following new section:

265:8-a Police Pursuit and Emergency Response. Each state, county and local law enforcement agency that conducts emergency response and vehicular pursuits shall adopt a written policy or policies that set forth the manner in which these operations shall be conducted. Such policy or policies shall conform to state and national accreditation standards as adopted by the police standards and training council or the national commission on accreditation for law enforcement agencies and shall be kept on file and available for inspection by the police standards and training council and the attorney general.

2 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires each state, county, and local law enforcement agency that conducts emergency response and vehicular pursuits to adopt written policies on the manner in which these operations are conducted.

Adopted.

Report adopted and ordered to third reading.

HB 660, authorizing the New Hampshire Bar Association to assess bar dues and authorizing the supreme court to assess attorneys for professional conduct and public protection fund fees. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Jane Wood for the Majority of Judiciary: This bill purports to "authorize" a taxing system by the supreme court of practicing attorneys for dues and assessments, including costs of the Public Protection Fund and Professional Conduct Committee. According to 142 NH 588 (1998) In Re Public Protection Fund, ordering the assessment from attorneys for the support of the fund is not assessing an unconstitutional tax, but an act found necessary by the court, in aid of its own responsibilities, to see to the proper administration of justice (Supr. Ct. R.55). For this reason, and the fact that passing this legislation now would deem this a tax would open the legislature up to future raising of these funds, as necessary, the committee found this new legislation to be unnecessary. Vote 15-1.

Rep. Tony F. Soltani for the Minority of Judiciary: The New Hampshire Supreme Court has required all lawyers admitted to practice to join the New Hampshire Bar Association; a private organization. It has also required attorneys to pay the so-called Professional Conduct fees which are used, among other things, to have attorneys at the discretion of a committee appointed exclusively by the supreme court. The court has also required the attorneys to pay the so-called client protection fund assessment. The assent of the representatives of this state has never been obtained in order to impose these taxes against enterprises which ultimately recover them from the consumers. There is no authority for any entity to impose taxes in New Hampshire, save for the General Court. This bill is a much needed mechanism to legitimize the imposition of these levies.

Rep. Mirski spoke against.

Rep. Bergin spoke in favor.

Rep. Weber requested a roll call; sufficiently seconded.

The question being the adoption of the majority report.

and the majority report was adopted.

Reps. Hess, Simon, Craig, Vachon, Young, Dokmo, Rowe, DiFruscia, Withee, Ward and Dalianis declared conflicts of interest and did not participate.

HB 94, relative to enforcement of the child passenger restraint law. **OUGHT TO PASS WITH AMENDMENT**

Rep. George A. LaPorte for Transportation: This bill makes it a primary offense for not wearing a seatbelt under the age of 18. This was passed by the House and was asked for reconsideration, sent back to our committee to amend. What the amendment says is that for first offense only, a driver under 18 years of age shall not be subject to license suspension. Any other fines may still apply. Vote 16-3.

Amendment (0605h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as section 3:

2 New Paragraph; Original and Youth Operators' Licenses; First Offense for Failure to Wear a Seatbelt. Amend RSA 263:14 by inserting after paragraph III the following new paragraph:

III-a. A driver who is under 18 years of age shall not be subject to license suspension for a first violation of RSA 265:107-a, I-a.

AMENDED ANALYSIS

This bill repeals the secondary offense provision of the child passenger restraint law and exempts drivers under 18 years of age from license suspension for a first offense.

Adopted.

Report adopted and ordered to third reading.

HB 616-FN-A, relative to providing tuition funds to students participating in private driver education courses from the driver training fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. George A. LaPorte for Transportation: This bill, as amended, allows students who pass a certified driver education course to be eligible for instate driver training funds. This bill creates a level playing field for 16 and 17 year olds who successfully complete a driver education course with a New Hampshire certified driver education school outside of the public school curriculum. The money for this is already available through RSA 263:52 *require that \$5.00 of every original license fee and \$25.00 vanity plate fee be used to fund the driver education program, including reimbursement.* The vanity plate fund does not have a "current" balance. At the end of each fiscal year any amount remaining in the vanity plate fund which exceeds the driver education program appropriation lapses to the general fund. In calendar year 1998, the Division of Motor Vehicles issued 12,045 licenses to drivers under 18. The current FY '00 budget will support reimbursements of 12,100 students, and the FY '01 budget will support the reimbursement of 12,700 students without the need for requesting an additional appropriation. In FY '98, \$34,000 lapsed to the general fund. This program is self-funding and current law. Vote 19-0.

Amendment (0737h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to providing funds to certified driver education courses from the driver training fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Driver Training Fund. Amend RSA 263:52, 1 to read as follows:

1. The proceeds from original license fees as provided in RSA 263:42 and \$5 from every special fee for vanity number plates collected in accordance with RSA 261:89, plus such additional portion of the \$25 special fee for vanity number plates or the renewal of the use of such plates as is needed to fully fund the driver training program for each fiscal year as determined by the general court pursuant to paragraph II, after costs of such plates or designation of effective periods thereof and issuance of same have been appropriated and deducted, shall be expended solely for courses of instruction and training in safe motor vehicle driving conducted in or under the supervision of secondary schools *or schools certified by the department of safety*. After all costs of administration of the program each year of the biennium have been reserved, the balance which is appropriated to the driver training program shall be paid to the state treasurer by June 30 of each year. Such balance shall be kept in a separate fund which shall be paid out on or before September 15 of each year to participating schools prorated on a per-pupil basis for those who have completed the driver education program[?] *under the supervision of secondary schools, and to students who have demonstrated to the satisfaction of the department of safety that they have successfully completed a driver education program in a school certified by the department of safety*. Subject to final approval by the governor and council, the commissioner of safety jointly with the commissioner of education shall adopt pursuant to RSA 541-A and publish rules governing the courses of instruction and training and determining eligibility of secondary schools *or schools certified by the department of safety* to receive moneys from the fund established by this section.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that moneys from the driver training fund shall be distributed to students of driver training schools certified by the department of safety, in addition to the state's secondary schools.

Adopted.

Rep. Packard yielded to questions.

Report adopted and referred to Finance.

RESOLUTION

Rep. Chandler offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, April 22, 1999 at 1:00 p.m.

Adopted.

LATE SESSION**Third reading and final passage**

HB 374, relative to the order of names on presidential primary election ballots.

HB 230, clarifying the waste reduction goals for the state of New Hampshire.

HB 519-L, requiring law enforcement agencies to adopt written policies regarding emergency responses and vehicular pursuits.

HB 94, relative to enforcement of the child passenger restraint law.

UNANIMOUS CONSENT

Rep. Eaton addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 11:45 a.m.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Henderson offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 740, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 740-FN-A-L, increasing the amount of district foundation aid. (Wendelboe, Belk 2: Finance)

RECESS

(Rep. MacGillivray in the Chair)

RESOLUTION

Rep. Martel offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 200 and 215, shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 200, relative to child care licensing procedures. (Children and Family Law)

SB 215, transferring certain responsibilities for shellfish harvesting and regulation. (Executive Departments and Administration)

SB 86, relative to enforcement of the collection and payment of county taxes by the county treasurer. (Municipal and County Government)
SB 135-FN, relative to water supply land protection grants. (Resources, Recreation and Development)
SB 141, relative to information not subject to the right-to-know law. (Judiciary)
SB 159, relative to early reduction of greenhouse gases. (Science, Technology and Energy)
SB 165, relative to the Uniform Trustees' Powers Act. (Judiciary)
SB 168, adopting a model statute included in the tobacco litigation master settlement agreement. (Judiciary)

SENATE MESSAGE

CONCURRENCE

HB 92, exempting permanently disabled veterans from the requirement of reestablishing their disability status for the division of motor vehicles every 4 years to prove eligibility for special license plates.
HB 218-L, reinstating the corporate charter of Approved Industries, Inc.
HB 244, relative to the corporate charter of the Laconia Airport Authority.
HB 250, relative to authorized regional enrollment area schools.
HB 288, relative to the committee to study land management, protection of farmland, rural character, environmental quality and sprawl.
HB 355, relative to the dredging of harbors and channels.
HB 490, enabling cities to permit the mayor to vote at city council meetings.
HCR 6, a resolution calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act.

RECESS

(Rep. Nordgren in the Chair)

RESOLUTION

Rep. Burling offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 741 shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.
Adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 741, relative to the ratio of apprentices to journeymen in trade or industry apprenticeship programs. (Clegg, Hills 23: Labor, Industrial and Rehabilitative Services)

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.
Adopted.

HOUSE JOURNAL No. 15

Thursday, April 22, 1999

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church.

In Your mercy, O God, give strength to the broken-hearted, give hope to the hopeless and faith to those whose faith is flagging during these difficult days in Colorado. And as for us, be generous with this same strength, hope and faith so that in both life and death we may recognize Your abundant mercy and grace in the midst of life's twists and turns. Amen.

Reps. Avery and Rabideau led the Pledge of Allegiance.

MOMENT OF SILENCE

Reps. Chandler and Burling moved that the House stand and observe a moment of silence in sympathy and respect for the people of Littleton, Colorado.
Unanimously adopted by a rising vote.

LEAVES OF ABSENCE

Reps. Courchesne, Paul Gagnon, Golden, Hansen, Hunter, McGolgan and Moriarty, the day, illness. Reps. Asplund, Bishop, Case, James McDonald, Schanda, Riley, Solow, Tsiros and Weatherspoon, the day, important business.

INTRODUCTION OF GUESTS

Rachel Sooter, Kailin Kroetz and Jennifer Roberts, granddaughters of Rep. Roberts. Former NH House Majority Leader Robert Wheeler, guest of the House. Carl Meinelt and Patrick McCaddey, guests of Rep. DiFruscia. Kaitlin and Kelsey Downing, daughters of Rep. Downing. Page Mendenhall, daughter of Rep. Mendenhall. Barbara Brewster, wife of Rep. Brewster. Nicole and Lisa Picconi, daughters of Rep. Picconi. Sally Chase, wife of Rep. Chase. Former NH Rep. Donald Welch, guest of Rep. Seldin.

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 207-FN-A, directing the office of state planning to conduct a study of the effects of sprawl in the state and making an appropriation therefor. (Amendment printed SJ 9, 3/25/99)

Rep. Hess moved that the House concur and spoke in favor.

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 80, 244, 249 and 250.

Rep. Ronald Nowe, Sen. Disnard, for the Committee

Without objection, the Speaker called for consideration of the committee report on House Bill 740.

COMMITTEE REPORT

HB 740-FN-A-L, increasing the amount of district foundation aid. **INEXPEDIENT TO LEGISLATE** Rep. Jeffrey C. MacGillivray for Finance: This bill proposes to address the Claremont issue by enacting a two-year interim solution of \$245 million of local aid per year under the existing foundation aid formula, and asking the Supreme Court for permission to use this interim solution for these two years, or until a permanent solution is adopted. The bill would only take effect if the Supreme Court allows the taxing system to fund public education in effect during the 1998 tax year to be in effect until the end of the 2000 tax year.

However, this bill does not solve the long-term issue. The sponsor has stated clearly that this bill is only an interim solution, which would be sent to the Court with a request that it be approved as an interim solution. This bill doesn't solve the problem, doesn't address adequacy, and doesn't equalize tax rates for any towns for any portion of educational spending. While it is conceivable that the Court might approve an interim solution as part of a complex permanent solution, the Committee finds it extremely unlikely that the Court which has denied an extension in the past would consent to any interim solution without a permanent solution attached. Vote 19-4. Rep. Wendelboe spoke against and yielded to questions. Reps. MacGillivray and Thulander spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Vivian Clark moved that *HB 740-FN-A-L*, increasing the amount of district foundation aid, be laid on the table. On a division vote, 134 member having voted in the affirmative and 231 in the negative, the motion failed. Report adopted.

REMOVED FROM THE TABLE

Reps. Chandler and Burling moved that *HB 117-FN-A-L*, relative to local property taxation and state aid to support an adequate public education and making an appropriation therefor, be removed from the table. Rep. Chandler requested a roll call; sufficiently seconded.

and the motion was adopted.

The question now being the pending question of Re-commit to Committee.

Rep. Chandler spoke against.

The motion failed.

Rep. Hess moved Ought to Pass with Amendment and offered a floor amendment (0926h).

Floor Amendment (0926h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor.

Amend the bill by replacing all after the enacting clause with the following:

1 Intent.

I.(a) The New Hampshire supreme court has ruled that the state has a duty to fund a constitutionally adequate education for public elementary and secondary pupils. The state has long relied upon a system of localized property taxation to fund education, a system to which many have become accustomed and about which economic forces have acquired settled expectations. The court, however, has said that such system for funding an adequate education violates the constitutional requirement that all taxes levied in the state be proportional and reasonable. A fiscal policy based upon property taxation, according to the court's interpretation, must be "equal in valuation and uniform in rate throughout the state." Acknowledging that reorganization of the revenue raising structure for public elementary and secondary education is now compelled, the general court chooses hereby to do so in a manner that is the least disruptive of settled economic expectation and social fabric of the community.

(b) By this act the general court establishes a fair taxation policy intended to preserve local control of public schools and retain the incentive for parental and local community participation in the education of the children of New Hampshire. Such involvement is essential to the maintenance of the quality of the state's educational institutions which have heretofore produced high scores on comparative measures of educational outcome. The general court recognizes that disparity exists among cities and towns relative to their ability to raise basic expenses of an adequate public education. Assistance, where required, must be supplied.

(c) The following are intended to carry out this legislative purpose:

(1) Impose a uniform state property tax at the lowest possible rate consistent with providing funding for educational adequacy throughout the state.

(2) Subsidize with state grants funded from a statewide services tax, utility property tax, and other sources, municipalities whose property base is insufficient to support an adequate education.

II.(a)(1) A statewide property tax levied at a uniform rate upon equalized property values is generally an equitable method for funding an adequate education. However, reorganizing the existing system will inevitably upset to some degree the delicate balance of social and economic forces at work in the state. A uniform state tax rate will increase property taxes in cities and towns with relatively higher property values. The immediate effect of such increase will be felt disproportionately by homeowners with limited means. The tax may also have a dramatic effect upon certain classes of property such as utility property. Utility property is highly susceptible to interjurisdictional assessment variation and exacerbates the disparity among municipalities. An additional potential problem is the specter of competitive underassessment among cities and towns as the effects of the statewide tax begin to be felt.

(2) In cities and towns with relatively higher property values, sharp increases in property taxes may cause business failure where fixed costs increase faster than the ability to recoup them. Commercial rental property owners may find themselves locked in by lease provisions that prevent them from recouping tax increases from tenants, resulting in reduced reinvestment in the property, and potential foreclosure or bankruptcy. Also substantial increases in property tax obligations may cause or permit lenders to foreclose on mortgage notes based on the decreased ability of the borrower to meet the income level required by the lender because of the higher total mortgage payment obligations. Tax capitalization which decreases property values may also cause foreclosures on otherwise performing loans because the regulated lending institution must call the loan to comply with rules and regulations.

(b) The following are intended to mitigate these consequences so far as is practicable:

(1) Stabilize valuation of utility property by removing it from the local base for purposes of educational adequacy funding and taxing such property at the state level for distribution through an educational fund.

(2) Forestall the possibility of interjurisdictional assessment variations by increasing the level of state oversight in the equalization process.

2 New Subparagraph; Education Trust Fund. Amend RSA 6:12, I by inserting after subparagraph (vvv) the following new subparagraph:

(www) Money received under 77-A, RSA 78, RSA 78-B, RSA 83-F, RSA 198:50, and from the sweepstakes fund, which shall be credited to the education trust fund under RSA 198:39.

3 Gender Reference Change. Amend the introductory paragraph of RSA 21-J:3 to read as follows:

In addition to the powers, duties, and functions otherwise vested by law, including RSA 21-G, in the commissioner of the department of revenue administration, ~~[he]~~ **the commissioner** shall:

4 Duties of Commissioner. Amend RSA 21-J:3. XIII to read as follows:

XIII. Equalize annually **by March 31** the valuation of the property in the several towns, cities, and unincorporated places in the state **including the value of property exempt pursuant to RSA 72:36-b, 72:37-b, 72:39-a, 72:62, 72:66, and 72:70** by adding to or deducting from the aggregate valuation of the property in towns, cities, and unincorporated places such sums as will bring such valuations to the true and market value of the property, including the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7; 72:15, I, V, VII, VIII, IX, X, and XI; 72:16; 72:17; 73:26; 73:27; and 73:11 through 16 inclusive, which were relieved from taxation by the laws of 1970, 5:3; 5:8; 57:12; and 57:15, the equalized valuation of which is to be determined by the amount of revenue returned in such year in accordance with RSA 31-A, and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes **or payments in lieu of taxes** as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. **In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.**

5 New Paragraph; Duties of Commissioner. Amend RSA 21-J:3 by inserting after paragraph XXIV the following new paragraph:

XXV. Petition the board of tax and land appeals to issue an order for reassessment of property pursuant to the board's powers under RSA 71-B:16 - 19 whenever the valuation of property for equalization purposes in a particular city, town, or unincorporated place is disproportional to the valuation for equalization purposes in other cities, towns, or unincorporated places in the state.

6 Division of Property Appraisal; Department of Revenue Administration. RSA 21-J:9 is repealed and reenacted to read as follows:

21-J:9 Division of Property Appraisal. There is established within the department the division of property appraisal, under the supervision of a classified director of property appraisal who shall be responsible for the following functions, in accordance with applicable laws:

I. Assisting and supervising municipalities and appraisers in appraisals and valuations as provided in RSA 21-J:10 and RSA 21-J:11.

II. Appraising state-owned forest and recreation land under RSA 227-H and RSA 216-A.

III. Annually determining the total equalized valuation of properties in the cities and towns and unincorporated places according to the requirements of RSA 21-J:9-a.

IV. Preparing a standard appraisal manual which may be used by assessing officials, and holding meetings throughout the state with such officials to instruct them in appraising property.

7 New Section; Equalization Procedure. Amend RSA 21-J by inserting after section 9 the following new section:

21-J:9-a Equalization Procedure. The following procedures shall apply in determining the equalization of property within the cities, towns, and unincorporated places as required by RSA 21-J:3, XIII:

I. The commissioner shall annually conduct a sales-assessment ratio study which shall include arm's length sales or transfers of property that occurred 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made.

II. In determining the arm's length sales or transfers that are included in the sales-assessment ratio study, the commissioner may use a randomly selected sample of such sales and transfers the size of which shall be determined by the total taxable parcels in the city, town, or unincorporated place.

III. If less than 2 percent of the total taxable parcels in a city, town, or unincorporated place has been transferred by an arm's length sale or transfer during the 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made or the commissioner determines the sales are unrepresentative of the property within the municipality, the commissioner may choose one or more of the following options in the order listed:

(a) Include appraisals of any of the taxable property of such city, town, or unincorporated place in the sales-assessment ratio study. Such appraisals shall be based on full and true market value pursuant to RSA 75:1 and shall be performed by department appraisers. The property to be appraised shall be selected by the commissioner.

(b) Include arm's length sales or transfers in the city, town, or unincorporated place, within 2-1/2 years preceding April 1 of the year preceding the tax year for which such equalization is made.

(c) Consider recent equalization ratio activity in adjoining cities, towns, or unincorporated places.

IV. The commissioner shall use the inventory of property transfers authorized by RSA 74:18 in determining the equalized value of property and may consider such other evidence as may be available to the commissioner on or before the time the final equalized value is determined.

8 Appraisals of Property for Ad Valorem Tax Purposes. RSA 21-J:11 is repealed and reenacted to read as follows:

21-J:11 Appraisals of Property For Ad Valorem Tax Purposes.

I. Every person, firm, or corporation intending to engage in the business of making appraisals on behalf of a municipality for tax assessment purposes in this state shall notify the commissioner of that intent in writing. No person, firm, or corporation engaged in the business of making appraisals of taxable property for municipalities and taxing districts shall enter into any contract or agreement with any town, city, or other governmental division without first submitting the proposed contract or agreement to the commissioner for examination and approval and submitting to the commissioner evidence of financial responsibility and professional capability of personnel to be employed under the contract.

II. The commissioner, at no expense to the municipality, shall monitor appraisals of property and supervise appraisers as follows:

(a) Assure that appraisals comply with all applicable statutes and rules;

(b) Assure that appraisers are complying with the terms of any appraisal contract;

(c) Review the accuracy of appraisals by inspection, evaluation, and testing, in whole or in part, of data collected by the appraisers; and

(d) Report to the governing body on the progress and quality of the municipality's appraisal process.

III. The commissioner shall adopt rules under RSA 541-A relative to the provisions required of all contracts for appraisal services and the methodology for inspection, evaluation, and testing of data for the purposes of appraisal monitoring.

9 New Paragraph; Reports Required. Amend RSA 21-J:34 by inserting after paragraph XIV the following new paragraph:

XV. A report filed by the assessing officials of each city, town, and unincorporated place shall certify sales-assessment information necessary for the department to conduct the annual sales-assessment ratio study required by RSA 21-J:9-a. This report shall be filed November 30 or 30 days after receipt from the department whichever is later. Municipalities which fail to timely file the report shall pay a penalty to the state in the amount of \$100 for each day that the report is not timely filed.

10 Revenue Sharing. Amend RSA 31-A:4, I to read as follows:

I. Its 1978 distribution under RSA 31-A plus its share under the equalized formula of an annual increase of 5 percent in the previous year's aggregate distribution, through the year 1981, excluding revenue derived from RSA 77-A:20. *The amount of money which is removed from the formula for deposit in the education trust fund shall not affect the remaining municipal revenue sharing distribution. The same amount distributed to each municipality in fiscal year 1998, excluding the amount apportioned to the school district in the 1998 property tax calculations, shall be distributed to each municipality in fiscal year 1999 and each year thereafter until the legislature revises the formula or provides additional appropriations that will affect the distribution amount.*

11 New Subdivision; Property Tax Transition Grant. Amend RSA 31-A by inserting after section 6 the following new subdivision:

Property Tax Transition Grant

31-A:7 Intent. The general court recognizes the obligations of municipal governments to provide necessary and desirable services to their citizens, including new or expanded programs, and hereby finds that to the extent that changes in state tax policy could have the effect of unduly limiting municipal governments in carrying out their obligations, it is appropriate to provide encouragement and support to those political subdivisions in the form of grants. The general court further recognizes that the hardships attendant to increased taxes that are placed on low income residents and those providing shelter and services to those citizens result in increased burdens on municipal governments in a number of ways including but not limited to difficulty or impossibility of funding new or expanded programs, fewer housing starts and rental property construction for people of modest means, and less disposable income being available to the elderly and poor, thereby creating a greater need for municipal assistance. Therefore, the general court finds it to be in the interest of the public weal to establish a property tax transition grant program to ameliorate, in part, such adverse consequences.

31-A:8 Definitions. In this subdivision:

- I. "Commissioner" means the commissioner of the department of revenue administration.
- II. "Municipality" means a city, town or unincorporated place.
- III. "Municipal per capita income" means per capita income as reported by the department of revenue administration for each New Hampshire municipality.
- IV. "State per capita income" means per capita income as reported by the department of revenue administration for the state of New Hampshire.

31-A:9 Determination of Transition Grant.

I. The commissioner on or before October 1 shall determine the amount of property tax transition grant for each municipality for the following fiscal year as follows:

- (a) Divide the municipal per capita income for a municipality by state per capita income.
- (b) Subtract 0.6 from the product in subparagraph (a);
- (c) If the result of the subtraction in subparagraph (b) results in an amount less than 0 substitute 0;
- (d) Divide the result of the calculation in subparagraph (c) by 4 and subtract the result from 1.0;
- (e)(i) If the municipality's weighted average daily membership in residence as defined in RSA 198:38, VII is greater than 9, multiply the result in subparagraph (d) by the amount of the municipality's excess education property tax payment determined pursuant to RSA 198:50, I; or
- (ii) If the municipality's weighted average daily membership in residence as defined in RSA 198:38, VI is less than 10, multiply the average of the result in subparagraph (d) for all municipalities whose weighted average daily membership in residence as defined in RSA 198:38, VII is greater than 9 by the amount of the municipality's excess education property tax payment determined pursuant to RSA 198:50, I.

II. The amount in subparagraph I(e) shall not exceed the amount of excess education property tax determined pursuant to RSA 198:50 for the municipality for the corresponding tax year.

31-A:10 Distribution. Upon certification to the state treasurer by the commissioner, distribution of the property tax transition grants determined in RSA 31-A:9 shall be made by the state treasurer from sums appropriated therefor from the general fund. For the fiscal year ending June 30, 2000, such distribution shall be made on June 15, 2000. For fiscal years ending after June 30, 2000, such distribution shall be made at the time or times other payments are returnable to the municipalities pursuant to this chapter.

31-A:11 Biennial Review. The legislature shall biennially review the circumstances of municipalities relative to the intent of this subdivision to determine the need for providing assistance to such municipalities and shall adjust the amounts provided herein as it deems prudent.

12 Board of Tax and Land Appeals; Authority. Amend RSA 71-B:5, II to read as follows:

II.(a) To hear and determine ~~any~~ appeals *by municipalities* relating to the ~~[equalization of valuation performed]~~ *equalized valuation of property determined* by the commissioner of revenue administration pursuant to RSA 21-J:3, XIII. Any ~~[town]~~ *municipality* aggrieved by ~~[an]~~ *its* equalized valuation as determined by the commissioner of revenue administration must appeal to the board in writing within ~~[30]~~ *20* days of ~~[the town's notification]~~ *notice* of ~~[the]~~ *its final* equalized valuation by the commissioner. *The board shall hear and make a final ruling on such appeal within 45 days of its receipt by the board. The board's decision on such appeal shall be final*

pending a decision by the supreme court. Such appeal shall be filed with the clerk of the supreme court within 20 days after the date the decision is mailed by the board to the municipality. The supreme court shall give any appeal under this section priority in the court calendar.

(b) Decisions by the supreme court on appeals made under subparagraph (a) that are issued prior to September 1 shall be used by the commissioner of revenue administration in determining the taxes to be raised by each municipality.

(c) Decisions by the supreme court on appeals made under subparagraph (a) that are issued after September 1 shall be used by the commissioner of revenue administration in determining the taxes to be raised in the tax year commencing April 1 of the second succeeding year. Any adjustments that need to be made to a municipality's tax rate based on a decision by the supreme court under this subparagraph shall be made by the commissioner of revenue administration in the tax year commencing April 1 of the succeeding year.

13 New Paragraph; Order for Reassessment. Amend RSA 71-B:16, IV to read as follows:

IV. When a complaint is filed with the board alleging that all of the taxable real estate or taxable property in a taxing district should be reassessed or newly assessed for any reason, provided that such complaint must be signed by at least 50 property taxpayers or 1/3 of the property taxpayers in the taxing district, whichever is less[-]; *or*

V. When the commissioner of revenue administration files a petition with it pursuant to RSA 21-J:3, XXV.

14 New Section; Inventory of Property Transfers. Amend RSA 74 by inserting after section 17 the following new section:

74:18 Inventory of Property Transfers.

I. In order to properly equalize the value of property under RSA 21-J:3, XIII, an inventory of property transfers shall be filed with the department of revenue administration and with the municipality where the property is located for each transfer of real estate or interest in real estate. Each form may include the following information:

(a) The buyer and seller's names and post transaction addresses and the name and address of a contact person if the buyer or seller is a trust or corporation.

(b) A description of the exact location of the property by town, street, and the assessor's map, lot, and block number.

(c) The acreage included in the sale.

(d) An accurate description of the property included in the sale, the neighborhood where the property is located, and the type and style of the property sold.

(e) The buyer's ownership interest in the property.

(f) The sale price, date of transfer, and the amount mortgaged.

(g) The description of the type of transfer that has taken place.

(h) The amount of personal property included in the sale price.

(i) Whether the property was previously occupied and whether the property will serve as the buyer's primary residence.

(j) The financing arrangements made to purchase the property to be answered at the option of the buyer.

(k) Whether any concessions were made in the sale.

(l) Whether the property was in current use.

(m) Whether land use taxes were considered in the sale.

(n) The buyer's dated signature certifying that the information indicated on the form is true.

II. The inventory of property transfers required by this section shall be filed with the department of revenue administration and with the municipality where the property is located by the purchaser, grantee, assignee, or transferee, no later than 30 days from the recording of the deed at the register of deeds or transfer of real estate, whichever is later. Persons required to file the inventory of property transfers who willfully fail to file or willfully make false statements on the forms shall be guilty of a violation.

III. No deed, recording a transfer of real estate or any interest in real estate, executed before October 1, 1995, shall be required to comply with this section.

IV. Failure to comply with this section shall not be construed to cloud title.

V. Any information provided to the department or the municipality pursuant to this section shall be exempt from the right-to-know law, RSA 91-A.

15 Education Property Tax. RSA 76:3 is repealed and reenacted to read as follows:

76:3 Education Property Tax. An annual education property tax at the uniform rate of \$8.00 on each \$1000 of the value of taxable property is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and RSA 83-F. On or before October 1 of the tax year the commissioner of revenue administration shall equalize the rate of taxation for each municipality, except municipalities which have undergone a total revaluation of taxable property within the prior year, by multiplying the uniform rate by the municipality's equalization ratio determined according to RSA 21-J:9-a.

16 What Taxes Assessed. Amend RSA 76:5 to read as follows:

76:5 What Taxes Assessed. The selectmen shall seasonably assess all state and county taxes for which they have the warrants of the [state] *commissioner of revenue administration* and county treasurers respectively; all taxes duly voted in their towns; and all school[, ~~schoolhouse,~~] and village district taxes authorized by law or by vote of any school or village district duly certified to them; and all sums required to be assessed by RSA 33.

17 Commissioner's Warrant. RSA 76:8 is repealed and reenacted to read as follows:

76:8 Commissioner's Warrant.

I. The commissioner of revenue administration shall annually calculate the proportion of education property tax to be raised by each municipality by multiplying the equalized uniform education property tax rate or full value rate in RSA 76:3 by the total assessed value of all taxable property in the municipality except property taxable under RSA 82 or RSA 83-F.

II. The commissioner shall issue a warrant under the commissioner's hand and official seal for the amount computed in paragraph I to the selectmen or assessors of each municipality at the time of the setting of the tax rate directing them to assess such sum and pay it to the municipality for the use of the school district or districts and, if there is an excess education tax payment due pursuant to RSA 198:50, directing them to assess the amount of the excess payment and pay it to the department of revenue administration for deposit in the education trust fund. Such sums shall be assessed at such times as may be prescribed for other taxes assessed by such selectmen or assessors of the municipality.

18 Commissioner's Report. RSA 76:9 is repealed and reenacted to read as follows:

76:9 Commissioner's Report. The commissioner of revenue administration shall report to the governor, the speaker of the house of representatives, the president of the senate, and the commissioner of education each year on or before October 1, a statement of the education property tax warrants to be issued for the tax year commencing April 1 of the succeeding year.

19 Information Required. Amend RSA 76:11-a, I to read as follows:

I. The tax bill which is sent to every person taxed, as provided in RSA 76:11, shall show the rate for municipal, [school] *local education, state education*, and county taxes separately, the assessed valuation of all lands and buildings for which said person is being taxed, and the right to apply in writing to the selectmen or assessors for an abatement of the tax assessed as provided under RSA 76:16. The department of revenue administration shall compute for each town and city the rates which are to appear on the tax bills and shall furnish the required information to the appropriate town or city.

20 Business Profits Tax; Rate Increased. Amend RSA 77-A:2 to read as follows:

77-A:2 Imposition of Tax. A tax is imposed at the rate of [7] 8 percent upon the taxable business profits of every business organization.

21 Business Profits Tax; New Section: Distribution. Amend RSA 77-A by inserting after section 20 the following new section:

77-A:20-a Distribution of Funds.

I. The commissioner shall determine the additional amounts of revenue produced by an increase of one percent in the rate of tax imposed by RSA 77-A:2 and the repeal of the credit for business enterprise taxes paid under RSA 77-A:5, X for each fiscal year and shall certify such amounts to the state treasurer by October 1 of that year for deposit in the education trust fund established by RSA 198:39.

II. The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by the increase in tax rate and the repeal of the credit for the next fiscal year and shall certify such amounts to the state treasurer for deposit in the education trust fund established by RSA 198:39. Such estimates shall be certified on June 1, September 1, December 1 and March 1 of each year.

22 New Section; Tobacco Tax. Amend RSA 78 by inserting after section 31 the following new section:

78:32 Distribution of Funds.

I. The commissioner shall determine the additional amount of revenue produced by any additional tax in excess of 37 cents for each package containing 20 cigarettes or at a rate proportional to such rate for packages containing more or less than 20 cigarettes, on all tobacco products sold at retail in this state imposed by RSA 78:7 and shall certify such amount to the state treasurer by October 1 of each year for deposit in the education trust fund established by RSA 198:39.

II. The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by such increase in tax rate for the next fiscal year and shall certify such amount to the state treasurer for deposit in the education trust fund established by RSA 198:39. Such estimates shall be certified on June 1, September 1, December 1 and March 1 of each year.

23 Transfer Tax; Rate. RSA 78-B:1, I(b) is repealed and reenacted to read as follows:

(b) The rate of the tax is \$.50 per \$100, or fractional part thereof, of the price or consideration for such sale, grant or transfer; except that where the price or consideration is \$4,000 or less there shall be a minimum tax of \$20. The tax imposed shall be computed to the nearest whole dollar.

24 Transfer Tax; Rate. RSA 78-B:1, I(b) is repealed and reenacted to read as follows:

(b) The rate of the tax is \$.75 per \$100, or fractional part thereof, of the price or consideration for such sale, grant or transfer; except that where the price or consideration is \$4,000 or less there shall be a minimum tax of \$20. The tax imposed shall be computed to the nearest whole dollar.

25 New Section; Transfer Tax; Distribution of Funds. Amend RSA 78-B by inserting after section 12 the following new section:

78-B:13 Distribution of Funds.

I. The commissioner shall determine the additional amounts of revenue produced by an increase of \$.25 per \$100 in the rate of tax imposed by RSA 78-B:1 for each fiscal year and shall certify such amounts to the state treasurer by October 1 of that year for deposit in the education trust fund established by RSA 198:39.

II. The commissioner shall make quarterly estimates of the amount of additional revenues that will be produced by the increase in tax rate for the next fiscal year and shall certify such amounts to the state treasurer for deposit in the education trust fund established by RSA 198:39. Such estimates shall be certified on June 1, September 1, December 1 and March 1 of each year.

26 New Chapter; Utility Property Tax. Amend RSA by inserting after chapter 83-E the following new chapter:

CHAPTER 83-F

UTILITY PROPERTY TAX

83-F:1 Definitions. In this chapter:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Department" means the department of revenue administration.

III. "Taxable period" means the period beginning April 1, and ending March 31 of the following year.

IV. "Utility property owner" means any person, partnership, limited liability company, association, corporation or other entity, their trustees or receivers appointed by any court, owning utility property.

V. "Utility property" means all real estate, buildings and structures, machinery, dynamos, apparatus, poles, wires, fixtures of all kinds and descriptions, and pipe lines located within New Hampshire employed in the generation, production, supply, distribution, transmission, or transportation of electric power or natural gas, crude petroleum and refined petroleum products or combinations thereof, water, or sewage subject to tax under RSA 72:6, 72:7 and 72:8; provided that no electric power fixtures which would otherwise be taxed under this chapter shall be taxed under this chapter if they are employed solely as an emergency source of electric power. "Utility property" shall not include:

(a) Water and air pollution control facilities exempt from local property taxation under RSA 72:12-a; and

(b) Any other property which is not subject to local property taxation.

83-F:2 Tax Imposed. For taxable periods beginning April 1, 1999, a tax is imposed upon the value of utility property at the rate of \$8.00 on each \$1000 of such value, to be assessed annually as of April 1, and every year thereafter, and paid in accordance with this chapter.

83-F:3 Determination of Value. On or before December 1 of the tax year, the commissioner shall determine the value of utility property for the purposes of this chapter by appraising such property at its full and true value. Notice of such determination shall be given to the taxpayer within 15 days of the commissioner's determination.

83-F:4 Persons Liable. The tax imposed by this chapter shall be assessed upon each person with an ownership interest in utility property, in the proportion that such person's ownership interest bears to the entirety of the ownership in the property.

83-F:5 Returns and Declarations.

I. On or before January 15 each year, each utility property owner shall file with the commissioner of revenue administration, on a form prescribed by the commissioner, a return based on the valuation for April 1 of the prior year. The return shall be accompanied by the payment of such amount as has not been prepaid in accordance with paragraph III of this section. If the return shows an additional amount to be due, such additional amount is due and payable at the time the return is filed. If such return shows an overpayment of the tax due, a credit against a subsequent payment or payments due, to the extent of the overpayment, shall be allowed.

II. On or before April 15 of each year, each utility property owner liable to pay the tax imposed by this chapter shall file with the department, on a form prescribed by the commissioner, a statement setting forth the amount of such person's ownership interest as of April 1. The statement shall include such additional information as the commissioner shall require and shall be signed by an authorized representative, subject to the pains and penalties of perjury.

III. For taxable periods ending before April 1, 2000, each utility property owner liable to pay the tax shall, in addition, file a declaration on or before July 1, 1999 of the estimated tax to be assessed as of April 1 in the current taxable period, based on the equalized value of utility property used in the department's equalization report for April 1, 1998 accompanied by payment of 1/3 of the estimated tax due. Additional payments of 1/3 of the estimated tax shall be made on September 15, 1999 and December 15, 1999.

IV. For taxable periods ending after March 31, 2000, at the time the statement required by paragraph II is filed, each person liable for the tax shall, in addition, file a declaration of the estimated tax to be assessed as of April 1 in the current taxable period, based on the tax assessed for the preceding taxable year, accompanied by payment of 1/4 of the estimated tax due. Additional payments of 1/4 of the estimated tax shall be made on June 15, September 15 and December 15.

V. As of June 1 of each year the principal owner of utility property shall file a list of the changes made to the utility property since the prior April 1. This statement shall include such additional information as the commissioner shall require and shall be signed by an authorized representative, subject to the pains and penalties of perjury.

VI. Taxes and estimated taxes not paid when due shall be subject to appropriate penalties and interest under RSA 21-J.

83-F:6 Records.

I. Every person liable for tax under RSA 83-F:4 shall:

(a) Keep such records as may be necessary to determine the amount of such person's liability under this chapter.

(b) Preserve such records for the period of at least 3 years or until any litigation or prosecution under this chapter is finally determined.

(c) Make such records available for inspection by the commissioner or authorized agents, upon demand, at reasonable times during regular business hours.

II. Whoever violates any of the provisions of this section shall be subject to the penalties imposed under RSA 21-J:39.

83-F:7 Administration.

I. The commissioner shall collect the taxes, interest, additions to tax and penalties imposed under this chapter. The commissioner shall determine the expense of administration of this chapter and shall certify and pay over to the state treasurer for deposit in the education trust fund established by RSA 198:39 the amount of remaining balance of the funds collected under this chapter after the expenses of administration have been deducted.

II. The commissioner is authorized to contract for the services of utility appraisers as needed for the proper administration of this chapter. Such contract expenses shall be deemed an expense of administration.

III. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to:

- (a) The administration of the tax imposed under RSA 83-F:2;
- (b) The valuation of utility property required under RSA 83-F:3; and
- (c) The recovery of any tax, interest on tax, or penalties imposed by this chapter.

IV. The commissioner may institute actions in the name of the state to recover any tax, interest on tax, additions to tax or the penalties imposed by this chapter.

V. In the collection of the tax imposed by this chapter, the commissioner may use all of the powers granted to tax collectors under RSA 80 for the collection of taxes. The commissioner shall also have all of the duties imposed upon the tax collectors by RSA 80 that are applicable to the commissioner. The provisions of RSA 80:26 shall apply to the sale of land for the payment of taxes due under this chapter, and the state treasurer is authorized to purchase the land for the state. If the state purchases the land, the state treasurer shall certify the purchase to the governor, and the governor shall draw a warrant for the purchase price out of any money in the treasury not otherwise appropriated.

83-F:8 Appeals. Utility property taxpayers aggrieved by the determination by the commissioner of the value of utility property pursuant to RSA 83-F:3 may appeal such valuation within 30 days of notification of such determination to the board of tax and land appeals or the superior court of the county in which the taxpayer resides or has a place of business. Appeals other than appeals of valuation shall be made according to the procedure and subject to the time limits provided for other taxes administered by the department under RSA 21-J.

83-F:9 Exemption from Local Taxation. Persons and property subject to taxation under this chapter shall not be subject to tax under RSA 76:3; provided, however, that nothing in this chapter shall be construed to exempt such persons or property from local school, municipal, district or county taxation under RSA 76.

27 Extent. Amend RSA 85:1 to read as follows:

85:1 Who May Issue. The state treasurer *or the commissioner of revenue administration*, and each county and town treasurer, may issue extents under their hands and seals respectively, in cases authorized by law, and such extents shall be deemed to be executions against the person and property.

28 Cooperative School Districts; Adequate Education Grants. Amend the introductory paragraph of RSA 195:7, I to read as follows:

I. If a cooperative school district was organized prior to July 1, 1963, during the first 5 years after the formation of a cooperative school district each preexisting district shall pay its share of all capital outlay costs and *all* operational costs *in excess of the amount determined necessary to provide an adequate education under RSA 198:42, I(a)* in accordance with either one of the following formulas as determined by a majority vote of the cooperative district meeting:

29 Cooperative School Districts; Adequate Education Grants. Amend RSA 195:14, I(b) to read as follows:

(b) The commissioner of revenue administration shall examine such certificates and delete any appropriations which appear not made in accordance with the law, and adjust any sum, in accordance with RSA 21-J:35, which may be used as a setoff against the amount appropriated when it appears to the commissioner of revenue administration such adjustment is in the best public interest. *The commissioner of revenue administration shall apply the total amount of all adequate education grants received pursuant to RSA 198:43.*

30 Cooperative School Districts; Adequate Education Grants. Amend RSA 195:18, III(e) to read as follows:

(e) The method of apportioning ~~the~~ *all* operating expenses *in excess of the amount determined necessary to provide an adequate education under RSA 198:42, I(a)*, of the cooperative school district among the several preexisting districts and the time and manner of payment of such shares. Home education pupils who do not receive services from the cooperative school district, except an evaluation pursuant to RSA 193-A:6, II shall not be included in the average daily membership relative to apportionment formulas.

31 Cooperative School Districts; Adequate Education Grants. Amend RSA 195:18, IX to read as follows:

IX. The organization meeting of a cooperative school district shall be called to order by the chairperson of the cooperative school district planning board, or by the clerk-treasurer thereof, who shall serve as temporary chairperson for the first order of business which shall be the election of a moderator and of a temporary clerk, by ballot, who shall be qualified voters of the district. From

and after the issuance of the certificate of formation by the board to the date of operating responsibility of the cooperative school district, such district shall have all the authority and powers of a regular school district for the purposes of incurring indebtedness, for the construction of school facilities and for such other functions as are necessary to obtain proper facilities for a complete program of education. When necessary in such interim, the school board of the cooperative school district is authorized to prepare a budget and call a special meeting of the voters of the district, which meeting shall have the same authority as an annual meeting, for the purpose of adopting the budget, making necessary appropriations, and borrowing money. Whenever the organization meeting is held on or before April 20 in any calendar year, no annual meeting need be held in such calendar year. Sums of money raised and appropriated at the organization meeting or any interim meeting prior to the first annual meeting shall be forthwith certified to the commissioner of revenue administration and the state department of education upon blanks prescribed and provided by the commissioner of revenue administration for the purpose, together with a certificate of estimated revenues, so far as known, and such other information as the commissioner of revenue administration may require. The commissioner of revenue administration shall examine such certificates and delete any appropriations which appear not made in accordance with the law, and adjust any sum which may be used as a setoff against the amount appropriated when it appears to the commissioner such adjustment is in the best public interest. ***The commissioner of revenue administration shall apply the total amount of all adequate education grants received pursuant to RSA 198:43, as a setoff against the amount appropriated.*** The commissioner of revenue administration shall certify to the state department of education the total amount of taxes to be raised for said cooperative school district and the state department of education shall determine the proportional share of said taxes to be borne by each preexisting school district and notify the commissioner of revenue administration of its determination. Upon certification by the commissioner of revenue administration the selectmen of each town shall seasonably assess the taxes as provided by law. The selectmen shall pay over to the treasurer of the cooperative district such portion of the sums so raised as may reasonably be required according to a schedule of payments needed for the year as prepared by the treasurer and approved by the cooperative school board, but no such payment shall be greater in percentage to the total sum to be raised by one local district than that of any other local district comprising such cooperative school district.

32 New Subdivisions; Education Trust Fund; Excess Tax Payment. Amend RSA 198 by inserting after section 37 the following new subdivisions:

Education Trust Fund

198:38 Definitions. In this subdivision:

I. "Adjusted per pupil adequate education cost" means the amount determined by the legislature as provided by RSA 198:41 adjusted by multiplying such sum by the total average daily membership in residence for the state and dividing the product of such multiplication by total weighted average daily membership in residence for the state.

II. "Adequate education grant" means the total amount of the annual grant calculated according to RSA 198:42 by the department and made to a municipality by the state from the education trust fund.

III. "Average daily membership in residence" means "average daily membership in residence" as defined in RSA 189:I-d, IV, except that no kindergarten pupil shall count as more than $\frac{1}{2}$ day attendance per calendar day.

IV. "Elementary pupil" means a pupil in grades kindergarten through 8.

V. "Municipality" means a city, town or unincorporated place.

VI. "School district" means "school district" as defined in RSA 194:1 or RSA 195:1.

VII. "Weighted average daily membership in residence" means average daily membership in residence adjusted for weighted pupils.

VIII. "Weighted pupil" means a resident pupil who has been assigned to one of the following classifications, based on the type of education the pupil received. The weights assigned to a high school pupil and to a high school pupil enrolled in a state approved vocational program reflect the differences in educational costs between these classifications when compared to the average current operating expenditure to educate a resident elementary pupil. The weights assigned to an educationally disabled child reflect the differences in education costs among the classifications of educationally disabled children when compared to the average current operating expenditure to

educate a resident pupil in grades kindergarten through 12 who is not educationally disabled and not a high school pupil enrolled in a state approved vocational program. The following classifications of pupils shall carry the following weights:

(a) An elementary pupil, not educationally disabled as defined in RSA 186-C:2, I, which shall include kindergarten pupils, 1.0;

(b) A high school pupil, not educationally disabled as defined in RSA 186-C:2, I and not enrolled in a state approved vocational program, 1.21;

(c) A high school pupil enrolled in a state approved vocational program, 2.01;

(d) An educationally disabled child as defined in RSA 186-C:2, I, in one of the following types of programs:

(1) In-district, placed within a self-contained special education classroom, 2.57;

(2) In-district, without placement in a self-contained special education classroom, 2.12;

(3) An out-of-district day placement, 7.08;

(4) A residential placement, 8.72;

(5) A pre-school day placement, 3.37;

(e) The weight of each pupil participating in the free and reduced school lunch program shall be the amount shown in subparagraphs (a)-(d), multiplied by 1.1.

198:39 Education Trust Fund Created. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute adequate education grants to municipalities pursuant to RSA 198:43. The state treasurer shall deposit into this fund immediately upon receipt:

I. Funds certified to the state treasurer by the commissioner of revenue administration pursuant to RSA 77-A:20-a, relative to business profits taxes.

II. Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 78:32, relative to tobacco taxes.

III. Funds certified to the state treasurer by the commissioner of revenue administration pursuant to RSA 78-B:13, relative to real estate transfer taxes.

IV. Funds collected and paid over to the state treasurer by the department of revenue administration pursuant to RSA 83-F:7, I, relative to the utility property tax.

V. The full amount of excess education property tax payments from the department of revenue administration pursuant to RSA 198:50.

VI. All moneys due the fund in accordance with RSA 284:21-j, relative to sweepstakes.

VII. Tobacco settlement funds.

VIII. The school portion of any revenue sharing funds distributed pursuant to RSA 31-A:4 which were apportioned to school districts in the property tax rate calculations in 1998.

IX. Any other moneys appropriated from the general fund.

198:40 Investment of Fund. The fund shall be nonlapsing. The treasurer shall invest that part of the fund which is not needed for immediate distribution in short-term interest-bearing investments. The income from these investments shall be returned to the fund.

198:41 Determination of Per Pupil Adequate Education Cost.

I. For the biennium beginning July 1, 1999, the cost shall be \$4,130.

II. For the biennium beginning July 1, 2001, and every biennium thereafter, the cost per pupil shall be established by the general court.

198:42 Determination of Adequate Education Grant.

I. The department of education shall determine the amount of the adequate education grant for each municipality as follows:

(a) Multiply the adjusted per pupil adequate education cost by the weighted average daily membership in residence for the municipality as reported on December 31 pursuant to RSA 198:46;

(b) Subtract the amount of the education property tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year.

II. The department shall determine the grant in paragraph I for each municipality by October 1 of each year for the state's fiscal year following.

198:43 Distribution Schedule of Adequate Education Grant. The adequate education grant determined in RSA 198:42 shall be distributed to each municipality from the education trust fund in 4 equal payments on July 1, September 1, January 1, and April 1 of each school year. The depart-

ment shall certify the amount of each grant to the state treasurer and direct the payment thereof to the municipality. Each municipality receiving a payment shall, within 10 days of receipt, pay the money over to the municipality's school district or districts.

198:44 Additional Education Expenditures. Nothing in this subdivision shall prevent school districts from adopting budgets which authorize expenditures in excess of those supported with funds from the education trust fund.

198:45 Maintenance of Local Control. Distributions under RSA 198:43 depend only on weighted average daily membership in residence and the per pupil adequacy cost amounts as determined in this subdivision and are independent of how the municipalities decide to spend the distributions or other funds they may raise for education. Municipalities may designate one or more school districts to directly receive their grants by filing a revocable notice of such designation with the state treasurer. Notwithstanding any other provision of law, nothing in this subdivision is intended in any way to limit or control how school districts operate or spend their budgets.

198:46 Duties of the Department of Education and the Board of Education.

I. The department of education shall on or before September 30, of each year, collect from the school districts final data concerning all aspects of student attendance for the school year ending June 30, of that year, necessary to establish the average daily membership, average daily membership in residence, and weighted average daily membership in residence, including the municipality of residence for each pupil for that year. The department of education shall submit a report by December 31 to the speaker of the house of representatives and the senate president to be used for purposes of determination by the legislature of the appropriation to the education trust fund. A copy of such report shall, at the same time, be given to the department of revenue administration.

II. The board of education shall adopt rules necessary for the proper administration of this subdivision.

198:47 Submission of Data by School Districts. Every school district shall submit all attendance information required by the department of education under this subdivision on or before September 30 of each year. A \$1,000 per day penalty shall be imposed on any school district that fails to submit attendance data in the time required by law unless waived for good cause by the commissioner of education. School districts penalized under this section shall not charge such penalty to the municipality or municipalities.

198:48 Legislative Oversight Committee.

I. An oversight committee shall be established consisting of:

- (a) The chairperson of the house education committee, or a designee.
- (b) The chairperson of the senate education committee, or a designee.
- (c) Three members of the house of representatives, appointed by the speaker of the house.
- (d) Three members of the senate, appointed by the senate president.
- (e) The chairperson of the house finance committee, or a designee.
- (f) The chairperson of the senate finance committee, or a designee.

II. The chair of the oversight committee shall rotate biennially between the chairperson of the house finance committee and the chairperson of the senate finance committee. The first chairperson shall be the chairperson of the house finance committee. A member shall only serve while a member of the general court. The members shall not be compensated but shall receive mileage at the legislative rate when carrying out their duties.

III. The oversight committee shall examine the goals, purposes, organization, operation, and financing of the state's program to provide a constitutionally adequate education, and it shall evaluate and make recommendations for the continued provisions and improvement of the program. Among the initial issues the committee shall consider and examine are:

- (a) The so-called "market basket" approach to determining the cost of an adequate education;
- (b) The appropriateness of a fixed or variable statewide property tax rate; and
- (c) Methods for accelerating the collection and reporting of average daily membership in residence data, and improving the accuracy of such data as it originates from the initial reporting source.

IV. The oversight committee shall review the development and implementation of the program to ensure that they are in accordance with legislative policy.

V. The oversight committee shall submit a report to the general court by November 1, of each odd-numbered year. Copies of the report shall be submitted to the governor, the senate finance and

education committees, the house finance and education committees, the department of education, the department of revenue administration and to any other individual or organization as the committee deems advisable.

Excess Tax Payment

198:49 Definition. In this subdivision "commissioner" means the commissioner of the department of revenue administration.

198:50 Excess Education Property Tax Payment.

I. Municipalities whose education property tax or education property tax plus adequate education grant exceeds the amount necessary to fund an adequate education determined by RSA 198:42, I(a) shall collect and remit such excess amount to the department of revenue administration on or before March 15, of the year following the close of the tax year in which the excess occurs.

II. The amount of such excess to be remitted shall not include any income derived from the investment of funds by the town treasurer under RSA 41:29. Any funds remaining after full payment of the excess tax required in paragraph I shall become available for the unrestricted use by the municipality.

III. The commissioner shall collect from the selectmen the excess tax and pay over to the state treasurer the amount of funds collected under this subdivision for deposit in the education trust fund established by RSA 198:39.

198:51 Rulemaking; Forms.

I. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the administration of this subdivision.

II. The commissioner shall approve and provide forms relative to the reporting and remitting of excess education property tax by municipalities.

33 Reference Change. Amend RSA 193:1, I(c) to read as follows:

(c) The relevant school district superintendent has excused a child from attendance because the child is physically or mentally unable to attend school, or has been temporarily excused upon the request of the parent for purposes agreed upon by the school authorities and the parent. Such excused absences shall not be permitted if they cause a serious adverse effect upon the student's educational progress. Students excused for such temporary absences may be claimed as full-time pupils for purposes of calculating state aid under RSA 186-C:18 and ~~[RSA 198:27-37]~~ **adequate education grants under RSA 198:42.**

34 Reimbursement Anticipation Notes; Version Effective Until July 1, 1999. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18, **and a municipality may incur debt in anticipation of reimbursement under RSA 198:43.** The governing body, after receiving authorization for borrowing from the legislative body, may elect to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification, prior to September 1, to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue.

35 Reimbursement Anticipation Notes; July 1, 1999 Version. Amend RSA 198:20-d to read as follows:

198:20-d Reimbursement Anticipation Notes. Notwithstanding any other provision of law to the contrary, a school district may incur debt in anticipation of reimbursement under RSA 186-C:18 **and a municipality may incur debt in anticipation of reimbursement under RSA 198:43.** The governing body, after notice and public hearing, may elect to borrow such funds and to recognize the proceeds of the borrowing as revenue for property tax rate setting purposes by providing written notification to the commissioner of the department of revenue administration stating the specific amount of borrowing to be recognized as revenue. Any borrowing under this section shall be exempt from the provisions of RSA 33, relative to debt limits.

36 Sweepstakes. RSA 284:21-j is repealed and reenacted to read as follows:

284:21-j Establishment. The state treasurer shall credit all moneys received from the sweepstakes commission, and interest received on such moneys, to a special fund from which the treasurer shall pay all expenses of the commission incident to the administration of this subdivision and RSA 287-E. Any balance left in such fund after such expenses are paid shall be deposited in the education trust fund established under RSA 198:39.

37 Transition. As of July 1, 1999, all funds, from any source derived, which would be distributed as foundation aid and any funds, from any source derived, which would be distributed as kindergarten aid shall be deposited in the education trust fund under RSA 198:39.

38 Tobacco Settlement Funds. For the fiscal year ending June 30, 2000, \$13,000,000 and for the fiscal year ending June 30, 2001, \$6,000,000 of funds received in each of those fiscal years by the state of New Hampshire as a result of the settlement in 1998 of litigation against tobacco companies shall be deposited in the education trust fund established in RSA 198:39. The governor is authorized to draw a warrant for said sums out of funds received by the state from settlement of the tobacco litigation.

39 Removing Reference to Foundation Aid. Amend RSA 198:21, V to read as follows:

V. No pupil counted by any school district for the purpose of calculating the amount of a grant to be paid pursuant to this section shall for the same school year by the same district be ~~[included in average daily membership for the purposes of foundation aid or]~~ counted for the purposes of grants pursuant to RSA 198:22.

40 Removing Reference to Foundation Aid. Amend RSA 198:22, V to read as follows:

V. No pupil counted by any school for the purpose of calculating the amount of a grant to be paid pursuant to this section shall for the same school year by the same district be ~~[included in average daily membership for the purposes of foundation aid or]~~ counted for the purpose of grants pursuant to RSA 198:21.

41 Payment in Lieu of Taxes. Amend RSA 227-H:17 to read as follows:

227-H:17 Payment in Lieu of Taxes. The commissioner of revenue administration shall adopt rules, pursuant to RSA 541-A, relative to forms for application to the commissioner of revenue administration for payment for lost taxes. ~~[In any year in which no state tax is levied,]~~ Any town in which national forest lands and land held by the state for operation and development as state forestland, as defined by the department for the purposes of this section, are situated, whether acquired by gift, devise, purchase, or in any other manner, may apply, by its selectmen, to the commissioner of revenue administration on forms provided by the commissioner, annually before September 1, for the payment of an amount not exceeding the taxes for all purposes which such town might have received from taxes on such lands in such year had such lands been taxable. In the event that the amount appropriated in any biennium shall be insufficient for the purposes under this section, then the towns entitled to benefits under this section shall be reimbursed proportionately, unless otherwise subsequently ordered by the legislature.

42 Franchise Tax; Reference to Credit for Taxes Paid. Amend RSA 83-C:2-a to read as follow:

83-C:2-a Credit for Business Enterprise Tax. The tax imposed under RSA 77-E shall be allowed as a credit against the taxes due under this chapter ~~[and shall be deemed to be taxes paid pursuant to this chapter for the purposes of RSA 77-A:5, I. To the extent the credit for taxes paid pursuant to RSA 77-E exceeds the taxes imposed under RSA 77-E and shall be allowed as a credit against the taxes due under RSA 77-A as provided by RSA 77-A:5, X].~~

43 Insurance; Premium Tax; Reference to Credit for Taxes Paid. Amend RSA 400-A:34-a to read as follows:

400-A:34-a Credit for Business Enterprise Tax. The tax imposed under RSA 77-E shall be allowed as a credit against the taxes due under this chapter ~~[and shall be deemed to be taxes paid pursuant to this chapter for the purposes of RSA 77-A:5, III. Any insurer subject to taxation under this chapter shall first apply such credits as provided in this section, and then pursuant to RSA 77-A:5, X].~~ The taxes paid pursuant to RSA 77-E by an individual member of a unitary business within the meaning of RSA 77-A:1, XIV shall be allowed as a credit against any other individual member's liability under this chapter. ~~[To the extent the credit for taxes paid pursuant to RSA 77-E exceeds the taxes imposed under this chapter, such excess shall be deemed to be taxes imposed under RSA 77-E and shall be allowed as a credit against the taxes due under RSA 77-A as provided by RSA 77-A:5, X.]~~

44 1999 Semi-annual Rate for Property Tax Payments.

1. Notwithstanding the provisions of RSA 76:15-a and RSA 76:15-b for the tax year beginning April 1, 1999, in municipalities liable for an excess statewide education property tax payment pursuant to RSA 198:50, the partial payment of taxes assessed shall be computed by taking the prior year's assessed valuation times $\frac{1}{2}$ of the previous year's municipal tax rate; $\frac{1}{2}$ of the previous year's county tax rate; $\frac{1}{2}$ of the previous year's local school tax rate; and adding thereto $\frac{1}{2}$ of the statewide education property tax rate which would collect the amount to be collected and remitted

for tax year 1999 under RSA 198:50, III, as determined by the department of revenue administration; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal in place of the prior year's valuation to compute the partial payment.

II. Notwithstanding the provisions of RSA 76:15-a and RSA 76:15-b for the tax year beginning April 1, 1999, in all other municipalities, the partial payment of taxes assessed shall be computed by taking the prior year's assessed valuation times $\frac{1}{2}$ of the previous year's municipal tax rate; $\frac{1}{2}$ of the previous year's county tax rate; $\frac{1}{2}$ of the previous year's local school tax rate deducting therefrom, if the municipality so chooses, $\frac{1}{2}$ of the rate which would collect the amount of the increase in state aid from fiscal year 1999 to fiscal year 2000 resulting from the adequate education grant under RSA 198:43 for the 1999 tax year as determined by the department of revenue administration; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal in place of the prior year's valuation to compute the partial payment.

III. In order to avoid a disproportionate semi-annual collection of taxes, the commissioner of revenue administration may, upon request of a municipality, approve the use of a different method to calculate that municipality's 1999 semi-annual property tax rate.

45 Special Transition Rules. The following special transition rules shall apply to the implementation of this act in the first fiscal year following enactment:

I. The commissioner of education shall use weighted average daily membership in residence as defined in RSA 198:38, VII established on or before June 30, 1998 in all calculations required by RSA 198:42, I.

II. For the school year 1999/2000, the adequate education grant determined in RSA 198:42 shall be distributed to each municipality from the education trust fund in 4 payments as follows:

(a) On July 1, 1999, and September 1, 1999, $\frac{1}{4}$ the total adequate education grant;

(b) On January 1, 2000 and April 1, 2000, $\frac{1}{4}$ the total adequate education grant. The department shall certify the amount of each grant to the state treasurer and direct the payment thereof to the municipality.

III. Notwithstanding any other provision of law, the commissioner of revenue administration shall for the April 1, 1999 tax year issue the warrants required by RSA 76:8 on or before 30 days after passage of this act.

IV. Notwithstanding any other provision of law, the commissioner of education shall determine the amount of the adequate education grant for each municipality pursuant to RSA 198:42 for the 1999/2000 school year on or before 30 days after the effective date of this section.

V. Notwithstanding the provisions of RSA 76:11-a, I, the governing body of any municipality may choose to combine the local and state education property tax rates on the tax bill.

VI Notwithstanding any other provision of law, for any taxpayer required to pay utility property tax directly to the state for deposit in the education trust fund pursuant to RSA 83-F, the selectmen or assessors shall abate the state education property tax amount shown on any tax bill sent to such taxpayer pursuant to RSA 76:11-a, I.

46 Position Established; Appropriations.

I. To carry out the financial and educational reporting requirements of this act, there is hereby established within the department of education a full-time temporary position of systems development specialist IV, labor grade 25, for the 15-month period ending June 30, 2000.

II. The sum of \$69,500 is hereby appropriated from the education trust fund created under RSA 198:39 for the fiscal year ending June 30, 2000 to the department of education to fund the position created in paragraph I, including salary, benefits, rent, supplies, and travel.

III. The sum of \$5,180,000 for the fiscal year ending June 30, 2000, is hereby appropriated to the department of revenue administration to reimburse municipalities for the increased administrative costs necessary to carry out the financial purposes of this act in accordance with part I, article 28-a of the New Hampshire constitution. The amount to be distributed to each municipality shall be determined according to the proportion of state property tax assessed by such municipality to the total state property tax assessed. Such amount shall be distributed on or before September 30, 1999. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

IV. The sum of \$2,000,000 for the biennium ending June 30, 2001, is hereby appropriated to the department of revenue administration to fund the costs necessary to implement this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

V. The sum of \$100,000 for the biennium ending June 30, 2001 is hereby appropriated from the education trust fund created under RSA 198:39 to the department of education to fund the costs necessary to upgrade school districts' computer systems to carry out the reporting responsibilities of this act.

VI. The sum of \$323,594,808 is hereby appropriated from the education trust fund created under RSA 198:39 to the department of education for each year of the biennium ending June 30, 2001 for the purpose of funding the requirements of RSA 198:43.

VII. It is the intent of the state to appropriate a sum certain to reimburse municipalities for the costs of additional hardware and software necessary to implement the provisions of this act.

47 Special Provision for Foundation Aid. Notwithstanding the repeal pursuant to section 51 of this act of RSA 198:27-37, relative to foundation aid and alternative foundation aid, the payment of foundation aid which would have been made in April 1999 pursuant to RSA 198:31 before such section was repealed, shall be calculated by the department of education and distributed to the recipients as if such repeal had not occurred.

48 Tax Equity and Efficiency Commission Established.

I. There is established a tax equity and efficiency commission to study issues relating to tax fairness and administrative implementation arising from the passage of this act which may be appropriate for further legislative action.

II. The commission shall consist of the following members:

(a) Five members of the house of representatives, appointed by the speaker of the house of representatives, at least one of whom shall be a member of the finance committee, at least one of whom shall be a member of the municipal and county government committee, at least one of whom shall be a member of the science, technology and energy committee and at least one of whom shall be a member of the education committee. The speaker of the house of representatives may appoint 3 other members, if deemed necessary, as alternates.

(b) Five members of the senate, appointed by the president of the senate.

(c) The governor, or designee.

(d) The commissioner of the department of revenue administration, or designee.

(e) The commissioner of the department of education, or designee.

(f) The state treasurer, or designee.

III. The commission members denominated in subparagraphs II(c) through (f) shall sit ex officio and shall not be entitled to vote on commission business.

IV. The commission shall study issues arising under this act relating to tax fairness and administrative implementation which may be appropriate for further legislative action. As part of its study, the commission shall consider:

(a) The most appropriate means for evaluating the following types of property for taxation purposes:

(1) Utility property.

(2) Railroad property.

(3) Nuclear station property.

(4) Property used to provide telecommunications services.

(b) The proper treatment of tax increment financing districts.

(c) A proposal for a property tax circuit breaker.

(d) Cost of administering a state property tax.

V. The members of the commission shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named senate member and shall be held within 30 days of the effective date of this section.

VI. The commission shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before December 31, 1999 and on or before March 31, 2000.

49 Applicability; Cigarette Tax. Any increase in the cigarette tax rate in RSA 78:7 over 37 cents adopted and enacted by any act of the 1999 general court shall apply to all persons licensed under

RSA 78:2. Such persons shall inventory all taxable tobacco products in their possession and file a report of such inventory with the department of revenue administration on a form prescribed by the commissioner within 20 days after the effective date of the tax rate increase. The tax rate increase shall apply to such inventory and the difference, if any, in the amount paid previously on such inventory and the current effective rate of tax shall be paid with the inventory form. The inventory form shall be treated as a tax return for the purpose of computing penalties under RSA 21-J.

50 Contingency; Constitutional Amendment; Reenactment of Laws.

I. If the voters of the state adopt an amendment to the New Hampshire Constitution, which constitutional amendment substantially relates to the role of the general court in determining the nature of and means for funding public education, then the provisions of this act except as provided in paragraphs II and III shall be without effect as of July 1 following such adoption, and the provisions of the Revised Statutes Annotated affected by this act shall be hereby reenacted as they were in effect on the day before this act became effective. Such reenactment shall not affect any other amendments to any statutory provisions adopted in any other act of the legislature which becomes law.

II. If the voters of the state adopt an amendment to the New Hampshire Constitution, which constitutional amendment substantially relates to the role of the general court in determining the nature of and means for funding public education, then the provisions of this act relative to the education property tax shall be without effect as of April 1 following such adoption, and the provisions of the Revised Statutes Annotated affected by this act shall be hereby reenacted as they were in effect on the day before this act became effective. Such reenactment shall not affect any other amendments to any statutory provisions adopted in any other act of the legislature which becomes law.

III. Notwithstanding the provisions of paragraph I, if a constitutional amendment is adopted pursuant to paragraph I the rate of the real estate transfer tax in RSA 78-B:1, I shall revert to the rate imposed by section 23 of this act, unless specifically amended or repealed by an act of the legislature.

IV. The director of legislative services, upon the proclamation of the adoption of the constitutional amendment pursuant to paragraph I, is hereby authorized to make changes to the Revised Statutes Annotated to conform the Revised Statutes Annotated pursuant to the provisions of paragraph I.

51 Repeal. The following are repealed:

I. RSA 77-A:5, X, relative to the credit against business profits taxes for business enterprise taxes paid.

II. RSA 77-E:13, relative to the application of the credit for business enterprise taxes against business profits taxes.

III. RSA 78:20, relative to the applicability of the tobacco tax.

IV. RSA 78-B:10-a, relative to the real estate transfer questionnaire.

V. RSA 21-J:3, XXIII, relative to the commissioner of revenue administration's duty to determine local per capita income for purposes of foundation aid.

VI. RSA 21-J:13, XI, relative to the form and content of the real estate transfer questionnaire.

VII. RSA 83-D, relative to the tax on nuclear station property.

VIII. RSA 194-B:11, VIII, relative to foundation aid in relation to charter and open enrollment schools.

IX. RSA 198:1-3, relative to required annual district property taxes.

X. RSA 198:15-i – RSA 198:15-q, relative to kindergarten incentive program, kindergarten aid and alternative kindergarten programs.

XI. RSA 198:27-37, relative to foundation aid and alternative foundation aid.

XII. 1998, 389:15, 16, and 17 relative to educational funding commitments and funding for local education betterment.

52 Effective Date.

I. Sections 20, 21, 42, 43 and paragraph I and II of section 51 of this act shall take effect July 1, 1999, and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 1999. In the case of any business enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 1999, the taxable period shall be deemed to have ended on June 30, 1999, for the purposes of this act.

II. Section 24, 49, and paragraph XII of section 51 of this act shall take effect July 1, 1999.

III. Section 34 of this act shall take effect July 1, 1999 at 12:01 a.m.

IV. Section 15 and paragraph VII of section 51 of this act shall take effect upon its passage, and shall apply to property taxes due for the tax year beginning April 1, 1999.

V. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a state education property tax at a uniform rate to provide support to communities for an adequate education, and establishes a dedicated trust fund, to be funded by revenues from a state utility property tax, a permanently increased real estate transfer tax, and other sources for the purpose of making distributions to municipalities with insufficient property base to raise adequate education funds on their own.

The bill repeals the nuclear station property tax, kindergarten aid and foundation aid and creates a property tax transition grant program in revenue sharing.

Reps. Hess, Konys and Bradley spoke in favor and yielded to questions.

Reps. Mirski, Sapareto, John Pratt, Weyler and Jacobson spoke against.

Reps. Wallin and Torressen spoke against and yielded to questions.

Reps. Clegg and Chandler spoke in favor.

Rep. Chandler requested a roll call; sufficiently seconded.

The question being the adoption of the Hess floor amendment (0926h).

and the Hess floor amendment (0926h) was adopted.

Rep. Boyce offered a floor amendment (0934h).

Floor Amendment (0934h)

Amend the bill by replacing section 47 with the following:

47 Special Provision for Foundation Aid. Notwithstanding the repeal pursuant to section 57 of this act of RSA 198:27-37, relative to foundation aid and alternative foundation aid, the payment of foundation aid which would have been made in April 1999 pursuant to RSA 198:31 before such section was repealed, shall be calculated by the department of education and distributed to the recipients as if such repeal had not occurred.

Amend the bill by inserting after section 50 the following and renumbering the original sections 51 and 52 to read as 59 and 60, respectively:

51 Business Profits Tax; Prospective Amendment of Rate. Amend RSA 77-A:2 to read as follows:

77-A:2 Imposition of Tax. A tax is imposed at the rate of [8] 7 percent upon the taxable business profits of every business organization.

52 Transfer Tax; Prospective Amendment of Rate. RSA 78-B:1, I(b) is repealed and reenacted to read as follows:

(b) The rate of the tax is \$.50 per \$100, or fractional part thereof, of the price or consideration for such sale, grant or transfer; except that where the price or consideration is \$4,000 or less there shall be a minimum tax of \$20. The tax imposed shall be computed to the nearest whole dollar.

53 Prospective Reenactment; Business Profits Tax; Credit for Business Enterprise Taxes. RSA 77-A:5, X is repealed and reenacted to read as follows:

X. Taxes paid pursuant to RSA 77-E. Such credit shall be applied in accordance with RSA 77-E:13. No amount of tax paid pursuant to RSA 77-E and used as a credit against the taxes due under RSA 83-C or RSA 400-A shall be allowed as a credit under this paragraph except as provided in RSA 83-C:2-a or RSA 400-A:34-a. Any unused portion of the credit allowed under this paragraph may be carried forward and allowed against the tax due under this chapter for 5 taxable periods from the taxable period in which the tax was paid.

54 Prospective Reenactment; Application of Credit for Business Enterprise Tax Against Business Profits Tax. RSA 77-E:13 is repealed and reenacted to read as follows:

77-E:13 Application of Credit for Business Enterprise Tax Against Business Profits Tax. If the business enterprise liable for taxes imposed by this chapter is a member of a unitary business within the meaning of RSA 77-A:1, XIV, then the entire amount of the taxes due under this chapter by the individual member of such unitary business shall be allowed as a credit pursuant to RSA 77-A:5, X, against such individual member's portion of the total tax liability of the unitary business under RSA 77-A. In the event that the individual member's credit exceeds such member's portion of the total tax liability of the unitary business, the excess of such credit shall be allowed as a credit against any other individual member's tax liability under RSA 77-A, provided such other member is also subject to the tax imposed by this chapter. The tax liability of an individual member of a unitary business under RSA 77-A shall be determined by the following steps:

I. Determine a combined nexus group denominator for the property, payroll and sales factors by adding the property, payroll and sales factor numerators of the individual members of the combined group subject to tax under RSA 77-A.

II. Determine an individual apportionment percentage for each member of the combined group subject to tax under RSA 77-A by dividing such member's individual New Hampshire property, payroll and sales factor numerators by the combined nexus group denominators determined in paragraph I.

III. Apply the individual apportionment percentage, determined in paragraph II, to business profits tax liability of the water's edge combined group as determined in accordance with the provisions of RSA 77-A.

55 Prospective Amendment; Franchise Tax; Reference to Credit for Taxes Paid. Amend RSA 83-C:2-a to read as follow:

83-C:2-a Credit for Business Enterprise Tax. The tax imposed under RSA 77-E shall be allowed as a credit against the taxes due under this chapter and shall be deemed to be taxes paid pursuant to this chapter for the purposes of RSA 77-A:5, I. To the extent the credit for taxes paid pursuant to RSA 77-E exceeds the taxes imposed under RSA 77-E and shall be allowed as a credit against the taxes due under RSA 77-A as provided by RSA 77-A:5, X.

56 Prospective Amendment; Insurance; Premium Tax; Reference to Credit for Taxes Paid. Amend RSA 400-A:34-a to read as follows:

400-A:34-a Credit for Business Enterprise Tax. The tax imposed under RSA 77-E shall be allowed as a credit against the taxes due under this chapter and shall be deemed to be taxes paid pursuant to this chapter for the purposes of RSA 77-A:5, III. Any insurer subject to taxation under this chapter shall first apply such credits as provided in this section, and then pursuant to RSA 77-A:5, X. The taxes paid pursuant to RSA 77-E by an individual member of a unitary business within the meaning of RSA 77-A:1, XIV shall be allowed as a credit against any other individual member's liability under this chapter. To the extent the credit for taxes paid pursuant to RSA 77-E exceeds the taxes imposed under this chapter, such excess shall be deemed to be taxes imposed under RSA 77-E and shall be allowed as a credit against the taxes due under RSA 77-A as provided by RSA 77-A:5, X.

57 Prospective Amendment; Sweepstakes. Amend RSA 284:21-j to read as follows:

284:21-j Establishment. The state treasurer shall credit all moneys received from the sweepstakes commission, and interest received on such moneys, to a special fund from which the treasurer shall pay all expenses of the commission incident to the administration of this subdivision and RSA 287-E. Any balance left in such fund after such expenses are paid shall be ~~deposited in the~~ for education ~~[trust fund established under RSA 198:39].~~

58 Prospective Repeals. The following are repealed:

- I. RSA 31-A:7-11, relative to property tax transition grant.
- II. RSA 76:3, relative to state education property tax.
- III. RSA 76:8-9, relative to commissioner of revenue administration property tax warrants.
- IV. RSA 77-A:20-a, relative to distribution of business profits tax revenues.
- V. RSA 78:32, relative to distribution of cigarette tax revenues.
- VI. RSA 83-F, relative to utility property tax.
- VII. RSA 198:38-51, relative to education trust fund, adequate education grants, and excess tax payments.

Amend the bill by replacing section 58 with the following:

60 Effective Date.

I. Sections 20, 21, 42, 43 and paragraph I and II of section 59 of this act shall take effect July 1, 1999, and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 1999. In the case of any business enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 1999, the taxable period shall be deemed to have ended on June 30, 1999, for the purposes of this act.

II. Section 24, 49, and paragraph XIV of section 59 of this act shall take effect July 1, 1999.

III. Section 34 of this act shall take effect July 1, 1999 at 12:01 a.m.

IV. Section 15 and paragraph VII of section 59 of this act shall take effect upon its passage, and shall apply to property taxes due for the tax year beginning April 1, 1999.

V. Sections 51, 53, 54, 55 and 56 of this act shall take effect July 1, 2001, and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 2001. In the case of any business enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 2001, the taxable period shall be deemed to have ended on June 30, 2001, for the purposes of this act.

VI. Sections 52, 55, and paragraphs IV, V, and VII of section 58 shall take effect July 1, 2001.

VII. Paragraphs I-III, and VI of section 58 shall take effect April 1, 2001.

VIII. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill creates a state education property tax at a uniform rate to provide support to communities for an adequate education, and establishes a dedicated trust fund, to be funded by revenues from a state utility property tax, a permanently increased real estate transfer tax, and other sources for the purpose of making distributions to municipalities with insufficient property base to raise adequate education funds on their own.

The bill repeals the nuclear station property tax, kindergarten aid and foundation aid and creates a property tax transition grant program in revenue sharing.

This bill also prospectively repeals the tax provisions and education trust fund provisions of the bill in 2001.

Rep. Boyce spoke in favor and yielded to questions.

Rep. Daniels spoke in favor.

Rep. L'Heureux requested a roll call; sufficiently seconded.

The question being the adoption of the Boyce floor amendment (0934h).

Ordered to third reading.

RECONSIDERATION

Reps. Chandler and Burling moved that the House reconsider its action whereby it ordered to third reading **HB 117**, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor.
Rep. Chandler spoke against.
Reconsideration failed.

SUSPENSION OF RULES

Reps. Chandler and Burling moved that the Rules be so far suspended as to permit third reading and final passage at the present time of **HB 117**, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor.
Adopted by the necessary two-thirds.

MOTION ON HB 117

Reps. Chandler and Burling moved that **HB 117**, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor, be read a third time and passed.
Adopted.

Third reading and final passage

HB 117, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor.

PROTESTS

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Langley requested that her protest be entered on the Journal.
I, Jane S. Langley, Rockingham District 24, file this protest at the passage of House Bill 117. I feel the action taken today, April 24, 1999, turns the Live Free or Die State of New Hampshire into a socialistic state.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Marple requested that his protest be entered on the Journal.
My understanding of RSA 21-G:16 Effect on Federal Law, states in pertinent part; "... shall not be construed or applied in any way which will prevent full compliance by the state, or any department, office, or agency thereof, with the requirements of any act of the Congress of the United States

or any regulation made thereunder by which federal aid or other federal assistance has been or hereafter is made available to this state, or any department, office, agency, or subdivision thereof;" Title 5 United States Code is an act of Congress Sec. 556 covers "Burden of Proof." Further, subparagraph (d) states; "Except as otherwise provided by statute, the proponent of a rule or order has the burden of proof."

A document that was hand delivered to the New Hampshire Supreme court on June 1, 1998, requested the both courts, legislative and supreme, (as both are identified in the document), to show proof of the jurisdiction that was being asserted. The accountability of both courts is mandated by Article 8 of the New Hampshire Bill of Rights! Failure to respond with proof of that which is being asserted, would appear to be a breach of oath of office as well as any contract of employment.

The state accepted "Goals 2000" education funding and the Supreme court records will show that they also have accepted "Federal Funding", hence there is compelling documentation to require both branches of government to obey the regulation that is cited in paragraph two, *supra* Article 6 of the New Hampshire Bill of Rights is the only positive law of which I am aware. If there has been an amendment to Article 6, or some legislation which somehow circumvents the reservation of right made by the people before they created the government; then please make such documentation available to me. Otherwise, this legislature has no jurisdiction in the funding of education. This is reserved to the people in Article 6, as my June 1, 1998 so documented.

The House clerk has stated that all protests, or dissent, pursuant to Part Two, Article 24, must be written and upon motion made at the time, then be entered on the journal.

Accordingly, should the action of this house at some future date, pass legislation purporting to provide funding for education without first proving it has jurisdiction, on the record, then you are instructed to notify the clerk that this document is my "written protest" and I shall make motion at such time that a funding proposal is adopted.

I hope that these two pages are specific enough to identify that the General Court has only the jurisdiction that the people enumerated to it in Part Two, Form of Government, Article 2, wherein such delegation of legislative authority is limited by the controlling language which is contained in Article 5, to-wit; "so as the same be not repugnant or contrary to this constitution;" not once, but twice! It would appear that our founding fathers repeated the limiting clause for emphasis.

This legislature can not usurp the peoples reserved; "Right of electing their own teachers, and of contracting with them for their support or maintenance or both"; as clearly enumerated in Article 6, Bill of Rights. If the legislature is intent in wresting the control of school funding from the people, then it must follow the constitutional procedure for amending the same and place Article 6 upon the ballot for repeal by the people! Until such repeal is made by the people, this legislature has no jurisdiction! It may make a gift of funds as a benefaction of law, but it has no duty enumerated to it for control and mandated funding of teachers.

I look forward to any documentation that will prove that the actions being contemplated are in the best interests of the people but I fear none will be forthcoming.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Sabella requested that her protest be entered on the Journal.

I, Norma A. Sabella, Rockingham District 13, register a protest on House Bill 117 because I feel the legislation is unconstitutional.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 293, relative to the definition of "party" for election purposes, removed by Rep. Brewster.

HB 389, relative to procedures for apportioning state representatives among counties and among legislative districts, removed by Rep. MacGillivray.

HB 458, relative to voter qualifications, removed by Rep. Clegg.

HB 646-FN, relative to the vesting period for New Hampshire retirement system benefits, removed by Rep. Mirski.

Consent Calendar adopted.

HB 438, relative to certain changes to the membership of the advisory committee on child care.
OUGHT TO PASS WITH AMENDMENT

Rep. Anne C. Grassie for Children and Family Law: This bill re-names the Child Care Advisory Committee to the Child Care Advisory Council. It corrects the names of groups that participate and re-clarifies the voting and non-voting membership. It also removes the necessity of having a co-chair person from the Department of Health and Human Services. We learned that was the only advisory board that has as a chair a member of the group it advises. The purpose of HB 438 is to allow the Child Care Advisory Council to become more effective and efficient in its operation. We have the support of the DHHS. No funding is required. Vote 16-0.

Amendment (0689h)

Amend the bill by replacing all after the enacting clause with the following:

I Advisory Committee on Child Care; Membership and Duties Amended. RSA 126-A:17 is repealed and reenacted to read as follows:

126-A:17 Advisory Council on Child Care.

I. There is established an advisory council on child care in New Hampshire consisting of voting and nonvoting members listed in paragraphs II and III.

II. The advisory council shall consist of the following voting members:

- (a) One member of the house of representatives, appointed by the speaker of the house.
- (b) One member of the senate, appointed by the president of the senate.
- (c) The president of the New Hampshire Child Care Association, or designee.
- (d) The president of the New Hampshire Family Child Care Association, or designee.
- (e) One individual representing the interests of school age child care, appointed by Plus Time

NH.

(f) The president of the New Hampshire Child Care Resource and Referral Network, or designee.

(g) The president of the New Hampshire Association for the Education of Young Children, or designee.

(h) The president of the New Hampshire American Academy of Pediatrics, or designee.

(i) The chair of the New Hampshire Head Start Directors Association, or designee.

(j) One individual representing the concerns of the business community relative to child care services, appointed by the Business and Industry Association.

(k) Three individuals who are consumers of child care services, appointed by the governor. To the extent possible, economic, cultural, and geographical diversity shall be maintained among these at-large appointees, with one residing in a city, one residing in a town with a population in excess of 5,000 persons, and one residing in a town with fewer than 5,000 persons. One consumer appointee shall have a child with a disability who attends a child care program.

(l) One representative of New Hampshire early childhood education programs, appointed by the commissioner of the New Hampshire regional community-technical college system.

(m) One representative of the university system of New Hampshire whose area of expertise is early childhood education, appointed by the chancellor of the university system of New Hampshire.

(n) One representative of the department of education, appointed by the commissioner of education. The representative shall have nonvoting status for votes pertaining to the department of education matters.

III. The advisory council shall consist of the following nonvoting members:

(a) Representatives from the department of health and human services, appointed by the commissioner of health and human services. One of the representatives shall be the administrator of the child development bureau. Additional representatives from the child development bureau shall be included. Other representatives from the department shall include, but not be limited to individuals with expertise in child care licensing, maternal and child health, behavioral health, developmental disability services, child care subsidies, Head Start, and Temporary Assistance for Needy Families.

(b) Any number of additional non-voting members appointed by a majority vote of the voting members. The purpose of this provision is to permit the council to seek out and recognize persons with expertise and experience in the field of child care who may make significant contributions to the work of the council in specific policy areas.

IV.(a) The term of office for each member appointed under subparagraphs II(j) through (n) shall be 3 years, or until a successor is appointed and qualified in the case of a vacancy. The term of office for all other members shall be coterminous with the term of office for the position that qualifies that member to serve on the advisory council. A vacancy shall be filled in the same manner, but only for the unexpired term.

(b) The advisory council shall meet at least quarterly, and may meet more often at the call of the chair, or at the request of a majority of the members directed to the chair. The council may, by majority vote of the voting members, adopt additional bylaws as deemed necessary by the council.

(c) The council shall, at its annual meeting, elect one voting member to serve as chair for a one year term, or until a successor is elected and qualified.

(d) No member shall receive any compensation for serving on the council, provided that the legislative members shall receive legislative mileage when in performance of their duties and the consumer members may receive compensation dependent upon the availability of funds, other than from the general fund.

V. The duties of the council shall include, but not be limited to:

(a) Developing a 5-year state plan of recommended improvements of child care services in the state of New Hampshire, copies to be sent to the speaker of the house, the president of the senate, and the governor.

(b) Submitting an annual progress report of the council's 5-year state plan to the speaker of the house, the president of the senate, and the governor.

(c) Reviewing and making recommendations regarding federal plan submissions and proposed legislative changes to facilitate the development and provision of quality child care services in the state of New Hampshire.

(d) Acting as a forum to receive information from child care professionals, educators, providers, consumers, government agencies, and the business community relating to the provision of child care services in the state of New Hampshire.

(e) Advising the commissioner of health and human services on any issue related to child care in New Hampshire.

(f) Informing and communicating with the commissioner of education on any issue related to child care in New Hampshire.

(g) Informing and communicating with the governor on any issue related to child care in New Hampshire.

VI. The duties of the department of health and human services shall include, but not be limited to:

(a) Informing the advisory council, in a timely manner, any proposed legislation and any proposed changes to administrative rules relating to the provision of quality child care.

(b) Informing the advisory council, at least twice annually, on matters regarding:

(1) Federal and child care revenues and expenditures.

(2) Financial reporting and statistics related to child care subsidies.

(3) The status of other federal and state child care grants.

(4) Information on consumer and provider utilization and availability.

VII. The department of health and human services shall continue to provide administrative support to the advisory council.

VIII. The council is the advisory body for the federally-funded Child Care Development Fund. The advisory council may serve as an advisory body when required for state participation in or may coordinate with other federally-funded child care programs granted to the state of New Hampshire.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 717-FN-A, establishing a child care incentive program for training child care workers, and making an appropriation therefor. RE-REFER TO COMMITTEE

Rep. Barbara Hull Richardson for Children and Family Law: This bill offers state-funded loans to individuals pursuing college level courses leading to a certificate or associate degree in early childhood education. The high turnover rate of child care workers is very difficult for young children who spend most of their waking hours in day care. This incentive program would be an inducement for retention of these important caregivers. The committee feels this bill needs further work and therefore voted to re-refer. Vote 12-0.

HB 726-FN, relative to the credentialing of personnel in early care and education programs. **OUGHT TO PASS**

Rep. Mary Stuart Gile for Children and Family Law: This bill enables the Department of Health and Human Services to accept applications and fees for the issuance of a certificate requested by individuals who have met the education and training requirements set forth by the department in the NH child care program licensing rules. The bill also establishes an early care and education personnel fund for the purpose of administering the credentialing process. Vote 11-1. Referred to Finance.

SB 65, establishing a study committee to review field activities conducted by the department of health and human services relative to children, youth and families. **OUGHT TO PASS**

Rep. Thomas I. Arnold, Jr. for Children and Family Law: This bill establishes a study committee to review and examine the policies and procedures now employed by the Department of Health and Human Services relative to field activities conducted in regards to children, youth, families. Issues such as privacy and confidentiality will also be examined. Vote 12-0.

SB 130, establishing a committee to study issues regarding procedures and standards for selection and supervision of court-appointed guardians ad litem. **OUGHT TO PASS**

Rep. Mary Stuart Gile for Children and Family Law: Guardians ad litem (GAL) are appointed by the court, in marital disputes to assess what is in the best interest of children involved and make recommendations accordingly. Testimony presently indicated that the current system is disconnected and there is no standard protocol for GALs to follow. Training, accountability and evaluation requirements vary greatly. The committee agreed that the GAL position and responsibilities are critical to ensuring the well-being of children experiencing serious family problems and recommend passage of this study bill. Vote 12-0.

HB 287, relative to nursing home care services. **INEXPEDIENT TO LEGISLATE**

Rep. Keith R. Herman for Commerce: This bill would require all health insurance companies to contract with any resident care facility for short-term nursing care. Since the demographics of those needing short-term nursing care are mostly Medicare eligible individuals, this bill would have little impact because Medicare rules and regulations are determined by the federal government, not the state. An amendment was offered to require health plans to contract with facilities that meet certain credentialing standards. All facilities can now meet these standards if they choose, so this proposed amendment would also have limited impact. The sponsor agreed that the committee's actions are justified. Vote 15-1.

HB 322, relative to funds exchanged at real estate closings. **OUGHT TO PASS WITH AMENDMENT**

Rep. Dennis P. Vachon for Commerce: The bill, as amended, sets the standard for what is required by lenders to qualify as "good funds" for funding loans secured by real estate at real estate closings. The original bill only provided a limited number of forms of funds, which were allowable. Vote 15-3.

Amendment (0744h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to funds provided by a mortgage at real estate closings.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; First Mortgage Home Loans; Compliance With Provisions Regarding Funding of Loans at Real Estate Closings. Amend RSA 397-A by inserting after section 14-a the following new section:

397-A:14-b Compliance With Requirements for Funding of Loans at Real Estate Closings. A licensee shall comply with the provisions of RSA 477:52 relative to requirements for the funding of loans at real estate closings.

2 New Section; Second Mortgage Home Loans; Compliance With Provisions Regarding Funding of Loans at Real Estate Closings. Amend RSA 398-A by inserting after section 9 the following new section:

398-A:9-a Compliance With Requirements for Funding of Loans at Real Estate Closings. A licensee shall comply with the provisions of RSA 477:52 relative to requirements for the funding of loans at real estate closings.

3 New Subdivision; Funding of Loans at Real Estate Closings. Amend RSA 477 by inserting after section 51 the following new subdivision:

Funding of Loans at Real Estate Closings

477:52 Funding of Loans at Real Estate Closings. The funds provided by a mortgagee to fund a loan secured by real estate at a real estate closing shall be in the form of:

I. Cash;

II. Wired funds or electronic transfer;

III. Certified check;

IV. Checks issued by a governmental entity or instrumentality;

V. Any transfer of funds by check or otherwise that are finally collected and unconditionally available to the settlement agent;

VI. Checks or other drafts drawn by a state-chartered or federally-chartered financial institution;

VII. Checks or other drafts drawn by a state-chartered or federally-chartered credit union;

VIII. Checks issued by an insurance company licensed and regulated by the department of insurance; or

IX. Cashier's check, teller's check, or treasurer's check.

4 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires funds provided by a mortgagee to fund a loan secured by real estate at a real estate closing to be in certain forms.

HB 267-FN-L, abolishing county departments of corrections and authorizing the department of corrections to contract with the counties to utilize the former county correctional facilities as state facilities. **INEXPEDIENT TO LEGISLATE**

Rep. David A. Welch for Criminal Justice and Public Safety: This bill would abolish the county houses of corrections which are used to house those convicted of crimes whose punishments are one year or less and the county jails where those awaiting trial are housed pending bail or release. There were no study results showing a savings nor were there any benefits stated that could be evaluated. The various county jails provide a service to their respective communities that would be difficult for the state to emulate. Currently the state prison houses some of its inmates at several county facilities and the county has its inmates at the state prison for a variety of reasons, most often because they may be a discipline problem or for the inmate's protection. All county jail/houses of corrections have local work programs and provide several programs to attempt to rehabilitate the inmates. The inmate work programs provide direct restitution to the communities and the work release programs ordered by the court allow families of incarcerated inmates to stay off the welfare rolls plus allowing restitution to the community through paying room and board to the county. Each county has programs unique to its demographic and geographic location. The county jail/houses of corrections have done a good job and the level of co-operation between the state prison and county system is very supportive of a small state's corrections system and the committee felt it should continue to be so. The committee could find no reason for this bill to be anything but inexpedient to legislate Vote 17-0.

HB 631-FN, authorizing the department of safety to issue photographic identification cards to persons required to have criminal background checks for employment or other lawful purposes. **RE-REFER TO COMMITTEE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: The original purpose of this bill was to establish a "Photo ID" system for all persons who are required by law to undergo a criminal record background check. According to the NH State Police, there are two different categories of criminal background checks. The first category is an inquiry of name and date of birth for the purpose of a criminal investigation of a criminal justice employee. This inquiry is made by a criminal justice agency and applies to sheriff's bailiffs pursuant to RSA 104:5, IV. The second category is an employee applicant fingerprint card submission to the FBI. The employee's fingerprints are sent to Washington. This second category applies to school employees pursuant to RSA 189:13-a, Health and Human Services staff who have regular contact with children pursuant to RSA 126-A:5 and persons who apply for permits to operate hazardous waste facilities pursuant to RSA 147-A:4. The department stated that there is no overlap between these two categories. On the Federal Level, the Brady check is an inquiry of name and date of birth. This entails review of National Instant Criminal

Background Check System (NICS) records. If the sale of firearms is challenged, the person's fingerprints are sent to the FBI. It was determined that if such an ID card is desirable, it will require some extra time to determine how it should be obtained and how long the card would be in effect. Obviously if the holder of such a card committed an offense, the card would be revoked much like a driver license is revoked. The committee voted to further study this matter Vote 12-0.

HB 577, relative to the power of a school district to expend catastrophic special education funds. OUGHT TO PASS WITH AMENDMENT

Rep. Robert E. McKinley for Education: This bill authorizes a school district to borrow and spend funds that exceed the catastrophic aid costs that were anticipated prior to the adoption of the school districts budget. Under the existing municipal budget law, their unanticipated costs must come from other programs within the district, sometimes causing severe restrictions and hardships within the district. This bill corrects this problem. The amendment exempts certain unexpected catastrophic special education expenses from the municipal budget law. Vote 21-0.

Amendment (0759h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the power of a school district to expend catastrophic special education funds and relative to the exemption of certain unexpected catastrophic special education expenses from the provisions of the municipal budget law.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as section 4:

3 New Paragraph; Special Education; Catastrophic Aid Expenses. Amend RSA 186-C:18 by inserting after paragraph IX the following new paragraph:

X. Unexpected catastrophic special education costs incurred by a school district that could not be identified prior to the adoption of the local district budget shall be exempt from the provisions of RSA 32:8, 32:9, 32:10, and 32:11, III.

Amend the bill by replacing section 4 with the following:

4 Effective Date.

I. Section 2 of this act shall take effect at 12:01 a.m. on July 1, 1999.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill authorizes a school district to expend funds reflecting the total catastrophic special education costs for pupils in the district and provides that certain unexpected catastrophic special education expenses which could not be identified or anticipated prior to the adoption of the school district budget shall be exempt from the provisions of the municipal budget law.

Referred to Finance.

HB 648-FN, relative to a sludge testing program. RE-REFER TO COMMITTEE

Rep. Derek Owen for Environment and Agriculture: There was a unanimous vote in favor to refer this bill to the Committee pending final action on SB 195, which deals with related subjects. Vote 14-0.

HB 535, establishing a committee to study the creation of a department of natural resources. OUGHT TO PASS WITH AMENDMENT

Rep. Howard C. Dickinson for Executive Departments and Administration: This bill, as amended, sets up a legislative committee to study the Department of Resources and Economic Development (DRED) with attention given to the integrated functioning of the different entities within the Department of Resources and Economic Development. This department provides a balance between tourism, commerce, and economic development, and the natural, scenic, historic and recreational resources of the state. A study of this unique relationship has not been conducted since the "Sunset" program in the mid 1980's. Vote 13-0.

Amendment (0794h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the department of resources and economic development.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The general court acknowledges its responsibility for the conservation, stewardship, and management of the state's natural, scenic, historic, and recreational resources and for ensuring that these responsibilities are carried out appropriately and efficiently within the department of resources and economic development. In addition, the general court wishes to further the integrated functioning of those different entities within the department of resources and economic development which provide a balance between tourism, commerce, and economic development and the natural, scenic, historic, and recreational resources of the state.

2 Committee Established. There is established a committee to study the organization and function of the department of resources and economic development.

3 Membership and Mileage.

1. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house. The representatives who are appointed shall include one member of the executive departments and administration committee, one member of the resources, recreation, and development committee, and one member of the commerce committee.

(b) Three members of the senate, appointed by the president of the senate. The senators who are appointed shall include one member of the energy and economic development committee, one member of the environment committee, and one member of the executive departments and administration committee.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The committee shall:

I. Review all current functions of the department of resources and economic development. The committee may utilize the assistance of the legislative budget assistant and may ask the fiscal committee to request a performance audit of the department of resources and economic development and any divisions or bureaus thereof. All state agencies shall assist the study committee upon request. This assistance shall include economic, budget, and spending information as it relates to the different functions of the department of resources and economic development. The committee shall also be encouraged to utilize the assistance and expertise of state business, conservation, preservation, environmental, and tourism groups as part of this study.

II. Study ways to ease the development pressures facing state recreational facilities.

III Explore possibilities for the adoption of a new revenue source to fund the state park system and tourism activities.

IV. Make recommendations indicating ways to further the integrated functioning of those different entities within the department of resources and economic development which provide a balance between tourism, commerce, and economic development and the natural, scenic, historic, and recreational resources of the state.

V. Consider factors including, but not limited to, economic and environmental concerns, biodiversity, tourism, and the probable fiscal impact resulting if its recommendations are put into effect.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 30 days of the effective date of this section. Four members of the committee shall constitute a quorum.

6 Report. The committee shall make an interim report of its findings relative to the duties set forth in this act to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999. The committee shall make a final report of its recommendations to the speaker of the house of representative, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2000.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the organization and function of the department of resources and economic development and make recommendations toward improving the integrated functioning of the various entities within the department.

HB 736, ratifying the 1999 Allenstown annual town meeting. **OUGHT TO PASS**

Rep. Robert W. Brundige for Municipal and County Government: This bill ratifies all acts, votes, notices, and proceedings of the first and second sessions of the 1999 Allenstown annual town meeting because the warrant was mistakenly posted one day later than required. Vote 16-0.

HB 463-L, relative to local regulation of junk yards. **OUGHT TO PASS WITH AMENDMENT**
Rep. Charles W. Morse for Public Works and Highways: This bill gives towns jurisdiction to regulate junk yards within 1000 feet of certain national and state highways. The New Hampshire Municipal Association strongly supported the bill to extend communities' interest in regulating junk yards along the highway system. The committee worked with the sponsor to amend the bill to satisfy the concerns raised by the Department of Transportation regarding a technicality in terminology by changes in the Federal Intermodal Surface Transportation Efficiency Act (ISTEA) legislation in road classification, i.e., creating a problem in enforcement of signage along the state's highways. The committee unanimously supported the bill as amended. Vote 19-0.

Amendment (0553h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to local regulation of junk yards and altering the definition of federal aid primary system for purposes of the laws regarding highway regulations, protection and control regulations.

Amend the bill by replacing all after section 1 with the following:

2 Junk Yards; Local Control. Amend RSA 236:111 to read as follows:

236:111 Purposes. This subdivision is adopted under the police power of the state to conserve and safeguard the public safety, health, morals, and welfare, and to further the economic growth and stability of the people of the state through encouragement to the development of the tourist industry within the state. A clean, wholesome, attractive environment is declared to be of importance to the health and safety of the inhabitants and the safeguarding of their material rights against unwarrantable invasion. In addition, such an environment is considered essential to the maintenance and continued development of the tourist and recreational industry which is hereby declared to be of significant and proven importance to the economy of the state and the general welfare of its citizens. At the same time, it is recognized that the maintenance of junk yards as defined in this subdivision, is a useful and necessary business and ought to be encouraged when not in conflict with the express purposes of this subdivision. ~~[The junk yards in this subdivision include all junk yards which are not established, used or maintained adjacent to the interstate, federal aid primary or turnpike systems]~~ *All junk yards shall be subject to this subdivision, including those adjacent to the interstate, federal aid primary, or turnpike systems, which are also subject to RSA 236:90-110.*

3 Federal Aid Primary System; What Highways are Included. Amend RSA 236:70, V to read as follows:

V. The words "federal aid primary system" shall mean all highways which are a part of the federal aid system described in subsection (b) of section 103 of Title 23, United States Code, and such highways as may be so reclassified from time to time as provided by subsection (f) of section 103 of Title 23, United States Code *that were in existence on June 1, 1991, and any highway which was not on the system but was included in the National Highway System as defined in section 1046(c) of the Intermodal Surface Transportation Efficiency Act of 1991.*

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill gives towns jurisdiction to regulate junk yards within 1,000 feet of certain federal and state highways.

This bill also alters the definition of federal aid primary system to include any highway included in the national highway system for purposes of the laws regarding highway regulations, protection and control regulations.

HB 501-FN-A, relative to the repair of a certain covered railroad bridge in Contoocook village in the town of Hopkinton, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**
Rep. Candace White Bouchard: This amendment takes away the appropriation and allows the community to provide funding for the study of repairs required to restore the covered railroad

bridge in Contoocook Village in the town of Hopkinton. This bill now allows the department of cultural resources to use state, federal and private grants and funds for the purpose of this study. Vote 12-2.

Amendment (0799h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the repair of a certain covered railroad bridge in Contoocook village in the town of Hopkinton.

Amend the bill by replacing section 3 with the following:

3 Funding. The commissioner of the department of cultural resources, with the oversight of the department of transportation and the capital budget overview committee, may solicit, expend and disburse state and federal funds, as well as private grants and funds, for the purpose of section 2 of this act.

AMENDED ANALYSIS

This bill requires the department of cultural resources to conduct a study of the repairs required to restore the covered railroad bridge in Contoocook village in the town of Hopkinton.

Referred to Finance.

HB 421, relative to penalty provisions for the law regarding exotic aquatic weeds. OUGHT TO PASS WITH AMENDMENT

Rep. Richard T. Cooney for Resources, Recreation and Development: This bill is part of the Resources, Recreation & Development Committee's continued effort to prevent the spread of exotic aquatic weeds into our lakes and ponds. It provides penalties for violating provisions of HB 181 of 1998, which outlawed importation and sales of exotic aquatic weeds such as Milfoil and Fanwort. It is the intent of the Committee and the Department of Environmental Services to use education as the primary deterrent to the spreading of these weeds. The amendment removes the word "transport" from the definition of the violation. Intentionally or recklessly adding these plants to waterbodies of the state is a violation subject to a fine of up to \$2,000.00 Vote 11-1.

Amendment (0760h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to penalty provisions for the law regarding control of marine pollution, exotic aquatic weeds, and other aquatic growth.

Amend the bill by replacing all after the enacting clause with the following:

1 Control of Marine Pollution and Aquatic Growth; Administrative Fines. Amend the introductory paragraph of RSA 487:7, II to read as follows:

II. The commissioner of environmental services, after notice and hearing pursuant to RSA 541-A, may impose an administrative fine not to exceed \$2,000 for each offense, upon any person who violates any provision of this chapter, *any lawful rule of the department adopted under this chapter, or any lawful order issued by the department pursuant to this chapter*. Rehearings and appeals from a decision of the commissioner under this paragraph shall be in accordance with RSA 541. Any administrative fine imposed under this section shall not preclude the imposition of further penalties under this chapter. The proceeds of administrative fines levied pursuant to this paragraph shall be deposited by the department in the general fund. The commissioner shall adopt rules, under RSA 541-A, relative to:

2 New Paragraphs; Control of Marine Pollution and Aquatic Growth; Civil Penalty; Injunction. Amend RSA 487:7 by inserting after paragraph II the following new paragraphs:

III. Any person who shall violate any provisions of this chapter, or any lawful rule of the department adopted under this chapter, or who shall fail, neglect or refuse to obey any order lawfully issued pursuant to this chapter, shall be subject to a civil penalty not to exceed \$10,000 per day of such violation.

IV. The department shall issue a written cease and desist order against any act in violation of this chapter or lawful rule of the department adopted under this chapter, and any such act may be enjoined by the superior court upon application of the attorney general.

3 New Section; Exotic Aquatic Weed Penalties. Amend RSA 487 by inserting after section 16-a the following new section:

487:16-b Exotic Aquatic Weed Penalties. It shall be unlawful to knowingly, recklessly, or purposely offer for sale, distribute, sell, import, purchase, propagate, or introduce exotic aquatic weeds into New Hampshire waterbodies. Notwithstanding RSA 487:7, any person engaging in such an activity shall be guilty of a violation.

4 New Hampshire Clean Lakes Program; Rulemaking. Amend RSA 487:24, VII-a to read as follows:

VII-a. Administration and enforcement of, and exemptions to, the exotic aquatic weed prohibition under RSA 487:16-a. ~~[Such rules shall not include the imposition of fines or penalties not otherwise authorized by statute.]~~

5 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill:

I. Makes it a violation to intentionally or recklessly introduce exotic aquatic weeds into waterbodies of the state.

II. Adds a civil penalty and injunction relief to the penalties for violation of the chapter regarding control of marine pollution and aquatic growth.

HB 325, prohibiting "cramming" in telecommunications billing. **OUGHT TO PASS WITH AMENDMENT**

Rep. Terie T. Norelli for Science, Technology and Energy: With the advent of competition, local exchange carriers may sign billing and collection contracts with other telecommunications service providers and issue bills to their local exchange customers based on charges submitted by these other providers. Unfortunately, there has been growing concern about a practice called "cramming" in which customers are charged, often as a monthly fee, for services that they have either not ordered or have been sold in a deceptive manner. This bill requires service providers who wish to bill through a local exchange carrier to register with the Public Utilities Commission and subjects any providers who engage in cramming to administrative fines and loss of ability to bill through a local exchange carrier. Vote 20-0.

Amendment (0771h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Billing by Local Exchange Carriers. Amend RSA 378 by inserting after section 42 the following new subdivision:

Billing by Local Exchange Carriers

378:43 Definitions. In this subdivision:

I. "Commission" means the public utilities commission.

II. "Cramming" means the submission or inclusion of unauthorized, misleading, or deceptive charges for products or services on a customer's local telephone bill. Cramming shall not include charges for collect calls, charges for customer dialed telecommunications services, or charges required by law.

III. "Customer" means the party identified in the account records of the local exchange carrier, a person contractually or otherwise lawfully authorized to represent such party, or a person identified in such records as authorized to change the services subscribed to or to charge services to the account.

IV. "Local exchange carrier" means the company that provides local telephone exchange service and renders the telephone bill to the customer.

V. "Service provider" means a person that offers a product or service to a customer and directly or indirectly sends the billable charges or credits to the local exchange carrier for billing to the customer.

378:44 Registration Required. Service providers that are not public utilities, or affiliates or subsidiaries of public utilities, shall register with the commission. If a service provider is not so registered, it may not submit charges to the local exchange carrier. The commission may revoke a registration for cause.

378:45 Cramming Prohibited. No person shall engage in cramming. Any person that engages in cramming shall be subject to an administrative fine in an amount to be determined by the commission, not to exceed \$1,000 per offense. The commission may consider intent as a factor when assessing administrative fines. The commission may prohibit a service provider that engages in cramming from billing through the local exchange carrier.

378:46 Charges by Service Providers.

I. Upon determining that it is technically and economically feasible, the commission shall require local exchange carriers to permit a customer to place a block on an account that prevents any non-telecommunications-related charges that do not originate from the customer's local exchange or long distance carrier from appearing on the customer's local exchange carrier bill.

II. A local exchange carrier is prohibited from terminating the essential voice local exchange service of any customer for failure to pay charges from a service provider that are disputed by the customer.

378:47 Rulemaking. The commission shall adopt rules, pursuant to RSA 541-A, and consistent with rules adopted by the Federal Communications Commission regarding telecommunications cramming, to enforce the provisions of this subdivision.

2 Effective Date. This act shall take effect January 1, 2000.

HB 645-FN, relative to funding for the telecommunications assistance program. OUGHT TO PASS WITH AMENDMENT

Rep. John H. Thomas for Science, Technology and Energy: The bill changes the Telecommunications Assistance Program to the Telecommunications Equipment Assistance Program and requires the Governor's Commission on Disability to establish a cost-sharing formula for persons whose income exceeds current eligibility criteria. It authorizes the Public Utilities Commission to transfer \$.01 per month per access line from the access line charge currently being collected to a fund for the equipment. There are no new access line charges. The inclusion of hearing or speech disability to the definition of a qualified person is a result of a problem that arose in rulemaking when the program was originally established. The bill also adds a representative to the enhanced 911 commission from the disabled community and requires telephone service providers or the telephone service provider's operator service to transfer emergency calls, including the caller's telephone number according to the National Emergency Numbering Association standard, to the enhanced 911 Public Safety Answering Point in a manner allowing retrieval of the caller's location. 911 Director Bruce Cheney requested this amendment. The enhanced 911 aspects were addressed in a second public hearing. Vote 19-0.

Amendment (0786h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to telecommunications equipment assistance and the enhanced 911 system.

Amend the bill by replacing all after the enacting clause with the following:

1 Sheriffs, Constables, and Police Officers; Enhanced 911 System; Commission and Bureau Established; Member of Commission Added. Amend the introductory paragraph of RSA 106-H:3, I(a) to read as follows:

(a) There is hereby established an enhanced 911 commission consisting of ~~[+3]~~ **14** members, including the chief of the bureau of emergency medical service or designee, the chairman of the public utilities commission or designee, a representative of the department of safety, a public member, a police officer and firefighter both experienced in responding to emergency calls, **a representative of the disabled community**, and one active member recommended by each of the following organizations, nominated by the governor with the approval of the council:

2 Sheriffs, Constables, and Police Officers; Enhanced 911 System; Coordination by Provider of Telephone Services; Transfer to Public Safety Answering Point. Amend RSA 106-H:8 to read as follows:

106-H:8 Coordination by Provider of Telephone Service. Every telephone utility authorized to do business in the state pursuant to RSA 374:22, **I** and every entity which provides commercial mobile radio service, as defined in 47 C.F.R. 20.3, and required by the Federal Communications Commission to provide 911 service, shall make available the universal emergency telephone number 911 for use by the public in seeking assistance from fire, police, and other related safety agencies through a single public safety answering point~~[-for the purpose of implementing this chapter]~~. **Each telephone service provider shall assure that all requests for police, fire, medical, or other emergency services received by the provider or the provider's operator services shall be transferred to the public safety answering point. Such transfer shall include the calling party's telephone number in American Standard Code for Information Interchange (ASCII) in a format**

recommended for data exchange by the National Emergency Number Association (NENA). For purposes of implementing this chapter, any provider of commercial mobile radio service shall be entitled to reimbursement from the bureau of the reasonable expenses incurred to accomplish the provision of enhanced 911 service to the extent authorized by the Federal Communications Commission and approved by the enhanced 911 commission. The bureau may utilize the services of any other state agency or a consultant to assist in reviewing the requested reimbursement to insure that it is reasonable and may seek recovery of the expense of that review from the provider.

3 Public Utilities; Telecommunications Equipment Assistance Program. Amend the chapter heading of RSA 362-E to read as follows:

TELECOMMUNICATIONS *EQUIPMENT* ASSISTANCE PROGRAM

4 Public Utilities; Telecommunications Equipment Assistance Program; Definitions; Telecommunications Equipment Assistance and Telecommunications Relay Service. Amend RSA 362-E:1, II-IV to read as follows:

II. "Telecommunications *equipment* assistance" means a teletypewriter or other telecommunications equipment used by a qualified person to conduct telephone communications.

III. "Telecommunications relay service" means a service transmitting messages and information between a person using standard telephone equipment for spoken communications and a qualified person using telecommunications *equipment* assistance.

IV. "Qualified person" means a person who is deaf, hard of hearing, speech impaired, or unable to reasonably use standard telephone equipment due to a *hearing or speech* disability.

5 Public Utilities; Telecommunications Equipment Assistance Program; Administration. Amend RSA 362-E:2 to read as follows:

362-E:2 Administration. The commission shall administer the telecommunications *equipment* assistance program and shall implement the program by contract with one or more entities.

6 Public Utilities; Telecommunications Equipment Assistance Program; Duties; Establishment of Program. Amend RSA 362-E:3, I(a) to read as follows:

(a) A program that will enable qualified persons in New Hampshire to access telephone service through the use of telecommunications *equipment* assistance.

7 Public Utilities; Telecommunications Equipment Assistance Program; Duties; Eligibility Criteria; Cost-Sharing Added. Amend RSA 362-E:3, I(b) to read as follows:

(b) Eligibility criteria, including ability to pay, which shall be based on income levels which shall not exceed 200 percent of the federal poverty level guidelines published in the Federal Register, exclusive of disability-related expenses. *For persons whose income levels exceed 200 percent of the federal poverty level guidelines, exclusive of disability-related expenses, the commission shall create a cost-sharing formula based on ability to pay.*

8 Public Utilities; Telecommunications Equipment Assistance Program; Rulemaking; Eligibility Criteria; Ability to Pay Deleted. Amend RSA 362-E:5, I to read as follows:

I. Eligibility criteria[~~excluding ability to pay~~].

9 Public Utilities; Telecommunications Equipment Assistance Program; Budgeting; Line Charge. RSA 362-E:6 is repealed and reenacted to read as follows:

362-E:6 Budgeting. The public utilities commission shall establish a telecommunications equipment assistance trust fund. The public utilities commission shall assess a \$.01 per month per access line charge, which shall be collected from telephone utilities and deposited into the telecommunications equipment assistance trust fund. The proceeds of this assessment shall be available to the governor's commission on disability for the purposes of funding the telecommunications equipment assistance program.

10 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill

I. Changes the name of the telecommunications assistance program to the telecommunications equipment assistance program.

II. Establishes a telephone line surcharge to fund the telecommunications equipment assistance program.

III. Requires the governor's commission on disability to establish a cost-sharing formula for persons whose income exceeds current eligibility criteria for the program.

IV. Adds a representative of the disabled community to the enhanced 911 commission.

V. Specifies that a qualified person under the telecommunications equipment assistance program is a person with a hearing or speech disability.

VI. Requires telephone service providers to transfer emergency calls, including the caller's telephone number, to the public safety answering point.

Referred to Finance.

HB 538, establishing a committee to study the new construction and repair of New Hampshire commemorative monuments at certain Civil War battle sites. **OUGHT TO PASS**

Rep. Dean Ouellette for State-Federal Relations and Veterans Affairs: This bill establishes a committee to study repair of NH Civil War monuments. The monuments were originally paid for and are the property of the State of NH. This bill forms a committee to decide on how to fund the repair of NH property. Vote 13-0.

HB 477-FN, changing certain requirements for temporary plates on motor vehicles. **OUGHT TO PASS WITH AMENDMENT**

Rep. Larry J. Cossette for Transportation: This bill was introduced to allow manufacturers or dealers of motor vehicles the option of whether or not to attach temporary plates to a vehicle upon the sale or exchange of a vehicle. The Department of Safety uses these plates as a tracking device for vehicle transfers. This bill accomplishes the goal of the sponsor while maintaining the integrity of the tracking mechanism. The amendment negates the fiscal note and any fiscal impact the original bill may have had. Vote 19-0.

Amendment (0785h)

Amend the bill by replacing all after the enacting clause with the following:

1 Temporary Plates. Amend RSA 261:109, I to read as follows:

I. A manufacturer or dealer, except those manufacturers or dealers that may be relieved of such requirements by the director, shall, upon the sale or exchange of a vehicle, [attach] issue to such vehicle a temporary plate, and the purchaser of such vehicle may drive the same for a period not to exceed 20 consecutive days thereafter without payment of a registration fee.

2 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill requires manufacturers or dealers of motor vehicles to issue temporary plates upon the sale or exchange of a vehicle.

HB 698-FN-L, restricting fees for registration permits for certain vehicles. **OUGHT TO PASS WITH AMENDMENT**

Rep. John W. Flanders, Sr. for Transportation: It was the feeling of the committee that we should define the categories of the different types of construction equipment. They were vague under the present RSAs. We also set a minimum fee for construction equipment plates at \$25.00. We also set a tier rate for rubber tire construction equipment that is driven on the highway according to weight of such equipment. As follows, equipment weighing up to 7,500 lbs. shall be \$25.00. Equipment 7,501 lbs. to 15,000 lbs., the fee shall be \$50.00. Equipment 15,001 lbs. to 50,000 lbs., the fee shall be \$100.00. Equipment 50,001 lbs. to 80,000 lbs., the fee shall be \$200.00. All equipment over 80,000 lbs. shall be \$300.00. The sponsors of the bill, also the representatives of the contractors and municipal association representatives were satisfied with the amendment. Vote 19-0.

Amendment (0783h)

Amend the bill by replacing all after the enacting clause with the following:

1 Exception for Certain Trailers. Amend RSA 261:153, I to read as follows:

I. The treasurer of each city, or such other person as the city government may designate, and the town clerk of each town shall collect fees for such permits as follows: on each vehicle offered for registration a sum equal to 18 mills on each dollar of the maker's list price for a current model year vehicle, 15 mills on each dollar of the maker's list price for the first preceding model year vehicle, 12 mills on each dollar of the maker's list price for the second preceding model year vehicle, 9 mills on each dollar of the maker's list price for the third preceding model year vehicle, 6 mills on each dollar of the maker's list price for the fourth preceding model year vehicle, and 3

mills on each dollar of the maker's list price for the fifth preceding model year vehicle and any model year prior thereto. In no event, however, shall the fee be less than \$5. **Registration permit fees for construction equipment, as defined in RSA 259:42, shall be governed by RSA 261:64.** The director shall make the final determination of any vehicle model year in any case in which a dispute arises. The fee collected hereunder for a vehicle used only in the manner and for the purposes specified in RSA 261:82 shall be \$5; and provided further, that the fee collected hereunder for a farm tractor shall be \$5. In cases of doubt, the director may investigate for the purpose of determining eligibility for limited purpose registrations.

2 Definition Changed. Amend RSA 259:42 to read as follows:

259:42 ~~[Highway Building]~~ **Construction** Equipment "~~[Highway building]~~ **Construction** equipment" shall mean all bulldozers, rollers, scrapers, graders, spreaders, pavers, bituminous mixers, retreading machines, compressors, power shovels, excavators, **backhoes**, wagons, concrete mixers, **generators, message boards, wood chippers**, bucket loaders, snow loaders, rooters, scarifiers and **construction** tractors, and such other items of equipment which in the opinion of the director ~~[have no usefulness upon the highways except for the building, repair or maintenance of highways, while being used in connection with the building, repair or maintenance of highways or while being]~~ **should be classified as construction equipment. Construction equipment that must be transported or moved over the highways [under a permit issued pursuant to RSA 265:7] that is overwidth or overweight shall comply with special permits as required by RSA 228:21 and RSA 265:7.** Road oilers, bituminous distributors and heavy duty platform trailers and semi-trailers are expressly excepted from this definition.

3 Definition Changed. Amend RSA 261:64, I to read as follows:

261:64 ~~[Highway Building]~~ **Construction** Equipment and Implements of Husbandry.

I. A resident owner of ~~[highway building]~~ **construction** equipment, or a nonresident owner of such equipment who has a bona fide actual residence in a state granting like privileges to residents of this state shall not be required to register such equipment in this state **if used at worksites and trailered from location to location or to cross highways to access contiguous property. To register construction equipment, as defined under RSA 259:42, the fee shall be \$25 except for the following rubber tired equipment; excavators, front end loaders, backhoes, graders, or construction equipment towed on a permanent trailer, such as a generator, which shall be assessed based on weight utilizing the following scale: equipment that weighs up to 7,500 lbs. the fee shall be \$25, for equipment from 7,501 lbs. to 15,000 lbs. the fee shall be \$50, for equipment from 15,001 lbs. to 50,000 lbs. the fee shall be \$100, for equipment from 50,001 lbs. to 80,000 lbs. the fee shall be \$200, and for all equipment over 80,000 lbs. the fee shall be \$300.**

4 Farm Tractor Plate Registration Requirements. Amend RSA 261:83 to read as follows:

261:83 Farm Tractor Plates. A tractor shall qualify for farm tractor registration rates and shall be driven with such registration only when the tractor is used exclusively for agricultural purposes or to draw another vehicle in such a way that part of the load is carried on such towing vehicle; ~~or if it qualifies under the definition of highway building equipment~~.

5 Effective Date. This act shall take effect 60 days after its passage.

Referred to Finance.

REGULAR CALENDAR

HB 224-FN-A, changing the name of the division of fire safety to the division of fire and building safety; adding members to the state advisory board of fire control; establishing a joint committee on code enforcement; and appropriating funds for hiring mechanical inspectors in the division of fire and building safety. **OUGHT TO PASS WITH AMENDMENT**

Rep. Everett A. Wear for Criminal Justice and Public Safety: This bill establishes a joint committee on code enforcement, consisting of the chairman of those agencies directly involved in code enforcement: the board of fire control, the electricians board, the plumbers' board, the water well board, the board of architects, the board of engineers, the architectural barrier-free design committee, and the New Hampshire Building Officials Association. They will meet once a year to discuss matters of mutual interest in code enforcement administration, inspection, licensing and certification. It also provides for the addition of two fire investigators in the state fire marshal's office. Vote 15-1.

Amendment (0541h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a joint committee on code enforcement and appropriating funds for hiring fire investigators in the division of fire safety.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Joint Committee on Code Enforcement. Amend RSA 153 by inserting after section 4-a the following new section:

153:4-b Joint Committee on Code Enforcement. There shall be a joint committee on code enforcement, consisting of each of the chairpersons of the following: the board of fire control, the electricians' board, the plumbers' board, the water well board, the board of architects, the board of engineers, the architectural barrier-free design committee, and the New Hampshire Building Officials Association. The chairperson of the board of fire control shall serve as chairperson of the joint committee. The joint committee shall meet at least annually to carry out its duties established under this chapter. The committee shall discuss matters of mutual interest in the areas of code administration, inspections, licensing and certification.

2 Appropriation; Department of Safety. The sum of \$272,576 is hereby appropriated to the department of safety for the biennium ending June 30, 2001, for the purposes of hiring 2 fire investigators in the division of fire safety. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1999.

AMENDED ANALYSIS

This bill establishes a joint committee on code enforcement. The bill also appropriates funds to the division of fire safety to hire fire investigators.

Adopted.

Report adopted and referred to Finance.

HB 265, relative to the student trustees on the university system of New Hampshire board of trustees. **OUGHT TO PASS**

Rep. Brien Ward for Education: The committee believes that students would be an asset on the university system Board of Trustees. The student-elected trustees play an important role in effectuating productive communication between the system's students and the appointed trustees. The committee supports the rotation of the two student trustees between the UNH, Keene State and Plymouth State campuses. This legislation will assist the university system students in obtaining appropriate and effective representation on the Board of Trustees and also educating the other trustees on campus issues. Vote 12-3.

Adopted and ordered to third reading.

HB 341, relative to the process for nonrenewal of teacher contracts. **OUGHT TO PASS**

Rep. Jane O'Hearn for Education: This bill clearly defines the review and appeal procedures relative to nonrenewal of teacher contracts. Currently, teachers are in a special position, unlike any other employee in the state, because they have multiple avenues of appeal for nonrenewal decisions. This multiple review process is time consuming and expensive for local school boards and has the effect of deterring nonrenewal decisions. School boards are required to hire attorneys and expend teacher and administrator time (otherwise spent in the schools) in lengthy and multiple hearings challenging their decisions. Teacher tenure reform has been before this legislature for the past four years. Last year, both the House and Senate passed a reform package that was vetoed by the Governor. This bill is the product of a group representing all sides of the issue that met last summer and fall to come to a consensus to solve the problem. The committee believes this bill establishes a fair and reasonable approach to the nonrenewal issue and that it provides protections to both sides. The bill continues to provide the full due process rights of the teacher. The bill requires that superintendents demonstrate at a local school board hearing, by a preponderance of the evidence, that a teacher had received written notice, that the teacher's unsatisfactory performance may lead to nonrenewal, that the teacher had an opportunity to correct such performance and that the teacher had failed to correct the unsatisfactory performance. The bill also provides that a request for review of a local nonrenewal decision by the State Board of Education shall be the exclusive remedy available to a teacher on nonrenewal decisions and shall be a review limited to the record of the local school board hearing. This does not remove

a request for review by the New Hampshire Supreme Court. All decisions of local school boards shall be upheld unless they are clearly erroneous. The intent is that this is a very high standard of review so that the decision of the local school board is given great weight. The bill further provides that the nonrenewal of a teacher shall not be subject to binding arbitration. This only impacts binding arbitration as it relates to nonrenewal decisions. Provisions for binding arbitration are in many current teacher contracts and local school boards have testified that they are extremely costly to local taxpayers and that they "cannot buy binding arbitration provisions out of their contracts." This bill is supported by the New Hampshire School Boards Association, the New Hampshire School Administrators Association, the New Hampshire Principals Association and the State Board of Education. It is a consensus bill and it provides clear recognition that teacher performance has a major impact on the education of New Hampshire pupils and that reform of teacher tenure laws is crucial to the future of education in this state. Vote 15-6.

Rep. Marsha Pelletier spoke against.

Rep. Yeaton spoke against and yielded to questions.

Reps. Hoadley, Ward and O'Hearn spoke in favor.

Rep. O'Hearn requested a roll call; sufficiently seconded.

The question being the adoption of the report.

(Rep. Jacobson in the Chair)

HB 483-FN-L, relative to restricting the authority of the state board of education to adopt minimum standards for public school approval. **INEXPEDIENT TO LEGISLATE**

Rep. Iris Estabrook for Education: This bill removes the rulemaking authority of the State Board of Education in establishing minimum standards for school approval in the areas of school facilities, class size, staffing and staff qualifications. The committee believes the standards, last revised in 1993, form the framework for delivery of educational services and include sufficient alternative compliance provisions, which give local schools flexibility. Vote 12-4.
Adopted.

HB 498-FN, establishing a special education catastrophic aid fund. OUGHT TO PASS WITH AMENDMENT

Rep. Brien L. Ward for Education: The committee believes that a state funded emergency relief fund for school districts, which incur unanticipated catastrophic special education costs, be appropriately funded. This legislation will amend a previously established program which authorized the State Board of Education to designate up to \$250,000 of unexpended catastrophic aid for emergency aid to school districts. This program has never been funded. The State Department of Education documented for the committee that in fiscal school year 1996-1997, 39 school districts incurred \$2.7 million in unanticipated expenditures which qualified for state catastrophic aid. The amendment appropriates \$2,000,000 each fiscal year to a non-lapsing special education catastrophic aid fund for special education emergency assistance costs. This legislation also authorizes the State Board of Education to promulgate rules to determine which school districts may qualify for emergency assistance under this fund. In addition, any school districts, which receive aid from this emergency fund, shall not be reimbursed for the same catastrophic special education expenses. Vote 20-0.

Amendment (0758h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a special education catastrophic aid fund and relative to exempting certain unexpected catastrophic special education expenses from the provisions of the municipal budget law.

Amend RSA 186-C:18, III (a) as inserted by section 2 of the bill by replacing it with the following:

III.(a) The state board of education through the commissioner, department of education, shall distribute aid available under this paragraph as entitlement to such school districts as have a special education pupil for whose costs they are responsible, for whom the costs of special education in the fiscal year exceed 3-1/2 times the estimated state average expenditure per pupil for the school year preceding the year of distribution. If in any year, the amount appropriated for distribution as catastrophic special education aid in accordance with this section is insufficient therefor, the appropriation shall be prorated proportionally based on entitlement among the districts entitled to a grant. If there are unexpended funds appropriated under this paragraph at the end of any fiscal year, such funds shall be distributed for court-ordered placements under RSA 186-C:19-b. ~~[The state may designate up to \$250,000 of the funds which are appropriated as required by this paragraph, for each fiscal year, to assist those school districts which, under guidelines established by rules of the state board of education, may qualify for emergency assistance for special education costs.]~~ *The state shall appropriate no less than \$2,000,000 each fiscal year to the nonlapsing special education catastrophic aid fund established in RSA 186-C:18-a to assist those school districts which, under rules adopted by the state board of education, may qualify for emergency assistance for special education costs.* Upon application to the commissioner of education, and approval by the commissioner, such funds may be accepted and expended by school districts in accordance with this chapter; provided, however, that if a school district has received emergency assistance funds for certain educationally disabled children, it shall not ~~[receive]~~ *be reimbursed for those same catastrophic special education [aid] expenses* for those same educationally disabled children. If any of the funds designated for emergency assistance under this paragraph are not used for such emergency assistance purposes, the funds shall be used ~~[to assist school districts in meeting catastrophic cost increases in their special education programs as provided by this paragraph]~~ *in accordance with RSA 186-C:18-a.*

Amend the bill by inserting after section 2 the following and renumbering the original sections 3-4 to read as sections 4-5 respectively:

3 New Paragraph; Special Education; Catastrophic Aid Expenses. Amend RSA 186-C:18 by inserting after paragraph IX the following new paragraph:

X. Unexpected catastrophic special education costs incurred by a school district that could not be identified prior to the adoption of the local district budget shall be exempt from the provisions of RSA 32:8, 32:9, 32:10, and 32:11, III.

AMENDED ANALYSIS

This bill establishes a nonlapsing special education catastrophic aid fund to be used to provide school districts with emergency assistance for special education costs. The bill also exempts from

the provisions of the municipal budget law any catastrophic special education expenses incurred by a school district which could not be identified or anticipated prior to the adoption of the local district's budget.

Adopted.

Report adopted and referred to Finance.

HB 514-L, establishing open enrollment provisions in the school districts of the state. RE-REFER TO COMMITTEE

Rep. Susan B. Durham for Education: The committee wants to look at open enrollment in public schools and how it could work after education funding reform is settled. Therefore, we will use this bill for such a study. Vote 16-4.

Rep. O'Hearn yielded to questions.

Adopted.

HB 529, requiring all postsecondary institutions to report all assaults to local police departments. INEXPEDIENT TO LEGISLATE

Rep. David Larrabee for Education: The intent of this bill is to require post-secondary institutions to report all assaults on campus to the local police. In essence, this would be a law to enforce a law. Federal laws require reporting of assaults on college campuses to the police departments. Presently, college administrators, campus security and local police departments are aware of the laws requiring reporting and are working cooperatively in developing working relationships and reporting procedures. Vote 13-1.

Adopted.

HB 225, relative to the definitions of the terms "farm," "agriculture," and "farming." OUGHT TO PASS WITH AMENDMENT

Rep. Harold P. Melcher for Environment and Agriculture: The bill is introduced to make fine-tuned alterations that the Senate found necessary to this bill that passed the House last year. Vote 15-0.

Amendment (0473h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The purpose of this act is to modernize the definition of "farming" and "agriculture" to more accurately reflect the scope of agriculture as practiced today in New Hampshire. This definition shall not be construed as a regulation, or as an exemption from any regulation or statute.

2 Definitions; "Farm," "Agriculture," and "Farming." RSA 21:34-a is repealed and reenacted to read as follows:

21:34-a Farm, Agriculture, Farming.

I. The word "farm" means any land, buildings, or structures on or in which agriculture and farming activities are carried out or conducted and shall include the residence or residences of owners, occupants, or employees located on such land. Structures shall include all farm outbuildings used in the care of livestock, and in the production and storage of fruit, vegetables, or nursery stock; in the production of maple syrup; greenhouses for the production of annual or perennial plants; and any other structures used in operations named in paragraph II of this section.

II. The words "agriculture" and "farming" mean all operations of a farm, including:

(a)(1) The cultivation, conservation, and tillage of the soil.

(2) The use of and spreading of commercial fertilizer, lime, wood ash, sawdust, compost, animal manure, septage, and, where permitted by municipal and state rules and regulations, other lawful soil amendments.

(3) The use of and application of agricultural chemicals.

(4) The raising and sale of livestock, which shall include, but not be limited to, dairy cows and the production of milk, beef animals, swine, sheep, goats, as well as domesticated strains of buffalo or bison, llamas, alpacas, emus, ostriches, yaks, elk (*cervus elephus canadensis*), fallow deer (*dama dama*), red deer (*cervus elephus*), and reindeer (*Rangifer tarandus*).

(5) The breeding, boarding, raising, training, riding instruction, and selling of equines.

(6) The commercial raising, harvesting, and sale of fresh water fish or other aquaculture products.

(7) The raising, breeding, or sale of poultry or game birds.

(8) The raising of bees.

(9) The raising, breeding, or sale of domesticated strains of fur-bearing animals.

(10) The production of greenhouse crops.

(11) The production, cultivation, growing, harvesting, and sale of any agricultural, floricultural, forestry, or horticultural crops including, but not limited to, berries, herbs, honey, maple syrup, fruit, vegetables, tree fruit, flowers, seeds, grasses, nursery stock, sod, trees and tree products, Christmas trees grown as part of a commercial Christmas tree operation, trees grown for short rotation tree fiber, or any other plant that can be legally grown and harvested extensively for profit or subsistence.

(b) Any practice on the farm incident to, or in conjunction with such farming operations, including, but not necessarily restricted to:

(1) Preparation for market, delivery to storage or to market, or to carriers for transportation to market of any products or materials from the farm.

(2) The transportation to the farm of supplies and materials.

(3) The transportation of farm workers.

(4) Forestry or lumbering operations.

(5) The marketing or selling at wholesale or retail, on-site and off-site, where permitted by local regulations, any products from the farm.

(6) Irrigation of growing crops from private water supplies or public water supplies where not prohibited by state or local rule or regulation.

III. A farm roadside stand shall remain an agricultural operation and not be considered commercial, provided that at least 35 percent of the product sales in dollar volume is attributable to products produced on the farm or farms of the stand owner.

IV. Practices on the farm shall include technologies recommended from time to time by the university of New Hampshire cooperative extension, the New Hampshire department of agriculture, markets, and food, and appropriate agencies of the United States Department of Agriculture.

3 Motor Vehicles; Definitions; "Agriculture" and "Farming." RSA 259:3 is repealed and reenacted to read as follows:

259:3 Agriculture and Farming. The words "agriculture" and "farming" mean all operations of a farm, including:

I.(a) The cultivation, conservation, and tillage of the soil.

(b) The use of and spreading of commercial fertilizer, lime, wood ash, sawdust, compost, animal manure, septage, and, where permitted by municipal and state rules and regulations, other lawful soil amendments.

(c) The use and application of agricultural chemicals.

(d) The raising and sale of livestock, which shall include, but not be limited to, dairy cows and the production of milk, beef animals, swine, sheep, goats, as well as domesticated strains of buffalo or bison, llamas, alpacas, emus, ostriches, yaks, elk (*cervus elephus canadensis*), fallow deer (*dama dama*), red deer (*cervus elephus*), and reindeer (*Rangifer tarandus*).

(e) The breeding, boarding, raising, training, riding instruction, and selling of equines.

(f) The commercial raising, harvesting, and sale of fresh water fish or other aquaculture products.

(g) The raising, breeding, or sale of poultry or game birds.

(h) The raising of bees.

(i) The raising, breeding, or sale of domesticated strains of fur-bearing animals.

(j) The production of greenhouse crops.

(k) The production, cultivation, growing, harvesting, and sale of any agricultural, floricultural, forestry, or horticultural crops including, but not limited to, berries, herbs, honey, maple syrup, fruit, vegetables, tree fruit, flowers, seeds, grasses, nursery stock, sod, trees and tree products, Christmas trees grown as part of a commercial Christmas tree operation, trees grown for short rotation tree fiber, or any other plant that can be legally grown and harvested extensively for profit or subsistence.

II. Any practice on the farm incident to, or in conjunction with such farming operations, including, but not necessarily restricted to:

(a) Preparation for market, delivery to storage or to market, or to carriers for transportation to market of any products or materials from the farm.

(b) The transportation to the farm of supplies and materials.

(c) The transportation of farm workers.

(d) Forestry or lumbering operations.

(e) The marketing or selling at wholesale or retail, on-site and off-site, where permitted by local regulations, any products from the farm.

(f) Irrigation of growing crops from private water supplies or public water supplies where not prohibited by state or local rule or regulation.

4 Effective Date. This act shall take effect 60 days after its passage.

Adopted.

Report adopted and ordered to third reading.

SPECIAL ORDER

HB 239-FN-A, permitting the development of an industrial hemp industry in New Hampshire and continually appropriating a special fund. RE-REFER TO COMMITTEE

Rep. Betty B. Hall for Environment and Agriculture: The committee feels that the work towards creating legislation in order to promote industrial hemp has merit. There has been considerable effort to arrive at a viable solution that has addressed virtually all outstanding issues, in particular public safety and routine management by the Department of Agriculture. Consequently, to resolve the few remaining questions it is felt that additional time is required. Vote 7-6.

On a division vote, 208 members having voted in the affirmative and 117 in the negative, the report was adopted.

REGULAR CALENDAR (CONT'D.)

HB 379, setting up a study committee to study issues pertaining to the Sullivan county regional refuse disposal district. OUGHT TO PASS

Rep. John S. Cobb for Environment and Agriculture: This act authorizes a study committee, consisting of three members from the House and Senate each, to address issues of longstanding concern regarding the Sullivan County regional refuse disposal district ("the district"). Encouraging the formation of waste districts through enabling legislation, specifically RSA 53-B, and as a result of subsequent amendments tailored for and peculiar to "the district" in question, careful scrutiny is required in light of the fact that "the district" is considering privatization and expansion of its ash landfill. The fact that waste disposal sites are a diminishing resource, it is particularly important to consider the ramifications of this proposal. Such a disposition may have a long term, adverse economic effect on the operation or viability of the incinerator and may be contrary to policy objectives established in statute. Arguably, the landfill may be "the district's" most important asset other than the incinerator. Concerns and questions regarding the present organizational structure of "the district" notwithstanding, undue expansion of the ash landfill or change in use from an ash fill to a solid waste facility not only may not be in the best interests of "the district" and its owners (twenty-nine towns in Vermont and New Hampshire) financially but also may have undesirable environmental and economic impact on the region. Inconsistent and irregular district meetings and arbitrary application of policy, moreover, indicate a review. Vote 10-4.

Adopted and ordered to third reading.

HB 410, relative to the enforcement authority of the department of environmental services. OUGHT TO PASS

Rep. Suzan L. R. Franks for Environment and Agriculture: This act further clarifies the laws pertaining to civil penalties under the hazardous waste clean-up fund, enforcement authority of the Department of Environmental Services relative to waste pollution and waste disposal. The Committee unanimously supports this act. Vote 14-0.

Adopted and ordered to third reading.

HB 412-FN, relative to the state treasurer and increasing the limit on state indebtedness. OUGHT TO PASS WITH AMENDMENT

Rep. David G. Poulin for Executive Departments and Administration: The majority believes that increasing the bonded indebtedness of the state from \$150,000,000 to \$200,000,000 as requested by the state treasurer is reasonable and prudent. The bill also provides authority for the Business

Finance Authority to guarantee bonds to economically distressed regions, which will serve as a tool to aid these regions in attracting and retaining jobs. The bill further clarifies the power of the state treasurer when it comes to appointments of the two deputies. Vote 12-2.

Amendment (0652h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the powers of the state treasurer and increasing the limit on state indebtedness, and relative to the use of bond proceeds awarded under a state guarantee.

Amend the bill by replacing all after section 2 with the following:

3 Treasurer and Accounts; Appointments and Removal. Amend RSA 6:21 to read as follows:
6:21 Appointments; Removal; *Duties*.

I. The state treasurer shall appoint 2 deputies who shall hold office while the treasurer remains in office unless sooner removed. [The treasurer shall designate one deputy as chief deputy.] The treasurer may remove either [of them] deputy at pleasure, and the governor and council may remove either of the deputies for cause as they may remove the treasurer. A commissioner shall appoint deputies to hold office in like manner.

II. The treasurer shall designate one deputy as chief deputy who shall perform such duties as may be assigned by the treasurer. During the absence or disability of the treasurer, the chief deputy shall perform all duties of the office of treasurer. The other deputy shall perform such duties as may be assigned by the treasurer.

4 State Bonds; Cost of Debt Issuance. Amend RSA 6-A:13 to read as follows:

6-A:13 Cost of Debt Issuance; *Application of Premium*. The state treasurer may incur bond issuance costs and bond discounts, if applicable, which shall be offset with any bond premiums, if applicable, for bonds sold under this chapter. *Any remaining premium shall be credited to the general fund.* In order to provide funds to pay the cost of issuing bonds or the bond discount or to establish estimated revenue for the bond premium, the governor, upon request of the state treasurer, shall draw [his] a warrant for such payments out of any money in the treasury not otherwise appropriated from each fund as appropriate.

5 New Paragraph; Business Finance Authority; State Guarantees. Amend RSA 162-I:9-b by inserting after paragraph III the following new paragraph:

III-a.(a) Bonds awarded a state guarantee shall be awarded by giving priority to financing eligible facilities in all economically distressed communities of the state. The authority shall establish appropriate guidelines to ensure that state guarantees benefit only economically distressed areas.

(b) Priority for the funds awarded under RSA 162-I:9-b, III-a(a) shall be for the economically distressed areas of the northern portion of the state, particularly the White Mountain region, the northern portions of the Dartmouth-Lake Sunapee region, and the Lakes region.

6 Repeal. RSA 162-I:9-b, III-a, relative to use of bond proceeds awarded under a state guarantee, is repealed.

7 Applicability of Prospective Repeal. Any bonds awarded under the provisions of RSA 162-I:9-b, III-a shall not be affected by the prospective repeal in section 6 of this act.

8 Effective Date.

I. Section 6 of this act shall take effect July 1, 2002.

II. The remainder of this act shall take effect 60 days after its passage.

Adopted.

Report adopted and referred to Finance.

HB 553-FN-A, establishing a commission on the status of men, and making an appropriation therefor. OUGHT TO PASS

Rep. William R. Zolla for Executive Departments and Administration: This bill is similar to HB 1377, which passed the House last spring. The current proposal includes a purpose clause recognizing men as an important resource for their families and points out that certain social, economic and health problems are unique to men. As the Commission on Women has served us well for the past 30 years, we feel strongly that the same consideration and understanding should be granted to men, particularly in light of the fact that the Commission on Men will be required to report annually to the House and Senate. Its usefulness will be re-examined in five years. Vote 16-1.

Rep. Soltani requested a roll call; sufficiently seconded.

The question being the adoption of the report.

(Speaker Sytek in the Chair)

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 117, establishing a uniform education property tax and a utility property tax increasing the business profit and real estate transfer taxes and including other sources of revenue to provide funding for an adequate public education and making appropriation therefor. (Amendment printed SJ 15, 4/22/99)

Reps. Chandler and Burling moved that the House nonconcur and request a Committee of Conference. Adopted.

The Speaker appointed Reps. Lozeau, Chandler, Kurk, Hess and Burling. (Alternates: Reps. Wallner and Bradley)

REGULAR CALENDAR (CONT'D.)

HB 650-FN-A, relative to alcohol and drug abuse prevention and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maurice E. Goulet for Executive Departments and Administration: The sponsor provided an amendment that replaced the entire bill when it became apparent that the original bill would be defeated. The amendment establishes a study committee to study prevention services for alcohol and drug abuse. It appears that this is the first time these issues have been studied by the legislature in quite awhile. The study may answer the following questions: (1) how are preventive services currently being provided? And (2) should New Hampshire establish a council on drug/alcohol abuse prevention? Currently prevention services and funding appear in the department of education, attorney general's office, department of health and human services, etc., and perhaps now is the time to review the appropriateness of all services provided to this sensitive area. Vote 15-1.

Amendment (0647h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the structure of alcohol and drug abuse prevention services.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the structure of alcohol and drug abuse prevention services.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. The committee shall solicit information from all appropriate department heads and any other relevant source.

III. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the structure and delivery of alcohol and drug abuse services. The committee's study shall include, but not be limited to:

I. The current organizational structure and delivery of alcohol and substance abuse services and the feasibility of establishing an office of substance abuse services within the office of the governor.

II. Establishing the New Hampshire council on drug abuse prevention to:

(a) Coordinate, collaborate, and consult on the approval of substance abuse prevention programs and the distribution of federal and state funds appropriated or granted for such purposes.

(b) Establish a statewide master plan for substance abuse prevention, including strategy and programs.

(c) Make recommendations for legislation.

(d) Devise methodology to measure results of all substance abuse prevention programs.

III. The methods of funding future prevention programs and whether the use of moneys from the tobacco settlement would be appropriate.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the structure of alcohol and drug abuse prevention. Adopted.

Report adopted and ordered to third reading.

HB 669-FN, relative to the determination of current comparable compensation for persons with gainful earnings who receive disability retirement benefits. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: Under the present statute a member injured on the job may return to work in the hopes that they will be able to return to the position held prior to the injury. If the member then retires with a disability pension, the outside earning capacity is based upon the position last held. Under this bill, the outside earnings capacity will be based upon the position held when the injury occurred. This change will apply to members in group I and group II of the New Hampshire Retirement System. The cost of the program will be a one time cost upon the retirement system and will not affect the employers or employees contributions to the system. Vote 16-0.

Adopted and referred to Finance.

MOTION TO SPECIAL ORDER

Rep. Mock moved that **CACR 22**, relative to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed, be made a Special Order for the next session day in the regular calendar order.

Adopted.

REGULAR CALENDAR (CONT'D.)

HB 578, relative to a recovery against a third party related to a workers' compensation claim. **INEXPEDIENT TO LEGISLATE**

Rep. Nancy W. Wall for Labor, Industrial and Rehabilitative Services: The present law has worked effectively. The employee is compensated for lost earnings no matter the circumstances, since workers' compensation is a no-fault system. The court recognized double recovery by providing reimbursement to the carrier. The existing statute strikes a delicate balance between the rights of the worker who will receive workers' compensation benefits regardless of who may be at fault. The new provision would allow too much discretion to the court or the Department of Labor. Vote 13-6.

Rep. Daniels moved Re-commit to Committee and spoke in favor.

Adopted.

HB 627-FN-A, relative to establishing a differential between special fuel and gasoline taxes. **INEXPEDIENT TO LEGISLATE**

Rep. Gerald P. Merrill for Public Works and Highways: This bill would tax fuel based on the energy content of a gallon of fuel and change the rate of taxation from \$0.18 per gallon for all fuels to \$0.178 per gallon for gasoline, and \$0.197 per gallon on special (or diesel) fuel. The committee recognizes the sponsors' theory that diesel fuel has 11% more energy content, but the committee considered that there are other factors that affect the efficiency of fuel use. Such an increase in diesel fuel tax (about 10%) is not appropriate at this time, considering the state made a significant change a few years ago by taxing at the pump, which increased revenue from diesel operators. Vote 13-0. Rep. MacGillivray spoke against.

Rep. Edwin Smith spoke in favor and yielded to questions.

On a division vote, 232 members having voted in the affirmative and 62 in the negative, the report was adopted.

Rep. Rubin declared a conflict of interest and did not participate.

HB 625-FN-A, relative to a mercury emissions reduction and control program. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: RE-REFER TO COMMITTEE.**

Rep. Jeb E. Bradley for the Majority of Science, Technology and Energy: This bill creates a Mercury Emissions Reduction and Control Program, which is part of a New England wide effort. Mercury is a very potent and toxic pollutant that leads to human health and environmental problems. New Hampshire and 36 other states currently have a fresh water fish consumption advisory. Most air pollution is measured on a per ton basis. Mercury, due to its toxicity, is measured by the pound. The committee heard testimony from many individuals in numerous work sessions that even small amounts of mercury are hazardous. The evidence supporting this finding is not in doubt. The Department of Environmental Services (DES) mercury reduction plan lists numerous scientific studies about mercury's harmful effects.

This bill establishes mercury emission limits for the two waste to energy trash combustors in Concord and Claremont. These two facilities represent 35% of the man-made mercury emissions in New Hampshire. The Concord facility produces 402 pounds and the Claremont facility 155 pounds. Other significant sources are small waste combustors, medical waste incinerators, and coal-fired power plants. Common products such as button batteries, fluorescent lights, older thermometers, switches, and household medical waste may all contain mercury, which is released into the environment when incinerated. The bill establishes a state standard for mercury emissions from incinerators. These standards are somewhat tighter than federal standards. When implemented it is expected by DES that the pollution control equipment will remove 95% of mercury emissions from incinerators. Current federal standards apply to incinerators burning 250 tons of rubbish per day, which includes the Concord facility. The Claremont facility incinerates 240 tons per day. Federal standards for smaller facilities such as Claremont have been proposed by the Environmental Protection Agency and are currently at the Office of Management and Budget for review. It is expected by the operator of the Claremont facility and DES that these proposed federal standards will become effective early next year and implemented perhaps two years later. The committee received testimony that meeting the more stringent standard for the Concord facility added little additional cost to the pollution control technology.

However, regarding the Claremont facility, the committee received extensive testimony from New Hampshire/Vermont Solid Waste Project, a 29 town multi-state trash disposal district that has a reservation agreement for rubbish disposal with the private company which owns the incinerator.

The Project outlined the cost of the mercury control equipment and stated that the cost to the 15 New Hampshire communities to meet the federal standard is \$561,816 and the additional cost to meet the state standard is \$304,317. The committee heard testimony from the Attorney General's Office that because the incinerator is privately operated and then contracts for trash incineration capacity with 15 New Hampshire communities, Article 28-A does not apply. The majority of the committee; however, felt that with the absence of a clear federal standard (though fully expecting one in the near future) the appropriate course of action is to fully fund the New Hampshire share of the pollution control equipment or \$866,133. If this amount is agreed to, it is expected to be paid in installments of \$173,227 for five years. It is expected that installment payments would begin in the next budget cycle, as the emission limit compliance is effective on July 1, 2001.

The committee heard testimony that raised concerns about additional mercury in the ash landfills. Due to this concern the amendment instructs DES to conduct a study in order to maximize protection from ash contaminants. DES testified that despite ash concerns, on-going monitoring of the ash landfills indicates that the landfill liners have never been breached, that testing of monitoring wells has not shown contamination, and that landfill leachate has been tested and has not indicated any mercury contamination. The amendment also requires DES to continue its current groundwater testing program. DES testified that when moisture is added to the ash and transferred to the landfill in closed containers, the ash coalesces into a relatively hard and stable product. DES also testified that while landfilling incinerator ash is not a perfect environmental solution, it is far preferable to carefully control and monitor ash than it is to allow for uncontrolled emissions of mercury into the air.

Other concerns were expressed about the bill. One concern is that a magic bullet technology may exist which would remove other pollutants. DES testified that unfortunately no such technology exists. Questions were raised as to why hospital incinerators and coal-fired power plants were not included in this legislation. DES testified that as of the end of this year 27 out of 38 hospital incinerators will have closed and that DES is actively examining emissions limits on the remaining hospital plants. DES indicated that while technology is being developed to retrofit coal plants it is not yet available. The bill calls for study of control options for coal plants, hospital incinerators, and smaller municipal incinerators. Lastly, there was concern expressed that the pollution control equipment was designed for larger facilities. DES and the plant operator both testified that equipment that had been installed on other incinerators functioned as expected and met mercury reduction expectations. While no plant the exact size of the Claremont facility had been retrofitted, both DES and the plant operator were completely confident that the control technology would work as designed and remove 95% of mercury emissions.

The majority of the committee recommended six additional months for implementation of the controls, or until July 1, 2001, for the Claremont facility so that the ash landfill study could be completed and so that residents of the area who want to pursue a buy out of the reservation agreement for trash disposal may have ample time to do so. The majority of the committee rejected efforts to remove that facility from pollution control requirements because it is the third largest source of mercury emissions in New Hampshire and the majority of the committee believes uncontrolled mercury emissions are indeed a public health and environmental threat. Vote 16-4.

Rep. Gary R. Gilmore for the Minority of Science, Technology and Energy: For quite different reasons the minority oppose the current version of this legislation. One expressed concern is the lack of scientific studies documenting the adverse effect of mercury that warrant such public expenditures be it on the state or local level. Another concern is the uncertainty regarding the formation of the "Claremont" Solid Waste District and the financial obligations, which this bill could obligate those communities to absorb. A further concern is the inclusion of the Claremont Wheelabrator facility at a time in which there are no federal regulations for the emission of mercury for a facility the size of Claremont and the safeguards as outlined in this legislation are untested for a facility of this size.

Amendment (0788h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a mercury emissions reduction and control program and a study of mercury in ash landfills.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Mercury Emissions Reduction and Control Program. Amend RSA by inserting after chapter 125-K the following new chapter:

CHAPTER 125-L

MERCURY EMISSIONS REDUCTION AND CONTROL PROGRAM

125-L:1 Findings and Purpose.

I. The general court finds that mercury is a persistent, toxic pollutant that accumulates in the food chain and poses a significant adverse threat to the state's public health and welfare and to the natural environment, including fish and wildlife. As a potent neurotoxin, mercury exposure in humans can lead to birth defects, brain damage, elevated blood pressure, abnormal heart rhythms, low grade intermittent fevers, gastrointestinal irritation, muscle degeneration, and even death. The effects of mercury exposure on plants include decreased chlorophyll production, inhibited growth, root and leaf damage, accelerated aging, and death. Reproductive problems are the primary concern for birds. In response to the human health risk posed by mercury, the state of New Hampshire has issued a statewide advisory on the consumption of fresh water fish. This fish consumption advisory applies to all freshwater fish species collected from all inland waters. It advises women of childbearing age and young children to limit their consumption of freshwater fish to no more than one meal per month; all other people are advised to limit their consumption to no more than four meals per month. The Department of the Interior and the Department of Commerce have estimated that fishing expenditures in the state equal approximately \$320 million annually, while the American Sportfishing Association has estimated that these expenditures support about 7,700 jobs in New Hampshire. Consequently, mercury deposition may have an impact on New Hampshire's recreational economy.

II. The general court further finds that deposition of mercury and mercury compounds is occurring in the state of New Hampshire. While the majority of emissions originate from sources outside of New Hampshire, sources within the state also contribute to mercury deposition in New Hampshire and in the northeast region. Therefore, it is incumbent upon the state of New Hampshire to undertake prudent action to reduce its contribution to mercury deposition. Approximately 98 percent of the mercury emitted by anthropogenic (man-made) sources in New Hampshire comes from the incineration of municipal solid waste and medical waste, and from the combustion of fossil fuels, such as coal and oil.

III. The general court acknowledges that in June of 1998, the New England states and the eastern Canadian provinces jointly endorsed the implementation of a Regional Mercury Action Plan calling for the virtual elimination of anthropogenic mercury emissions, with an interim goal of reducing mercury emissions 50 percent by the year 2003.

IV. The general court recognizes the importance of additional research into the human health and ecological impacts of mercury contamination, the development of technologies to reduce and measures to avoid mercury emissions to the ambient air from sources such as coal-burning electricity generation plants, and the assessment of the relative cost-effectiveness of such technologies and measures. The general court finds, however, that reducing the substantial mercury emissions from municipal waste combustors and hospital medical and infectious waste incinerators through the use of existing technology where it can be applied cost effectively is prudent environmental policy for the state of New Hampshire.

V. Ash landfills which serve municipal waste combustors may experience increased mercury levels in the ash disposed at such landfills as a result of efforts to lower mercury emissions from such municipal waste combustors. Therefore, the general court finds that it is appropriate to implement mercury controls on municipal waste combustors after the department of environmental services conducts a detailed study and review of the ash landfills in the state to make certain that all necessary safeguards are in place to protect against environmental degradation from such sources and ensure the protection of drinking water supplies.

125-L:2 Definitions.

I. "Commissioner" means the commissioner of the department of environmental services.

II. "Control efficiency" means the percentage of mercury removed by the pollution control system expressed as a percentage of the total mercury that is introduced into the pollution control system.

III. "Department" means the department of environmental services.

IV. "Design capacity" means the maximum design 24-hour charging rate of a municipal waste combustor capable of continuously burning municipal solid waste.

V. "Eligible costs" means that percentage of the cost incurred by any municipality legally obligated to pay for pollution control equipment required as a result of the enactment of this chap-

ter, including the cost of engineering services, installation, and related services, as well as the actual capital cost for the pollution control equipment. Eligible costs shall exclude any administrative, legal, operational, and fiscal costs related to the pollution control equipment.

VI. "Governor" means the governor of the state of New Hampshire.

VII. "Hospital, medical and infectious waste incinerator" means any device that combusts any amount of hospital waste or medical/infectious waste.

VIII. "Hospital waste" means discards generated at a hospital, except unused items returned to the manufacturer. Hospital waste does not include human corpses, remains, and anatomical parts that are intended for interment or cremation.

IX. "Medical/infectious waste" means "medical/infectious waste" as defined in 40 CFR 60.51c.

X. "Municipal solid waste" means solid waste generated at residences, commercial or industrial establishments, and institutions, but excluding construction and demolition debris, automobile scrap and other motor vehicle waste, infectious waste, asbestos waste, contaminated soil and other absorbent media and ash other than ash from household stoves.

XI. "Municipal waste combustor" or "combustor" means a device that combusts solid, liquid, or gaseous municipal solid waste for the primary purpose of volume reduction or disposal. Municipal waste combustors do not include internal combustion engines, gas turbines, or other combustion devices that combust landfill gases collected by landfill gas collection systems.

XII. "Solid waste" means "solid waste" as defined by RSA 149-M:4, XXII.

125-L:3 Mercury Reduction and Control Program. The department shall develop a mercury reduction and control program. The program shall include, but is not limited to, the following:

I. Any municipal waste combustor with a design capacity to burn 100 tons per day or more of municipal solid waste shall reduce its mercury emissions to achieve a mercury emission rate of no greater than 0.028 milligrams per dry standard cubic meter (mg/dscm) corrected to 7 percent oxygen by volume on a dry basis, or at least 85 percent control efficiency.

II. The department shall evaluate the technical and economic feasibility of establishing a mercury emission limit of 0.028 mg/dscm corrected to 7 percent oxygen by volume on a dry basis for:

(a) Municipal waste combustors with a design capacity to burn less than 100 tons per day of municipal solid waste; and

(b) Hospital, medical and infectious waste incinerators.

III. The department shall evaluate the technical and economic feasibility of establishing a mercury emission limit for coal-burning electricity generation plants.

125-L:4 Rulemaking Authority. The commissioner shall adopt rules, under RSA 541-A relative to:

I. Procedures and frequency for stack testing, testing protocols, measurement methods, and other such actions as may be necessary to verify compliance with this chapter.

II. Fees for implementing and enforcing the terms and conditions relating to reduction of mercury emissions of a permit issued in accordance with RSA 125-C.

III. Establishment and administration of the grant program in accordance with RSA 125-L:8.

125-L:5 Compliance.

I. No person shall operate a municipal waste combustor with the design capacity to burn 100 tons per day or more of municipal solid waste without a temporary or operating permit issued by the department in accordance with RSA 125-C. Any source subject to this section shall file a complete application for a permit or permit modification under the provisions of RSA 125-C and a plan for achieving compliance with this chapter. Combustors with a design capacity of 250 tons per day or more shall submit such plan and application by July 1, 2000 in order to comply by January 1, 2001 with the emission limits established by this chapter. Combustors with a design capacity of less than 250 tons per day but not less than 100 tons per day shall submit such plan and application by January 1, 2001 in order to comply by July 1, 2001 with the emission limits established by this chapter.

II. Until 6 months prior to the date set under paragraph I for complying with an emission limit, the owner of a combustor may request a single extension of time of not more than 6 months, for compliance with this chapter. The commissioner shall grant the extension if, based on the information presented, compliance with the applicable emission limit is not achievable by the compliance date due to, but not limited to, engineering constraints, availability of equipment, or other justifiable technical reasons. The commissioner shall not consider issues of cost or economic hardship in granting the extension.

125-L:6 Enforcement.

I. All of the enforcement provisions of RSA 125-C:15 shall apply to violations of this chapter.

II. Each day of a continuing violation shall constitute a separate violation.

125-L:7 Variances. Any variance granted under this chapter shall be granted by the commissioner upon application and after a hearing, in accordance with RSA 125-C:16.

125-L:8 Financial Assistance to Communities.

I. The department shall establish a grant program to reimburse eligible costs to those New Hampshire municipalities served by municipal waste combustors affected by the emission limits established by this chapter. The state, through this grant program, shall reimburse 100 percent of eligible costs, including amortization charges, meaning principle and interest, resulting from the installation of the pollution control equipment required as a result of the enactment of this chapter. The department shall reimburse those eligible costs over the same period as any such municipality has amortized such costs, provided that such amortization period shall not be less than 5 years.

II. The department shall determine the eligible costs of each municipality served by a municipal waste combustor subject to this chapter and reimburse such eligible costs and, with prior approval of the joint legislative fiscal committee and the governor and council, reimburse each municipality subject to the funds as appropriated by the legislature for this purpose.

2 Ash Landfill Study. The department of environmental services shall study the implications of having increased mercury levels in ash in order to ensure maximum protection measures from ash contaminants. The department shall review current environmental protection practices at ash landfills that serve combustors with a design capacity of 100 tons per day or more, including methods used to handle and treat ash, the adequacy of leak detection systems and groundwater monitoring, and the ability to effectively mitigate environmental contamination, if it should occur, to protect drinking water supplies. The department shall report its findings by February 1, 2000 to the house science, technology and energy committee, the house environment and agriculture committee, the house resources, recreation and development committee, the senate environment committee, the governor, the state library, the New Hampshire/Vermont Solid Waste Project, all of the municipalities in the Sullivan County Regional Refuse Disposal District, and the Concord Regional Solid Waste/Resource Recovery Cooperative and its member municipalities.

3 Groundwater Monitoring. The department of environmental services shall continue to require, under its current permitting authority, groundwater testing around the ash landfills in the state and shall closely monitor the results for any contamination caused by leakage from the ash landfills.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a mercury emissions reduction and control program.

This bill also requires the department of environmental services to conduct a study of the implications of increased mercury levels in the state's ash landfills in order to ensure maximum protection measures from ash contaminants.

Adopted.

Rep. Bradley yielded to questions.

Majority report adopted and referred to Finance.

HB 694-FN, relative to prevention and prohibition of MTBE contamination of drinking water, wells, and surface and groundwater resources. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Science, Technology and Energy: The committee held a seven-hour hearing and several work sessions on this bill. As proposed the bill would have created a maximum contaminant level for methyl tertiary butyl ether (MTBE) of 14 parts per billion (ppb) in all waters of the state and 5 ppb in drinking water. The bill would have also banned delivery of any gasoline containing MTBE. Even conventional gas has contained 2% MTBE for a number of years. A complete MTBE ban is unworkable if a state wants to have adequate supplies of gas.

MTBE is a gasoline additive, which adds oxygen to the fuel in order to increase combustion. MTBE has been widely used in so-called reformulated gasoline for several years in the Northeast as a way of combating ozone air pollution. Currently, as part of New Hampshire's air quality plan, reformulated gas is required to be sold in Hillsborough, Merrimack, Strafford, and Rockingham counties but not in the remaining 6 New Hampshire counties where conventional gas is sold. Supposed clean

air benefits of reformulated gas have been a component of New Hampshire's ability to demonstrate compliance with the federal air standards. Reformulated gasoline also has a reduced concentration of benzene, a known carcinogen.

Unfortunately, MTBE is very water-soluble and if spilled can easily enter drinking water supplies. MTBE has been detected in 135 New Hampshire public drinking water supplies, although 108 of those supplies have been tested with levels below 5 ppb. Much literature was distributed to the committee, which concluded in the purpose statement of the amendment that MTBE is not a known carcinogen but that initial research indicates it may be found to be a carcinogen.

Based upon all of the many competing interests the committee amendment recommends a cautious and realistic approach to the problem of MTBE in drinking water. The Department of Environmental Services (DES) is requested to seek all necessary waivers from the Environmental Protection Agency (EPA) so that conventional gasoline may be used in the entire state. Supplies of conventional gas are readily available and if EPA acts quickly to grant the needed waivers, further MTBE water pollution problems can be averted.

The Commissioner of Department of Environmental Services is given authority with approval of Governor and Council to limit the concentration of MTBE in gasoline provided that other reasonably priced gasoline is available in New Hampshire, that alternative gasolines are less hazardous to humans and the environment, and that the necessary waivers are obtained from the EPA such that further air pollution reductions are not required.

The amendment directs public drinking water systems to notify customers if water contains MTBE in amounts greater than 5 ppb. It also requires that any drinking water standards adopted by DES for MTBE be no greater than 35 ppb. The amendment reduces the groundwater remediation standard from the federal 70 ppb to 35 ppb. Remediation is funded through the Oil Discharge and Disposal Cleanup Fund. As introduced, the bill had a fiscal note of \$1,055,000 per year in increased state costs. The committee requested a revised fiscal note, which indicated a lower fiscal impact of \$440,000 annually. The fiscal impact is far less due to the change in the groundwater remediation standard from 14 ppb to 35 ppb. The committee considered the bill and voted ought to pass 16-3. After the lower revised fiscal note, the bill was reconsidered by the committee and the vote was 19-1 ought to pass. The committee believes the bill, as amended, represents a realistic approach (along with a previously approved study bill HB 592) to a problem that hopefully will be solved in the long run through alternative additives in gasoline on a nationwide basis. Other states, most notably California, are applying this sort of pressure on EPA and gasoline manufacturers. The committee is very aware that before an MTBE ban can occur alternative supplies at reasonable prices must exist that present less environmental risks. Vote 19-1.

Amendment (0667h)

Amend the bill by replacing all after the enacting clause with the following:

I Findings and Recommendations.

1. The general court finds that New Hampshire's participation in the federal reformulated gasoline program in Strafford, Merrimack, Hillsborough, and Rockingham counties, in order to comply with federal air pollution regulations, has had mixed results. The oxygenate methyl tertiary butyl ether (MTBE) is a major constituent of reformulated gasoline. Though MTBE's presence in gasoline has helped reduce harmful automobile tailpipe emissions and toxic constituents such as benzene, unintended contamination to the state's water resources has occurred. MTBE is extremely water-soluble and even the smallest spills of gasoline may allow MTBE to migrate into the ground water. While MTBE is not a known or probable carcinogen, initial research indicates that it may be found to be a carcinogen.

II. A recent preliminary study in Maine found detectable levels of MTBE in 15.8 percent of private wells and 16 percent of public water supplies. Levels of MTBE were below 5 parts per billion in 97 percent of Maine's tested private wells and 98.6 percent of Maine's tested public supplies. Due to similar soil and bedrock characteristics in New Hampshire, it is reasonable to assume that New Hampshire would find similar contamination levels in its water supplies if testing were done. Maine has adopted a 35 part per billion health standard.

III. The general court finds that alternatives to using MTBE in gasoline may have undesirable environmental effects, that restricting MTBE in gasoline may cause significant gasoline supply disruptions and price increases, and that regulation by the state of MTBE levels in gasoline may

not be legal under federal law. The general court finds that the only realistic, near term means of lowering MTBE levels in gasoline, while avoiding supply disruptions and price increases, is reverting to the use of conventional gasoline as is currently allowed in the six New Hampshire counties that have demonstrated attainment of federal air quality standards. An Environmental Protection Agency waiver is necessary to use conventional rather than reformulated gasoline in Strafford, Merrimack, Hillsborough, and Rockingham counties.

IV. The general court finds that, based on available information, there is not an imminent threat to public health due to MTBE contamination. However, the general court believes that there is a sufficient threat of groundwater contamination to warrant preventive action in order to protect drinking water supplies and prevent costly remediation of MTBE contaminated groundwater.

V. Therefore, the general court recommends that:

(a) The department of environmental services and the department of health and human services continue to monitor New Hampshire's public and private drinking water supplies.

(b) Both departments continue to study MTBE alternatives.

(c) The ambient groundwater quality standard for MTBE be reduced from 70 parts per billion to 35 parts per billion.

(d) The commissioner of the department of environmental services seek all necessary waivers from the Environmental Protection Agency such that conventional gasoline (or some other substitute gasoline that is readily available and reasonably priced) may immediately replace reformulated gasoline in Strafford, Rockingham, Hillsborough, and Merrimack counties until January 1, 2002. As such waivers would be temporary, they shall not be predicated upon the state implementing substitute air emissions reduction strategies in order to comply with the state implementation plan.

(e) The commissioner of the department of environmental services be given the authority to require lower MTBE concentrations in gasoline upon determining that readily available and reasonably priced substitute gasoline supplies exist, that alternative gasoline formulations are less hazardous to humans and the environment, and that such gasoline alternatives are approved for use in New Hampshire by the Environmental Protection Agency.

(f) The commissioner of the department of environmental services explore all mitigation alternatives, including but not limited to, the commissioner's authority to enforce the New Hampshire safe drinking water act under RSA 485.

2 New Subdivision; Methyl Tertiary Butyl Ether (MTBE). Amend RSA 485 by inserting after section 16 the following new subdivision:

Methyl Tertiary Butyl Ether (MTBE)

485:16-a Drinking Water Standards and Notification.

I. Drinking water rules adopted under RSA 485:3 for methyl tertiary butyl ether (MTBE) shall at a minimum comply with the ambient groundwater quality standard established for MTBE under RSA 485-C:6, IV.

II. Any public water system delivering water with greater than 5 parts per billion of MTBE shall notify each customer of the MTBE content.

485:16-b Authority to Limit MTBE in Gasoline; Penalties.

I. The commissioner, after consultation with the commissioner of health and human services, may limit, with the approval of the governor and council, the concentration of MTBE allowed in any gasoline sold in all or part of the state after first holding a public hearing on the issue and certifying to the air pollution advisory committee established in RSA 125-J:11 that gasolines which meet such limit are:

(a) Readily available to New Hampshire consumers at a reasonable price;

(b) Less hazardous overall to humans and the environment than gasoline having higher MTBE concentrations taking into account all exposure routes, including air and water; and

(c) Approved for use in New Hampshire by the Environmental Protection Agency without a requirement to substitute additional air emissions reductions.

II. Nothing in this section shall prohibit the commissioner from phasing in any limitations approved under paragraph I.

III. Retail sellers of gasoline and the suppliers to such retail sellers shall comply with the provisions of paragraph I or be subject to the enforcement provisions of RSA 485:58.

IV. The limitations on MTBE concentrations established under the provisions of this section shall be exempt from the requirements of RSA 541-A, the administrative procedure act. The department shall file, however, in the office of legislative services a copy of all rules adopted, amended, or repealed under this section by the department.

3 New Paragraph; Water Management and Protection; Groundwater Protection Act; Ambient Groundwater Quality Standards; Methyl Tertiary Butyl Ether (MTBE). Amend RSA 485-C:6 by inserting after paragraph III the following new paragraph:

IV. The ambient groundwater quality standard for methyl tertiary butyl ether (MTBE) shall be 35 parts per billion.

4 New Subparagraph; Proceedings in Special Cases; Administrative Procedure Act; Exceptions; Limits on Methyl Tertiary Butyl Ether. Amend RSA 541-A:21, I by inserting after subparagraph (u) the following new subparagraph:

(v) RSA 485:16-b, I relative to limits on the concentration of methyl tertiary butyl ether in gasoline.

5 Effective Date.

I. RSA 485:16-a, I as inserted by section 2 of this act and section 3 of this act shall take effect July 1, 2000.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes an ambient groundwater quality standard for MTBE and permits the commissioner of the department of environmental services to set limits on the concentration of MTBE in gasoline.

Adopted.

Report adopted and referred to Finance.

SENATE MESSAGE

ACCEDES TO REQUESTS FOR COMMITTEE OF CONFERENCE

HB 117, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor.

The President appointed Sens. Hollingworth, Fraser, Larsen, McCarley and D'Allesandro. (Alternates: Sens. Blaisdell and Klemm)

REGULAR CALENDAR (CONT'D.)

HB 293, relative to the definition of "party" for election purposes. **INEXPEDIENT TO LEGISLATE** Rep. Paul A. Gibbons for Election Law: This bill expands the circumstances under which a political organization qualifies as a party for election purposes. As the definition of "party" was written last session and just went into effect 1/1/99, the Committee found no need to redefine or expand the definitions at this time Vote 16-0.

Reps. Brewster and Kennedy spoke against.

Rep. Buckley spoke in favor and yielded to questions.

Rep. Rose moved Re-commit to Committee and spoke in favor.

Rep. Arndt spoke against.

The motion to Re-commit to Committee failed.

The question now being the adoption of the report.

Rep. Brewster requested a roll call; not sufficiently seconded.

On a division vote, 259 members having voted in the affirmative and 26 in the negative, the report was adopted.

SPECIAL ORDER WITHOUT OBJECTION

Without objection, the Speaker made **HB 389**, relative to procedures for apportioning state representatives among counties and among legislative districts, a Special Order for the next session day in the regular calendar order.

REGULAR CALENDAR (CONT'D.)**HB 458**, relative to voter qualifications. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jane A. Clemons for Election Law: This bill removes the requirement that an inhabitant must establish a domicile in order to be able to vote. It also provides that a person may not be denied voting eligibility on the sole basis that a person has a non-traditional residence. This bill would allow the homeless, persons in homeless shelters or shelters for abused spouses, who for safety reasons may be incognito, access to the voting process, even if their place of abode is temporary. The Committee, trying to be inclusive regarding the electoral process felt this addressed a group of people often left out of the process due to temporary or unusual circumstances Vote 12-1. Rep. Clegg moved Re-commit to Committee and spoke in favor. Adopted.

HB 646-FN, relative to the vesting period for New Hampshire retirement system benefits. **INEXPEDIENT TO LEGISLATE**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill would have reduced the present vesting period from 10 years to a period of 7 years. The committee heard very few reasons why this should be done. To make this change in the vesting period will cause a large increase in the employer contributions. The actuary has determined that this change will add \$ 1.3 million to the employer contributions. The committee felt that the cost outweighed the benefits and voted the bill inexpedient to legislate. Vote 17-0.

Adopted.

RESOLUTION

Rep. Whalley offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair. Adopted.

LATE SESSION**Third reading and final passage**

HB 438, relative to certain changes to the membership of the advisory committee on child care.

SB 65, establishing a study committee to review field activities conducted by the department of health and human services relative to children, youth and families.

SB 130, establishing a committee to study issues regarding procedures and standards for selection and supervision of court-appointed guardians ad litem.

HB 322, relative to funds provided by a mortgagee at real estate closings.

HB 535, establishing a committee to study the department of resources and economic development.

HB 736, ratifying the 1999 Allenstown annual town meeting.

HB 463-L, relative to local regulation of junk yards and altering the definition of federal aid primary system for purposes of the laws regarding highway regulations, protection and control regulations.

HB 421, relative to penalty provisions for the law regarding control of marine pollution, exotic aquatic weeds, and other aquatic growth.

HB 325, prohibiting "cramming" in telecommunications billing.

HB 538, establishing a committee to study the new construction and repair of New Hampshire commemorative monuments at certain Civil War battle sites.

HB 477-FN, changing certain requirements for temporary plates on motor vehicles.

HB 265, relative to the student trustees on the university system of New Hampshire board of trustees.

HB 341, relative to the process for nonrenewal of teacher contracts.

HB 225, relative to the definitions of the terms "farm," "agriculture," and "farming."

HB 379, setting up a study committee to study issues pertaining to the Sullivan county regional refuse disposal district.

HB 410, relative to the enforcement authority of the department of environmental services.

HB 650-FN-A, establishing a committee to study the structure of alcohol and drug abuse prevention services.

RECESS MOTION

Rep. Whalley moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 5:55 p.m.

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Kurk offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bill numbered 742, shall be by this resolution read a first and second time by the therein listed title, sent for printing, and referred to the therein designated committee.

Adopted.

INTRODUCTION OF HOUSE BILL**First, second reading and referral**

HB 742, defining "domestic employee" for purposes of workers' compensation. (Daniels, Hills 13: Labor, Industrial and Rehabilitative Services)

RESOLUTION

Rep. Kurk offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 11, 13, 24, 47, 129, 134, 145, 170, 176, 186, 187, 192, 193, 207, 208 and 216 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 11-FN, relative to the filing fee for securities in a combined prospectus offered for sale in New Hampshire by a mutual fund. (Commerce)

SB 13, relative to the bonding authority of joint boards in joint maintenance agreements and relative to the eligibility of joint maintenance agreement districts for school building aid. (Education)

SB 24, extending the application of certain provisions of the child protection act to all children in out-of-home placements. (Children and Family Law)

SB 47-FN, relative to compensation for time lost by fish and game conservation officers for injuries received in the line of duty, and restoring certain leave time for a conservation officer injured while on duty on August 19, 1997. (Executive Departments and Administration)

SB 129-L, requiring school districts to disclose any reimbursements received to offset special education expenditures. (Finance)

SB 134-FN, relative to medicaid reimbursement rates and dental care. (Finance)

SB 145-FN-A, relative to state financial aid for state fairs, and making an appropriation therefor. (Finance)

SB 170-FN-A, establishing a parents as teachers pilot program in Sullivan county and making an appropriation therefor. (Education)

SB 176-FN-A, relative to technology support for individuals and making an appropriation therefor. (Health, Human Services and Elderly Affairs)

SB 186-FN, relative to additional cost of living adjustments and increased minimum allowances for certain retired group II members, and relative to requiring spousal acknowledgement of a member's election of an optional retirement allowance. (Executive Departments and Administration)

SB 187-FN-L, relative to payment of group health insurance premiums for eligible retired teachers in the New Hampshire retirement system. (Executive Departments and Administration)

SB 192, relative to vital records. (Health, Human Services and Elderly Affairs)

SB 193-FN, relative to holiday pay for certain state employees. (Executive Departments and Administration)

SB 207, relative to authorizing bonds for the construction and renovation of regional vocational education centers. (Finance)

SB 208-FN, establishing a "parents as scholars" program. (Education)

SB 216-FN, allowing veterans the right to purchase credit in the retirement system for certain service in the armed forces. (Executive Departments and Administration)

SENATE MESSAGE

CONCURRENCE

HB 90, removing the prohibition on adoption and foster parenting by homosexual persons.

HB 229, changing the registration fee requirement of the commercial feed law.

HB 238-FN-A, allowing the production and sale of American ginseng in the state of New Hampshire and making an appropriation therefor.

HB 307, establishing a committee to study the negotiated risk agreements when patients desire to remain in a facility over the recommendations of the department of health and human services.

HB 418, relative to accounts and reporting dates of certain funds in the fish and game department.

HB 520, relative to an open season for chukar partridge.

RECESS

(Speaker Sytek in the Chair)

Rep. Lozeau moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 16

Thursday, April 29, 1999

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Reverend Dr. Scott Erickson, Chaplain of St. Paul's School in Concord.

Almighty God, our Heavenly Father, we thank You for these Your Servants, who seek to serve New Hampshire in a spirit of justice and truth. We pray You to send down upon all who hold office in this state the spirit of wisdom and charity, that with steadfast purpose they may faithfully serve in their offices to promote the well-being of all people. We pray especially today that Your guidance will allow these, our representatives, to work hard on behalf of our children; that together in a spirit of cooperation we will find ways to provide an excellent education to all young people in New Hampshire. We pray also for our friends in Littleton, Colorado, who grieve in these difficult days of loss. May we in New Hampshire work hard to make our schools safe places for all students and adults. And we pray for peace in our land, but especially in Kosovo. May we never be fearful to do what is right, and to uphold all people in love. These things we ask in thankfulness for the tasks that lie ahead in this House. Amen.

Reps. Langer and Fields led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Doucette, Golden, Hansen, Hunter, McColgan and Searles, the day, illness.

Reps. Bergin, Berube, Burkush, Chabot, Peter Cote, Cox, Domingo, Dwyer, David Flanders, Claudette Jean, MacNeil, James McDonald, Norelli, O'Neil, Pantelakos, Shultis, Edwin Smith, Tholl, Weatherspoon and Zolla, the day, important business.

Reps. Nolan-Piteri and Mendenhall, the day, illness in the family.

INTRODUCTION OF GUESTS

Hillsborough County Commissioners Carol Holden and Rhona Charbonneau, guests of the Hillsborough Delegation. Mary Dugano and Claire Chicoine, nieces of Rep. Cecelia Kane. Persis Gow, mother-in-law of Rep. Whalley. Patrick Wood, husband of Rep. Wood. Joshua Brothers, son of Rep. Brothers. Alice Johnson, Betty Cheney, and Patty Blackwood, guests of Rep. Ham. Cara Hard, daughter of Rep. Gibbons. Katherine, Alice and Dennis Sheehan, granddaughters and guest of Rep. Christiansen. Ed and Loretta Silva, guests of Rep. Vaillancourt.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 90, 207, 218, 229, 238, 288, 307, 355, 418, 490, and 520 and Senate Bills 65 and 130.

Rep. Ronald Nowe and Sen. Disnard, for the Committee

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 210, reinstating the corporate charter of C. A. B. Real Estate, Inc. (Amendment printed SJ 14, 4/20/99)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

HB 358, relative to the term of office for members of the state board of education. (Amendment printed SJ 15, 4/22/99)

Rep. O'Hearn moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Chandler moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 585, relative to preserving the use of state park lands for their original purposes, removed by Rep. Wiggins.

Consent Calendar adopted.

HB 333, relative to contracts between participating providers and managed care entities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Keith R. Herman for Commerce: The bill creates in statute a specified time frame for which physicians have to review contracts with insurance companies. There are concerns that physicians don't have enough time to review contracts and thus enter agreements, which are somehow detrimental to the physician. The amendment changes the time from 90 days to 60, eliminates the requirement that new language be highlighted, and adds an applicability clause to only affect contracts after the effective date of this bill. The medical society strongly supported this bill, and the committee feels this will have little effect on health care costs. Vote 12-1.

Amendment (0915h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Review Required. Amend RSA 420-J:8 by inserting after paragraph VI the following new paragraph:

VII. A health carrier shall allow a participating provider 60 days from the postmarked date to review any proposed contract and any modifications to an existing contract.

2 Applicability. This act shall not apply to contracts entered into prior to the effective date of this act.

3 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires health carriers to allow the contracting participating provider 60 days from the postmarked date to review the proposed contract or any modification to an existing contract.

HB 371, relative to warranty coverage and liability for loss under a motor vehicle lease. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: The topics in this bill have been covered in the amendment to HB 331. Therefore, the committee found this bill inexpedient to legislate. Vote 13-0.

HB 469, raising the medical payments coverage under automobile insurance policies. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Commerce: This bill raises the limits for minimum medical payments coverage under automobile insurance policies from \$1,000 to \$5,000. The testimony indicated that practically all policies today were already at \$5,000 and that the \$1,000 figure really wasn't sufficient to cover medical costs anymore. The cost for additional coverage ranges from \$20 to \$45 depending on value of automobile. Vote 16-2.

Amendment (0693h)

Amend the bill by replacing section 1 with the following:

1 Minimum Medical Coverage Payments Increased. Amend RSA 264:16, I to read as follows:

1. Any motor vehicle liability policy, as defined in RSA 259:61, covering a private passenger automobile and issued with respect to any motor vehicle registered or principally garaged in this state, shall provide coverage therein or supplemental thereto in an amount equal to or greater than [~~\$1,000~~] **\$5,000** per person for medical costs incurred as a result of injuries sustained in an accident involving the insured vehicle by the driver and passengers in said vehicle. [~~Provided that said~~] **Such** coverage shall apply only to medical costs incurred during one year following the date the injuries are sustained.

AMENDED ANALYSIS

This bill raises the limits for minimum medical payments coverage under automobile insurance policies from \$1,000 to \$5,000.

HB 473, relative to small group health insurance. **OUGHT TO PASS WITH AMENDMENT**
Rep. Dennis P. Vachon for Commerce: The committee believes that this is an important issue warranting further study. The individual health insurance market continues to face difficult times despite measures adopted by the Insurance Department and this Legislature in prior years. It is self-evident that the marketplace is unable to effectively deal with this issue and that further governmental regulation may have to occur in order to increase the affordability and access to quality and choice health care for individuals also known as the non-group market. Vote 13-0.

Amendment (0623h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the non-group health insurance market.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the issue of encouraging health insurance carriers to insure individuals from the non-group market.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study ways to encourage health insurance carriers to insure individuals from the non-group market.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study ways to encourage health insurance carriers to insure individuals from the non-group market.

HB 511, relative to the sale of certain mixed or prepared alcohol products. **INEXPEDIENT TO LEGISLATE**

Rep. Stephen G. Avery for Commerce: This bill would have expanded the distribution of 48 proof distilled spirits such as rum, vodka, cordials and schnapps to more than 1400 retail outlets throughout the state. The Liquor Commission does not believe that it will increase revenues to the state and, most importantly, many of these drinks have a large following in the under 21 population and the enforcement problems would greatly increase. This bill was opposed by the Retail Grocers and the Liquor Commission. Vote 13-0.

HB 528, adding penalty provisions to the unfair claim settlement practices by insurers law. **RE-REFER TO COMMITTEE**

Rep. Dennis P. Vachon for Commerce: The committee has chosen to accede to the request of the prime sponsor to re-refer this bill to the committee for further study. The issue of creating a private cause of action against insurance carriers is potentially very controversial and may require fine-tuning of the existing statutes referred to. Vote 10-3.

HB 693-FN, limiting access to certain business records. RE-REFER TO COMMITTEE

Rep. Joseph D. Kenney for Commerce: This bill, as introduced, addressed the ongoing process of out-of-state revenue departments auditing New Hampshire businesses who appear to have done business in that state. The bill was amended in committee to require any agency of another state to request business records disclosure by certified mail and to allow thirty days for that business to respond by certified mail. If the New Hampshire business does not respond within thirty days, the business would not have the protection of a court order. The National Federation of Independent Businesses spoke in favor of this amendment opposing the intrusion of out-of-state auditors without notice. The Commissioner of Department of Revenue Administration opposed the bill due to the fact there are safeguards in place to address reasonable cause and NEXUS if an out-of-state auditor comes into a New Hampshire business. The commissioner felt the 17 - 25 million dollars a year revenue collected by New Hampshire in other states could be in jeopardy by this bill. The committee felt this bill should be re-referred to allow further work on a more defined procedure for out-of-state auditors to follow. Vote 13-0.

HB 346-FN-A, relative to permissible fireworks. OUGHT TO PASS WITH AMENDMENT

Rep. Everett A. Wear for Criminal Justice and Public Safety: There have been several changes to the laws and regulations dealing with the handling, storage, and selling of fireworks in recent years. It has resulted in safer, more manageable procedures in dealing with fireworks. This bill allows a permit procedure for permissible fireworks separate from the permit procedure for display fireworks. It also authorizes the director of safety to approve or delete items from the list of permissible fireworks as submitted by the Permissible Fireworks Review Committee. It further sets forth restrictions, on who may obtain a permit to sell permissible fireworks and who may work as an employee selling permissible fireworks. Vote 13-0.

Amendment (0679h)

Amend RSA 160-B:6, VI as inserted by section 8 of the bill by replacing it with the following:

VI. A person who has a federal permit issued in accordance with *the provisions of* title 18, United States Code, governing fireworks, a state license issued pursuant to this section, and a local permit issued pursuant to this section may sell *display and consumer* fireworks; however, such a person shall only sell ~~them~~ *display fireworks* to a person who shows a certificate of competency issued pursuant to RSA 158:9-f, or who shows a license for the storage of ~~class B~~ *display* fireworks issued pursuant to RSA 158:9-c, or a license to sell ~~at wholesale as provided in~~ *display and consumer fireworks pursuant to* this chapter. Any sale which the seller makes shall be recorded, and the record, at a minimum, shall contain a copy of the purchaser's certificate of competency and display permit and, in the case of a wholesale sale, the purchaser's retail number from the state of residence, IRS tax identification number or such other information as the commissioner shall specify by rule adopted pursuant to RSA 541-A.

Amend RSA 160-C:3, III as inserted by section 14 of the bill by replacing it with the following:

III. The state license may be issued to an applicant who, at the time such license is issued, possesses a permit issued in accordance with the provisions of Title 18, United States Code, governing fireworks, and a permit issued pursuant to RSA 160-C:3, I. No license shall be issued for the sale of permissible fireworks unless the applicant establishes that it will locate its business in a permanent structure which meets all applicable fire safety codes, building codes, zoning codes, and the requirements of local ordinances. No license for the sale of permissible fireworks shall be issued to any person who has been convicted of any offense involving fireworks or explosives within the 2 years prior to the application or who has been found to have violated any fireworks or explosives laws, rules, or regulations within the 2 years prior to the application. No license shall be issued to any person under 21 years of age.

Amend RSA 160-C:3 as inserted by section 14 of the bill by inserting after paragraph IX the following new paragraph:

X. No licensee shall employ a person to handle or sell fireworks who has been convicted of any offense involving fireworks or explosives within the past 2 years or who has been found to have violated any fireworks or explosives laws, rules, or regulations within the past 2 years.

Amend RSA 160-C:15, I as inserted by section 14 of the bill by replacing it with the following:

I. Within 30 days of receiving the recommendation of the permissible fireworks review committee, the commissioner shall determine whether an item should be classified as a permissible firework under this chapter. The commissioner shall establish a list of items that have been classified as permissible fireworks.

Amend section 21 of the bill by replacing paragraph II with the following:

II. The remainder of this act shall take effect upon its passage.

Referred to Finance.

HB 508, relative to the nude photography of 16 and 17 year old subjects. **INEXPEDIENT TO LEGISLATE**

Rep. Patricia M. O'Keefe for Criminal Justice and Public Safety: This bill establishes requirements for the nude photography of 16 and 17 year old subjects and imposes criminal penalties for unauthorized nude photography. While recognizing the potential for exploitation of 16 and 17 year olds in regard to nude photography, the committee agreed that definitions of "art," partial nudity and other areas of the bill were too broad to define for the purposes of this bill. Issues related to this topic were felt to be best resolved between the parents/guardians and their adolescent children within the context of the family unit. The committee recommends Inexpedient to Legislate. Vote 13-0.

HB 683-FN, requiring teachers and school administrators to report incidents of disruptive behavior by students. **RE-REFER TO COMMITTEE**

Rep. Patricia M. O'Keefe for Criminal Justice and Public Safety: This bill adds criminal threatening by students to the list of offenses governed by RSA 193-D, the safe school act. The bill also requires parents to notify schools of such behavioral tendencies and provides a penalty for parental obstruction of reporting efforts. In this case the parent would be guilty of a class B felony. The majority of the committee has serious doubt about the wisdom of creating felony penalties for this activity. The subject matter, disruptive behavior by students in our schools, was the subject of a recent visit to the Police Standards and Training Academy by the Criminal Justice and Public Safety Committee and the House Education Committee. The CJ&PS Committee plans to study the subject of student violence before the next session and this bill would give the committee a vehicle for any legislation that may result from this study. The committee voted re-refer to committee for study Vote 14-0.

HB 532, establishing a commission to study early childhood education. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: This bill establishes a commission to identify and recommend services, which enrich home learning environments for young children through parenting education and support. Recent research on early brain development provides compelling evidence of the importance of early stimulation in maximizing children's potential for learning. Thus, the committee strongly supports further examination of ways parents, working with their communities and the legislature, can promote school readiness. Vote 18-1.

Amendment (0226h)

Amend the bill by replacing section 3 with the following:

3 Membership; Organization; Meetings.

I. The members of the commission shall be as follows:

(a) Three members of the house of representatives, one of whom shall be the chairperson of the education committee or designee, appointed by the speaker of the house.

(b) Two members of the senate, one of whom shall be the chairperson of the education committee or designee, appointed by the president of the senate.

II. The commission shall also consist of the following non-voting members:

(a) Two members appointed by the governor.

(b) One member appointed by the chairperson or other duly authorized executive officer of the New Hampshire Pediatric Society.

(c) Two members appointed by the chairperson of the New Hampshire Child Care Advisory Committee.

(d) One member appointed by the chairperson or other duly authorized executive officer of Good Beginnings.

(e) One member representing Early Headstart, appointed by the chairperson of the New Hampshire Headstart Directors' Association.

(f) One member appointed by the chairperson or other duly authorized executive officer of the Family Resource Center Network.

(g) One member appointed by the chairperson or other duly authorized executive officer of the New Hampshire Headstart Parents Association.

(h) One member representing the university of New Hampshire cooperative extension program, appointed by the chancellor of the university system of New Hampshire.

III. The commission may consult with such other individuals and organizations as it deems necessary.

IV. Commission members shall serve without compensation. Legislative members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

V. The commission may hold its meetings at such times and in such places as it deems appropriate.

SB 119, relative to the withdrawal of a pupil from school. **OUGHT TO PASS**

Rep. Elizabeth K. Hoadley for Education: The Committee has real concern about the number of students who choose to leave high school. Still, to require a 16 or 17 year old student to wait as many as 60 days between deciding to withdraw and actually withdrawing would have little effect on lowering that number. Early interventions, no doubt, have far more impact on student withdrawals. Vote 12-2.

HB 315, permitting the distribution of certain campaign materials at polling places. **INEXPEDIENT TO LEGISLATE**

Rep. George F. Brown for Election Law: The committee felt that the intent of this bill was good. However, we felt that implementation would prove problematic. Poll officials would find it difficult to monitor the placement of campaign materials and ensure their compliance with the requirements of the law. Vote 12-0.

HB 689-FN, relative to campaign contributions and expenditures. **OUGHT TO PASS WITH AMENDMENT**

Rep. James R. Splaine for Election Law: This amendment totally replaces the content of the entire bill and creates a study committee of four (4) house members appointed by the speaker and two (2) senate members appointed by the senate president. By November 1st the committee is to report back on any suggestions relative to campaign contributions and expenditures, including campaign financing alternatives. The committee held a well-attended three (3)-hour public hearing and unanimously agreed the content of the original bill deserves further analysis and examination. Vote 15-0.

Amendment (0890h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study campaign contributions and expenditures.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study campaign contributions and expenditures.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Two members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study campaign contributions and expenditures, including campaign financing alternatives.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study campaign contributions and expenditures.

HB 289, relative to eligibility for child day care assistance. **RE-REFER TO COMMITTEE**
Rep. Joseph E. Stone for Finance: This bill provided that where dependent children reside with a caretaker relative who is not included in the assistance group, the income of such caretaker relative shall not under any circumstances be used to determine eligibility for any family assistance program. The Department of Health and Human Services after further review of the statute, policy and rule has determined that caretaker relatives could qualify for child assistance without regard to the caretaker relatives' income. As promised, they are reviewing their records to identify any caretaker relatives who were incorrectly denied child care assistance based on income. With this in mind the Committee has voted to re-refer the bill and await a confirmation that the department has indeed reviewed all of their records and have made sure no one has been denied child care assistance. At that time the committee will make its final recommendation. Vote 24-0.

HB 488, relative to the definition of a developmentally delayed child in the provision of special education services. **OUGHT TO PASS**

Rep. Charles L. Vaughn for Finance: Based on a change in federal public law, the bill expands the definition of a developmentally delayed child (DDC) to include children ages 6 to 9. DDC designation and evaluation currently begins at age 3 and ends after age 5. The Department of Education indicates that the expanded definition can be used for problem children who do not fit neatly into one of thirteen categories of special education coding for which they must also qualify. As a result, the bill may result in the provision of more appropriate services at potentially lower cost. The new definition will not change the number of children eligible for services. Thus there should be no negative fiscal impact to the state or school districts. Vote 24-0.

HCR 12, urging the United States Congress to enact legislation which prohibits the federal government from recouping state tobacco settlement funds. **OUGHT TO PASS**

Rep. David J. Alukonis for Finance: This bill concerns the \$206 billion settlement agreement between 46 states and the 5 largest tobacco manufacturers. Pursuant to this settlement, New Hampshire is slated to receive in excess of \$1.3 billion over the next 25 years. The Committee believes that New Hampshire and each of the other states which is party to the agreement are best suited to receive these funds and are best able to determine the most responsible ways and means to utilize the settlement funds. This resolution urges the U.S. Congress to enact legislation which will deny efforts by the Federal Health Care Financing Administration to collect any portions of these funds or any other efforts by the federal government to earmark or impose any other restrictions on any state's use of the tobacco settlement funds. Vote 23-0.

HB 440, relative to access to copies of patient medical records. **INEXPEDIENT TO LEGISLATE**
Rep. Eileen P. Dawe for Health, Human Services and Elderly Affairs: After much testimony was heard from all concerned and an investigation by the subcommittee, it was found that in most cases, patients receive copies of their records for a reasonable fee or at no charge. Patient records are transferred to a new provider at the patient's request at no charge. State law requires physicians to release medical records regardless of whether the patient has an outstanding bill. It was felt that the free enterprise system is working well and that most problems stem from isolated cases or major court trials. Vote 17-0.

SB 19, extending the reporting date of the state substance abuse treatment delivery system committee. **OUGHT TO PASS**

Rep. Robert Chabot for Health, Human Services and Elderly Affairs: The committee voted unanimously to extend the reporting date of the state substance abuse treatment delivery system committee. Vote 16-0.

CACR 13, relating to the administrative office of the courts. Providing that there shall be an independent administrative office of the courts; that rulemaking authority shall be transferred from the chief justice of the supreme court to the administrative office of the courts; and that the actions of the administrative office of the courts shall be subject to the approval of the legislature. **INEXPEDIENT TO LEGISLATE**

Rep. James W. Craig for Judiciary: This CACR seeks to repeal Article 73-a of the second part of the constitution in order to create an independent administrative office of the courts. It also seeks to transfer rulemaking authority from the chief justice of the supreme court to the independent

administrative office of the courts and to make the actions of the administrative office of the courts subject to the approval of the legislature. The committee felt that the existing administrative office of the courts is performing the task of administering the courts as required by the constitution and there is therefore no need for the proposed changes. Given the above, the committee felt that this legislation would violate Part 1st, Art. 37 requiring that the three branches of government "ought to be kept as separate from, and independent of, each other, as the nature of a free government will admit....". The committee had discussion concerning the last sentence of 2nd Part, Art 73-a which stated, "the rules so promulgated shall have the force and effect of law", but felt that this CACR was not the proper vehicle in which to address concerns regarding that sentence. Vote 13-0.

HB 251, relative to official ballot procedures. **OUGHT TO PASS WITH AMENDMENT**
Rep. Betsey L. Patten for Municipal and County Government: This bill adds two dates that SB 2 towns and school districts may choose to hold their second session – the second Tuesday of April or the second Tuesday of May. The teacher nomination notification date has been amended to read "within 15 days" of the adoption of the school budget but no "notification shall occur later than the Friday following the second Tuesday in May." The amendment also clarifies, for SB 2 towns and districts, that final budgets and question shall be printed in the annual report which has to be available at least one week prior to the second session. Vote 14-0.

Amendment (0913h)

Amend the bill by replacing all after the enacting clause with the following:

1 Town Meetings; When Held. Amend RSA 39:1 to read as follows:

39:1 Meetings, When Held. A meeting of every town shall be held annually on the second Tuesday of March, *or in accordance with RSA 40:13 if that provision is adopted in the town*, for the choice of town officers and the transaction of all other town business. A town meeting may be warned by the selectmen, when, in their opinion, there shall be occasion therefor. In no event shall a special town meeting be held on the biennial election day.

2 Reference to Meeting Time Lines. Amend RSA 40:13, II and II-a to read as follows:

II. The warrant for any annual meeting shall prescribe the place, day and hour for each of 2 separate sessions of the meeting, and notice shall be given ~~[in accordance with paragraph II-a]~~ *as otherwise provided in this section. Final budgets and ballot questions shall be printed in the annual report made available to the legislative body at least one week before the date of the second session of the annual meeting.*

II-a. Notwithstanding any other provision of law, all local political subdivisions which adopt this subdivision, *who have not adopted an April or May election date under RSA 40:14, X*, shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting:

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the first Tuesday in January.

(b) The "budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in January.

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in January.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last Monday in January.

3 New Paragraphs; April Time Line; May Time Line; Voter Checklist. Amend RSA 40:13 by inserting after paragraph II-a the following new paragraphs:

II-b. Notwithstanding any other provision of law, all political subdivisions which hold their annual meetings in April shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting.

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the first Tuesday in February.

(b) The "budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in February.

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in February.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last Monday in February.

II-c. Notwithstanding any other provision of law, all political subdivisions which hold their annual meetings in May shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting:

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the first Tuesday in March.

(b) The "budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in March.

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in March.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last Monday in March.

II-d. The voter checklist shall be updated in accordance with RSA 669:5 for each session of the annual meeting.

4 Reference to April and May Meetings. Amend RSA 40:13, III to read as follows:

III. The first session of the annual meeting, which shall be for the transaction of all business other than voting by official ballot, shall be held between the first and second Saturdays following the last Monday in January, inclusive of those Saturdays[-]; *between the first and second Saturdays following the last Monday in February, inclusive of those Saturdays; or between the first and second Saturdays following the last Monday in March, inclusive of those Saturdays* at a time prescribed by the local political subdivision's governing body.

5 Reference to April and May Meetings. Amend RSA 40:13, VII to read as follows:

VII. The second session of the annual meeting, to elect officers of the local political subdivision by official ballot, to vote on questions required by law to be inserted on said official ballot, and to vote on all warrant articles from the first session on official ballot, shall be held on the second Tuesday in March, *the second Tuesday in April, or the second Tuesday in May, as applicable*. Notwithstanding RSA 669:1, 670:1, or 671:2, the second session shall be deemed the annual election date for purposes of all applicable election statutes including, but not limited to, RSA 669:5, 669:19, 669:30, 670:3, 670:4, 670:11, 671:15, 671:19, and 671:30-32; and votes on zoning ordinances, historic district ordinances, and building codes under RSA 675.

6 Method of Adopting Official Ballot Referendum Form of Meeting; Wording of Question. Amend RSA 40:14, V to read as follows:

V. The wording of the question shall be: "Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the (local political subdivision) *on the second Tuesday of (month)?*"

7 New Paragraphs; Date for Local Elections and Second Session of the Annual Meeting. Amend RSA 40:14 by inserting after paragraph IX the following new paragraphs:

X. In a local political subdivision which has not adopted RSA 40:13 and in which the adoption of RSA 40:13 is to be voted on, the question shall specifically state whether the date for local elections and the second session shall be the second Tuesday in March, the second Tuesday in April, or the second Tuesday in May.

XI. A local political subdivision which has adopted the provisions of RSA 40:13 may change the date for local elections and the second session as follows:

(a) The question may be inserted on the warrant for either an annual or special meeting, either by the local governing body or by petition under RSA 39:3 or RSA 197:6.

(b) A public hearing shall be held by the local governing body on the question at least 15 days, but not more than 30 days, before the question is to be voted on. In multi-town districts, a public hearing shall be held in each town embraced by the district, none of which shall be held on the same day. Notice of the hearing shall be posted in at least 2 public places in the town, or in at least 2 public places in each town of multi-town districts, and published in a newspaper of general circulation at least 7 days prior to the date of the hearing.

(c) The wording of the question shall be substantially similar to the following: "Shall we change the date for elections and the second session from the second Tuesday in _____ to the second Tuesday in _____, which would change the date for the first session to a date between the first and second Saturdays after the last Monday in _____, inclusive."

(d) A simple majority in the affirmative of those voting on the question shall be required to change the date; provided, however, that if the question appears on the ballot for a multi-town school district, the vote in each town or city comprising the district shall be tallied separately, and this section shall not be deemed adopted by the district unless it receives a majority vote from each and every such town and city, tallied separately. Only votes in the affirmative or negative shall be included in the calculation of the majority.

(e) A vote to change the dates of the meeting shall apply to the annual meeting next following the vote.

8 Teacher Nomination Notification Date. Amend RSA 189:14-a, I(a) to read as follows:

I.(a) Any teacher who has a professional standards certificate from the state board of education and who has taught for one or more years in the same school district shall be notified in writing on or before April 15 *or within 15 days of the adoption of the district budget by the legislative body, whichever is later*, if that teacher is not to be renominated or reelected, *provided that no notification shall occur later than the Friday following the second Tuesday in May*.

9 Election of Town Officers; Dates. Amend RSA 669:1, I to read as follows:

I. All towns shall hold an election annually for the election of town officers on the second Tuesday in March, except those towns which have adopted *an alternative date under RSA 40:14 or those towns which have adopted* the provisions of RSA 31:94-a and have, by majority vote at [the] a previous town meeting, decided to elect officers on the second Tuesday in May.

10 New Paragraph; Optional Change of Election Dates; Official Ballot Referendum. Amend RSA 669:1 by inserting after paragraph III the following new paragraph:

IV. Any local political subdivision which has not adopted RSA 40:13, the official ballot referendum form of meeting, but whose voting checklist comprises all or part of the checklist for a school district which has adopted an April or May election date under RSA 40:14, may, by vote of the legislative body, vote to coordinate its elections with the school district's elections and to hold its elections on the same April or May date as the school district. Such local political subdivision may, in addition, vote to hold the second session of its annual meeting, for transacting all business not required to be voted on by official ballot, within 2 weeks of the election date at a time and date determined by the governing body. The joint elections shall be held at a time and place determined by, and shall be supervised by, the election officials of the local political subdivision, coordinated as set forth in RSA 671:25 and RSA 671:26, with costs allocated in the same manner as in previous years or as may be mutually agreed upon by the governing bodies. A vote under this paragraph may be rescinded by the local political subdivision in like manner. No vote under this section shall take effect until the annual election next following such vote.

11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill affects changes to the laws regarding local political subdivisions which have adopted official ballot voting, including:

- I. Providing a time line for April meetings.
- II. Providing a time line for May meetings.
- III. Changing the teacher nomination notification date.
- IV. Enabling certain political subdivisions to coordinate their annual meetings with school districts that have matching or partly matching voter checklists.
- V. Amending the wording of the question to be put before the legislative body of a municipality regarding adoption of the official ballot referendum form of meeting.

HB 385, increasing the time window for holding the first session of a town meeting in political subdivisions which have adopted the official ballot. **INEXPEDIENT TO LEGISLATE**
Rep. Robert W. Brundige for Municipal and County Government: This bill would have extended the window of time for holding the first session of annual meetings in SB-2 towns from seven days to twenty-one days to allow time to have annual town reports ready for the deliberative session. This extended window would reduce the time to distribute absentee ballots and have them returned to the towns from thirty days down to sixteen days and therefore was not practical. This Committee noted that HB 251 allows SB 2 towns to have an April date for their second session which would give more time for the assembling and printing of the annual town reports. Vote 15-0.

HB 507-L, relative to the taxability of certain appurtenant land to a taxable building. RE-REFER TO COMMITTEE

Rep. Linda T. Foster for Municipal and County Government: The Committee believes that the material contained in HB 507-L deserves further study. The fact that the minimum property tax exemption of \$150,000 for private school dormitories, dining rooms and kitchens currently authorized by law was enacted so many years ago, when it supposedly represented the entire valuation of Dartmouth College at the time, underscores the need for comprehensive re-examination of this issue. Vote 15-2.

HB 562, relative to the date of decision for appeals of zoning matters. OUGHT TO PASS WITH AMENDMENT

Rep. David W. Hess for Municipal and County Government: This bill, as originally introduced, sought to clarify and standardize when the appeal period begins to run on motions for rehearing and appeals from local planning board and ZBA decisions. Three statutes currently on the books are all different and have caused uncertainty and confusion. The amendment adopted by the Committee introduces even more uniformity into these laws by 1) making all of the appeal periods the same, and 2) requiring that land use boards file their written decisions and written minutes of the meeting at which those decisions are made, within 144 hours of the decision. Vote 14-0.

Amendment (0868h)

Amend the bill by replacing all after the enacting clause with the following:

1 Local Land Use Board; Issuance of Decision. Amend RSA 676:3, II to read as follows:

II. Whenever a local land use board ~~[issues a decision]~~ *votes to approve or disapprove an application or deny a motion for rehearing*, the *minutes of the meeting at which such vote is taken, including the written decision*, shall be placed on file in the board's office and shall be made available for public inspection within ~~[72]~~ *144* hours ~~[after the decision is made]~~ *of such vote*. Boards in towns that do not have an office of the board that has regular business hours shall file copies of their decisions with the town clerk.

2 Rehearing and Appeal Procedures; Beginning of Period to Request Rehearing. Amend RSA 677:2 to read as follows:

677:2 Motion for Rehearing of Board of Adjustment, Board of Appeals, and Local Legislative Body Decisions. Within ~~[20]~~ *30* days after any order or decision of the zoning board of adjustment, or any decision of the local legislative body or a board of appeals in regard to its zoning ~~[has been filed and first becomes available for public inspection in the office of the respective board or body or of its clerk or secretary]~~, the selectmen, any party to the action or proceedings, or any person directly affected thereby may apply for a rehearing in respect to any matter determined in the action or proceeding, or covered or included in the order, specifying in the motion for rehearing the ground therefor; and the board of adjustment, a board of appeals, or the local legislative body, may grant such rehearing if in its opinion good reason therefor is stated in the motion. This ~~[20]~~ *30*-day time period shall be counted in calendar days beginning with the ~~[next working day during which the office of the board is open to the public following the day on which the decision is rendered]~~ *date upon which the board voted to approve or disapprove the application; provided however, that if the petitioner shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the petition shall be timely if filed within 30 days of the date the minutes, including the written decision, became available*. If the decision complained against is that made by a town meeting, the application for rehearing shall be made to the board of selectmen, and, upon receipt of such application, the board of selectmen shall hold a rehearing within 30 days after receipt of the petition. Following the rehearing, if in the judgment of the selectmen the protest warrants action, the selectmen shall call a special town meeting.

3 Rehearing and Appeal Procedures; Beginning of Appeals Period. Amend RSA 677:4 to read as follows:

677:4 Appeal from Decision on Motion for Rehearing. Any person aggrieved by any order or decision of the zoning board of adjustment or any decision of the local legislative body may apply, by petition, to the superior court within 30 days after the ~~[action complained of has been filed and first becomes available for public inspection in the office of the respective board or body or of its clerk or secretary, setting]~~ *date upon which the board voted to deny the motion for rehearing;*

provided however, that if the petitioner shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the petition shall be timely if filed within 30 days of the date the minutes, including the written decision, became available. The petition shall set forth that such decision or order is illegal or unreasonable, in whole or in part, and specifying the grounds upon which the decision or order is claimed to be illegal or unreasonable. [The date of filing shall be considered to be the next working day during which the office of the board is open to the public following the day on which the order or decision is rendered.] For purposes of this section, "person aggrieved" includes any party entitled to request a rehearing under RSA 677:2.

4 Rehearing and Appeal Procedures: Court Review. Amend RSA 677:15, I to read as follows:

I. Any persons aggrieved by any decision of the planning board concerning a plat or subdivision may present to the superior court a petition, duly verified, setting forth that such decision is illegal or unreasonable in whole or in part and specifying the grounds upon which the same is claimed to be illegal or unreasonable. Such petition shall be presented to the court within 30 days after the [decision of the planning board has been filed and first becomes available for public inspection in the office of the planning board or of its clerk or secretary] *date upon which the board voted to approve or disapprove the application; provided however, that if the petitioner shows that the minutes of the meeting at which such vote was taken, including the written decision, were not filed within 144 hours of the vote pursuant to RSA 676:3, II, the petition shall be timely if filed within 30 days of the date the minutes, including the written decision, became available.* This paragraph shall not apply to planning board decisions appealable to the board of adjustment pursuant to RSA 676:5, III.

5 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill clarifies what day the period starts for filing of zoning board of adjustment motions for rehearings, zoning board of adjustment appeals, and planning board appeals.

This bill also requires that any local land use board shall place on file and make available for public inspection the minutes, including the written decision, of any meeting where the board voted to approve or disapprove an application or any motion for rehearing, within 144 hours of such vote. A board's failure to comply shall result in an extension of the period for filing an appeal or motion for rehearing.

HB 696-FN-L, relative to the taxation of land held by municipalities for water supply purposes. RE-REFER TO COMMITTEE

Rep. Linda T. Foster for Municipal and County Government: The Committee unanimously agrees that protecting our municipal water supplies is crucial to the state's well being. The Committee believes, however, that HB 696-FN-L, relating to the taxation of land used for this purpose, needs further consideration in order to prevent undue or extreme consequences. Vote 14-0.

HB 727-FN, establishing an outdoor lighting code. OUGHT TO PASS WITH AMENDMENT

Rep. Robert W. Brundige for Municipal and County Government: The amendment to this bill creates a statutory committee to study the issues and possible regulation of outdoor lighting. The study committee was requested by the prime sponsor and was endorsed by virtually every witness who testified before the Committee. Vote 15-0.

Amendment (0911h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the problems and possible regulation of outdoor lighting.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the problems and possible regulation of outdoor lighting.

2 Membership and Compensation.

1. The members of the committee shall be as follows:

(a) Three members of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Technical Assistance. The commissioner of transportation may, within 30 days of being notified of the establishment of the committee, designate a person from the department of transportation to provide technical assistance to the committee. Such assistance shall be limited to issues involving the department's responsibility to light state roadways and facilities, or which otherwise impact departmental operations. The committee may, upon the request of the commissioner, extend the time in which this designation may be made for an additional period of 30 days.

4 Duties.

I. The committee shall study the possible need for the regulation of outdoor lighting in order to provide standards and guidelines for improving the efficiency, visibility, and safety of New Hampshire's nighttime environment through the judicious and responsible use of outdoor lighting, and to minimize intrusion and interference from outdoor lighting with regards to spilling over property lines, unwanted intrusion into homes, and unnatural illumination of wild areas, which can affect the instinctive cycles of flora and fauna.

II. In performing its duties, the committee shall attempt to define the concepts of "light pollution" and "light trespass" in a manner suitable for inclusion in any statute or other regulation that may result from this study. The committee may receive testimony and other information in any manner which may assist it in its work. The committee shall hear from any person interested in the subject matter of this study and shall make every effort to include in its proceedings representatives of the electric power industry, lighting fixture manufacturers, construction trades, building organizations, business community, wildlife preservation and protection organizations, environmental groups, groups interested in astronomy, and groups concerned with the unnecessary or wasteful use of outdoor illumination.

5 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named senate member. The first meeting of the committee shall be held as soon as possible but no later than 45 days after the effective date of this section. Four members of the committee shall constitute a quorum.

6 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before July 1, 2000.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the problems and possible regulation of outdoor lighting.

SB 91, designating segments of the Cold River as protected under the rivers management and protection program. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Resources, Recreation and Development: This bill represents two and a half years of effort by "Friends of the Cold River" in the different communities through which the Cold River flows: Lempster, Acworth, Langdon, Alstead and Walpole. The protection measures afforded by the Rivers Management and Protection Act were unanimously endorsed by the boards of selectmen and conservation commissions of the affected towns and demonstrates strong local involvement and approval. Vote 11-3.

HB 581-L, relative to deposits on water meters. **OUGHT TO PASS WITH AMENDMENT**

Rep. Donald B. White for Science, Technology and Energy: This is an enabling bill to allow, if they wish, utilities to obtain security deposits from tenants for all utility services. Currently, security deposits can only be collected for gas and electric services. This bill also will protect owners from liability in case of tenant default. Vote 15-0.

Amendment (0940h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to deposits on utility meters.

Amend the bill by replacing section 1 with the following:

1 Municipal Utilities; Security Deposits from Tenants; Utilities Services. Amend RSA 38:23 to read as follows:

38:23 Security Deposits from Tenants. Notwithstanding any other provision of law, any public utility, including any municipal corporation, providing ~~[electricity or gas]~~ **utility** services other than for resale to a customer who is not the owner of the premises serviced by the utility and who has a separate ~~[electric or gas]~~ meter, for the premises serviced, may obtain a security deposit from the customer only, and shall not obtain a security deposit from the owner of the premises. The owner of the premises shall not be liable for the failure of a tenant to pay the utility bill when such tenant's premises has a separate meter, and the utility shall not have any lien on the property of the landlord under RSA 38:22 for the tenant's failure to pay the utility bill.

AMENDED ANALYSIS

This bill allows a public utility to obtain security deposits from tenants with separate meters.

HCR 5, encouraging WMUR-TV to extend radio station coverage to areas of New Hampshire north of Franconia Notch. OUGHT TO PASS WITH AMENDMENT

Rep. Jessica E. Densmore for Science, Technology and Energy: In response to the need to be able to provide emergency information to the residents of the northern three counties of New Hampshire, this resolution encourages New Hampshire Public Radio to provide radio broadcast signal to Coos, Grafton, and Carroll counties. The committee reviewed the radio coverage maps and determined that there are areas that have inadequate radio broadcast signal. Vote 15-0.

Amendment (0942h)

Amend the resolution by replacing the title of the resolution with the following:

A RESOLUTION encouraging New Hampshire Public Radio to extend its broadcast signal to northern areas of New Hampshire.

Amend the resolution by replacing all after the title with the following:

Whereas, all New Hampshire citizens should have access to timely information in the event of a disaster; and

Whereas, New Hampshire Public Radio broadcasts vital emergency management information and is an integral part of the Emergency Broadcast System; and

Whereas, certain residents of Coos, Carroll, and Grafton counties do not have access to a New Hampshire-based public radio broadcast signal; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring:

That the general court of New Hampshire hereby encourages New Hampshire Public Radio to extend its broadcast signal to northern areas of New Hampshire; and

That copies of this resolution, signed by the speaker of the house of representatives and the president of the senate, be forwarded by the house clerk to the station manager and news director at New Hampshire Public Radio and to the members of the Federal Communications Commission.

AMENDED ANALYSIS

This concurrent resolution encourages New Hampshire Public Radio to extend its broadcast signal to northern areas of New Hampshire.

HJR 2, urging that federal air pollution programs not punish early adopters of air pollution control technology. OUGHT TO PASS WITH AMENDMENT

Rep. Terie T. Norelli for Science, Technology and Energy: In the past, federal policy rewarded operators of more polluting plants by awarding them more emission credits than cleaner plants. This resolution urges that future legislation avoid the use of baseline emissions to determine allowance allocation, or at least use dates far enough in the past so as to not discourage early investment in emission controls. Vote 14-0.

Amendment (0935h)

Amend the resolution by replacing all after the title with the following:

Whereas, the federal Clean Air Act has in the past allocated pollution allowances, which are items of commercial value, to pollution sources based on emissions existing on arbitrary baseline dates, where higher emissions equated to being granted more allowances; and

Whereas, such a policy has rewarded dirtier operators by allocating to them more allowances than their cleaner competitors, and further, has unfairly served to punish operators who have happened to install expensive air pollution controls shortly before the baseline dates; and

Whereas, these past actions have made it more difficult to encourage polluters to reduce emissions prior to regulatory deadlines; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That future federal air pollution legislation should avoid using baseline pollution as a basis for allocation of allowances or other items of commercial value;

That to the extent that the federal government chooses to continue to use baseline emissions to determine allowance allocation, either to individual polluters or to states, that it choose a baseline date far enough in the past in order that recently-improved sources are not placed at a competitive disadvantage against dirtier competitors that have not made such investments and have smaller capital and operating costs as a result; and

That such care with baselines be used not only for sulfur dioxide and nitrogen oxide emissions, but also for any other emissions which the federal government may subsequently choose to control with allowance-based mechanisms; and

That copies of this resolution be sent by the house clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the chairpersons of committees of the United States Congress having jurisdiction over the Clean Air Act, the Administrator of the United States Environmental Protection Agency, and each member of the New Hampshire congressional delegation.

HJR 3, urging ISO-New England to adopt policies furthering the state's interest in electric utility restructuring. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: This resolution urges the newly formed operator of the New England electric transmission system to make certain policy changes. Those suggested policy changes include expediting interconnection studies to the transmission grid in order to encourage building of new generating capacity. The resolution also urges efforts to create wholesale markets for electricity price exchanges and that the cost of electricity transmission be properly allocated to reflect actual costs to customers. Vote 15-0.

Amendment (0873h)

Amend the resolution by replacing all after the title with the following:

Whereas, the Independent System Operator-New England (ISO-New England) operates the transmission portion of the electric power grid of New England and implements policies regarding electric power transmission, its pricing, and interconnections to the grid; and

Whereas, the policies of ISO-New England appear to have created a situation where electricity suppliers seeking to build new electric plants need interconnection studies, and the interconnection studies are performed in an order unrelated to the progress made by the suppliers in procuring other permits required for construction and operation; and

Whereas, past policies of the New England Power Pool (NEPOOL) appear to have not adequately distinguished between actual available reserves and less-available reserves, having caused a threat to the financial viability of future plants by overvaluing less-available reserves; and

Whereas, delays have occurred at ISO-New England in implementing wholesale markets for the exchange of electricity and reserves; and

Whereas, equitable apportionment of transmission charges throughout the NEPOOL Control Area is important, and charges should be apportioned wherever possible to match charges with costs through some cost-sensitive charge mechanism, so there is no incentive to overuse underpriced parts of the system and transfer costs to the rest of the system's customers; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That the general court hereby urges ISO-New England to modify its policies so that the order in which interconnection studies are performed for new suppliers be related to the progress made by these suppliers in procuring other permits required for construction and operation; and

That the general court hereby urges ISO-New England to modify its policies so that greater care be given to ensure that resources qualifying as reserves are actually available to be called upon by the ISO and also that the same resource not be counted as reserves in multiple power pools or control areas; and

That the general court hereby urges ISO-New England to continue its efforts to implement wholesale markets for the exchange of electricity and reserves; and

That the general court hereby urges NEPOOL to modify its policies so that apportionment of transmission cost recovery appropriately reflect cost responsibility; and

That the general court hereby urges the Federal Energy Regulatory Commission to cooperate with ISO-New England in pursuit of these goals; and

That copies of this resolution be sent by the house clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, the chairpersons of committees of the United States Congress having jurisdiction over electricity regulation, the chairman of the United States Federal Energy Regulatory Commission, each member of the New Hampshire congressional delegation, NEPOOL, and ISO-New England.

HJR 9, urging the United States Congress and federal Environmental Protection Agency to eliminate federal requirements for oxygenate additives for gasoline. **OUGHT TO PASS WITH AMENDMENT** Rep. Terie T. Norelli for Science, Technology and Energy: The federal Clean Air Act requires oxygenates be added to gasoline in non-attainment areas. Recent auto improvements have reduced the air pollution benefits and the use of oxygenate Methyl Tertiary-Butyl Ether (MTBE) has degraded water quality to an extent that may offset its air pollution benefits. Although the water threat could be lessened in the short-term by substituting conventional gas, an Environmental Protection Agency (EPA) waiver would be required. This resolution urges congress to eliminate the oxygenate requirement without new requirements for air pollution reductions, that the EPA grant New Hampshire a short-term waiver without requiring substitute reductions, and the future reductions should utilize incentive-based programs rather than command-and-control measures. Vote 16-0.

Amendment (0937h)

Amend the resolution by replacing all after the title with the following:

Whereas, the federal Clean Air Act has required that oxygenates be added to gasoline for the purpose of reducing air pollution, and in particular, ground-level ozone and carbon monoxide; and

Whereas, automobile improvements over the last several years have considerably reduced the benefits of oxygenates for controlling carbon monoxide emissions by eliminating much of the carbon monoxide which would be emitted in the absence of oxygenates; and

Whereas, automobile improvements over the last several years have likewise, considerably reduced the benefits of oxygenates for controlling hydrocarbon emissions; and

Whereas, substantial evidence has been developed over the last few years that, in much of the country, the formation of ground-level ozone is not significantly dependent upon amounts of hydrocarbon emissions; and

Whereas, questions have been raised as to whether one oxygenate in common use, methyl t-butyl ether (MTBE), is degrading water quality to an extent that more than offsets its limited and decreasing benefits for air pollution control; and

Whereas, the threat that MTBE poses to the water resources of New Hampshire could be lessened in the short term by substituting conventional gasoline, which contains a much lower concentration of MTBE, for reformulated gasoline in the 4 southern counties (Hillsborough, Merrimack, Rockingham, and Strafford) required by federal regulation to use reformulated gasoline; and

Whereas such gasoline substitution is not possible in New Hampshire without the Environmental Protection Agency granting the state a waiver to do so; now, therefore, be it

Resolved by the Senate and House of Representatives in General Court convened:

That Congress should eliminate the oxygenate requirements of the federal Clean Air Act without imposing any new federal requirements to reduce air pollution; and

That the Environmental Protection Agency should expeditiously grant New Hampshire the short-term waivers necessary to permit the substitution of conventional gasoline for reformulated gasoline, without requiring substitute air emission reduction strategies as part of the state's air pollution implementation plan; and

That such gasoline substitution should be allowed prior to the completion of the ongoing, long-term comparative risk studies that will eventually identify the relative health and environmental costs and benefits of using gasoline formulations that have reduced MTBE levels; and

That when a better understanding has been reached of the comparative risks of different gasoline formulations, the Environmental Protection Agency should utilize incentive-based programs, rather than command-and-control measures, to further reduce MTBE levels in gasoline, provided that such reduction is consistent with the comparative risk analyses; and

That copies of this resolution be sent by the house clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Sen-

ate, the chairpersons of committees of the United States Congress having jurisdiction over the Clean Air Act, the Administrator of the United States Environmental Protection Agency, and each member of the New Hampshire congressional delegation.

AMENDED ANALYSIS

This house joint resolution urges:

I. Congress to eliminate the oxygenate requirement of the Clean Air Act without imposing new requirements to reduce air pollution.

II. The Environmental Protection Agency to grant New Hampshire waivers to permit the substitution of conventional gasoline for reformulated gasoline without requiring substitute air emission reduction strategies as part of the state's air pollution implementation plan.

III. That such gasoline substitution be allowed prior to the completion of ongoing comparative risk studies.

IV. That after the comparative risks of different gasoline formulations are better understood, the Environmental Protection Agency utilize incentive-based programs to reduce MTBE levels in gasoline.

SB 41, correcting a reference in provisions relating to hunting and fishing licenses for members of the armed services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Richard P. Brewster for Wildlife and Marine Resources: Those who were or are currently in the United States Coast Guard felt that having a law worded "Members of the Armed Forces and Coast Guard" fails to clearly indicate that members of the Coast Guard are at all times members of the Armed Forces even during peace time when they are under the supervision of the United States Transportation Department. This change in wording eliminates any confusion in this matter by adding all five names of the branches of the United States Armed Forces. Vote 13-0.

Amendment (0933h)

Amend the title of the bill by replacing it with the following:

AN ACT clarifying references in provisions relating to hunting and fishing licenses for members of the United States army, navy, marines, air force, and coast guard.

Amend the bill by replacing section I with the following:

I Fishing and Hunting Licenses; Members of the United States Army, Navy, Marines, Air Force, and Coast Guard. Amend the section heading of RSA 214:3 and RSA 214:3, I and II to read as follows:

214:3 Members of the [~~Armed Forces~~] *United States Army, Navy, Marines, Air Force*, and Coast Guard.

I. Any resident of this state who is on regular active duty in [~~any branch of the armed forces, including the coast guard~~] *the United States army, navy, marines, air force, or coast guard* and who is permanently stationed outside of the state, may acquire at no charge, upon application to the executive director and subject to the restrictions of title XVIII, a special license to hunt and fish during any period while on leave or furlough.

II. Any nonresident who is on regular active duty in [~~any branch of the armed forces, including the coast guard~~] *the United States army, navy, marines, air force, or coast guard* and who is permanently stationed within the state, may purchase regular hunting and fishing licenses or combination licenses, subject to the restrictions of title XVIII, at the same fee as is charged a legal resident of the state.

AMENDED ANALYSIS

This bill clarifies certain references in provisions relating to hunting and fishing licenses for members of the United States army, navy, marines, air force, or coast guard.

SB 160, establishing a committee to study and identify or establish the duties of the fish and game commission. **OUGHT TO PASS WITH AMENDMENT**

Rep. George W. Chase for Wildlife and Marine Resources: This bill, as passed by the senate, addresses the need to clarify the duties of the members of the Fish and Game Commission. The Wildlife and Marine Resources Committee amended the original bill to ensure that at least one of the three members appointed from the house shall be a member of the Wildlife and Marine Resources Committee. The other three members of the study committee shall be appointed from the senate by the president of the senate. Vote 14-0.

Amendment (0882h)

Amend paragraph 1(b) of section 2 of the bill by replacing it with the following:

(b) Three members of the house of representatives, one of whom shall be a member of the wildlife and marine resources committee, appointed by the speaker of the house.

Amend the bill by replacing section 6 with the following:

6 Effective Date. This act shall take effect upon its passage.

REGULAR CALENDAR

HB 317, relative to the display of tobacco products. **INEXPEDIENT TO LEGISLATE**

Rep. Tim S. McGough for Commerce: This bill would have placed many restrictions on the display and sale of tobacco products designed to prevent underage use of cigarettes and tobacco products. The majority of Commerce felt that enactment of this legislation would not accomplish the objective of those concerned about youth smoking, and that the issues raised by the subcommittee discussions will be addressed by the study committee created by HB 369. Vote 11-5.

Adopted.

HB 369, relative to tobacco use violations by minors and establishing a committee on teen tobacco use prevention and education. **OUGHT TO PASS WITH AMENDMENT**

Rep. Tim S. McGough for Commerce: This bill, as amended, creates a study committee to examine prevention and early intervention of youth smoking and tobacco use and the effectiveness of tobacco use education programs. This study committee will consider issues raised during discussions of HB 317 and this bill. Vote 12-1.

Amendment (0633h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee on educational programs on tobacco use for minors.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study youth tobacco use prevention and education.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Four members of the house of representatives, one from the house children and family law committee, one from the house commerce committee, one from the house health, human services and elderly affairs committee, and one from the house criminal justice and public safety committee, appointed by the speaker of the house of representatives.

(b) Three members of the senate, one from the senate public affairs committee, one from the senate judiciary committee, and one from the senate public institutions, health and human services committee, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study prevention and early intervention of youth smoking and tobacco use and the effectiveness of tobacco use education programs. The committee shall solicit information from appropriate sources, including but not limited to law enforcement, social service, and health education organizations.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, the commissioners of health and human services and education, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

The bill establishes a committee to study youth tobacco use prevention and education.

Adopted.

Report adopted and ordered to third reading.

HB 408, relative to drug formularies under managed care entities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Keith R. Herman for Commerce: This bill, as amended, is a compilation of several pieces of legislation designed to make it easier and more practical for consumers to access pharmaceuticals prescribed by doctors but not reimbursed by insurance companies. The bill requires insurance companies to disclose to the patients that they are subject to plan formularies. The bill requires all insurers to have an exception process for patients to receive reimbursement for medically necessary drugs not on a plan formulary. The bill requires insurance companies to provide 45 days notice prior to removing a drug from a formulary, which will allow the consumer to consult with their doctor to apply for an exception or change medication. Finally, the bill requires all insurance companies to submit information on formularies to the Insurance Department for reference by consumers. The committee is proud to have worked out an amendment, which is generally agreed upon by all parties. The committee recognizes this legislation as an important step to alleviate certain consumer protection concerns. Vote 19-0.

Amendment (0706h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Prescription Drugs. Amend RSA 420-J by inserting after section 7-a the following new section:

420-J:7-b Prescription Drugs.

I.(a) Every health benefit plan that provides prescription drug benefits is required to provide prospective enrollees, and annually to covered persons, a description of the prescription drug benefit plan. Among the specific items that shall be included in the description are:

(1) The procedure a covered person must follow to obtain drugs and medications that are subject to a plan list or plan formulary.

(2) A description of the drug formulary and the plan's exception process.

(3) A description of the extent to which a covered person will be reimbursed for the cost of a drug that is not on a plan list or formulary.

(b) Health carriers shall provide upon request additional information to covered persons related to specific drugs that are not on the formulary.

II. Every health benefit plan that provides prescription drug benefits shall maintain an expeditious exception process, not to exceed 48 hours, by which covered persons may obtain coverage for a medically necessary nonformulary prescription drug. The exception process shall begin when the prescribing provider has provided the health benefit plan with the clinical rationale for the exception.

III. Every health plan that provides prescription drug benefits shall notify covered persons of changes to the plan list or plan formulary, provide an explanation of the exception process by which a covered person can access nonformulary medically necessary prescription drugs, and provide a toll-free telephone number through which a covered person can request additional information. Upon notification to covered persons, the health benefit plan shall allow at least 45 days before implementation of any formulary change.

IV. Every health benefit plan that provides prescription drug benefits shall maintain, as part of its records, all of the following information, which shall be made available to the commissioner upon request: the complete drug formulary or formularies of the plan, if the plan maintains a formulary, including a list of prescription drugs on the formulary of the plan by major therapeutic category with an indication of whether any drugs are preferred over the other drugs.

2 Effective Date. This act shall take effect January 1, 2000.

AMENDED ANALYSIS

This bill requires managed care entities that provide prescription drug benefits and maintain one or more drug formularies to provide to enrollees a description of the prescription drug benefit plan.

The bill also requires every managed care entity that provides prescription drug benefits to maintain an expeditious exception process by which providers may obtain authorization for a medically necessary nonformulary prescription drug.

Adopted.

Report adopted and ordered to third reading.

HB 434, providing that health care providers shall determine the appropriate course of patient treatment. RE-REFER TO COMMITTEE

Rep. Martha Fuller Clark for Commerce: This bill raises very profound and complex questions about how health care and health costs decisions are being made within the existing covered benefits of our health insurance plans. The challenge is to find a way to insure continued quality of care within a system, which is also cost effective. To restrict physicians unduly from recommending needed care will harm all of us. To allow health costs to increase without review and control is also unacceptable. There is no easy answer to this dilemma. For that reason, the majority of the committee voted 11-9 to send HB 434 to study so that they can continue to examine the very difficult issues raised by this legislation. Vote 11-9.

Adopted.

HB 526, limiting fees charged by financial institutions for use of electronic customer service terminals. INEXPEDIENT TO LEGISLATE

Rep. Sheila T. Francoeur for Commerce: The intent of this bill was to limit fees charged by financial institutions for the use of electronic service terminals (ATMs). As the number of these machines has increased statewide, this has become an issue of convenience and customer choice versus cost. As this bill would apply only to ATMs owned by financial institutions and not to non-bank ATMs, the committee felt that the competitive market will be the final arbiter and the customer will make the choice of using an ATM that has the lowest fee or no fee at all. Vote 18-2.

Adopted.

HB 602-FN, establishing the office of the health insurance consumer advocate. OUGHT TO PASS WITH AMENDMENT

Rep. Keith R. Herman for Commerce: There is little doubt that consumers need access to reliable, consistent, unbiased information when resolving health care issues. In addition, consumers need a "place" to turn when problems arise with insurance companies. HB 602-FN creates a new position in the Insurance Department. The new "Health Care Consumer Assistant" will be dedicated to handling consumer complaints in addition to receiving complaints. The assistant will compile information for the Legislature to use in formulating future consumer protections. The amendment, brought in by the Insurance Department, reduces the number of positions required and alters the time from advocate to consumer assistant. The amendment also establishes the position as a classified position. The committee feels this is more reliable for the consumer instead of having a political appointee. Since the Insurance Department is financed by the domestic insurance companies through an assessment, there will be cost to the state to implement this position. Vote 20-0.

Amendment (0756h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the position of health insurance consumer assistant.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Position Established; Health Insurance Consumer Assistant. Amend RSA 400-A:6 by inserting after paragraph VII the following new paragraph:

VIII. The commissioner shall appoint a health insurance consumer assistant who shall perform the following functions:

(a) Provide information and referral assistance to consumers about health insurance options and the means of obtaining health insurance coverage and services. The assistant shall not recommend specific commercially offered products.

(b) Educate and assist enrollees in understanding their rights and responsibilities under health benefit plans, including the associated rights and responsibilities conferred or imposed by state and federal law and regulation.

(c) Provide comparative information to consumers on the performance of health carriers and health benefit plans by collecting performance measurement and consumer satisfaction data in a format that is both useful and understandable to consumers.

(d) Receive, investigate and attempt to resolve the complaints of individual health insurance consumers, and, when requested by the consumer, assist with grievances and independent external reviews under RSA 420-J.

(e) Collect data on health insurance consumer complaints and inquiries and create a responsive data tracking system for consumer complaints, inquiries, and concerns while preserving confidentiality, identify health insurer practices or policies that have an impact upon consumer rights and interests, prepare information for the public, agencies, legislators and others regarding the common problems and concerns of health insurance consumers, and act as an information resource both inside and outside the department in the development of policies and programs that protect health insurance consumer rights and interests.

(f) Perform such other duties and exercise such other powers as the commissioner may authorize.

2 Health Insurance Consumer Assistant; Salary. The commissioner shall, subject to the rules of the division of personnel, have authority to fill the position of health insurance consumer assistant position, as established in RSA 400-A:6, VIII as inserted by section 1 of this act, at labor grade 29.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the position of health insurance consumer assistant within the insurance department.

On a division vote, 273 members having voted in the affirmative and 26 in the negative, the amendment was adopted.

Report adopted and referred to Finance.

MOTION TO SPECIAL ORDER

Rep. O'Hearn moved that **HB 487**, relative to the adoption of bonds or notes in certain school districts and municipalities, be made a Special Order, in the regular calendar order, for the next session day. Adopted.

REGULAR CALENDAR (CONT'D.)

HB 518-FN-L, relative to a joint maintenance agreement to build a single high school involving the towns of Northwood, Nottingham, and Strafford. **INEXPEDIENT TO LEGISLATE**

Rep. Susan B. Durham for Education: This bill would allow state building aid for a school built on leased land. The committee sought out the opinion of the Attorney General's office and learned of an opinion from the early 1980's, which said that a long-term lease does not equate to ownership for purposes of state building aid. It was felt that application of building aid to projects on leased land would be subject to challenge. Vote 16-3.

Rep. O'Hearn moved Re-Commit to Committee and spoke in favor.

Adopted.

HB 699-FN-A, establishing the granite state scholars program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: This bill establishes the Granite State Scholars program, which provides recognition for highly qualified New Hampshire high school graduates, and a state match for private funds raised by New Hampshire public institutions of higher education to be used for incentive grants to Granite State Scholars. These grants will encourage our most capable high school graduates to remain in state, addressing the serious problem of "brain drain" (due to other New England institutions offering far more grant aid). The state's limited financial commitment will be leveraged to create a much larger scholarship aid endowment. Top graduates from around the state will continue to access the program through this endowment, well beyond the period of state financial outlay and far into the future. This approach to serious issues in public higher education is recommended by recent reports of the Public Higher Education Study Committee and the Postsecondary Education Commission. The amendment makes technical changes overlooked on drafting; providing rulemaking authority to the Postsecondary Education Commission to administer the program and changes in the appropriation dates to cover both years of the biennium, as intended. Vote 17-1.

Amendment (0721h)

Amend the bill by inserting all after the enacting clause with the following:

1 New Paragraph; Postsecondary Education Commission; Rulemaking for Granite State Scholars Program Added. Amend RSA 188-D:8-a by inserting after paragraph II the following new paragraph:

III. Administration of the granite state scholars program as established in RSA 188-D:38.

2 New Subdivision; Granite State Scholars Program. Amend RSA 188-D by inserting after section 35 the following new subdivision:

Granite State Scholars Program

188-D:36 Program Established; Intent. There is hereby established the granite state scholars program for the benefit of highly qualified New Hampshire residents pursuing programs of study at public colleges and universities within the state. The intent of the program is to encourage eligible New Hampshire residents to pursue public postsecondary education within the state by offering grant-based financial aid to such students.

188-D:37 Definitions. In this subdivision:

I. "Participating institution" means any public institution within the state which has been authorized by the postsecondary education commission under RSA 188-D to award either an associate's degree or a bachelor's degree, or both.

II. "Endowment fund" means the granite state scholars financial aid endowment fund.

III. "Program" means the granite state scholars program.

188-D:38 Program Administration.

I. The state board of education shall adopt rules, under RSA 541-A, relative to student and institutional eligibility criteria.

II. The postsecondary education commission shall adopt rules pursuant to RSA 541-A necessary to administer the program and the state board of education shall provide student and institutional eligibility criteria to the postsecondary education commission.

188-D:39 Granite State Scholar Designation; Special Recognition.

I. The granite state scholar designation shall be made for any New Hampshire resident who graduates in the top 10 percent of his or her class from an accredited New Hampshire high school, and who receives a combined score of 1200 or more on the Scholastic Aptitude Test I, or the equivalent score on the ACT Assessment examination. The granite state scholar designation shall be determined using class rank and standardized test scores taken no later than January 31 of the student's senior year in high school.

II. The state board of education shall adopt rules, pursuant to RSA 541-A, relative to establishing the granite state scholar designation in high schools that do not calculate class rank, in non-accredited high schools, and for home schooled students.

III. Granite state scholars shall receive special recognition from the governor and shall be eligible for grants from the endowment fund established in this subdivision.

188-D:40 Granite State Scholars Financial Aid Endowment Fund Established.

I. All moneys appropriated for the purposes of this subdivision shall be used to provide leveraged incentive grants to participating institutions in New Hampshire for the establishment of an endowment fund according to the provisions of this subdivision.

II. Participating institutions shall establish a separate endowment fund for the deposit of private contributions and gifts for the purposes of the program. Gifts or contributions may come from any source, including, but not limited to, private individuals or corporations, trusts, or foundations.

188-D:41 Grants.

I. Each private gift or contribution made shall be matched by state funds in accordance with the dollar amount of the individual gift or contribution. The annual matching amount of state funds for each individual private gift or contribution shall be as follows:

\$1-\$99,999	50 percent state matching grant
\$100,000-\$999,999	75 percent state matching grant
\$1,000,000 or more	100 percent state matching grant

II. Participating institutions shall maintain an accounting of all gifts and contributions made to the program, and shall forward a report of such accounting to the postsecondary education commission no later than May 1 of each fiscal year.

III. On June 1 of each fiscal year, the postsecondary education commission shall distribute matching funds to participating institutions based on documented gifts and contributions received during the preceding 12 months. State matching funds shall be deposited into the endowment fund established at each participating institution or the participating institution's foundation.

IV. Grant awards shall be made on the basis of merit and need, and the participating institution may determine the most suitable method of grant disbursement to granite state schol-

ars enrolling at the participating institution. Grant awards shall only be conferred upon verification of high school graduation and achievement of the academic criteria set forth in this subdivision.

V. If the state matching funds are insufficient to meet the grant amounts required under paragraph I of this section, grants shall be calculated and disbursed according to a percentage derived by dividing the actual state matching funds appropriated by the amount of state funds necessary to meet full matching grant amounts.

188-D:42 Investment of State Matching Funds.

I. A participating institution shall invest all funds in the endowment fund provided that:

(a) All earnings including interest, dividends, equity appreciation, and any other form of increased value shall be reinvested in the endowment fund or distributed to granite state scholars.

(b) The historic dollar value of the endowment fund as defined in RSA 292-B:1-a, V shall not be invaded, transferred, or used for any purpose other than the program.

(c) The funds are invested consistent with the provisions of RSA 292-B.

3 Appropriation. The sum of \$5,000,000 for the fiscal year ending June 30, 2000, and the sum of \$5,000,000 for the fiscal year ending June 30, 2001, are hereby appropriated to the postsecondary education commission for the purposes of this act. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

4 Applicability. Section 5 of this act shall take effect at such time as the commissioner of the postsecondary education commission certifies to the secretary of state that \$25,000,000 or more in state funds has been appropriated for the purposes of this act.

5 Prospective Repeal. RSA 188-D:41, I-III, and RSA 188-D:41, V, as inserted by section 2 of this act, relative to matching funds provided to the granite state scholars program, are repealed.

6 Effective Date.

I. Section 5 of this act shall take effect as provided in section 4.

II. The remainder of this act shall take effect July 1, 1999.

Adopted.

Report adopted and referred to Finance.

SPECIAL ORDER

HB 389, relative to procedures for apportioning state representatives among counties and among legislative districts. **INEXPEDIENT TO LEGISLATE**

Rep. Raymond Buckley for Election Law: While the sponsor's bill has some merit, the Committee strongly feels that we must not tie the hands of the next legislature as they undertake the arduous process of redistricting. During the 2001-2002 term Congressional, Executive Council, State Senate and House, and County Commission districts must be redrawn. To successfully accomplish this task great skills and long negotiations must be utilized to create the fairest plan. We believe we should allow the next legislature the greatest latitude in accomplishing this task. Vote 12-0.

Rep. MacGillivray spoke against.

Rep. Buckley spoke in favor.

On a division vote, 247 members having voted in the affirmative and 76 in the negative, the report was adopted.

REGULAR CALENDAR (CONT'D.)

HB 534, eliminating party designations in the election of party officers. **INEXPEDIENT TO LEGISLATE**

Rep. James R. Splaine for Election Law: This bill would eliminate party designations in the election of candidates for county office. The Committee felt the current process for election of county office is a good system and allows for competent candidates to run. The idea offered by the sponsor to eliminate party designations is intriguing, but it is too big a change and is not needed at this time. Vote 10-3.

Adopted.

HB 380, repealing the Interstate Solid Waste Compact. **INEXPEDIENT TO LEGISLATE**

Rep. Suzan L. R. Franks for Environment and Agriculture: This act required the repeal of the New Hampshire-Vermont Interstate Solid Waste Compact. The Committee recognized repeal of this

Compact requires passage by the legislatures of both New Hampshire and Vermont as well as an act of the United States Congress. Therefore, this proposal would be better represented by an HJR at a future date. Vote 14-0.

Adopted.

HB 55-FN-A, setting the rate for the medicaid enhancement tax for the biennium ending June 30, 2001. OUGHT TO PASS WITH AMENDMENT

Rep. Kenneth L. Weyler for Finance: The medicaid enhancement tax expires on May 30. This bill continues the existing rate at 6%. The money collected is returned to the hospitals as the uncompensated care pool payments. As a result of the payments back to the hospitals a federal match at 50% is projected to yield \$54 million for FY2000, and \$56 million for FY 2001. These moneys go to the general fund, and the lack of this tax could cause problems for balancing the budget. The amendment is for the effective date. Vote 24-0.

Amendment (0875h)

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect May 30, 1999.

Adopted.

Report adopted and ordered to third reading.

HB 559-FN-A, authorizing vanity plates or decals for OHRV registrations. OUGHT TO PASS

Rep. Robert G. Holbrook for Finance: This bill establishes a vanity plate or decal program for OHRV (Off-Highway Recreation Vehicles) registered by residents of New Hampshire. Fees for the vanity plates will be deposited in a fund to be used by the Fish and Game Department for cost of issuing the vanity plates and decals and for OHRV training programs. The estimate of revenue is \$73,440, with \$18,360 to cover the cost of plates and decals and the balance for OHRV training programs. Vote 23-0.

Rep. Holbrook spoke to the report.

Adopted and ordered to third reading.

HB 561-FN, reducing lab analysis fees of chemical analyses of water. OUGHT TO PASS

Rep. Steve Vaillancourt for Finance: This bill changes, in some cases increasing and in some cases decreasing but in all cases by small amounts, the fees for water analyses required by the federal Safe Drinking Water Act. The Finance Committee has no problem with the schedule as proposed by the Department of Environmental Services and approved by the Resources, Recreation and Development Committee. In all, more than three dozen different fees are involved (for such items in water as lead and copper, organic compounds, haloacetic acids, etc.). While the bill is expected to result in a decrease in state revenues, it is not expected to be substantial. To oppose this attempt to establish a more realistic assessment on water testing would constitute the type of micromanagement Finance would not wish to engage in. The Committee heard no testimony in opposition to the bill. Vote 24-0.

Adopted and ordered to third reading.

HB 639-FN, relative to motor vehicle registration fees for antique motor vehicles and motorcycles. OUGHT TO PASS

Rep. Vivian R. Clark for Finance: This bill was passed by the Transportation Committee and the House because it eliminates preferential fees for vehicles which, although they qualify as antiques, are actually used for ordinary transportation. It will create a small net increase in general fund revenues and in distributions to local communities. Vote 24-0.

Adopted and ordered to third reading.

SB 17, relative to funeral arrangements. OUGHT TO PASS

Rep. James Pilliod for Health, Human Services and Elderly Affairs: This much needed bill authorizes next of kin or designated agent as defined in statute, to manage several after-death arrangements for disposition of a body previously only managed by funeral directors. This includes transportation, cremation, burial and other necessary procedures. Vote 15-1.

Adopted and ordered to third reading.

SPECIAL ORDER

CACR 22, relating to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2001 be commissioned for 7-year terms, which may be renewed. **RE-REFER TO COMMITTEE**

Rep. Dennis J. Withee for Judiciary: This amendment seeks to change the constitution so that judges must be re-appointed, commissioned, and sworn to subsequent 7-year terms. Excellent testimony supporting both sides of the issue was received and considered by the committee. Since the committee will be studying similar legislation this summer, the majority voted to have the contents of CACR 22 as part of its judicial reform package. The minority of the committee believes that this amendment should be found ITL because the House has already re-referred HB 53 which contains similar material. Vote 11-8.

Adopted.

Rep. Burling declared a conflict of interest and did not participate.

REGULAR CALENDAR (CONT'D.)

HB 297-FN, permitting a jury trial in the superior court for violations of the state law against discrimination for a certain time period or with the written assent of the commission for human rights after an action has been filed with the commission. **OUGHT TO PASS**

Rep. Sandra B. Keans for Judiciary: This bill has to do with changes in the process of going to the Human Rights Commission for instances of discrimination. Currently, a complainant can be denied the opportunity to examine witnesses under oath at a hearing before the commission before the case is thrown out, simply on the basis of staff investigation. This legislation would allow a complainant in the very early stages (90 days) to opt out and file in Superior court. At this time if a complaint gets denied by one commissioner, there is no appeal process no matter what the merits of the case. This bill is a result of a study committee. Vote 11-4.

Rep. Mock moved Re-commit to Committee and spoke in favor.

Adopted.

HB 551, relative to employers who are subject to state law against discrimination. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Andrew R. Peterson for the Majority of Judiciary: The committee carefully considered HB 551, together with the prime sponsor's proposed amendment, including substantial effort by the subcommittee. The Judiciary committee to a person strongly supports protecting New Hampshire citizens from all discrimination. However, the majority of the members found that the bill was too broad an expansion of the New Hampshire law on discrimination and could lead to serious unintended consequences which would, at a minimum, require more study. Our particular concerns related to the application of the law to religious institutions, private social clubs and sectarian schools. The majority found that New Hampshire law currently provides strong protections against discriminatory practices and felt the proposed bill was not the appropriate vehicle to strengthen these laws at this time. Vote 11-3.

Rep. Tony F. Soltani for the Minority of Judiciary: As of this date New Hampshire law permits overt and explicit acts of discrimination committed by non-profit organizations. "Non-profit" is not the same as "tax exempt" where IRS rules impose restrictions on the expenditures. To become a non-profit is easy; one must file five (5) signatures with the town clerk. You may then expend all the income of the organization as salary; but not profit. Under this exception (which practically swallows the rule) employers can, without breaking New Hampshire law, fire workers because of their race, sex, sexual orientation and even pregnancy. The legislature as a body should establish the public policy of this state as being against discrimination regardless of the profit status of the employer. It is wrong to fire a mother because she has a child, as it is wrong not to hire a man because he is black. It is just as wrong when a non-profit does it as when it is done by a for-profit company. For several years we have demanded that employers in the private for-profit sector behave in a manner consistent with our moral standards. We have prohibited them from discrimination and afforded victims of discrimination a direct and inexpensive forum through the New Hampshire Human Rights Commission. It is only proper to expect the non-profit sector to join the rest of the civilization and it is only right to accord the same degree of dignity to their workers. We cannot cross the threshold of the millennium without acknowledging the self-evident truth that all people are created equal by their creator and are entitled to certain inalienable rights.

Rep. Mock moved Re-commit to Committee and spoke in favor.

Adopted.

HB 585, relative to preserving the use of state park lands for their original purposes. **INEXPEDIENT TO LEGISLATE**

Rep. Richard T. Cooney for Resources, Recreation and Development: The intent of this bill is to preserve state park lands for their original purpose. The committee sympathizes with this intent but feels it would inhibit many legitimate leasing arrangements in state lands. Restrictions on donated lands can be implemented by the donee by putting restrictions in the deeds. Vote 15-1.

Reps. Wiggins and Sapareto spoke against.

Rep. Royce spoke in favor.

Rep. Royce requested a roll call; sufficiently seconded.

The question being the adoption of the report.

RECESS

(Speaker Sytek in the Chair)

COMMITTEE OF CONFERENCE REPORT ON HOUSE BILL 117

Without objection, the Speaker called for the Committee of Conference report on House Bill 117. **HB 117-FN-A-L**, establishing a uniform education property tax and a utility property tax, increasing the business profit and real estate transfer taxes, and including other sources of revenue to provide funding for an adequate public education and making an appropriation therefor. (Report printed SJ 16, 4/29/99) Reps. Chandler and Burling moved that the Committee of Conference report on House Bill 117 be adopted.

Rep. Hess spoke in favor and yielded to questions.

Reps. Hager, Mirski and Almy spoke against.

Rep. Guay spoke in favor.

(Rep. Jacobson in the Chair)

Reps. Burling and Bradley spoke in favor and yielded to questions.

Rep. Wallin requested a quorum count. The Speaker Pro Tem declared a quorum present.

Reps. Ward, Wallin and Rodrigue spoke against.

Rep. Sapareto spoke against and yielded to questions.

Rep. Clegg spoke in favor.

(Speaker Sytek in the Chair)

Rep. Weber spoke against.

Rep. Lozeau spoke in favor.

Rep. Chandler requested a roll call; sufficiently seconded

The question being the adoption of the Committee of Conference report.

and the Committee of Conference report was adopted.

Rep. Paul Gagnon voted Nay and intended to vote Yea.

Rep. Putnam did not vote and wished to be recorded against.

Rep. Zolla did not vote and wished to be recorded in favor.

REMARKS

Rep. Herman moved that the remarks made by Rep. Lozeau be printed in the Journal.
Adopted.

Rep. Lozeau: Thank you, Madam Speaker. After the last week or so, I have to wonder if my voice is going to hold out. For someone like me that would be quite a tragedy, indeed. For the last six or seven hours, I thought about what I would say when I came before you. How do I begin? I was sitting on the bench because oftentimes when I used to get up and, let's just say, be a little bit of a trouble maker myself, I found that that bench helped me to get a sense of how people felt in the room. So, I started to try to make my points. Well, I've got points and no words. It occurred to me that maybe what I should do is just talk to you the way that I have talked to some of the folks that I've been working with this week. But, I have to tell you that people have said what's easy, what's hard, what's wrong, what we should do, what we shouldn't do, when we should do it, why we should do it, who says we should do it, what's going to happen if we don't do it – you've heard all of that stuff. I want to step back and I want to tell you that our job at this stage is to deal with the practical reality of what is possible. Not what you want, not what is your favorite, not what's the best, but what is the practical reality of what is possible. We talked a lot about what we're doing as members, what we want as a House. The process we're in now is what we want as two bodies. It isn't

just about what we want. It is about what we have to do together. It isn't the bi-partisan group-hug stuff. It is what the Senate says they can do in their body and what we can do in ours. When I look here and here and when I go home and I talk in front of Rotary Clubs, just like you, and I watch my school board members and my aldermen and my mayor and they want answers. When I don't think about the elected officials, when I go into the grocery store, someone happened to see me pull in with that license plate – who's idea was that? They want to know, "What are you going to do and when are you going to do it?" December 17, 1997 – boy-oh-boy – I'll tell you, when some of us signed up for this gig – who knew that *that* would be here. Somebody referred to a statesman – I came into this House when I was 25 years old. I was so overwhelmed just by the breadth of knowledge and experience that was sitting in this room. I still remember my first speech as my knees were knocking behind this very podium, as they are right now, looking at my husband and my children's godparents up in the gallery who, before they went up there, presented me with a lovely can of spinach. They said, "You can do this. You do what you believe in and you'll never regret it. But, you do take your responsibilities seriously." I thought, at 25, people are now calling me a politician because they elected me, so I guess that's what I am. What about politics? Boy, a lot of people take the easy road there. They just go around telling people what they want to hear. You know what takes courage? Telling them what they need to know. It's easy to show you what is wrong with things. It's easy to talk about line 13 with the apostrophe in the wrong place. It's easy to use words like "schemes". It's easy to say, "Can't pass the Constitution." It's easy to do all of those things. It's hard to come together and govern. It's hard to put aside the things that are important to you. I reminded myself again this week that it is hard to sit in a Committee of Conference. And, for the first time a Committee of Conference not made up of a majority of my party where we could feel like we were having some of the same goals. But, instead, a Committee of Conference, I think in the history of this state, with two bodies with different parties in charge. Instead of thinking our goals are the same as a party, we learned to believe that our goals were the same as legislators. That goal wasn't to talk about all the things that were wrong with what we were doing and how it was different than what we could have had, but the goal was to deal in the realm of the possible. On the last day in that Committee of Conference, which was kind of today, I looked out at the audience and I held my head high as I looked towards who was in that room – we had the front row of extraordinary staff and department heads that have come together and put all of their other thoughts aside except solving the problem. In the middle was a group that wore a badge of a different color than ours, doing their job. Behind that group were more pink shirts than I think I have seen in a room, ever. I felt like, What's between me and them? We are them. That's our job. This badge means that we are their lobbyists. We are their representatives. We listen to them. When I came home at 3:30 this morning and I walked by my answering machine and saw it blinking and thought, "Do I really want to look?" I played those messages. It was kind of an unusual thing. There were six messages, one after the other from the same office. I won't tell you what kind of business it was but it was the same office. All six of those folks identified themselves as working in this office. All six of them identified a different problem that they had with what we were talking about and all six of them identified a different solution to solve the problem that was better than what we were doing. Isn't that true about us? Isn't that true about everybody that came up here and spoke? Everybody that is against this plan is against it for competing reasons. So, where are we if we do what somebody suggested – let's just tell that committee, "Forget it. You apparently didn't hear us." What does that mean to us? What does it mean to our state? It means we start over. You've heard weeks ago about a Committee of Conference – all those dastardly deeds that could occur. Things you didn't even know in the dark of night could appear in the bill that weren't in any version at all. Has that happened before up here? You bet it has. Has it happened on this watch? Never. It didn't happen this time either, because, you know what is easy? It would have been easy to sit in there and fight with the Senate and identify a new revenue source. What would you have thought of us then? How dare you choose one without us knowing. It would have been easy to identify cuts, maybe, and what would you have thought of us then? We worked in the realm of possibility. Although I know that some of you feel terribly strongly about what you should do, I feel equally strongly that when we go home, I want to spend my weekend holding my head high in the grocery store when somebody approaches me with a willingness to say maybe it's not the plan that you thought was best, but we are going to go forward and we are going to continue to work together. While we're talking about children – my 13-year old in junior high, who, frankly,

has given up a great deal of his mother over the last couple of years, actually, came home and said to me one day, "Mom, in school today they talked more about that Claremont problem and one of the things the teacher said is maybe we ought to think about what we would do with ourselves next year if there wasn't school." My son said, "Don't you worry, my Mom and her friends are going to fix it. They are right on top of it." Big challenge, don't you think? But, something that he said made me think about something else about us. You know what I miss the most in this House? In the two years since I have been in leadership – not just one of the people that could take the easy road – I miss my friends. I miss people not turning away looking at you, not being angry at each other, still being willing to leave holding each others hand sometimes and saying, "Wish I could have supported you. Job well done." What we have here are divisions that fight all the time. In a nation where people look to leaders, it's not here where your leaders are, it's here. You have all heard rumors about what is going on in this room. When your voters elected you they did not elect you because they thought you were a follower, they elected you because they thought you were leaders, just like the leaders that you have chosen among yourselves to lead and we have done that. We have sat in that room and we have come to you with something that is possible. I'm not ashamed of it. I believe it will be revisited and I believe good things will continue to occur. But, I refuse to let my vote be the one because of my thing – that one thing – and how many of you have said that? "I could go for that except for that one piece." I will not let that vote be what stops this. We ought to get on to the business – remember all the other important business we do here – budgets and revenues and things that we ought to do to make the actions we take today correct. I ask you to do that with me. I ask you to remember that we don't have to make it personal. We don't have to divert our eyes away. Friends that have been friends in this House for years should mend their fences and get back to the business that we are accustomed to doing with pride. I would ask that you please join me and not just because we worked hard, all of us worked hard. Please join me. Vote this bill out of here and let's continue to work on the things that are important to all of us and show our state that they elected people that could get the job done. Thank you.

PROTESTS

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Reps. Marple, Donald White, Nancy Wall, Gilman and Wendelboe requested that their protest be entered on the Journal.

The genuine issue of fact is that Article 6 of the New Hampshire Bill of Rights precludes and has precedence in the right of the people to wit: "Shall at all times have the right of electing their own teachers, and of contracting with them for their support or maintenance, or both." This explicit, self-executing language enumerates the duty of agents of the people; said substitute and agents are defined in Article 8 of the New Hampshire Bill of Rights as all "officers of government" must obligate themselves pursuant to Part 2, Article 84, Form of Government. The action taken by all voting to usurp the right of the people is what establishes the foundation of equitable relief by the people for the trespasses perpetrated upon their right as enumerated in Article 6, Bill of Rights. "Trespass on the case" will be the action of the people upon all usurpers; this protest and dissent is to be actual notice to violative agents in their personal capacities.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Reps. Keans, Corbin, Weber, McRae and Langley protested the adoption of the Committee of Conference Report on House Bill 117, and requested that their protest be entered on the Journal.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Weyler requested that his protest be entered on the Journal.

I, Rep. Kenneth L. Weyler, Rockingham Dist. 18, do hereby file a protest petition on the Committee of Conference report on House Bill 117. I have voted against this report for the following reasons:

1. The Supreme Court has introduced a right of education into the constitution which was never intended by the framers.
2. Not only does this amendment support the court's improper action, but it also goes against Part 1, Article 6 of the Constitution by taking control of education away from the people.
3. The Business Enterprise Tax required a two-thirds vote to change the rate. The Amendment eliminates the super majority, and doubles the rate.
4. Being a member of the Finance Committee with responsibility to estimate revenues, I believe this amendment is under funded by approximately one hundred million dollars.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Boyce requested that his protest be entered on the Journal.

The compromise proposed by the committee of conference includes several objectionable items, not the least of which is the change by a simple majority vote of the rate for the business enterprise tax while the current RSA clearly prohibits any change without a 2/3 affirmative vote. Further by this same simple majority vote it strikes the current language. This clearly illustrates that any promise made by the legislature and signed by the Governor is worth even less than the paper it is printed on. The citizens of this state can no longer count upon the government to keep its' word.

In addition, this compromise grants to the supreme court the supreme authority to determine tax policy and educational policy in the state. This violation of the constitutional duty of the legislature. The legislature cannot abrogate their duty to set tax policy to anyone, neither the court nor the people themselves. The court has affirmed this by their denial of the proposal to send to the voters a referendum on the Claremont issue. We cannot lay this upon the people to decide and we cannot lay it upon the court.

My conscience says I must vote against this however, because there is a strong possibility that if this failed an even worse compromise would follow I have voted for this bill under protest.

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. David Hall requested that his protest be entered on the Journal.

I do hereby go on record that the passage of House Bill 117 as presented by the Committee of Conference is unconstitutional by violating Part 1, Article 6, the Bill of Rights of the New Hampshire Constitution to wit: "The several parishes, bodies corporate or religious societies shall at all time have the right of electing their own teachers, and of contracting with them for their support or maintenance or both. But no person shall ever be compelled to pay towards the support of the schools of any sect or denomination. And every person, denomination or sect shall be equally under the protection of the law; and no subordination of any one sect, denomination or persuasion to another shall ever be established."

This bill (HB 117) subordinates all private and religious schools to the government schools adhering to the religion of secular humanism and violates them from other institutions known or seminaries and private schools included in Part 2, Article 83.

This bill (HB 117) denies numerous individuals in the state of their right of equality of men (Article 1); equality of rights (Article 2); right of conscience (Article 4); religious freedom (Article 5) and right of contract (Article 6).

Pursuant to Part 2, Article 24 of the New Hampshire Constitution, Rep. Soltani requested that his protest be entered on the Journal.

This bill is the beginning of the slide down the slippery slope of socialism and centralized control of our most valuable assets: the children of our state. It is ironic that at a time where our delegations around the world are advising former socialist soviet to shift to local control and a capitalist economy; we in New Hampshire have chosen just the opposite path. We, the representatives of our people, duly elected, have been bullied into capitulation by what Thomas Jefferson called a judicial junta. Our most sacred principle, that of representative government, has been compromised for the sake of political expedience and under pressure from a self-appointed super legislature.

RECONSIDERATION

Rep. Chandler moved that the House reconsider its action whereby it adopted the Committee of Conference report on House Bill 117 and spoke against.

Reconsideration failed.

ENROLLED BILL AMENDMENTS

HB 79, relative to reports to the bank commissioner and to safe deposit box openings.

Amendment (0967-EBA)

Amend RSA 384:36 as inserted by section 1 of the bill by replacing lines 3 and 4 with the following: Reserve Board's Regulation H(12 CFR 208.62), Federal Deposit Insurance Corporation regulations Part 353 (12 CFR 353.1 et seq.), and National Credit Union Administration regulations section Adopted.

HB 92, exempting permanently disabled veterans from the requirement of reestablishing their disability status for the division of motor vehicles every 4 years to prove eligibility for special license plates.

Amendment (0966-EBA)

Amend section 1 of the bill by replacing line 6 with the following:
service-connected disability. Such proof shall only have to be made upon initial
 Adopted.

REMARKS

Rep. Kennedy moved that the remarks made by Speaker Sytek be printed in the Journal.
 Adopted.

Speaker Sytek: Before we have the third reading motion, I want to thank every member of the House for your participation in this historic day, in this historic process. Who knew what challenges we would face when we were elected and who knew how difficult it would be to achieve consensus in a body as diverse and as passionate about their ideas as the New Hampshire House and the New Hampshire Senate. I think that you can go home and hold your head high because you were here to do what you thought was best for the people of New Hampshire. I thank you as your presiding officer. I also want to thank the members of the staff, both our legislative staff who knew what the gig was when they signed up, but we had incredible help from folks in the Department of Revenue Administration. If Phil Blatsos is still outside – he may have gone home. This is a man who works for Revenue Administration. He is in charge of the “chase down the people who aren’t paying their taxes division” – Revenue Discovery is what it’s called. He is the numbers guy and whenever we needed a spread sheet and whenever we made one change in the formula we could call him at home, we would E-mail him – he was here at 3:30 this morning when I left and when I came in at 8:30 this morning he was here again. I hope he went home in between. But, he is not even our employee and he worked to help us. We have to acknowledge the remarkable help of all our staff. Legislative Services was here, nobody complained, they were hanging around waiting for something to happen. A remarkable effort on the part of all our staff and they deserve a round of applause. When we needed somebody to draft these technical tax bills it was a daunting task. It required expertise that we didn’t have on staff. So, we scratched our head and looked around and were able to call out of retirement a former employee of Revenue Administration who came back in spite of the fact that he is retired and trying to build a house. Val Berghaus was here well after I went home at 3:30 a.m. Val should come in and take a bow as well. He is probably happier than any of us because he can go back to building his house.

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet at the Call of the Chair.
 Adopted.

LATE SESSION

Third reading and final passage

HB 333, relative to contracts between participating providers and managed care entities.

HB 469, raising the medical payments coverage under automobile insurance policies.

HB 473, establishing a committee to study the non-group health insurance market.

HB 532, establishing a commission to study early childhood education.

SB 119, relative to the withdrawal of a pupil from school.

HB 689-FN, establishing a committee to study campaign contributions and expenditures.

HB 488, relative to the definition of a developmentally delayed child in the provision of special education services.

HCR 12, urging the United States Congress to enact legislation which prohibits the federal government from recouping state tobacco settlement funds.

SB 19, extending the reporting date of the state substance abuse treatment delivery system committee.

HB 251, relative to official ballot procedures.

HB 562, relative to the date of decision for appeals of zoning matters.

HB 727-FN, establishing a committee to study the problems and possible regulation of outdoor lighting.

SB 91, designating segments of the Cold River as protected under the rivers management and protection program.

HB 581-L, relative to deposits on utility meters.

HCR 5, encouraging New Hampshire Public Radio to extend its broadcast signal to northern areas of New Hampshire.

HJR 2, urging that federal air pollution programs not punish early adopters of air pollution control technology.

HJR 3, urging ISO-New England to adopt policies furthering the state's interest in electric utility restructuring.

HJR 9, urging the United States Congress and federal Environmental Protection Agency to eliminate federal requirements for oxygenate additives for gasoline.

SB 41, correcting a reference in provisions relating to hunting and fishing licenses for members of the armed services.

SB 160, establishing a committee to study and identify or establish the duties of the fish and game commission.

HB 369, establishing a committee on educational programs on tobacco use for minors.

HB 408, relative to drug formularies under managed care entities.

HB 55-FN-A, setting the rate for the medicaid enhancement tax for the biennium ending June 30, 2001.

HB 559-FN-A, authorizing vanity plates or decals for OHRV registrations.

HB 561-FN, reducing lab analysis fees of chemical analyses of water.

HB 639-FN, relative to motor vehicle registration fees for antique motor vehicles and motorcycles.

SB 17, relative to funeral arrangements.

UNANIMOUS CONSENT

Rep. Eaton addressed the House.

RECESS MOTION

Rep. Chandler moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 4:10 p.m.

RECESS

(Speaker Sytek in the Chair)

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill 117.

Rep. Ronald Nowe, Sen. D'Allesandro, for the Committee

RECESS

(Rep. Clegg in the Chair)

RESOLUTION

Rep. Varrell offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 29, 59, 163 and 188 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 29-L, relative to the proper sheltering of dogs. (Criminal Justice and Public Safety)

SB 59-L, relative to bonding of animal owners convicted of animal cruelty. (Criminal Justice and Public Safety)

SB 163, establishing a commission to study methods for reducing violent incidents involving children and guns. (Criminal Justice and Public Safety)

SB 188-L, allowing school districts operating under the official ballot form of meeting to have more than one special meeting per year through court petition on an appropriation question or issue. (Municipal and County Government)

SENATE MESSAGE

CONCURRENCE

HB 78, relative to the counting of votes when the moderator is disqualified.

HB 203, making impaired boating laws consistent with driving while intoxicated laws.

HB 214, changing the membership of and extending the reporting date for the committee to study women's health care.

HB 268-L, relative to the adoption and rescission of the official ballot form of meeting.

HB 302, relative to paint ball guns.

HB 327-L, allowing municipal governing bodies to enter into lease agreements for equipment.

HB 365, establishing a committee to study the current practice of posting roads and its effect on the economy.

HB 383, relative to the authority of the department of environmental services to assign air pollution allowances and credits.

HB 403, relative to speed limits on Turtle Town Pond in Concord.

HB 447, repealing the laws prohibiting certain promotional games.

HB 515, extending the indemnification of persons providing clinical services to the department of health and human services.

HB 558-FN, relative to solid waste management.

HB 710-FN, relative to expanding the availability of lifetime licenses for hunting and fishing.

HCR 4, a resolution urging the U.S. Secretary of Transportation to include U.S. Route 2 as a border corridor highway.

RECESS

(Rep. Chandler in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 78, 203, 210, 268, 327, 365 and 447 and Senate Bills 19 and 119.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS

(Rep. Buckley in the Chair)

ENROLLED BILL AMENDMENT

SB 17, relative to funeral arrangements. (Amendment printed SJ 17, 5/6/99)

Adopted.

SENATE MESSAGES

CONCURRENCE

HB 58, establishing a committee to study open adoption in New Hampshire.

HB 230, clarifying the waste reduction goals for the state of New Hampshire.

HB 402, establishing a committee to study methods to promote the use of renewable energy sources.

HB 426, relative to clean indoor air in state buildings.

HB 435, relative to disclosure by sellers of consumer goods and services.

HB 530, establishing a committee to review the policies and procedures of the joint health council.

HB 556-FN, relative to transporting hazardous waste.

HB 557-FN, relative to hazardous waste permitting and container identification.

HB 592, creating a study committee regarding requirements for and usage of methyl t-butyl ether.

HB 620-FN, relative to election of vested deferred retirement status for inactive members of the retirement system.

HB 634-FN, eliminating the requirement that retirement system disability recipients notify the board of trustees of unreduced social security disability benefits.

HB 638, authorizing a limited license for certain travel agents.

HB 671, adding a member to the council on resources and development.

HB 672-FN-A-L, relative to creating a master plan for Hampton Beach and Hampton State park to deal with growth.

HB 686-FN, defining the state heritage collections committee's responsibilities and the process for acquiring or disposing of items and collections.

CONCURRENCE WITH AMENDMENTS

SB 41, clarifying references in provisions relating to hunting and fishing licenses for members of the United States army, navy, marines, air force, and coast guard.

SB 160, establishing a committee to study and identify or establish the duties of the fish and game commission.

RECESS

(Rep. Jacobson in the Chair)

RESOLUTION

Rep. Murphy offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 32, 90 and 230 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 32, relative to an employer exemption under the unemployment compensation laws. (Labor, Industrial and Rehabilitative Services)

SB 96, establishing a committee to study and investigate the needs for small business loans to pay for technical improvements for persons working at home. (Commerce)

SB 230, relative to interstate school districts. (Education)

RECESS

(Rep. Chandler in the Chair)

RESOLUTION

Rep. Whalley offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Constitutional Amendment Concurrent Resolution numbered 26, shall be by this resolution read a first and second time by the therein listed title, sent for printing and referred to the therein designated committee.

Adopted.

INTRODUCTION OF CACR

First, second reading and referral

CACR 26, relating to the state's duty to assure the opportunity for an adequate primary and secondary public education to all pupils in the state. Providing that the state shall have the duty to assure the opportunity for an adequate primary and secondary public education to all pupils in the state; the nature and means of the fulfillment of such duty shall be determined by the legislature and judicial review shall be limited to whether or not there is any rational basis therefor; the legislature shall have exclusive authority to determine and fund the costs or to delegate the authority to impose assessments, rates, and taxes for education to political subdivisions, which if so delegated shall be deemed local and shall be proportional and reasonable within the political subdivision in which they are imposed. (Chandler, Carr 1; Clegg, Hills 23; Boyce, Belk 5; Flora, Hills 15; K. Herman, Hills 13; McGough, Hills 18; Finance)

RESOLUTION

Rep. Whalley offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bill numbered 69, shall be by this resolution read a first and second time by the therein listed title, and referred to the therein designated committee.
 Adopted.

INTRODUCTION OF SENATE BILL**First, second reading and referral**

SB 69-L, relative to health care charitable trusts and community benefits. (Commerce)

RECESS

(Rep. Konys in the Chair)

ENROLLED BILL AMENDMENTS

HB 79, relative to reports to the bank commissioner and to safe deposit box openings.

Amendment (1178-EBA)

Amend section 1 of the bill by replacing line 3 with the following:
 bank commissioner copies of reports required by the provisions of section 208.62 of the Federal
 Adopted.

HB 230, clarifying the waste reduction goals for the state of New Hampshire.

Amendment (1183-EBA)

Amend section 2 of the bill by replacing line 2 with the following:
 Amend the introductory paragraph of RSA 149-M:29, II to read as follows:
 Adopted.

HB 302, relative to paint ball guns.

Amendment (1214-EBA)

Amend section 2 of the bill by replacing line 2 with the following:

II. Any pupil may be expelled from school by the local school board for gross misconduct, or for neglect or
 Adopted.

HB 556-FN, relative to transporting hazardous waste.

Amendment (1190-EBA)

Amend RSA 147-A:6, V(c) as inserted by section 4 of the bill by replacing line 3 with the following:
 RSA 147-A, or any rules adopted by the commissioner of the department of safety pursuant
 Adopted.

HB 672-FN-A-L, relative to creating a master plan for Hampton Beach and Hampton State park to deal with growth.

Amendment (1179-EBA)

Amend the title of the bill by replacing it with the following:
 AN ACT relative to creating a master plan for Hampton Beach and Hampton Beach state park to deal with growth.

Amend section 1 of the bill by replacing line 2 with the following:
 Hampton Beach and Hampton Beach state park area, the commissioner of resources and economic
 Adopted.

RECESS

(Rep. Herman in the Chair)

ENROLLED BILL AMENDMENT

HB 435, relative to disclosure by sellers of consumer goods and services.

Amendment (1221-EBA)

Amend section 3 of the bill by replacing line 2 with the following:

Added. Amend RSA 361-B:2-a, I to read as follows:

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 92, 214, 358, 383, 403, 515 and 710 and Senate Bill 91.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RECESS**(Speaker Sytek in the Chair)**

Rep. Henderson moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 17

Thursday, May 13, 1999

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Reverend Bradley J. Bergfalk from the Concord Covenant Church. God of wind and creation, blow into our lives today as we embark on the business this day brings our way. Help us brave the storm, or, at the very least, hang on for dear life. Amen.

Rep. Cobb led the Pledge of Allegiance.

LEAVES OF ABSENCE

Reps. Courchesne, Crosby, Desmarais, Golden, L'Heureux, McColgan, Nordgren and Searles, the day, illness.

Reps. Asplund, Bergeron, Dearborn, Dolan, Dunham, Feuerstein, Gile, Glines, Guest, Hoadley, Rebecca Hutchinson, James Johnson, Leishman, Mirski, Benjamin Moore, Mosher, O'Keefe, Rowe, Simon, Tate, Weatherspoon and Whittier, the day, important business.

Reps. Dawe, Fraser, Grant, Horton and Dean Ouellette, the day, illness in the family.

INTRODUCTION OF GUESTS

Shirley Cobb, wife of Rep. Cobb. Irving Boynton, guest of Rep. Case.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 67, relative to termination of parental rights upon a finding of either child abuse or the commission of certain criminal offenses. (Amendment printed SJ 17, 5/6/99)

Rep. Dowling moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Lyman, Irene Pratt, Bickford and Moran.

HB 240, prohibiting the reintroduction of wolf populations to the state of New Hampshire. (Amendment printed SJ 17, 5/6/99)

Rep. Ronald Nowe moved that the House concur and spoke in favor.

Adopted.

HB 442, relative to charitable gift annuities. (Amendment printed SJ 17, 5/6/99)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

HB 513, relative to approved permissible fireworks. (Amendments printed SJ 17, 5/6/99)

Rep. Welch moved that the House concur and spoke in favor.

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 402, 530 and 558.

Rep. Ronald Nowe, Sen. D'Allesandro for the Committee

RESOLUTION

Rep. Chandler offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 743 and 744, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 743, requiring that the question relative to the necessity for a convention to revise the New Hampshire constitution be presented to the voters in the November 2000 general election. (Weber, Graf 11; Boyce, Belk 5: Election Law)

HB 744, ratifying the Plainfield Village Water District annual meeting held on March 27, 1999. (Burling, Sull 1; Jones, Sull 3: Municipal and County Government)

COMMITTEE REPORTS

CONSENT CALENDAR – PART I

Rep. Chandler moved that the Consent Calendar Part I with the relevant amendments as printed in the day's House Record be adopted.

HB 722-FN, revising the law relative to protection of persons from domestic violence, removed by Rep. Wendelboe.

HB 617-FN-A-L, relative to funding and monitoring seacoast harbor issues, removed by Rep. Leber. **HCR 11**, urging Congress and the Internal Revenue Service to modify tax laws to broaden the ability of taxpayers to make tax-deductible contributions to Nuclear Decommissioning Reserve Funds, removed by Rep. Bradley.

HB 673-FN-A, establishing special number plates for emergency medical service providers and firefighters and continually appropriating fees charged for such plates to certain funds, removed by Rep. McGough.

Consent Calendar adopted.

HB 637-FN, including persons who make medical decisions as practicing medicine. RE-REFER TO COMMITTEE

Rep. Keith R. Herman for Commerce: This bill would require medical directors of managed care organizations to be responsible for medical necessity decisions and, therefore, be subject to the New Hampshire Board of Medicine and thus be open for medical liability. The issue of liability is heavily debated as to the costs associated and the implications of being able to sue your HMO, which violates federal law. There was information submitted to the subcommittee by the Medical Society to suggest that the more appropriate action would be to address minimum requirements for licensure of medical directors. This topic is also being introduced through the Governor's "HMO Accountability Act." Vote 17-0.

HB 216, relative to release conditions pending trial for defendants in domestic violence, stalking, or protective order violation cases. OUGHT TO PASS WITH AMENDMENT

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill concerns the release of a defendant pending trial in which a person is charged with a domestic violence crime, stalking or a violation of a protective order. We believe RSA 597:2, II already allows the court to hold a person without bail when the person "will endanger the safety of the person or of any other person or the community". HB 216 further defines the circumstances in which the court MAY hold someone in preventive detention without bail in domestic violence, stalking or violation of protective order cases, or in the alternative, add restrictive conditions such as electronic monitoring and supervision. This bill requires the superior court in case of appeal under RSA 597:6-e, II to have a hearing and make written findings based upon the hearing and the review of the district court's written findings, orders, pleadings, or transcript when making modifications. Lastly, language is added to RSA 597:7-a, III (a)(2) sanctions for breach of conditions, saying the person's bail may be revoked if the person "has violated a temporary or permanent protective order or by conduct indicating a potential danger to another." Vote 13-0.

Amendment (0761h)

Amend the bill by replacing sections 1 and 2 with the following:

1 New Paragraph: Release of Defendant Pending Trial. Amend RSA 597:2 by inserting after paragraph III the following new paragraph:

III-a. If a person is charged with a domestic violence related crime, stalking, or violation of a protective order, the court or justice may order preventive detention without bail, or, in the alternative, restrictive conditions including but not limited to electronic monitoring and supervision, if there is clear and convincing evidence that the person poses a danger to another. The court or justice may consider, but shall not be limited to considering, any of the following conduct as evidence of posing a danger:

- (a) Threats of suicide.
- (b) Acute depression.

- (c) History of violating protective orders.
- (d) Possessing or attempting to possess a deadly weapon in violation of an order.
- (e) Death threats or threats of possessiveness toward another.
- (f) Stalking behavior, as defined in RSA 633:3-a.
- (g) Cruelty to or violence directed toward pets.

2 Review and Appeal of Release or Detention Order. Amend RSA 597:6-e, II to read as follows:

II. The person or the state may file with the superior court a motion for revocation of the order or amendment of the conditions of release set by a municipal or district court, by a justice or by a bail commissioner. The motion shall be determined promptly. *In cases where a district court justice has made findings of dangerousness in a domestic violence related crime, stalking, or a protective order violation, the superior court shall, after notification to both parties and the victim, conduct a hearing and make written findings supporting any modifications and reasons for new conditions or changes from the district court order. The reviewing court shall take into consideration the district court's written findings, orders, pleadings, or transcript when making a modification.*

HB 584-FN, relative to administrative license suspensions. OUGHT TO PASS WITH AMENDMENT

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill further defines the scope of authority to suspend or revoke drivers licenses, by achieving three goals within the Administrative License Suspension (ALS) process. First goal, individuals that request a hearing under ALS and further request that the law enforcement officer be present at the hearing will be responsible for paying a witness fee (\$15 for a half day-\$30 for more than a half day). This fee can be waived for those who are deemed indigent. Communities with small police departments cannot afford the effects of these hearings when they lose the officer for most of a working day. These types of hearings are at the request of the defendant and the law enforcement officer usually sends his report to the hearing unless his presence is requested by the defendant. Second goal, a provision is included for either party to request a review by the Director of Motor Vehicles within 15 days, if either party feels aggrieved by the ruling at the hearing. Currently there is no review process. Third goal, this allows the Department of Safety to accept cases where the driver has registered .08 on a breathalyzer device having a reported value of .08. The driver will still be able to contest the validity of the test results. The last amendment is not related to the ALS process but is related to the fatal hearing statutes. The Department of Safety currently conducts hearings on fatal cases and suspends driver licenses for up to three years. The courts have the ability to suspend or revoke driver licenses for up to seven years. Some cases do not make it to the courts even when a driver's actions may have materially contributed to the death or serious bodily injury to another. This amendment would allow the Department at its hearing to extend the period of revocation from the current 0-3 years to 0-7 years when the driver's actions have materially contributed to the death or serious bodily injury of another. Vote 14-0.

Amendment (0692h)

Amend the bill by replacing section 3 with the following:

3 Administrative Review and Hearings. Amend RSA 265:91-b, I(c) to read as follows:

(c) If the request is for a hearing, the request shall also indicate whether or not the person desires to have the law enforcement officer present. *If the person requires that the law enforcement officer be present at the hearing, the person shall be responsible for paying an attendance and travel fee. The fees for law enforcement officers whose presence is necessary to address the issues raised by the person which are to be challenged at the hearing shall be paid in accordance with RSA 516:16. The attendance and travel fee shall be paid prior to the date of the scheduled hearing and failure to pay the fee shall result in a waiver of the requirement that the officer be present at the hearing. When a person is unable to pay attendance and travel fees, the person may file a request for a waiver of these fees with the director. Such request shall be accompanied by a financial affidavit listing the person's income and expenses. The waiver shall be granted if the director concludes the person cannot pay these fees due to financial hardship.* The hearing shall be held within 20 days after the filing of the request unless the person requests a continuance. A request for a continuance by the person shall not stay the order of suspension or revocation. The hearing shall be recorded, and be conducted by the department's designated agent. The

hearing may be conducted upon a review of the law enforcement officer's report if there is no request to have the officer present. If there is a request that the law enforcement officer be present at the hearing and the officer fails to appear without good cause shown, the case shall be dismissed and the order rescinded. If the person requesting the hearing fails to appear without good cause shown, the right to a hearing shall be waived and the order sustained.

Amend the bill by replacing section 5 with the following:

5 Appeal or Review. Amend RSA 265:91-d to read as follows:

265:91-d Appeal or Review.

1. Within 15 days following the examiner's ruling, a person whose license has been suspended or revoked, or a law enforcement officer, may petition the director for a review of the ruling. The filing of the petition shall not stay a suspension or revocation of the person's driver's license or privilege to drive if imposed, or the restoration of the person's driver's license or privilege to drive. After a review of the petition, the director shall issue a written finding either affirming or denying the petition, or issuing any other order, within 15 days.

II. Any person aggrieved by a decision of the department under this section, after the administrative review or hearing, may appeal the decision as provided in RSA 263:75. The filing of an appeal shall not stay the action taken by the director.

HB 718-FN-L, relative to statewide administration and funding of special education in the state of New Hampshire as a single school district. INEXPEDIENT TO LEGISLATE

Rep. Clair A. Snyder for Education: This bill would have created the Department of Education as a single school district to administer services and fund all special education costs. This would transfer the liability to the state for all costs and services above 1-1/2 times the state's adequacy figure. Although this sounds appealing, it could create chaos with people from other states flocking to New Hampshire for services with little local control on services or funding. It would also require a huge bureaucracy at the Department of Education to administer it without any funding. This would set a budgetary limit on the amount to be spent for services, which would then leave districts liable for the remaining costs. Additional services required by the federal law would require local districts to fully fund those services. This direction of special education puts mandates at the local level to fund services that the state now pays. Vote 12-2.

SB 18, relative to the rulemaking authority of the state board of education regarding certain educational personnel. OUGHT TO PASS

Rep. Arthur J. Pelletier for Education: Currently, new educational personnel or changes in their titles must be addressed through legislation. Generic language in this bill allows such changes to be effected through the rulemaking authority of the state board of education while retaining the Legislature's prerogative to establish additional personnel when deemed necessary. Vote 13-1.

SB 77, relative to authorized regional enrollment area schools. OUGHT TO PASS WITH AMENDMENT

Rep. Gordon B. Flint, Sr. for Education: This bill provides for certain changes in the current area school law with regard to the length of an area agreement, the withdrawal of a district from an area agreement, the representation of the sending district on the receiving district's school board, and the manner in which the interests of the school boards of the sending districts will be addressed within the area plan. The amendment sets a timeframe for the area district to take the vote. Vote 13-0.

Amendment (1043hh)

Amend the bill by replacing section 2 with the following:

2 AREA Schools; Review of AREA Plan and Withdrawal Procedure. Amend RSA 195-A:14, VIII to read as follows:

VIII. The vote to withdraw from an area shall take effect on July 1 of the calendar year [~~one year subsequent to~~] *which shall be at least 2 years after* the date on which the withdrawal vote is adopted [~~, or as determined in the plan~~]. *The plan may provide for an earlier date.*

Amend the bill by deleting section 3 and renumbering the original section 4 to read as section 3.

AMENDED ANALYSIS

This bill provides for certain changes in the current area school law with regard to the length of an area agreement and the withdrawal of a district from an area agreement.

SB 117, relative to the duties of the board of trustees of the community-technical college system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Clair A. Snyder for Education: This bill restores certain duties to the Board of Trustees of the Community-Technical College system and makes certain technical revisions to the duties of the Board of Trustees. These duties and technical revisions were inadvertently left out of SB508 of last year's session. The amendment requires that reports and recommendations of the public higher education study committee be sent to the Commissioner of the regional community-technical college system. Vote 14-0.

Amendment (0993h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the board of trustees of the community-technical college system and relative to reports made to the commissioner of the regional community-technical college system.

Amend the bill by inserting after the enacting clause the following and renumbering the original sections 1-4 to read as sections 2-5 respectively:

1 Public Higher Education Study Committee; Report and Recommendation. Amend RSA 187-A:28-d to read as follows:

187-A:28-d Report and Recommendations. The committee shall submit a report to the general court by January 15 of each year. Copies of the report shall be submitted to the governor and council, the senate finance and education committees, the house of representatives finance and education committees, the board of trustees of the university system, *the commissioner of the regional community-technical college system*, and to any other individual or organization as the committee deems advisable.

AMENDED ANALYSIS

This bill adds certain duties to the board of trustees of the community-technical college system and makes certain technical revisions to the duties of the board of trustees. The bill also requires that reports and recommendations of the public higher education study committee be sent to the commissioner of the regional community-technical college system.

HB 316, relative to political party expenditures. **INEXPEDIENT TO LEGISLATE**

Rep. Raymond Buckley for Election Law: The Committee will be looking into the entire issue of campaign finance reform with the study committee created by the House in HB 689. The Committee agrees that complete disclosure is the foundation for campaign finance reform and will take the points in HB 316 into consideration as they deliberate the issue this summer and fall. Vote 16-0.

HB 390-L, relative to lengthening the polling hours in towns. **INEXPEDIENT TO LEGISLATE**

Rep. Natalie S. Flanagan for Election Law: Under current law there is a process for voters in towns to vote to change polling hours, provided that the polls do not open later than 11 o'clock a.m. or close earlier than 7 o'clock p.m. This bill would add a provision stating that the polls shall not close later than 8 o'clock in the evening and would add a new process for changing polling hours in towns. As drafted, the bill is unclear and creates conflicts with current law. Since a process for changing polling hours already exists, the committee felt the bill was inexpedient to legislate. Vote 15-0.

SB 38, relative to the optional term for election of a cooperative school district moderator. **OUGHT TO PASS**

Rep. Raymond Buckley for Election Law: The Committee supports enabling school districts to vote by warrant to determine the term of the school district's moderator. SB 38 would allow the local school district to choose to expand the term of their moderator from a one-year term to either a two- or three-year term. The Committee agrees with the sponsor that the school district moderator's position is often one that is non-contested and it should be left to the local voters to determine the length of the term. Vote 17-0.

HB 348-FN, privatizing the sale of liquor. **INEXPEDIENT TO LEGISLATE**

Rep. Michael O'Neil for Executive Departments and Administration: The topic of this bill has been discussed for years by the New Hampshire Legislature and the committee agrees with past decisions that the present state liquor sales operation serves the best interest of the state. The income

generated by this operation provides a very important and vital revenue source for the state operating budget and to tinker with the system would be disruptive to the budget and would require additional tax burdens on the citizens of the state. Vote 16-0.

HB 414-FN, relative to the salary of the executive director of fish and game. **OUGHT TO PASS WITH AMENDMENT**

Rep. Merton S. Dyer for Executive Departments and Administration: The amendment that is shown in the calendar replaces the bill and changes the title. The original bill deals with a change of the pay grade for an unclassified individual. Over the last 2 years the legislature has not granted individual pay group changes. The governor and the ED&A committee agree that there are serious deficiencies in the present pay structure in the unclassified service. This bill as amended will establish a chapter study committee to investigate what action the legislature should take. This committee will report in November if legislation or funding is needed. The last time this was discussed was in 1990 and nothing came of that study. Vote 16-0.

Amendment (0175h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the unclassified salary structure for state officers.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the unclassified salary structure for state officers.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the unclassified salary structure for state officers pursuant to RSA 94:1-a, I, and any other matters related to the unclassified salary structure deemed necessary by the committee.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill established a committee to study the unclassified salary structure of state officers.

HB 658-FN, relative to certification and registration requirements for recovery agents who assist bail agents and sureties. **OUGHT TO PASS WITH AMENDMENT**

Rep. William R. Zolla for Executive Departments and Administration: This bill requires recovery agents who assist bail agents and sureties in the apprehension, surrender and surveillance of defendants to be trained and certified through a program approved by the Professional Bail Agents of the United States and to provide proof of liability insurance to, and be registered with the secretary of state prior to entry into the state for recovery. This bill still requires bail agents, sureties and recovery agents to notify a municipality's chief law enforcement office if the search is to be conducted in his jurisdiction. Persons failing to comply with the provisions of this bill shall be guilty of a class A misdemeanor. Vote 15-0.

Amendment (0983h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certification, registration, and insurance requirements for recovery agents who assist bail agents and sureties.

Amend RSA 597:7-b, II and III as inserted by section I of this act by replacing them with the following:

II. Any person who operates as a recovery agent in this state shall be trained and certified through a program approved by the Professional Bail Agents of the United States and shall register annually with the secretary of state. The secretary of state shall issue to each registered recovery agent proof of such registration. Effective July 1, 2000, each bail agency operating in this state shall annually provide to the secretary of state proof of liability insurance coverage in the amount of \$300,000 for bail recovery activities of the agency's bail agents and bail recovery agents. This proof of insurance coverage shall be provided before the agency's bail agents are licensed or relicensed, and before the agency's bail recovery agents are registered or reregistered. Bail recovery agents acting as independent contractors shall provide proof of liability insurance coverage in the amount of \$300,000 to the secretary of state before registration or reregistration. Any person who operates as a recovery agent in this state without meeting such certification, insurance, and registration requirements shall be guilty of a class A misdemeanor.

III. A bail agent or recovery agent searching for a person who has violated conditions of release shall notify a municipality's chief law enforcement officer if the search is to be conducted in the municipality's jurisdiction. A bail agent or recovery agent who violates the provisions of this paragraph shall be guilty of a class A misdemeanor.

AMENDED ANALYSIS

This bill requires recovery agents who assist bail agents and sureties in the apprehension, surrender, and surveillance of defendants to be trained and certified through a program approved by the Professional Bail Agents of the United States and to provide proof of insurance to and be registered with the secretary of state.

HB 670, establishing an advisory board to study the future of the New Hampshire automated information system's "Webster" Internet site. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert E. Murphy for Executive Departments and Administration: This bill establishes a board to advise the state librarian on matters pertaining to the state's Internet web site, "WEBSTER". The board is charged with recommending standards to the state librarian for electronic publications and coordinating the content of state agency information for publication on the Internet. The board will be composed of eight members with representation from all 3 branches of government. The members of the board that are elected officials will serve terms coterminous with their terms of office and the remaining board members will serve for 3-year terms. The board will issue an annual report on its activities. Vote 16-0.

Amendment (0838h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; "Webster" Advisory Board Established. Amend RSA 201-A by inserting after section 26 the following new section:

201-A:27 "Webster" Advisory Board Established.

I. There is hereby established a board to advise the state librarian and to study the future direction of "Webster," the state of New Hampshire's automated information system Internet site.

II. The members of the board shall be as follows:

- (a) One house member, appointed by the speaker of the house.
- (b) One senator, appointed by the senate president.
- (c) One member representing the judicial branch, appointed by the chief justice of the supreme court.
- (d) The state librarian, or designee
- (e) The director of information technology management, or designee.
- (f) The state archivist, or designee.
- (g) One member representing the governor's office, appointed by the governor.
- (h) One public member, appointed by the governor, who shall be an end user of the information available on Webster.

III. The terms of the members appointed pursuant to subparagraphs II(c) and (h) shall be 3 years; the terms of all other members shall be coterminous with their terms in office. In the event of a vacancy, a new member shall be appointed for the unexpired term in the same manner as the original appointment.

IV. Members of the board shall serve without compensation. Members of the legislature shall receive mileage at the legislative rate when attending to the duties of the commission.

V. The board shall advise the state librarian on matters pertaining to the state's web site known as Webster, examine models from other states, coordinate Internet information content activities on an interagency basis, and recommend standards to the state librarian for electronic publications and other electronic information dissemination issues.

VI. The members of the board shall elect a chairperson from among the members. The first meeting of the board shall be called by the first-named house member and shall be held within 45 days of the effective date of this section. The board shall meet quarterly or as needed and shall make an annual report on or before November 1 of each year which shall be submitted to the speaker of the house of representatives, the president of the senate, the governor, and the state librarian.

2 Effective Date. This act shall take effect 60 days after its passage.

HB 716-FN, requiring review of proposed administrative rules by house and senate policy committees. **INEXPEDIENT TO LEGISLATE**

Rep. Maurice E. Goulet for Executive Departments and Administration: The committee recognized the point that the sponsors wished to make with this bill. Subsequent discussion revealed two major problems with the proffered approach: (1) Policy committee review of proposed administrative rules would lengthen the process; and (2) how could policy committees be expected to review proposed rules during the summer and fall months. Perhaps, at some future date, a mechanism will be found to accomplish the intent of the sponsors Vote 15-0.

SB 60, establishing a committee to study the licensure of radiographers and radiologic technicians. **OUGHT TO PASS WITH AMENDMENT**

Rep. Maurice E. Goulet for Executive Departments and Administration: On April 14, 1999, the House voted to re-refer HB 598, an act to license x-ray technicians. SB 60 establishes a study committee to study the licensure of these persons. As a result of our previous action, it was considered prudent to pass this study bill to review this situation with combined House and Senate input. Vote 17-0.

Amendment (1050h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the licensure of radiographers and radiologic technologists.

Amend the bill by replacing section 1 with the following:

1 Committee Established. There is established a committee to study the licensure of radiographers and radiologic technologists.

Amend the introductory paragraph of section 3 of the bill by replacing it with the following:

3 Duties. The committee shall study the licensure of radiographers, radiologic technologists, and the inclusion or exception for persons operating x-ray systems designed for the irradiation of any part of the human body for diagnostic or therapeutic purposes. The committee seek input from persons or representatives of the following:

AMENDED ANALYSIS

This bill establishes a committee to study the licensure of radiographers and radiologic technologists.

HB 66-FN, relative to disability retirement benefits for retirement system members permanently incapacitated for duty. **OUGHT TO PASS**

Rep. Robert G. Holbrook for Finance: This bill requires New Hampshire retirement system members to prove the cause of accident was work-related in order to qualify for disability benefits for permanent incapacity, including a request for a lump sum payment, from either the New Hampshire retirement system or an insurance company. Vote 23-1.

Reps. Christie, Perkins and Quandt declared conflicts of interest and did not participate.

HB 220-FN-L, repealing the excavation tax and excavation activity tax. **INEXPEDIENT TO LEGISLATE**

Rep. Charles L. Vaughn for Finance: Despite decade-old problems with uniform taxation on quarrying or mining earth, the sponsor suggested the bill be Inexpedient to Legislate and that the pro-

visions of HB 666 be used for necessary changes to RSA Chapter 72-B. HB 666 clarifies the intent and procedures of excavation, creates exemptions to the tax including fees, and also permits enforcement with liens of potential excavation violations Vote 23-2.

HB 274-FN, relative to the office of the consumer advocate. OUGHT TO PASS WITH AMENDMENT

Rep. Vivian R. Clark for Finance: As received from the policy committee, this bill changes the appointing authority for the Consumer Advocate from the Attorney General to the Governor and Council, and establishes a Residential Ratepayers Advisory Board. The Finance Committee voted a further amendment, to remove a new staff position and to change the authority of the Advisory Board from nominating candidates for Consumer Advocate to recommending them. Vote 23-0.

Amendment (0973h)

Amend RSA 363:28, I as inserted by section 2 of the bill by replacing it with the following:

1. The office of the consumer advocate shall be an independent agency administratively attached to the public utilities commission pursuant to RSA 21-G:10. The office shall consist of the following:

(a) A consumer advocate, appointed by the ~~[attorney general]~~ *governor and council*, who shall be ~~[a full-time classified employee and]~~ a qualified attorney admitted to practice in this state. *The consumer advocate shall serve a 4-year term and until a successor is appointed and qualified.*

(b) An assistant consumer advocate appointed by the ~~[attorney general]~~ *consumer advocate*, who shall be a full-time classified employee ~~[and a qualified attorney admitted to practice in this state].~~

(c) A secretary *appointed by the consumer advocate.*

(d) Two additional staff people~~[-, who may be a rate analyst and an economist]~~ *appointed by the consumer advocate. When filling these positions, the consumer advocate should consider appointing rate analysts or economists.*

Amend RSA 363:28-a, V(c) as inserted by section 3 of the bill by replacing it with the following:

(c) Prior to the expiration of the consumer advocate's term, the board shall recommend to the governor and council whether to reappoint the consumer advocate. If the board does not recommend reappointment or the governor and council do not accept the board's recommendation to reappoint, the board shall then recommend 3 persons to the governor and council to fill the position.

AMENDED ANALYSIS

This bill establishes the residential ratepayers advisory board to advise the office of the consumer advocate. This bill changes the appointing authority for the consumer advocate from the attorney general to the governor and council. This bill also provides that the consumer advocate shall serve a 4-year term.

HB 485-FN, relative to the calculation of unemployment compensation benefits. OUGHT TO PASS Rep. Robert G. Holbrook for Finance: As requested by the Unemployment Compensation Advisory Council, this bill brings up to date methods for State-Federal Extended Benefit Programs to conform to US Department of Labor rules. The bill would also broaden the scope of determining the appropriate employer to charge for unemployment compensation benefits. A change in cost for these improvements cannot be determined. Vote 23-0.

HB 486-FN-A, relative to the physician effectiveness program. OUGHT TO PASS WITH AMENDMENT

Rep. Marjorie K. Smith for Finance: This bill authorizes the implementation of the physician effectiveness program by the board of medicine. The physician effectiveness program has two major objectives: 1) the protection of the public through early identification, treatment and long term monitoring of physicians who are impaired because of physical or mental illness, including alcohol and/or drug abuse and dependency; and 2) the rehabilitation of the physician.

The amendment provides for the board of medicine to assess additional fees in order to generate revenue of \$40,000 over the board's budget request for fiscal years 2000 and 2001. Vote 22-1.

Amendment (1024h)

Amend the bill by replacing section 2 with the following:

2 Authorization for Fee; Appropriation for 2000 and 2001.

I. The fee of \$10 authorized in RSA 329:13-b as inserted by section 1 of this act shall be in addition to the fees established by the board of medicine in effect as of the effective date of this act. The total fees assessed shall be established to provide revenues of \$40,000 over and above those estimated by the board of medicine for fiscal years 2000 and 2001 of \$1,239,574 in support of the board's budget request for the biennium.

II. The sum of \$40,000 is hereby appropriated to the board of medicine for each of fiscal years 2000 and 2001 from the general fund for the purpose of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

3 Effective Date. This act shall take effect July 1, 1999.

HB 546-FN-A, providing partial funding to support research monitoring groundwater at reclamation sites that have had sludge applied. **OUGHT TO PASS**

Rep. Jeffrey C. MacGillivray for Finance: This bill funds research on groundwater at reclaimed gravel pit sites that have been treated with a mixture of sand, sewage sludge, and short paper fiber. The bill transfers \$20,000 of unspent funds budgeted for local state aid grants, which would have lapsed at the end of June, 1999, to the UNH office of sponsored research to conduct this research. Given the past use of sludge for reclaiming sites such as gravel pits, and given current controversy over the appropriate level of such use of sludge, transferring this \$20,000 for scientific research of the outcome of past use appears very appropriate. Vote 22-1.

SB 109, deleting the witnessing requirement for notices of lease. **OUGHT TO PASS**

Rep. Robert H. Rowe for Judiciary: Leases of real estate for a term of 7 years or more require a Notice of such lease to be recorded in the Registry of Deeds for the county where the property is situated. The law has required that such Notice be witnessed, and signatures of the parties be acknowledged by a Justice of the Peace or Notary Public. As of August 15, 1981 deeds and other similar instruments that are acknowledged no longer require a witness. This legislation corrects the oversight as to Notices of Lease, and a witness no longer will be required. Vote 15-0.

SB 139, relative to self-proved wills and making reference changes. **OUGHT TO PASS**

Rep. Tony F. Soltani for Judiciary: This bill has three objectives. First, it makes a technical correction in the statute to refer to the registry of probate which is the proper term rather than "register" of probate. Second, it recognizes self-proving wills which are executed according to the laws of the state or country in which they originate. Third, it requires that the will of a decedent be filed with the registry of probate where there are no probate assets. These changes, although technical in nature, will facilitate the proper recording of deeds and most likely minimize the expenses to the families of persons who leave no probate assets. All objectives are laudable. Vote 12-0.

HB 579-FN, relative to eligibility for unemployment benefits for certain persons commensurate with their attachment to the workforce. **RE-REFER TO COMMITTEE**

Rep. David A. Hall for Labor, Industrial and Rehabilitative Services: Currently, benefits are paid only to individuals seeking full-time employment. This bill would expand eligibility to part-time workers. The last available data has the number of part-time workers at 122,000 or 19.3% of the workforce. The sponsors have concern for those in permanent part-time positions who might become unemployed through no fault of their own and are denied benefits because either by choice or circumstance they seek only part-time work. The Department of Employment Security determined that removing the requirement that full-time workers be ready, willing and able to accept suitable employment on any shift for which there is a market for their services will increase the benefit outlays from the Unemployment Trust Fund by \$4,088,448 and could jeopardize the ability of the Department to meet the demand of a recession. During sub-committee deliberations, parties on both sides agreed to re-refer to allow the Department to complete a more detailed study of past denied claims and to meet with the Advisory Council to explore possible solutions. Vote 18-1.

SB 180, establishing a committee to study the improvement of employment opportunities offered by the state of New Hampshire for persons with disabilities. **OUGHT TO PASS**

Rep. Russell D. Bridle for Labor, Industrial and Rehabilitative Services: This bill establishes a study committee to look at issues pertaining to improving state employment opportunities for those with disabilities. The intent of this bill is to take the first step in making the state of New Hampshire a model employer for qualified workers with disabilities. As a model employer, the state can then assist the private sector in similar initiatives. Vote 14-2.

HB 730-FN, establishing a pilot program for the recording of committee proceedings of the general court. RE-REFER TO COMMITTEE

Rep. Merton S. Dyer for Legislative Administration: This bill would have established a pilot program to record all proceedings of House standing committees. The speaker has already started a pilot program with the Science and Technology Committee. The results of the study are not in yet, but some members of the Legislative Administration Committee wanted this bill re-referred so that the committee could investigate other electronic means of keeping the record of committee proceedings. With this in mind, the committee is requesting that this bill be re-referred. Vote 13-0.

HCR 2, recognizing outstanding student role models in the public schools. OUGHT TO PASS WITH AMENDMENT

Rep. Winston H. McCarty for Legislative Administration: This resolution endeavors to promote more recognition of those students in our public schools for their good behavior. School principals of each school will issue certificates to selected students based on school faculty recommendations. Notices of those selected will be sent to the Governor, Speaker of the House and Senate President. Vote 13-0.

Amendment (0905h)

Amend the title of the resolution by replacing it with the following:

A RESOLUTION recognizing students who display good behavior in the public schools.

Amend the resolution by replacing all after the title with the following:

Whereas, the conduct of students who display good behavior, who lead by example, and who strive for excellence by putting forth their best effort in all that they do enhances the overall educational experience for all students; and

Whereas, students who consistently exhibit such behavior should be recognized in their schools and communities; and

Whereas, recognition of these students by the school principal shall reinforce the value and importance of such behavior in the schools and communities of the state; now therefore be it

Resolved by the House of Representatives, the Senate concurring:

That students who display good behavior, who lead by example, and who strive for excellence by putting forth their best effort in all that they do be recognized by school principals in their respective schools; and

That the school principal of each school, based on recommendations from school faculty, select 2 students from each school in the state to be recognized in their schools and communities; and

That the school principal issue a certificate of recognition to each student selected and that principals are encouraged to publicize this student recognition in the local newspapers and the local community; and

That the house clerk send copies of this resolution to the governor, the speaker of the house, the senate president, and the commissioner of the department of education.

AMENDED ANALYSIS

This house concurrent resolution encourages schools and communities to recognize students statewide who display good behavior, who lead by example, and who strive for excellence by putting forth their best effort in all that they do.

HB 446-L, subjecting certain land in the town of Newport to local land use regulations. RE-REFER TO COMMITTEE

Rep. Betsey L. Patten for Municipal and County Government: The committee realized that the issue surrounding the property owned and operated by the Sullivan County Regional Refuse Disposal District in Newport was far more complex than originally expected. The zoning change requested might have carved out a single use in a single locality, which seemed to be contrary to all of our local land use regulations. The subcommittee recommended re-refer in order to get input from three other committees; Environment and Agriculture, Resources, Recreation and Development, and Science, Technology and Energy. Also, there are ongoing discussions between the municipal district entity and the towns and cities that make up the refuse disposal district. Vote 12-1.

SB 161-L, relative to amending the contributory pension system for employees of the city of Manchester. **OUGHT TO PASS WITH AMENDMENT**

Rep. Linda T. Foster for Municipal and County Government: This bill ratifies the existing practice regarding the contributory pension system in the City of Manchester. The language of the bill parallels the language voted on by the citizens of Manchester by charter referendum. The amendment addresses a similar but not identical problem regarding pensions for the Town of Salem. It does not change existing policy; it simply ratifies existing practice. No one appeared in opposition to either the original bill or the amendment. Vote 16-0.

Amendment (0978h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to amending the contributory pension system for employees of the city of Manchester and authorizing the town of Salem pension plan.

Amend the bill by replacing section 11 with the following:

11 Town of Salem; Pension Plan Authorized, Established, and Validated; Termination. The town of Salem is authorized to establish and maintain the Town of Salem Money Purchase Plan in that form in effect as of January 1, 1987, and as subsequently amended through to the effective date of this section. The adoption and amendment of the Town of Salem Money Purchase Plan is hereby confirmed by the New Hampshire legislature and validated by this act, provided that said Town of Salem Money Purchase Plan is terminated by the town of Salem not later than June 30, 1999, and that the benefits thereunder be distributed to the participants and beneficiaries thereof in accordance with the terms of said plan.

12 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes various changes to the law authorizing the contributory pension system of the employees of the city of Manchester. This bill also authorizes the town of Salem pension plan and validates the plan subject to its termination prior to June 30, 1999.

HB 609, relative to construction of a sewer force main through a state land conservation easement. **OUGHT TO PASS WITH AMENDMENT**

Rep. John R. Cloutier: This bill would allow Sullivan County to lay a segment of a sewer line below a piece of private property in Claremont. Private property on which the state possesses certain rights pursuant to the land conservation investment program under RSA 162-C. The property owner has no objection to the line, which would allow the county to tie in with Claremont's sewage treatment plant, and thus save county taxpayers from having to build an entirely new wastewater treatment plant for the county complex which is in neighboring Unity. The amendment, drafted with the help of the Office of State Planning, says that the proposed line would only be used for wastewater from the complex, and that no additional private or non-county ties, hook-ups, or similar connections would be allowed. The amendment also says the line's installation will not impair any of the conservation values for which the easement was purchased, nor will such installation impair continuing private agricultural activities, for which the property in question is now being used. Vote 16-0.

Amendment (0987h)

Amend the bill by replacing all after the enacting clause with the following:

1 Certain Land in the City of Claremont. Notwithstanding any other law to the contrary, the land now owned by one Edward MacGlaflin, with certain property rights possessed by the state pursuant to the land conservation investment program under RSA 162-C, identified in the city's records as tax map 19, parcels 24 and 48, may be used by Sullivan County for the purpose of laying a segment of 6-inch sewer force main below the surface of said land. The proposed sewer line running from the Sullivan County Complex in the town of Unity to the Claremont sewer system shall be used for wastewater treatment solely from the complex and no additional private tie-ins, hook-ups, or similar non-public connections shall be allowed.

2 The general court hereby affirms its long term commitment to preserving the natural beauty, landscape, rural character, and natural resources of New Hampshire consistent with the enabling legislation of the land conservation investment program. The general court recognizes that in this specific instance, use of said protected land for the purposes described in section one of this act

will not impair any of the conservation values for which such conservation easement was purchased, nor will installation impair continuing private agricultural activities. As such, the general court finds that this legislation balances the public purposes of providing clean, efficient, and reasonably priced sewer service to the Sullivan County Complex in Unity, with the need to ensure that the public's investment in conservation lands through the land conservation investment program is not diminished over time.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows Sullivan County to lay a segment of a sewer force main below land in Claremont with certain property rights owned by the state under the land conservation investment program.

The sewer line shall be used solely for wastewater treatment from the Sullivan County complex in the town of Unity and no additional tie-ins, hook-ups, or connections shall be allowed.

HCR 9, encouraging greater health care choices for senior citizens throughout New Hampshire. OUGHT TO PASS WITH AMENDMENT

Rep. Richard P. Herman for State-Federal Relations and Veterans Affairs: This legislation will encourage greater health care choices for Medicare-eligible citizens in NH. We urge the Federal government to review its Medicare policies & procedures to this goal. Specifically, reimbursement rates for physicians, hospitals, and home health care providers. Also, Medicare premium rates and applications for Medicare insurance product introductions. The amendment added the word "premium" in line 17 and date of 1997 in line 21 Vote 13-0.

Amendment (0864h)

Amend the resolution by replacing the title of the resolution with the following:

A RESOLUTION encouraging greater health care choices for Medicare eligible citizens throughout New Hampshire.

Amend the resolution by replacing all after the resolving clause with the following:

That the general court of New Hampshire hereby urges the federal government to review Medicare policies and procedures to ensure that New Hampshire senior citizens retain all Medicare options. Specifically, the federal government should evaluate the Medicare environment in New Hampshire to ensure that:

- (a) Existing policies and procedures provide for citizens to have a choice of Medicare options;
- (b) Medicare reimbursement rates for physicians, hospitals, and home health care providers are sufficient to allow for access to needed care statewide and greater product choice in rural areas of the state;
- (c) Medicare premium rates for New Hampshire managed care products be set at a level that allows attractive benefit coverage to citizens;
- (d) Applications for Medicare insurance product introduction or expansions in New Hampshire receive high priority status by the federal government; and
- (e) Congress reviews the impact of the "Balanced Budget Act" of 1997 on the ability of Medicare health maintenance organizations and home health care providers to continue to operate in New Hampshire; and

That a copy of this resolution be forwarded by the house clerk to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and to each member of the New Hampshire delegation.

AMENDED ANALYSIS

This house concurrent resolution urges the federal government to review Medicare policies and procedures to ensure greater choice for Medicare eligible citizens throughout New Hampshire.

HJR 7, supporting the continued management of the White Mountain National Forest for multiple uses as a part of the National Forest System. OUGHT TO PASS

Rep. Richard P. Herman for State-Federal Relations and Veterans Affairs: All testimony offered was in favor of maintaining the current status. No organization or individual spoke in favor of changing the status. US Senator Judd Gregg does not support a change. The multiple uses of the forest would be severely curtailed by limited park uses, costly economical losses to NH towns by

clearing the harvesting of commercial lumber trees and town's taxes coming from that tax source. The committee was unanimously opposed to changing the status to a National Park, which would change the current uses of the forest area. Vote 14-0.

HB 560-FN, relative to the suspension or revocation of youth operators' licenses. RE-REFER TO COMMITTEE

Rep. Robert J. Letourneau for Transportation: This bill is an attempt to specify that a license held by a person under 20 years of age may not be suspended or revoked on account of non-moving violations, and that citations for moving violations given to such drivers must contain a warning message. A problem the committee faces is that there is not a "moving violation" statute in current law, and the state currently uses a point system for driver infractions. However, the Department of Safety is using an under 20 statute written before that system was put into place. The committee is working with the Department of Safety to correct problems that sometimes rise from this type of strict enforcement through a rules change. The committee would like to keep this bill over the summer to address any problems that may arise during these rule changes. Vote 16-0.

SB 35, establishing a study committee to investigate motor vehicle inspection requirements. IN-EXPEDIENT TO LEGISLATE

Rep. Peter R. Cote for Transportation: This session the House passed HB 676, which will increase fees for motor vehicle inspection stickers and establishes the position of motor vehicle inspectors. The inspectors' duties will be to insure that the New Hampshire inspection stations meet state requirements. HB 676 will meet the goals of this bill, therefore, SB 35 will not be needed. Vote 16-0.

SB 75, relative to out-of-state boats. OUGHT TO PASS WITH AMENDMENT

Rep. Gordon E. Bartlett for Transportation: This bill establishes a study committee to look at a possible permit system for out-of-state boats using some of our larger lakes. This system is used in other states to fund education of sewage discharge, graywater and other environmental protection agency issues. Vote 15-0.

Amendment (1012h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall:

I. Study the feasibility of a permit system for vessels registered in another state temporarily using the waters of New Hampshire. The study shall include, but not be limited to:

(a) The effect of a permit system on interstate agreements.

(b) The effect of a permit system on New Hampshire boaters temporarily using the waters of other states.

(c) The appropriate administering body for a permit system.

(d) The appropriateness of a fee for the permits, and whether a fee should be used to fund the enforcement of restrictions on the discharge of sewage and graywater from boats and to fund education programs on safety laws and wildlife protection for out-of-state boaters, in addition to funding the costs of administering the permit system.

II. Seek input from the department of environmental services, the fish and game department, the department of resources and economic development, the department of safety, the New Hampshire Marine Trades Association, and the New Hampshire Lakes Association.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the establishment of a permit system for vessels registered in another state temporarily using the waters of New Hampshire.

SB 138, relative to joint tenancy with rights of survivorship. OUGHT TO PASS

Rep. Robert J. Letourneau for Transportation: This bill denotes how individuals who are joint owners of an automobile can provide for rights of survivorship. Under current statute, if you are co-owner of an automobile and one or the other co-owner dies, the car will go into probate tying up the title, often for a long period of time. This bill would clarify the word "or" on titles. The words "and" & "or" define the rights of ownership and conveyance of property. When the word "and" is used, both signatures are needed to convey ownership. When the word "or" is used, either signature will define the right of ownership in life or death. Vote 16-0.

REGULAR CALENDAR – PART I

SB 56, amending the law relative to who may adopt. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Julie M. Brown for the Majority of Children and Family Law: This bill revises the current adoption law to allow a person over the age of 18 to be adopted by a non-biological parent providing the child, the biological parent, and any spouses, all concur. The testimony received demonstrated the value of the "Big Brother" "Big Sister" program in children's lives. Vote 12-2.

Rep. David A. Bickford for the Minority of Children and Family Law: This bill is for adults to adopt adults. The minority sees the only advantage of this bill is to avoid inheritance taxes. The bill could easily allow the loneliness of the elderly to be taken advantage of by adults looking for an inheritance.

Majority report adopted and ordered to third reading.

HB 450, prohibiting a prepayment penalty on a second mortgage home loan which has been in existence for 4 years. INEXPEDIENT TO LEGISLATE

Rep. Sheila T. Francoeur for Commerce: The committee, recognizing the growing importance and utilization of nondepository banks and licensees and concerned that the rights of the consumer be protected, voted to ITL this bill, but to incorporate prepayment penalties in a study committee of first and second mortgages under HB 451. Vote 15-1.

Adopted.

HB 451, relative to payments of first and second home mortgages. OUGHT TO PASS WITH AMENDMENT

Rep. Sheila T. Francoeur for Commerce: After extensive and frequently contradictory testimony relative to the computation of interest payment on first and second mortgages held by nondepository banks and licensees, (as defined in RSA 397-A and RSA 398-A), the committee amended the bill to create a chapter study committee. The committee felt this complicated subject required in-depth study of the various methods of interest calculations being used and if the consumer was adequately informed of the payment methods. It was of great concern to the committee that consumers were not aware of the consequences of deviating, by a couple of days, from the schedule of payments and; therefore, incurred penalties. The committee felt that this study should also include how prepayment penalties are applied under these RSAs. Vote 15-1.

Amendment (0856h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study first and second mortgage home loans.

Amend the bill by replacing all after the enacting clause with the following:

1 Committee Established. There is established a committee to study first and second mortgage home loans.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, at least 2 of whom shall be members of the commerce committee, appointed by the speaker of the house.

(b) Three members of the senate, at least 2 of whom shall be members of the banks committee, appointed by the president of the senate.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall review the provisions of RSA 397-A, relative to nondepository first mortgage bankers and brokers, and RSA 398-A, relative to second mortgage home loans, as they relate to the computation of interest payments on first and second mortgage home loans and prepayment penalties.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 1999.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes a committee to study first and second mortgage home loans.

Adopted.

Report adopted and ordered to third reading.

HB 647-FN, relative to health care providers and provider agreements with health insurers. INEXPEDIENT TO LEGISLATE

Rep. Keith R. Herman for Commerce: The bill, as introduced, would eliminate the rate of HMOs in delivering health insurance to New Hampshire citizens. There are components of the bill (gag clauses), which this House has already prohibited. While the committee is sensitive to the sponsor's concerns and does agree that there are real and perceived problems with managed care, the committee has re-referred two other HMO bills and has created two statutory study committees to look into the issues highlighted through this legislation. The committee simply does not need to re-refer this bill at this time. Vote 9-8.

Reps. Gilman, Martel and Sabella spoke against.

Rep. Fuller Clark spoke in favor.

Rep. Garrish spoke against and yielded to questions.

Rep. Hunt spoke in favor and yielded to questions.

Rep. Gilman requested a roll call; sufficiently seconded.

The question being the adoption of the report.

Rep. Hunt moved Re-refer to Committee.

Adopted.

SPECIAL ORDER

HB 487, relative to the adoption of bonds or notes in certain school districts and municipalities. OUGHT TO PASS WITH AMENDMENT

Rep. Iris Estabrook for Education: This bill, as amended, provides that a 3/5 majority vote shall be required, not the current 2/3, to adopt bonds or notes in school districts and municipalities which have adopted official ballot voting procedures, commonly known as SB 2. SB 2 has democratized the process by enfranchising all voters, resulting in expanded voter participation. Balloting in 1999 in SB 2 communities is significantly different from traditional meeting in 1895, when the 2/3 statute was enacted. In addition, data now show it to be twice as likely a bond will fail in a SB 2 district, as compared with those under traditional meeting format. The committee supports this modest change, to lessen the minority's ability, clearly magnified in SB 2 communities, to block the intent of the majority and its ability to address pressing facilities needs. The committee also supports the amendment, replacing the bill's original requirement of a simple majority with a 3/5 requirement, in order to retain the need for a super majority. Vote 17-2.

Amendment (0589h)

Amend RSA 33:8 as inserted by section I of the bill by replacing it with the following:

33:8 Town or District Bonds or Notes. Except as otherwise specifically provided by law, the issue of bonds or notes by any municipal corporation, except a city or a town which has adopted a charter pursuant to RSA 49-B, without a budgetary town meeting, *and except a school district or municipality which has adopted official ballot voting procedures pursuant to RSA 40:13* shall be authorized by a vote by ballot of 2/3, and the issue of tax anticipation notes, by a vote of a majority, of all the voters present and voting at an annual or special meeting of such corporation, called for the purpose. *The issue of notes or bonds by a school district or municipality which has adopted official ballot voting procedures pursuant to RSA 40:13 shall be authorized by a vote of 3/5.* No such action taken at any special meeting shall be valid unless a majority of all the legal voters are present and vote at such special meeting, unless the governing board of any municipality shall petition the superior court for permission to hold an emergency special meeting, which, if granted, shall give said special meeting the same authority as an annual meeting. The warrant for a special meeting shall be published once in a newspaper having a general circulation in the municipality within one week after the posting of such special meeting. The warrant for any such annual or special meeting shall be served or posted at least 14 days before the date of such special meeting. Every warrant shall be deemed to have been duly served or posted, if the return on the warrant shall so state, and it shall be certified by the officer or officers required to serve or post the same. All bonds or notes, authorized in accordance with this chapter, shall be signed by the governing board, or a majority of the governing board, and countersigned by the treasurer of the municipality, and shall have the corporate seal, if any, affixed to it. The discretion of fixing the date, maturities, denominations, the interest rate, or discount rate

in the case of notes, the place of payment, the form and other details of said bonds or notes and of providing for the sale of such bonds or notes, may be delegated to the governing board or to the treasurer and shall, to the extent provision therefor shall not have been made in the vote authorizing the same, be deemed to have been delegated to the governing board.

AMENDED ANALYSIS

This bill provides that a 3/5 majority vote shall be required to adopt bonds or notes in school districts and municipalities which have adopted official ballot voting procedures.
Rep. Philbrick requested a roll call; sufficiently seconded.
The question being the adoption of the amendment.

and the report was adopted.

Ordered to third reading.

Rep. Eaton voted Yea and intended to vote Nay.

RECESS

(Speaker Sytek in the Chair)

WITHOUT OBJECTION

Following the lunch recess, the Speaker called for consideration of the Consent Calendar – Part II, to be followed by the remainder of the Regular Calendar – Part I.

COMMITTEE REPORTS

CONSENT CALENDAR – PART II

Rep. Chandler moved that the Consent Calendar Part II with the relevant amendments as printed in the day's House Record be adopted.

Consent Calendar adopted.

HB 662-FN, relative to the duties of the liquor commission. RE-REFER TO COMMITTEE

Rep. Stephen G. Avery for Commerce: This bill would limit the Liquor Commission to certain restrictions as to how they do business. The committee is not yet ready in limiting the commission as they are doing a great job raising revenues for the State. There has been at least one incident in Portsmouth, which did raise some questions, and the committee would like to take some extra time to look at these issues. Vote 14-0.

HB 732, relative to nonpayment of member dues and fees and access to financial records of condominium associations. OUGHT TO PASS WITH AMENDMENT

Rep. Gene B. Marshall for Commerce: This bill amends the current law, which allows condominium owner associations to terminate common privileges and services, including parking, to owners who are seriously delinquent in payment of common assessments. This bill concerns some issues that arose in the implementation of the new law by adding due process protections. It also assures access of owners to all financial records of their condominium association. Vote 13-1.

Amendment (1133h)

Amend the bill by replacing section 2 with the following:

2 Termination of Common Privileges and Services. RSA 356-B:46, IX is repealed and reenacted to read as follows:

IX. Notwithstanding any law, rule or provision of the condominium declaration, bylaws or rules to the contrary, the unit owners' association may authorize pursuant to RSA 356-B, its board of directors to, after 30 days prior written notice to the unit owner and the unit owner's first mortgagee of nonpayment of common assessments, terminate the delinquent unit's common privileges and cease supplying any unit which is delinquent in payment of common assessments for a period of 3 months or a total of more than \$1,000, whichever is greater, with any and all services normally supplied or paid for by the unit owners' association. Where such services or privileges include use of, or access to a parking space, the board of directors may, upon application to a court of competent jurisdiction for an order authorizing same, cause any motor vehicle to be towed or

removed from such space at the delinquent unit owner's expense. The court shall issue an order pursuant to this section in accordance with the rules governing the issuance of a preliminary injunction. The court may consider all legal and equitable defenses of the delinquent unit owner and shall not issue an order without notice to said owner of the pending claim.

HB 706, relative to the definition of "sexual contact" under the sexual assault laws. **OUGHT TO PASS WITH AMENDMENT**

Rep. William V. Knowles for Criminal Justice and Public Safety: The definition of sexual contact is clarified in Section 1. Section 2 clarifies the fact that a person is guilty of aggravated felonious sexual assault without penetration when such person touches whether directly, through clothing, or otherwise, the genitalia of a person under the age of 13 under circumstances that can be reasonably construed as being for the purpose of sexual arousal or gratification. The remainder of the bill deals with the federal requirement of registration of criminal offenders. Added to the list of those required to register are those found guilty of incest, computer pornography, and using a computer to seduce, solicit, lure, or entice a child or another person believed by the person to be a child. Vote 13-0.

Amendment (0720h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of "sexual contact" under the sexual assault laws and relative to the registration of certain criminal offenders.

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions; Sexual Contact. Amend RSA 632-A:1, IV to read as follows:

IV. "Sexual contact" means the intentional touching *whether directly, through clothing, or otherwise*, of the victim's or actor's sexual or intimate parts, including breasts and buttocks[~~and the intentional touching of the victim's or actor's clothing covering the immediate area of the victim's or actor's sexual or intimate parts~~]. Sexual contact includes only that aforementioned conduct which can be reasonably construed as being for the purpose of sexual arousal or gratification.

2 Aggravated Felonious Sexual Assault. Amend RSA 632-A:2, II to read as follows:

II. A person is guilty of aggravated felonious sexual assault without penetration when he intentionally touches *whether directly, through clothing, or otherwise*, the genitalia of a person under the age of 13 under circumstances that can be reasonably construed as being for the purpose of sexual arousal or gratification.

3 Registration of Criminal Offenders; Definitions Amended. Amend RSA 651-B:1, V (a) and (b) to read as follows:

(a) Any of the following offenses, where the victim was under the age of 18 at the time of the offense, RSA 633:1, 633:2, 633:3, **639:2**, or 645:2; or

(b) RSA 169-B:41, II, 639:3, III, 649-A:3, **649-B:3**, **649-B:4** or 650:2, II; or

4 Registration of Criminal Offenders; Duration of Registration; Offenses Added. Amend RSA 651-B:6, I to read as follows:

I. Any sexual offender convicted of a violation or attempted violation of RSA 632-A:2 or 632-A:3, and any offender against children convicted of a violation or attempted violation of RSA 169-B:41, II, 633:1, 633:2, **639:2**, 639:3, III, 645:2, II, 649-A:3, I, **649-B:3**, **649-B:4**, or 650:2, II, or of an equivalent offense in an out-of-state jurisdiction, shall be registered for life.

5 Registration of Criminal Offenders; Duration of Registration; Multiple Offenses. Amend RSA 651-B:6, III to read as follows:

III. Notwithstanding the provisions of paragraph II, any sexual offender or offender against children who *has been convicted of more than one offense listed in RSA 651-B:1, III or RSA 651-B:1, V, or who* is sentenced to an extended term of imprisonment pursuant to RSA 651:6, I(b) shall be registered for life.

6 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds touching, whether directly, through clothing, or otherwise, to the definition of sexual contact and aggravated felonious sexual assault without penetration within RSA 632-A. This bill also adds the criminal offenses of incest and computer pornography and child exploitation to the criminal offenders registration statute.

HB 739, eliminating the restrictions on the number of days bingo volunteers may serve. **OUGHT TO PASS WITH AMENDMENT**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill, as introduced, repealed RSA 287-E:7, IV relative to restrictions on assisting in the conduct of bingo games or of Lucky 7 games. The committee felt that was too big a step to take and that a gradual lessening of the work restrictions was what was needed. The new amendment simply says that one may work these games no more than 2 times in any calendar week, which we specifically defined as Sunday through Saturday. Vote 16-0.

Amendment (1044h)

Amend the title of the bill by replacing it with the following:

AN ACT eliminating certain restrictions on the number of days bingo volunteers may serve.

Amend the bill by replacing section 1 with the following:

1 Bingo and Lucky 7 Volunteers; Restrictions on Number of Days Volunteers May Assist. Amend RSA 287-E:7, XIV to read as follows:

XIV. No person shall assist in the conduct of bingo games or of lucky 7, or any combination thereof, more than 2 times in one [7-day period, nor shall any such assists occur during the next 7 day period; no person shall assist in the conduct of bingo games or of lucky 7 on behalf of more than 2 licensed organizations in any calendar year. This paragraph shall not apply to any person who, on or before January 1, 1985, assisted at any licensed game in any commercial hall more than 2 days in one 7 day period] *calendar week, meaning Sunday through Saturday.*

AMENDED ANALYSIS

This bill limits the prohibitions on how frequently a volunteer may assist in the conduct of games of bingo or lucky 7 to no more than 2 times in one calendar week, meaning Sunday through Saturday. This bill also eliminates the exception for any person who, on or before January 1, 1985, assisted at any licensed game in any commercial hall more than 2 days in one 7 day period.

SB 30, relative to the cruelty to animals law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Everett A. Weare for Criminal Justice and Public Safety: This bill allows the animal control officer, law enforcement officer, or officer of a duly licensed humane society to take into temporary protective custody any animal where there is probable cause that the animal has been abused or neglected. It further set forth the procedures for the care and disposition of any animal taken into custody. It further requires a veterinarian be present when livestock are involved. The amendment deletes the requirement that the appointed veterinarian be the law enforcement officer for animals involved in pari-mutuel racing. The committee felt that pari-mutuel racing is presently regulated sufficiently to avoid any problems with animal abuse. Vote 16-0.

Amendment (1046h)

Amend RSA 644:8. IV-a as inserted by section 1 of the bill by deleting subparagraph (c):

AMENDED ANALYSIS

This bill eliminates the provision that a veterinarian be the enforcement officer to take a non-livestock domesticated animal into protective custody upon a finding of probable cause of cruelty to animals.

The bill requires the investigating officer be accompanied by a veterinarian licensed under RSA 332-B or the state veterinarian when taking an animal considered livestock into protective custody. The accompanying veterinarian shall set the probable cause criteria for taking the animal.

SB 121, requiring reports to the department of justice following certain DWI arrests and refusals to take alcohol concentration tests. **INEXPEDIENT TO LEGISLATE**

Rep. Andrew Christie, Jr. for Criminal Justice and Public Safety: This bill would require law enforcement officers to make reports to the attorney general following DWI arrests that do not result in charges being filed and also where someone takes or refuses a breath test where no charges are filed. Presently, the police must file a report with the attorney general when a DWI charge is reduced or dismissed. To also do it when someone is simply arrested for DWI but not charged would greatly add to the police workload. If a person passes the breath test and is released, there is no need to burden the department with the submission of a report. In those instances where too many

letters were going to the attorney general's office regarding the reduction of DWI charges, the attorney general contacted that police department and advised them to prosecute the cases, not reduce the charge. In another case where a person was arrested for DWI and the case never went forward, both police chiefs were forced to resign. The committee felt that the present statute was working just fine. Vote 14-0.

HB 613-FN-L, consolidating the pari-mutuel commission and sweepstakes commission into a gaming commission. RE-REFER TO COMMITTEE

Rep. Michael O'Neil for Executive Departments and Administration: This bill would combine and re-organize the pari-mutuel and sweepstakes commissions into a single gaming commission. Due to the uncertainty of the future of the gaming industry in New Hampshire, the committee believes it prudent to re-refer HB 613-FN in order to further investigate the impact of combining the two commissions into one at the present time. Vote 16-0.

HB 626-FN, relative to revising the laws regulating accountancy. OUGHT TO PASS WITH AMENDMENT

Rep. Howard C. Dickinson for Executive Departments and Administration: This bill, as amended, brings the State of New Hampshire into compliance with the Uniform Accountancy Act, model legislation developed jointly by the American Institute of Certified Public Accountants and the National Association of State Boards of Accountancy. Furthermore, the bill removes the prohibition against non-licensees who perform "general accounting services," i.e. bookkeeping, tax preparation and allows them to describe themselves as "accountants". All parties seemed to have reached an agreement on this bill. Vote 17-0.

Amendment (1131h)

Amend the bill by replacing section 1 with the following:

1 Accountancy Act. RSA 309-B is repealed and reenacted to read as follows:

CHAPTER 309-B

NEW HAMPSHIRE ACCOUNTANCY ACT

309-B:1 Citation. This chapter may be cited as the "Accountancy Act of 1999."

309-B:2 Purpose. It is the policy of the state of New Hampshire and the purpose of this chapter, to promote the reliability of information that is used for guidance in financial transactions or for accounting for or assessing the financial status or performance of commercial, noncommercial, and governmental enterprises. The public interest requires that persons professing special competence in accountancy or offering assurance as to the reliability or fairness of presentation of such information shall have demonstrated and maintained their qualifications to do so; that a public authority competent to prescribe and assess the qualifications and to regulate the professional conduct of licensees be established; and that the use of titles that are likely to mislead the public as to the status or competence of the persons using such titles be prohibited.

309-B:3 Definitions. In this chapter:

I.(a) "Attest" means providing the following financial statement services:

(1) Any audit or other engagement to be performed in accordance with the American Institute of Certified Public Accountants' Auditing Standards Board's Statements on Auditing Standards (SAS).

(2) Any review of a financial statement or compilation of a financial statement to be performed in accordance with the American Institute of Certified Public Accountants' Auditing Standards Board's Statements on Standards for Accounting and Review Services (SSARS).

(3) Any examination of prospective financial statements to be performed in accordance with the American Institute of Certified Public Accountants' Statements on Standards for Attestation Engagements (SSAE).

(b) The Statements on Standards specified in subparagraph (a)(1)-(3) above shall be adopted by reference by the board pursuant to rulemaking and shall be those developed for general application by recognized national accountancy organizations such as the American Institute of Certified Public Accountants.

II. "Board" means the New Hampshire board of accountancy established under RSA 309-B:4.

III. "Certificate" means a certificate as a certified public accountant issued under RSA 309-B:5 or corresponding provisions of prior law, or a corresponding certificate as certified public accountant issued after examination under the law of any other state.

IV. "CPA firm" means a sole proprietorship, a corporation, a partnership including a limited liability partnership, a limited liability company including a professional limited liability company, or any other legally authorized association issued a license under RSA 309-B:8.

V. "Financial Accounting Foundation" means the independently incorporated organization, the board of trustees of which consists of members of organizations having special knowledge of, and interest in, financial reporting, that is responsible for the oversight and funding for the Financial Accounting Standards Board and the Governmental Accounting Standards Board.

VI. "Financial Accounting Standards Board" or "FASB" means the designated organization formed by the Financial Accounting Foundation or its successor organization that establishes the standards of financial accounting and reporting for nongovernmental entities recognized by the United States Securities and Exchange Commission and the American Institute of Certified Public Accountants.

VII. "Governmental Accounting Standards Board" or "GASB" means the designated independent organization in the private sector or its successor organization that establishes the standards of financial accounting and reporting for state and local governmental entities recognized by the United States Securities and Exchange Commission and the American Institute of Certified Public Accountants.

VIII. "License" means a certificate issued under RSA 309-B:5, a permit issued under RSA 309-B:8 or a registration under RSA 309-B:9; or in each case, a certificate or permit issued under corresponding provisions of prior law.

IX. "Licensee" means the holder of a license as defined in RSA 309-B:3, VIII.

X. "Manager" means a manager of a professional limited liability company established under RSA 304-D or equivalent statute in another state.

XI. "Member" means a member of a professional limited liability company established under RSA 304-D or equivalent statute in another state.

XII. "Peer review" means a study, appraisal, or review of one or more aspects of the professional work of a person or firm that performs attest services, by a person or persons who hold certificates and who are not affiliated with the person or firm being reviewed.

XIII. "Permit" means a permit to practice as a CPA firm issued under RSA 309-B:8 or corresponding provisions of prior law, or under corresponding provisions of the laws of other states.

XIV. "Professional" means arising out of or related to the specialized knowledge or skills associated with certified public accountants.

XV. "Report," when used with reference to financial statements, means an opinion, report, or other form of language that states or implies assurance as to the reliability of any financial statements, and that also includes or is accompanied by any statement or implication that the person or firm issuing it has special knowledge or competence in accounting or auditing. Such a statement or implication of special knowledge or competence may arise from use by the issuer of the report of names or titles indicating that such person or firm is an accountant or auditor, or from the language of the report itself. The term "report" shall include any form of language which disclaims an opinion when such form of language is conventionally understood to imply any positive assurance as to the reliability of the financial statements referred to or special competence on the part of the person or firm issuing such language, and it shall include any other form of language that is conventionally understood to imply such assurance or such special knowledge or competence.

XVI. "Rule" means any rule adopted by the board under RSA 541-A.

XVII. "State" means any state of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and Guam; except that "this state" means the state of New Hampshire.

XVIII. "Substantial equivalency" is a determination by the board or its designee that the education, examination, and experience requirements contained in the statutes and administrative rules of another jurisdiction are comparable to or exceed the education, examination, and experience requirements contained in this chapter and rules relating thereto adopted under RSA 541-A, or that the individual certified public accountant's education, examination, and experience qualifications are comparable to or exceed the education, examination, and experience requirements contained in this chapter and rules relating thereto adopted under RSA 541-A.

XIX. "Uniform Accountancy Act" means the third edition of the model legislation developed jointly by the American Institute of Certified Public Accountants and the National Association of State Boards of Accountancy as published in 1998.

309-B:4 Board of Accountancy; Appointment; Disposition of Fees; Rulemaking.

I.(a) There is hereby created the New Hampshire board of accountancy, which shall have responsibility for the administration and enforcement of this chapter. The board shall consist of 5 members, all of whom shall be residents of this state appointed by the governor with the approval of council. Three members shall be holders of certificates under RSA 309-B:5 or corresponding provisions of prior law; one member shall be a public accountant who is a holder of a currently valid registration, and one member shall be a public member, who is not, and never was, a member of the accounting profession, or the spouse of such a person, but who has, or has had, professional or practical experience in the use of accounting services and financial statements so as to be qualified to make judgments about the qualifications and conduct of persons and firms subject to regulation under this chapter. The one position to be occupied by a public accountant shall instead be occupied by a public member after the number of public accountants holding currently valid public accountant registrations drops below 25.

(b) Members of the board shall serve staggered 5-year terms. Members serving terms of less than 5-years under prior law shall serve out such shorter terms. A vacancy occurring during a term shall be filled by appointment of the governor and approval of council for the unexpired portion of such term. Upon the expiration of a member's term, such member shall continue to serve until a successor shall have been appointed and taken office.

(c) No person who has served 2 successive complete terms shall be eligible for reappointment, but appointment to fill an unexpired term shall not be considered a complete term for this purpose. All terms of service under prior law shall be considered in determining the completion of 2 consecutive terms.

(d) Any member of the board whose certificate under RSA 309-B:5 or registration under RSA 309-B:9 of this chapter is revoked or suspended shall automatically cease to be a member of the board. A board member may be removed for cause by the governor and council under RSA 4:1.

II.(a) The board shall elect annually from among its members a chairperson, a secretary-treasurer, and such other officers as the board may deem appropriate.

(b) The board shall meet at such times and places as may be fixed by the board. Meetings of the board shall be open to the public except insofar as they are concerned with investigations under RSA 309-B:11 and except as may be necessary to protect information that is required to be kept confidential by board rules or by the laws of this state. A majority of the board members then in office shall constitute a quorum at any meeting duly called.

(c) The board shall have a seal which shall be judicially noticed.

(d) The board shall retain or arrange for the retention of all applications, all documents under oath that are filed with the board, and records of its proceedings. The board shall maintain a registry of the names and addresses of all licensees under this chapter. In any proceeding in court, civil or criminal, arising out of or founded upon any provision of this chapter, copies of any of the records certified as true copies under the seal of the board shall be admissible in evidence as tending to prove the contents of said records.

III.(a) Each member of the board shall be paid \$100 for each day or portion of a day spent in the discharge of official duties and shall be reimbursed for actual and necessary expenses incurred in the discharge of official duties.

(b) In addition to the amounts in subparagraph (a), the secretary-treasurer shall be compensated in an amount to be determined by the board, but not to exceed \$5,000.

IV. All moneys collected by the board from fees authorized under this chapter shall be received and accounted for by the board, shall be deposited in the state treasury to the credit of the board, and shall not lapse. Administration expenses shall be limited to the funds collected and may include, but shall not be limited to, the costs of conducting investigations and of taking testimony and procuring the attendance of witnesses before the board or its committees; all legal proceedings taken under this chapter for the enforcement of this chapter; and educational programs for the benefit of the public or licensees and their employees. All fees prescribed by the board under prior law shall remain in effect until the board shall prescribe a new schedule of fees pursuant to RSA 541-A.

V. The board shall file an annual report of its activities with the governor, the president of the senate, and the speaker of the house of representatives. The report shall include a statement of all receipts and disbursements and a listing of all current licensees under this chapter. The board shall mail a copy of the annual report to any person requesting it, upon payment of a reasonable charge.

VI. The board may employ an executive director, investigators, and such other personnel as it deems necessary for administration and enforcement under this chapter. It may appoint such committees or persons to advise or assist it in such administration and enforcement, as it may see fit. It may retain its own counsel to advise and assist it, in addition to such advice and assistance as is provided by the department of justice.

VII. The board shall have the power to take any action necessary and proper to carry out the purposes of this chapter, including the power to sue and be sued in its official name as an agency of this state; to issue subpoenas to compel the attendance of witnesses and the production of documents; and to administer oaths, to take testimony, to cooperate with the appropriate authorities in other states in investigations and enforcement concerning violations of this chapter and comparable laws of other states, and to receive evidence concerning all matters within its jurisdiction. In case of disobedience of a subpoena, the board may invoke the aid of any court of this state in requiring the attendance and testimony of witnesses and the production of documentary evidence. The board, its members, and its agents shall be immune from personal liability for actions taken in good faith in the discharge of the board's responsibilities, and the state shall hold the board, its members, and its agents harmless from all costs, damages, and attorneys' fees arising from claims and suits against them with respect to matters to which such immunity applies.

VIII. The board shall adopt rules, pursuant to RSA 541-A, governing its administration, the enforcement of this chapter and the conduct of licensees. Such rules shall include, but not be limited to:

- (a) Rules governing the board's meetings and conduct of its business.
- (b) Rules of procedure governing the conduct of investigations and hearings by the board.
- (c) Rules specifying the educational and experience qualifications required for all licensees, and the continuing professional education required for renewal of certificates or registrations.
- (d) Rules of professional conduct directed to controlling the quality and integrity of the practice of public accountancy by licensees, including, but not limited to, matters relating to independence, integrity, objectivity, competence, technical standards, responsibilities to the public, and responsibilities to clients.
- (e) Rules on substantial equivalency for implementation of RSA 309-B:6.
- (f) Rules governing the manner and circumstances of use of the titles "certified public accountant", "CPA," "public accountant" and "PA."
- (g) Rules regarding peer review as required under this chapter. Such rules shall include conduct and cost parameters to ensure that charges for the off-site peer review process are not excessive.
- (h) The establishment of all fees required under this chapter.
- (i) Such other rules as the board may deem necessary or appropriate for implementing the provisions and purposes of this chapter.

IX. In accordance with RSA 541-A, the board shall publish notice of such proposed action and shall, in addition, notify all licensees.

309-B:5 Qualifications for a Certificate as a Certified Public Accountant.

I. The certificate of "certified public accountant" shall be granted to persons of good character who meet the education, experience, and examination requirements of this section, who make application therefor pursuant to RSA 309-B:7, and who pay the fees prescribed by the board.

II. Good character for purposes of this section means the lack of a history of dishonest or felonious acts.

III. The education requirements for a certificate shall be as follows:

(a) Until January 1, 2005, a baccalaureate degree or its equivalent conferred by a college or university acceptable to the board, with an accounting concentration or equivalent as determined by board rule to be appropriate.

(b) After January 1, 2005, at least 150 semester hours of college education including a baccalaureate or higher degree conferred by a college or university acceptable to the board, the total educational program to include an accounting concentration or equivalent as determined by board

rule to be appropriate; provided however, that candidates for a certificate may sit for the examination described in paragraph IV if they have at least 120 semester hours of college education including a baccalaureate degree conferred by a college or university acceptable to the board, the total educational program to include an accounting concentration or equivalent as determined by board rule to be appropriate.

IV. The examination required to be passed as a condition for the granting of a certificate shall be held as often as the board may specify by rule, and shall test the applicant's knowledge of the subjects of accounting and auditing and such other related subjects as the board may specify by rule. The time for holding such examination shall be determined by the board and may be changed from time to time. The board shall prescribe by rule the methods of applying for and conducting the examination, including methods for grading papers and determining a passing grade required of an applicant for a certificate, provided, however, that the board shall, to the extent possible, see to it that the examination itself, the grading of the examination and the passing grades are uniform with those applicable in all other states. The board may make such use of all or any part of the Uniform Certified Public Accountant Examination and Advisory Grading Service of the American Institute of Certified Public Accountants, and may contract with third parties to perform such administrative services with respect to the examination as it deems appropriate to assist it in performing its duties under this section.

V. An applicant shall be required to pass all sections of the examination provided for in paragraph IV in order to qualify for a certificate. A passing grade for each section shall be 75. If, at a given sitting of the examination, an applicant passes 2 or more but not all sections, the applicant shall be given credit for those sections passed and need not sit for reexamination in those sections, provided that:

(a) At that sitting the applicant wrote all sections of the examination for which the applicant does not have credit;

(b) The applicant attained a minimum grade of 50 on each section not passed at that sitting;

(c) The applicant passes the remaining sections of the examination within 5 years of the examination at which the first sections were passed;

(d) At each subsequent sitting at which the applicant seeks to pass any additional sections, the applicant writes all sections for which the applicant does not have credit; and

(e) In order to receive credit for passing additional sections in any such subsequent sitting, the applicant attains a minimum grade of 50 on sections taken at that sitting.

VI. An applicant shall be given credit for any and all sections of an examination passed in another state if such credit would have been given, under applicable requirements at that time, had the applicant taken the examination in this state.

VII. The board may in particular cases waive or defer any of the requirements of paragraphs V and VI regarding the circumstances in which the various sections of the examination must be passed, upon a showing that, by reason of circumstances beyond the applicant's control, the applicant was unable to meet such requirement.

VIII. The board may charge, or provide for a third party administering the examination to charge, each applicant a fee in an amount prescribed by the board by rule, for each section of the examination or reexamination taken by the applicant.

IX. The experience requirement shall consist of public accounting experience in providing one or more kinds of services involving the use of accounting or auditing skills, including the issuance of reports on financial statements, or one or more kinds of management advisory, financial advisory, or consulting services, or the preparation of tax returns or the furnishing of advice on tax matters, or the equivalent, all of which was under the direction of a licensee in any state in practice as a certified public accountant or as a public accountant, or in any state in employment as a staff accountant by a certified public accountant or anyone practicing public accounting, or a combination of either of such types of experience and for the following periods of time:

(a) Two years for a candidate with a 4-year college degree, or the equivalent; or

(b) One year for a candidate holding a master's degree in accounting, taxation, finance, or business administration.

X. Experience obtained in the employment of a governmental agency for the periods of time provided in paragraph IX in the following areas shall be accepted by the board as qualifying experience under this section:

(a) In auditing the tax returns or books and accounts of nongovernmental entities in 3 or more distinct lines of commercial or industrial business in accordance with generally accepted auditing standards under the direction of a licensee; or

(b) In auditing the books and accounts or activities of 3 or more governmental agencies or distinct organizational units in accordance with generally accepted auditing standards under the direction of a licensee and reporting on their operations to a third party, to the Congress, or to a state legislature; or

(c) In reviewing financial statements and supporting material covering the financial condition and operations of nongovernmental entities engaged in 3 or more distinct lines of commercial or industrial business under the direction of a licensee to determine the reliability and fairness of the financial reporting and compliance with generally accepted accounting principles and applicable government regulations for the protection of investors and consumers.

XI. The board shall by rule prescribe other kinds of experience that meet the experience requirement, provided that minimum requirements shall include at least one year of experience in providing any type of service or advice involving the use of accounting, attest, management advisory, financial advisory, tax or consulting skills, all of which shall be under the general direction of a licensee or other appropriately qualified professional acceptable to the board.

309-B:6 Substantial Equivalency.

I. The practice rights, reciprocity and discipline for certificate holders and licensees from states whose accountancy statutes are substantially equivalent to the requirements set out in this chapter shall be governed by the following provisions:

(a) An individual whose principal place of business is not in this state and who has a valid certificate or license as a certified public accountant from any United States jurisdiction which the board has verified to be in substantial equivalence with the certified public accountant licensure requirements of this state, shall be presumed to have qualifications substantially equivalent to this state's requirements and shall have all rights and privileges of certificate holders and licensees of this state without the need to obtain a certificate under RSA 309-B:7 or a permit under RSA 309-B:8. However, such individuals shall notify the board of their intent to enter the state under this provision and pay any required fee.

(b) An individual whose principal place of business is not in this state and who has a valid certificate or license as a certified public accountant from any United States jurisdiction which the board has not verified to be in substantial equivalence with the certified public accountant licensure requirements of this state, shall be presumed to have qualifications substantially equivalent to this state's requirements and shall have all rights and privileges of certificate holders and licensees of this state without the need to obtain a certificate under RSA 309-B:7 or a permit under RSA 309-B:8 if such individual obtains from the board verification that such individual's certified public accountant qualifications are substantially equivalent to the certified public accountant licensure requirements of this state. However, such individuals shall notify the board of their intent to enter the state under this provision and pay any required fee.

II. As an alternative to the requirements of RSA 309-B:7, III, a certificate holder licensed by another state, before establishing a principal place of business in this state, shall request the issuance of a certificate from the board prior to establishing such principal place of business. The board shall issue a certificate to such person who meets the standards and requirements set out in subparagraph I(b) of this section.

III. A licensee of another state who satisfies all of the requirements specified in subparagraphs I(a) or (b) of this section shall comply with all applicable provisions of this chapter.

IV. A licensee of this state offering or rendering services or using this state's certified public accountant designation in another state shall be subject to disciplinary action in this state for an act committed in another state for which the licensee would be subject to discipline in the other state. Notwithstanding RSA 309-B:11, I, the board shall be required to investigate any complaint made by the board of accountancy of another state.

V. Any licensee of another state exercising the privileges afforded under subparagraph I(a) or I(b) of this section hereby consents, as a condition of the grant of this privilege, to:

(a) The personal and subject matter jurisdiction of the board;

(b) Comply with this chapter and the rules of the board, including payment of any fees the board may assess such licensees;

(c) The appointment of the out-of-state board of accountancy which issued their license as their agent upon whom process may be served in any action or proceeding by this board against the licensee.

309-B:7 Issuance and Renewal of Certificates; Maintenance of Competency.

I. The board shall grant or renew certificates to persons who make application and demonstrate that their qualifications, including where applicable the qualifications prescribed by RSA 309-B:5, are in accordance with the requirements of this section, or that they are eligible for licensure under the substantial equivalency standards set out in RSA 309-B:6. The holder of a certificate issued under this section may provide attest services as defined in RSA 309-B:3, I(a) only in a CPA firm that holds a permit issued under RSA 309-B:8.

II. Certificates shall be initially issued, and renewed, for periods of not more than 3 years. Annual periods shall coincide with the state's fiscal year, beginning on July 1 and ending on the subsequent June 30. Applications for such certificates shall be made in such form, and in the case of applications for renewal, between such dates, as the board shall by rule specify. A certificate shall remain valid for the period of time that the board requires to act on the application for renewal, provided that the renewal was submitted in accordance with the rules adopted by the board. The board shall grant or deny any application no later than 90 days after the application is filed in proper form. In any case where the applicant seeks the opportunity to show that issuance or renewal of a certificate was mistakenly denied, or where the board is not able to determine whether it should be granted or denied, the board may issue to the applicant a provisional certificate, which shall expire 90 days after its issuance or when the board determines whether or not to issue or renew the certificate for which application was made, whichever shall first occur.

III. With regard to applicants that are not eligible for reciprocity under the substantial equivalency standard set out in RSA 309-B:6, I(b), the board shall issue a certificate to a holder of a certificate, license, or permit issued by another state upon a showing that:

(a) The applicant passed the examination required for issuance of the applicant's certificate with grades that would have been passing grades at the time in this state;

(b) The applicant had at least 4 years of experience outside of this state of the type described in RSA 309-B:5 or meets equivalent requirements prescribed by the board by rule, after passing the examination upon which the applicant's certificate was based and within the 10 years immediately preceding the application;

(c) If the applicant's certificate, license, or permit was issued more than one year prior to the application for issuance of an initial certificate under this section, that the applicant has fulfilled the requirements of continuing professional education that would have been applicable under paragraph IV of this section.

IV. The board may charge a fee to any licensee of another state exercising the privileges afforded under this section, in accordance with rules adopted by the board.

V. Persons requesting issuance of certificates under paragraph IV of this section shall in their request list all states in which they have applied for or hold certificates, or licenses, and list any past denial, revocation, or suspension of a certificate or license and shall notify the board, in writing, within 30 days after its occurrence, of any issuance, denial, revocation, or suspension of a certificate or license by another state.

VI. An application under this section may be made through any qualification service that the board may approve by rule.

VII. For renewal of a certificate under this section each licensee shall participate in a program of learning designed to insure continuing professional competence. The requirements established by the board shall specify any reasonable approach to meeting this requirement, including but not limited to, the setting of hours, the setting of fees, and the conducting of random audits of reports submitted to the board. The approach to meeting this requirement specified by the board shall be comparable to guidelines specified in the Statement on Standards for Continuing Professional Education (CPE) Programs jointly approved by the National Association of State Boards of Accountancy (NASBA) and the American Institute of Certified Public Accountants (AICPA). The board may by rule create an exception to this requirement for licensees who do not perform or offer to perform for the public one or more kinds of services involving the use of accounting or auditing skills, including issuance of reports on financial statements or of one or more kinds of management advisory, financial advisory or consulting services, or the preparation of tax returns or the

furnishing of advice on tax matters. Licensees granted such an exception by the board shall place the word "inactive" adjacent to their CPA title or PA title on any business card, letterhead, or any other document or device, with the exception of their CPA certificate or PA registration, on which the CPA or PA title appears.

VIII. The board shall charge a fee for each application for initial issuance or renewal of a certificate under this section in an amount prescribed by the board by rule.

IX. Applicants for initial issuance or renewal of certificates under this section shall in their applications list all states in which they have applied for or hold certificates, licenses, or permits and list any past denial, revocation, or suspension of a certificate, license, or permit, and each holder of or applicant for a certificate under this section shall notify the board in writing, within 30 days after its occurrence, of any issuance, denial, revocation, or suspension of a certificate, license, or permit by another state.

X. The board shall issue a certificate to a holder of a substantially equivalent foreign designation, granted in a foreign country, provided that:

(a) The foreign authority which granted the designation makes similar provision to allow a person who holds a valid certificate issued by this state to obtain such foreign authority's comparable designation; and

(b) The foreign designation:

(1) Was duly issued by a foreign authority that regulates the practice of public accountancy and the foreign designation has not expired or been revoked or suspended;

(2) Entitles the holder to issue reports upon financial statements; and

(3) Was issued upon the basis of educational, examination, and experience requirements established by the foreign authority or by law; and

(c) The applicant:

(1) Received the designation, based on educational and examination standards substantially equivalent to those in effect in this state, at the time the foreign designation was granted;

(2) Completed an experience requirement, substantially equivalent to the requirement set out in RSA 309-B:5, IX, in the jurisdiction which granted the foreign designation or has completed at least 4 years of professional experience in this state; or meets equivalent requirements prescribed by the board by rule, within the 10 years immediately preceding the application; and

(3) Passed a uniform qualifying examination in national standards acceptable to the board.

XI. An applicant under paragraph X shall in the application list all jurisdictions, foreign and domestic, in which the applicant has applied for or holds a designation to practice public accountancy, and each holder of a certificate issued under this paragraph shall notify the board in writing, within 30 days after its occurrence, of any issuance, denial, revocation, or suspension of a designation or commencement of a disciplinary or enforcement action by any jurisdiction.

XII. The board has the sole authority to interpret the application of the provisions of paragraphs X and XI.

309-B:8 Firm Permits to Practice; Attest Experience and Peer Review.

I. The board shall grant or renew permits to practice as a CPA firm to entities that make application and demonstrate their qualifications therefor in accordance with the requirements of this section or to CPA firms originally licensed in another state that establish an office in this state. A firm shall hold a permit issued under this section in order to provide attest services or to use the designation "CPAs" or "CPA firm."

II. Permits shall be initially issued and renewed for periods of not more than 3 years. Annual periods shall coincide with the state's fiscal year, beginning on July 1 and ending on the subsequent June 30. Applications for such permits shall be made in such form and in the case of applications for renewal, between such dates, as the board shall by rule specify. A permit shall remain valid for the period of time that the board requires to act on the application for renewal, provided that the renewal was submitted in accordance with the rules adopted by the board. The board shall grant or deny any application no later than 90 days after the application is filed in proper form. In any case where the applicant seeks the opportunity to show that issuance or renewal of a permit was mistakenly denied or where the board is not able to determine whether it should be granted or denied, the board may issue to the applicant a provisional permit, which shall expire 90 days after its issuance or when the board determines whether or not to issue or renew the permit for which application was made, whichever shall first occur.

III. An applicant for initial issuance or renewal of a permit to practice under this section shall be required to show that:

(a) Notwithstanding any other provision of law, a 2/3 majority of the ownership of the firm, in terms of financial interests and voting rights of all partners, officers, shareholders, members or managers, belongs to holders of a certificate who are licensed in some state of the United States and such partners, officers, shareholders, members, or managers, whose principal place of business is in this state, and who perform professional services in this state, hold a valid certificate issued under RSA 309-B:5 or the corresponding provisions of prior law or are public accountants licensed under RSA 309-B:9. Firms may include non-licensee owners but the firm and its ownership shall comply with rules adopted by the board. For firms of public accountants, at least a 2/3 majority of the ownership of the firm, in terms of financial interests and voting rights, shall belong to holders of registration under RSA 309-B:9.

(b) Any CPA or PA firm may include non-licensee owners provided that:

(1) The firm designates a licensee of this state, who is responsible for the proper registration of the firm and identifies that individual to the board.

(2) All non-licensee owners are active individual participants in the CPA or PA firm or affiliated entities.

(3) The firm complies with such other requirements as the board may impose by rule.
